- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

HB 1317 requires any legacy fund earnings transferred to the general fund at the end of a biennium be immediately transferred to the tax relief fund, but not in an amount that would bring the balance of the tax relief fund to more than the total appropriations from that fund for the next biennium.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Section 1 of HB 1317 outlines legislative intent as it relates to the constitutional transfer of earnings from the legacy fund to the general fund. It specifies that any legacy fund earnings transferred into the general fund would be transferred immediately to the tax relief fund, but not in an amount that would bring the balance of the tax relief fund to more than the total appropriations from the tax relief fund for the subsequent biennium.

The exact impact of this would be based on 1) the amount of legacy fund earnings transferred 2) the balance of the tax relief fund, and 3) the appropriations approved from the tax relief fund by the 2019 and subsequent legislative assemblies. Currently, there would be no fiscal impact as the balance of the tax relief fund is \$300M and there are no appropriations from the tax relief fund in statute for the 2019-2021 biennium.
