compiling the information from reports received under this subsection.

7. Within thirty days after the end of each fiscal year ended June thirtieth,
each school district that has received an allocation under this section
shall file a report for the fiscal year ended June thirtieth with the
commissioner, in a format prescribed by the commissioner, including:

a. The school district's statement of revenue and expenditures;

**SECTION 14. DEPARTMENT OF TRUST LANDS - WILLISTON AIRPORT
FUNDING REPAYMENTS - DEPOSIT.** The city of Williston shall use the proceeds
from the sale of the existing Williston airport, excluding any proceeds used to repay
the Bank of North Dakota for outstanding loans related to the new airport, for
repaying the department of trust lands up to $27,500,000 for a portion of the state's
financial assistance provided for the new Williston airport. The department of trust
lands shall deposit any funds received under this section in the strategic investment
and improvements fund.
SECTION 15. LEGISLATIVE INTENT - HUB CITY BONDING. It is the intent of the sixty-fifth legislative assembly that during the period beginning July 1, 2017, and ending June 30, 2019, hub cities, as defined in section 57-51-01, not issue any new bonds based on anticipated future hub city oil tax revenue allocations under section 57-51-01.

SECTION 16. LEGISLATIVE INTENT - AGENCY EFFICIENCIES. It is the intent of the sixty-fifth legislative assembly that during the 2017-18 interim, the governor and the commissioner of university and school lands achieve efficiencies and budgetary savings within the department of trust lands through the use of innovative ideas and through alternative solutions relating to information technology.

SECTION 17. LEGISLATIVE INTENT - ENCOURAGEMENT OF ENERGY INFRASTRUCTURE INVESTMENT - COMMISSIONER OF UNIVERSITY AND SCHOOL LANDS - USE OF TERMS. It is the intent of the sixty-fifth legislative assembly that the state of North Dakota encourage the continued development of energy infrastructure that will help reduce instances of natural gas flaring and increase the market value received for oil and gas produced within the state generally and from state-owned lands specifically which will increase the value of royalties paid to the funds under the control of the board of university and school lands. Consistent with this intent, the commissioner of university and school lands shall continue to interpret the terms "gross production," "market value," and "gross proceeds of sale" in its lease form to mean a value determined at the producing well or associated production facility, or in the surrounding field or area, where the oil and gas was produced, before any post-production activities undertaken by the lessee, operator, or purchaser after the oil and gas has been transported from the producing well and associated production facility. These values must be determined by the amount received by the lessee in an arm's length contract, or in the absence of an arm's length contract, either a comparable sales method or a work-back calculation methodology consistent with state law.

SECTION 18. LEGISLATIVE MANAGEMENT STUDY - OIL AND GAS TAX REVENUE ALLOCATIONS TO HUB CITIES AND HUB CITY SCHOOL DISTRICTS.

1. During the 2017-18 interim, the legislative management shall consider studying oil and gas tax revenue allocations to hub cities and hub city school districts. The study must include consideration of the following:

   a. The current and historical oil and gas tax revenue allocations to hub cities and hub city school districts.

   b. Other state funding provided to hub cities and hub city school districts, including grants from the oil and gas impact grant fund, distributions from the strategic investment and improvements fund, state school aid payments, and payments from the state aid distribution fund and highway tax distribution fund.

   c. Local taxing and revenue levels in hub cities compared to cities in non-oil-producing counties, including mill levies, property tax values, local sales and use taxes, and other revenue sources.

   d. The appropriate level of oil and gas tax revenue allocations to hub cities and hub city school districts based on infrastructure and other needs.

   e. The estimated fiscal impact to hub cities, hub city school districts, other political subdivisions, and the state if the oil and gas tax revenue allocation formula would be changed to transition hub cities and hub city school districts from allocations under subsection 1 of section 57-51-15 to allocations under subsections 4 and 5 of section 57-51-15.

   f. The estimated fiscal impact to hub cities, hub city school districts, other political subdivisions, and the state if the oil and gas tax revenue allocation formula would be changed to discontinue the
allocations to hub cities and hub city school districts under subsection 1 of section 57-51-15.

2. The membership of the committee assigned the responsibility of the study must proportionately reflect the state's population distribution between oil-producing counties and non-oil-producing counties and must include members from the finance and taxation committees and the appropriations committees.

3. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-sixth legislative assembly.

SECTION 19. EFFECTIVE DATE. Sections 12 and 13 of this Act are effective for taxable events occurring after June 30, 2017."
