## END OF SIDE A

SANDI TABOR: support SB2274

SENATOR WATNE: salaries for these officials in state law

SANDI TABOR: no, there are provisions for certain officials

SENATOR LYSON: what does a new attorney make going into private practice

SANDI TABOR: I cannot, because of varied types of attorneys

SENATOR LYSON: ND attorneys make less than 60 thousand a year

SANDI TABOR: are you saying most students out of law school make 60 thousand a year

SANDI TABOR: just a normal attorney making 60 thousand a year

SENATOR LYSON: yes

SANDI TABOR: You may be close

SANDI TABOR: statistic by county that shows the amount of experience they have

SENATOR KELSH: market salary based on availability and those with experience getting that salary

SANDI TABOR: better to allow the market to dictate the price: new attorneys given the choice of private practice vs. the states attorney, and county concerns for this and the public service being elected to a position as this

## January 28, 1999 • Senate Political Subdivisions Committee Allen Ruzicka • Walsh County Commissioner

#### **TESTIMONY FOR SENATE BILL 2274**

Chairperson Lee and committee members, I am Allen Ruzicka, Walsh County Commissioner. I am here in opposition to Senate Bill 2274 which would increase the minimum salaries of state's attorneys.

The commissioners of Walsh County feel that the minimum salary requirements being proposed in this bill would place an undue burden on our county. If this law was passed, it would come into effect in August of this year, and Walsh County would have to locate over \$13,000 in an already strained budget to meet the requirements.

We propose that salaries should be set by workload or caseload, and reflect what the taxpayers of Walsh County can afford to pay. Setting the minimums this high just isn't feasibly for many of North Dakota's counties.

County commissioners should have the freedom to determine reasonable pay scales for the work needed in each county. We are not opposed to a fair salary, but feel that salaries should be determined at the local level.

Madam chair and committee members, I ask that you take into consideration the effects this bill could have on a county such as ours. Please give a **do not pass** recommendation to Senate Bill 2274.

# TESTIMONY TO THE SENATE POLITICAL SUBDIVISIONS COMMITTEE by the

North Dakota County Commissioners Association
Dan Kalil, NDCCA President, Williams County Commissioner

### **REGARDING SENATE BILL NO. 2274**

Chairperson Lee and members of the committee, as President of the North Dakota County Commissioners Association, I am here to express the concerns and strong opposition of county commissioners for the state's attorney salary increases as set forth in Senate Bill 2274.

The County Commissioners Association has supported a \$2,000 across-the-board increase for elected-officials minimum salaries that is contained in HB1362, being heard in the House Political Subdivisions Committee today. That bill was the result of a rather lengthy debate and ultimate consensus reached by the North Dakota Association of Counties Board, which contains representatives of all county-elected officials groups, including the State's Attorneys. The bill before you today is outside the compromise that was reached at that time.

Prior to the mid-1980's, every county-elected officials group addressed this issue individually, and often with poor results. In 1985, in 1991, and now in 1999, through the County Association, a compromise bill has been brought to the Legislature. As a commissioners organization we recognize the need to move the minimums up to encourage a few counties to maintain adequate compensation levels, but we must oppose singling out one county official group for a 33% increase

As you can see by the attached table, which outlines the county expenditure effects of Senate Bill 2274, some counties where the commission is convinced it is necessary, they have already gone well beyond the minimum salary requirements set forth in this bill.

Unlike the Association compromise bill, this bill has no delay of effective date. If passed, the changed law would come into effect August 1<sup>st</sup>, impacting budgets that have already been set for the current year. The impacts created by this mid-year implementation alone would be astronomical, and annually, 39 counties would be impacted to the tune of over \$164,000.

Madam Chair and committee members, I urge you to consider the impacts this bill creates, while excluding the other county official groups. I ask that you give a Do Not Pass recommendation for Senate Bill 2274.
