Other Sections in Bill

Line item transfers - Section 3 authorizes the Office of Management and Budget to make transfers of funds between the salaries and wages, operating expense, and capital assets line items of the Information Technology Department as may be requested by the Chief Information Officer as necessary for the development and implementation of information technology projects.

Statewide longitudinal data system expenditures - Section 4 provides that the Department of Public Instruction needs approval from the Information Technology Department to expend federal funds appropriated in 2013 House Bill No. 1013, relating to costs associated with the statewide longitudinal data system.

Information technology project planning - Section 5 establishes a new section to North Dakota Century Code Chapter 54-59 to provide that each executive branch state agency, excluding entities under control of the State Board of Higher Education, considering the development of an information technology project with an estimated cost of \$100,000 or more is to involve the Information Technology Department in the planning and study of the project. A state agency must receive a recommendation from the Information Technology Department prior to proceeding with any study relating to the project.

Continuing Appropriations

There are no continuing appropriations for this agency.

Significant Audit Findings

Information Systems Audit - The State Auditor's office recommends the Information Technology Department develop a security plan that provides centralized direction, control over information security, and a systematic risk assessment framework.

Major Related Legislation

Senate Bill No. 2033 - Definition of large information technology projects - Provides for an amendment to the definition of large information technology projects from the current amount of \$250,000 or more to \$500,000 or more

Senate Bill No. 2034 - Creation of executive steering committees for information technology projects - Provides for the appointment process of executive steering committee and the committee's responsibilities
