¹ Funding for employee health insurance is adjusted to reflect the updated premium amount

of \$1,241 per month, the same as the Senate version.

² Restores the following 5 FTE positions and related funding from the general fund--4 FTE criminal investigator positions (\$720,000), 1 FTE forensic scientist position (\$170,000), the same as the Senate version. The House removed 19 FTE positions with related funding and changed the funding source from the general fund to other funds for 8 FTE positions.

³ Adds 1 FTE identification technician position (\$65,723) and related operating expenses (\$16,277). The Senate version included funding of \$131,446 for salaries and wages and \$32,554 for operating expenses.

⁴ The funding source for \$171,000 is changed from the general fund to other funds and funding of \$184,000 from the general fund is removed for operating expenses for a total reduction of \$355,000 from the general fund.

⁵ One-time funding of \$280,000 is added from federal funds for the rewrite of the uniform crime reporting system. The Senate version provided \$280,000 from the general fund.

⁶ One-time funding of \$100,000 from the general fund is added for a DOS-based deposit system rewrite, the same as the Senate version.

⁷ One-time funding of \$315,000 is added from other funds for the statewide automated victim information and notification (SAVIN) program enhancement project. The other funds are from revenues generated through payments from political subdivisions for their share of the cost for the SAVIN program enhancement project. The enhancements will upgrade the SAVIN program so that it may provide the notifications necessary to comply with Section 25 of Article I of the Constitution of North Dakota also known as Marsy's Law, the same as the Senate version.

⁸ Contingent funding of \$500,000 from a grant from the Department of Trust Lands is added. The Attorney General plans to relocate employees into space available in the Job Service North Dakota central office building resulting in anticipated rent savings of \$500,000 that would be used for the costs of statewide automated victim information and notification program enhancements. If the move does not occur and the Attorney General does not recognize rent savings, \$500,000 from the Department of Trust Lands grant is appropriated to the Attorney General for the state's share of the SAVIN program enhancements, the same as the Senate version.

This amendment also:

- Adds a section authorizing the Attorney General to submit litigation-related expenses to the Industrial Commission to be paid from litigation funding available to the Industrial Commission for expenses incurred by the Attorney General as a result of the protests and related activities associated with the Dakota Access Pipeline project and requires the Attorney General to report to the Budget Section quarterly regarding expenditures submitted to be paid from the Industrial Commission's litigation fund. The Senate version included a section directing the Industrial Commission to provide litigation funding to the Attorney General for litigation costs related to the Dakota Access Pipeline protest and other related activities for the 2017-19 biennium.
- Adds a section of legislative intent that the Attorney General pursue all reasonable and available options to recoup all costs and expenses incurred by the state and its political subdivisions as a result of the protests and related activities associated with the Dakota Access Pipeline project. Neither the House nor the Senate version included this section.
- Adds a section authorizing the Attorney General to use up to \$500,000 of rent savings as the result of an expected move of employees into space available in the Job Service North Dakota central office building for the SAVIN program enhancements. The section also provides a contingent appropriation of \$500,000 from a Department of Trust Lands grant for the 2015-17 biennium, if the move does

not occur, the same as the Senate version.

- Adds a section directing the Attorney General to consult with the North Dakota Association of Counties and the North Dakota League of Cities to establish a cost-sharing program providing that political subdivisions share in the cost of the SAVIN program enhancement project. As a result of the completion of the SAVIN program enhancement project, the political subdivision's costs to comply with Marsy's Law are expected to be significantly reduced. The section authorizes the Attorney General to allocate \$315,000 of the cost among the political subdivisions of the state, the same as the Senate version.
- Adds a section amending North Dakota Century Code Section 27-01-10 related to fee assessments for funding crime victim and witness programs and changes the assessment of a fee from optional to mandatory, the same as the Senate version.
- Adds a section creating a new section to Chapter 53-06.1 relating to electronic pull tab device requirements. The section requires an electronic pull tab device to display an electronic pull tab and it may not directly dispense coins, cash, tokens, or anything of value. Neither the House nor the Senate version included this section.
- Adds a section requiring any person or entity requesting a criminal history record check from the Bureau of Criminal Investigation, as a result of legislation enacted by the 65th Legislative Assembly, to pay a reasonable fee as set by the Attorney General for the 2017-19 biennium. The fee is to be deposited in general fund and is anticipated to generate an estimated \$164,000 of general fund revenue for the 2017-19 biennium, the same as the Senate version.
- Amends Section 6 of the House version to provide an exemption for funding appropriated for human trafficking grants provided for the 2015-17 biennium. The Senate version did not include this change.
- Adds a section exempting \$100,000 of funding appropriated to the Attorney General for the 2015-17 biennium for contracted higher education legal fees and authorizes that funding to be used during the 2017-19 biennium in the Attorney General's litigation fees line, the same as the Senate version.
- The Conference Committee did not include 3 sections added by the Senate relating to the contingent creation of a Medicaid Fraud Control Unit.
- Adds an emergency clause for Section 5 and the SAVIN program enhancements. The Senate version provided an emergency clause related to the SAVIN program enhancements only.

Engrossed HB 1003 was placed on the Seventh order of business on the calendar.
