"SECTION 1. AMENDMENT. Section 57-06-17.1 of the North Dakota Century Code is amended and reenacted as follows:

57-06-17.1. Carbon dioxide pipeline exemption.

Property, not including land, is exempt from taxation during construction and for the first ten full taxable years following initial operation if it consists of a pipeline, constructed after 1996, and necessary associated equipment for the transportation or storage of carbon dioxide for secure geologic storage or use in enhanced recovery of oil or natural gas.

SECTION 2. AMENDMENT. Section 57-39.2-04.14 of the North Dakota Century Code is amended and reenacted as follows:

57-39.2-04.14. Sales and use tax exemption for materials used in compressing, gathering, collecting, storing, transporting, or injecting carbon dioxide for secure geologic storage or use in enhanced recovery of oil or natural gas.

1. Gross receipts from sales of tangible personal property used to construct or expand a system used to compress, gather, collect, store, transport, or inject carbon dioxide for secure geologic storage or use in enhanced recovery of oil or natural gas in this state are exempt from taxes under this chapter. To be exempt, the tangible personal property must be incorporated into a system used to compress, gather, collect, store, transport, or inject carbon dioxide for secure geologic storage or use in enhanced recovery of oil or natural gas. Tangible personal property used to replace an existing system to compress, gather, collect, store, transport, or inject carbon dioxide for secure geologic storage or use in enhanced recovery of oil or natural gas does not qualify for exemption under this section unless the replacement creates an expansion of the system.
2. To receive the exemption under this section at the time of purchase, the owner of the gas compressing, gathering, collecting, storing, transporting, or injecting system must receive from the tax commissioner a certificate that the tangible personal property used to construct or expand a system used to compress, gather, collect, store, transport, or inject carbon dioxide for secure geologic storage or use in enhanced recovery of oil or

natural gas qualifies for the exemption. If a certificate is not received before the purchase, the owner shall pay the applicable tax imposed by this chapter and apply to the tax commissioner for a refund.

3. If the tangible personal property is purchased or installed by a contractor subject to the tax imposed by this chapter, the owner of the gas compressing, gathering, collecting, storing, transporting, or injecting system may apply to the tax commissioner for a refund of the difference between the amount remitted by the contractor and the exemption imposed or allowed by this section. Application for a refund must be made at the time and in the manner directed by the tax commissioner and must include sufficient information to permit the tax commissioner to verify the sales and use taxes paid and the exempt status of the sale or use.
4. This chapter and chapter 57-40.2 apply to the exemption under this section."
