SECTION 30. AMENDMENT. Section 60-02.1-08 of the North Dakota Century Code is amended and reenacted as follows:

60-02.1-08. Bond filed by grain buyer.

Before any license is effective for any grain buyer under this chapter, the applicant for the license shall file a bond with the commissioner which must:

1. Be in a sum not less than five thousand dollars.
2. Be continuous, unless the corporate surety by certified mail notifies the licensee and the commissioner that the surety bond will be canceled ninety days after receipt of the notice of cancellation.
3. Run to the state of North Dakota for the benefit of all persons selling grain to or through the grain buyer.
4. Be conditioned:
   a. For the faithful performance of the licensee’s duties as a grain buyer.
   b. For compliance with the provisions of law and the rules of the commissioner relating to the purchase of grain by such grain buyer.
5. For facility-based grain buyers, specify the location of each facility intended to be covered by the bond.
6. Be for the specific purpose of:
   a. Protecting the sellers of grain.
   b. Covering the costs incurred by the commissioner in the administration of the licensee’s insolvency.
7. Not accrue to the benefit of any person entering into a credit-sale contract with a grain buyer.
8. The aggregate liability of the surety under a bond does not accumulate for each successive annual license renewal period during which the bond is in force but, for losses during any annual license renewal period, is limited in the aggregate to the bond amount stated or changed by appropriate endorsement or rider.

The commissioner may require an increase in the amount of any bond, from time to time, as it deems necessary to accomplish the purposes of this section. The surety on the bond must be a corporate surety company, approved by the commissioner, and authorized to do business within the state. The commissioner may accept cash, a negotiable instrument, or a bond executed by personal sureties in lieu of a surety bond when, in the commissioner’s judgment, cash, a negotiable instrument, or a personal surety bond properly will protect the holders of outstanding receipts. Only one bond may be required for any series of facilities operated by a facility-based grain buyer, and the bond must be construed to cover those facilities as a whole and not a specific amount for each.
SECTION 31. AMENDMENT. Section 60-02.1-09 of the North Dakota Century Code is amended and reenacted as follows:

The surety on a bond is released from all future liability accruing on the bond after the expiration of ninety days from the date of receipt by the commissioner of notice of cancellation by the surety or on a later date specified by the surety. This provision does not operate to relieve, release, or discharge the surety from any liability already accrued or which accrues before the expiration of the ninety-day period. Unless the grain buyer files a new bond at least thirty days before liability ceases, the commissioner, without hearing, shall immediately suspend the grain buyer's license and the suspension may not be removed until a new bond has been filed and approved by the commissioner.

SECTION 32. AMENDMENT. Section 60-02.1-11 of the North Dakota Century Code is amended and reenacted as follows:

The commissioner may suspend or revoke the license of any grain buyer for cause upon notice and hearing. Notwithstanding any other provisions of this chapter, the license of a grain buyer must automatically be suspended for failure at any time to have or to maintain either a bond or insurance policy in the amount and type required. During a suspension of a license a facility-based grain buyer, upon the commissioner's approval, may operate its facility and purchase or redeliver grain previously received, but may not receive additional grain for purchase, shipping, or processing. Grain may be sold only with the prior approval of the commissioner.

SECTION 33. AMENDMENT. Section 60-02.1-16 of the North Dakota Century Code is amended and reenacted as follows:

60-02.1-16. Records required to be kept by grain buyers.

Each grain buyer shall keep such accounts, records, and memoranda concerning the buyer's dealing as such grain buyer as from time to time may be required by the commissioner and shall make such reports of purchases of grain as may be required by the rules made by the commissioner. The commissioner at all times must have access to such accounts, records, and memoranda.

SECTION 34. AMENDMENT. Section 60-02.1-17 of the North Dakota Century Code is amended and reenacted as follows:

60-02.1-17. Reports to be made by grain buyers - Penalty for failure.

Each licensed and bonded grain buyer shall:

1. Prepare for each month a report giving facts and information called for on the form of report prepared by the commissioner. The report must contain or be verified by a written declaration that the report is made under the penalties of perjury. The report may be called for more frequently if the commissioner deems it necessary. Information pertaining to the volume of grain handled is a confidential trade secret and is not a public record. The commissioner may make this information available for use by other governmental entities, but the information may not be released by those entities in a manner that jeopardizes the confidentiality of individual licensees.

2. File the report with the commissioner not later than the last day of the following month. Failure to file this report promptly will be considered cause for revoking the grain buyer license after due notice and hearing.
3. Keep a separate account of the grain business, if the grain buyer is engaged in handling or selling any other commodity, and under no circumstances may the grain account and other accounts be mixed.

The commissioner may refuse to renew a license to any grain buyer who fails to make a required report.

SECTION 35. AMENDMENT. Section 60-02.1-19 of the North Dakota Century Code is amended and reenacted as follows:

60-02.1-19. Federal grades to control - Grades to be posted.

All grain buyers shall purchase grain, except dry edible beans, in accordance with the official grades established from time to time by the secretary of agriculture of the United States, except as otherwise provided in applicable rules and regulations applicable thereto adopted by federal officials pursuant to law. A facility-based grain buyer shall post in a conspicuous place in the buyer's facility the official grades so established and also any change that may be made from time to time. A grain buyer of dry edible beans shall purchase and deliver beans in accordance with the buyer's policy, which must be filed with the commissioner and, if applicable, posted in a conspicuous place in the buyer's facility. Other grading standards may be used if mutually agreed to in writing by the grain buyer and the owner of the grain. However, the owner may demand the use of federal grading standards. After hearing, the commissioner may prohibit the use of nonfederal grades.

SECTION 36. AMENDMENT. Section 60-02.1-22 of the North Dakota Century Code is amended and reenacted as follows:

60-02.1-22. Insurance - Cancellation - Suspension of license.

An insurance company shall give at least sixty days' notice to the commissioner and the insured by registered mail return receipt requested before cancellation of an insurance policy required in section 60-02.1-21. Unless the grain buyer files proof of new or renewed insurance at least thirty days before the existing policy ceases, the commissioner, without hearing, shall immediately suspend the grain buyer's license and the suspension may not be removed until a new policy has been filed and approved by the commissioner.

SECTION 37. AMENDMENT. Section 60-02.1-26 of the North Dakota Century Code is amended and reenacted as follows:

Whenever a facility-based grain buyer desires to transfer a facility, either by sale or lease to any other individual, firm, or corporation, the grain buyer shall:

1. Notify the commissioner first of its intention to transfer the facility, giving the name and address of the proposed lessee or purchaser.

2. Provide related information as may be required by the commissioner.

3. Surrender to the commissioner the grain buyer's license for cancellation and at that time the proposed lessee or purchaser shall file in due form for a new license and tender a new bond for review by the commissioner, whereupon, it first being duly satisfied that all the outstanding receipts have been redeemed, or that the redemption thereof has been provided for, the commissioner may permit a new license to become effective for the lessee or purchaser.

No sale, lease, or transfer of any facility will be recognized by the commissioner except when made in accordance with the provisions of this section.
SECTION 38. AMENDMENT. Section 60-02.1-27 of the North Dakota Century Code is amended and reenacted as follows:

The holder of such the receipts, upon due notice, must accept this price and surrender the receipts. Any facility-based grain buyer who voluntarily ceases business or fails to renew an existing grain buyer license or whose grain buyer license is revoked shall notify the commission commissioner and all receiptholders of such closing and redeem all such receipts at the price prevailing on the date the business closed or at the option of the owner of the receipt redeliver the kind, grade, and quantity of grain called for by the receipt. Upon notice to the licensee as the court prescribes, but not exceeding twenty days, or upon waiver of notice in writing by the licensee, the court shall hear and determine the application in a summary manner. If the court determines that the licensee is insolvent within the meaning of this chapter and that it would be in the best interests of the receiptholders that the commission commissioner secure and execute the trust, the court shall issue an order granting the application, without bond, and the commission commissioner shall proceed to exercise its authority without further direction from the court.

Upon the filing of the commission's application, the court may issue ex parte a temporary order to preserve or protect the assets of the trust fund until the court issues an order granting or denying the application.

1 Funding is adjusted to provide employee salary increases of 2 percent on July 1, 2019, with a minimum monthly increase of $120 and a maximum monthly increase of $200, and 2.5 percent on July 1, 2020, the same as the House version. The Senate provided funding for a 2 percent salary increase on July 1, 2019, and a 3 percent salary increase on July 1, 2020.

2 Funding from the insurance tax distribution fund for payments to fire districts and the North Dakota Firefighter's Association is restored to reflect the removal of continuing appropriation authority approved by the Senate. "SECTION 1. AMENDMENT. Section 61-33-01 of the North Dakota Century Code is amended and reenacted as follows:

61-33-01. Definitions.

As used in this chapter, unless the context otherwise requires:

1. "Board" means the sovereign lands advisory board.

2. "Board of university and school lands" means that entity created by section 15-01-01."
3. "Ordinary high water mark" means that line below which the presence and action of the water upon the land is continuous enough so as to prevent the growth of terrestrial vegetation, destroy its value for agricultural purposes by preventing the growth of what may be termed an ordinary agricultural crop, including hay, or restrict its growth to predominantly aquatic species.

4. "Sovereign lands" means those areas, including beds and islands, lying within the ordinary high water mark of navigable lakes and streams. Lands established to be riparian accretion or reliction lands pursuant to section 47-06-05 are considered to be above the ordinary high water mark and are not sovereign lands.

4.5. "State engineer" means the person appointed by the state water commission pursuant to section 61-03-01.

SECTION 2. Section 61-33-01.1 of the North Dakota Century Code is created and enacted as follows:

61-33-01.1. Ordinary high water mark determination - Factors to be considered.

The state engineer shall maintain ordinary high water mark delineation guidelines consistent with this section.

1. When determining the ordinary high water mark for delineating the boundary of sovereign lands, vegetation and soils analysis must be considered the primary physical indicators. When considering vegetation, the ordinary high water mark is the line below which the presence and action of the water is frequent enough to prevent the growth of terrestrial vegetation or restrict vegetation growth to predominately aquatic species. Generally, land, including hay land, where the high and continuous presence of water has destroyed the value of the land for agricultural purposes must be deemed within the ordinary high water mark.

2. When feasible, direct hydrological and hydraulic measurements from stream gauge data, elevation data, historic records of water flow, high resolution light detection and ranging systems, prior elevation and survey maps, and statistical hydrological evidence must be considered when determining the ordinary high water mark. The state engineer shall establish appropriate guidelines, technical standards, and other criteria, including use of light detection and ranging systems or other future technological advancements, as necessary, for conducting hydrologic and hydraulic modeling required by this section.

3. Secondary physical indicators, including litter, debris, or staining, may be considered to supplement the analysis of the ordinary high water mark investigation but may not supersede primary physical indicators unless primary physical indicators are deemed inadequate or inconclusive. Physical indicators directly affected by influent non-navigable tributaries, adjoining water bodies, or wetlands may not be used to delineate the sovereign land boundary of a navigable body of water.

SECTION 3. AMENDMENT. Section 61-33.1-02 of the North Dakota Century Code is amended and reenacted as follows:

61-33.1-02. Mineral ownership of land inundated by Pick-Sloan Missouri basin project dams. (Retroactive application - See note)

The state sovereign land mineral ownership of the riverbed segments inundated by Pick-Sloan Missouri basin project dams extends only to the historical Missouri riverbed channel up to the ordinary high water mark. The state holds no claim or title to any minerals above the ordinary high water mark of the historical Missouri riverbed channel inundated by Pick-Sloan Missouri basin project dams, except for original grant lands acquired by
the state under federal law and any minerals acquired by the state through purchase, foreclosure, or other written conveyance. Mineral ownership of the riverbed segments inundated subject to inundation by Pick-Sloan Missouri basin project dams which are located within the exterior boundaries of the Fort Berthold reservation and Standing Rock Indian reservation is controlled by other law and is excepted from this section.

SECTION 4. AMENDMENT. Subdivision e of subsection 3 of section 61-33.1-03 of the North Dakota Century Code is amended and reenacted as follows:

   e. Subsection 34 of section 61-33-01 and section 47-06-05, which provide all accretions are presumed to be above the ordinary high water mark and are not sovereign lands. Accreted lands may be determined to be within the ordinary high water mark of the historical Missouri riverbed channel based on clear and convincing evidence. Areas of low-lying and flat lands where the ordinary high water mark may be impracticable to determine due to inconclusive aerial photography or inconclusive vegetation analysis must be presumed to be above the ordinary high water mark and owned by the riparian landowner."

"SECTION 8. AMENDMENT. Section 61-33.1-07 of the North Dakota Century Code is amended and reenacted as follows:

61-33.1-07. State engineer regulatory jurisdiction. (Retroactive application - See note)

This chapter does not affect the authority of the state engineer to regulate the historical Missouri riverbed channel, minerals other than oil and gas, or the waters of the state, provided the regulation does not affect ownership of oil and gas minerals in and under the riverbed or lands above the ordinary high water mark of the historical Missouri riverbed channel inundated subject to inundation by Pick-Sloan Missouri basin project dams.

SECTION 9. APPLICATION. Sections 1 and 2 of this Act do not apply to the ordinary high water mark study required for the historical Missouri riverbed channel in chapter 61-33.1. This Act does not affect or limit the authority of the state engineer to regulate waters of this state.

SECTION 10. EMERGENCY. This Act is declared to be an emergency measure."
