standards from the director of the office of management and budget. Chapter 28-32 does not apply to rules adopted under this section.

3. The state may enforce any lien created under this subsection against real property in the manner provided in chapter 35-22, against personal property in the manner provided in chapter 32-20, or against the owner of any institution by garnishment in the manner provided in chapter 32-09.1, except that the restrictions of subsection 1 of section 32-09.1-03 do not apply to a garnishment commenced to collect an assessment established under this section.

Subject to approval of all necessary statutory and constitutional changes and necessary legislative appropriations, the office of management and budget shall provide a grant up to the present value of the total estimated savings to the state for the next ten years resulting from converting the property or institution to an alternative use. The office of management and budget shall consider the estimated cost to the state of continuing to provide the service of the institution or property to state residents when calculating the estimated savings to the state. The office of management and budget shall use the rate of interest earned on state funds deposited at the Bank of North Dakota for calculating the present value of the estimated savings to the state. The grant is to assist the institution and community in the transition to an alternative use.
