1 A BILL for an Act to amend and reenact section 57-40.6-02 and subsection 1 of section
2 57-40.6-14 of the North Dakota Century Code, relating to the assessed communications service
3 fee and the prepaid wireless emergency 911 fee.

4 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

5 **SECTION 1. AMENDMENT.** Section 57-40.6-02 of the North Dakota Century Code is
6 amended and reenacted as follows:

7 **57-40.6-02. Authority of counties or cities to impose fee on assessed**
8 **communications service - Procedure.**

9 The governing body of a county or city may impose a fee on all assessed communications
10 services a fee of two dollars per month per communication connection in accordance with the
11 following requirements:

12 1. ~~The governing body shall adopt a resolution that proposes the adoption of the fee~~
13 ~~permitted under this section. The resolution must specify an effective date for the fee~~
14 ~~which is no more than two years before the expected implementation date of the~~
15 ~~emergency services communication system to be funded by the fee. The resolution~~
16 ~~must include a provision for submitting the proposed fee to the electors of the county~~
17 ~~or city before the imposition of the fee is effective. The resolution must specify a fee~~
18 ~~that does not exceed one dollar and fifty cents per month per communication~~
19 ~~connection and must be applied equally upon all assessed communications~~
20 ~~services~~Fifty cents per communication connection must be dedicated to the political
21 subdivision obligation to the statewide interoperability radio network and remitted to
22 the governing joint powers entity established under chapter 54-40.3 for the specific
23 purpose of implementing a statewide interoperability radio network. Those funds must
24 be expended in a manner consistent with the recommendations of the statewide

1 interoperability executive committee. Prepaid wireless service is not subject to the fee
2 imposed under this section.

3 2. ~~The question of the adoption of the fee must be submitted on a petition on which the~~
4 ~~petition title of the proposition includes the maximum monthly rate of the proposed fee~~
5 ~~authorized under subsection 1. The question of the adoption of the fee may be~~
6 ~~submitted to electors at a general, primary, or special election or at a school district~~
7 ~~election if the boundaries of the school district are coterminous with the boundaries of~~
8 ~~the governing body adopting the resolution proposing the adoption of the fee. The fee~~
9 ~~is not effective unless it is approved by a majority of the electors voting on the~~
10 ~~proposition. The ballot must be worded so that a "yes" vote authorizes imposition of~~
11 ~~the fee.~~

12 3. ~~Once established by this section, the maximum fee may be increased, decreased, or~~
13 ~~eliminated by a majority vote of the electors. The question may be placed on the ballot~~
14 ~~of any general, primary, or special election by a resolution of the governing body, or by~~
15 ~~a petition signed by ten percent or more of the total number of qualified electors of the~~
16 ~~political subdivision voting for governor at the most recent gubernatorial election and~~
17 ~~submitted to the governing body. By action of the governing body, the fee amount~~
18 ~~collected may be adjusted, subject to the maximum approved by the voters, to meet~~
19 ~~the costs allowed by this chapter.~~

20 4. In any geographic area, only one political subdivision may impose the fee and
21 imposition must be based on the subscriber service address.

22 5.3. In the interest of public safety, where the subscriber's telephone exchange access
23 service boundary and the boundary of the political subdivision imposing the fee do not
24 coincide, and where all of the political subdivisions within the subscriber's telephone
25 exchange access service boundary have not complied with subsection 1, and where a
26 majority of the subscribers within the subscriber's telephone exchange access service
27 boundary have voted for the fee, a telephone exchange access service subscriber
28 whose subscriber service address is outside the political subdivision may receive 911
29 services by signing a contract agreement with the political subdivision providing the
30 emergency services communication system. The telephone exchange access service
31 provider may collect an additional fee, equal in amount to the basic fee on those

1 subscribers within the exchange boundary. The additional fee amounts collected must
2 be remitted as provided in this chapter.

3 ~~6. A fee imposed under this section before August 1, 2007, on telephone exchange~~
4 ~~access service is extended to all assessed communications services and will remain in~~
5 ~~effect until changed pursuant to subsection 3.~~

7 Century Code is amended and reenacted as follows:
