4. The maximum credit that may be earned under this section in a taxable year is thirty thousand dollars for an individual, or sixty thousand dollars for married individuals filing a joint return. 7. North Dakota taxable income must be increased by the amount of the charitable contribution upon which the credit under this section is computed but only to the extent the contribution reduced federal taxable income in any year.

8. The aggregate amount of credits allowed for contributions under this section may not exceed two million five hundred thousand dollars per year. The credit must be allowed to taxpayers in the chronological order of their contributions to a qualified university.

9. A qualified university that is:

   a. A four-year institution with a full-time equivalent annual enrollment of more than ten thousand students is limited to receiving no more than three million dollars of contributions over all taxable years for purposes of qualifying for the credit.

   c. A two-year institution with a full-time equivalent annual enrollment of ten thousand students or fewer is limited to receiving no more than five hundred thousand dollars of contributions over all taxable years for purposes of qualifying for the credit.

10. Within thirty days after the date on which a taxpayer makes a contribution to the qualified university, the university shall file with each contributing taxpayer, and a copy with the tax commissioner, completed forms that show as to each contribution to the qualified university by that taxpayer the following:
a. The name, address, and social security number or federal employer identification number of the taxpayer that made the contribution;

b. The dollar amount contributed to the qualified university; and

c. The date the contribution was received by the qualified university.

11. A taxpayer shall claim the credit on the taxpayer's state income tax return in the form and manner prescribed by the tax commissioner and file with the return a copy of the form issued by the qualified university under subsection 10.

12. A passthrough entity making a contribution to a qualified university under this section is considered to be the taxpayer for purposes of this section, and the amount of the credit allowed must be determined at the passthrough entity level. The amount of the total credit determined at the entity level must be passed through to the partners, shareholders, or members in proportion to their respective interests in the passthrough entity.

13. The state board of higher education shall approve the use of all funds received by a qualified university pursuant to this section.

SECTION 4. A new subdivision to subsection 7 of section 57-38-30.3 of the North Dakota Century Code is created and enacted as follows:

Income tax credit for contributions to a qualified university under section 3 of this Act (effective for the first two taxable years beginning after December 31, 2016).

SECTION 5. CANCELLATION OF APPROPRIATION AUTHORITY. Prior to August first of each year, the tax commissioner shall certify to the office of management and budget the amount of credits claimed during the preceding state fiscal year under section 3 of this Act which apply to contributions to each qualified university. The director of the office of management and budget shall cancel the portion of the current biennium general fund appropriations authority for each qualified university equal to the amount of credits claimed during the preceding fiscal year for contributions to the qualified university.

SECTION 6. LEGISLATIVE MANAGEMENT REPORT. During the 2017-18 interim, the state board of higher education shall provide a report to the legislative management regarding tax credits claimed for contributions to qualified universities, including the amount of tax credits claimed for contributions to each university and the use of funds by each university.

As part of a proposed compassion center's initial application, the applicant shall provide to the department a current copy of the applicant's bylaws or operating agreement. Upon receipt of a registration certificate, a compassion center shall maintain the bylaws or operating agreement in accordance with this chapter. In addition to any other requirements, the bylaws or operating agreement must include the ownership or management structure of the compassion center; the composition of the board of directors, board of governors, member-managers, or managers; and provisions relative to the disposition of revenues and earnings.

1. The department shall maintain a confidential list of cardholders and each cardholder's address, phone number, and registry identification number.

2. The department shall establish a secure verification system. The verification system must allow law enforcement personnel, health care providers, pharmacists, compassion centers, and compassion center agents twenty-four-hour access to enter a registry identification number to determine whether the number corresponds with a current valid registry identification card. The system may disclose:
   a. Whether an identification card is valid;

   c. Whether the cardholder is a registered qualifying patient, registered designated caregiver, or registered compassion center agent;

2. A registered designated caregiver is not subject to arrest or prosecution or the denial of any right or privilege, including a civil penalty or
disciplinary action by a court or occupational or professional regulating entity:

a. For assisting a registered qualifying patient with the acquisition, use, or possession of usable marijuana or related supplies under this chapter, if the registered designated caregiver is connected to the registered qualifying patient through the department's registration process.

b. For receiving compensation for costs associated with assisting a registered qualifying patient with the acquisition, use, or possession of usable marijuana or related supplies under this chapter, if the registered designated caregiver is connected to the registered qualifying patient through the department's registration process.

3. It is presumed a registered qualifying patient is engaged in, or a registered designated caregiver is assisting with, the acquisition, use, or possession of usable marijuana or related supplies in accordance with this chapter if the registered qualifying patient or registered designated caregiver is in possession of a valid registry identification card and is not in possession of usable marijuana in an amount that exceeds what is authorized under this chapter. This presumption may be rebutted by evidence the conduct related to acquisition, use, or possession of usable marijuana or related supplies was not for the purpose of treating or alleviating the registered qualifying patient's debilitating medical condition under this chapter.

4. A person is not subject to arrest or prosecution or the denial of any right or privilege, including a civil penalty or disciplinary action by a court or occupational or professional regulating entity, for being in the presence or vicinity of the medical use of marijuana authorized under this chapter.

7. A registered compassion center agent is not subject to arrest or prosecution or the denial of any right or privilege, including a civil penalty or disciplinary action by a court or occupational or professional regulating entity, for working or volunteering for a compassion center if the action performed by the compassion center agent on behalf of the compassion center is authorized under this chapter.

8. The sale and possession of marijuana paraphernalia by a dispensary is lawful if in accordance with this chapter.
9. The medical use of marijuana by a registered cardholder or the producing and processing and the dispensing of usable marijuana by a compassion center is lawful if in accordance with this chapter.

10. A health care provider is not subject to arrest or prosecution or the denial of any right or privilege, including a civil penalty or disciplinary action by a court or occupational or professional regulating entity, solely for providing a written certification or for otherwise stating in the health care provider’s professional opinion a patient is likely to receive therapeutic or palliative benefit from the medical use of usable marijuana to treat or alleviate the patient’s debilitating medical condition or for refusing to provide written certification or a statement. This chapter does not release a health care provider from the duty to exercise a professional standard of care for evaluating or treating a patient’s medical condition.

11. A cardholder or registered compassion center is not subject to arrest or prosecution for use of drug paraphernalia or possession with intent to use drug paraphernalia in a manner consistent with this chapter.

3. Undertaking any activity prohibited by section 23-12-09, 23-12-10, 23-12-10.2, 23-12-10.4, 23-12-10.5, or 23-12-11.

4. Using a combustible delivery form of usable marijuana or vaporizing usable marijuana under this chapter if the smoke or vapor would be inhaled by a minor who is not the registered qualifying patient for whom the usable marijuana is intended.

5. Operating, navigating, or being in actual physical control of a motor vehicle, aircraft, train, or motorboat, while under the influence of marijuana. However, a registered qualifying patient may not be considered to be under the influence of marijuana solely because of the

1. This chapter does not require:

   a. A government medical assistance program or private insurer to reimburse a person for costs associated with the medical use of marijuana;

   b. A person in lawful possession of property to allow a guest, client, customer, or other visitor to possess or consume usable marijuana on or in that property;

   d. Consumption of usable marijuana is limited to a place specified by the facility.

2. A facility listed in subsection 1 may not unreasonably limit a registered qualifying patient's medical use of marijuana as authorized under this chapter unless failing to do so would cause the facility to lose a monetary or licensing-related benefit under federal law or regulations.

1. The health council shall adopt rules as necessary for the implementation and administration of this chapter, including transportation and storage of marijuana and usable marijuana, advertising, packaging and labeling, standards for testing facilities, inventory management, and accurate record keeping.

3. The health council shall adopt rules to establish requirements for reporting incidents of individuals not authorized to possess marijuana or usable marijuana under this chapter and who are found in possession of

4. The health council shall adopt rules to establish requirements for law enforcement officials and health care professionals to report to the department incidents involving overdose or adverse reaction related to the use of usable marijuana.

3. Upon a cardholder’s written request, the department may confirm the cardholder’s status as a registered qualifying patient or a registered designated caregiver to a third party, such as a landlord, school, medical professional, or court.

4. Data submitted to a local government to demonstrate compliance with any security requirements required by local zoning ordinances or regulations is confidential.

SENATE AMENDMENTS TO ENGROSSED HOUSE BILL NO. 1216

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to amend and reenact section 53-06.1-01, subsection 4 of section 53-06.1-01.1, subsection 1 of section 53-06.1-06, subsection 5 of section 53-06.1-11, and section 53-06.1-14 of the North Dakota Century Code, relating to the use of electronic pull tabs and electronic pull tab devices.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 53-06.1-01 of the North Dakota Century Code is amended and reenacted as follows:

53-06.1-01. Definitions.

As used in this chapter:

2. "Charitable organization" means an organization whose primary purpose is for relief of poor, distressed, underprivileged, diseased, elderly, or
abused persons, prevention of cruelty to children or animals, or similar condition of public concern.

3. "Civic and service organization" means an organization whose primary purpose is to promote the common good and social welfare of a community as a sertoma, lion, rotary, jaycee, kiwanis, or similar organization.

4. "Closely related organization" means an organization that controls, is controlled by, or is under common control with another organization. Control exists when an organization has the authority or ability to elect, appoint, or remove a majority of the officers or directors of another organization or, by policy, contract, or otherwise, has the authority or ability to directly or indirectly direct or cause the direction of the management or policies of another organization.

5. "Distributor" means a person that sells, markets, or distributes equipment designed for use in the conduct of games.

6. "Educational organization" means a nonprofit public or private elementary or secondary school, two-year or four-year college, or university.

7. "Electronic pull tab device" means a device, approved by the attorney general, which electronically displays pull tabs.

8. "Eligible organization" means a veterans, charitable, educational, religious, fraternal, civic and service, public safety, or public-spirited organization domiciled in North Dakota or authorized by the secretary of state as a foreign corporation under chapter 10-33, incorporated as a nonprofit organization, and which has been regularly and actively fulfilling its primary purpose within this state during the two immediately preceding years. However, an educational organization does not need to be incorporated or be in existence for two years. An organization's primary purpose may not involve the conduct of games. The organization may be issued a license by the attorney general. For purposes of this section, a foreign corporation authorized under chapter 10-33 is not an eligible organization unless authorized to conduct a raffle under chapter 20.1-04 or 20.1-08 and may not conduct a game other than a raffle under chapter 20.1-04 or 20.1-08.

8-9. "Fraternal organization" means an organization, except a school fraternity, which is a branch, lodge, or chapter of a national or state organization and exists for the common business, brotherhood, or other interests of its members. The organization must have qualified for exemption from federal income tax under section 501(c)(8) or 501(c)(10) of the Internal Revenue Code.

40-11. "Gross proceeds" means all cash and checks received from conducting games.

41-12. "Licensed organization" means an eligible organization licensed by the attorney general.

42-13. "Manufacturer" means, for a pull tab or bingo card, a person who designs, prints, assembles, or produces the product. For a pull tab or bingo card dispensing device or bingo card marking device, a manufacturer means the person who directly controls and manages development of and owns the rights to the proprietary software encoded on a processing chip that enables the device to operate.

43-14. "Net income" means gross proceeds less cash prizes, cost of merchandise prizes, and expenses to conduct the gaming activity.
14.15. "Net proceeds" means adjusted gross proceeds less allowable expenses and gaming tax.

15.16. "Permit" means a local permit or charity local permit issued by a governing body of a city or county to a nonprofit organization or group of people domiciled in North Dakota.

16.17. "Person" means any person, partnership, corporation, limited liability company, association, or organization.

17.18. "Prize board" means a board used with pull tabs to award cash or merchandise prizes.

18.19. "Public safety organization" means an organization whose primary purpose is to provide firefighting, ambulance service, crime prevention, or similar emergency assistance.

19.20. "Public-spirited organization" means an organization whose primary purpose is for scientific research, amateur sports competition, safety, literary, arts, preservation of cultural heritage, educational activities, educational public service, youth, economic development, tourism, community medical care, community recreation, or similar organization, which does not meet the definition of any other type of eligible organization. However, a nonprofit organization or a group of people recognized as a public-spirited organization by a governing body of a city or county for obtaining a permit does not need to meet this definition.

20.21. "Pull tab" means a folded or banded ticket or jar ticket, a pull tab card with break-open tabs, or an electronic pull tab displaying concealed numbers or symbols or combinations of concealed numbers and symbols which are exposed by a player to determine the outcome. The terms "pull tab" and "jar ticket" are used interchangeably unless otherwise stated. A winning pull tab contains certain symbols, numbers, or combinations of symbols and numbers and may contain multiple winning symbols, numbers, or combinations of symbols and numbers which have been previously designated as winning symbols or numbers.

21.22. "Religious organization" means a church, body of communicants, or group gathered in common membership whose primary purpose is for advancement of religion, mutual support and edification in piety, worship, and religious observances.

22.23. The organization must have qualified for exemption from federal income tax under section 501(c)(19) of the Internal Revenue Code.

SECTION 2. AMENDMENT. Subsection 4 of section 53-06.1-01.1 of the North Dakota Century Code is amended and reenacted as follows:

4. The commission shall adopt rules in accordance with chapter 28-32, to administer and regulate the gaming industry, including methods of conduct, play, and promotion of games; minimum procedures and standards for recordkeeping and internal control; requiring tax returns and reports from organizations or distributors; methods of competition and doing business by distributors and manufacturers; acquisition and use of gaming equipment; quality standards or specifications for the manufacture of pull tabs, paper bingo cards, electronic pull tab devices, pull tab and bingo card dispensing devices, and bingo card marking devices; to ensure that net proceeds are used for educational, charitable, patriotic, fraternal, religious, or public-spirited uses; to protect and promote the public interest; to ensure fair and honest games; to ensure

1. No person, except a member, volunteer, an employee of a licensed organization or an organization that has a permit, or an employee of a temporary employment agency who provides services to a licensed organization, may manage, control, or conduct any game. "Member" includes a member of an auxiliary organization. In conducting pull tabs, prize boards, or bingo through a dispensing device, selling pull tabs through a pull tab device, selling raffle tickets, or conducting sports pools, the attorney general may allow an employee of an alcoholic beverage establishment to provide limited assistance to an organization.

SECTION 4. AMENDMENT. Subsection 5 of section 53-06.1-11 of the North Dakota Century Code is amended and reenacted as follows:

For each twenty-one table with a wager greater than five dollars, an additional amount up to one hundred dollars may be added to the monthly rent. If pull tabs is also conducted involving only a jar bar, the monthly rent for pull tabs may not exceed an additional one hundred seventy-five dollars. If pull tabs is conducted involving only a dispensing device, electronic pull tab device, or both a jar bar and dispensing device or electronic pull tab device, the monthly rent for pull tabs may not exceed an additional three hundred twenty-five dollars.

b. If twenty-one and paddlewheels are not conducted but pull tabs is conducted involving either a jar bar or dispensing device, or the electronic pull tab device, or any combination, the monthly rent may not exceed four hundred dollars.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 61-16-08 of the North Dakota Century Code is amended and reenacted as follows:

61-16-08. Eligibility for appointment to board - Term of office - Removal - Filling vacancies - Compensation of managers.

1. When a water resource district has been created, any resident landowner in the district, except a county commissioner, is eligible, subject to the provisions of this section, for appointment to the water resource board. After June 30, 1985, when the term of office of a district manager has expired, the manager's successor shall hold office for three years from the first day of January next following the date of the successor's appointment. The term of office of a manager does not terminate until the successor in office is appointed and qualified. In case the office of any district manager becomes vacant, the manager appointed to fill the vacancy shall serve the unexpired term of the manager whose office
became vacant. Within three months after the start of an individual's term as a district manager, the individual shall attend a course on water management, and each district manager shall attend a course on water management every three years during the manager's term.

2. Each member of a water resource board shall receive the sum of at least seventy-five dollars but not more than one hundred thirty-five dollars per day while performing duties as a member of the board, and an allowance for meals and lodging expenses at the same rate and under the same conditions as provided for state officials and employees. The allowance for travel expenses shall be at the same rate as provided by section 11-10-15 and shall be evidenced by a subvoucher or receipt as provided by section 21-05-01.

3. A manager may be removed from the board by the board of county commissioners after it appears to the board of county commissioners by competent evidence, and after a public hearing, if so requested by the manager subject to removal, at which hearing the manager must be apprised of and allowed ample opportunity to repudiate the evidence, that the manager has been guilty of misconduct, malfeasance, crime in office, neglect of duty in office, habitual drunkenness, gross incompetency, or inability to perform the duties of office for reasons of health.

SECTION 2. AMENDMENT. Section 61-32-03.1 of the North Dakota Century Code is amended and reenacted as follows:

61-32-03.1. Permit to drain subsurface waters required - Permit form - Penalty.

1. a. Installation of an artificial subsurface drainage system comprising eighty acres [32.37 hectares] of land area or more requires a permit. The watershed area drained by a subsurface water management system may not be used to determine whether the system requires a permit under this section.

b. Subsurface water management systems that use surface intakes must be permitted exclusively under this section if the system will have a drainage coefficient of three-eighths of an inch [0.95 centimeters] or less. Subsurface water management systems that use surface intakes must be permitted exclusively under section 61-32-03 if the system will have a drainage coefficient exceeding three-eighths of an inch [0.95 centimeters].

c. Installation of a subsurface water management system comprising less than eighty acres [32.37 hectares] of land area does not require a permit.

2. a. The state engineer shall develop an application form for a permit for subsurface drainage of water required under this section. A person seeking to construct an artificial subsurface drainage system under this section shall submit an application to the water resource district within which is found a majority of the land area for consideration and approval. Water resource districts may attach any necessary conditions to an approved permit, but may not deny an application unless the water resource district determines the application is of statewide significance or the proposed drainage will flood or adversely affect lands of downstream landowners within one mile [1.61 kilometers] of the proposed subsurface drainage. The water resource district shall charge permit applicants a fee up to one hundred fifty dollars. Water resource districts shall forward copies of all approved permits to the state engineer. Water resource districts shall determine if the application proposes drainage of statewide significance. If so, the application must be...
referred to the state engineer for consideration and approval, and the state engineer shall make a determination within thirty days. The permit applicant shall provide a thirty-day notice to downstream property owners within one mile [1.61 kilometers] of the proposed subsurface drainage. If an investigation by a water resource district or a downstream landowner within one mile [1.61 kilometers] shows that the proposed drainage will flood or adversely affect lands of downstream landowners within one mile [1.61 kilometers], the water resource district may require flowage easements before issuing a permit. If an artificial subsurface drainage system drains into an assessment drain, natural watercourse, or pond, slough, or lake, a flowage easement is not required. Flowage easements must be filed for record in the office of the recorder of the county or counties in which the lands are situated. A person that installs an artificial subsurface drainage system without first securing a permit to do so, as provided in this section, is liable for all damage sustained by a person caused by the draining, and is guilty of an infraction.

b. Upon submission of a completed application for a permit, the water resource district board immediately shall give notice and a copy of the submission via certified mail to each owner of land within one mile [1.61 kilometers] downstream of the proposed subsurface water management system outlet unless the distance to the nearest assessment drain, natural watercourse, slough, or lake is less than one mile [1.61 kilometers], in which case notice and a copy of the submission must be given immediately to each owner of land between the outlet and the nearest assessment drain, natural watercourse, slough, or lake. The notice requirement in this section must be waived if the applicant presents signed, notarized letters of approval from all downstream landowners entitled to notice in this subsection.

3. a. If the water resource board receives notarized letters of approval from all downstream landowners entitled to notice, the board shall approve the completed permit application as soon as practicable but no later than thirty days after receipt of the last letter. Otherwise, the water resource board shall review the completed application at its next meeting that is at least thirty days after receipt of the application. The board shall consider any written, technical evidence provided by the applicant or a landowner notified under subsection 2 addressing whether the land of a notified landowner will be flooded or unreasonably harmed by the proposed subsurface water management system. For purposes of this section “technical evidence” means written information regarding the proposed subsurface water management system, prepared after consideration of the design and physical aspects of the proposed system, and any adverse hydraulic effects, including erosion, flood duration, crop loss, and downstream water control device operation impacts, which may occur to land owned by a landowner provided under subsection 2. Technical evidence must be submitted to the permit applicant, notified landowners, and the board within thirty days of the receipt of the completed permit application by the board. A notified landowner may not object to the proposed system unless the landowner presents technical evidence under this subsection.

b. If the board finds, based on technical evidence, the proposed subsurface water management system will flood or unreasonably harm lands of a landowner notified under subsection 2, the board may require the applicant to obtain a notarized letter of approval before issuing a permit for the system. The board may not require a letter of approval for any land downstream of a system that outlets into an assessment drain, natural watercourse, or pond, slough, or lake if notified landowners did not provide technical evidence to the district.
c. A water resource district may attach reasonable conditions to an approved permit for a subsurface water management system that outlets directly into a legal assessment drain or public highway right of way. For purposes of this subsection, "reasonable conditions" means conditions that address the outlet location, proper erosion control, reseeding of disturbed areas, installation of riprap or other ditch stabilization, and conditions that require all work to be done in a neat and professional manner. Any condition to locate the project a minimum distance from rural water supply lines may not extend beyond an existing easement for lines, or no greater than twenty feet [6.1 meters] from either side of the water line if the rural water line was installed under a blanket easement.

d. A water resource district may require a subsurface water management system granted a permit under this section to incorporate a control structure at the outlet into the design of the system and may require the control structure be closed during critical flood periods.

e. A water resource district board may not deny a completed permit application under this section unless the board determines, based on technical evidence submitted by a landowner notified under subsection 2, the proposed water management system will flood or unreasonably harm land of a notified landowner, and a notarized letter of approval required by the board has not been obtained by the applicant. For purposes of this section, "unreasonable harm" is limited to hydraulic impacts, including erosion or other adverse impacts that degrade the physical integrity of a roadway or real property within one mile [1.61 kilometers] downstream of the system's outlet. The board shall include a written explanation of the reasons for a denial of a completed application and notify, by certified mail, the applicant and all landowners notified under subsection 2 of the approval or denial.

f. The board may not deny a permit more than sixty days after receipt of the completed application for the permit. If the board fails to deny the permit application within sixty days of receipt, the permit application is deemed approved.

4. A denial of a completed permit application by a water resource district board may be appealed, under section 28-34-01, to the district court of the county in which the permit application was filed. The court may approve a completed permit application denied by a water resource district board or the state engineer if the application meets the requirements of this section.

5. A water resource district board may not be held liable to any person for issuing a permit under this section.

6. A person that installs a subsurface water management system requiring a permit under this section without first securing the permit is liable for all damages sustained by a person caused by the subsurface water management system.

7. A person that installs a subsurface water management system requiring a permit under this section without first securing the permit is guilty of an infraction.

SECTION 3. LEGISLATIVE MANAGEMENT STUDY - NUTRIENT MANAGEMENT PLAN. During the 2017-18 interim, the legislative management shall consider studying and monitoring the nutrient management plan developed by the state department of health. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-sixth legislative assembly.
SECTION 4. EMERGENCY. This Act is declared to be an emergency measure."
