Minutes: Senator John T. Traynor, Chairman, called the meeting to order. Roll call was taken and all committee members present. Sen. Traynor requested meeting starts with testimony on the bill:

Testimony in Support of HB 3011

Sen Judy Lee - Dist #13, Introduced the resolution (meter .5) Discussed how Rep. Belter and her were involved with previous regulation on closed records. HIPA's involvement.

Classifications of records were allowed some flexibility in the classification of these records that would be exempted under the open records law-but the penalty for these were in some cases Class C Felonies. The concern is the penalty places the employee in the position of not wanting to release any information. We want to make the penalty to match the crime.

Sen. Nelson asked if we have run a list of how many sections of the code say confidential records. We have had a few this session. We have a gone through an extensive research of this but we still find more of these.

Sen. Traynor are some of these violations infractions? I do not see any that were infractions, it is the felony's that are an issue. Some of the violations don't specify a felony at the end of the chapter it will state "if no penalty is stated than it will be a class C felony-but only refer to a felony so it would not come up on a "search".

Sen. Lyson remind committee anything that is "confidential" must hold a "Class C Felony".
