Rep Dale Severson: Sponsoring bill to allow insurance companies to notify the parent if their coverage is at risk from high-risk children.

Pat Ward: *ND Domestic Ins. Co.* **Written testimony with amendments.**

Rep Lemieux: What does this 'lower coverage's' mean?

Ward: A 250/500 policy could remain while placing the problem driver at 25/50 coverage. This bill would allow either writing a new policy excluding the problem driver or the option to put special requirements on the problem driver. This basically recognizes freedom of contract with the named insured.

Larry Maslowski: *ND Insurance Dept.* We support this with the amendments.

Chairman Berg: We'll close the hearing on HB 1378.

Minutes:

The meeting was called to order. All committee members present. Hearing was opened on HB 1378 relating to limitations on automobile insurance and persons excluded from automobile insurance policies.

Brenda Blazer, in place of Patrick Ward, ND Domestic Ins. Cos. In favor. Written testimony attached.

Senator Mathern: Can you explain section one?

B Blazer: To insure a high risk driver under our policy would require very high premiums. Under this bill we can have the high risk driver insured under a different policy.

Dean Richter, Ins Dept., Instructor ND Safety Council. Problem arose because when kids lost their license the companies would cancel the whole family. The graduated license law is affecting parents pocket books. This bill provides an opportunity to treat risk drivers apart and safeguard the rest of the family. Provided committee with copy of "Minor driver license and insurance survey results".

Senator Every: How would this person ever be insured again?

D Richter: High risk companies will take them and state assigned plan will provide insurance.

Senator Klein: Do you know automatically when a driver has had a suspension?

D Richter: Random polls, also once you lose your license you have to file and need proof of insurance.

Representative Dale Severson, District 23, cosponsor. The reason for this bill is the difficulty of getting insurance because of somebody else's record. Shared with committee experience of losing his insurance because of his children's records. Company would require very high premiums.

Senator Espgaard: The best part of the bill is lower liability limits and less coverage. Question is whether the insurance companies are willing to do that.

Larry Maslowsky, ND Ins. Dept. Neutral. This bill is an attempt by the industry to clarify a point. In section 2 parts being eliminated are already in the code, it says insurance companies can exclude a spouse. Some companies follow the rules very closely so they would exclude the whole family because they are not permitted to exclude any other member of the family. This bill gives a clear signal to the insurance companies that they have an option. Downside would be : what if the excluded person drives the vehicle, the insurance company is off the hook but parents would still be liable.

No opposing testimony. Hearing closed.

**Testimony of Patrick Ward in support of House
Bill 1378 re exclusion of an individual driver.**

February 04, 2001

Chairman Berg and members of the House IBL Committee:

House Bill 1378 is supported by the North Dakota Domestic Insurance Companies. HB 1378, with amendments offered today, would allow an insurer to exclude an individual driver from coverage by agreement with the principal insured. This would allow for smaller premiums and fewer cancellations of families with 1 or 2 problem drivers.

Section 1 of HB 1378 provides that the uninsured and underinsured motorist provisions of sections 26.1-40-15.1 through 26.1-40-15.7 do not apply to bodily injury, sickness, disease or death resulting from operation of a motor vehicle in which the individual operator has been excluded by agreement.

Section 2 of HB 1378 would allow an insurer the freedom to exclude a named individual who is a problem or high risk driver from coverage on a family or group auto policy rather than having to cancel the entire policy and force the family to go shopping for coverage elsewhere. It also allows the possibility of writing lower coverages for the problem driver while the rest of the family may keep their higher coverages. For example, a minor driver facing revocation due to excessive points under the graduated licensing statute could be excluded or given minimum coverages.

If such restricted coverage is written, it must be for at least the minimums provided by law for uninsured, underinsured, no fault and other statutory basic minimums.

The amendment proposed in section 2 provides that the owner who gives permission to an excluded driver remains liable for no fault benefits to an injured person other than the excluded driver.

Section 3 provides that the problem driver or drivers may be excluded from no fault benefits as provided in Section 2.

We respectfully urge A Do Pass with the suggested amendments to this bill.
