SECTION 6. AMENDMENT. Section 54-52.6-02 of the North Dakota Century Code is amended and reenacted as follows:

54-52.6-02. Election.

1. The board shall provide an opportunity for each eligible employee who is first employed before January 1, 2020, and who is a member of the public employees retirement system on September 30, 2001, and who has not made a written election under this section by June 30, 2020, to transfer to the defined contribution retirement plan before October 1, 2001, to elect in writing to terminate membership in the public employees retirement system and elect to become a participating member under this chapter. Except as provided in section 54-52.6-03, an election made by an
Sixty-sixth
Legislative Assembly

eligible employee under this section is irrevocable. The board shall accept written
elections under this section from eligible employees during the period beginning on
July 1, 1999, and ending 12:01 a.m. December 14, 2001. An eligible employee who
does not make a written election or who does not file the election during the period
specified in this section continues to be a member of the public employees retirement-
system. An eligible employee who makes and files a written election transfers to the
derived contribution plan under this section ceases to be a member of the public
employees retirement system effective twelve midnight December 31, 2001 and;
becomes a participating member in the defined contribution retirement plan under this
chapter effective 12:01 a.m. January 1, 2002; and waives all of that
person's individual's rights to a pension, annuity, retirement allowance, insurance
benefit, or any other benefit under the public employees retirement system effective-
December 31, 2001. This section does not affect a person's individual's right to
health benefits or retiree health benefits under chapter 54-52.1. An eligible employee
who is first employed and entered upon the payroll of that person's individual's
employer after September 30, 2001, may make an election to participate in the
defined contribution retirement plan established under this chapter at any time during
the first six months after the date of employment. If the board, in its sole discretion,
determines that the employee was not adequately notified of the employee's option to
participate in the defined contribution retirement plan, the board may provide the
employee a reasonable time within which to make that election, which may extend
beyond the original six-month decision window period beginning July 1, 2020, and
ending 5:00 p.m. December 30, 2020.

2. If an individual who is a deferred member of the public employees retirement system
on September 30, 2004 December 31, 2019, is re-employed and by virtue of that
employment is again eligible for membership in the public employees retirement
system under chapter 54-52, the individual may elect in writing to remain a member of
the public employees retirement system or if eligible to participate in the defined
contribution retirement plan established under this chapter to terminate membership in
the public employees retirement system and become a participating member in the
defined contribution retirement plan established under this chapter. An election made
by a deferred member under this section is irrevocable. The board shall accept written
elections under this section from a deferred member during the period beginning on
the date of the individual's re-employment and ending upon the expiration of six
months after the date of that re-employment. If the board, in its sole discretion,
determines that the employee was not adequately notified of the employee's option to
participate in the defined contribution retirement plan, the board may provide the
employee a reasonable time within which to make that election, which may extend
beyond the original six-month decision window. A deferred member who makes and
files a written election to remain a member of the public employees retirement system
retains all rights and is subject to all conditions as a member of that retirement system.
A deferred member who does not make a written election or who does not file the
election during the period specified in this section continues to be a member of the
public employees retirement system. A deferred member who makes and files a
written election to terminate membership in the public employees retirement system
ceases to be a member of the public employees retirement system effective on the
last day of the payroll period that includes the date of the election; becomes a
participating member in the defined contribution retirement plan under this chapter
effective the first day of the payroll immediately following the date of the election; and
waives all of that person's individual's rights to a pension, an annuity, a retirement
allowance, insurance benefit, or any other benefit under the public employees
retirement system effective the last day of the payroll that includes the date of the
election. This section does not affect any right to health benefits or retiree health
benefits to which the deferred member may otherwise be entitled.

3. An eligible employee who elects to participate in the retirement plan established under
this chapter must remain a participant even if that employee returns to the classified
service or becomes employed by a political subdivision that participates in the public
employees retirement system. The contribution amount must be as provided in this
chapter, regardless of the position in which the employee is employed.
Notwithstanding the irrevocability provisions of this chapter, if a member who elects to
participate in the retirement plan established under this chapter becomes a supreme
or district court judge, becomes a member of the highway patrol, becomes employed
in a position subject to teachers’ fund for retirement membership, or becomes an employee of the board of higher education or state institution under the jurisdiction of the board who is eligible to participate in an alternative retirement program established under subsection 6 of section 15-10-17, the member's status as a member of the defined contribution retirement plan is suspended, and the member becomes a new member of the retirement plan for which that member's new position is eligible. The member's account balance remains in the defined contribution retirement plan, but no new contributions may be made to that account. The member's service credit and salary history that were forfeited as a result of the member's transfer to the defined contribution retirement plan remain forfeited, and service credit accumulation in the new retirement plan begins from the first day of employment in the new position. If the member later returns to employment that is eligible for the defined contribution plan, the member's suspension must be terminated, the member again becomes a member of the defined contribution retirement plan, and the member's account resumes accepting contributions. At the member's option, and pursuant to rules adopted by the board, the member may transfer any available balance as determined by the provisions of the alternate retirement plan into the member's account under this chapter.

4. After consultation with its actuary, the board shall determine the method by which a participating member or deferred member may make a written election under this section. If the participating member or deferred member is married at the time of the election, the election is not effective unless the election is signed by the individual's spouse. However, the board may waive this requirement if the spouse's signature cannot be obtained because of extenuating circumstances.

5. If the board receives notification from the internal revenue service that this section or any portion of this section will cause the public employees retirement system or the retirement plan established under this chapter to be disqualified for tax purposes under the Internal Revenue Code, then the portion that will cause the disqualification does not apply.

6. A participating member who becomes a temporary employee may still participate in the defined contribution retirement plan upon filing an election with the board within
one hundred eighty days of transferring to temporary employee status. The participating member may not become a member of the defined benefit plan as a temporary employee. The temporary employee electing to participate in the defined contribution retirement plan shall pay monthly to the fund an amount equal to eight fourteen and twelve-hundredths percent times the temporary employee's present monthly salary. The amount required to be paid by a temporary employee increases by two percent times the temporary employee's present monthly salary beginning with the monthly reporting period of January 2012, and with an additional increase of two percent, beginning with the monthly reporting period of January 2013, and with an additional increase of two percent, beginning with the monthly reporting period of January 2014. The temporary employee shall also pay the required monthly contribution to the retiree health benefit fund established under section 54-52.1-03.2. This contribution must be recorded as a member contribution pursuant to section 54-52.1-03.2. An employer may not pay the temporary employee's contributions. A temporary employee may continue to participate as a temporary employee until termination of employment or reclassification of the temporary employee as a permanent employee.

7. A former participating member who has accepted a retirement distribution pursuant to section 54-52.6-13 and who subsequently becomes employed by an entity different from the employer with which the member was employed at the time the member retired but which does participate in any state-sponsored retirement plan may, before re-enrolling in the defined contribution retirement plan, elect to permanently waive future participation in the defined contribution retirement plan, whatever plan in which the new employing entity participates, and the retiree health program and maintain that member's retirement status. Neither the member nor the employer are required to make any future retirement contributions on behalf of that employee.

SECTION 7. Section 54-52.6-02.1 of the North Dakota Century Code is created and enacted as follows:

54-52.6-02.1. Membership.

1. All eligible employees are participating members.
2. Within one hundred eighty days of beginning employment, a temporary employee may elect to participate in the defined contribution retirement plan under this chapter. The temporary employee electing to participate in the defined contribution retirement plan shall pay monthly to the fund an amount equal to fourteen and twelve-hundredths percent times the temporary employee's present monthly salary. The temporary employee also shall pay the required monthly contribution of the retiree health benefit fund established under section 54-52.1-03.2. This contribution must be recorded as a member contribution pursuant to section 54-52.1-03.2. An employer may not pay the temporary employee's contributions. A temporary employee may continue to participate as a temporary employee in the public employees retirement system until termination of employment.

SECTION 8. AMENDMENT. Section 54-52.6-03 of the North Dakota Century Code is amended and reenacted as follows:

54-52.6-03. Transfer of accumulated fund balances.

For an individual who elects to terminate membership in the public employees retirement system under chapter 54-52, the board shall transfer a lump sum amount from the retirement fund to the participating member's account in the defined contribution retirement plan under this chapter. However, if the individual terminates employment prior to receiving the lump sum transfer under this section, the election made under section 54-52.6-02 is ineffective and the individual remains a member of the public employees retirement system under chapter 54-52 and retains all the rights and benefits provided under that chapter. The board shall calculate the amount to be transferred for persons employed before October 1, 2001, using the two following formulas, and shall transfer the greater of the two amounts obtained:

1. The actuarial present value of the individual's accumulated benefit obligation under the public employees retirement system based on the assumption that the individual will retire under the earliest applicable normal retirement age, plus interest from January 1, 2001, to the date of transfer, at the rate of one-half of one percent less than the actuarial interest assumption at the time of the election; or

2. The actual employer contribution made, less vested employer contributions made pursuant to section 54-52-11.1, plus compound interest at the rate of one-half of one
Sixty-sixth
Legislative Assembly

percent less than the actuarial interest assumption at the time of the election plus the
employee account balance.

The board shall calculate the amount to be transferred for persons employed after
September 30, 2001, using only the formula contained in subsection 2.

SECTION 9. AMENDMENT. Section 54-52.6-10 of the North Dakota Century Code is
amended and reenacted as follows:

54-52.6-10. Vesting.

1. A participating member is immediately one hundred percent vested in that member's
collections made to that member's account under this chapter. A participating
member vests one hundred percent vested in the employer contributions made on
that member's behalf to an account under this chapter according to the following
schedule:

4. Upon completion of two years of service, fifty percent.

2. Upon completion of three years of service, seventy-five percent.

3. Upon completion of four years of service, one hundred percent.

2. A participating member also becomes one hundred percent vested in the employer
contributions upon reaching age sixty-five.

3. A participating member who was a member or deferred member of the public
employees retirement system under chapter 54-52 who makes an election to
participate in the defined contribution retirement plan pursuant to this chapter must be
credited with the years of service accrued under the public employees retirement
system on the effective date of participation in the defined contribution retirement plan
for the purpose of meeting vesting requirements for benefits under this section.

4. Any forfeiture as a result of the failure of a participating member to vest in the
employer contribution must be deposited in the administrative expenses account.

SECTION 10. PUBLIC EMPLOYEES RETIREMENT SYSTEM - ESTIMATE OF

ACCUMULATED BALANCE TRANSFER. For the period beginning January 1, 2020, and
ending June 30, 2021, upon the request of an individual who is eligible for termination of
membership in the public employees retirement system under chapter 54-52 as provided for in
subsection 1 of section 54-52.6-02, the public employees retirement system shall estimate the
individual's accumulated balance transfer amount by calculating the actuarial present value of
Sixty-sixth  
Legislative Assembly  

1 the individual's accumulated benefit obligation under the public employees retirement system  
2 based on the assumption that the individual will retire under the earliest applicable normal  
3 retirement age.  

4 **SECTION 11. EFFECTIVE DATE.** Sections 2 through 9 of this Act become effective  

6 **SECTION 12. CONTINGENT EXPIRATION DATE.** Section 1 of this Act is effective until the  
7 executive director of the public employees retirement system certifies to the state treasurer and  
8 to the employee benefits programs committee that the actuarial valuation of the public  
9 employees retirement system main system shows a ratio of the actuarial value of assets to the  
10 actuarial accrued liability of the public employees retirement system main system that is equal  
11 to or greater than ninety-five percent, and after that date is ineffective.
