Senators Wanzek, Conley

Representatives Ostlie, Pollert, Satrom

- 1 A BILL for an Act to amend and reenact section 24-03-08 of the North Dakota Century Code,
- 2 relating to installation of culverts.

3 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

- 4 **SECTION 1. AMENDMENT.** Section 24-03-08 of the North Dakota Century Code is amended and reenacted as follows:
 - 24-03-08. Determinations of surface water flow and appropriate highway construction.

Whenever and whereverWhen a highway under the supervision, control, and jurisdiction of the department or under the supervision, control, and jurisdiction of the, a board of county commissioners of any county, or thea board of township supervisors has been or will be constructed over a watercourse or draw into which flow surface waters from farmlands, the state engineer, upon petition of the majority of landowners of the area affected or at the request of the board of county commissioners, township supervisors, or a water resource board, shall determine as nearly as practicable the design discharge that the crossing is required to carry to meet the stream crossing standards prepared by the department and the state engineer. When the determination has been made by the state engineer, the department, the board of county commissioners, or the board of township supervisors, as the case may be, upon notification of the determination, shall install a culvert or bridge of sufficient capacity to permit the water to flow freely and unimpeded through the culvert or under the bridge. If the state engineer recommends a specific size or design for the culvert or bridge, the department, the board of county commissioners, or the board of township supervisors, as the case may be, upon notification of the recommendation, shall install the recommended culvert or bridge. If the department, the board of county commissioners, or the board of township supervisors, as the case may be, fails to install a culvert or bridge of sufficient capacity for the design discharge determined by the

Sixty-seventh Legislative Assembly

1 state engineer within one year after receiving the state engineer's determination, and does not 2 have good cause for failing to do so, a court may award reasonable court costs and attorney's 3 fees to a person that incurred the expenses in an action to enforce this section. The 4 department, county, and township are not liable for any damage to any structure or property 5 caused by water detained by the highway at the crossing if the highway crossing has been 6 constructed in accordance with the stream crossing standards prepared by the department and 7 the state engineer and any recommendations from the state engineer for a specific size or 8 design for the culvert or bridge.
