The board has the burden of

proving that a wholesale drug distributor or wholesale pharmacy distributor is a clear and present danger to the public health and safety.

43-15.1-09. Inspection powers and access to wholesale drug distributor records - Penalty.

The board or a designee of the board may conduct inspections during normal business hours upon all open premises purporting or appearing to be used by a wholesale drug distributor or wholesale pharmacy distributor in this state. A distributor who provides adequate documentation of the most recent satisfactory inspection less than three years old by either the United States food and drug administration or a state agency determined to be comparable by the board is exempt from further inspection for a period of time determined by the board. This exemption does not bar the board from initiating an investigation pursuant to a complaint regarding a wholesale drug distributor or pharmacy distributor. A wholesale drug distributor may keep records at a central location apart from the principal office of the wholesale drug distributor or the location at which the drugs were stored and from which they were shipped; provided, that the records are made available for inspection within three business days of a request by the board. The records may be kept in any form permissible under federal law applicable to prescription drugs recordkeeping. A person who fails to provide a duly authorized person the right of entry as provided in this section is guilty of a class A misdemeanor for the first conviction and a class C felony for each subsequent conviction.

43-15.1-10. Judicial enforcement.

Upon proper application by the board, a court of competent jurisdiction may grant an injunction, restraining order, or other order as may be appropriate to enjoin a person from offering to engage or engaging in the performance of any acts or practices for which a certificate of registration or authority, permit, or license is required by any applicable state law, including this chapter, upon a showing that the acts or practices were or are likely to be performed or offered to be performed without a certificate of registration or authority, permit, or license. An action authorized under this section is in addition to and not in lieu of any other penalty provided by law and may be brought concurrently with other actions to enforce this chapter.
