**Chairman Krebsbach** opens hearing on 2198

**Relating to tuition waivers and grants for national guard members.**

**John L. Jacobsen** - Chairman of the Legislative Committee of the ND Veterans Coordinating Council. See written testimony.

**Senator Syverson** - Asked how many members are represented by the organization.

**Jacobson** - VFW - 12,000 members, American Legion, 9,000, unsure of other organizations.

Recess till 8:30, 1/28/05

(meter #337)

2005 SENATE STANDING COMMITTEE MINUTES

BILL/RESOLUTION NO. SB 2198

**Senate Government and Veterans Affairs**

Conference Committee

Hearing Date 1/28, 2005

Tape Number	Side A	Side B	Meter #
1	x		0-2786
2		x	563-986
Committee Clerk Signature <i>Deane Davis</i>			

**Chairman Krebsbach** reopens hearing on SB2198

**Relating to tuition waivers and grants for national guard**

**Senator Ryan Taylor** - See written testimony - speaks in favor of this bill.

**Senator Stan Lyson** - Testifies in support of this bill.

**Dennis Oster** - Velva, ND - See written testimony.

(meter #640)

**Rick Ryan** - Secretary of the ND Administrative Committee on Veterans' Affairs - See written testimony. In support of bill.

(meter #1477)

**LTC David Thiele** - Staff Judge Advocate - Opposing bill - see written testimony.

Page 2

Senate Government and Veterans Affairs Committee

Bill/Resolution Number **SB 2198**

Hearing Date January 28, 2005

**Senator Syverson** - Asked what the re-enlistment bonus is.

**Thiele** - Responded it is typically tied to the length of service and how long your willing to commit.

(meter #2756)

Closed hearing on 2198

(meter #560, tape 2 side B)

**Discussion on SB2198**

**Senator Nelson** - Asked who got the refund back from the private institutions.

**Senator Krebsbach** - Understood but did not think we would have any jurisdiction over the private colleges or out of state institutions.

**Senator Syverson** - Said that the Guard is facing a serious recruiting situation and will become even more serious with time. The original intent of this legislation was to provide a recruiting and retention tool for the National Guard. This bill would provide a certain amount of motivation for terminating the relationship with the National Guard. Also said that people returning from Iraq will not be able to enroll in any college at this time. So they will have lost nine months of eligibility. If we are in favor of this bill he would recommend it be amended to indicate that a period of eligibility would commence with their enrollment in college.

But he does not support this bill. They can extend to help with their education.

**Senator Syverson**- moved for a do not pass

**Senator Brown** - seconded

(meter #943)

**FISCAL NOTE**  
 Requested by Legislative Council  
 01/12/2005

Bill/Resolution No.: SB 2198

1A. **State fiscal effect:** *Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.*

	2003-2005 Biennium		2005-2007 Biennium		2007-2009 Biennium	
	General Fund	Other Funds	General Fund	Other Funds	General Fund	Other Funds
Revenues						
Expenditures						
Appropriations						

1B. **County, city, and school district fiscal effect:** *Identify the fiscal effect on the appropriate political subdivision.*

2003-2005 Biennium			2005-2007 Biennium			2007-2009 Biennium		
Counties	Cities	School Districts	Counties	Cities	School Districts	Counties	Cities	School Districts

2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

The fiscal impact of SB 2198 is not quantifiable. It is unknown how many mobilized guard members would leave the guard prior to completion of their education or how many would begin school after leaving the guard. Since 2001 about 2,895 national guard soldiers and airman have been mobilized. Each individual qualifying student would cost approx. \$3,000 based on the addition of one school year with 25% tuition waiver and \$1,000 per semester tuition reimbursement. That cost assumes only one year of Title 10 mobilization. There will also be additional costs associated with recruiting and training replacements for those guard members who would have otherwise remained in the guard to complete their education.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions-affected.*

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*

<b>Name:</b>	LTC Dave Thiele	<b>Agency:</b>	Adjutant General's Office
<b>Phone Number:</b>	333-2009	<b>Date Prepared:</b>	01/14/2005

**REPORT OF STANDING COMMITTEE (410)**  
January 31, 2005 2:52 p.m.

**Module No: SR-20-1484**  
**Carrier: Syverson**  
**Insert LC: . Title: .**

**REPORT OF STANDING COMMITTEE**

**SB 2198: Government and Veterans Affairs Committee (Sen. Krebsbach, Chairman)**  
recommends **DO NOT PASS** (4 YEAS, 1 NAY, 0 ABSENT AND NOT VOTING).  
SB 2198 was placed on the Eleventh order on the calendar.

2005 TESTIMONY

SB 2198

2/98

## North Dakota Veteran's Coordinating Council

My name is John L. Jacobsen. I am the chairman of the Legislative Committee of the North Dakota Veterans Coordinating Council. I am a member of both the VFW and the American Legion. I am also a member of the VFW National Legislative Committee. We work directly with our Members of Congress on legislation at the national level.

I served 29 years in the ND National Guard and the US Army Reserve, retiring in 1995 with the rank of Colonel. I served on active duty in 1991 in the Persian Gulf stationed in the United Arab Emirates.

The NDVCC membership is comprised of 15 members representing the five (5) veterans' organizations in the state. (3 from each organization) They are:

- American Legion
- AMVETS
- Disabled American Veterans (DAV)
- Veterans of Foreign Wars (VFW)
- Vietnam Veterans of America (VVA)

These organizations represent approximately 60,000 veterans currently living in North Dakota.

I am a member of the Legislative Committee of the NDVCC. I am not a member of the NDVCC but report directly to them. In order for the Legislative Committee to support any bill brought up before our Legislature, concurrence must be unanimous, that is all 15 members must agree that we should support the bill. A single negative response will kill our support.

2198

Statement SB 2198  
Rick Ryan, Secretary ACOVA  
Senate Government & Veterans Affairs Committee  
28 January 2005

Madam Chairperson, member of the committee. I am Rick Ryan, Secretary of the North Dakota Administrative Committee on Veterans' Affairs (ACOVA). The administrative committee on veterans' affairs is a 15 member committee of veterans appointed by the Governor from names submitted to him from the state's 5 major veterans organizations. There are three (3) members from each of the 5 organizations who serve staggered 3 year terms... Our committee is responsible for the state department of veterans' affairs and the state veterans' home.

On behalf of the Administrative Committee on Veterans' Affairs I am here to express our support for SB 2198 and ask for your favorable support of the bill.

The North Dakota National Guard has used their Tuition Assistance program as a recruitment and retention tool for many years. Over the past several years as activations have occurred service members have left our communities at a moments notice to be deployed around the world forcing them to leave families, jobs and in some cases disrupting their education. These members have served our Nation as well as North Dakota honorably and faithfully for the time they were called to duty. Their service has allowed us to maintain the freedoms we enjoy today.

This bill would rightfully allow those returning veterans to pick up their lives at the same point as when they were activated. If the Guard's tuition Assistance program's intent is to be used as a recruiting/retention tool as a benefit then we have an obligation to honor that commitment. This bill does exactly that. It allows returning veterans to continue their education with the assistance they were promised when they enlisted.

There is a saying I have heard that goes something like this. "If you like your freedom, Thank a Vet". This bill says, "Thank You" to our returning Veterans.

Thank you for your support.

Testimony of SB2198

Dennis D. Oster

Velva, North Dakota

Good morning, madam chair and members of the senate government and veterans affairs committee. I am Dennis Oster from Velva, North Dakota. I am a retired Sergeant Major from the United States Army who decided to return home after 23 years of serving our country throughout the world.

I am also the father of two young men who proudly served our nation, and our great state, in the North Dakota Army National Guard.

I am here to speak in favor of Senate Bill 2198 and ask that favorable consideration be given in support of those who are so bravely serving in the current war on terror.

Current state law allows that the state of North Dakota will assist our National Guard Soldiers by providing them with tuition assistance for attending state colleges while actively serving, and attending monthly drills, in the North Dakota National Guard.

This is an excellent program and has greatly enhanced the recruitment efforts of our National Guard forces in North Dakota. Many of our young men and women have signed on looking at this as an opportunity to both better themselves and to serve their state and nation.

At the time this law was formulated no thought was given to the possibility of our National Guard being activated for extended periods of time to fight in a war on terror. We all know this has, and continues to happen, on a regular basis. Our young men and women are to be commended for their service and commitment to our nation.

But under the current state law these same young men and women are penalized for serving in the war on terror. When a young student soldier is activated he is withdrawn from school and sent out of North Dakota for a minimum of 16 months and cannot participate in this program.

All of the young men and women who have been mobilized for the war on terror are unable to receive this benefit while away from our state. In most cases this means they will miss up to two years of eligibility while serving our nation. Upon their return many of them will find that their enlistment period no longer allows them to complete a college degree while receiving this benefit. Whereas the soldier who is not activated is afforded the full opportunity to complete his degree while serving on his initial enlistment.

I know there are those who say the soldier can extend or reenlist and continue to receive this benefit. But we must ask ourselves; "Is it fair to continue to ask the same young men and women to again put themselves in harms way in order to receive a benefit that was promised to them upon their enlistment?" In all fairness to our soldiers is it too much to ask that they receive a fair and equitable opportunity to complete their education after having their lives put on hold for up to two years?

I would ask that this committee make special consideration for our brave soldiers and recommend that SB 2198 be passed to allow for those individuals who are mobilized to receive tuition assistance while in an inactive status so that they can complete their education as was planned upon their enlistment. This would allow our fighting forces to receive an equal chance at receiving this great benefit and not punish them for having answered the call to fight and defend our nation.

Thank you for your assistance in this matter and may God look after our soldiers as they continue in the battle against terrorism.

**Testimony on SB 2198  
Sen. Ryan Taylor  
District 7**

Good morning, madam chair and members of the senate government and veterans affairs committee. For the record, my name is Ryan Taylor, I serve in the senate for the 7<sup>th</sup> district of our great state. I'm here to introduce SB 2198

The idea for SB 2198 came from a constituent of mine, a veteran, who had a son in the N.D. National Guard about to be deployed to Iraq. His son was also an engineering student at UND. Together we came up with this plan to remedy a loss of university time for our guard members when the war began in Iraq during the latter part our 58<sup>th</sup> Assembly two years ago.

I worked up this bill in the last session, but not until after the deadlines had passed. We were unable to attach it late in the session in any form, but I committed myself to submitting it early on in this session so we could have a full hearing on the subject. Two years ago, many of us were probably unsure how long our guard members would be called up to serve in the federal deployment or how long the war would last. I'm proud to say that my constituent, Dennis Oster, is here to testify and explain how the deployment affected his son and his college education in the last two years since the war began.

The bill is before you today in pretty good shape. The language in the bill was written by both Legislative Council and the attorney within the National Guard during the last session. To walk you through the bill, what they did was add the definition of "qualifying student" as it relates to their tuition waivers and tuition reimbursement. Qualifying students include both active members of the guard and honorably discharged guard members called to federal service for the period of time they spent in active federal service, but not including annual training, basic training, military education or active guard and reserve tours. This is meant to work like this:

When a N.D. National Guard member is called up to go to Iraq or Afghanistan, for example, for a period of, say, 16 months, when he or she comes home and finishes their term of enlistment with an honorable discharge, they will have 16 months after their discharge to continue their college education and still qualify for their 25 percent tuition waiver for that period of 16 months. I believe it's only right they get that period of time back for their tuition reimbursement. We know they're doing important work, performing their duty, and, obviously are a half a world away and not at their universities finishing their degree coursework.

Everyone I've discussed this idea with has said, "that's a really good idea." I believe it's not only a good idea, I think it's the right thing to do. There's general agreement that we ought to support our troops, and I think we struggle for ways to do that. Today I wear a yellow ribbon pin, I see the magnets on the cars in our parking, these are good symbols to remind us to take other actions in our role as legislators. SB 2198 is a tangible and legitimate way for us to support our troops.

As you may know, I'm not a veteran or a guard member myself. However, one of my ancestors by the name of Smith Taylor was a UND student and member of the North Dakota National Guard when they were called up to aid in the Mexican border chase of Pancho Villa, which, incidentally, was the second time our state guard troops were called

up in a federal action since statehood. My father served in WWII in the south pacific and spent his 24<sup>th</sup> birthday in a landing craft as part of "Invasion A" of mainland Japan before learning that the bombs were dropped and the war was over.

So I do have a real appreciation for North Dakotans spending precious years of their youth in far away and dangerous places. Every one of us has guard members in our districts who have served bravely, and probably a few who will have finished their enlistment with honor but have not finished their college degree, in part because they were serving us in a far away and dangerous place.

Passing this bill will go a long ways in letting our sons and daughters know that we appreciate their service and that we'll honor our promise of helping them with their college education. I think it can also serve as an enlistment tool to assure incoming Guard members that, if they are called up in an extended federal deployment, they will not lose that time from their college education. It seems the likelihood of call-ups and federal deployments is getting to be a given in the world of today.

I think this bill is in pretty good shape, but I would be amenable to any friendly amendments that can allow it to better accomplish its intent. I would like to see the 59<sup>th</sup> Assembly pass this measure, support our troops and honor our promise of a higher education and a better start in life. Please give this a Do Pass recommendation.

I'll stand for any questions you may have.

TESTIMONY OF  
LTC DAVID THIELE  
STAFF JUDGE ADVOCATE  
NORTH DAKOTA NATIONAL GUARD  
BEFORE THE  
SENATE GOVERNMENT AND VETERANS AFFAIRS COMMITTEE  
JANUARY 28, 2005  
SENATE BILL 2198

Madame Chair, Members of the Committee,

*"The purpose of this chapter is to encourage voluntary membership in the guard, improve the educational level of its members, and thereby benefit the state as a whole." N.D.C.C. 37-07.1-01*

The above language is the legislative intent and purpose of the National Guard Tuition Waiver Act. SB 2198 would not only violate the specific intent but would in effect create a disincentive for retention in the North Dakota National Guard. National Guard soldiers and airman are provided tuition assistance in the form of a 25% waiver and also tuition reimbursement. Currently we are providing up to \$600 per semester but if the requested additional funding is approved in our executive budget that amount will increase up to \$1,000 per semester. Such assistance is provided only for current members of the National Guard, as has been the policy since the inception of the Tuition Waiver Act in 1977.

Many soldiers recently mobilized have had their college education delayed. Upon their return, provided they remain in the National Guard, they remain eligible for tuition assistance. To allow such soldiers to leave the National Guard but retain their eligibility

for tuition assistance is completely contrary to the intent of the Act and will encourage members to leave rather than extend to complete their education. MG Michael Haugen, the Adjutant General, has directed that we do everything in our power to allow our soldiers to complete their education, with the caveat that they must remain in the National Guard. Soldiers wishing to complete their education can extend their enlistment for 1 year, 3 years or 6 years. Many of our soldiers are reenlisting while in the combat zone to take advantage of increased in bonus money and also the tax breaks.

Spending 15 months away from home and family is extremely difficult on soldiers, airman and their families. This creates great stress on our ability to remain a strong and ready guard. Maintaining our strength and ensuring that we are ready to respond when called by either the state or nation is our greatest challenge. We are very pleased that retention during this difficult time has not been significantly reduced (a 1.5% decrease in retention). In order to maintain our position as a strong and vital National Guard we must, and will, focus on retention and recruiting. As the national mission evolves, those states that demonstrate the ability to maintain their strength will be the states that are designated for increases or, at a minimum, not lose units.

We honor those soldiers that have served and are proud to support the adjusted compensation bill that will pay our resident veteran's additional compensation for their personal and financial sacrifice (SB 2146). To those few guard members who believe that the current benefit's of membership in the National Guard do not outweigh the sacrifice, we thank them for their service and wish them well. What we cannot support is the creation of a disincentive to remain in the National Guard as proposed by this bill. We have an absolute obligation to look at the needs of the entire National Guard of North Dakota. While well intended, this bill focuses on the needs of the few to the detriment of the organization, and therefore we must respectfully request that the committee vote do not pass on HB 2198.

Thank you Madame Chair and members of the committee. I would be pleased to respond to any questions.
