4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

- 5 **SECTION 1.** Chapter 50-10.3 of the North Dakota Century Code is created and enacted as
- 6 follows:
- 7 **50-10.3-01. Definitions.**
- 8 As used in this chapter, unless the context clearly indicates otherwise:
- 9 <u>1. "Declaration of disaster or emergency" means a disaster or emergency declared by</u>
 10 the governor under chapter 37-17.1.
- 11 <u>2.</u> "Department" means the department of human services.
- 12 <u>3.</u> "Essential caregiver" means an individual identified by a resident of a long-term care

- 4. "Long-term care facility" means a skilled nursing facility, basic care facility, or swing bed hospital approved to furnish long-term services.
- 17 **50-10.3-02.** Scope.
- This chapter does not supersede federal authority regarding long-term care facilities or
- 19 prevent the department or state department of health from taking necessary actions to render
- 20 <u>the state eligible for federal funds or reimbursement services provided in long-term care</u>
- 21 facilities.
- 22 <u>50-10.3-03. Access to long-term care facilities for essential caregivers.</u>
- 23 <u>1. The department, working jointly with the state department of health, the state long-</u>
- 24 term care ombudsman, residents and tenants, families of residents and tenants, and

1 long-term care facility representatives, shall establish basic protocols to allow a 2 resident of a long-term care facility or the resident's designated decisionmaker 3 designate one or more individuals as the resident's essential caregivers, including 4 during a declaration of disaster or emergency. 5 If a declaration of disaster or emergency results in restricted access to a <u>a.</u> 6 long-term care facility, the department shall review and update the protocols 7 every thirty days during the period of restriction, including an assessment of the 8 need for continuation of the restriction. 9 An essential caregiver shall meet the necessary qualifications to enter the long-<u>b.</u> 10 term care facility to provide in-person physical, spiritual, or emotional support to a 11 resident of a long-term care facility in accordance with the protocols established 12 under this section. 13 2. The protocols must include: 14 Safety measures for an essential caregiver which may include restrictions on <u>a.</u> 15 travel, enhanced testing for communicable diseases, and the necessary safety 16 equipment required to protect the health and safety of the residents of the long-17 term care facility; and 18 <u>b.</u> Procedures to replace an essential caregiver due to necessary circumstances, 19 including illness or death of the essential caregiver. 20 50-10.3-04. Additional safety requirements for residents of long-term care facilities. 21 A long-term care facility may establish additional safety requirements to protect the 22 residents. The facility may require an essential caregiver to provide personal protective 23 equipment for the essential caregiver and undergo any related training or assume the cost of 24 the personal protective equipment and any related training provided by the facility to allow the 25 essential caregiver to provide in-person physical, spiritual, or emotional support to a resident of 26 the long-term care facility. 27 50-10.3-05. Suspension of access for essential caregivers. 28 If a long-term care facility suspends access to the long-term care facility for an essential 29 caregiver who violates the protocols established under section 50-10.3-03, the long-term care 30 facility shall allow the resident, or the resident's designated decisionmaker, to immediately 31 designate a replacement essential caregiver.

1	<u>50-10.3-06. Liability.</u>
2	A long-term care facility, facility employee, or facility contractor that, in good faith,
3	implements or complies with this chapter may not be held civilly liable for damages, including
4	punitive damages, for any act or omission related to the implementation of this chapter. This
