  - a. The maximum amount of income that a taxpayer may exempt from tax under this subsection for any taxable year is five hundred thousand dollars. The limitation in this subdivision applies to the sum of the exempt income derived from the taxpayer's business and investment interests in all zone projects.
  - b. If a zone project consists of a physical expansion of an existing building owned and used by the taxpayer for business or investment purposes, the amount of income exempt from tax under this subsection is limited to an amount equal to the income derived from the business, or from the investment use of the building, during the taxable year multiplied by a ratio equal to the square footage added by the expansion divided by the total square footage of the building after expansion.
