SECTION 1. A new section to chapter 54-52.1 of the North Dakota Century Code is created and enacted as follows:

Coverage of autism services.

 - a. "Applied behavior analysis" has the same meaning as "practice of applied behavior analysis" as defined under section 43-32-01.
 - b. "Autism spectrum disorder" means any of the pervasive developmental disorders or autism spectrum disorders as defined by the "Diagnostic and Statistical Manual of Mental Disorders," American psychiatric association, fifth edition (2013) or a more recent version as identified by the board or as defined by the edition in effect at the time of diagnosis.
 - c. "Behavioral health treatment" means a counseling or treatment program, including applied behavior analysis, that is:
 - (1) Necessary to develop, maintain, or restore, to the maximum extent practicable, the functioning of an individual; and
 - (2) Provided or supervised by a licensed behavior analyst or psychologist.
 - d. "Diagnosis of autism spectrum disorder" means any medically necessary assessment, evaluation, or test to diagnose whether an individual has an autism spectrum disorder.
 - e. "Pharmacy care" means a medication prescribed by an individual authorized to prescribe such a medication and any health-related service deemed medically necessary to determine the need or effectiveness of the medication.
 - f. "Psychiatric care" means a direct or consultative service provided by a psychiatrist licensed in the state in which the psychiatrist practices.

- g. "Psychological care" means a direct or consultative service provided by a psychologist licensed in the state in which the psychologist practices.
