Rebuilders home loan program - Rebuilders home loan fund - Continuing appropriation - Requirements.

1. There is created in the state treasury the rebuilders home loan fund administered by the Bank of North Dakota. The fund consists of all moneys transferred to the fund by the legislative assembly. All moneys in the fund are appropriated to the Bank on a continuing basis for the rebuilders home loan program.

2. The Bank shall develop policies to implement this section. The Bank shall make or participate in loans to North Dakota residents affected by river flooding in the state due to ice jams in the winter and spring of 2019. Loans are available for rebuilding the resident's flood-damaged home or rebuilding nonowner-occupied property. A loan from the fund must have the interest rate fixed at one percent per year for no more than twenty years. A loan made to a homeowner or owner of nonowner-occupied property under this section may not exceed the lesser of seventy-five thousand dollars or the actual amount of documented damage not paid by flood insurance. For purposes of this section, "nonowner-occupied property" means property consisting of one or more rental dwelling units, none of which is occupied by the owner, and does not include hotel or motel accommodations or any other commercial property. For a resident rebuilding the resident's flood-damaged home, up to twenty percent of the loan proceeds disbursed under this program may be used for debt service, debt retirement, or other credit obligations. For every loan made from the fund to a homeowner to rebuild or replace that individual's flood-damaged home, principal and interest payments must be deferred for the first twenty-four months of the loan. There is no deferral of principal and interest payments for a loan for nonowner-occupied property.

3. A resident homeowner or owner of nonowner-occupied property is eligible for a loan under this section only if the home or property is located in an area affected by river flooding in the state due to ice jams in the winter and spring of 2019. To qualify for a loan under this section, the owner of nonowner-occupied property must have been the owner at the time of the flooding event, and the number of rental dwelling units in the property rebuilt under this section must remain the same as before the flooding event. A loan to the owner of nonowner-occupied property must be secured by the property for which the loan is made.

4. An application for a loan from the fund must be made to the Bank or originating financial institution, and, upon approval, a loan must be made from the fund in accordance with this
section. An application for a loan to a homeowner or for a loan for nonowner-occupied property under this section may not be accepted after September 30, 2020.

5. Repayments to the rebuilders home loan fund must be transferred annually to replenish the Bank’s current earnings and undivided profits which were transferred to the rebuilders home loan fund. If, subsequent to receiving a loan from the fund, the property for which the loan was made is purchased for flood mitigation purposes or otherwise sold, the balance of the loan and any interest accrued on the loan must be repaid to the fund upon the closing of the sale. If the borrower provides financial evidence satisfactory to the Bank to show that the borrower does not have the financial ability to repay the loan in full upon sale of the property, after the sale of the property the Bank may allow the borrower to continue to make payments based on the loan terms.

6. The Bank may deduct, from interest payments received on loans, a service fee for administering the fund for the Bank and originating financial institutions. The Bank shall contract with a certified public accounting firm to audit the fund as necessary. The cost of the audit, and any other actual costs incurred by the Bank on behalf of the fund, must be paid by the fund.

   b. The annual allocation plan must give first priority through its scoring and ranking process to housing for essential service workers. For purposes of this subsection, "essential service workers" means individuals employed by a city, county, school district, medical or long term care facility, the state of North Dakota, or others as determined by the housing finance agency who fulfill an essential public service.
   
   e. The second priority in the annual allocation plan must be to provide housing for individuals and families of low or moderate income. For purposes of this second priority, eligible income limits are determined as a percentage of median family income as published in the most recent federal register notice. Under this second priority, the annual allocation plan must give preference to projects that benefit households with the lowest income and to projects that have rent restrictions at or below department of housing and urban development published federal fair market rents or department of housing and urban development section 8 payment standards.
   
3. The housing finance agency shall adopt guidelines for the fund so as to address unmet housing needs in this state. Assistance from the fund may be used solely for:
   
   a. New construction, rehabilitation, or acquisition of a multifamily housing project;
   
   b. Gap assistance, matching funds, and accessibility improvements;
   
   c. Assistance that does not exceed the amount necessary to qualify for a loan using underwriting standards acceptable for secondary market financing or to make the project feasible; and
d. Rental assistance, emergency assistance, or targeted supportive services designated to prevent homelessness.

4. Eligible recipients include units of local, state, and tribal government; local and tribal housing authorities; community action agencies; regional planning councils; and nonprofit organizations and for-profit developers of multifamily housing. Individuals may not receive direct assistance from the fund.

5. Except for subdivision d of subsection 3, assistance is subject to repayment or recapture under the guidelines adopted by the housing finance agency. Any assistance that is repaid or recaptured must be deposited in the fund and is appropriated on a continuing basis for the purposes of this section.

6. The agency may collect a reasonable administrative fee from the fund, project developers, applicants, or grant recipients. The origination fee assessed to grant recipients may not exceed five percent of the project award.

7. The housing finance agency shall maintain a register reflecting the number of housing units owned or master leased by cities, counties, school districts, or other employers of essential service workers. This register must also reflect those entities that are providing rent subsidies for their essential workers.

8. Upon request, the housing finance agency shall report to the industrial commission regarding the activities of the housing incentive fund.

9. At least once per biennium, the housing finance agency shall provide a report to the budget section of the legislative management regarding the activities of the housing incentive fund. The report must include the following:
   a. The overall number of units owned, master leased, or subsidized by political subdivisions or other employers of essential service workers; and
   b. A listing of projects approved and the number of units within those projects that provide housing for essential service workers.
