The county superintendent of the non-coal-producing counties shall certify to the state treasurer the number of students actually residing on these quarter sections lying outside the coal-producing county and each school district in non-coal-producing counties shall receive a portion of the money under this paragraph based upon the ratio of the number of children residing on quarter sections of that school district within the fifteen-mile [24.14-kilometer] radius of the tipple of a currently active coal mining operation to the total number of schoolchildren from the coal-producing county combined with all the schoolchildren certified to be living on quarter sections within fifteen miles [24.14 kilometers] of the tipple of the currently active coal mining operation in the coal-producing county.

metric tons] of coal were mined in the prior quarterly period.

- (e) In computing each amount to be paid as provided in paragraph 1, 2, or 3 for coal severance tax revenue from coal mined during a monthly period, the state treasurer shall deduct from the allocation the amount of coal severance tax revenue, if any, that the governmental body in the non-coal-producing county received from the coal mined in the non-coal-producing county during the same monthly period.

SECTION 1. Two new subsections to section 52-04-06.1 of the North Dakota Century Code are created and enacted as follows:

If a political subdivision is the owner or contractor of a project subject to this section, the political subdivision may either post the required bond or irrevocable letter of credit or assign the responsibility of posting the bond or irrevocable letter of credit to the general or prime contractor. If a project has more than one general or prime contractor, the political subdivision may assign the responsibility of posting the bond to a maximum of five general or prime contractors in equal shares of the entire bonding liability regardless of the amount or type of work assigned to each general or prime contractor.
