| 4. | A political subdivision, at the option of its governing body, may be audited by a certified |
|----|---|
| | public accountant or licensed public accountant rather than by the state auditor. The |
| | public accountant shall comply with generally accepted government auditing standards |
| | for audits of political subdivisions. The report must be in the form and content required |
| | by the state auditor. The number of copies of the audit report requested by the state |
| | auditor must be filed with the state auditor when the public accountant delivers the |
| | audit report to the political subdivision. The state auditor shall review the audit report |
| | to determine if the report is in the required form and has the required content, and if |
| | the audit meets generally accepted government auditing standards. The state auditor |
| | also may periodically review the public accountant's workpapers to determine if the |
| | audit meets generally accepted government auditing standards. If the report is in the |
| | required form and has the required content, and the report and workpapers comply |
| | with generally accepted government auditing standards, the state auditor shall accept |
| | the audit report. The state auditor may charge the political subdivision a fee of up to |
| | eightyeighty-six dollars an hour, but not to exceed fivesix hundred dollars per review, |
| | for the related costs of reviewing the audit report and workpapers. |
| 5. | A political subdivision may not pay a public accountant for an audit until the state |
| | auditor has accepted the audit. However, a political subdivision may make progress |
| | payments to the public accountant. A political subdivision shall retain twenty percent of |
| | any progress payment until the audit report is accepted by the state auditor. |
| 6. | The state auditor may require the correction of any irregularities, objectionable |
| | accounting procedures, or illegal actions on the part of the governing board, officers, |
| | or employees of the political subdivision disclosed by the audit report or workpapers, |
| | 5. |

and failure to make the corrections must result in audits being resumed by the state auditor until the irregularities, objectionable accounting procedures, or illegal actions are corrected.

SECTION 5. AMENDMENT. Section 54-10-27 of the North Dakota Century Code is amended and reenacted as follows:

29 **54-10-27.** Occupational and professional boards - Audits and reports.

The governing board of any occupational or professional board shall provide for an audit
once every two years by a certified public accountant or licensed public accountant. The

1 accountant conducting the audit shall submit the audit report to the state auditor's office. If the 2 report is in the form and style prescribed by the state auditor, the state auditor may not audit 3 that board. An occupational or professional board may request the state auditor to conduct its 4 audit, and if the state auditor agrees to conduct the audit, the state auditor shall deposit the fees 5 charged to the occupational or professional board into the state auditor operating account. 6 Instead of providing for an audit every two years, an occupational or professional board that has 7 less than two hundred thousand dollars of annual receipts may submit an annual report to the 8 state auditor. The report must contain the information required by the state auditor. The state 9 auditor also may make any additional examination or audit determined necessary in addition to 10 the annual report. When a report is not filed, the state auditor may charge the occupational or 11 professional board an amount equal to the fair value of the additional examination or audit and 12 any other services rendered. The state auditor may charge an occupational or professional 13 board a fee not to exceed fifty eighty-six dollars an hour for the costs of reviewing the annual 14 report.
