- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

This bill changes motorcycle registration expiration from December 31 every year to March 31 of odd years. This aligns the process with the low speed registration to create efficiencies in tracking tab inventory, and reduce staff time and costs related to postage and registration cards.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Section 2 of this bill creates a new section of code to allow motorcycle registrations to have an expiration date of March 31 of odd numbered years.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

The revenue reductions result because the Motor Vehicle expenses are deducted from the Motor Vehicle registration proceeds prior to deposit in the Highway Tax Distribution Fund. This results in a lesser amount of revenues available for distribution to the State Highway Fund, the cities, counties, townships, and public transportation.

- B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

NDDOT Motor Vehicle Division will incur one-time costs of approximately \$15,000 for computer programming costs.

- C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*

NDDOT Motor Vehicle Division will incur additional one-time costs of approximately \$15,000 for computer programming. These additional costs were not included in NDDOT's appropriation request for the 2019-2021 biennium.
