Minutes: Chair Keiser: Opened the hearing.

Illona Jeffcoat-Sacco, PSC: (20.7) In support of HB1134. (SEE ATTACHED) This bill allows local companies to have the computer connections. Without this bill, there will be fewer offerings of data for internet options. This bill makes this legal. If they don't offer regular phone service, they don't need to offer unbundled or regular phone service alone. Now bundling, is like Qwest just released they are authorized to provide long distance. Their press release said we are going to start offering all kinds of packages. That's bundling.

Rep. Nottestad: If this bill passes, do you think it will bring in more providers that will offer these services? Will this increase competition or have they just disregarded to a point of looking the other way?

Illona: I don't think it will bring in any more. They just won't be in violation anymore.

Chair Keiser: Any more testimony? Any opposition? Seeing none, we are closed. What are the wishes of the committee?
