Minutes: Chairman Klein: called the hearing to order on HB 1333. All committee members were present.

Representative Belter: appeared in favor of the bill. A committee that has the authority to introduce legislation should be a committee made up of legislators. So from that stand point I felt that the advisory commission of intergovernmental relations is a committee is that we as a legislator should no longer have. My intent is that it should no longer be a statutory committee and we as legislators should have those issues that are important in the various governmental entities covered under other committees that will be meeting here in the interim.

Representative Haas: Can you give us examples of the types of issues they have dealt with?

Representative Belter: HB 1024 which removed the mill levys or consolidated the mill levy was one of the bills that came from that committee.

Representative Brousgaard: appeared in favor of the bill I'm a state legislator of district 19, which includes all of rural Grand Forks county, I don't have a lot to add to Representative Belter

comments but I am in complete agreement that legislators should a mere minimum of miniorty of members on it.

Mark Johnson, ND Association of Counties: appeared in opposition of HB 1333, we as an organization feel very strongly about with the advising commission on here.

We would like to see this remain in place, and also discuss how cheap it is to have a forum for legislators and local leaders. It has provided the only permanent link between local units of government to communicate with the legislature and the governors office. **(SEE ATTACHED TESTIMONY).**

Chairman Klein: how many meetings a year to they normally have?

Mark Johnson: they meet about 5 times in the interim.

Ken Yantes, Township Officers: appeared in opposition of HB 1333 and provided written testimony **(SEE ATTACHED TESTIMONY).**

Connie Sprynczynatyk, ND League of Cities: appeared on opposition of HB 1333, why do you want to consider keeping the advisory commission on the intergovernmental relations, you wouldn't refuse to participate because some people can't be involved within dicussions of local government, because the history of your body is its partnership that you abviously have business to consider from a states prospective, you set the policy and you appropriate the money to run a state business, but I think the history of this organization is that you recognize that you do that as a partnership. I think what you give up if you distroy the advisory commission is a piece of this body that has been acting in good faith by subjects that are important by state and local areas.
Meeting adjourned.
