REPORT OF CONFERENCE COMMITTEE

HB 1361, as engrossed: Your conference committee (Sens. Laffen, Unruh, Dotzenrod and Reps. Dockter, B. Koppelman, Toman) recommends that the **SENATE RECEDE** from the Senate amendments as printed on HJ pages 1634-1635, adopt amendments as follows, and place HB 1361 on the Seventh order:

That the Senate recede from its amendments as printed on pages 1634 and 1635 of the House Journal and pages 1383-1385 of the Senate Journal and that Engrossed House Bill No. 1361 be amended as follows:

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to create and enact section 57-15-02.2 of the North Dakota Century Code, relating to limitations of property tax levies by taxing districts without voter approval; to amend and reenact section 57-20-04 of the North Dakota Century Code, relating to the abstract of a county tax list and a statewide property tax increase report; to repeal section 57-20-05 of the North Dakota Century Code, relating to certification of taxes levied by taxing districts; to provide for a report to the legislative management; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Section 57-15-02.2 of the North Dakota Century Code is created and enacted as follows:

57-15-02.2. Limitation on levies by taxing districts without voter approval.

1. Notwithstanding that a taxing district may have unused or excess levy authority under any other provision of law, this section supersedes and limits that authority. For purposes of this section, "taxing district" means any political subdivision empowered to levy taxes, with the exception of school districts. This section may not be interpreted as authority to increase any property tax levy authority otherwise provided by law and must be applied to limit any property tax levy authority to which a taxing district may otherwise be entitled. Property taxes levied in dollars by a taxing district may not exceed the amount the taxing district levied in dollars in the preceding taxable year by more than three percent, except:
 - a. When property and improvements to property which were not taxable in the preceding taxable year are taxable in the current year, the amount levied in dollars in the preceding taxable year by the taxing district must be increased for purposes of this section to reflect the taxes that would have been imposed against the additional taxable valuation attributable to that property at the mill rate applied to all property in the preceding taxable year.
 - b. When a property tax exemption existed in the preceding taxable year which has been reduced or no longer exists for the current taxable year, the amount levied in dollars in the preceding taxable year by the taxing district must be increased for purposes of this section to reflect the taxes that would have been imposed against the portion of the taxable valuation of the property which is no longer exempt at the mill rate applied to all property in the preceding taxable year.
 - c. When property that was taxable in the preceding taxable year is not taxable for the current taxable year, the amount levied in dollars in the preceding taxable year by the taxing district must be reduced for purposes of this section by the amount of taxes that were imposed

against the taxable valuation of that property in the preceding taxable year.

- d. When a temporary mill levy increase, excluding an increase under this section, authorized by the electors of the taxing district or mill levy imposition authority under state law existed in the previous taxable year but is no longer applicable or has been reduced, the amount levied in dollars in the previous taxable year by the taxing district must be adjusted to reflect the expired temporary mill levy increase and the eliminated or reduced mill levy under state law before the percentage increase allowable under this subsection is applied.
2. The limitation on the total amount levied by a taxing district under subsection 1 does not apply to:
 - a. New or increased property tax levy authority that was not available to the taxing district in the preceding taxable year, including property tax levy authority provided by state law or approved by the electors of the taxing district.
 - b. Any irrepealable tax to pay bonded indebtedness levied under section 16 of article X of the Constitution of North Dakota. Any tax levied for this purpose must be excluded from the mill rate applied under subdivisions a through c of subsection 1.
 - c. The one-mill levy for the state medical center authorized by section 10 of article X of the Constitution of North Dakota. Any tax levied for this purpose must be excluded from the mill rate applied under subdivisions a through c of subsection 1.
 - d. The levy, not to exceed one mill, for the Garrison Diversion Conservancy District, authorized by section 57-15-26.8.
 - e. Taxes or special assessments levied to pay the principal and interest on any obligations of any political subdivision, including taxes levied for deficiencies in special assessment and improvement district funds and revenue bond and reserve funds.
 - f. Taxes levied pursuant to law for the proportion of the cost to any taxing district for a special improvement project by general taxation.
 - g. Taxes levied under sections 40-24-10, 40-43-01, 57-15-41, and 61-21-52.
 3. A levy exceeding the percentage increase limitation under subsection 1 may be imposed upon approval of a ballot measure, stating the percentage of the proposed property tax levy increase percentage compared to the percentage limitation under subsection 1, by a majority of the qualified electors of the taxing district voting on the question at a regular or special election of the taxing district. A levy exceeding the percentage increase limitation under subsection 1 may be approved by electors for not more than one taxable year at a time.
 4. A city or county may not supersede or modify the application of the provisions of this section under home rule authority.

SECTION 2. AMENDMENT. Section 57-20-04 of the North Dakota Century Code is amended and reenacted as follows:

57-20-04. Abstract of tax list to be sent to tax commissioner - Reports.

1. The county auditor, on or before December thirty-first following the levy of the taxes, shall makeprepare and transmit to the state-tax commissioner,-

in such form as the tax commissioner may prescribe, a complete abstract of the tax list of the auditor's county.

2. In addition to the tax list required in subsection 1, the county auditor, on or before December thirty-first following the levy of the taxes, shall prepare and transmit to the tax commissioner a report providing each taxing district's property valuation and property tax levy and any other information the tax commissioner deems necessary to prepare the report required in subsection 3. For taxing districts with property in more than one county, information must be collected and transmitted by the county auditor of the county in which the main office of that taxing district is located.
3. The tax commissioner shall compile information received from the county auditors in subsection 2 and prepare a statewide report of property tax increase. The report must include the annual increase in property taxes levied by each taxing district of the state after adjusting for property that was not taxable in the preceding year and property that is no longer taxable which was taxable in the preceding year. The report must be provided to the legislative management by April first of each year.
4. The tax commissioner shall prescribe the form and manner of providing the reports and certifications required under this section.
5. On or before December 31, 2017, the county auditor shall provide a report to the tax commissioner providing the information identified in subsection 2 for the 2015 and 2016 tax years.

SECTION 3. REPEAL. Section 57-20-05 of the North Dakota Century Code is repealed.

Reps. Mock, Carlson, Delzer, Hogan, Mitskog, Porter, Seibel and Sens. Anderson, Heckaman, Oban, Unruh, Wardner introduced:

(Approved by the Delayed Bills Committee)

HOUSE CONCURRENT RESOLUTION NO. 3037

A concurrent resolution requesting the Congress and the President of the United States to enact legislation to expand and extend the current federal tax credit for carbon capture, utilization, and storage under Section 45Q of the Internal Revenue Code; to provide appropriations to the United States Department of Energy sufficient to achieve and sustain a robust carbon capture research, development, demonstration, and deployment program; to support the inclusion of economically and environmentally beneficial carbon capture projects in any forthcoming federal infrastructure initiative; to support policies to increase the operational efficiency; and to support the preservation of a fuel-diverse electric generation portfolio critical to our domestic economic, energy, and national security.

WHEREAS, fossil fuels including coal, natural gas, and oil provide more than three-quarters of global and United States' primary energy demand and, according to the International Energy Agency, will continue to do so for the next quarter-century or more under current energy and environmental policies; and

WHEREAS, recognition of the value and enduring role of fossil fuels as an essential source of energy around the world and in the United States for decades to come has led

environmental advocates to support the accelerated development and broad deployment of carbon capture technologies for fossil fuels as part of a sustainable energy future; and

WHEREAS, recognition of the role carbon capture can play in creating new opportunities for fossil fuels has led fossil energy advocates to similarly support the development and deployment of carbon capture technologies for fossil fuels; and

WHEREAS, the United States and North Dakota have abundant supplies of fossil energy, the production and use of which provide important economic, energy, and national security benefits to our nation and our state; and

WHEREAS, North Dakota is the nation's 6th largest producer of fossil energy, 2nd largest producer of oil, 2nd largest producer of lignite coal, 11th largest producer of natural gas, the largest consumer of coal for industrial use, and the 10th largest consumer of coal for electricity generation; and

WHEREAS, according to the Department of Energy, "A diverse portfolio of energy resources is critical to U.S. energy and national policy...being more robust and resilient in comparison to a system that is heavily dependent on a limited set of energy resources... [and] helps insulate the economy from certain risks, including price volatility and risks from supply disruptions"; and

WHEREAS, reliable and affordable electricity is vital to economic growth and job creation in North Dakota and the overall welfare of our citizens; and

WHEREAS, 73 percent of the electricity generated in North Dakota is produced from fossil fuels and the average residential price of electricity in North Dakota is the 6th lowest in the nation and is 18 percent below the national average; and

WHEREAS, continued research and development of carbon reduction strategies for fossil fuels is an essential element of a forward-looking sustainable energy strategy for North Dakota, our nation, and the world which will simultaneously maximize both environmental quality and economic opportunity; and

WHEREAS, the Energy and Environmental Research Center at the University of North Dakota, the Great Plains Synfuels Plant in Beulah, and the Lignite Energy Council are engaged in efforts to address environmental, health, and economic impacts of energy production and use through collaborations on applied carbon dioxide research, practical applications, workforce development, and public education; and

WHEREAS, legislation was introduced in the 114th Congress to enhance and extend federal tax incentives, under Section 45Q of the Internal Revenue Code, which serve to sustain and promote such collaborations and to encourage private industry in energy generation, manufacturing, and agriculture to adopt and deploy existing and emerging technologies that increase carbon capture, utilization, and storage; and

WHEREAS, the coming together of environmental and energy advocates in support of carbon capture is reflected in the groundbreaking coalition of environmental advocacy groups, labor unions, and energy producers from the coal, oil and gas, ethanol, and algae-biomass industries working together in support of federal legislation; and

WHEREAS, similar legislation is now under consideration in the 115th Congress, and Congress and the President also are considering enactment of a large-scale federal infrastructure initiative to strengthen our nation's transportation, public works, and energy infrastructure that also could serve as a vehicle for advancing "jobs-ready" carbon capture projects; and

WHEREAS, according to the Department of Energy, "A combination of tax incentives and research, development, demonstration, and deployment will be critical to developing transformational carbon capture technologies and to driving down the costs of capture";

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Sixty-fifth Legislative Assembly requests Congress and the President of the United States to enact legislation to expand and extend the current federal tax credit for carbon capture, utilization, and storage under Section 45Q of the Internal Revenue Code; to provide appropriations to the United States Department of Energy sufficient to achieve and sustain a robust carbon capture research, development, demonstration, and deployment program; to support the inclusion of economically and environmentally beneficial carbon capture projects in any forthcoming federal infrastructure initiative; to support policies to increase the operational efficiency, and thereby the environmental performance, of existing electric-generating units in the United States; and to support the preservation of a fuel-diverse electric generation portfolio critical to our domestic economic, energy, and national security; and

BE IT FURTHER RESOLVED, that the Secretary of State forward copies of this resolution by certified mail, return receipt requested, to the President of the United States, the President and Secretary of the United States Senate, the Speaker and Clerk of the

United States House of Representatives, the Secretary of the United States Department of Energy, and to each member of the North Dakota Congressional Delegation.
