24 amended and reenacted as follows:

25           **61-24.8-13. Hearing - Notice - Contents.**

- 26           1. Upon the filing of the engineer's report provided for in section 61-24.8-09, and after  
27 satisfying the requirements of section 61-24.8-10, the board shall fix a date and place  
28 for public hearing on the proposed project, except when the conditions under  
29 subsection 2 are met. The place of hearing must be in the vicinity of the proposed  
30 project and must be convenient and accessible for the majority of the landowners  
31 subject to assessment for the project or whose property is subject to condemnation for

1 the proposed project. The board may appoint a hearing officer or a committee of the  
2 board to conduct the hearing. The board shall cause a complete list of the benefits and  
3 assessments to be made, setting forth each lot, piece, or parcel of land assessed, the  
4 amount each is benefited by the improvement, and the amount assessed against  
5 each. At least fourteen days before the hearing, the board shall file with the county  
6 auditor of each county in which the project is or will be located the list showing the  
7 percentage assessment and approximate assessment in dollars against each parcel of  
8 land benefited by the proposed project. Notices of the hearing must contain the time  
9 and place where the board will conduct the hearing. The notice of hearing must  
10 specify when and where votes concerning the proposed project may be filed and  
11 contain an assessment list showing the percentage assessment and approximate  
12 assessment in dollars against each parcel of land benefited by the proposed project.  
13 The board shall cause the notice of hearing to be published once a week for two  
14 consecutive weeks in newspapers of general circulation in the area in which the  
15 affected landowners reside and in the official county newspaper of each county in  
16 which the benefited lands are located. The date set for the hearing may not be fewer  
17 than fourteen days after the first publication of the notice. A record of the hearing must  
18 be made by the board, including a list of affected landowners present in person or by  
19 agent, and the record must be preserved in the minutes of the meeting. Affected  
20 landowners to be assessed must be informed at the hearing of the probable total cost  
21 of the project and their individual share of the cost and the portion of their property, if  
22 any, to be condemned for the project.

- 23 2. A public hearing is not required if the board provides written notice to each affected  
24 landowner setting forth the probable total cost of the project, the landowner's share of  
25 the project cost, the portion of the landowner's property, if any, to be condemned for  
26 the project, and when and where votes concerning the proposed project may be filed.  
27 If the written notice is given to each affected landowner, the assessment list for the  
28 proposed project need not be filed with the county auditor of each county in which the  
29 project is located.

30 **SECTION 5. AMENDMENT.** Section 61-24.8-14 of the North Dakota Century Code is  
31 amended and reenacted as follows:

1           **61-24.8-14. Voting on proposed projects.**

2           At the hearing or in the written notice, the affected landowners must be informed when and  
3 where votes concerning the proposed project may be filed. Affected landowners to be assessed  
4 have thirty days after the date of the hearing or thirty days after the date of mailing the notice to  
5 file their votes with the secretary of the district. Once the deadline for filing votes has been  
6 reached, no more votes may be filed and no person may withdraw a vote. Any withdrawal of a  
7 vote concerning the proposed project before that time must be in writing. When the votes have  
8 been filed and the deadline for filing votes has passed, the board shall immediately determine  
9 whether the project is approved. If the board finds that one hundred percent of the total votes  
10 filed are for the proposed project, then the vote constitutes an affirmation of the project and the  
11 board shall issue an order establishing the proposed project and may proceed, after complying  
12 with the requirements of sections 61-24.8-17 and 61-24.8-18, to contract or provide for the  
13 construction or maintenance of the project in substantially the manner and according to the  
14 forms and procedure provided in section 61-24.8-41. The board may enter any agreement with  
15 any federal or state agency under the terms of which the contract for the project is to be let by  
16 the federal agency, the state agency, or a combination thereof. In projects where there is an  
17 agreement that a party other than the board will let the contract, the board may dispense with all  
18 of the requirements of section 61-24.8-41. Upon making an order establishing or denying  
19 establishment of a project, the board shall publish notice of the order in a newspaper of general  
20 circulation in the area in which the affected landowners reside and in the official county  
21 newspaper of each county in which the benefited lands are located. No publication is required if  
22 the board provides written notice of the order establishing or denying establishment of a project  
23 to each affected landowner. Any right of appeal begins to run on the date of publication or  
24 mailing of the notice.

25           **SECTION 6. AMENDMENT.** Section 61-24.8-16 of the North Dakota Century Code is  
26 amended and reenacted as follows:

27           **61-24.8-16. Assessment of cost of project.**

28           When the board proposes to make any special assessment under this chapter, the board or  
29 its agent, before the hearing or the mailing of written notice required under section 61-24.8-13,  
30 shall inspect any and all lots and parcels of land that may be subject to assessment and shall  
31 determine from the inspection the particular lots and parcels of lands which, in the opinion of the

1 board, will be directly benefited by the construction of the work for which the assessment is  
2 made and shall assess the proportion of the total cost of acquiring right of way and constructing  
3 and maintaining such improvement in accordance with direct benefits received but not  
4 exceeding such benefits against any lot, piece, or parcel of land that is directly benefited by the  
5 improvement. Property belonging to the United States is exempt from assessment unless the  
6 United States has provided for the payment of any assessment that may be levied against its  
7 property for benefits received. There must be attached to the list of assessments a certificate  
8 signed by the chairman and certified by the secretary that it is a true and correct assessment of  
9 the benefit described to the best of their judgment and stating the several items of expense  
10 included in the assessment.

11 **SECTION 7. AMENDMENT.** Section 61-24.8-17 of the North Dakota Century Code is  
12 amended and reenacted as follows:

13 **61-24.8-17. Assessment list to be published - Notice of hearing - Alteration of**  
14 **assessments - Confirmation of assessment list - Filing.**

15 After entering an order establishing the project, the board shall cause the assessment list to  
16 be published once each week for two successive weeks in the official county newspaper of  
17 each county in which the benefited lands are located and in local newspapers of general  
18 circulation in the area of the affected lands. The publication must include a notice of the time  
19 and place the board will meet to hear objections to any assessment by any interested party or  
20 an agent or attorney for that party. Publication of the assessment list is not required if the board  
21 mails the assessment list and the time and place of the hearing to each affected landowner. The  
22 date set for the hearing must be not less than fourteen days after the mailing or first publication  
23 of the notice. At the hearing, the board may make such alterations in the assessments as in its  
24 opinion may be just and necessary to correct any error in the assessment but must make the  
25 aggregate of all assessments equal to the total amount required to pay the entire cost of the  
26 work for which the assessments are made or the part of the cost to be paid by special  
27 assessment. An assessment may not exceed the benefit as determined by the board to the  
28 parcel of land assessed. The hearing is not required if the board receives written consent from  
29 each affected landowner to the levy of assessments. The board then shall confirm the  
30 assessment list and the secretary shall attach to the list a certificate that it is correct as  
31 confirmed by the board. The list must be filed in the office of the district secretary.
