Representatives D. Johnson, Schreiber-Beck

1 A BILL for an Act to create and enact three new sections to chapter 23-09.5 of the North Dakota  
2 Century Code, relating to cottage food production and sale; and to amend and reenact sections  
3 23-09.5-01 and 23-09.5-02 of the North Dakota Century Code, relating to the direct producer to  
4 consumer sale of cottage food products.

5 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

6 **SECTION 1. AMENDMENT.** Section 23-09.5-01 of the North Dakota Century Code is  
7 amended and reenacted as follows:

8 **23-09.5-01. Definitions.**

9 As used in this chapter:

- 10 1. "Adulterated" has the same definition as under section 19-02.1-09.
- 11 2. "Baked goods" means a food usually produced from dough or batter which is baked  
12 before consuming, including bread, quick bread, lefse, fruit pies, custard pies, cakes,  
13 cheesecakes, cookies, biscuits, crackers, doughnuts, rolls, pastries with or without  
14 fillings, candies, or chocolates, or similar products, regardless of whether the food  
15 requires time and temperature control for safety.
- 16 3. "Commercial consumption" includes use of food in a food establishment, food  
17 processing plant, retail food store, or any other food operation requiring licensure  
18 under section 23-09-16.
- 19 4. "Cottage food operator" means an individual who produces or packages cottage food  
20 products in a noncommercial kitchen ~~designed and intended for use by the residents~~  
21 ~~of a private home.~~
- 22 ~~2-5.~~ "Cottage food product" means baked goods, jams, jellies, and pickles, or other food  
23 and drink products produced or packaged by a cottage food operator. The term does  
24 not include whole, uncut fresh fruits and vegetables.

- 1     ~~3-6.~~    "Delivery" means the transfer of a cottage food product resulting from a  
2            ~~person-to-person~~ transaction between a cottage food operator and an informed end  
3            consumer.
- 4     ~~4-7.~~    "Farmers market" means a market or group of booths ~~whereat~~ which farmers and  
5            other cottage food operators sell cottage food products directly to consumers.
- 6            ~~5.~~     "Home consumption" means ~~food consumed within a private home or food from a~~  
7            ~~private home consumed only by family members, employees, or nonpaying guests.~~
- 8     ~~6-8.~~    "Food establishment" has the same definition as under section 23-09-01.
- 9            ~~9.~~     "Food requiring time and temperature control for safety" means perishable food that is  
10           not modified in a way to limit the growth of undesirable micro-organisms or toxin  
11           formation.
- 12          ~~10.~~   "Frozen" means a food is maintained at a temperture no greater than zero degrees  
13            Fahrenheit [-17.8 degrees Celsius] or in a solid state.
- 14          ~~11.~~   "High acid foods" or "acidified foods" means foods naturally high in acid or foods that  
15            have been acidified by adding acid or by the action of a culture to reduce the  
16            equilibrium pH to four and six-tenths or below.
- 17          ~~12.~~   "Informed end consumer" means an individual who ~~is the last individual to purchase a~~  
18            ~~cottage food product and has been informed the cottage food product is not licensed,~~  
19            ~~regulated, or inspected~~purchases a cottage food product for noncommercial  
20            consumption and has been informed the cottage food product is produced and  
21            packaged in a noncommercial kitchen and the product is not regulated or inspected by  
22            a state or local health department.
- 23          ~~13.~~   "Misbranded" means any false or misleading labeling of a food product; food offered  
24            for sale under the name of another food; or a food container made, formed, or filled as  
25            to be misleading.
- 26          ~~14.~~   "Safe moisture level" means a level of moisture low enough to prevent the growth of  
27            undesirable micro-organisms in the finished food product. The measurement of  
28            moisture level or water activity at eighty-five hundredths or less is low enough to inhibit  
29            the growth of undesirable micro-organisms.
- 30          ~~7-15.~~   "Transaction" means the exchange of buying and selling directly, person-to-person,  
31            between the cottage food operator and informed end consumer.

1       16. "Undesirable micro-organisms" means yeasts, molds, bacteria, viruses, protozoa, and  
2           parasites, and includes disease-causing pathogens having public health significance  
3           which subject food to decomposition, indicate food is contaminated with filth, or  
4           otherwise may cause food to be adulterated.

5       **SECTION 2. AMENDMENT.** Section 23-09.5-02 of the North Dakota Century Code is  
6 amended and reenacted as follows:

7       **23-09.5-02. Direct producer to consumer sales of cottage food products.**

  - 29           d. ~~Include the sale of uninspected products made from poultry, unless:~~
    - 30               (1) ~~The cottage food operator slaughters no more than one thousand poultry~~  
31                ~~raised by the cottage food operator during the calendar year;~~

- 1                   (2) The cottage food operator does not buy or sell poultry products, except  
2                   products produced from poultry raised by the cottage food operator; and  
3                   (3) The poultry product is not adulterated or misbranded.
- 4           4. Except for whole, unprocessed fruits and vegetables, food prepared by a cottage food  
5           operator may not be sold or used in any food establishment, food processing plant, or  
6           food store.
- 7           5. The cottage food operator shall inform the end consumer that any cottage food  
8           product or food sold under this section is not certified, labeled, licensed, packaged,  
9           regulated, or inspected.
- 10          6. This section does not change any requirement for brand inspection or animal health  
11          inspections.
- 12          7. A cottage food operator shall label all cottage food products that require refrigeration,  
13          such as baked goods containing cream, custard, meringue, cheesecake, pumpkin pie,  
14          and cream cheese, with safe handling instructions and a product disclosure statement  
15          indicating the product was transported and maintained frozen.
- 16          8. A cottage food operator shall display a consumer advisory sign at the point of sale or  
17          place a label on the cottage food product with the following statement:  
18          "This product is made in a home kitchen that is not inspected by the state or local  
19          health department."
- 20          9. The state department of health or a local regulating authority may conduct an  
21          investigation upon complaint of an illness or environmental health complaint. A cottage  
22          food product may be advertised using the internet if the transaction and delivery are  
23          made in person, directly from the cottage food operator to the informed end consumer,  
24          as specified under this section.
- 25          5. A cottage food operator may not sell a cottage food product to an informed end  
26          consumer if the cottage food operator knows the cottage food product is intended to  
27          be used for commercial consumption.
- 28          6. An informed end consumer may not sell a cottage food product or provide the cottage  
29          food product to another person for commercial consumption.

30           **SECTION 3.** A new section to chapter 23-09.5 of the North Dakota Century Code is created  
31 and enacted as follows:
