FISCAL NOTE

Requested by Legislative Council
03/28/2017

Amendment to: HB 1436

1 A. **State fiscal effect:** *Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.*

	2015-2017 Biennium		2017-2019 Biennium		2019-2021 Biennium	
	General Fund	Other Funds	General Fund	Other Funds	General Fund	Other Funds
Revenues						
Expenditures		$80,000	$1,561,006	$1,787,273	$1,561,006	$1,967,273
Appropriations			$1,561,006	$1,707,273	$1,561,006	$1,707,273

1 B. **County, city, school district and township fiscal effect:** *Identify the fiscal effect on the appropriate political subdivision.*

	2015-2017 Biennium	2017-2019 Biennium	2019-2021 Biennium
Counties		$409,098	$409,098
Cities		$341,798	$341,798
School Districts		$207,729	$207,729
Townships			

2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

A bill to require the NDPERS Health Plan to be self-insured instead of fully insured.

B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Section 5 of the bill required the NDPERS Health Plan be self-insured as of January 2018.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

N/A

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

Expenditures are associated with consulting services to assist with the preparation, distribution, analysis, actuarial and other work efforts associated with a full bid process identified in the NDCC. Last time PERS used an actuarial/ technical consultant and Pharmacy consultant. The cost for the actuarial/technical consultant was about $200,000 and the pharmacy consultant approximately $60,000. Since the proposed bid is less complex the actuarial/technical review is estimated at $100,000 in 2017, for a total cost of $160,000. The bid would start spring of 2017. A full bid would be required after four years in 2021 at an approximate cost of $260,000.

PERS would request contingent appropriation authority and 2 FTE so a self-insured plan could be fully considered. PERS has included this in its budget request for the last full bid and the renewal in case the plan moved from fully insured to self insured. Requested dollars needed for this is $428,139 per biennium.

The prior fiscal note had a 2.00% premium increase. The changes result in a 0.58% premium increase needed to build the required contingency reserves required in NDCC 54-52.1-04.3. This would be $7.36 per active contract per month ($1,561,006 general fund and $1,279,134 other funds).

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*

The appropriations are not included in the executive budget. PERS would request contingent appropriation authority and 2 FTE so a self-insured plan could be fully implemented. PERS has included this in its budget request for the last full bid and the renewal in case the plan moved from fully insured to self-insured. Requested dollars needed for this is $428,139 per biennium.

The prior fiscal note had a 2.00% premium increase. The changes result in a 0.58% premium increase needed to build the required contingency reserves required in NDCC 54-52.1-04.3. This would be $7.36 per active contract per month ($1,561,006 general fund and $1,279,134 other funds).

FISCAL NOTE

Requested by Legislative Council
03/09/2017

Revised
Bill/Resolution No.: HB 1436

1 A. **State fiscal effect:** *Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.*

	2015-2017 Biennium		2017-2019 Biennium		2019-2021 Biennium	
	General Fund	Other Funds	General Fund	Other Funds	General Fund	Other Funds
Revenues						
Expenditures		$80,000	$5,378,385	$4,915,588	$5,378,685	$5,095,588
Appropriations			$5,378,685	$4,835,588	$5,378,685	$4,835,588

1 B. **County, city, school district and township fiscal effect:** *Identify the fiscal effect on the appropriate political subdivision.*

	2015-2017 Biennium	2017-2019 Biennium	2019-2021 Biennium
Counties		$1,409,610	$1,409,610
Cities		$1,177,718	$1,177,718
School Districts		$715,761	$715,761
Townships			

2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

A bill to require the NDPERS Health Plan to be self-insured instead of fully insured.

B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Section 5 of the bill required the NDPERS Health Plan be self-insured as of January 2018.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

N/A

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

Expenditures are associated with consulting services to assist with the preparation, distribution, analysis, actuarial and other work efforts associated with a full bid process identified in the NDCC. Last time PERS used an actuarial/ technical consultant and Pharmacy consultant. The cost for the actuarial/technical consultant was about $200,000 and the pharmacy consultant approximately $60,000. Since the proposed bid is less complex the actuarial/technical review is estimated at $100,000 in 2017, for a total cost of $160,000. The bid would start spring of 2017. A full bid would be required after four years in 2021 at an approximate cost of $260,000.

PERS would request contingent appropriation authority and 2 FTE so a self-insured plan could be fully considered. PERS has included this in its budget request for the last full bid and the renewal in case the plan moved from fully insured to self insured. Requested dollars needed for this is $428,139 per biennium.

A 2.00% premium increase would be needed to build the required contingency reserves required in NDCC 54-52.1-04.3. This would be $25.36 per active contract per month ($5,378,685 general fund and $4,407,449 other funds).

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*

The appropriations are not included in the executive budget. PERS would request contingent appropriation authority and 2 FTE so a self-insured plan could be fully implemented. PERS has included this in its budget request for the last full bid and the renewal in case the plan moved from fully insured to self-insured. Requested dollars needed for this is $428,139 per biennium.

A 2.00% premium increase would be needed to build the required contingency reserves required in NDCC 54-52.1-04.3. This would be $25.36 per active contract per month ($5,378,685 general fund and $4,407,449 other funds).

Ellen LeTang

Explanation or reason for introduction of bill/resolution:

Employee benefits program committee, public employee uniform group insurance health benefits coverage & provide for a retirement board line of credit.

Minutes: Attachment 1, 2, 3

Chairman Keiser: Opens the hearing of HB 1436.

Al Carlson ~ District 41- South Fargo: Attachment 1. Your house passed out HB 1406 & 1407 with significant amendments as to the changing of the board & the committee structure for the operation of PERS. This is none of those. Below will be key points from his testimony.

This is self-funded public employee health insurance plan that sets the state for the future for health benefits for the future. This is by far, 49 out of the 50 states has some version of a self-funded plan.

It is time. We tried it once in the past & the legislature at that point in time was not willing to put money into the reserves because it probably an opportunity for the premiums to not cover the claims to begin with as you go through this. This bill takes care of that.

It simply means that insurance is not purchased but rather the state insurance contributions are pooled into state owned reserve fund to pay claims, administrative expenses & any money that isn't used to pay claims or administrative expenses, stay in the fund.

In a fully insured state plan, the state will pay premiums based projected claims. In the last biennium it's amazingly high about what those total claims were. Claims paid were 255 million dollars.

The key is, what is the value of self-funding? Is there a benefit for the state to do this in the long run? These are not our dollars; these are the tax payer's dollars. We made a commitment years ago to our state employees when we didn't offer raised, that we would stay 100% funded on their health insurance. The governor came over & asked, why didn't you take off 5% dissipation by the public employees.

What this bill does is doesn't change anybody's benefits during the next biennium but it does change on a designated date, which would be the first day of the year in 2018, it will change ours to a self-funded plan.

The key is, how does it work & what happens to these 477 million dollars' worth of premiums we pay as a state; which 220 million dollars of premiums are general fund dollars. What happens to those, how does this work & the benefit down the road. This bill is going to have reinsurance.

At this time, there is a health insurance tax of 2.5% which applies to a fully insurance plan & does not apply to a self-insured plan. Do the math on what we are paying on that tax as well & it's about 11 million dollars.

This bill is also going to require that there is reinsurance to make sure that our catastrophic loss is covered. It also has a fee that is allowed when the bids that are put out to reimburse the person who is going to do the claims for us.

This is the end result that is affordable for the state as we go into the future. If you read the bill, it does not cut our benefits.

Section 5, page 6 of the bill, it says may not shall. The same plan & benefits coverage. Also, the retirement board shall use available monies that fund created, the reserve fund which has about 36 million dollars in it of which 18 million dollars of that was taken to buy down our premium.

Lines 14-23 above, we have the Bank of ND to back us up if we do exceed our premium in the short term. **(See attachments & the bill for further details).**

If we extend the contract for 6 more months, is that time to bid that new self-insurance plan? Whoever bids it, the records are available what our claims history is. I'm not sure what the response would be by those people involved but I anticipate whether they will find the problem. That problem I believe should be able to be handle by those people who effectively did that in that amount of period of time.

Instead of a 6-year contract it's a 4-year contract with a 2-year renewal or it could be rebid if the board calls for that. This does not strip the board's ability to control but it directs the retirement board to use the reserve fund & talks about the affect to what happens to a bill during the session.

Our rules now, our employee benefits standing committee, has to receive or take possession of that various bill & it can be taken away from the policy committee. This bill says that they have control of those issues if we are not in session but when we are in session, the policy committee that it is assigned to has possession of that bill will have control. That is a procedural change. Now, the whole legislative body has the opportunity through this committee in bringing it before the floor to vote on those issues. It's not meant to strip the authority but to involve us, the policy & spending branch into this process.

The executive recommendation was for $112.49 a month premium & this is a combined rate. It also talks about the 18 million that would be taken from our reserve funds. This has gone from $400 premium in 2001 to a $1,249 premium in 2017-2019.

This is an issue that we must address. This doesn't take away everybody's benefits; it means we control our own destiny. We don't know what the repeal is for the Affordable Care Act because we need to know what effect that will have on us & we need to be able to control our destiny on this.

If this is successful, our temp would also be not to take those reserves but to add the numbers back into each budget, instead of taking the reserves away, to leave available, this would be our first backstop for our insurance policy.

16:45

Chairman Keiser: Where are we going get the dollars that would have been used with the 18 million that would have been transferred from July 1 to January 1?

Rep Carlson: Right now we don't have a plan that says we have it setting in a pot, when we have to cover it. If one of those bills we passed says we can't use those reserves, right there is 18 million dollars. We have to put that back into those budgets & cover those 18 million dollars, whether it would be from options that we have. We have to come up with those dollars. When it's on the table, we have to discuss it & right now we have nothing on the table. The Bank of ND is our back drop. If you did a minimum reserve of 3%, that's 64 million dollars. You need availability of 64 million dollars to make sure that this plan works. We will have to find it if we move forward with this.

Rep Boschee: The claims history, what was that number? Was it for the year or for the biennium?

Rep Carlson: I have the note that came from council that says your reserve balance for 1½ & 3 months' claims paid during the past year was 255 million dollars for the year. You have to understand that Sanford had a negative balance of 65 million where their claims exceeded their premiums. That led to the increase that we have of premium that we have today that went up plus it required an 18-million-dollar injection into that fund as well. It went from $1,130 to $1,249, which is 10.6% plus 18 million dollars. The number I have is 255 million & assuming you use that same number, means that we need to have a reserve of 64 million dollars.

Rep Beadle: On the fully insured plan that we have now, did our current provider lose in this last biennium due to the cost being higher than they anticipated. If we profit off of it & expenditures are less than what we allocated, we split the profits 50/50 with the provider. If we lose money based on the fully insured, they end up absorbing it? That takes away a lot of the risk & liability for the state. Have we actually studied, making the adjustment to the self-insured plan in terms of what it would do towards our liability exposure?

Rep Carlson: That's why we buy the reinsurance to limit your liability. The reinsurance is absolutely crucial to the success of the self-insured plan. I'm sure they do it as well. A wellness program & self-insured plan is fiscal management for the future, it's time.

Chairman Keiser: We can ask Sparb Collins to go through plans. I do know that currently we have a modified fully insured plan with the risk corridor, I'm not sure if that's what we have in the next biennium.

Rep Kasper ~ District 46: Talks about how you obtain a self-funded insurance bid.

28:30

Rep Boschee: The primary concern about the employees & in our districts, many have the co-pays & deductibles. That is set up through a plan design, so regardless of what we are seeing here in SB 1436, based on current benefits, it won't change because the plan design has to be the same.

Rep Kasper: That's exactly right. There should be no fear, everything is the same except how it's funded.

Rep Lefor: Can you expand on what a 3rd party administrator is?

Rep Kasper: A third party administrator is a company that has a business of providing claims processing, negotiating with the providers for a claim & providing the record keeping. It's an insurance plan not an insurance company. The administrator is paid by a per employee/per month fee, which is negotiated in the contract. In a fully insured plan it's a hidden fee.

Rep Lefor: A 3rd party administrator handles the claims but you still use another company for the reinsurance aspect of it?

Rep Kasper: That's correct.

Rep Beadle: By switching to self-insured, would that do anything in terms of who handles negotiations?

Rep Kasper: The 3rd party administrator, almost have all availability to networks that are providers. The plan specifications would require to have the network availably under the new plan or they could rent a network that companies have in ND & nationwide. You would have a network that is vast & available in ND.

Chairman Keiser: We will have Jennifer Clark come up. I will start off, on tax savings, the 2.53% hit tax, is that going away?

Jennifer Clark ~ Legislative Legal Counsel: I'm neutral of this bill. I was just reading a report about the federal plan & the proposal to revise/repeal on the ACA. I don't recall what that tax provision was. My recollection is most of the changes that are anticipated under that plan, they phase in over time. So, most are taking place in 2019-2020.

Rep Kasper: What are the key things, when you are fully insured, you pay a premium tax in the state of ND as well, that also goes away on a self-insured plan & we don't pay premium tax, except on the stop loss premium? As far as the ACA, that a different issue, that's about a 1½ - 2 percent saving for ND.

35:23

Pat Bellmore ~ Chief Marketing Officer-Blue Cross Blue Shield ND: I would like to make myself available as a resource in terms of what is happening out in the market place with these types of programs. We have a large presence in representing large companies. The employee would not see a change & they would have a different card. Over all, it a good idea to put forth.

37:36

Rep Kasper: In your book of business, what is the average size of your employer/employee self-funded group?

Bellmore: We are licensed to do partial self-funded, meaning self-funding with stop loss all the way down to 26 employee lives. Any large employer we have that exceeds 750, is self-insured.

Rep C Johnson: The self-insured plans, are they with private companies. Are there any public entities, like a city or county? What is the difference between private & public?

Bellmore: There is no difference in the way the plans are structured. The basics are the same.

Rep Boschee: Can you talk about the experience you have seen with self-insured increases, are you talking about we don't see go as high year to year or biennium to biennium or is that not a factor?

Bellmore: I never dealt with a self-insured entity that went self-funded, turned back & went fully insured.

Chairman Keiser: Anyone else here to testify in support of HB 1436, opposition, neutral position.

Sparb Collins ~ Executive Director of the ND Public Employees Retirement System (NDPERS): Attachment 2. I will appear in the neutral position because I haven't been able to talk to our board.

48:30

Rep Kasper: The fund for the fully-insured is deposit, owned by the plan & could be an interest bearing account?

Collins: There are fully insured as well as self-insured, yes. In fully insured we get interest at the 5 years bill rate.

Rep Kasper: Which I'm sure you would negotiate for a self-insured plan?

Collins: Yes.

49:00 ~ Continues testimony.

52:40

Rep Kasper: How much are we getting in a refunded premium for a buy down in the biennium on our health plan?

Collins: That's in the next paragraph.

Rep Kasper: The other positives the previous years were with a different insurance carrier?

Collins: We have basically the same contract in place, yes there is differences in terms of performance.

53:20 ~ Continues testimony.

53:50

Rep Kasper: This is disingenuous to say that if we would have been self-insured, we might have had the same 15-million-dollar loss because we don't know where the stop loss premiums would have kicked in.

Collins: That's what I meant to say if I didn't.

Rep Kasper: You really can't compare.

Collins: Yes.

54:20 ~ Continues testimony.

1:04:30

Rep Kasper: Have you asked the AG for an opinion on whether or not the contract you have with Sanford would violate section 18, article 1?

Collins: You brought that up with the one meeting & I asked someone from the AG's office to talk to you. Did they?

Rep Kasper: You have not asked for an AG's opinion?

Collins: No.

Rep Kasper: Why not?

Collins: I would like the AG's office answer that for you.

Rep Kasper: This is the 3rd or 4th time I heard that there is a potential constitutional issue, I would assume as a ND PERS, you would want clarification from the AG opinion so we know what we are dealing with.

Rep Boschee: You said that we were just under 22% average increase when we self-funded, just 14% average when fully-funded, any assumptions why we see a 7% difference.

Collins: We can't draw any specific conclusions there about which is better. What I'm pointing out with those numbers is there nothing in those numbers that says that one is in fact better than the other.

Rep Beadle: Most of the conversation is with the increases in the premiums. Have you pulled any analysis from other states in terms of their increases?

Collins: In the testimony on page 2 are some comparisons.

Rep Kasper: Did you also compare the benefits?

Collins: No.

Chairman Keiser: Could you give the committee a copy of RFP for the coming biennium? Also, both the response to the fully insured, risk corridor insured, modified program & also the self-insured. We can see the RFP's as well as the bids.

Collins: I gave it to you last time, I can't give you the bid.

Chairman Keiser: You just went through a process.

Collins: We went through a renewal & the renewal followed the procedures that you adopted in statue.

Lisa Carlson~Senior Director of Market Strategy at Sanford Health Plan: Attachment 3. We believe is the due date of section 5, unconstitutionally impairs our existing contract. We would be happy to discuss the due dates & if that section was changed.

1:12:40

Rep Kasper: What is the date your legal council is saying the date would have to be change to where you would see no threat under the potential constitutionality issue?

Carlson: Our council has said that after our contract expires, June 30, 2021.

Chairman Keiser: Eric, can you come up?

Eric-Bank of ND: We have a small amendment that deals with the line of credit. Our desire would be to change the rate. You have a fixed rate of 1¾%, typically how we deal with state agencies, we give them the same rate across the board which is 1½% over the 3 month liable, a floating rate. Rather than a fixed rate of 1 ¾% which may last. That is our suggestion to make a small change in the interest rate to make floating like we do with all other state agencies.

Rep Boschee: Can tell us what the 3-month LIBOR rate is today?

Eric: It is 1.13.

Rep Becker: Doesn't that give some instability to the actuarial aspect. I imagine that the LIBOR rate is going to up based on what we've been hearing through the feds.

Eric: It would certainly may. When you draw from a line of credit from the bank's perspective is locking you in a rate of 1¾% for I don't know for how long. As you suggested, it does appear that rates are going to go up. The Bank of ND on a 50 million line could be lock in to a rate, which under our cost of funding. That's how the bank looks at it & is to protect the bank from interest credit risks. Those 2 have to be balanced.

Rep Kasper: If we put a 4-year sunset rate on the interest rate, could you live with that?

Eric: We would have to look at a different rate.

Rep Kasper: Are we able under current statue to do that, even though you do not like it?

Chairman Keiser: The answer is yes.

Rep Ruby: This is the rate you charge per year, an annual rate & this is a percentage of insuring is a line of credit? If it's ever accessed & it's called in, then there is an interest rate that is different, is that right?

Eric: No, this is an interest rate on a loan, when the loan is taken down.

Rep Ruby: Otherwise no.

Eric: This would be the loan rate.

Chairman Keiser: You are right, Rep Ruby, the rate would not go into effect.
You are not borrowing the money until you need, it's a line of credit. There is no interest until you use it.

Chairman Keiser: Closes the hearing.

Ellen LeTang

Explanation or reason for introduction of bill/resolution:

Employee benefits program committee, public employee uniform group insurance health benefits coverage & provide for a retirement board line of credit.

Minutes: Attachment 1

Chairman Keiser: Reopens the hearing of HB 1436.

Todd Steinwand ~ Chief Business Development Officer of the Bank of ND:
Attachment 1. We want to offer the following amendment to HB 1436. It relates to section 4, number 3, talks about the interest rate charges on the line of credit.

(Reads the amendment).

Rep Becker: It seems to me that this insures that the Bank of ND is the cost for you?

Steinwand: It does provide a return for the bank. When we have lent money to other agencies, normally it's been at variable rates. Most likely, interest rates are going It makes sense to lock in the rate. We expect interest rates to rise 3 times over this coming year. We are able to do some match funding if we know what the dollar amount & lock in some rates. We tried to be competitive.

Yes, we will get a return on this.

Chairman Keiser: Further questions?

2017 HOUSE STANDING COMMITTEE MINUTES

HB 1436
3/22/2017
Job #29553

☐ Subcommittee
☐ Conference Committee

Re Mae Kuehn

Explanation or reason for introduction of bill/resolution:

Employee benefits program committee, public employee uniform group insurance health benefits coverage and provide for a retirement board line of credit.

Minutes: Attachment 1a & b

Chairman Keiser: Opens the hearing of HB 1436.

Rep Carlson, Sponsor ~ District 41: (Attachment 1a & b). I have always had a concern that we do not have enough tie between the PERS Board and our Employee Benefits Committee which is a standing committee. A lot of these amendments deal with trying to tie those together.

The amendments maintain the current membership of the board. It limits the activities of the board to the interim between regular legislative sessions. When all us are here at the legislature, we should all be hearing and voting on those issues.

The bill takes away the draft reviewing process. Instead it limits review to the executive and judicial branch. It expands the role of the employee benefits policy committee to quarterly meetings during the interim. We see the budget the day the Governor gives his report to us in the pre-session. That is too late. We should be engaged in the process. But when we are backed in with a contract and told this is what is to be paid, it takes us out of the picture of the job we are supposed to do. This tries to tie them together.

There are concerns on the retirement side. There are fiduciary relationships that are established on the retirement plans that we don't want to be in the middle of. It codifies in PERS law that all PERS uniform group plan contracts and terms are subject to legislative appropriation and changes. All other contracts and leases are subject to the legislature appropriating the money.

(6:00)
I believe we are on solid ground saying that we have to put into law that everything that is signed is subject to our review and ability to appropriate.

It clarifies under a self-funded health plan that it may include consideration of funds extended to the board by the Bank of North Dakota. It clarifies the January 1, 2018 directive to transition to self-funded plan doesn't include the PERS retiree plan or the Medicaid Part D plan.

If we are spending $477 million of taxpayer money, we need to be engaged. The way this is written, the contract that we have today extends for the entire biennium the same benefits, copays, and deductibles. We become the risk taker and we become liable for anything over the insurance loss amount. There are people who provide the third party services to administer the claims. They bid it on a regular basis. They have an established fee. They have said that those who have gone from fully funded to self-funded have not reverted back over the years. Forty-nine out of fifty states have done this. North Dakota should be able to also.

Rep Beadle: In discussion on the original hearing on this bill, we learned that we were the ones that went from self to fully insured. When we are dealing with a $500 million contract, why wouldn't we want to study this change before doing it?

Rep Carlson: We have studied this in the past. There was an opportunity to have a bid for self-funded. In the last two rounds those bids were not accepted. In both cases they were cheaper. This is about money management for the State of North Dakota. Why study when we know the facts?

Rep Ruby: (Attachment 1b) Page 3, line 9--This is talking about the plan and in current law would have to be accompanied by a report of the Employee's Benefit Committee. Are we okay to make a change without that process happening?

Rep Carlson: We still have actuarial reports that we get. The PERS Board is still in place. This just deals with the action we take in the interim.

Chairman Keiser: This section is similar to what we did in the Worker's Compensation section of the code where every bill that is introduced has to have a fiscal note.

Jennifer Clark ~ Attorney at Legislative Council: Page 3, line 9, subsection 5, that law is in place today. The difference is now it applies to the introduction of every legislative measure regardless of who the sponsor is. The change is that we are not applying that limitation to measures introduced by individual legislators. We are limiting it to legislative management bills because they are done early, executive branch, and judicial branch bills. Those are the pre-filed.

(15:00)
Rep Ruby: By moving to a self-funded program, are we allowed to do that without the requirements under existing law that is under subsection 5?

Jennifer Clark: Your concern is that this bill doesn't have a report on it. On page 8 of the markup, there is an exemption so that is an attempt to acknowledge the fact that this doesn't have a report on it. When it is in code that the executive branch needs to do something, there is no getting around it. In this instance, you are tying your own hands as a legislative

assembly. When you as a group take an action that counters what you had told yourselves what you wanted to do, that new action trumps what code says. In practice, it hard to stop somebody who wants to introduce a bill.

Chairman Keiser: Currently we are on a modified fully-funded program until July. The proposed contract for the next two-year period, is it a modified fully insured or a fully insured plan?

Sparb Collins: It's modified. We have negotiated one change. Currently we share 50/50 in the first $6 million of loss. The contract in place for July 1, there will be no risk on the top end. It is all shifted to the carrier.

Chairman Keiser: Is there a division on the profit?

Sparb Collins: On the bottom end it would be the same and that is 50/50 on the first $3 million. After that all of it comes back as a refund to PERS. That includes the rebates and interest.

Chairman Keiser: We will reconvene on Monday morning at 9:00 a.m.

2017 HOUSE STANDING COMMITTEE MINUTES

Industry, Business and Labor Committee
Peace Garden Room, State Capitol

HB 1436
3/27/2017—1st meeting
Job #29691

☐ Subcommittee
☐ Conference Committee

Le Mae Kreuh

Explanation or reason for introduction of bill/resolution:

Employee benefits program committee, public employee uniform group insurance health benefits coverage and provide for a retirement board line of credit.

Minutes: Attachment 1a & b and Attachment 2

Chairman Keiser: Opens the hearing of HB 1436.

Chairman Keiser: The purpose of reopening the hearing is to give anyone in the audience a chance to comment on the amendment proposed last week? (Attachment 1)

Lisa Carlson, Sanford Health Plan: We are in opposition to HB 1436 because in Section 5 it is our belief that it unconstitutionally impairs our existing contract.

Chairman Keiser: There is also an amendment from the Bank of North Dakota. (Attachment 2) If you have the amended bill page 7, line 7. The Bank suggested that on line 7 it would be "million dollars at an annual rate not to exceed three percent" vs. the "one and three-quarters" percent. "Not to exceed three percent for a two-year term or four percent for a five-year term." Continues reading from amendment.

Rep Ruby: Moved both amendments. I think the Bank of North Dakota's amendment is prudent. If you get a loan, it is generally a better rate if it is a shorter term.

Rep Sukut: Second.

A Roll Call vote was taken: Yes 13, No 0, Absent 1.

Motion to adopt both amendments carries.

Rep Lefor: Moved to amend page 1, line 17, correct second word from end to "public." Also on page 3, line 23 add "or measure" after the word "amendment."

Rep Boschee: Second.

Voice Vote taken. Motion to correct wording carries.

Rep Beadle: Move to change on page 7, line 18, replace "2018" with "2020." The PERS committee just went through the reauthorization of the contract. That would give additional time to implement the policy.

Rep Becker: Second.

A Roll Call vote was taken: Yes 7, No 6, Absent 1.

The motion to change the date to 2020 carries.

Rep. Ruby: Moved Do Pass as amended.

Rep Laning: Second.

Rep Boschee: I will resist the motion. I know there has been frustration in the past with the PERS board. I see them as an independent body who has spent the time studying these issues. My concern is the short time that we had to study this. This is not a good path forward. It shows another overreach that the legislative branch continues to make toward the executive branch.

A Roll Call vote was taken: Yes 10, No 3, Absent 1.

Do Pass as amended carries.

Representative Lefor will carry the bill.

2017 HOUSE STANDING COMMITTEE MINUTES

Industry, Business and Labor Committee
Peace Garden Room, State Capitol

HB 1436
3/27/2017—2nd meeting
Job #29701

☐ Subcommittee
☐ Conference Committee

Rep Mae Kreidt

Explanation or reason for introduction of bill/resolution:

Employee benefits program committee, public employee uniform group insurance health benefits coverage and provide for a retirement board line of credit.

Minutes:

Chairman Keiser: We had a request to reconvene. Is there an intention to reconsider any of our actions from this morning on HB 1436?

Rep Becker: Moved to reconsider. Rep Beadle's amendment is worthy of discussion. We should avoid having concerns about contracts. The timing defeats the purpose because the legislature will be back in session before 2020. We should keep the original date.

Rep Bosch: Second.

Chairman Keiser: This is in reference to the amended bill page 7, line 18 where we amended the date from 2018 to 2020. I talked to the Attorney General. It is the Attorney General's position that if a lawsuit is mentioned in testimony that they don't comment because they would have to defend the State of North Dakota.

Rep Beadle: I'm going to stand by my amendment. It would behoove us to look at history. We are in a costly plan. The idea that a self-funded plan will be cheaper might not be true when we look at the fact that we are so expensive that our current provider is absorbing over $50 million worth of loss in a biennium. If we don't do this, we will have the Bank of North Dakota stop gap. The fact that pushing this onto another legislative session would give us two years to study a half billion-dollar adjustment worth of liability exposure to the state when currently we don't have liability or risk exposure. We can adjust funding levels any time we want. The terms and conditions of the contract are adjusted. We have control, security, little risk, and little liability. By pushing it out two years, it gives us the ability to study all of what brought us into the circumstance we are now and make sure we are not jumping in and hoping it is a better policy.

Voice Vote taken. Motion to reconsider carried.

Rep Ruby: Moved to amend to change the date from 2020 to 2018 on page 7, line 18.

Rep Sukut; Second.

A Roll Call vote was taken: Yes 10, No 3, Absent 1.

Motion to amend carries.

Rep Ruby: Moved Do Pass as amended.

Rep Bosch: Second.

A Roll Call vote was taken: Yes 10, No 3, Absent 1.

Do Pass as amended carries.

Representative Lefor will carry the bill.

Renumber accordingly

Amendment to House Bill 1436

The Bank of North Dakota shall extend to the board a line of credit not to exceed fifty million dollars at an annual rate not to exceed three percent for a two year term or four percent for a five year term. The board shall repay the line of credit from health insurance premium revenue or from other funds, as appropriated by the legislative assembly. The board may access the line of credit, as necessary, to provide adequate reserve funds, to purchase stop-loss coverage, and to defray other expenditures of administration of the self-insurance plan.

REQUEST

REP. VIGESAA REQUESTED that the remarks of Rep. Trottier be printed in the Journal, which request was granted on a voice vote.

SIXTH ORDER OF BUSINESS

SPEAKER BELLEW DEEMED approval of the amendments to HB 1436, SB 2099, SB 2141, Engrossed SB 2189, and SB 2196.

HB 1436, as amended, was rereferred to the **Appropriations Committee**.

SB 2099, SB 2141, Engrossed SB 2189, and SB 2196, as amended, were placed on the Fourteenth order of business on today's calendar.

MOTION

REP. VIGESAA MOVED that HB 1436, which had amendments passed on the previous Sixth order, not be rerefered to the Appropriations committee and be placed on the Eleventh order of today's calendar, in accordance with HR 329, which motion prevailed on a voice vote.

CONSIDERATION OF VETOED MEASURE

HB 1153: AN ACT to amend and reenact section 54-06-31 of the North Dakota Century Code, relating to state employee recruitment and retention bonus programs.

ROLL CALL

The question being on the final passage of the enrolled bill, over the Governor's veto, which has been read, the roll was called and there were 84 YEAS, 7 NAYS, 0 EXCUSED, 3 ABSENT AND NOT VOTING.

YEAS: Anderson, B.; Anderson, D.; Beadle; Becker, Rich S.; Becker, Rick C.; Blum; Boehning; Bosch; Boschee; Brabandt; Brandenburg; Carlson; Damschen; Delmore; Delzer; Devlin; Dobervich; Dockter; Ertelt; Grueneich; Guggisberg; Hanson; Hatlestad; Headland; Heinert; Holman; Howe; Johnson, C.; Johnson, D.; Jones; Kading; Karls; Keiser; Kempenich; Kiefert; Klemin; Koppelman, B.; Koppelman, K.; Kreidt; Laning; Lefor; Longmuir; Louser; Magrum; Marschall; Martinson; McWilliams; Meier; Mitskog; Mock; Monson; Nathe; Nelson, J.; Nelson, M.; Oliver; Owens; Paur; Pollert; Porter; Pyle; Roers Jones; Rohr; Ruby, D.; Ruby, M.; Sanford; Satrom; Schatz; Schmidt; Schneider; Schobinger; Seibel; Simons; Skroch; Steiner; Streyle; Sukut; Toman; Trottier; Vetter; Vigesaa; Weisz; Westlind; Zubke; Speaker Bellew

NAYS: Anderson, P.; Hogan; Johnson, M.; Johnston; Maragos; O'Brien; Schreiber-Beck

ABSENT AND NOT VOTING: Boe; Kasper; Olson

The House overrode the Governor's veto of HB 1153, as enrolled.

****

SECOND READING OF HOUSE BILL

HB 1436: A BILL for an Act to amend and reenact sections 54-35-02.4, 54-52.1-04, 54-52.1-04.2, and 54-52.1-04.3 of the North Dakota Century Code, relating to the employee benefits program committee, public employee uniform group insurance health benefits coverage, and to provide for a retirement board line of credit; to provide a continuing appropriation; to provide for application; and to provide statements of legislative intent.

ROLL CALL

The question being on the final passage of the amended bill, which has been read, and has committee recommendation of DO PASS, the roll was called and there were 71 YEAS, 19 NAYS, 0 EXCUSED, 4 ABSENT AND NOT VOTING.

YEAS: Anderson, B.; Anderson, D.; Becker, Rich S.; Becker, Rick C.; Blum; Boehning; Bosch; Brabandt; Brandenburg; Carlson; Damschen; Delzer; Devlin; Dockter; Grueneich; Hatlestad; Headland; Heinert; Howe; Johnson, C.; Johnson, D.; Johnston; Jones; Kading; Karls; Keiser; Kiefert; Klemin; Koppelman, B.; Koppelman, K.; Kreidt; Laning; Lefor; Longmuir; Louser; Magrum; Maragos;

Committee Clerk Signature

Explanation or reason for introduction of bill/resolution:

A BILL for an Act to amend and reenact sections 54-35-02.4, 54-52.1-04, 54-52.1-04.2, and 54-52.1-04.3 of the North Dakota Century Code, relating to the employee benefits program committee, public employee uniform group insurance health benefits coverage, and to provide for a retirement board line of credit; to provide a continuing appropriation; to provide for application; and to provide statements of legislative intent.

Minutes: Attachments: 1-2

Chairman Poolman: Opened the hearing on HB 1436.

Representative Carlson, District 41: See Attachment #1 for testimony as sponsor and in support of the bill. This is a delayed bill out of the House. The other bills you have seen on this subject dealt with the mechanics of the board, how we deal with the board issues, and whether or not the interim committee should be more engaged in this. Most of the bill deals with our ability to self-insure. Self-insurance is a concept that is used in 49 of the 50 states. We are the one that has not chosen that. This bill sets up a timeline and guidelines about how you go about self-insuring and how you buy reinsurance to cover catastrophic loss. It also deals with issues of who bids and how they can bid. How they are paid and what the contract would say about their administrative fees. It is not any more complicated than that. The complication of the issue seems to be, from those people against it, is if the plan is going to change and if it is a back door way to get at the public employees and take away their benefits. The answer is emphatically no. For the next two years, the plan will be exactly the same. Every session we come in, there is a chance to adjust the plan. This time, as you know when it came to us from PERS board and the Governor, it had increased co-pays and co-insurance costs so it cost each one of our members more money this time than last time. That was done to help keep the cost of this plan in line because it escalated another 17%, and with that they have taken away some of the reserves that we built up. It is taking $15 million of the $35 million in reserve. As they recalculated, they also found that the bid had gone down some. Within the budget bill that you will see, we are lowering that another $1.5 million. You will not see that on the premium, you will see that as a credit back into each agency budget. The question is why reinsure? What are the long term benefits? I am looking down the road. I am not looking at just today. The long term benefits are that it gives you much more flexibility when you are done. It allows you to do more health initiative type things. It allows you to have HMOs. It allows you to have various plans that you offer. There is a risk factor, because instead of our plan being fully insured by someone like Sanford or the blues,

where if your claims outrun your premiums, they take the difference. In the last two years, when they renewed the plan, Sanford lost a significant amount of money because our premiums did not match up to our claims. Therein part of the reason why the premiums had to go up. They said they couldn't do it for that. Included in that was raising the premium $120 plus $16 million out of our reserves. You can say; is that paying them back for the claims? You could look at it that way. That is not how I look at it, but that is what happens if they are going to offset the costs in two places. The debate should be centered on whether this is a smart move for the state or not. I think it is a great move for the state long term. Some would say that we have a signed contract and that we cannot break the contract. Unless something has changed, the contract is not signed yet.
(5:32) Refers to last page of provided attachment.
(6:04) We have the ability to adjust the contract, because it is subject to our appropriations. We could say the appropriation is 0 just to get out of it. The intent is and what my amendments were going to do is to have the start date for self-insurance to change from January 2018 to June 30th of 2019, and then start our official date for self-insurance, it would reduce the amount of money that we need to take from our reserve fund to fund that one year extra premium and then our decision would be whether or not to fund the rest of that out of general fund or we continue to take the reserves out to keep our premium in the line where it is. The more we discussed that option, the more we said that may be a logical way to approach this. There is not a boogie man in here. This is a matter if we believe we can be a risk taker, but also a reward taker. Those that have done it have found that it has been very successful. There is no question; we cannot continue to fund $477 million a biennium on our health insurance between federal funds and state funds. Of that $477 million, $221 million is general fund dollars. We have to look ahead and we have to make a decision of what we are going to do here. I think the flexibility of us controlling it, running it, and us being the reward receiver, we have the advantage of having some reserves to start with. By the way, good business practices tell you that you should have between 1.5 to 3 months of premiums in reserve. Depending on what we do with our implementation date and our reserves, we could have as much as $36 million or we could have as little as $18-$20 million to start our reserves. Plus, we have the advantage of the ability to go to BND and if the premiums do not cover our expenses we take out a line of credit. You have to pay it back, but once you get stable and have built the reserves it should not be necessary. There were a number of years that we had no money for raises, so in turn we gave full coverage of medical. We also pay 11.12% of the retirement of our public employees and they pay 3%. In a normal business situation, that is 50/50. So, we have a fully funded plan of $1200+ a month and we also pick up a majority of the retirement costs that they are having. We have worked hard in the last 4 or 5 sessions to raise those employees up to the midpoint. We have done numerous studies where we looked at getting the salaries up to a competitive level. We can never be fully competitive with the private sector, but these things have all been done because we value our public employees. This is not a threatening thing to them. In the end this should allow us to provide as good or better coverage for less money to the state. This bill also says that when we are in session bills will not go to the employee benefits committee. It will go to the standing committee assigned to the bill and it will also require that all of the same actuarial statements would go to the standing committee that would have gone to the employee benefits committee. When we are here, there are 94 in the House and 47 in the Senate to vote on things.
(12:35) Refers to attachment – self-funded vs. fully funded. It is important to look at the tax saving in not being a part of the Affordable Care Act.

(13:39) There have been self-insurance proposals brought forward the last two biennia and both of them have been lower than the plan they took. There might be a lot of reasons as to why they did not want to make the change. Currently Sanford is charging $11.60 per member, per month for administration, and the renewal proposes and increase of 44.5% to $16.76 per member, per month. There is 17.4% increase in this budget, as well as changes to the plan. Governor Burgum proposed a 5% employee contribution, and that was not received really well in your chamber. We would have probably attached it on the House, but I am not sure of that. We did not think that was the right discussion at the right time. I think it is a discussion for another day. I think the public employees and those that work for the state should understand that we had every opportunity to change this plan as we funded it and we did not. To say in any way, shape, or form this is endangering what they have is not true. They will receive the same benefits but it will be the same cost to the state for the next biennium. My recommendation is to allow me to bring you the different numbers of what it does to change the date. There is a lot of stuff in the bill and if there are any technical questions, we can bring Jennifer Clark down here for all of the technical details. The most important part is to go self-insurance. It gives us the ability to buy reinsurance, hire an administrator to do it. We are not going to run it. It does not lay off anyone at PERS. It does not lay off any state employee. What it does do is put us as risk and reward taker in the process.

(16:20) Senator Bekkedahl: On the handout from Legislative Council (reads from attachment 1, page 4, 8.2), is the 60 days' notice in writing from one party or the other or is it mutually agreed upon that they each have letters to agree? I don't understand that.

Representative Carlson: I don't either and that is the way it is written. I am assuming that within a 60 day time frame from the first one saying that we are out, and the other one would have to agree and then you have both within 60 days. That is the way I would interpret it. One of the two would have to make that move and then the other one would have to agree within 60 days the way I read it. We need an attorney to tell us.

Senator Bekkedahl: Is it ok with you if we ask Legislative Council for that interpretation?

Representative Carlson: Absolutely. Everything we do is subject to legislative appropriation. If that bill is not passed and signed, and there is no money in it, I don't care what the paper does it cannot be done. There has to be funding for it. I would hope that we could reach some agreement with these folks if you go forward with this. By putting it off another two years we are saying that hopefully our financial situation is that we can do it two years from now. I think the farther this goes down the road we are going to have some real issues with the ACA. When Congress changes plans they take away grandfathering, and all those things can adversely affect how we do business here.

Vice Chairman Davison: I think that probably 90% of legislators in both houses agree that the self-insurance is an excellent way to take a little more risk and reduce health insurance costs etc. I don't know that is the issue with the bill. I think there is some timing issues. When we talk about the Bank of North Dakota and borrowing $50 million from them to help with the reserve, do you think there is an issue from the insurance standpoint that that isn't really our money with the Bank of North Dakota and that it is a line of credit. Do you think that an issue as far as building up our reserves for the self-insurance? Are there other ideas besides the line of credit from BND?

Representative Carlson: Everything at the Bank of North Dakota is our money. We could take more of the reserves and have them put the $50 million in. It is a matter of what your appetite is for. We may or may not need any part of it. It says up to $50 million, so it could be $5 million we needed one month and then pay it back the next. We are going to go into this with $20 million up to $36 million already in the bank. The key is timing here. If we spend all of this reserve down, and we come back next year and decide to do it in 2021, no matter when you do it you will have the same renewal issue with less reserve. We can take the money right out of the profits if we want to move it from one hand to another – it is our money. The way the books are, and we are trying to balance them let me tell you today we are still lf $55 million to $60 million short even if we moved all of the money around we wanted to.

Vice Chairman Davison: Could you give me more detail on how you see the changes in the bill with the employee benefits committee?

Representative Carlson: I think it is very important that elected officials like us, that have to make the funding decisions, should also be making the decisions on the policy design and the other things that go with it. We have two legislative members that are on that board and seven other members that are not elected by anyone. In our chamber, our one representative member is a minority member of 13 and 81 of my people are not represented on the board. That is an issue that bothers me a little bit. (Reads the duties of the PERS board from a document not provided to the committee.) All of that is done by 7 unelected members, of which most of them have or do work for the state of North Dakota. I just don't know that anyone else would do that besides this state. Therefore, those amendments are that we should be more in control of those decisions that are made. It doesn't say that we have to sign every contract, and it doesn't say that PERS goes away. You still the fiduciary relationship and the help, but I do say that the legislature should be more involved when you listen to that list of things that they are entitled to do. We gave them those by the legislature in statute. There is no one to blame but us if we don't like the way it is done, and the only way to do it is to ask to change it a little bit. Every time that contract gets signed, we are obligated. Then they say we are going to be sued if any modifications are made, so where is our role in this? Think about that as you deliberate on this. This is the future of 10 years from now how our plan is going to look. Can we afford to pay the same benefits tomorrow that we did for our public employees today? If we continue on the spiral we are on, the answer is no.

(25:48) Vice Chairman Davison: I appreciate you bringing the PERS contract down relating to the escape clauses. Do you have any concerns that Sanford could pull out and decide to not do the insurance for one more year?

Representative Carlson: Anyone can be sued including the state of North Dakota. I would hope that they would want to be the administrator for this plan and not have the risk. They could take the administrative fee and do something they have already established. Could they sue us; could they feel they need another four years? It wouldn't be two years. It would be four years to recoup their losses at $65million that they were short. You have to ask them that question. What is our responsibility to the taxpayers of North Dakota? This is not free money. We extracted this from someone's pocket. We are going to have to pay it back in terms of a good benefit.

Vice Chairman Davison: I think there would be some concern by them, but I was just more concerned that they would just say the heck with this whole thing. We don't even want to be the administrator moving forward and then we are left out that one year trying to figure out what to do.

Representative Carlson: That would be a question for legal staff. My staff attorneys tell me that is not the case by the language. Can we argue? That is something for court. I would hope that they would want to stay with us and that they would want to be our administrator and get that 16% figure off of each and every premium without having any risk. That is a lot of cash. It is not like they are doing it for free. As to us being without coverage, I know for a fact that we could find coverage and have someone fill that gap if we had to.

Vice Chairman Davison: As we deliberate, I am more comfortable that we could go another year. You don't think that waiting till the next biennium would be better?

Representative Carlson: We will be in the same situation at that point.

Vice Chairman Davison: Previously, when the bid went out before the legislative session in 2015, was there not any discussion on going self-insurance?

Representative Carlson: That has always been an option for the PERS board, but they have not picked that option any time. I do not have the answer to that. They can tell you that. This has nothing to do with last session. It does highlight the point that when we got here, if it had not been for word of mouth, we would not have known that we were changing providers. All we wanted to do is make sure the coverage is the same. Several retirees have emailed me and said they are paying more today. That is water under the dam. We agreed to two members on the board and we went forward. This has to do with looking ahead. I think this is the right thing to do at the right time.

Senator Bekkedahl: Looking at the PERS board and standing committee, as I read the bill, there is still a PERS board that has to provide reports to the standing committee. Is that correct?

Representative Carlson: Yes. The PERS board does not go away. The bill attempted to tie those two closer together so that we don't get this information the day we see the Governor's budget address on the floor. This quarterly ties those together so they don't get separated and we get up to date information.

Senator Bekkedahl: The PERS board retirement oversite responsibilities that you mentioned versus health plan system; is there ever any consideration of further separation of those duties from the PERS board so they become more of a retirement board and less of a health plan system board or are they still going to have responsibilities in both areas?

Representative Carlson: One of my bills in the first half did more of that because there is a fiduciary responsibility on the retirement side. I am not sure the legislature should be in charge of that because of the ways thing change every two years. If there is better language to that, I think that is crucial.

Senator Bekkedahl: In Williston we used to be self-insured but after the 80's boom and bust, we went from 245 employees in our pool to under 100. We suffered under the smaller numbers but then we came back into PERS. I do not think that is an issue with the size of the employee base for the state, but my question is if we could do an actuarial review of the current employee base? We are facing some employee downsizing as well.

Representative Carlson: That is easy information to find. There are about 630 less public employee positions and over 700 less in higher education. By far thought, this would be the largest self-insured plan in the state. There are reasons why states are self-insured. They found the benefits that it creates to them cost wise in the long run. Our services have not gone away. We just shrunk the size of our workforce, and in some ways services have become more demanding. This time we had a 0/0 for salary increase. We still have a fully funded health plan and we are still paying 11% to 3% of the retirement. We have a very solid package for our employees. If we wait, what is the benefit? Do we have another 2 year bid that is all ready to sign, or do we make the move now and try and lengthen this out a little bit and give them more time to recover and go forward from there?

Chairman Poolman: I am very much in agreement on the concept of having more legislative oversight since the taxpayer has to pay the bill, but in your amendments here you are having the PERS board report out but it doesn't seem to give us any teeth in terms of saying for them to go back to the drawing board and choose something else. Did you think about doing anything like that?

Representative Carlson: I was thinking about coming over here so I didn't. Even though I am in complete agreement with that. Everything we do should have an end result, because in the end we are responsible for the laws and for the money. I think it should have more teeth but I was not sure how to get it done. I tried to do an advisory board but that did not go over in the Senate. There is an opportunity to do this better but I just haven't got all of the logistics figured out yet.

Chairman Poolman: Have you thought about increasing the amount of legislators on Employee Compensation Commission?

Representative Carlson: That is probably be a good way to do it. They should be elected legislators and voting members. If you can think of wording this better, I am all for it.

(39:30) Lisa Carlson, Senior Director, Market Strategy, Sanford Health Plan: Testified in opposition to the bill. We believe that the bill amounts to an unconstitutional impairment of our existing contract. However, if the date were to change to the expiration of our contract to June 30th of 2021, we would be happy to support this bill. Sanford Health Plan stands neutral on whether the state chooses to self-fund or not. In fact, we operate in 3 other states and it is common place for state public employee plans to self-fund. Our 2015 bid with PERS included a self-funded bid as well as a fully insured bid. We would be happy to continue to bid on that after the expiration of our current proposal. After our initial two year, we met our prescribed performance guarantees in the satisfaction standards pursuant to our contract and the board began their renegotiations with us in August of 2016 as they are required. They concluded in September of 2016, at which point the PERS board voted to renew the contract for another two-year term beginning July 1, 2017 – June 30th, 2019. Likewise, the

PERS board has another option to renew the contract effective July 1, 2019.If this bill passed, we believe Section 5 of the current bill draft does impair our existing contract. Representative Carlson did make note that Sanford Health Plan is going to try to recover our cost and that is why we are trying to extend the contract. We would like to clarify a very important part of our existing contract. Our contract with PERS is set so that 50% of the profits of the first $3 million are split 50/50 with the state. The most Sanford Health Plan can make on this contract moving forward is $1.5 million. There is not recouping the cost that we have incurred on this contract. Therefore, the state then actually has only up side benefit to this contract. Any profits above the $3 million belongs to PERS and the state. Any losses are not owned by the state at all. They are completely Sanford Health Plans losses going forward. The state is in a very unique position having a fully self-funded model but a hybrid model, in which they get to have their cake and eat it too. That is a very important factor about Sanford Health Plan not wanting to preserve the contract because we are trying to recover costs. We are not going to recover our costs because of the current terms of our contract. Our desire to keep this contract lies in our initial investment in the state. We bid because we thought that we could make a positive impact on the health and infrastructure of the state employee benefit plan. We have invested time and effort with providers in every corner of the state to develop the infrastructure needed to do the best care coordination of the employees that we can possibly do. We need time to effectuate many of these changes. We spoke last time about the investments of care management. If the state wants to transition to their own self-funded model, it is in the state's best interest to have plenty of time to do that, because the state then will take on the burden of care management. The state will need the time to get the infrastructure to be able to manage a self-funded system, because once you pass the baton to become fully self-funded plan the risk becomes all yours. It only benefits the state to use the subsequent years and the current run out of the contract through 2021 to set up the infrastructure you will need so that you protect yourself from losses.

(44:15) Vice Chairman Davison: Do you remember the difference of the two bids offhand?

Lisa Carlson: I do not recall what the difference was but we can get that for you because it is public information.

Vice Chairman Davison: In this process I think there is some agreement that self-funding is a good option for North Dakota. Your testimony does have an impact on my thinking regarding the risk and the changes of what could be coming from the ACA and just our national healthcare program. It looks like we are fairly protected for any of those changes because we know what it is going to cost us. Our job here is to try and figure out a solution to this as opposed to fight over it. I am wondering if we went out two years on this and tried to figure out something in 2019, is there any flexibility to that?

Lisa Carlson: Our immediate concern is that we have a contract that is place today and we have not discussed anything beyond that.

(46:50) Senator Dever, District 32: Testified in opposition to the bill. I am not opposed to consideration of a self-insured contract, but I am in support of consideration and not just implementation without that conversation. I think the amendments in HB 1023 accomplish that. I think we should make that consideration going forward. Today is day 60 of what some had hoped would be 70 legislative days, and we are supposed to put that together? $477

million in premiums. I think we should include that in the study. I would also like to comment on a couple of other things. One is the Employee Benefits Committee. It has taken a beating in the last couple of years because some think their proposals should not stand up to this group. I think Section 7 of this bill is an example of that. It says that this act is not subject to consideration of the Employee Benefits Committee. I think that we should all play by the same rules. I think statutory committees should serve purpose and I always thought the bills and parts of bills did not go into effect until they go through the process; passed by both houses, signed by the Governor, and past the date of effectiveness. The Employee Benefits committee is statutory, and it does not exist just in the interim. It exists even through the session and we have had a few meetings even on this bill. In this session, it is made up of 7 House members and 6 Senators. If it has responsibility in some sense in a fiduciary responsibility, as the PERS board does, then I don't think you pass that responsibility off to someone else just because we are in the session. Any proposals that will effect employee benefits should be submitted by April 1st so that the Employee Benefits Committee can submit them to actuaries. That is not true in this case and not true with some of the other proposals that have come forward here. It also says that if you do not follow that process that it has no effect. I think that is problematic. New members come into the session and they have a right to introduce bills and they were not elected on April 1st. that is something that I can see setting aside, but that could be part of the study too. (Reviews the members of the PERS board.) These are all very well qualified members, and I bristle at the suggestion that these people are acting outside of any authority granted to them by the legislature in making decisions. If we are going to say that it should be controlled by the legislature, then let's consider all of different agencies that enter into contracts. Let's consider the boards that include people that are not elected. I think those are some considerations that should be made if we are going to go down that road. We need to give it more consideration than to just have a bill introduced late in the session. We do not have a fully insured plan, we have a modified fully insured plan. The profits, or overages in the premiums, that are generated from the plan that were not necessary to support the plan come back to the state. When you talk about the insurance reserve fund, that is where those profits come from. The risk that they state has in the current biennium is that we share in the first $6million of any losses 50/50. In the upcoming biennium, Sanford said that we will assume all of the risk. So when we talk about both, we have the best of both. I don't think that is something that we should set aside in the next 10 to 20 days of the session.

(55:25) Sparb Collins, Executive Director, North Dakota Public Employees Retirement System: See Attachment #2 for testimony in a neutral capacity on the bill.

(58:15) Senator Bekkedahl: You have in your testimony that the board notes that this bill would limit that competition to self-insured only and the board further notes that by limiting competition and unintended consequence may be the limitation of price competition for the plan. If that is the case, then why has the board not selected the self-insured option since you have already had that best environment for competing prices?

Sparb Collins: This board has always felt the fully insured was the best choice based on price and all of the other variables. It has never won out against the modified fully insured contract. It is not a choice between self-insured and fully insured. I can come back and go through some of the pricing considerations from last time.

Vice Chairman Davison: I need to go deeper with that question. Help me to understand what the discussion is then in why we select the modified plan as the self-insured plan; outside of the money side of things. What is the discussion then why we would not select the self-insured plan?

Sparb Collins: We would select the self-insured plan if there was that much difference in cost. This isn't a decision of what is better or worse. It comes down to capabilities of being able to provide the service. Being able to meet the plan specifications that are bid, and they are extensive. We need to make sure the carrier can replicate the plan that we have in place. It provides a uniform basis. Third is pricing. Last time it was very close and the board made the decision to maintain.
(1:01:25) Returns to testimony page 1.

(1:09:25) Chairman Poolman: What is the dollar amount of the fees?

Sparb Collins: This time it was bid at around $14 million. The last biennium with the close out, BCBS claimed closer to $18 million.

Vice Chairman Davison: In the bid, do we break administrative fees out on those bids so that we can see the differences?

Sparb Collins: I can tell you those numbers generally. We go through a fairly extensive process that involves 6-8 meetings. The first time we got bids from BCBS and Sanford both on fully insured and self-insured. We rejected the fully insured bids and went to bid again. We got back in fully insured from BCBS and Sanford. As a result of the rebid we were able to get some more favorable situations there. At the end of that we ended up with bids coming in and we narrowed it down to the BCBS fully insured and self-insured as well as the Sanford fully insured. Sanford self-insured was eliminated at that time. As we got down to that next particular point, the BCBS fully insured came in at about a 19% to 20% increase. The Sanford came in at a 15% increase. The hard thing about self-insured to peg is the with a million dollar stop loss on it BCBS was about 14.5%. If you ramp that coverage down, that would have run us about $3 million a year. You can take those coverages and buy, instead of $1 million individual of stop loss you can ramp it down to $750,000 and that about doubles the cost, etc. By the time we got down to $500,000 the self-insured with BCBS would have been about 15%. The two were identical but as we will see here in a minute, the individual stop loss only covers one risk. We still could have taken substantial losses. At the end of the day those two proposals were almost identical. One would have had more risk and this one did not have risk for you.
(1:12:48) Returns to page 5 of testimony.

(1:15:32) Senator Bekkedahl: Is there any way with the history that you could have calculated what the approximate return would have been under the self-insured?

Sparb Collins: I can tell you that under the type of contract that we have, we share a 50/50 in the first $3 million of gain and after that everything comes back to PERS. At most, it would have been about $1.5 million difference and that would be each biennium.
(1:16:42) Returns to page 6 of testimony.

(1:22:00) Senator Bekkedahl: The $30 million increase in reserves, what is the increase payment from the state in the biennium at the 17.4% increase?

Sparb Collins: Keep in mind that is not what is being put in the budget. 17.4% was the initial amount that came in to maintain the existing plan. To give you the numbers, about 5.1% is being reduced as a result of plan design change that were imposed by the Governor. This is not the PERS board, the board would just assume have the benefits stay the same. We give the options and the Governor makes the recommendation to you and you guys share those options with everyone etc.

Senator Bekkedahl: What is that number taking out the 5.1%?

Sparb Collins: That drops us down to 12.3%. About 2.4% the Governor proposed to use our reserves to buy that down. Where you are at right now is in the budget you have about a 9.8% increase for health insurance premiums in the budget for two years. That averages out to be about 4.9% a year. Which is pretty low.

Senator Bekkedahl: What is that number?

Sparb Collins: Keep in mind that the state of North Dakota is over 50% of our members is much higher in terms of the payments that are received because a lot are retirees and their premiums we pay secondary on. We will get that number for you.
(1:24:30) Sparb Collins: Returns to page 7 of testimony.

(1:35:40) Vice Chairman Davison: Sanford talked about the different kinds of support services that we would need to have in place that are part of the fully funded hybrid one that we have now. When you say the plan is the same, you are talking about dollars and cents and not necessarily quality of services, is that fair?

Sparb Collins: I am talking about the benefits being identical; the deductibles, co-pays, and the co-insurance. Like we went through last time, the behind the scene things are going to be different. No two companies offer the same exact thing. (Gave examples.) On self-insured we can hire a carrier to do this just like Sanford would. We are at risk for them though. We also know that there would be more internal things. That is why we are requesting the additional staff.

Vice Chairman Davison: What about customer service support?

Sparb Collins: It would be different.

Chairman Poolman: (Asked Edward Moody to come to the podium.) When you talk about borrowing money from the Bank of North Dakota, is this something that companies can typically do? Is a line of credit acceptable for reserves or is this unique?

Edward Moody, Director, Insurance Company Licensing and Examinations, Insurance Department: That is unique to HB 1436. We do not allow lines of credit.

Chairman Poolman: Asked for some additional information for the committee. Closed the hearing on HB 1436.

2017 SENATE STANDING COMMITTEE MINUTES

Government and Veterans Affairs Committee
Sheyenne River Room, State Capitol

HB1436
4/10/2017
Job Number 30012

☐ Subcommittee
☐ Conference Committee

Committee Clerk Signature

Explanation or reason for introduction of bill/resolution:

A BILL for an Act to amend and reenact sections 54-35-02.4, 54-52.1-04, 54-52.1-04.2, and 54-52.1-04.3 of the North Dakota Century Code, relating to the employee benefits program committee, public employee uniform group insurance health benefits coverage, and to provide for a retirement board line of credit; to provide a continuing appropriation; to provide for application; and to provide statements of legislative intent.

Minutes:

No Attachments

Chairman Poolman: Opened HB 1426 for committee discussion. Senator Heckaman sat in the committee as a non-voting participant for Senator Marcellais, who was absent. We should decide what we want to do with the bill today. As I look at the idea of going self-funded, I can understand why Representative Carlson has an interest of doing that in the long run. I sympathize with his arguments that we need more legislative oversight. I think he is right in both of those cases to try to start controlling the cost of health care for the state. We should study both of those issues with a specific end game in mind. That we would eventually look to go self-funded and increase legislative oversight; whether it is on the PERS board, or the employee compensation commission, or if we want to give more authority to the employee benefits committee. I think there are lots of ways we can do that. I am reluctant to support this bill at this time simply because we have a number of issues. First and foremost, being the contractual issue with Sanford. Secondly, I am very uncomfortable with saying that we have a line of credit for reserves rather than building those up over time in advance. There are several smaller issues with the bill in terms of gutting some of the employee benefits committee, responsibilities and some of those changes as well. I personally am reluctant but would like to know what the rest of the committee thinks.

Vice Chairman Davison: Did Representative Carlson bring any amendments for us to look at that he suggested.

Chairman Poolman: No, he never did.

Senator Heckaman: I have a couple of thoughts about this. While was not here in the 80's when self-insured plans were around, I understand that the cost became a white elephant in

the room, and I am sure you probably discussed that in committee before. The issue of that overriding a lot of other needs for the funding that we have right now would be something that the committee should listen to. Also, do we have a study sitting out there on this?

Chairman Poolman: We did have a study on HB 1023.

Senator Heckaman: I think that is important, and when you look at the line of credit that would be needed for this, I think it would be hard to get passed through the Senate chamber.

Senator Bekkedahl: I would agree with your earlier concerns. The current is not subject to review by the employee benefits programs committee, so personally I like to get that input and I like to see what is happening with the people on the ground. I have a little concern on that. The timelines don't really fit with where we are at in the contract. I understand that there is mitigating circumstances to that that could be worked on according to testimony, but I am not sure of that myself. It does bring some question to my mind on that. On the reserve status, I think if we are going to be going this way we need to plan our reserve status much sooner than we are at this point. That is a huge issue. The self-insurance plans that I have seen in the past that are successful dedicate adequate reserve funds before the plan is in place and not as the plan is ongoing. I am in favor of self-insurance, but it needs to be properly planned. I prefer the study that we already have in consideration to this current bill.

Senator Heckaman: In another bill that we had in Human Services, we were visiting with Sparb Collins, and they can already bid for this plan. I would assume you discussed that in the past. There is nothing prohibiting that.

Chairman Poolman: I did give the committee a copy of the last bids and when we take a look at the total projected cost, when we have self-insured options versus what we ended up taking, even the cheapest self-insured option was only $2 million less than the fully insured bid that we ended up taking, and we look back and think of all of the millions of dollars' loss that we did not take as a result of that. I think that it was a much safer bet. It comes down to risk to some extent. It is important for everyone to know that we have negotiated no risk going into the next two years. Which is important considering our fiscal situation. It does not seem like a great time for us to take a gamble on self-insurance.

Vice Chairman Davison: Moved a Do Not Pass.

Senator Bekkedahl: Seconded.

A Roll Call Vote Was Taken: 5 yeas, 0 nays, 1 absent.

Motion Carried.

Chairman Poolman will carry the bill.

HB 1436, as engrossed: Government and Veterans Affairs Committee (Sen. Poolman, Chairman) recommends **DO NOT PASS** (5 YEAS, 0 NAYS, 1 ABSENT AND NOT VOTING). Engrossed HB 1436 was placed on the Fourteenth order on the calendar.

2017 TESTIMONY

HB 1436

HOUSE BILL NO. 1436 - SELF-FUNDED PUBLIC EMPLOYEE HEALTH INSURANCE - SUMMARY

This memorandum summarizes 2017 House Bill No. 1436. The two primary elements of this bill are proposed changes to the duties of the Employee Benefits Programs Committee and a legislative directive the Retirement Board provide the uniform group health insurance benefits through a self-insurance plan.

EMPLOYEE BENEFITS PROGRAMS COMMITTEE

Section 1 of the bill amends North Dakota Century Code Section 54-35-02.4, the law providing the powers and duties of the Employee Benefits Programs Committee. The proposed changes would narrow the duties of the committee during the interim and during legislative sessions. Current law directs the committee to consider and report on all legislative measures and proposals that would impact, actuarially or otherwise, the Public Employees Retirement System. This duty extends to bills introduced during legislative sessions and to amendments made to legislative measures during legislative sessions.

The changes made in Section 1 of the bill would limit the committee's jurisdiction to the interim and to legislative measures and proposals of the executive branch, judicial branch, and Legislative Management. The jurisdiction of the committee would not extend to the regular legislative session, and during the interim would not extend to legislative measures and proposals of individual legislators. Instead, during legislative sessions, standing committees would be charged with evaluating the impact of amendments on bills which would impact the Public Employees Retirement System.

Section 7 of the bill provides a statement of legislative intent, stating it is the intent of the 65th Legislative Assembly that House Bill No. 1436 not be subject to the jurisdiction of and related review by the Employee Benefits Programs Committee.

UNIFORM GROUP HEALTH INSURANCE - SELF-INSURANCE

Sections 2, 3, and 4 of the bill amend Sections 54-52.1-04, 54-52.1-04.2, and 54-52.1-04.3, the law authorizing the Retirement Board, to provide uniform group health insurance through a self-insurance plan. Current law allows the Retirement Board to provide benefits through a self-insurance plan if the board determines a self-insured plan is less costly than the lowest bid submitted by a carrier for a traditional health insurance plan. The proposed changes would retain this provision, plus clarify the board may provide health benefits through self-insurance if self-insurance costs less than benefits provided through a health maintenance organization (HMO) and clarifies the Legislative Assembly may direct the board to provide health benefits through a self-insurance plan. The bill retains the provision that under a self-insurance plan the board is required to limit the term of the contract to 2 years, may renegotiate for an additional 2 years without soliciting bids, and is required to solicit bids at least every 4 years. The bill clarifies the board may transition from a self-insurance plan to a traditional plan or an HMO if the self-insurance plan is more expensive than the other types of plans, and the bill clarifies if the board solicits bids for a self-insurance plan, the board also is required to solicit bids for a traditional plan or an HMO plan.

The bill retains the requirement that a self-insurance plan include stop-loss coverage and that the Retirement Board establish and maintain a contingency reserve fund to provide for adverse fluctuations in future charges, claims, costs, or expenses of the self-insurance plan and maintain an additional balance in the contingency reserve fund to cover claims incurred but not yet reported. The bill clarifies if the board transitions from a self-insurance plan to a traditional plan or an HMO, the board shall adopt a plan reasonably calculated to meet the remaining liabilities of the self-insurance plan. As part of the financial component of the self-insurance plan, the bill establishes a $50 million line of credit at the Bank of North Dakota for the board to use as necessary to provide adequate reserve funds, to purchase stop-loss insurance, and to defray other expenditures of administration of the self-insurance plan.

Section 5 of the bill directs the Retirement Board to transition from the traditional coverage to self-insurance. For the 2017-19 biennium, the board would provide coverage through traditional coverage for the first 6 months and on January 1, 2018, would transition to self-insurance. This self-insurance would be based on the same plan design and coverage as the traditional insurance plan in effect July 1, 2017. Passage of this bill would require the board to limit to 6 months the term of the contract the board is renewing effective July 1, 2017. Additionally, the board would be required to solicit bids for administration of the self-insurance plan. The initial term of the contract for administration of the self-insurance plan would be 18 months--January 1, 2018, through June 30, 2019. For the 2019-21 biennium, the board would be subject to the statutory requirements, and could renew the contract for a 2-year term, or could solicit bids for a new contract. If for the 2019-21 biennium the board solicited bids for a new self-insurance contract, under Section 54-52.1-04.2(3), the board would be required to solicit bids for traditional

insurance or an HMO, and would be required to transition from the self-insurance plan if the other plans cost less than the self-insurance plan.

Section 6 of the bill directs the Retirement Board to use available money in the health insurance reserve fund for the purpose of financing the self-insurance plan as directed under Section 5 of the bill.

Self-Funded vs. Fully-Insured state employee health plans
A self-funded health plan means that insurance is not purchased, but rather, the state insurance contributions are pooled into a state-owned reserve fund to pay claims and administrative expenses. Any money that isn't used to pay claims or administrative expenses stays in the fund.

In a fully-insured plan the state will pay premiums based on projected claims, but won't experience the benefit if the claims come in lower than expected. North Dakota Public Employees Retirement System (NDPERS) has for many years participated in the program's financial results, in most cases by receiving excess gains and accumulating reserves, and in some cases sharing underwriting losses and funding these out of accumulated gains.

What is the value of self-funding?
All 50 states provide health insurance coverage for state employees, with 49 of 50 offering self-funded and/or partially self-funded plans. North Dakota is the only state in the nation that offers only a fully-insured plan, and doesn't offer a self-funding option.

Self-funding is a proven, cost-effective method for providing employee benefits and is the preferred choice of the state's largest employers. Employers choose self-funding to control costs, save money and customize benefits. Plans can also keep their grandfathered status when transitioning to a self-funded plan, as long as they continue to meet grandfathered guidelines.

Tax savings
The Health Insurance Tax (HIT) impact averages 2.5-3% and applies to fully insured plans only. Self-funded plans do not pay the HIT tax, realizing direct savings.

No profit margin or risk charge
The profit margin and risk charge of an insurance carrier are eliminated through self-funding. Instead of paying a risk charge to the insurer in a self-funded arrangement, the sponsor will accumulate reserves by retaining program gains. These gains will provide cushion against occasional higher than expected claims not covered by stop-loss.

Health savings incentives
With fully-insured plans, wellness initiatives generally do not result in significantly lower health insurance costs. However, in a self-funding scenario, an overall improvement in employee health can lead to a reduction in claims, which feeds back into the plan's reserve funds. If those trends continue, there may be a reduction in the necessary contributions made by the state.

Risk management stop-loss programs
Managing the risk in self-funded plans is key. Heightened risk occurs when claims are higher than anticipated or when a plan is underfunded. Managing these risks are especially important with self-funded plans. Individual stop loss and aggregate stop loss levels can be purchased based on the state's comfort level and risk tolerance. The level of risk can be adjusted over time as their tolerance changes with the premium dependent on their level of tolerance.
Recommended risk management tools to support self-funded options include:

- adequate contributions into the pool
- securing stop-loss coverage
- building adequate reserves
- working with experienced consultants who specialize in self-funded groups

To: Carlson, Al H.; Delzer, Jeff W.
Subject: Health insurance premiums

Rep. Carlson:

The total funding included in Governor Dalrymple's 2017-19 executive budget for health insurance premiums is $477.3 million, of which $219.2 million is from the general fund. This is an increase of $45.6 million, of which $20.9 million is from the general fund compared to the 2015-17 biennium budget. Monthly premium rates are increasing by $119.25 or 10.6% from $1,130.22 in 2015-17 to $1,249.47 in 2017-19.

Let me know if you have any other questions.

Allen H. Knudson
ND Legislative Council

p4

Biennium	Monthly Premium	Percentage Change from Previous Biennium
2001-03	$409	16.9%
2003-05	$489	19.6%
2005-07	$554	13.3%
2007-09	$658	18.8%
2009-11	$826	25.5%
2011-13	$887	7.4%
2013-15	$982	10.7%
2015-17	$1,130	15.1%
2017-19 executive recommendation	$1,249	10.6%

The percentage increase to maintain the existing health insurance plan benefits is 17.4 percent for the 2017-19 biennium. To reduce this percentage increase, the Governor is recommending increasing member out-of-pocket expenses to reduce plan costs by $49.61 per contract, per month, which would reduce the overall increase by 4.4 percent.

The Governor is also recommending using Public Employees Retirement System (PERS) health insurance reserves to pay an additional $27.31 of premiums per contract, per month, which would reduce the overall increase by 2.45 percent. The Governor is using approximately $18.0 million of the estimated $35.0 million in health insurance reserve funds to reduce the premium rate increase. Of the $18.0 million utilized, $10.5 million relates to state employee health insurance plans, $4.4 million relates to political subdivisions, and $3.1 million relates to retiree health plans.

EMPLOYEE ASSISTANCE PROGRAM

The monthly rate for the employee assistance program remains at $1.54 per month, or $18.48 annually.

LIFE INSURANCE

The monthly rate for life insurance provided to state employees remains at $0.28 per month, or $3.36 annually.

UNEMPLOYMENT INSURANCE

Funding is included for unemployment insurance for state employees at a rate of 1 percent of the first $6,000 of an employee's annual salary ($60 per year or $120 per biennium maximum). No unemployment insurance was collected on state employee salaries during the 2013-15 and 2015-17 bienniums.

TOTAL COMPENSATION CHANGES COST

The schedule below provides the total cost of major compensation changes recommended in the 2017-19 executive budget.

	General Fund	Special Funds	Total
Salary increase of 1 percent, effective July 1, 2018	$5,447,422	$6,411,108	$11,858,530
Health insurance premium increases	20,924,659	24,626,376	45,551,035
Total	$26,372,081	$31,037,484	$57,409,565

FULL-TIME EQUIVALENT POSITIONS

The 2017-19 executive budget includes a total of 15,937.69 FTE positions, an increase of 4,100.12 FTE positions from the 2015-17 authorized level of 11,837.57 FTE positions. The total number of FTE positions for the 2017-19 biennium now reflects certain higher education positions that were previously not reflected in the budget.

The 2017-19 executive budget recommended FTE level of 15,937.69 is an overall decrease of 551.56 FTE positions compared to the adjusted 2015-17 biennium total, including a decrease of 315.27 FTE positions in higher education and a decrease of 215.61 FTE positions in all other state agencies.

The reduction of 215.61 FTE positions resulted in a decrease of $29.0 million, of which $15.9 million is from the general fund.

Major changes in FTE positions, excluding higher education, are as follows:

Agency Increases	2015-17 Authorized FTE Positions	2017-19 Executive Budget	Increase
301 - State Department of Health	365.00	381.00	16.00
530 - Department of Corrections and Rehabilitation	836.29	846.29	10.00
475 - Mill and Elevator Association	147.00	153.00	6.00

Agency Decreases	2015-17 Authorized FTE Positions	2017-19 Executive Budget	(Decrease)
380 - Job Service North Dakota	237.76	181.61	(56.15)
180 - Judicial branch	391.00	354.50	(36.50)
640 - Main Research Center	361.12	336.12	(25.00)
405 - Industrial Commission	121.75	105.25	(16.50)
125 - Attorney General	250.00	234.00	(16.00)
630 - North Dakota State University Extension Service	265.98	252.98	(13.00)
627 - Upper Great Plains Transportation Institute	54.98	43.88	(11.10)
628 - Branch research centers	120.29	110.29	(10.00)

TESTIMONY OF NDPERS
HOUSE BILL 1436

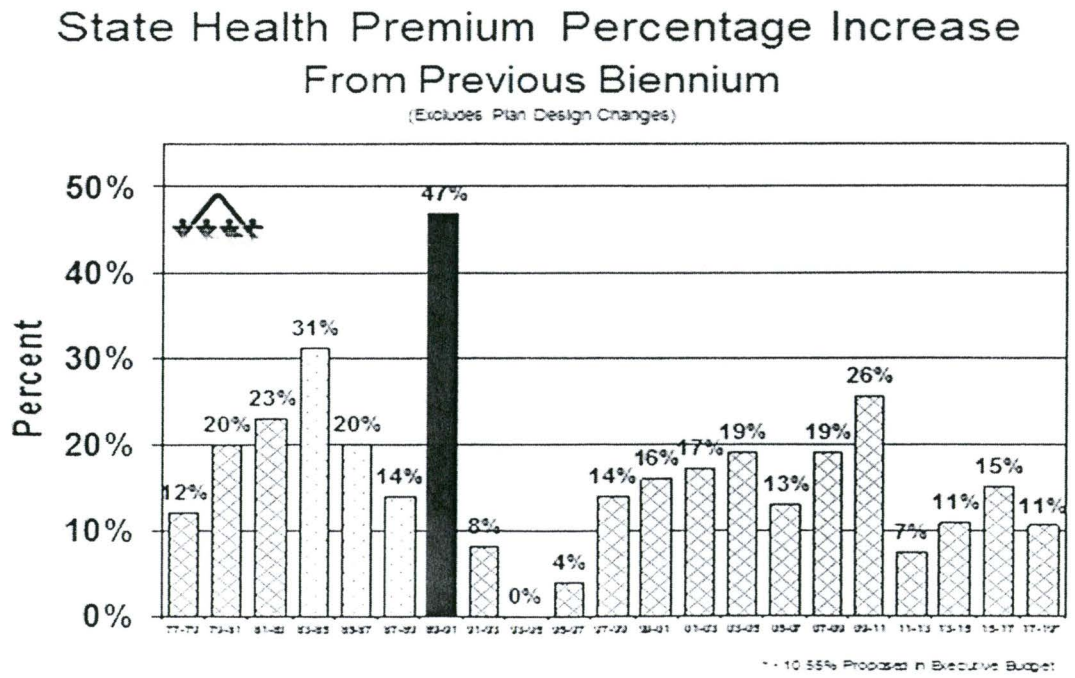
Mar 14,

Mr. Chairman, members of the committee my name is Sparb Collins. I am the Executive Director of the North Dakota Public Employees Retirement System (NDPERS). I appear before you in a neutral position on this bill. I have not yet had the opportunity to review this bill with the PERS Board and will do so this Thursday. Consequently, today I am not able to share with you their position on the bill. However, I will be able to share the information that the PERS staff and its consultants will be sharing with the board this week for its consideration and hopefully this will be helpful to you in your considerations. Attachment #1 is the bill summary that will be provided to the board and Attachment #2 is information from our consultant, Deloitte.

My comments will be in the following areas: 1) Plan history and rates; 2) Fully insured vs. self-insured compared to the PERS hybrid contract; 3) PERS hybrid contract performance, and 4) PERS staff observations.

1) Plan history and rates

The health plan has gone through three stages since about 1977. It was a traditional fully insured plan from 1977-83; it was self-insured from 1983-89 and it has been under the hybrid fully insured contract since July 1989. The following table shows the rate increases over this time period.



* - 10.55% Proposed in Executive Budget

The 1989 biennium was the transition biennium from self-insured to the hybrid fully insured plan.

While the plan was self-insured, it ran out of reserves in the 1987-89 biennium and medical claims could not be paid in a timely manner. The state had to put money into the plan so that claims could be paid since all reserves were gone and there was no other source of cash flow. Section 4 (3) of the bill provides a funding mechanism to address this situation under this proposal, specifically, a line of credit with the Bank of North Dakota.

As we look at the years the plan was self-insured, the plan's average increase was 21.7%. If we look at the years the plan was fully insured without the transition biennium, we see the average increase was 14%. With the transition biennium it was about 16%. While there are many variables to what causes a rate increase in a given biennium, these numbers do not indicate on their own that one method is superior over the other.

As we look at other states around us, we see how the family premium rates for PPO plans compare.

State	State Payment	Total Family Premium
South Dakota	$722	$1047
Idaho	$860	$979
Montana	$1054	$1381
North Dakota	**$1130***	**$1312****
Colorado	$1230	$1783
Minnesota	$1467	$1659
Nebraska	$1551	$1963
Iowa	$1689	$1987
Wisconsin	$1702	$1911
Wyoming	$1714	$1947

*Flat rate payment

** Equivalent Premium

It is our understanding that with the exception of ND, the others are self-insured. Here again, there are many variables that contribute to costs beside funding method which can include plan design, open/closed networks, number of providers, etc. But again, we do not see anything here that makes our unique funding method inferior to other self-insured plans.

2) Fully Insured vs Self-Insured vs PERS Hybrid Contract

Generally, employers have a choice between being fully insured or self-insured. As a result all employers fall on one side (fully insured) or the other (self-insured). However, PERS is unique in that it did not agree to a traditional fully insured contract. Instead it developed a unique contract that attempts to incorporate the best of both in a hybrid

contract while not disregarding the disadvantages of each. The following will help to show this:

Advantages of Fully Insured

Disadvantages to self insurance

			PERS
1	Risk	Employer is not at risk for financial Losses	X
2	Employer must retain IBNR	Additional liability for IBNR (set NDCC at 1 to 1 1/2 months of claims or 26.8M to 40.2M)	X
3	Employer must have a reserve account	Employer must maintain and fund a reserve account Set In ND statute (40.2M to 80.4 M)	X
4	Employer does not have to maintain cash flow	Uneven cash flow due to fluctuation of claims from month to month - Potential that claims may be higher than funding	X

Our present contract captures all of these advantages since it is a hybrid fully insured contract. If we were self-insured we would not have these advantages.

Advantages of Self Funding

(Disadvantages of Fully Insured)

			PERS
1	Reduction in taxes	Additional taxes are eliminated (HMO, state premium tax, MCHA)	X
2	Avoid ACA Fees	The Health Insurer tax from the ACA is not required from self-insured plans	
3	Administrative fees/risk fees	Some self funded plans see a decrease in administrative fees due to the elimination of built in risk charges	
4	Reserves/IBNR are held by the employer	Any investment income generated is retained by the employer	X
5	Flexibility	Allows for greater flexibility in plan design, incentive arrangements and contractual provisions	X
6	Pass through savings	Employer benefits from provider discounts, rebates and other favorable reimbursement mechanisms with full disclosure	X
7	Mandates	Do not have to comply with state mandates	X

Mandates: Are directly put into the PERS Statute by the Legislature instead of being handled through the insurance process

The advantages of self-insuring that are a part of the existing PERS hybrid contract are shown above. Please note that #2 is likely to go away as a result of the repeal of the affordable care act and concerning mandates, those are directly provided by the legislature relating to PERS. As shown, our hybrid contract already incorporates many of the advantages of self-insurance. Based upon the above, if we were self-insured we would gain the following:

Avoid ACA Fees	**The Health Insurer tax from the ACA is not required from self-insured plans**
Administrative fees/risk fees	**Some self-insured plans see a decrease in administrative fees due to the elimination of built in risk charges**

But we would lose the following advantages of being fully insured:

1	Risk	Employer is not at risk for financial Losses
2	Employer must retain IBNR	Additional liability for IBNR (set NDCC at 1 to 1 1/2 months of claims or 26.8M to 40.2M)
3	Employer must have a reserve account	Employer must maintain and fund a reserve account Set In ND statute (40.2M to 80.4 M)
4	Employer does not have to maintain cash flow	Uneven cash flow due to fluctuation of claims from month to month - Potential that claims may be higher than funding

3) PERS Hybrid Contract Performance

As we look at the existing PERS hybrid contract performance since the 1995 biennium, we can examine how the plan performed when there was positive performance vs when the plan had negative performance.

Positive Performance

The following table shows the history of the plan since the 1995 biennium.

History of Health Plan Design changes and Buydowns Year	State premum % increase	Plan Changes	Buydown*
2016 (2017-19) Renewal	Proposed 10.5	Proposed: Plan design changes that would shift about 30% of the total increase to member out of pocket	$18.67 per active contract Proposed
2014 (2015-17) Full Bid	15.13		
2012(2013-15) Partial bid - Fully Insured Only	10.72		$20.04 per active contract
2010 (2011-2013) Renewal	7.40	Additional benefit requirements in the Health Care Reform Bill and the Mental Health Parity Act.	
2008 (2009-2011) Renewal	25.50	Eliminated EPO	$.14 per active contract
2006 (2007-2009) Renewal	19.00	Increased Cost Sharing	
2004 (2005-07)Full bid	13.00	Plan design changes added $1,000 RX coinsurance maximum	$24.52 per active contract
2002 (2003-05) Renewal	19.00	Plan design changes	$10.00 per active contract
2000 (2001-2003) Renewal	17.00	Increased Cost Sharing	
1998(1999-2001) Full bid	16.00	Increased Cost Sharing	$9.35 per active contract
1996 (1997-1999) Renewal	14.00	Increased Benefits & Lifetime Maximum	$20.71 per active contract

The shaded bienniums are those in which the plan returned refunds to our participating employers/members that developed due to the hybrid contract we have and the boards/vendors management of the program. Of the last 11 bienniums, we have refunded money back to our employers/members in 7 bienniums through premium buy downs (including the proposal for this biennium). You can see the amount of premium buy down that we have provided the state in each of those bienniums. This is a direct savings that has resulted due to positive plan performance and has been shared with the state to reduce the cost of our health plan.

In the past 10 years alone, we have received approximately $50 million of returned premiums under our hybrid contract. Of this amount, $11 million was used to buydown premiums in the 2013-15 biennium and approximately $17 million is being proposed for buydown in the 2017-19 biennium. If the plan was self-insured and these gains would have occurred, they may not have been available to be refunded since they may have had to be retained for the required reserves as set out in NDCC 54-52.1-04.3.

Negative Performance

The second area to look at is when the plan has negatively performed. In the current biennium, the plan is projected to lose about $58 million and this could go higher before the end of the biennium.

Pursuant to our hybrid contract, we will be liable for only $3 million of this loss. For the next biennium we have negotiated this provision out of the contract and we will be liable

for no losses. Recognizing that when a plan takes a loss, reserves should be increased, we have negotiated with Sanford for the next biennium that it will increase its reserves by $30 million effective July 1 of this year.

If the plan was self-insured, we would have stop loss insurance to offset some of the above losses. The statute requires that we carry individual stop loss. At the $1 million deductible level and based upon the estimates in our last bid, the premium would have been equal to the candidate claims. At the other levels, the cost would have been more than the candidate claims to date of measurement. Consequently, the individual stop loss may not have addressed this loss situation.

We could also get aggregate stop loss (see discussion from Deloitte – attachment #2). This coverage is usually purchased for claims exceeding 115% to 120% of expected claims. This means we would be responsible for the first $52 million each year at the 15% level or about $104 million for the biennium. Also, please note that if the stop loss insurers do not accept our estimated claims level, their actuaries do their own calculation and base the price using their estimate. Consequently, at this level aggregate may not address this situation. However, this would all be subject to a bid and the responses received.

Based upon the above, it appears that if the plan would have been self-insured under Sanford this biennium, a loss would have likely accrued to the state.

2017-19 Business Plan

Using the historical process, PERS has submitted a business plan for contracting going forward that will assure the State it will not incur any losses for the health plan in 2017-19 and that there will be no required reserving pursuant to NDCC 54-52.1-04.3.

In the proposed legislation, there is no business plan that has been developed and we will, therefore, rely on the board to develop a plan starting in May. This will be contingent on the results of the extension and the bidding process for 2017-19. At this point, we cannot guarantee that we will not have losses in 2017-19 as has been guaranteed with the existing business plan. We also cannot guarantee coverage for the transition period (discussed below). We also will have to request from the state additional reserves, as we have done with Sanford and as directed by the legislature in NDCC 54-52.1-04.3 (discussed below).

4) PERS Staff Observations

Staffing

The PERS board included in the 2015-17 Budget request and in the 2017-19 request, contingent authority to hire staff if the plan is self- funded. Since we contracted for a fully insured plan, it was taken out. Please see attachment #3.

Reserves

NDCC 54-52.1-04.3 requires the board to develop a contingency reserve fund. It also states "Upon the initial changeover from a contract for insurance pursuant to section 54-52.1-04 to a self-insurance plan pursuant to section 54-52.1-04.2, the board must have a plan in place which is reasonably calculated to meet the funding requirements of the chapter within sixty months". Preliminary analysis suggests that self-funded premium rates may need to be increased by.86% to 3.14% in order to build reserves to the required level. The high end accounts for the use of contingency reserves to buy down premium. Consequently, it should be noted that this would be an additional consideration in the bidding process.

If the statute was changed to include the borrowing authority from the BND in this calculation, then the reserve requirement would be satisfied.

Transition Period

This would require PERS to go to bid and change the plan from the existing arrangement to a new arrangement. The proposed bill moves the start date of the coverage period to January 1, 2018. The current renewal offer from Sanford assumes a 2-year coverage period beginning July 1, 2017. Sanford may require a different premium rate to insure a six month period than was agreed upon for a 2-year period, or they may be opposed to insuring the plan for that period. This may require using additional reserves or borrowing from the BND.

The PERS attorney has also reviewed this provision and indicated that if PERS was unable to negotiate an extension with the existing carrier, it could not consider self-insurance for the interim time period under existing statute unless a full bid process was undertaken. The board would have to start a new bid process upon notification that they could not extend the contract, which could not be completed by July 1. The result would be no coverage for any of our members until a new arrangement could be reached, pursuant to existing statutory requirements. **Additional statutory authority is required to resolve this issue.**

Implementation Timeframe

Given the size and complexity of the NDPERS plan, changing carriers is a significant effort. I have brought along a copy of the implementation plan used most recently and will leave it with the committee. You will note that it is extensive and takes time to complete all the steps. As this demonstrates, there are many variables that must be worked through to ensure that a transition does not create difficulties in the continuity of care or benefits for participating members. At a minimum, most carriers have indicated that 90 days is necessary, with the NDPERS preference being 120 days or longer, in order to ensure continuity of coverage during the course of the transition. **Extend the Implementation/Bid timeframe to 12 months with a July 2018 effective date.**

Bid Timeframe

An effective bid process must allow sufficient time for the following:

1. Preparation of the Request for Proposals (RFP)
2. Marketing the RFP
3. Allowing time for interested parties to review the RFP
4. Allowing interested parties to submit questions and receive responses
5. Allowing the interested parties sufficient time to prepare final proposals once questions have been answered
6. Time for review of the proposals by
    a. Consultant
    b. NDPERS Staff
    c. NDPERS Board
7. Allowing time to interview the bidders and get best and final offers.
8. Time for unexpected contingencies. (For example in 2014/15, NDPERS rejected all fully insured bids and rebid the plan for a second time)

The timeline for the last bid is below. This demonstrates that the process can take over 6 months in the event there is a rebid (this does not include the time to prepare the bid).

- July 9, 2014 – Fully-insured Bid issued
- August 13th – Self-insured Bid issued for medical and prescription drug plans
- September 4th – Fully-insured Proposals Due
- October 10th – Self-Insured Proposals Due
- October 21st – Staff interview with BCBS and Sanford (Fully-insured)
- October 23rd – Board Rejects Fully-insured Bids, and issues a new RFP.
- October 29th – Fully-insured RFP released
- November 19th – Fully-insured Proposals due
- November 24th – Staff interview with BCBS and Sanford (Self-Insured)
- November 25th – Staff interview of PBM vendors
- December 4th – approved sending PBM contracts
- December 18th – NDPERS Board reviewed the Health plan bids
- January 2, 2015 – Best and Final Offer (BAFO) responses due
- January 5th – NDPERS Board Interviews BCBS and Sanford (fully-insured)
- January 15th – NDPERS Board interviews PBM vendors
- January 19th – NDPERS Board members and staff conduct a site visit of Sanford Health Plan
- February 5th – NDPERS Board reviews proposals (fully-insured, self-insured, Rx)

- February 13th – NDPERS Board continues its review of proposals (fully-insured, self-insured, Rx)
- February 19th – NDPERS Board awards bid

This timeline will be shorter since it is only for self insured bids.

Extend the Implementation/Bid timeframe to 12 months with a July 2018 effective date.

Legal Issue

There may be concerns with Section 18 of Article I of the North Dakota Constitution relating to impairment of contract.

Membership
No effect on membership except for the change of vendor if determined in the bid.

Application to other entities.

Does this requirement apply to political subdivisions, retirees and Medicare Part D program administered by PERS. **Clarification is needed in statute relating to these other programs.**

Potential impacts relating to other pending legislation

HB 1023: The changes proposed in Sections 27 and 28 of 1023 increase oversight of PERS by the employee benefits programs committee as well as communication between the two entities. While not a conflict in law, the changes proposed in Section 1 of 1436 are a conflict in policy as these changes reduce the impact of such oversight and communication. The changes proposed in Sections 32 and 33 of 1023 would result in a sole fiduciary oversight of the PERS office, and as previously indicated there are fiduciary responsibilities implicated in administration of the health plan. The requirement to initiate a plan of self-insurance under 1436 increases the potential for conflicts of interests under the governance structure established by 1023. Sections 5 and 33 of 1023 restrict PERS from using health reserve funds under 54-52.1-06 to reduce premium cost, while 1436 authorizes PERS to use them for funding a self-insured plan only. In addition, a less obvious conflict stems from the fact that 1436 requires a self-insured plan beginning 1/1/2018 to have the same benefits available under the plan in effect on 7/1/17. As previously indicated, if PERS is unable to use the reserves to buy down premiums this will result in a loss of grandfathered status and a corresponding change in benefits effective 7/1/17. Therefore, the self-insured plan will only be providing the reduced benefits available under a non-grandfathered plan.

HB 1403: The opening section of this bill indicates that its provisions apply only to an insurer's contract with the board if "the prescription drug coverage component of the health insurance benefits coverage utilizes the services of a pharmacy benefits manager", which would only be implicated under the current fully-insured plan structure where the insurance carrier is contracting with a PBM. Therefore, 1403 would not be implicated or applicable to a self-insured plan. Given that the primary effect of 1436 is to require the state to initiate a plan for self-insurance, the provisions of 1403 would not be implicated in the next biennium or for so long as the state maintained a plan for self-insurance.

HB 1406: The provisions of 1436 contradict two provisions of 1406. 1406 limits a contract for insurance, whether under a fully-insured, HMO, or self-insured plan to two years only. Whereas, Section 3 of 1436 permits a 2 year contract and one 2 year renewal under a self-insured plan. 1406 restricts the group insurance plan design to only that which can be purchased with funds appropriated by the legislative assembly. Whereas, Sections 4 and 6 of 1436 permit, under a plan of self-insurance, the board to have access to a line of credit, and use reserve funds to maintain coverage levels in effect on 7-1-17.

HB 1407: 1407 restricts the term of the contract for a fully-insured plan to 2 years; it also indicates it is intended to apply to a fully-insured contract in effect on the bill's effective date. This contradicts Section 5 of 1436 which restricts such a contract to 6 months

HMO's: PERS presently has one HMO that is a part of the plan. Not sure if the proposed wording would allow us to maintain that option or require us to drop it if self-insured.

Mr. Chairman, members of the committee this concludes my testimony and thank you for providing me this opportunity.

Short Summary:

Section 1 reduces the role of the Employee Benefits Programs Committee in reviewing legislation affecting PERS. Section 2 indicates HMO's may not be contracted with while the board administers a plan of self-insurance. Section 3 requires the board to initiate a self-insured plan, increases the frequency and scope of bids, and restricts returning to a fully-insured plan so long as it is less costly, however, doesn't speak to failure to fund issues. Section 4 establishes a line of credit for PERS with BND to pay for expenses related to a self-insured plan and also creates a presumption the state be the guarantor on payment for participation by political subdivisions. Section 5 requires the plan be self-insured as of 1/1/2018, implicates N.D. Constitution Article 1 § 18 and could result in loss of insurance coverage from 7-1-17 to 12-31-17. Section 6 requires the board to use the reserve fund to finance to the self-insured plan. Section 7 indicates that this bill isn't subject to review by the Employee Benefits Programs Committee.

Long Summary

Section 1: This section reduces the role of the Employee Benefits Programs Committee during legislative sessions. Currently, regardless of whether a bill is submitted during the interim or during the session, if it affects public employee benefits it must be reviewed by the committee. While the committee will still provide review of such legislation, so may other standing committees pursuant to the changes in subsection 6. Further, the provision in subsection 7 relating to the invalidity of legislation that fails to procure committee review is removed. The impact of the deletion of this subsection may be somewhat mitigated by legislative counsels' opinion that subsection 7 has no force and effect currently. Finally, it is unclear if the change to subsection 3, which replaces the solicitation of proposals by the committee from any interested person, to solicitation of proposals from the executive, judicial branch, and legislative branch, will result in any significant change as I am unaware of whether the committee sought legislative proposals outside of the branches of state government. Given the multiple stakeholders or beneficiaries of the employee benefits programs administered by the state, and the need to communicate proposed changes to these individuals, there is a policy concern with reducing the expectation regarding the amount of time that bills affecting employee benefits spend before the legislature.

Section 2: While the changes in Section 2 are largely cosmetic, there is a slight concern with use of the word "or" in subsection 3 of Section 2. Currently, the board may contract with an "HMO" under 54-52.1-04.1. It is my understanding that the ability of the board to contract with an HMO is independent of whether the board is also contracting for a fully-insured or self-insured plan. The board currently has one HMO that it has contracted with for several years that provides services to a specific area of the state. Subsection 3 of Section 2 states in part "the board may contract with a health maintenance organization or establish a plan of self-insurance". Use of the word "or" in this context would prevent a contract for self-insurance and contract for HMO services simultaneously. Whereas, replacing the word "or" with the word "and" would permit both simultaneously. This limitation seems intentional however, as it reappears in subsection 3 in Section 3 more explicitly where HMO's are offered as an option in lieu of self-

insurance. If an intended restriction the contract with the existing HMO would need to be terminated as of 1/1/2018.

Section 3: This section amends 54-52.1-04.2, the section affecting the board's authority to contract on a self-insured basis for hospital, medical, and prescription drug benefits coverage. The additions to this section require the board to establish a self-insured plan if directed by the legislative assembly. If passed, the legislature will have provided such direction in Section 5 of this bill. As an ongoing matter however, this language doesn't indicate how the legislative assembly will provide such direction in the future, and if it is through the future enactment of bills requiring the plan to be self-insured, the language is unnecessary. It appears self-insurance is required if directed by the legislature, and remains permissive if the board determines it is less costly than a fully-insured plan. In addition, the contract term under a self-insured plan is reduced, currently the board could only solicit bids from a third party administrator every other biennium, whereas the changes require the board to only contract for 2 years with the option to renew. There is also an additional requirement that any time the board solicits bids for a third party administrator it must also solicit bids for a fully-insured plan or HMO. This could result in the board soliciting bids every biennium as opposed to every other biennium. The regular solicitation of bids for this spectrum of services will result in increased cost to the plan and increased duties for employees responsible in preparing and evaluating the bids, however, the timing restrictions for bid solicitation are removed. Further, while the stop-loss coverage requirement for self-insured plans remains, it should be noted that as the board was able to observe during the last bid process, stop-loss coverage for a self-insured prescription drug benefit is not readily available in the market. It would be beneficial to plan administration and statutory construction if the requirement for stop-loss coverage were limited to hospital and medical benefits coverage. Finally, an additional requirement is added that creates a presumption in favor of maintaining a self-insured plan once established, indicating that the board may only transition to a fully-insured plan or HMO if the board determines the self-insurance plan costs more. It is unclear how this provision would be implicated if the reason for the desired transition is a lack of funding vs. the cost of plan administration.

Section 4: The most notably change in this section is the addition of a line of credit in the amount of 50 million dollars from BND with an interest rate set in statute, for payment of adequate reserve funds and other expenditures of the self-insured plan. The board is responsible for repaying the line of credit from health insurance premium revenue or other funds appropriated by the legislature. The language of this bill does not address participation by political subdivisions, therefore it appears political subdivisions may participate in the self-insured plan. Given the line of credit is from BND, and the board may only use insurance premiums and funds appropriate by the legislature to repay the line of credit, this would appear that the state will ultimately be taking on the responsibility of funding or guaranteeing the funds necessary for participation by political subdivisions in the self-insured plan.

Section 5: This section contains the legislative mandate that the health plan become self-insured as of 1/1/2018 and effective for 18 months. It requires that any contract for fully-insured coverage be terminated effective 12-31-17, and any contract entered into on 7-1-2017 be limited to a 6 month term. Consequences of Section 5 include implication of the prohibition of contract impairment set in N.D. Constitution Article 1 § 18 given the board has already voted to renew the current contract under the terms of

the original contract awarded in 2015; a possible lack of insurance coverage for 6 months if the current carrier declines to agree to a renewal period shorted by 18 months, noting that the board would be unable to bid for a replacement carrier because it couldn't comply with the 90 day notice requirement in 54-52.1-04 for fully insured bids or the January 1 restriction for self-insured bids under 54-52.1-04.2 (which would still apply because this bill does not contain an emergency clause and would not go into effect until 8/1), and even if issued the bid would be less attractive to carriers because of the 6 month contract limitation and the corresponding time and expense required to transition the plan.

Sections 6: This section requires the board to use the reserve fund to finance to the self-insured plan.

Section 7: This section indicates that this bill isn't subject to review by the Employee Benefits Programs Committee.

Memo

HB 1436 testimony
Attachment 2

Date: March 13, 2017

To: Sparb Collins, Executive Director
NDPERS

From: Josh Johnson and Jon Herschbach, Deloitte Consulting LLP

Subject: ACTUARIAL REVIEW OF PROPOSED BILL 17.1008.03000 (HB1436)

The following summarizes our review of the proposed legislation.

OVERVIEW OF PROPOSED BILL

The proposed bill would require the uniform group insurance program to become self-insured for an 18-month period beginning on January 1, 2018 and would change the duration of the coverage period beginning July 1, 2017 to 6 months. The proposed bill also establishes a $50,000,000 line of credit that the board can use to fund reserves, purchase stop loss, or pay for other self-insurance expenditures.

STOP LOSS

It is mandated that NDPERS must purchase individual stop loss if the plan becomes self-insured. Individual stop loss limits the plan's liability for each members' cost of medical and pharmacy claims to a specific deductible amount. The deductible is selected based on the amount of risk the program wishes to bear. A lower deductible limits the plans exposure more but also costs more.

NDPERS could also choose to purchase aggregate stop loss. Aggregate stop loss limits the plans total exposure to a percentage of expected claims, called the attachment point. Common attachment points are 120% and 125% of expected claims. Expected claim amount and the attachment point are calculated by the stop loss insurer. The plan sponsor does not have any input into this process.

Estimated per contract per month (PCPM) rates for stop loss insurance are listed in the table below:

Individual Stop Loss

Deductible	Estimated Cost (PCPM)
$500,000	$28 - $35
$750,000	$15 - $20
$1,000,000	$7 - $10

Aggregate Stop Loss

Attachment Point	Estimated Cost (PCPM)
120%	$0.50 - $1.00
125%	$0.40 - $0.75

CONTRACTS

Currently NDPERS has contracted health insurance from a single vendor. If NDPERS becomes self-insured, they will need to contract with different vendors for several different services based on best-in-class quotes/bids. This would include medical plan administration, pharmacy benefits management, stop loss insurance, wellness program and could include additional vendors for other optional services. Increasing the number of vendors' contracts will increase NDPERS' administrative burden and would create additional consulting fees for RFP analysis assistance. In the past budgets, NDPERS has included authority for two additional staff to be added to assist with the administration of self-insurance.

ADDITIONAL RISK

NDPERS would take on additional risk by becoming self-insured. If the plan's claims cost exceeds premiums, the plan's reserves will be spent down. NDPERS is required to maintain a contingency reserve equal to a minimum of 1.5 months of claims (12.5% of annual claims). If the contingency reserve is below this level at any point, premiums must be increased in subsequent biennium periods with a load that will build the reserve back up to the statutory minimum. Currently, NDPERS contingency reserves hold about $35M and would require an estimated additional $5-6M to meet the minimum requirement.

Stop loss insurance mitigates self-insurance risk but the only way to eliminate risk is by remaining fully-insured. Commonly, the lowest attachment point available for aggregate stop loss is 120%. As an example, in the event that a 120% aggregate stop loss claim is made, NDPERS will have lost its entire reserve (12.5% of annual claims) as well as an additional ~7.5%, which is approximately ~$25M. These scenarios are not common which is reflected in the pricing (estimated premium for 120% on a group of this size is $0.50-$1.00 PEPM). However, it is important to illustrate the risk exposure that remains to NDPERS even with stop loss insurance purchased.

Self Funded Insurance (2.0 FTEs)

The health insurance environment continues to change and evolve.

If the decision is to go self insured we know that it will have an effect on PERS agency operations. The following are some of those effects:

- ACA compliance – reporting requirements
- Additional audit requirements to ascertain whether PBM has complied with the term of its agreement with regard to:
  - Pricing
  - Obligations to satisfy annual guarantees
  - Financial benefit guarantees related to subsidies, claims processor fees, manufacturer discounts, rebates, service fees
  - Medicare Part D obligations related to LIS, LIC, and TrOOP
  - Accuracy related to the management of NDPERS data
  - Satisfaction of average annual guarantees
- Monitoring activities to include:
  - Pricing of newly available generic drugs to ensure we are receiving the lowest cost from PBM
  - Attendance at quarterly meetings to negotiate drug additions or deletions, modify any previously agreed guarantees to capitalize on any improvements
  - Changes in formulary
  - Financial benefit and DIR guarantees (at least annually)
  - Implementation of new programs to improve drug coverage, improve health of plan participants, reduce costs;
  - Develop programs to decrease purchase of specialty drugs and review responsibility for quarterly prescription drug reports.
  - Assess to feasibility of negotiating independent contracts with pharmaceutical manufacturers to obtain better financial benefits.
  - General responsibilities in connection with Medicare Part D Plan to include CMS compliance.
- Liaison responsibilities between member and 3rd party vendors:
  - Increased member communications (calls, correspondence, e-mails)
  - Assistance with member inquiries (coverage, denials, appeals, complaints)
  - Documenting procedures and policies developed in response to various issues to ensure consistent operating protocols.
  - Mandate requirements
  - Plan Design maintenance

Consequently, this optional request proposes two FTE. One would be to oversee the self insured contracts. Specifically, the Rx contract would require a more active role by the agency. We would anticipate this would be an individual with a medical background and a particular expertise in Rx. The second position would be for a member service specialist in the health insurance area. This individual would be responsible for working with our members and employers in explaining and resolving issues with the group medical plan and Rx plan. Here again we would be looking for someone with a medical background.

SANFORD HEALTH PLAN

Industry, Business, and Labor Committee Hearing
Rep. George J. Keiser, Chairman
March 14, 2017

Chairman Keiser, members of the IB&L Committee, I am Lisa Carlson, Senior Director of Market Strategy at Sanford Health Plan. I appear before you to oppose HB 1436 as we believe it amounts to an unconstitutional impairment of an existing contract.

Sanford Health Plan takes a neutral position on whether or not the state wants to self-insure. In fact, as a carrier operating in four states, its commonplace for states to self-insure their public employee plans. Sanford Health Plan provided both a fully-insured and a self-insured proposal to the North Dakota PERS in the 2015 bidding cycle. Consequently, Sanford Health Plan would gladly bid on a self-insured PERS' request for proposal - but only after the expiration of our current contract.

After meeting prescribed performance guarantees and satisfaction standards, Sanford Health Plan completed its initial two-year term of the contract. As stated in the contract, renegotiations began in August 2016 and concluded in September 2016, and Sanford Health Plan and the PERS Board have already agreed to renew the contract for a second, two-year term beginning July 1, 2017 to June 30, 2019. Likewise, Sanford Health Plan and the PERS Board have another option to renew the contract that would take effect July 1, 2019, through June 30, 2021.

If this bill is passed in its current form, Sanford Health Plan believes Section 5 of the bill will unconstitutionally impair Sanford Health Plan's existing contract with PERS. However, we would understand, and would actively participate in, a self-insured request for proposal for the 2021 biennium – if the state so chooses.

Thank you for your time and consideration.

Proposed Amendment to HB1436

Page 6-Line 17-23
Section 54-52.1-04.3 Self-Insurance-Contingency Reserve Fund-Continuing appropriation Bank of North Dakota line of Credit

3. The Bank of North Dakota shall extend to the board a line of credit not to exceed fifty million dollars at an annual rate ~~not to exceed one and three - quarters percent~~ of one point five percent over the three month libor rate. The board shall repay the line of credit from health insurance premium revenue or from other funds, as appropriated by the legislative assembly. The board may access the line of credit, as necessary, to provide adequate reserve funds, to purchase stop – loss coverage, and to defray other expenditures of administration of the self – insurance plan.

Mar 15, 2017

Amendment to House Bill 1436

The Bank of North Dakota shall extend to the board a line of credit not to exceed fifty million dollars at an annual rate not to exceed three percent for a two year term or four percent for a five year term. The board shall repay the line of credit from health insurance premium revenue or from other funds, as appropriated by the legislative assembly. The board may access the line of credit, as necessary, to provide adequate reserve funds, to purchase stop-loss coverage, and to defray other expenditures of administration of the self-insurance plan.

CONFIDENTIALITY AGREEMENT

THIS CONFIDENTIALITY AGREEMENT (the "Agreement") is made and entered into as of November 13, 2015, by and between EXPRESS SCRIPTS, INC., a Delaware corporation ("ESI"), and the State of North Dakota acting through its Public Employees Retirement System ("Company").

RECITALS

A. ESI, either directly or through its subsidiaries, engages in a variety of health care businesses, including, among other things, pharmacy benefit management, disease and demand management, specialty pharmaceutical distribution, administration of patient assistance programs for the distribution of pharmaceutical products, and medical information management.

B. The parties are interested in discussing a potential business relationship (the "Potential Relationship").

C. In connection with the foregoing, it is necessary for the parties to provide each other with certain Confidential Information (as defined below).

THEREFORE, in consideration of the mutual promises contained herein, the parties hereto agree as follows:

TERMS AND CONDITIONS

1. Definitions.

a. Confidential Information. As used in this Agreement, the term "Confidential Information" shall mean all information communicated by the Provider to the Recipient (each as defined in Section 1.b. below) relating to either party's services, operations, systems, programs, inventions, techniques, suppliers, customers and prospective customers, contractors, cost and pricing data, trade secrets, know-how, processes, plans, designs and any other information of or relating to either party's business, including its therapeutic and disease management programs that has been previously identified as Confidential Information by a party to this Agreement and constitutes Confidential Information under a specific exception to the North Dakota public records law as determined by Company in its sole discretion or is otherwise protected as Confidential Information under federal law; provided, however, that the term "Confidential Information" shall not include information which (i) is or becomes generally available to the public other than as a result of a disclosure by the Recipient or any of its Representatives (as defined below) in violation of this Agreement, (ii) was within the Recipient's possession or knowledge prior to its being furnished to the Recipient pursuant to this Agreement, provided that the source of such information was not known by the Recipient to be bound by a confidentiality agreement with or similar obligation to the Provider with respect to such information, (iii) becomes available to the Recipient on a non-confidential basis from a source other than the Provider, provided

that, to the Recipient's knowledge, such source is not bound by a confidentiality agreement with or similar obligation to the Provider with respect to such information, (iv) is independently developed by the Recipient under circumstances not involving a breach of this Agreement by Recipient (v) or is public information under either federal or North Dakota public records law.

b. Provider and Recipient. Each of ESI, Company, and their respective affiliates and subsidiaries, shall, (i) in its capacity as the party disclosing or providing Confidential Information, be referred to as a "Provider;" and (ii) in its capacity as the party receiving Confidential Information, be referred to as a "Recipient."

c. Representatives. As used in this Agreement, the term "Representatives" shall mean, with respect to any party, such party's directors, officers, employees, agents, counsel, consultants or other representatives.

2. Proprietary Nature and Use of Confidential Information. Each Recipient acknowledges the confidential and proprietary nature of the Confidential Information of a Provider which is disclosed to a Recipient. The Recipient agrees that the Confidential Information of a Provider which is disclosed to the Recipient will be held by the Recipient in strictest confidence at all times and will only be used by the Recipient and its Representatives for the sole purpose of evaluating the Potential Relationship. The Confidential Information of the Provider will not be disclosed or divulged by the Recipient to anyone except as otherwise permitted by this Agreement.

3. Disclosure and Confidentiality of Confidential Information. Each Recipient agrees that without the express written consent of the Provider, the Recipient will not, at any time, (a) divulge, furnish, disclose or make accessible to any person, firm, organization or corporation, in any manner whatsoever, any Confidential Information, or (b) use any Confidential Information for the Recipient's own benefit or for the benefit of any third party. Notwithstanding the foregoing, Recipient may disclose Confidential Information to those of its Representatives who are directly involved in the evaluation of the Potential Relationship; provided that each such Representative is required to protect and otherwise not disclose or use the Confidential Information except as provided in this Agreement, and is advised of the confidential nature of the Confidential Information and agrees to be bound by the provisions of this Agreement.

In the event that the Recipient or any of its Representatives are requested or required by any court of competent jurisdiction, government or governmental agency or authority or otherwise required under applicable law to disclose any of the Confidential Information, the Recipient will notify the Provider promptly in writing so that Provider may seek a protective order or other appropriate remedy or, in its sole discretion, waive compliance with the terms of this Agreement. The Recipient agrees not to oppose any action by the Provider to obtain a protective order or other appropriate remedy. In the event that no such protective order or other remedy is obtained, or that the Provider waives compliance with the terms of this Agreement, the Recipient will furnish only that portion of the Confidential Information which it is advised by counsel is legally required and will exercise its reasonable best efforts to obtain

reliable assurance that confidential treatment will be accorded the Confidential Information disclosed.

4. Reports Generated from Confidential Information. Any reports or other documents, in whatever form or medium, which result from the mutual efforts of the parties hereto in connection with the discussions contemplated by this Agreement, shall be governed by the same terms and conditions of this Agreement respecting confidentiality and use as is the Confidential Information itself.

5. Ownership and Return of Information. All Confidential Information of a Provider hereunder shall be and remain the property of such Provider. A Recipient shall not obtain any rights in or to any Confidential Information disclosed to such Recipient as a result of such disclosure. In the event either party elects not to proceed with the Potential Relationship, or upon the written request of the Provider, the Recipient shall destroy or return promptly to the Provider, without retaining any copies, all Confidential Information received under this Agreement, unless such retention is required under applicable law. Upon the Provider's request, each requested Recipient or Representative shall certify to the Provider that all Confidential Information has been destroyed or returned to the Provider. Notwithstanding anything herein to the contrary, one copy of all Confidential Information may be retained by counsel for the Recipient for evidentiary purposes or as required by applicable law and the terms of this Agreement shall continue to apply to any Confidential Information so retained.

6. Restrictions under Securities Laws. Each Recipient acknowledges that it is aware, and will advise any Representatives who are informed as to the matters which are the subject of this Agreement, that federal and state securities laws may prohibit any person who has received from an issuer of securities material, non-public information concerning such issuer or the matters which are the subject of this Agreement from purchasing or selling securities of such issuer or from communicating such information to any other person under circumstances in which it is reasonably foreseeable that such person is likely to purchase or sell such securities.

7. Non-Binding Nature of Discussions. The parties hereto agree that this Agreement is not intended to, and does not, obligate either party, or any other party, to enter into further agreements or to proceed with any potential relationship or transaction. The parties hereto agree that unless and until a definitive agreement with respect to the Potential Relationship has been executed and delivered, neither of the parties will be under any legal obligation of any kind whatsoever with respect to such a relationship by virtue of this or any written or oral expression with respect to such a relationship by any of their respective Representatives except, in the case of this Agreement, for the matters specifically agreed to herein. The parties further acknowledge and agree that, prior to the execution of this Agreement and prior to any of the discussions described herein, each of the parties has discussed, developed and/or implemented other business relationships similar to the Potential Relationship, and that this Agreement shall not restrict either party from continuing to discuss, develop and/or implement arrangements similar to the Potential Relationship with other parties provided that neither party discloses Confidential Information received from the other party.

8. Remedies. Each Recipient acknowledges that the Confidential Information to be received in the course of the discussions referred to herein is of such character as to render the same unique and therefore agrees that disclosure or use thereof, or the failure to return Confidential Information upon request, in violation of any of the terms of this Agreement, may cause irreparable damage to the Provider and be in violation of applicable law. The parties agree that the Provider's remedies for any breach of this Agreement by the Recipient shall be cumulative, and the seeking or obtainment of injunctive relief and/or specific performance shall not preclude a claim or award for damages or other relief.

9. Complete Agreement. This Agreement contains the complete understanding between ESI and Company with respect to the treatment of Confidential Information as defined herein and may not be varied or terminated otherwise than in accordance with its terms, except by written agreement by the parties.

10. Governing Law. This Agreement shall be governed by, and construed in accordance with, the internal laws of the State of North Dakota, without regard to the rules of conflict of laws thereof.

11. Non-Assignability. Neither party shall assign its rights under this Agreement without the prior written consent of the other party.

12. Waiver. Failure by either party to insist upon strict compliance with any of the terms, covenants or conditions hereof shall not be deemed a waiver of such terms, covenants or conditions, nor shall any waiver or relinquishment of any right or power hereunder at any one time or more times be deemed a waiver or relinquishment of such right or power at any other time or times.

13. Severability. The provisions of this Agreement are divisible; if any such provision shall be deemed invalid or unenforceable, as to any periods of time, territory, or business activities, such provision shall be deemed limited to the extent necessary to render it valid and enforceable.

14. Counterparts. This Agreement may be executed in one or more counterpart copies, each of which shall be deemed an original, and all of which shall together be deemed to constitute one agreement. Facsimile execution and delivery of this Agreement is legal, valid and binding execution and delivery for all purposes.

15. Term of Agreement. This Agreement will commence on the date all parties signatures are obtained and continue until either the effective date of any agreement between the parties superseding this Agreement and formalizing the Potential Relationship between the parties or until either party elects not to proceed with the Potential Relationship and provides written notice to the other party terminating this Agreement.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly-authorized representatives as of the day and year first above written.

Business Associate Agreement

(Revised 10-2013)

This Business Associate Agreement, which is an addendum to the underlying contract, is entered into by and between, the North Dakota Public Employees Retirement System ("NDPERS") and Express Scripts, Inc. ("ESI"), a Delaware corporation.

1. Definitions

a. Terms used, but not otherwise defined, in this Agreement have the same meaning as those terms in the HIPAA Privacy Rule, 45 C.F.R. Part 160 and Part 164, Subparts A and E, and the HIPAA Security rule, 45 C.F.R., pt. 164, subpart C.
b. Business Associate. "Business Associate" means ESI
c. Covered Entity. "Covered Entity" means the **North Dakota Public Employees Retirement System Health Plans**.
d. PHI and ePHI. "PHI" means Protected Health Information; "ePHI" means Electronic Protected Health Information.

2. Obligations of Business Associate.

2.1. The Business Associate agrees:

a. To use or disclose PHI and ePHI only as permitted or required by this Agreement or as Required by Law.
b. To use appropriate safeguards and security measures to prevent use or disclosure of the PHI and ePHI other than as provided for by this Agreement, and to comply with all security requirements of the HIPAA Security rule.
c. To implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of ePHI that it creates, receives, maintains or transmits on behalf of the Covered Entity as required by the HIPAA Security rule.
d. To mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of PHI or ePHI by Business Associate in violation of the requirements of this Agreement.
e. To report to Covered Entity (1) any use or disclosure of the PHI not provided for by this Agreement, including any Breach of Unsecured PHI, as defined in 45 CFR 164.402, and (2) any "security incident" as defined in 45 C.F.R. § 164.304 involving ePHI, of which it becomes aware without unreasonable delay and in any case within thirty (30) days from the date after discovery and provide the Covered Entity with a written notification that complies with 45 C.F.R. § 164.410 which shall include the following information:
    i. to the extent possible, the identification of each individual whose Unsecured Protected Health Information has been, or is reasonably believed by the Business Associate to have been, accessed, acquired or disclosed during the Breach;
    ii. a brief description of what happened;
    iii. the date of discovery of the Breach and date of the Breach;
    iv. the nature of the Protected Health Information that was involved;

v. identify of any person who received the non-permitted Protected Health Information;
vi. any steps individuals should take to protect themselves from potential harm resulting from the Breach;
vii. a brief description of what the Business Associate is doing to investigate the breach, to mitigate harm to individuals, and to protect against any further breaches; and
viii. any other available information that the Covered Entity is required to include in notification to an individual under 45 C.F.R. § 164.404(c) at the time of the notification to the State required by this subsection or promptly thereafter as information becomes available.

f. With respect to any use or disclosure of Unsecured Protected Health Information not permitted by the Privacy Rule that is caused by the Business Associate's failure to comply with one or more of its obligations under this Agreement, the Business Associate agrees to reimburse Covered Entity for its costs associated with providing Breach notifications under the HIPAA Rules and any other applicable security breach notification laws;
g. Ensure that any agent or subcontractor that creates, receives, maintains, or transmits electronic PHI on behalf of the Business Associate agree in writing to comply with at least the same restrictions and conditions that apply through this Agreement to the Business Associate.
h. To make available to the Secretary of Health and Human Services the Business Associate's internal practices, books, and records, including policies and procedures relating to the use and disclosure of PHI and ePHI received from, or created or received by Business Associate on behalf of Covered Entity, for the purpose of determining the Covered Entity's compliance with the HIPAA Privacy Rule, subject to any applicable legal privileges.
i. To document the disclosure of PHI related to any disclosure of PHI as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528.
j. To provide to Covered Entity within 15 days of a written notice from Covered Entity, information necessary to permit the Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528.
k. To provide, within 10 days of receiving a written request, information necessary for the Covered Entity to respond to an Individual's request for access to PHI about himself or herself, in the event that PHI in the Business Associate's possession constitutes a Designated Record Set.
l. Make amendments(s) to PHI in a designated record set as directed or agreed by the Covered Entity pursuant to 45 C.F.R. § 164.526 or take other measures as necessary to satisfy the covered entity's obligations under that section of law.

3. Permitted Uses and Disclosures by Business Associate

3.1. General Use and Disclosure Provisions

Except as otherwise limited in this Agreement, Business Associate may Use or Disclose PHI and ePHI to perform functions, activities, or services for, or on behalf of, Covered Entity, specifically, confidential information for health care operations, provided that such use or disclosure would not violate the Privacy Rule or the Security Rule if done by Covered Entity or the minimum necessary policies and procedures of the Business Associate which shall at all times comply with applicable HIPAA regulations.

3.2. Specific Use and Disclosure Provisions

Except as otherwise limited in this Agreement, Business Associate may use PHI and ePHI:

a. For the proper management and administration of the Business Associate, provided that disclosures are Required By Law, or Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and used or further disclosed only as Required By Law or for the purpose for which it was disclosed to the person, and the person notifies the Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached.
b. To provide Data Aggregation services to Covered Entity as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B).
c. To report violations of law to appropriate Federal and State authorities, consistent with 45 C.F.R. §§ 164.304 and 164.502(j)(1).

4. Obligations of Covered Entity

4.1. Provisions for Covered Entity to Inform Business Associate of Privacy Practices and Restrictions

Covered Entity shall notify Business Associate of:

a. Any limitation(s) in its notice of privacy practices of Covered Entity in accordance with 45 C.F.R. § 164.520, to the extent that any such limitation may affect Business Associate's use or disclosure of PHI.
b. Any changes in, or revocation of, permission by an Individual to use or disclose PHI, to the extent that any such changes may affect Business Associate's use or disclosure of PHI.
c. Any restriction to the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 C.F.R. § 164.522, to the extent that any such restriction may affect Business Associate's use or disclosure of PHI.

4.2. Additional Obligations of Covered Entity. Covered Entity agrees that it:

a. Has included, and will include, in the Covered Entity's Notice of Privacy Practices required by the Privacy Rule that the Covered Entity may disclose PHI for Health Care Operations purposes.

b. Has obtained, and will obtain, from Individuals any consents, authorizations and other permissions necessary or required by laws applicable to the Covered Entity for Business Associate and the Covered Entity to fulfill their obligations under the Underlying Agreement and this Agreement.

c. Will promptly notify Business Associate in writing of any restrictions on the Use and Disclosure of PHI about Individuals that the Covered Entity has agreed to that may affect Business Associate's ability to perform its obligations under the Underlying Agreement or this Agreement.

d. Will promptly notify Business Associate in writing of any change in, or revocation of, permission by an Individual to Use or Disclose PHI, if the change or revocation may affect Business Associate's ability to perform its obligations under the Underlying Agreement or this Agreement.

4.2. Permissible Requests by Covered Entity

Covered Entity may not request Business Associate to use or disclose PHI in any manner that would not be permissible under the Privacy Rule or the Security Rule if done by Covered Entity, except that the Business Associate may use or disclose PHI and ePHI for management and administrative activities of Business Associate.

5. Term and Termination

a. Term. The Term of this Agreement shall be effective as of November 13, 2015, and shall terminate when all of the PHI and ePHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy PHI and ePHI, protections are extended to any such information, in accordance with the termination provisions in this Section.
b. Automatic Termination. This Agreement will automatically terminate upon the termination or expiration of the Underlying Agreement.
c. Termination for Cause. Upon Covered Entity's knowledge of a material breach by Business Associate, Covered Entity shall either:
    1. Provide an opportunity for Business Associate to cure the breach or end the violation and terminate this Agreement and the Underlying Agreement if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity;
    2. Immediately terminate this Agreement and the Underlying Agreement if Business Associate has breached a material term of this Agreement and cure is not possible; or
    3. If neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.
d. Effect of Termination.
    1. Except as provided in paragraph (2) of this subsection, upon termination of this Agreement, for any reason, Business Associate shall return or destroy all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to PHI and ePHI that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies of the PHI or ePHI.
    2. In the event that Business Associate determines that returning or destroying the PHI or ePHI is not feasible, Business Associate shall provide to Covered Entity notification of the conditions that make return or destruction infeasible and shall extend the protections of this Agreement to that PHI and ePHI and limit further uses and disclosures of any such PHI and ePHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains that PHI or ePHI.

6. Miscellaneous

a. Regulatory References. A reference in this Agreement to a section in the HIPAA Privacy or Security Rule means the section as in effect or as amended.
b. Amendment. The Parties agree to take such action as is necessary to amend this Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the Privacy Rule, the Security Rule, and the Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191.
c. Survival. The respective rights and obligations of Business Associate under Section 5.c, related to "Effect of Termination," of this Agreement shall survive the termination of this Agreement.
d. Interpretation. Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy and Security Rules.
e. No Third Party Beneficiaries. Nothing express or implied in this Agreement is intended to confer, nor shall anything this Agreement confer, upon any person other than the parties and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.
f. Applicable Law and Venue. This Business Associate Agreement is governed by and construed in accordance with the governing law provision of the Medicare part D Employer/Union-Only Sponsored Group Waiver Plan Prescription Drug Services Agreement between Covered Entity and Business Associate.
g. Business Associate agrees to comply with all the requirements imposed on a business associate under Title XIII of the American Recovery and Reinvestment Act of 2009, the Health Information Technology for Economic and Clinical Health (HI-TECH) Act, and, at the request of NDPERS, to agree to any reasonable modification of this agreement required to conform the agreement to any Model Business Associate Agreement published by the Department of Health and Human Services.

7. Entire Agreement

This Agreement contains all of the agreements and understandings between the parties with respect to the subject matter of this Agreement. No agreement or other understanding in any way modifying the terms of this Agreement will be binding unless made in writing as a modification or amendment to this Agreement and executed by both parties.

IN WITNESS OF THIS, **NDPERS** [CE] and **ESI** [BA] agree to and intend to be legally bound by all terms and conditions set forth above and hereby execute this Agreement as of the effective date set forth above.

ADDENDUM TO AGREEMENT FOR MEDICARE PART D EMPLOYER-ONLY SPONSORED GROUP WAIVER PLAN PRESCRIPTION DRUG SERVICES BETWEEN NORTH DAKOTA PUBLIC EMPLOYEES RETIREMENT SYSTEM AND MEDCO CONTAINMENT LIFE INSURANCE COMPANY

This Addendum is made and entered into this 17th day of November 2016, by and between the State of North Dakota, acting through its North Dakota Public Employees Retirement System (Client) and Medco Containment Life Insurance Company (MCLIC). This agreement is an Addendum to the Agreement for Medicare Part D Employer-Only Sponsored Group Waiver Plan Prescription Drug Services (Agreement) between the parties executed on December 30, 2015, and is made in accordance with Section 8.1 and Section 9.5 of the Agreement. All provisions of the Agreement remain in full force and effect except as otherwise noted in this Addendum.

Whereas, the Section 8.1 and Section 9.5 of the Agreement executed between the parties permit Client to renew the Agreement for the term of January 1, 2017 through December 31, 2017; and

Whereas, the Client expressed its intent to renew the Agreement by executing Document 192-2017-01 attached hereto as Exhibit A and dated September 15, 2016; now,

Therefore, the parties in consideration of the mutual agreements and undertakings set forth in the Agreement hereby agree as follows:

1. That the Agreement between the parties executed on December 30, 2015 shall continue to be effective for the term of January 1, 2017 through December 30, 2017; and,

2. That in the event a conflict exists between the terms of the Agreement and the terms of Exhibit A to this Addendum, Exhibit A shall control; and

3. That this Addendum shall not be effective until fully executed by both parties.

EXPRESS SCRIPTS®

Dear North Dakota Public Employees Retirement System,

Medco Containment Life Insurance Company and Medco Containment Insurance Company of New York (hereinafter referred to as "Express Scripts Medicare") is pleased to continue offering the Medicare Part D Employer Group Waiver Plan (EGWP) for 2017 as described below.

Please check mark your intention below, sign and return to Express Scripts Medicare by 9/15/2016.

Plan Design:

		Retail Pharmacy Network	Retail Maintenance Drug Program (MDP) Pharmacy	Express Scripts Home Delivery
Day Supply		Up to 31 day	Up to 90 day	Up to 90 day
Member Co-Pay	Generic	$5 copay plus 15% coinsurance	$5 copay plus 15% coinsurance	$5 copay plus 15% coinsurance
	Preferred Brand	$15 copay plus 25% coinsurance	$15 copay plus 25% coinsurance	$15 copay plus 25% coinsurance
	Non-Preferred	$25 copay plus 50% coinsurance	$25 copay plus 50% coinsurance	$25 copay plus 50% coinsurance
	Specialty	$15 copay plus 25% coinsurance	$15 copay plus 25% coinsurance	$15 copay plus 25% coinsurance
Deductible		No Deductible		
Coverage Gap		No Coverage Gap; Member Co-pays above apply.		
Member True Out of Pocket (TrOOP)		$4,950		
Catastrophic Coverage		Member cost share post-TrOOP ($4,950) is the greater of 5% or $3.30 per generic or preferred multi-source drugs and the greater of 5% or $8.25 per all other brands		
Formulary		Medicare Premier Access		
Non Part D Drugs[1]		Mirror current coverage within CMS guidelines		
Part B Drugs[1]		Not Covered		
Generics Policy		Voluntary		
Utilization Management Program		All Approved Standard Part D		
Federal Poverty Limits		Standard Federal Poverty Limit (FPL) guidelines apply		

[1]Some states require coverage for certain Non Part D and Part B drugs. Express Scripts will comply with all state requirements on your behalf.

This group Medicare Part D plan has additional benefits to enhance the Medicare Part D coverage, as required by the Centers for Medicare and Medicaid Services (CMS). Per CMS regulations, the benefit enhancements are considered other health benefits and require filing with and approval by the state department of insurance. Express Scripts Medicare will offer this product in conjunction with Sanford Health Plan. The premium consists of two distinct components that will be outlined on your invoice as follows:

Employer Group Waiver Plan Premium - offered by Express Scripts Medicare through its contracts with the Centers for Medicare and Medicaid Services	**$73.67**
Additional enhanced insurance - offered above and beyond the CMS defined standard benefit Premium	**$16.65**
Total Premium Per Member Per Month* (PMPM)	**$90.32**

These premiums are based on group enrollment with member option to opt out and a minimum enrollment of 3,000 in the selected plan by 1/1/2017. If minimum enrollment thresholds are not met, Express Scripts Medicare reserves the right to adjust the premium accordingly.

**The illustrated premium is subject to change in the event of CMS guidance and rate changes.*

☒ I elect to offer the plan design as described to my Members **effective 01/01/2017 – 12/31/2017** pursuant to my agreement with Express Scripts Medicare.
☐ I do not elect the above EGWP and will notify Express Scripts Medicare of my intentions in accordance to our agreement by the timeframe required within our agreement.

Jon Strinden Board Chair — Print Name

9-15-2016 — Date

Please be aware that if you do not complete the above election and notify Express Scripts Medicare by 9/15/2016, attempts to confirm your intentions for the 2017 plan year will be made. If we are unable to confirm intentions for the 2017 plan year, the group disenrollment process may be initiated and your retirees will be notified that they need to seek coverage elsewhere or under alternative plans that you may offer.

Sincerely,

Express Scripts, Inc.

MEDICARE PART D
EMPLOYER/UNION-ONLY SPONSORED GROUP WAIVER PLAN
PRESCRIPTION DRUG SERVICES AGREEMENT

THIS MEDICARE PART D EMPLOYER-ONLY SPONSORED GROUP WAIVER PLAN PRESCRIPTION DRUG SERVICES AGREEMENT ("Agreement"), made as of the date of execution as set forth on the signature page (the "Execution Date"), is entered into by and between Medco Containment Life Insurance Company, a Pennsylvania corporation ("MCLIC") (an affiliate of Express Scripts, Inc.) and NORTH DAKOTA PUBLIC EMPLOYEES RETIREMENT SYSTEM, on its own behalf and on behalf of the Client Group Health Plan (as defined below) ("Client").

RECITALS

A. MCLIC has received approval from the Centers for Medicare and Medicaid Services ("CMS") to serve as a Prescription Drug Plan Sponsor (a "PDP Sponsor") and to provide prescription drug coverage that meets the requirements of, and pursuant to, the Voluntary Prescription Drug Benefit Program set forth in Part D of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, 42 U.S.C. §1395w-101 through 42 U.S.C. §1395w-152 (the "Act") and all applicable and related rules and regulations promulgated, issued or adopted by CMS or other governmental agencies with jurisdiction over enforcement of the Act, including, but not limited to, 42 C.F.R. §423.1 through 42 C.F.R. §423.910 (with the exception of Subparts Q, R, and S), and the terms of any PDP Sponsor contract between CMS and MCLIC (collectively, the "Medicare Drug Rules"); and

B. Pursuant to the waivers granted by CMS under 42 U.S.C. §1395w-132(b), MCLIC offers employer/union-only sponsored group waiver plans ("EGWPs") to employers/unions that wish to provide prescription drug benefits to their Part D Eligible Retirees (as defined below) in accordance with the Medicare Drug Rules; and

C. Client desires to contract with MCLIC to offer a prescription drug benefit to Client's Part D Eligible Retirees pursuant to an EGWP (the "EGWP Benefit") (as further defined below) as part of Client's group welfare benefit plan (the "Client Group Health Plan"); and

E. Provided that the EGWP Benefit meets the actuarial equivalence standards of the Medicare Drug Rules, as more fully described below, MCLIC desires to offer the EGWP Benefit to Client's Part D Eligible Retirees in accordance with the Medicare Drug Rules and pursuant to the terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the mutual representations, warranties and covenants herein contained, and pursuant to the terms and subject to the conditions set forth below, MCLIC and Client hereby agree as follows:

TERMS AND CONDITIONS

ARTICLE I - DEFINITIONS

Terms not otherwise defined in this Agreement shall have the meanings ascribed to them as set forth below, or as defined in the Medicare Drug Rules.

"Affiliate" means, with respect to MCLIC, individually or collectively, any other individual, corporation, partnership, limited liability company, trust, joint venture or other enterprise or entity directly or indirectly controlling (including without limitation all directors and executive officers of such entity), controlled by or under direct or indirect common control of or with MCLIC.

"Ancillary Supplies, Equipment, and Services" or "ASES" means ancillary supplies, equipment, and services provided or coordinated by ESI Specialty Pharmacy in connection with ESI Specialty Pharmacy's dispensing of Specialty Products. ASES may include all or some of the following: telephonic and/or in-person training, nursing/clinical services, in-home infusion and related support, patient monitoring, medication pumps, tubing, syringes, gauze pads, sharps containers, lancets, test strips, other supplies, and durable medical equipment. The aforementioned list is illustrative only (not exhaustive) and may include other supplies, equipment, and services

based on the patient's needs, prescriber instructions, payer requirements, and/or the Specialty Product manufacturer's requirements.

"Commercial Agreement" means that certain Pharmacy Benefit Management Agreement, dated January 1, 2014, by and between Express Scripts, Inc. ("ESI") and Sanford Health Plan and Sanford Health Plan of Minnesota (collectively "Sanford"), as amended from time to time (the "Commercial Agreement"). Client contracts with Sanford to receive pharmacy benefit services for its non-EGWP members.

"Copayment" or "Copay" means that portion of the charge for each Covered Drug dispensed to an EGWP Enrollee that is the responsibility of such EGWP Enrollee (e.g., copayment, coinsurance, cost sharing, and/or deductibles under initial coverage limits and up to annual out-of-pocket thresholds) as provided under the EGWP Benefit and shown on Exhibit A.

"Coverage Gap" means the stage of the benefit between the initial coverage limit and the catastrophic coverage threshold, as described in the Medicare Part D prescription drug program administered by the United States federal government.

"Coverage Gap Discount" means the manufacturer discounts available to eligible Medicare beneficiaries receiving applicable, covered Medicare Part D drugs, while in the Coverage Gap.

"Coverage Gap Discount Program" means the Medicare program that makes manufacturer discounts available to eligible Medicare beneficiaries receiving applicable, covered Medicare Part D drugs, while in the Coverage Gap.

"Covered Drug(s)" means those prescription drugs, supplies, Specialty Products and other items that are covered under the EGWP Benefit, or treated as covered pursuant to a coverage determination or appeal.

"EGWP Benefit" means the prescription drug benefit to be administered by MCLIC under this Agreement, as defined in the Recitals above and as further described in the Client Group Health Plan document, its summary plan description, and its summary of benefits, the latter of which is attached hereto as Exhibit A, as may be amended from time to time in accordance with the terms of this Agreement.

"EGWP Enrollee" means each Part D Eligible Retiree who is enrolled in the EGWP Benefit in accordance with the terms of this Agreement.

"EGWP Enrollee Submitted Claim" means (a) a claim submitted by an EGWP Enrollee for Covered Drugs dispensed by a pharmacy other than a Participating Pharmacy, or (b) a claim for Covered Drugs filled at a Participating Pharmacy for which the EGWP Enrollee paid the entire cost of the Covered Drug.

"Enrollment File" means the list(s) submitted by Client to MCLIC, in accordance with Article II, indicating the Part D Eligible Retirees that Client has submitted for enrollment in the EGWP Benefit, as verified by MCLIC through CMS eligibility files.

"ESI Specialty Pharmacy" means CuraScript, Inc., Accredo Health Group, Inc., Express Scripts Specialty Distribution Services, Inc., or another pharmacy or home health agency wholly-owned or operated by MCLIC or one or more of its affiliates that primarily dispenses Specialty Products or provides services related thereto; provided, however, that when the Mail Service Pharmacy dispenses a Specialty Product, it shall be considered an ESI Specialty Pharmacy hereunder.

"HIPAA" means the Health Insurance Portability and Accountability Act of 1996, as amended, and the regulations promulgated thereunder.

"Ineligible Enrollee" means an EGWP Enrollee who Client or MCLIC determines will no longer be eligible to participate as an EGWP Enrollee in the EGWP Benefit, in accordance with the EGWP Benefit's eligibility requirements and/or the Medicare Drug Rules.

"Late Enrollment Penalty" or "LEP" means the financial penalty incurred under the Medicare Drug Rules by Medicare Part D beneficiaries who have had a continued gap in creditable coverage of sixty-three (63) days or more after the end of the beneficiary's initial election period, adjusted from time to time by CMS.

"Mail Service Pharmacy" means a duly licensed pharmacy wholly owned or operated by MCLIC or one or more of its Affiliates, other than ESI Specialty Pharmacy, where prescriptions are filled and delivered to EGWP Enrollees via mail or other delivery service.

"Manufacturer Administrative Fees" means those administrative fees of up to 3.5% of the AWP of certain Covered Drugs paid by pharmaceutical manufacturers to, or otherwise retained by, MCLIC or its Affiliate pursuant to a contract between MCLIC or its Affiliate and the manufacturer and directly in connection with MCLIC or its Affiliate administering, invoicing, allocating and collecting the Rebates for the EGWP Benefit under the Medicare Rebate Program.

"Medicare Formulary" means the list of prescription drugs and supplies developed, implemented and maintained in accordance with the Medicare Drug Rules for the EGWP Benefit.

"Medicare Rebate Program" means MCLIC's or its Affiliate's manufacturer rebate program under which MCLIC or its Affiliate contracts with pharmaceutical manufacturers for Rebates payable on selected Covered Drugs that are reimbursed, in whole or in part, through Medicare Part D, as such program may change from time to time.

"Part D" or "Medicare Part D" means the Voluntary Prescription Drug Benefit Program set forth in Part D of the Act.

"Part D Eligible Retiree" means an individual who is (a) eligible for Part D in accordance with the Medicare Drug Rules, (b) not enrolled in a Part D plan (other than the EGWP Benefit), and (c) eligible to participate in Client's Current Benefit.

"Participating Pharmacy" means any licensed retail pharmacy, including retail, long-term care, home infusion, I/T/U pharmacies, with which MCLIC or one or more of its Affiliates has executed an agreement to provide Covered Drugs to EGWP Enrollees. These shall not include any mail order or specialty pharmacy affiliated with any such Participating Pharmacy.

"Pharmacy" or "Pharmacies" refers from time to time to any or all Participating Pharmacies, Mail Service Pharmacy, or ESI Specialty Pharmacy as the context of the provision dictates.

"Prescription Drug Claim" means an EGWP Enrollee Submitted Claim or claim for payment of a Covered Drug submitted to MCLIC by a Pharmacy.

"Prescription Drug Plan" or "PDP" shall have the meaning set forth in the Medicare Drug Rules.

"PHI" means protected health information as defined under HIPAA.

"Rebates" means retrospective formulary rebates that are paid to MCLIC or its Affiliate, pursuant to the terms of a formulary rebate contract negotiated independently by MCLIC or its Affiliate and directly attributable to the utilization of certain Covered Drugs by EGWP Enrollees under the EGWP Benefit. For sake of clarity, Rebates do not include, for example, Manufacturer Administrative Fees, product discounts or fees related to the procurement of prescription drug inventories by or on behalf of MCLIC or its Affiliates owned and operated specialty or mail order pharmacies; as more fully described in Exhibit D; fees received by MCLIC from manufacturers for care management or other services provided in connection with the dispensing of Specialty Products; or other fee-for-service arrangements whereby pharmaceutical manufacturers generally report the fees paid to MCLIC, its Affiliates or wholly-owned subsidiaries for services rendered as "bona fide service fees" pursuant to federal laws and regulations, including, but not limited to the Medicaid "Best Price" rule (collectively, "Other Pharma Revenue"). Such laws and regulations, as well as MCLIC's contracts with pharmaceutical manufacturers, generally prohibit MCLIC from sharing any such "bona fide service fees" earned by MCLIC, whether wholely or in part, with any MCLIC client.

"Specialty Product List" means the standard list of Specialty Products and their reimbursement rates applicable to Client and available to EGWP Enrollees as part of the EGWP Benefit provided to Client with this Agreement and as updated from time to time. MCLIC or its Affiliate will provide additional and/or updated Specialty Product Lists any time upon request from Client.

"Specialty Products" means those injectable and non-injectable drugs on the Specialty Product List. Specialty Products typically have one or more of several key characteristics, including: frequent dosing adjustments and intensive clinical monitoring to decrease the potential for drug toxicity and increase the probability for beneficial treatment outcomes; intensive patient training and compliance assistance to facilitate therapeutic goals; limited or exclusive product availability and distribution; specialized product handling and/or administration requirements and/or cost in excess of $500 for a 30 day supply. Specialty Products elected for coverage shall be considered "Covered Drugs" as defined in the Agreement.

"True Out-of-Pocket Costs" or "TrOOP" means costs incurred by an EGWP Enrollee or by another person on behalf of an EGWP Enrollee, such as a deductible or other cost-sharing amount, with respect to Covered Drugs, as further defined in the Medicare Drug Rules.

"UM Company" means MCMC, LLC or other independent third party utilization management company contracted by MCLIC, subject to and as further described herein.

ARTICLE II – PLAN STATUS UNDER APPLICABLE LAWS; ENROLLMENT AND DISENROLLMENT IN THE EGWP BENEFIT

2.1 Medicare Part D. Client and MCLIC acknowledge and agree as follows:

(a) Under the Medicare Drug Rules, the EGWP Benefit will be deemed to be an EGWP administered by MCLIC and each EGWP Enrollee will be deemed to be a Part D enrollee of MCLIC who is covered by the EGWP Benefit.

(b) The design of and administration of the EGWP Benefit is subject to the applicable requirements of the Medicare Drug Rules. Client shall cooperate with MCLIC and, upon MCLIC's request, do, execute, acknowledge, deliver, and provide such further acts, reports, information, and instruments as may be reasonably required or appropriate to administer the EGWP Benefit in compliance with the Medicare Drug Rules, applicable state insurance laws and other applicable laws. MCLIC shall provide reasonable guidance to Client regarding the requirements of the performance necessary for Client to meet its obligation under this section.

(c) In the event any Federal or State authority imposes any changes to plan design, plan benefits or other mandate affecting the Plan that results in the number of Client's Part D Eligible Retirees being materially reduced or eliminated for any reason, MCLIC and Client shall reasonably cooperate to anticipate material increased expenses or other material effects and negotiate in good faith to incorporate consequent program pricing terms. In the event the parties are unable to reach agreement, either party may terminate this Agreement pursuant to 7.1 hereof. MCLIC reserves the right to adjust the program pricing terms hereunder to reflect the reduction or elimination of the number of Part D Eligible Retirees, with a 90-day notice, or when mandates imposed by State or Federal legislative action or NDPERS mandate become effective.

2.2 HIPAA.

(a) Each of Client, the Client Group Health Plan and MCLIC agrees to take reasonable and necessary actions to safeguard the privacy and security of information that identifies a particular EGWP Enrollee in accordance with state and federal privacy and security requirements, including HIPAA and the confidentiality and security provisions stated in 42 C.F.R. §423.136. Without limiting the generality of the foregoing, the parties acknowledge that, for the purposes of HIPAA compliance, each of MCLIC and the Client Group Health Plan is a Covered Entity, and that, with respect to the EGWP Benefit, MCLIC and the Client Group Health Plan shall be deemed to be an Organized Health Care Arrangement. MCLIC and the Client Group Health Plan may transmit and receive PHI as necessary for the operation of the EGWP Benefit. In addition, MCLIC may transmit PHI to the Client Group Health Plan for payment purposes and any other purpose permitted by HIPAA. Client hereby represents and warrants that: (i) the Client Group Health Plan's documents have been amended to meet the specification requirements set forth at 45 C.F.R. §164.504(f); (ii) Client will use and disclose PHI solely in accordance with these provisions; and (iii) accordingly, MCLIC, at the direction of the Client Group Health Plan, may disclose PHI to Client consistent with the terms of this Section 2.2. The parties shall take reasonable steps to ensure that all uses and disclosures of PHI by MCLIC, the Client Group Health Plan and Client only include information that is minimally necessary to accomplish the purpose(s) of the use or disclosure. Capitalized terms used in this Section 2.2 and not otherwise defined in this Agreement shall have the meaning set forth in HIPAA. Notwithstanding the foregoing, the

parties acknowledge that in providing services to EGWP Enrollees, ESI Specialty Pharmacy and the Mail Service Pharmacy are acting as separate health care provider covered entities under HIPAA and not as business associates to the Plan covered by the Business Associate Agreement. In providing services, ESI Specialty Pharmacy and the Mail Services Pharmacy shall abide by all HIPAA requirements applicable to covered entities and shall safeguard, use and disclose EGWP Enrollee PHI accordingly.

2.3 Group Enrollment. Subject to each individual's right to opt out, as described below, Client shall enroll Part D Eligible Retirees in the EGWP Benefit through a group enrollment process, as further described in and permitted under the Medicare Drug Rules. Client agrees that it will comply with all applicable requirements for group enrollment in EGWPs as set forth in the Medicare Drug Rules and related CMS guidance, and as described and required by MCLIC's policies and procedures. Client's performance under this Section 2.3 shall be a condition precedent to MCLIC's performance under this Agreement. MCLIC shall provide reasonable guidance to Client regarding the requirements of the performance necessary for Client to meet its obligation under this section.

2.4 Enrollment File. No later than thirty (30) days prior to the Effective Date (unless otherwise agreed to by the parties) and the first day of each EGWP Benefit enrollment period thereafter, so long as this Agreement is in effect, Client, or its authorized representative, shall provide an Enrollment File to MCLIC via on-line or other communication medium reasonably requested by MCLIC that lists those Part D Eligible Retirees for whom Client intends to make application for enrollment in the EGWP Benefit (i.e., those Part D Eligible Retirees who have not opted out of the group enrollment process) for that contract year. Client shall communicate all new enrollments, requested retroactive enrollments of Part D Eligible Retirees, and disenrollments from the EGWP Benefit via the communication medium reasonably requested by MCLIC. MCLIC agrees to process retroactive enrollment requests pursuant to the requirements of the Medicare Drug Rules. Client acknowledges and agrees that the requested effective date for any such retroactive enrollment may not be prior to the date that the enrollment request was completed by the individual, and that the effective date of enrollment may be adjusted by no greater than ninety (90) days. Client represents and warrants that the Enrollment File provided to MCLIC pursuant to this Section 2.4, and all retroactive additions thereto, shall only include those individuals eligible for enrollment under the Client Group Health Plan, and which have elected to participate in the EGWP Benefit. Client's performance under this Section 2.4 shall be a condition precedent to MCLIC's performance under this Agreement.

2.5 Implementation.

(a) MCLIC's Responsibilities. MCLIC shall implement the Enrollment File following confirmation of the eligibility of the Part D Eligible Retirees listed on the Enrollment File with CMS eligibility files. A Part D Eligible Retiree will not be enrolled in the EGWP Benefit unless such individual is listed on both the Enrollment File submitted by Client and the CMS eligibility files. MCLIC will seek from CMS verification of eligibility for all Part D Eligible Retirees whose names are listed in the Enrollment File. If an individual is listed on the Enrollment File provided by Client, but is not eligible for participation according to CMS eligibility files, then MCLIC shall notify Client in a timely manner regarding such individual's ineligibility. MCLIC will work with Client to determine if such individual has been rejected due to an administrative or clerical error (e.g., data field standards errors, rejections related to information input by MCLIC related to the EGWP Benefit into the CMS system, etc.), or an error requiring individual retiree contact, and if so in either case, MCLIC will take appropriate action and attempt to correct such error and resubmit the individual through the CMS system. Client acknowledges and agrees that MCLIC may update in the Enrollment File any and all information concerning Part D Eligible Retirees upon receipt of corrected information from CMS, and MCLIC may use such corrected information to obtain a Part D Eligible Retiree's enrollment in the EGWP Benefit. For all Part D Eligible Retirees that have been included by Client in the Enrollment File, but who are ultimately determined to be ineligible for participation in the EGWP Benefit, MCLIC or its Affiliate shall notify the individual of his or her ineligibility in the EGWP Benefit and take all other action as required by applicable law. MCLIC shall communicate to Client any changes to a Part D Eligible Retiree's information in the Enrollment File based upon updates or corrections received from CMS.

(b) Incomplete Enrollment File Information. Client acknowledges that its submission to MCLIC of an inaccurate or incomplete Enrollment File (e.g., missing date of birth, last name, first name, etc.) or otherwise of incomplete information with respect to any individual Part D Eligible Retiree, may result in a rejection of the Part D Eligible Retiree's enrollment in the EGWP Benefit. MCLIC will provide Client with regular reports providing the details of all such incomplete information needed to enroll Part D Eligible Retirees. Upon Client's request, MCLIC will perform research and may initiate contact and communication with all such Part D Eligible Retirees to obtain all missing information needed to complete enrollment of the Part D Eligible Retirees in the EGWP Benefit. Client

acknowledges and agrees that MCLIC may contact Client's Part D Eligible Retirees to obtain the information required hereunder, and that MCLIC will update the Enrollment File on Client's behalf to reflect additional information needed to complete enrollment of the Part D Eligible Retirees in the EGWP Benefit. MCLIC shall provide to Client all such updated information through the regular reports provided hereunder. After obtaining all information needed to complete enrollment of the Part D Eligible Retirees in the EGWP Benefit, MCLIC shall complete such enrollment including verification with CMS; provided, however, that if MCLIC, using reasonable efforts, is not able to obtain all missing information from a Part D Eligible Retiree within twenty-one (21) days after receiving Client's initial request for enrollment of the Part D Eligible Retiree in the EGWP Benefit, then Client's request shall be deemed cancelled and MCLIC or its Affiliate shall notify the individual of his or her non-enrollment in the EGWP Benefit and shall take all other action as required by applicable law.

(c) Effective Date of Application for Enrollment into EGWP Benefit. Notwithstanding any provision of this Agreement to the contrary, the effective date of the application for any Part D Eligible Retiree who MCLIC seeks to enroll in the EGWP Benefit hereunder shall be the date on which the application for enrollment is entered by MCLIC into its enrollment system, subject however to any adjustments that MCLIC may make for retroactive enrollments as necessary to enroll the Part D Eligible Retiree in the EGWP Benefit.

(d) Client's Responsibilities. The parties agree that Sanford will be providing certain services on behalf of Client with respect to Client's obligations under this Agreement. Client shall bind Sanford for obligations Sanford performs on its behalf, and references in the Agreement to "Client" in performing a function shall be construed to include Sanford to the extent applicable. Further, Client shall require Sanford to comply with all applicable laws and the Medicare Drug Rules. The services provided by Sanford on behalf of client include, but may not be limited to the following:

Help coordination of communication pieces between ESI and Client;
Assisting Client with renewals or other contract negotiations with ESI;
Helping to provide technical advice to Client on pharmacy issues;
Assist Client/ESI with EGWP Enrollee appeals and general complaints;
Assist Client/ESI with problem resolution;
Assist EGWP Enrollees with appeals on formulary, network & other issues;
Assist Client/ESI with general EGWP Enrollee inquiries related to their prescription drug plan

2.6 Individual Disenrollment. If Client or MCLIC determines that an EGWP Enrollee will be an Ineligible Enrollee, in accordance with the EGWP Benefit's eligibility requirements and/or the Medicare Drug Rules, then the following procedures shall be implemented as applicable:

(a) Upon Client's determination, Client shall notify MCLIC no earlier than sixty (60) days prior to the effective date of such Ineligible Enrollee's ineligibility, in a manner and format agreed upon by the parties;

MCLIC shall send a letter / notification to the Ineligible Enrollee alerting the Ineligible Enrollee that she is no longer eligible to participate in the EGWP Benefit;

(c) Client shall provide all information to MCLIC that is required for MCLIC to submit a complete disenrollment request transaction to CMS, as set forth in the Medicare Drug Rules; and

(d) MCLIC shall submit the disenrollment request transaction to CMS in accordance with the Medicare Drug Rules.

2.7 Group Disenrollment. If, upon the expiration of the then current term of this Agreement, or as otherwise provided in Section 8.2, Client plans to disenroll its EGWP Enrollees from the EGWP Benefit using a group disenrollment process, then Client shall implement the following procedures:

(a) Notification to EGWP Enrollees. Client shall provide at least twenty-one (21) days (or such other minimum days' notice as required by the Medicare Drug Rules) prior written notice to each EGWP Enrollee that Client plans to disenroll him or her from the EGWP Benefit and shall include with such written notification an explanation as to how the EGWP Enrollee may contact CMS for information on other Medicare Part D options that might be available to the EGWP Enrollee; and

(b) Information to MCLIC. Client shall provide all the information to MCLIC that is required for MCLIC to submit a complete disenrollment request transaction to CMS, as set forth in the Medicare Drug Rules.

2.8 Voluntary Disenrollment. If an EGWP Enrollee makes a voluntary request to be disenrolled from the EGWP Benefit (the "Voluntary Disenrollee") to Client, then Client shall notify MCLIC no earlier than sixty (60) days prior to the effective date of such Voluntary Disenrollee's disenrollment, in a manner and format agreed upon by the parties. If Client does not timely notify MCLIC of such Voluntary Disenrollee's disenrollment in the EGWP Benefit, then MCLIC shall submit a retroactive disenrollment request to CMS. Client acknowledges that CMS may only grant up to a ninety (90) day retroactive disenrollment in such instances. If the Voluntary Disenrollee makes his or her request directly to MCLIC, then MCLIC shall direct the Voluntary Disenrollee to initiate the disenrollment with the Client.

2.9 Responsibility for Claims After Loss of Eligibility or Disenrollment. Client represents and warrants that all information that Client, or its authorized representative, provides to MCLIC in the Enrollment File will be complete and correct. Except for Prescription Drug Claims that are paid due to MCLIC's negligence, Client shall be responsible for reimbursing MCLIC pursuant to Section 5.1 for all Prescription Drug Claims processed by MCLIC (a) with respect to an Ineligible Enrollee, as determined by Client, during any period in which the Enrollment File indicated that such Ineligible Enrollee was eligible and (b) with respect to a Voluntary Disenrollee, in the event Client did not provide timely notice to MCLIC of such disenrollment as set forth in this Article II.

2.10 General Support Services. In addition to any other Client obligation under this Article II or elsewhere in this Agreement, Client shall be responsible for providing general support services to EGWP Enrollees throughout the enrollment process, including, but not limited to, EGWP Enrollee education concerning the EGWP Benefit, communicating information concerning premiums, providing information concerning alternative benefit options offered by Client, if any, and answering on-going inquiries related to the payment of the applicable EGWP Enrollee premium.

2.11 Effect On / Effect Of Commercial Agreement. Except as expressly provided in this Agreement, the parties acknowledge that MCLIC shall have no obligations under the Commercial Agreement with respect to the Client Group Health Plan, and that Client shall be solely responsible for determining the eligibility of members covered by the prescription drug benefit administered pursuant to the Commercial Agreement (the "Commercial Benefit"). Upon a member's enrollment as an EGWP Enrollee in the EGWP Benefit, such EGWP Enrollee's eligibility as a member in the Commercial Benefit shall immediately terminate. An EGWP Enrollee may not have dual coverage under the EGWP Benefit and the Commercial Benefit; and therefore, after any EGWP Enrollee's enrollment in the EGWP Benefit, all Prescription Drug Claims and member submitted claims submitted to ESI under the Commercial Agreement shall be treated as Prescription Drug Claims under this Agreement and shall be processed by MCLIC in accordance with the EGWP Benefit. Any Prescription Drug Claim or member submitted claim processed under the Commercial Agreement and the Commercial Benefit after the date of an EGWP Enrollee's enrollment in the EGWP Benefit shall be reversed and shall be re-processed under the EGWP Benefit. Client acknowledges that termination of a member's coverage under the Commercial Benefit prior to such member's enrollment as an EGWP Enrollee in the EGWP Benefit may result in a loss of prescription drug benefit coverage for such member; provided, however, notwithstanding the foregoing, the parties acknowledge and agree that a member's prescription drug benefit coverage under the Commercial Benefit shall be solely determined by Client and not by MCLIC or any of its Affiliates, including without limitation ESI.

ARTICLE III – PRESCRIPTION DRUG SERVICES

3.1 Exclusivity. Client acknowledges and agrees that, in the event Client offers its Part D Eligible Retirees more than one Part D benefit option, the eligibility determinations, enrollment and disenrollment and other administration of such Part D options will require extensive coordination with the administration of the EGWP Benefit. For these reasons, Client agrees that Client shall use MCLIC as Client's exclusive provider of all Medicare Part D services for its Part D Eligible Retirees during the term of this Agreement unless otherwise requested by Client and agreed to by MCLIC in writing. Notwithstanding the forgoing, the parties agree that Retiree Health Insurance Credit benefits received by Part D Eligible Retirees does not violate or implicate this section. The terms and conditions of Client's and MCLIC's arrangements for Part D options other than the EGWP Benefit shall be set forth in separate agreements.

Prescription Drug Services In exchange for Client's payment to MCLIC of the amounts set forth in Section

5.2, MCLIC will offer the EGWP Benefit to EGWP Enrollees in accordance with the terms and conditions of this Agreement. In its capacity as a PDP Sponsor with respect to the EGWP Benefit, MCLIC will be responsible for pharmacy network contracting; Mail Service Pharmacy and Specialty Products services; Prescription Drug Claim processing; Formulary and Rebate administration; Medication Therapy Management; and related services (collectively, "Prescription Drug Services"), as further described in this Agreement. All Prescription Drug Services shall be provided by MCLIC in accordance with the Medicare Drug Rules and the terms of the EGWP Benefit. Client acknowledges and agrees that MCLIC may provide Prescription Drug Services under this Agreement through one or more of its Affiliates. MCLIC represents and warrants that it will have written agreements with each Affiliate that will perform services on behalf of MCLIC in connection with the EGWP Benefit that meet the requirements the Medicare Drug Rules for subcontractors of PDP Sponsors.

3.3 Compliance with Medicare Drug Rules and State Insurance Laws. Under the Medicare Drug Rules, MCLIC is required to maintain licensure under applicable state insurance laws or to obtain appropriate waivers from CMS of such requirements. Notwithstanding any provision to the contrary in this Agreement, MCLIC shall not be obligated to take any action or omit to take any action with respect to the EGWP Benefit that is not in compliance with the Medicare Drug Rules, applicable state insurance laws or other applicable laws.

3.4 The EGWP Benefit. The EGWP Benefit will satisfy all actuarial equivalence standards set forth in the Medicare Drug Rules. Client hereby agrees to cooperate with MCLIC to perform the necessary actuarial equivalence calculations to determine whether the EGWP Benefit meets the foregoing actuarial equivalence standards prior to the Effective Date. If MCLIC determines that the EGWP Benefit does not meet the actuarial equivalence standards, then Client shall cooperate with MCLIC to make necessary adjustments to the EGWP Benefit design to meet the actuarial equivalence standards.

3.5 Changes to the EGWP Benefit. Client shall have the right to request changes to the terms of the EGWP Benefit from time to time by providing written notice to MCLIC. Any such changes shall be subject to the following requirements: (a) all changes to the EGWP Benefit must be consistent with the Medicare Drug Rules; (b) the EGWP Benefit, after implementation of such changes, must continue to meet the actuarial equivalence standards referenced in Section 3.4 above; (c) EGWP Benefit changes may be implemented only at times and in the manner permitted by the Medicare Drug Rules; and (d) any requested change that would increase MCLIC's costs of administering the EGWP Benefit without an equivalent increase in the PMPM Fees (as defined in Section 5.2 below) paid to MCLIC from Client shall not be implemented unless and until Client and MCLIC agree in writing upon a corresponding adjustment to the PMPM Fees.

3.6 EGWP Enrollee Communications. All standard EGWP Enrollee communications concerning the EGWP Benefit (i.e., summary plan description, evidence of coverage, etc.) shall be mutually developed by MCLIC and the Client pursuant to the Medicare Drug Rules, including the CMS Marketing Guidelines contained therein. MCLIC shall be responsible, with assistance from Client, in completing EGWP Enrollee communications and distributing them to EGWP Enrollees as appropriate. Pursuant to the Medicare Drug Rules, Client acknowledges and agrees that MCLIC must provide all such EGWP Enrollee communications, whether created and/or distributed by MCLIC or Client, to CMS for review. If CMS notifies MCLIC that any such EGWP Enrollee communication is deficient, Client agrees to assist MCLIC to make necessary revisions to such EGWP Enrollee communication to correct such deficiency.

3.7 Network Access and Service Area Requirements. At least thirty (30) days prior to the Effective Date, Client shall provide MCLIC de-identified aggregate information concerning where: (A) all Part D Eligible Retirees reside; and (B) all of Client's employees reside, as necessary for MCLIC to determine whether MCLIC's network of Participating Pharmacies is sufficient to meet the needs of such individuals. Client represents and warrants that all such information shall be accurate and complete. Client's performance under this Section 3.7 shall be a condition precedent to MCLIC's performance under this Agreement. If MCLIC determines that its network of Participating Pharmacies is not sufficient to meet the needs of individuals eligible to participate in the EGWP Benefit, then MCLIC shall use its best efforts to address such deficiencies. If MCLIC is not able to satisfactorily address such deficiencies prior to the Effective Date, then MCLIC shall provide written notice to Client prior to the Effective Date and this Agreement shall automatically terminate.

3.8 Pharmacy Network. Subject to the terms of Section 3.7 above, MCLIC shall develop and maintain a Participating Pharmacy network that, at a minimum, is sufficient to meet the needs of the EGWP Enrollees, as provided in the CMS waiver guidance concerning network access under Medicare Drug Rules.

(a) Pharmacy Credentialing. MCLIC agrees to comply with all applicable Medicare Drug Rules regarding credentialing requirements. MCLIC shall require Participating Pharmacies, MCLIC Mail Service Pharmacy and ESI Specialty Pharmacy to meet MCLIC's and the Medicare Drug Rules' credentialing requirements, including but not limited to licensure, insurance and provider agreement requirements.

(b) Independent Contractors. Neither MCLIC nor its Affiliate directs or exercises any control over the professional judgment exercised by any pharmacist in dispensing prescriptions or otherwise providing pharmaceutical related services at a Participating Pharmacy. Participating Pharmacies are independent contractors of MCLIC or its Affiliate, and neither MCLIC nor its Affiliate shall have any liability to Client, any EGWP Enrollee or any other person or entity for any act or omission of any Participating Pharmacy or its agents or employees.

(c) Pharmacy Help Desk. MCLIC will provide 24-hour a day, 7-days a week toll-free telephone support and Internet web site to assist Participating Pharmacies with EGWP Enrollee eligibility verification and questions regarding reimbursement, and Covered Drug benefits under the EGWP Benefit.

3.9 Audits of Participating Pharmacies; Fraud and Abuse. MCLIC shall periodically audit Participating Pharmacies to determine compliance with their agreements with MCLIC or its Affiliate and in order to meet the anti-fraud provisions of the Medicare Drug Rules applicable to PDPs. MCLIC also shall perform fraud and abuse reviews of EGWP Enrollees and physicians as required under the Medicare Drug Rules for PDPs.

3.10 Claims Processing. Subject to Sections 3.10(a)-(h), MCLIC will be responsible for all claims processing services for Covered Drugs dispensed to EGWP Enrollees by a Pharmacy consistent with the applicable standard transaction rules required under HIPAA and Medicare Drug Rules. MCLIC also shall process EGWP Enrollee Submitted Claims.

(a) COB.

(i) MCLIC will coordinate benefits with state pharmaceutical assistance programs and entities providing other prescription drug coverage consistent with the Medicare Drug Rules. If Client, in accordance with the Medicare Drug Rules, elects to provide non-Medicare EGWP supplemental coverage for EGWP Enrollees through other health insurance separately issued by a carrier with which MCLIC or its Affiliate has contracted (the "EGWP Supplemental Policy"), then MCLIC will perform the following additional coordination of benefits: Coordination of benefits for Medicare Part D applicable drugs throughout the EGWP Benefit and the EGWP Supplemental Policy; single transaction for members at POS utilizing Medicare Part D eligibility and a single ID card; utilize EGWP Enrollee eligibility established under Medicare Part D plan; comprehensive EGWP Enrollee communications package for the EGWP Supplemental Policy; all CMS required reporting; claims reporting detailing primary and secondary payments; and financial reporting detailing application of Coverage Gap Discount Program.

(ii) The premium collected by MCLIC or its Affiliate for the EGWP Supplemental Policy, which is an amount set forth as a separate line item on Client's invoice, is included in the PMPM Fees paid to MCLIC pursuant to this Agreement. PMPM Fees collected by MCLIC pursuant to this Agreement will first be applied to all non-EGWP Supplemental Policy PMPM Fees owed to MCLIC before applying any remaining amounts to the EGWP Supplemental Policy premium amounts owned. As a result, default in payment of PMPM Fees by Client, in whole or in part, may result in a default under the EGWP Supplemental Policy for failure to pay premium amounts thereunder. In addition to the principal ESI revenue sources disclosed in Exhibit B (Financial Disclosure), in connection with the EGWP Supplemental Policy issued to Client in connection with this Agreement, MCLIC or its Affiliate is paid an original commission in an amount equal to one percent (1%) of the gross premium collected by MCLIC or its Affiliate for the EGWP Supplemental Policy.

(iii) If MCLIC and/or the carrier with which MCLIC or its Affiliate has contracted to provide the EGWP Supplemental Policy at any time does not receive authority to issue such EGWP Supplemental Policy, or has such authority revoked, then this Agreement is subject to immediate termination by MCLIC upon written notice to Client.

(b) Utilization Management. Consistent with the terms of the EGWP Benefit, MCLIC will establish a reasonable and appropriate drug management program that includes incentives to reduce costs when medically

appropriate; maintains policies and systems to assist in preventing over-utilization and under-utilization of prescribed medications, according to guidelines specified by CMS and in accordance with the Medicare Drug Rules.

(c) Quality Assurance. Consistent with the terms of the EGWP Benefit, MCLIC will establish quality assurance measures and systems to reduce medication errors and adverse drug interactions and improve medication use in accordance with the Medicare Drug Rules.

(d) TrOOP. Consistent with the terms of the EGWP Benefit, MCLIC will establish and maintain a system to record EGWP Enrollees' TrOOP balances, and shall communicate TrOOP balances to EGWP Enrollees upon request.

(e) Coverage Determinations and Appeals. The parties acknowledge and agree that MCLIC is required under the Medicare Drug Rules to maintain oversight of coverage determinations under the EGWP Benefit, including prior authorizations and EGWP Enrollee Submitted Claims determinations, and to maintain an appeals process for EGWP Enrollees. Client acknowledges and agrees that ESI may perform such services through the UM Company. MCLIC or the UM Company, as applicable, will be responsible for conducting the appeal in a manner consistent with the requirements of the Medicare Drug Rules and shall ensure that the contract with the UM Company complies with the applicable delegation requirements of the Medicare Drug Rules, including without limitation 42 C.F.R. §423.505. ESI represents to Client that UM Company has contractually agreed that: (A) UM Company will conduct appeals in accordance with the the Medicare Drug Rules and the EGWP Benefit, (B) Client is a third party beneficiary of UM Company's agreement with MCLIC or its Affiliate (a copy of which is available upon request) and the remedies set forth therein, and (C) UM Company will indemnify Client for third party claims caused by the UM Company's negligence or willful misconduct in providing the appeal services.

(g) EOBs. MCLIC will furnish EGWP Enrollees, in a manner specified by CMS, a written explanation of benefits ("EOB") when prescription drug benefits are provided under qualified prescription drug coverage consistent with the requirements of the Medicare Drug Rules.

(h) EGWP Enrollee Services. MCLIC will provide 24-hours a day, 7-days a week toll-free telephone, IVR and Internet support to assist Client and EGWP Enrollees with EGWP Enrollee eligibility, benefits and TrOOP verification, location of Participating Pharmacies and other related EGWP Enrollee concerns.

Formulary and Medication Management

(a) P&T Committee and Medicare Formulary. MCLIC or its Affiliate will maintain a pharmacy and therapeutics committee ("P&T Committee") in accordance with the Medicare Drug Rules, which will develop a Medicare Formulary for the EGWP Benefit consistent with the requirements of the Medicare Drug Rules. In accordance with the Medicare Drug Rules, all Covered Drugs on the Medicare Formulary shall be Part D drugs (within the meaning of the Medicare Drug Rules) or otherwise permitted to be covered by a PDP under the Medicare Drug Rules. Client acknowledges and agrees that the Medicare Formulary may not be modified by removing Covered Drugs, adding additional utilization management restrictions, making the cost-sharing status of a drug less beneficial or otherwise modified in a manner not consistent with the Medicare Drug Rules.

(b) Medication Therapy Management. Consistent with the terms of the EGWP Benefit, MCLIC or its Affiliate may implement a Medication Therapy Management program that is designed to ensure that Covered Drugs prescribed to targeted EGWP Enrollees are appropriately used to optimize therapeutic outcomes through improved medication use and reduce the risk of adverse events, including adverse drug interactions, in accordance with the Medicare Drug Rules.

12 Medicare Rebate Program

(a) MCLIC or its Affiliate will negotiate with pharmaceutical manufacturers regarding the terms of the Medicare Rebate Program and will enter into agreements with such manufacturers for Rebates for certain Covered Drugs and Manufacturer Administrative Fees. MCLIC and its Affiliate retain all right, title and interest to any and all actual Rebates and Manufacturer Administrative Fees received from manufacturers. Client acknowledges and agrees that it shall not have a right to any Rebate and Manufacturer Administrative Fee payments received by MCLIC or its Affiliates.

(b) Client shall not negotiate or arrange with, or enter into an agreement with, a pharmaceutical manufacturer for rebates or similar discounts for any Covered Drugs dispensed to EGWP Enrollees for the term covered by this Agreement. A breach of the prior sentence shall be deemed to be a material breach of this Agreement.

(c) To the extent required under the Medicare Drug Rules, MCLIC shall disclose to Client the amount of all Rebates and Manufacturer Administrative Fees received from manufacturers or otherwise retained by MCLIC or its Affiliate with respect to the Rebate eligible EGWP Benefit utilization.

3.13 Mail Service Pharmacy. EGWP Enrollees may have prescriptions filled through the Mail Service Pharmacy. Subject to applicable law, MCLIC may communicate with EGWP Enrollees regarding benefit design, cost savings, availability and use of the Mail Service Pharmacy, as well as provide supporting services. MCLIC may suspend Mail Service Pharmacy services to an EGWP Enrollee who is in default of any Copayment amount due MCLIC.

3.14 Specialty Products

(a) Specialty Products and ASES. EGWP Enrollees may have prescriptions filled through ESI Specialty Pharmacy and Participating Pharmacies. Subject to applicable law, MCLIC and its affiliates may communicate with EGWP Enrollees and physicians to advise EGWP Enrollees filling Specialty Products at Participating Pharmacies of the availability of filling prescriptions through ESI Specialty Pharmacy.

(i) For Specialty Products filled through ESI Specialty Pharmacy only, EGWP Enrollees may receive the following services from ESI Specialty Pharmacy, depending on the particular therapy class or disease state: ASES; patient intake services; pharmacy dispensing services and/or social services (patient advocacy, hardship reimbursement support, and indigent and patient assistance programs).

(ii) Subject to Client's prior authorization requirements, if applicable, MCLIC or its affiliates will provide or coordinate ASES for EGWP Enrollees through ESI Specialty Pharmacy or through other specialty pharmacies or other independent third party providers of ASES when ASES is required. If MCLIC or its affiliates engages a third party provider of ASES, MCLIC or its affiliates shall contractually obligate such third party provider of ASES to comply with all applicable laws, including, without limitation, all applicable laws relating to professional licensure. Neither MCLIC nor its affiliates direct or exercise any control over any third party provider of ASES in administering Specialty Products or otherwise providing ASES.

(b) MCLIC shall notify Client no more frequently than monthly of new Specialty Products that are introduced to the market and added to the Specialty Product List on or after the Effective Date of this Agreement ("Notice").

3.15 Late Enrollment Penalty. Client agrees to and attests that it shall comply with the applicable CMS requirements of the LEP and shall comply with MCLIC's LEP policy, inducing participating with MCLIC in the following process:

(a) Client has an option to: (i) provide an initial global attestation to MCLIC to attest to a creditable coverage for all of its EGWP Enrollees; or (ii) periodically provide an attestation to MCLIC to attest to a creditable coverage for its EGWP Enrollees listed on the LEP report periodically provided to Client by MCLIC.

(b) If Client elects to periodically attest to MCLIC under Section 3.15(a)(ii) above, then:

(i) Client's response shall be delivered to MCLIC within five (5) business days from the receipt of LEP report from MCLIC;

(ii) Client shall provide MCLIC with the file listing all EGWP Enrollees for whom Client was unable to attest; and

(iii) MCLIC shall also mail an attestation to each EGWP Enrollee that has gap in coverage as defined by CMS.

(c) Client has provided MCLIC with the attestation form and a file listing of all the EGWP Enrollees included in the attestation.

(d) MCLIC will collect responses to the attestations from Client or EGWP Enrollees and submits EGWP Enrollees information to CMS for processing and determination of applicable LEP.

(e) CMS calculates the LEP amount and transmits the LEP amount to MCLIC on the daily TRR file, which is communicated to Client. MCLIC shall invoice Client for payment of the LEP, which shall be due and owing by the Client to MCLIC. Per the Medicare Drug Rules, Client may elect to either pay for the LEP on behalf of the EGWP Enrollee, or seek reimbursement of the LEP amount from the EGWP Enrollee. This election must be made prior to the beginning of the plan year and must be applied consistently by Client for all EGWP Enrollees throughout the plan year.

3.16 Direct and Indirect Remuneration. On an annual basis, consistent with Medicare Drug Rules, MCLIC will provide Client with reporting regarding direct and indirect remuneration (as defined by 42 CFR §432.308).

ARTICLE IV -PROGRAM OPERATIONS

4.1 Program Reporting. MCLIC or its Affiliate shall make available to Client MCLIC's or its Affiliate's standard management information reporting applications. At the request of Client, MCLIC or its Affiliate may develop special reporting packages at MCLIC's or its Affiliate's standard hourly rate for such services.

4.2 Regulatory Reporting. MCLIC shall comply with the reporting requirements set forth in 42 C.F.R. §423.514, including reporting significant business transactions with parties in interest to CMS, notifying CMS of any loans or other financial arrangements that it makes with contractors, subcontractors, and related entities, and making such information available to EGWP Enrollees upon reasonable request.

4.3 Claims Data Retention. MCLIC and Client will maintain, for a period of the then current plan year plus an additional ten (10) years, the applicable books, contracts, medical records, patient care documentation, and other records relating to covered services under this Amendment. MCLIC may use and disclose both during and after the term of this Agreement the anonymized claims data (de-identified in accordance with HIPAA) including drug and related medical data collected by MCLIC or provided to MCLIC by Client for research; provider profiling; benchmarking, drug trend, and cost and other internal analyses and comparisons; clinical, safety and/or trend programs; ASES; or other MCLIC business purposes, in all cases subject to applicable law.

4.4 Government Audits. MCLIC and Client agree to allow the United States Department of Health and Human Services ("DHHS") and the Comptroller General or their designees, the right to audit, evaluate, inspect books, contracts, medical records, patient care documentation and other records relating to covered services under this Agreement, as are reasonably necessary to verify the nature and extent of the costs of the services provided to EGWP Enrollees under this Agreement, for a period of the then current plan year, plus an additional ten (10) years following termination or expiration of the Amendment for any reason, or until completion of any audit, whichever is later.

4.5 State Auditor Audit. To the extent required by applicable law, the North Dakota State Auditor or State Auditor's designee or Client or Client's designee may audit MCLIC. Any such designee shall not have a conflict of interest.

4.6 Liability Insurance. Each party shall maintain such policies of general liability, professional liability and other insurance of the types and in amounts customarily carried by their respective businesses. Proof of such insurance shall be available upon request. MCLIC agrees, at its sole expense, to maintain during the term of this Agreement or any renewal hereof, commercial general liability insurance, pharmacists professional liability insurance for the MCLIC Mail Service and ESI Specialty Pharmacies, and managed care liability with limits, excess of a self insured retention, in amounts of not less than $5,000,000 per occurrence, and in the aggregate. MCLIC or its Affiliate does not maintain liability insurance on behalf of any Participating Pharmacy, but does contractually require such pharmacies to maintain a minimum amount of commercial liability insurance or, when deemed acceptable by MCLIC or its Affiliate, to have in place a self-insurance program.

ARTICLE V – MONTHLY PREMIUMS; FEES; BILLING AND PAYMENT

5.1 Monthly Premiums

(a) Determination of Monthly Premium Amounts. Prior to the Effective Date and each EGWP Benefit enrollment period thereafter, MCLIC shall determine the amount of the monthly premium to be charged for each EGWP Enrollee for participation in the EGWP Benefit, which shall be determined based on the CMS Medicare Drug Rules and guidance for standard prescription drug coverage along with enhancements under the EGWP Benefit as compared to the standard prescription drug coverage as permitted.

(b) Collection of Monthly Premium Amounts. In accordance with the Medicare Drug Rules, MCLIC hereby delegates the premium collection function to Client and hereby directs Client, on behalf of MCLIC, to collect all monthly premium payments due from EGWP Enrollees for participation in the EGWP Benefit. In connection with MCLIC's delegation of the premium collection function to Client under this Section 5.1(b), Client hereby agrees as follows:

(i) That in no event, including, but not limited to, MCLIC's insolvency, or MCLIC's breach of this Agreement, will Client bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against an EGWP Enrollee or persons acting on his or her behalf for payments that are the financial responsibility of MCLIC under this Agreement. The foregoing is not intended to prohibit Client from collecting premium amounts due by EGWP Enrollees for participation in the EGWP Benefit;

(ii) That DHHS, the Comptroller General, or their designees shall have the right to inspect, evaluate, and audit pertinent contracts, books, documents, papers and records of the Client involving Client's collection of premium amounts from EGWP Enrollees, and that DHHS', the Comptroller General's, or their designees' right to inspect, evaluate, and audit any such pertinent information will exist through ten (10) years from the date of termination or expiration of this Agreement, or from the date of completion of any audit, whichever is later;

(iii) That if MCLIC or CMS determines that Client is not performing the premium collection function in compliance with all applicable Medicare Drug Rules and Client is unable to cure such noncompliance within thirty (30) days following notice from MCLIC or CMS, then MCLIC may, at its sole discretion, either: (i) upon prior written notice to Client, revoke all or a portion of such delegated function as MCLIC deems necessary to effectuate MCLIC's ultimate responsibility to CMS for the performance of such delegated function under MCLIC's contract with CMS; or (ii) negotiate an alternative remedy in lieu of revocation of delegation, so long as such remedy conforms to the requirements of the Medicare Drug Rules. Nothing in this Section 5.1(b)(3), including, but not limited to, the thirty (30) day cure period, shall be construed in any way to limit MCLIC's right to suspend performance under Section 8.2 for non-payment; and

(iv) That Client shall not further delegate or subcontract the performance of the premium collection function to a third party without MCLIC's prior written consent, which consent will not be unreasonably withheld. If Client does further delegate or subcontract the performance of the premium collection function to a third party, then Client agrees that it shall: (i) amend its written agreement with such subcontractor or enter into a separate written agreement with such subcontractor that contains the terms, conditions, and provisions set forth in Schedule 5.1(a)(iv) attached hereto and incorporated herein by reference; and (ii) ensure that such subcontractor's performance of the premium collection function complies with the provisions set forth on Schedule 5.1(a)(iv).

(c) Determination of Monthly Premium Amounts (if any) to be Subsidized by Client. In determining the amount of the EGWP Enrollee's monthly premium for participation in the EGWP Benefit that Client will subsidize, Client shall make such determination subject to the following restrictions and any other restrictions that may be imposed by CMS:

(i) Client may subsidize different amounts for different classes of EGWP Enrollees provided such classes are reasonable and based on objective business criteria, such as years of service, business location, job category, and nature of compensation (e.g., salaried vs. hourly). Different classes cannot be

based on eligibility for the Low Income Subsidy. Notwithstanding the forgoing, the parties agree that Retiree Health Insurance Credit benefits received by Part D Eligible Retirees does not violate or implicate this section;

(ii) Client may not vary the premium subsidy for individuals within a given class of EGWP Enrollees;

(iii) Client may not charge an EGWP Enrollee more than the sum of his or her monthly beneficiary premium attributable to basic prescription drug coverage and 100% of the monthly beneficiary premium attributable to his or her supplemental prescription drug coverage, if any, and by signing this agreement, Client agrees to and attests that it shall abide by such provisions in accordance with the requirements set forth in 42 CFR 423.504 and 423.505;

(iv) Client shall directly refund to the EGWP Enrollee (or shall allow MCLIC to do so), within forty-five (45) days of original receipt from CMS of the Low Income Subsidy premium, the full premium subsidy amount up to the monthly beneficiary premium amount previously collected from the EGWP Enrollee; provided, however, that to the extent there are Low Income Subsidy premium amounts remaining after Client refunds the full monthly beneficiary premium amount to the EGWP Enrollee, then Client may apply that remaining portion of the Low Income Subsidy premium to the portion of the monthly premium paid by Client;

(v) If Client is not able to reduce the up-front monthly beneficiary premium as described in subsection (iv) above, Client shall directly refund to the EGWP Enrollee (or shall allow MCLIC to do so), within forty-five (45) days of original receipt from CMS of the Low Income Subsidy premium, the full premium subsidy amount up to the monthly beneficiary premium amount previously collected from the EGWP Enrollee;

(vi) If the Low Income Subsidy amount for which an EGWP Enrollee is eligible is less than the portion of the monthly beneficiary premium paid by the EGWP Enrollee, then Client must communicate to the EGWP Enrollee the financial consequences for the beneficiary of enrolling in the EGWP Benefit as compared to enrolling in another Medicare Part D plan with a monthly beneficiary premium equal to or below the Low Income Subsidy amount (MCLIC shall provide reasonable guidance to Client regarding the requirements of the performance necessary for Client to meet its obligation under this section); and

(vii) In the event of a change in an EGWP Enrollee's Low Income Subsidy status or an EGWP Enrollee otherwise becomes ineligible to receive the Low Income Subsidy after payment of the Low Income Subsidy premium amount to the EGWP Enrollee, and upon MCLIC's receipt of notification from CMS that such Low Income Subsidy premium amount will be recovered from MCLIC or withheld from future payments to MCLIC, then MCLIC in its sole discretion will invoice Client or set off from amounts otherwise owed from MCLIC to Client, and in either case Client shall reimburse MCLIC for, all amounts deemed by CMS to be ineligible Low Income Subsidy premium payments with respect to the EGWP Enrollee.

(d) Reporting and Auditing of Premium Amounts; Non-Payment by EGWP Enrollees. In the event of a CMS audit, Client shall provide a report to MCLIC, in a form and manner as agreed to by the parties, that includes all information concerning monthly premium amounts due by EGWP Enrollees for participation in the EGWP Benefit, including, without limitation, the monthly premium amount charged to each class of EGWP Enrollees, the amount that is being subsidized by the Client, and all premium amounts collected from EGWP Enrollees. Client represents and warrants that all information that it provides to MCLIC pursuant to this Section 5.1(d) shall be accurate and complete. Client further represents and warrants that it shall collect only those monthly premium amounts that are due from EGWP Enrollees, consistent with the information provided to MCLIC pursuant to this Section 5.1(d). Upon reasonable advance written notice, MCLIC or its Affiliate shall have access to Client's records in order to audit the monthly premium amounts collected from EGWP Enrollees for the purposes of fulfilling reporting requirements under the Medicare Drug Rules or applicable state insurance laws related to collection of such premium amounts or to otherwise assess compliance with the Medicare Drug Rules in connection with the collection of such premium amounts. Any audits performed by MCLIC or its Affiliate pursuant to this Section 5.1(d) will be at MCLIC's expense. Client acknowledges and agrees that neither MCLIC nor its Affiliate shall be responsible to Client for non-payment by any EGWP Enrollee of any monthly premium amount due by such EGWP Enrollee for participation in the EGWP Benefit. Client further acknowledges and agrees that in the event that either

Client or MCLIC (through any audit) determines that Client has collected a greater premium amount from an EGWP Enrollee than is due, that Client shall promptly refund any such overpayment to the EGWP Enrollee.

5.2 Once a month, on or about the fifteenth (15th) of the month beginning on the Effective Date, Client shall be invoiced for an amount equal to the product of: (i) the then-current number of EGWP Enrollees; multiplied by (ii) a "per member per month" fee (i.e., member premium amount) determined by MCLIC on an annual basis, as may be adjusted by MCLIC pursuant to the terms of this Agreement. The monthly fee shall be referred to in this Agreement as the "PMPM Fees." During the Initial Term (as defined in Section 8.1 below) of this Agreement, the "per member per month" fee used to calculate the PMPM Fees shall be Eighty Two and 00/100 Dollars ($82.00). Thereafter, MCLIC shall provide written notice to Client of any annual adjustment to the "per member per month" fee by the August 15th immediately prior to the commencement of any one (1) year renewal term hereunder. Any Administrative Service Fees incurred by Client during the previous month shall be invoiced to Client on or about the twentieth (20th) day of the month beginning on the Effective Date. "Administrative Service Fees" means the fees incurred by Client, if any, for MCLIC's or its Affiliate's performance of any agreed to administrative services.

5.3 CMS Reimbursement. MCLIC and its Affiliate retain all right, title and interest to any and all reimbursement received from CMS with respect to the EGWP Benefit and EGWP Enrollees, including the following: (1) advance direct subsidy monthly payments with respect to EGWP Enrollees, (2) reinsurance subsidy payments with respect to the EGWP Benefit, (3) low-income subsidy payments with respect to EGWP Enrollees, and (4) any other reimbursement payment by CMS to MCLIC for coverage provided to EGWP Enrollees under the EGWP Benefit for such period (each as further defined in the Medicare Drug Rules) (collectively, "CMS Reimbursement"). Client acknowledges and agrees that neither it nor its EGWP Enrollees shall have a right to any CMS Reimbursement payments received by MCLIC or its Affiliates during the collection period or moneys payable under this Section. Notwithstanding the foregoing, to the extent that MCLIC receives any low-income subsidy payments from CMS with respect to any EGWP Enrollee that qualifies for such payments, MCLIC will remit amounts equal to such payments to Client. In such case, Client shall apply such amounts received from MCLIC pursuant to Section 5.1(c)(iv) through (vi) above.

5.4 Payment. Client shall pay all Fees to MCLIC by wire or ACH transfer, debit or other electronic method within two (2) days from the date of Client's receipt of the MCLIC invoice.

5.5 Deposit. If, at any time: (i) Client has one (1) or more outstanding past due invoices; or (ii) MCLIC has reasonable grounds to believe that Client may become delinquent in payment of PMPM Fees to MCLIC based on Client's published financial data (examples include, but are not limited to, persistent negative cash flow, bankruptcy, and insolvency), then MCLIC may require that Client provide to MCLIC a deposit in an amount equal to one (1) month's billing, using the average of the last three (3) months of billing history as the basis for determining the one (1) month deposit amount or, if three (3) months billing history is not available, the most recent month of billing history as the basis. MCLIC shall retain the deposit until the earlier of: (i) termination of this Agreement (following any run-off period); or (ii) six (6) consecutive months of timely payments of all PMPM Fees following submission of the deposit, and may apply the deposit to delinquent PMPM Fees until return of the deposit.

5.6 Manufacturer Coverage Gap Discount. Pursuant to its CMS contract, MCLIC has agreed to administer for EGWP Enrollees at point-of-sale the Coverage Gap Discount authorized by section 1860D-14A of the Social Security Act. In connection with the Coverage Gap Discount, CMS will coordinate the collection of discount payments from manufacturers, and payment to MCLIC, through a CMS contractor (the "Coverage Gap Discount Payments"). MCLIC and its Affiliate retain all right, title and interest to any and all actual Coverage Gap Discount Payments received from CMS. Client acknowledges and agrees that neither it nor its EGWP Enrollees shall have a right to interest on, or the time value of, any Coverage Gap Discount Payments received by MCLIC or its Affiliates under this Section.

ARTICLE VI - CONFIDENTIALITY

6.1 Access to Records and Confidential Information. Each party agrees that participation by EGWP Enrollees in programs administered by Client is confidential under North Dakota law. Each party agrees that confidential information of the other party, must be exchanged as necessary for MCLIC to provide the services described within this Agreement. MCLIC shall not use or disclose any information it receives from Client under this Agreement that Client has previously identified as confidential or exempt from mandatory public disclosure except as necessary to carry out the purposes of this Agreement or as authorized in advance by Client. Client shall not disclose any

information it receives from MCLIC that MCLIC has previously identified as confidential and that Client determines in its sole discretion is protected from mandatory public disclosure under a specific exception to the North Dakota public records law, N.D.C.C. ch. 44-04. The parties acknowledge that the following information may constitute confidential or exempt information of the other party under N.D.C.C. § 44-04-18.4, 44-04-18.5, 54-52.1-11, and 54-52.1-12, subject to final determination by Client: (a) with respect to MCLIC and its Affiliate: reporting and system applications, (web-based and other media), and system formats, databanks, clinical and formulary management operations and programs, fraud, waste and abuse tools and programs, manuals, and anonymized claims data (de-identified in accordance with HIPAA), ESI Specialty Pharmacy and Mail Service Pharmacy data, information concerning Rebates, prescription drug evaluation criteria, drug choice management, drug pricing information, and Participating Pharmacy agreements; and (b) with respect to Client: Participating Pharmacy Client and EGWP Enrollee identifiable health information and data, and Client information files. Neither party shall use the other's confidential or exempt information or disclose it to any third party, at any time during or after termination of this Agreement, except as specifically contemplated by this Agreement, upon prior written consent or as required by the Medicare Drug Rules or other applicable law. Upon termination of this Agreement, each party shall cease using the other's confidential or exempt information, and all such information shall be returned or destroyed upon the owner's direction, unless retention is otherwise required under applicable law. The duty of both parties to maintain the confidentiality of information under this section continues beyond the term of this Agreement. This section applies to confidential information that may be in the possession of subcontractors or agents of MCLIC.

6.2 Non-Access to MCLIC's or its Affiliate's Systems. Client will not, and will not permit any third party acting on Client's behalf to, access, attempt to access, test or audit MCLIC's or its Affiliate's systems or any other system or network connected to MCLIC's or its Affiliate's systems. Without limiting the foregoing, Client will not: (i) access or attempt to access any portion or feature of MCLIC's or its Affiliate's systems, by circumventing such systems' access control measures, either by hacking, password "mining" or any other means; or (ii) probe, scan, audit or test the vulnerability of such systems, nor breach the security or authentication measures of such systems.

ARTICLE VII - COMPLIANCE WITH LAW AND FINANCIAL DISCLOSURE

7.1 Compliance with Law; Change in Law. MCLIC and Client hereby agree to perform their respective obligations under this Agreement in a manner that is consistent with and complies with the Medicare Drug Rules and with MCLIC's contractual obligations under its contract with CMS. In addition, each party shall be responsible for ensuring its compliance with all federal, state, and local laws and regulations applicable to its business, including maintaining any necessary licenses and permits. If the scope of MCLIC's duties under this Agreement is made materially more burdensome or expensive due to a change in federal, state or local laws or regulations or the interpretation thereof, including actions by CMS, the parties shall negotiate an appropriate modification of the services and/or an adjustment to the PMPM Fees paid to MCLIC. If the parties cannot agree on a modification or adjusted PMPM Fees, then either party may terminate this Agreement upon no less than thirty (30) days prior written notice to the other party. Further, Client by written notice to MCLIC, may terminate this Agreement at any time under the following conditions: 1) If funding from federal, state, or other sources is not obtained and continued at levels sufficient to allow for purchase of the services of supplies in the indicated quantities or term; 2) if federal or state laws or rules are modified or interpreted in a way that the services are no longer eligible or appropriate for purchase under this Agreement or are no longer eligible for the funding proposed for payments authorized by this Agreement; and 3) if any license, permit, or certificate required by law or rule, or by the terms of this Agreement, is for any reason denied, revoked, suspended, or not renewed and, as a result, would have a material impact on MCLIC's ability to perform services under this Agreement. Termination of this Agreement under this section is without prejudice to any obligations or liabilities of either party already accrued prior to termination.

7.2 Disclosure of Certain Financial Matters. Client acknowledges and agrees that MCLIC will contract with its Affiliate, ESI, to provide the pharmacy benefit management services contemplated by this Agreement on MCLIC's behalf. In addition to the administrative fees paid to MCLIC by Client, MCLIC and ESI's wholly-owned subsidiaries or Affiliates derive revenue in one or more of the ways as further described in the ESI Financial Disclosure to PBM Clients set forth in Exhibit D hereto ("Financial Disclosure"), as updated by ESI from time to time. Unlike the administrative fees, the revenues described in the Financial Disclosure are not direct or indirect compensation to MCLIC from Client for services rendered to Client or the Client Group Health Plan under this Agreement. In negotiating any of the fees and revenues described in the Financial Disclosure, ESI and ESI's wholly-owned subsidiaries and Affiliates act on their own behalf, and not for the benefit of or as agents for Client, EGWP Enrollees or the EGWP Benefit. Except for the Rebate amounts set forth in Exhibit B, if any, Client acknowledges and agrees that MCLIC and MCLIC's wholly-owned subsidiaries and Affiliates retain all interest, revenues, any or

all Rebates and Manufacturer Administrative Fees not payable to Client, and all Participating Pharmacy discounts, if any, in addition to any administrative and other fees paid by Client. Client acknowledges for itself and its EGWP Enrollees that, except as may be expressly provided herein, neither it nor any EGWP Enrollee has a right to receive, or possesses any beneficial interest in, any such discounts or payments.

ARTICLE VIII - TERM AND TERMINATION; DEFAULT AND REMEDIES

8.1 Term. The initial term of this Agreement (the "Initial Term") shall commence on the Execution Date, and coverage of EGWP Enrollees under the EGWP Benefit shall begin as of January 1, 2016 (the "Effective Date"). Unless earlier terminated as provided herein, the Initial Term shall continue until December 31, 2016. Thereafter, Client may renew this Agreement upon satisfactory completion of the Initial Term for successive one (1) year renewal terms with the same terms and conditions as set forth herein. MCLIC may decline to renew the Agreement for successive one (1) year terms by providing Client notice of its intent not to renew the Agreement in writing at least ninety (90) days prior to the expiration of the then current term.

MCLIC shall provide written notice to Client of any annual adjustment to the "per member per month" fee by the August fifteenth (15th) prior to the commencement of any one (1) year renewal term hereunder. Client shall provide notice of intent to renew this Agreement to MCLIC at least sixty (60) days prior to the expiration of the then current term, so long as Client does not have an annual open enrollment. Should Client change to an annual open enrollment, Client shall provide notice of intent to renew this Agreement to MCLIC at least ninety (90) days prior to the expiration of the then current term. Both parties acknowledge that nothing in this Agreement prevents Client from engaging in a competitive selection process and to accept a bid from another vendor through a competitive selection process for a subsequent contract term for the services provided hereunder. This Agreement may be terminated earlier during the Initial Term or any renewal terms pursuant to Section 8.2 below.

8.2 Termination.

(a) Breach or Default. Either party may give the other written notice of a material, substantial and continuing breach of this Agreement. If the breaching party has not cured said breach within thirty (30) days from the date such notice was sent, this Agreement may be terminated at the option of the non-breaching party. If the amount of time commercially reasonable for the breach to be cured is longer than thirty (30) days, this Agreement may not be terminated by the non-breaching party pursuant to this provision until such commercially reasonable period of time has elapsed; provided, however, that in no event shall such period exceed sixty (60) days.

(b) Termination of MCLIC's Contract with CMS. If at any time throughout the term of this Agreement, CMS either does not renew its contract with MCLIC or terminates its contract with MCLIC such that MCLIC may no longer provide services as a PDP Sponsor under the Medicare Drug Rules, then this Agreement shall be automatically terminated conterminously with such CMS contract termination. MCLIC will provide Client one hundred and twenty (120) days' notice before MCLIC non-renews the CMS contract and thereby terminates this Agreement. MCLIC will provide Client as much notice as reasonably practical in the event of CMS's termination or non-renewal of the CMS contract. The notice will include the termination date for this Agreement.

(c) Non-Payment. To the extent permitted by the Medicare Drug Rules and other applicable laws, MCLIC and its Affiliate may terminate or suspend their performance hereunder and cease providing or authorizing provision of Covered Drugs to EGWP Enrollees upon forty-eight (48) hours written notice if Client fails to pay MCLIC or provide a deposit, if required, in accordance with the terms of this Agreement. MCLIC also may offset amounts overdue to MCLIC with amounts owed, if any, by MCLIC to Client. To the extent permitted by law, MCLIC may suspend Mail Service Pharmacy and/or ESI Specialty Pharmacy services to any EGWP Enrollee who is in default of payment of any Copayments or deductibles to the applicable Pharmacy.

(d) Insolvency; Regulatory Action. To the extent permitted by applicable law, MCLIC may terminate this Agreement, or suspend performance hereunder, upon the insolvency of Client, and Client may terminate this Agreement upon the insolvency of MCLIC. The "insolvency" of a party shall mean the filing of a petition commencing a voluntary or involuntary case (if such case is an involuntary case, then only if such case is not dismissed within sixty (60) days from the filing thereof) against such party under the United States Bankruptcy Code or applicable state law; a general assignment by such party for the benefit of creditors; the inability of such party to pay its debts as they become due; such party's seeking or consenting to, or acquiescence in, the

appointment of any trustee, receiver or liquidation of it, or any material part of its property; or a proceeding under any state or federal agency declaration or imposition of receivership, composition, readjustment, liquidation, insolvency, dissolution, or like law or statute, which case or proceeding is not dismissed or vacated within sixty (60) days. Notwithstanding the preceding, in the event of Client's insolvency or other cessation of operations, MCLIC agrees to require Participating Pharmacies to continue to provide prescription drug services to EGWP Enrollees if required by the Medicare Drug Rules and all other applicable federal and state laws relating to insolvency or other cessation of operations or termination. Nothing herein shall be interpreted to require MCLIC or Pharmacies to provide services without being paid for Covered Drugs or Prescription Drug Services.

8.3 Remedies.

(a) Remedies Not Exclusive. A party's right to terminate this Agreement under Article VIII shall not be exclusive of any other remedies available to the terminating party under this Agreement or otherwise, at law or in equity.

(b) Force Majeure. Neither party shall be held responsible for delay or default caused by fire, riot, terrorism, extreme weather conditions, government acts or regulations, acts of God or war if the event is beyond the party's reasonable control and the affected party gives notice to the other party immediately upon occurrence of the event causing the delay or default or that is reasonably expected to cause a delay or default.

(c) Limitation of Liability. Client and MCLIC each agrees to assume its own liability for any and all claims of any nature including all, costs, expenses and attorneys' fees which may in any manner result from or arise out of this agreement.

8.4 Obligations Upon Termination. Client or its agent shall pay MCLIC in accordance with this Agreement for all PMPM Fees due hereunder on or before the later of: (i) the effective date of termination, or (ii) the final date that all EGWP Enrollees have been transitioned to a new Part D plan, as applicable (the "Termination Date"). The parties shall cooperate regarding the transition of Client and its EGWP Enrollees to a successor PDP Sponsor in accordance with all applicable Medicare Drug Rules and MCLIC will take all reasonable steps to mitigate any disruption in service to EGWP Enrollees. Specifically MCLIC agrees to provide to a successor PDP Sponsor mutually agreed upon files and information to assist Client with member transition. Notwithstanding the preceding, MCLIC may (a) delay payment of any amounts due Client, if any, to allow for any final adjustments to EGWP Enrollee enrollment information, or (b) request that Client pay a reasonable deposit in the event MCLIC is requested to process after the Termination Date claims incurred on or prior to such date.

8.5 Survival. The parties' rights and obligations under Section 3.8(b) and 3.10(e); Articles V and VI; and Sections 7.1, 8.3, 8.4, and 8.5 shall survive the termination of this Agreement for any reason.

ARTICLE IX - MISCELLANEOUS

9.1 Notice. Any notice or document required or permitted to be delivered pursuant to this Agreement must be in writing and shall be deemed to be effective upon mailing and must be either (a) deposited in the United States Mail, postage prepaid, certified or registered mail, return receipt requested, or (b) sent by recognized overnight delivery service, in either case properly addressed to the other party at the address set forth below, or at such other address as such party shall specify from time to time by written notice delivered in accordance herewith:

Medco Containment Life Insurance Company

with copy to: General Counsel
Fax: 800-417-8163

North Dakota Public Employees Retirement System
Attn: Sparb Collins
400 East Broadway, Suite 505
Bismarck, North Dakota 58502

9.2 Independent Parties. No provision of this Agreement is intended to create or shall be construed to create any relationship between MCLIC or its Affiliate and Client other than that of independent entities contracting with each other solely for the purpose of effecting the provisions of this Agreement. Neither party, nor any of their respective representatives, shall be construed to be the partner, agent, fiduciary, employee, or representative of the other and neither party shall have the right to make any representations concerning the duties, obligations or services of the other except as consistent with the express terms of this Agreement or as otherwise authorized in writing by the party about which such representation is asserted.

9.3 Assignment and Subcontracting. Client acknowledges and agrees that MCLIC may perform certain services hereunder (e.g., mail service pharmacy and specialty pharmacy services) through one or more MCLIC subsidiaries or Affiliates. MCLIC is responsible and liable for the performance of its subsidiaries and Affiliates in the course of their performance of any such service. To the extent that MCLIC subcontracts any PBM Service under this Agreement to a third party, MCLIC is responsible and liable for the performance of any such third party. In addition, MCLIC may contract with third parties to provide information technology support services and other ancillary services, which services are not PBM Services hereunder, but rather are services that support MCLIC's conduct of its business operations. This Agreement will be binding upon, and inure to the benefit of and be enforceable by, the respective successors and permitted assigns of the parties hereto.

9.4 Integration. This Agreement and all Exhibits hereto constitute the entire understanding of the parties hereto and supersede any prior oral or written communication between the parties with respect to MCLIC's plan offering to EGWP Enrollees as a PDP Sponsor of the EGWP Benefit under the Medicare Drug Rules. The parties hereby expressly agree that this Agreement and the Commercial Agreement are separate and independent agreements that stand on their own and that, unless otherwise specifically set forth in this Agreement, no term or condition in one such agreement shall have any connection to or bear any force or effect on the other agreement.

9.5 Amendments. No modification, alteration, or waiver of any term, covenant, or condition of this Agreement shall be valid unless in writing and signed by both parties or the agents of the parties who are authorized in writing.

9.6 Choice of Law. Unless governed by the Medicare Drug Rules or applicable state insurance laws, this Agreement shall be construed and governed in all respects according to the laws in the State ofNorth Dakota, without regard to the rules of conflict of laws thereof.

9.7 Waiver. The failure of either party to insist upon the strict observation or performance of this Agreement or to exercise any right or remedy shall not be construed as a waiver of any subsequent breach of this Agreement or impair or waive any available right or remedy.

9.8 Taxes and Assessments. Any applicable sales, use, excise, or other similarly assessed and administered tax, surcharge, or fee imposed on items dispensed, or services provided hereunder or the EGWP Supplemental Policy, or the fees or revenues generated by the items dispensed or services provided hereunder or the EGWP Supplemental Policy, or any other amounts MCLIC or one or more of its subsidiaries or affiliates may incur or be required to pay arising from or relating to MCLIC's or its subsidiaries' or affiliates' performance of services as a pharmacy benefit manager, third-party administrator, or otherwise in any jurisdiction, will be the sole responsibility of Client or the EGWP Enrollee. If MCLIC is legally obligated to collect and remit, or to incur or pay, any such sales, use, excise, or other similarly assessed and administered tax, surcharge, or fee in a particular jurisdiction, such amount will be reflected on the applicable invoice or subsequently invoiced at such time as MCLIC becomes aware of such obligation or as such obligation becomes due. MCLIC reserves the right to charge a reasonable administrative fee for collection and remittance services provided on behalf of Client.

9.9 Severability. In the event that any provision of this Agreement is invalid or unenforceable, such invalid or unenforceable provision shall not invalidate or affect the other provisions of this Agreement which shall remain in effect and be construed as if such provision were not a part hereof; provided that if the invalidation or unenforceability of such provision shall, in the opinion of either party to the Agreement, have a material effect on such party's rights or obligations under this Agreement, then the Agreement may be terminated by such party upon thirty (30) days written notice by such party to the other party.

9.10 Third Party Beneficiary Exclusion. This Agreement is not a third party beneficiary contract, nor shall this Agreement create any rights on behalf of EGWP Enrollees as against MCLIC. Client and MCLIC reserve the right to amend, cancel or terminate this Agreement without notice to, or consent of, any EGWP Enrollee.

9.11 Trademarks. Each party acknowledges each other party's sole and exclusive ownership of its respective trade names, commercial symbols, trademarks, and service marks, whether presently existing or later established (collectively "Marks"). No party shall use the other party's Marks in advertising or promotional materials or otherwise without the owner's prior written consent.

9.12 Debarment. MCLIC or its Affiliate shall not knowingly employ, or subcontract with, an individual or an entity that employs or contracts with an individual, who is excluded from participation in Medicare under section 1128 or 1128A of the Act or from participation in a Federal health care program for the provision of health care, utilization review, medical social work, or administrative services.

9.13 Signatures. Any documents required to implement the terms of this Agreement shall be signed by a representative of each party with legal authority to bind the entity.

9.14 Federal Funds. The parties acknowledge that information provided in connection with this Agreement is used for purposes of obtaining federal funds and, as such, the parties are subject to certain laws that are applicable to individuals and entities receiving federal funds.

9.15 Nondiscrimination and Compliance with Laws. MCLIC agrees to comply with all laws, rules, and policies, including those relating to nondiscrimination, accessibility and civil rights. MCLIC agrees to timely file all required reports, make required payroll deductions, and timely pay all taxes and premiums owed, including sales and use taxes and unemployment compensation and workers' compensation premiums. MCLIC shall have and keep current at all times during the term of this Contract all licenses and permits required by law.

IN WITNESS WHEREOF, the undersigned have executed this Agreement as of the day and year below set

states *require coverage for certain Non Part D and Part B drugs. Express Scripts will comply with all state requirements on your behalf.*

[3] *This group Medicare Part D plan has additional benefits to enhance the Medicare Part D coverage. as required by the Centers for Medicare and Medicaid Services (CMS). Per CMS regulations. the benefit enhancements are in addition to other health benefits and require filing with and approval by the state department of insurance. Express Medicare will offer this product in conjunction with Companion/Niagara/Pan American.*

[4]*The illustrated premium is subject to change in the event of CMS guidance and rate changes. Income Related Monthly Adjustment Amounts apply for high income beneficiaries. See page 2 for details.*

Income Related Monthly Adjustment Amount (IRMAA)

Effective January 1, 2011, individuals whose modified gross income (MAGI) exceeds certain thresholds will be required to pay an extra amount, referred to as an income related monthly adjustment amount, for their Medicare Part D coverage. In 2010, these amounts were $85,000 for a beneficiary filing an individual income tax return or married and filing a separate return, and $170,000 for a beneficiary filing a joint tax return. In accordance with the Affordable Care Act, these income threshold amounts will remain at the 2010 levels for calendar years 2011-2019. The Social Security Administration, not MCLIC, will determine which members are required to pay a Part D-IRMAA and will send the beneficiary a letter telling him or her what that extra amount will be and what information was used to make the determination. In general, the Part D-IRMAA will be paid through premium withholding from monthly Social Security benefit payments. For more information about Part D premiums based on income, visit medicare.gov on the web or call 1-800-MEDICARE (1-800-633-4227). The Social Security Administration may also be contacted at 1-800-772-1213.

MCLIC offers clinical programs focused on Safety Management and Care Management. Safety Management Programs are designed to provide an additional source of pharmaceutical information (a "safety net") for the most important drug and member specific pharmaceutical care issues. Care Management Programs offer disease-based programs focused on improving the health and well being of the patient, optimization of medication therapy, and compliance with prescribed therapy.

Safety and Care Management		
Program Name	**Description**	**Fee**
Concurrent DUR	Drug Utilization Review is a series of checks to insure that the drug being dispensed is appropriate; edits include dose checks, checks for drug interactions, duplicate Rx, step therapy, etc.	No Additional Fee

Medication Therapy Management Program (MTM)	This CMS required clinical program is designed to improve the therapeutic outcomes associated with the use of medication for selected Medicare members.	No Additional Fee
Emerging Therapeutic Interventions Program	This CMS required notification is designed to alert members and healthcare professionals regarding significant safety-related drug recalls (FDA Removals) or market withdrawals (Manufacturer Removals) in a timely and efficient manner.	No Additional Fee
Fraud, Waste and Abuse Program	Express Scripts is strongly committed to the detection and prevention of Fraud, Waste and Abuse (FWA). This program includes the identification of potential problem pharmacies as well as prescribers and members with unusual or excessive utilization patterns. This program consists of two parts: the Network Pharmacy Audit Program and the Member and Physician Fraud Detection Program.	No Additional Fee
Appeals	Any of the procedures that deal with the review of adverse coverage determinations made by the Part D Plan Sponsor on the benefits a member believes he/she is entitled to receive, including the delay in providing or approving the drug coverage (when a delay would adversely affect the health of the member), or any amounts the member must pay for the drug coverage. These procedures include redeterminations by the Part D Plan Sponsor, reconsiderations by the independent review entity (IRE), ALJ hearings, MAC reviews, and judicial reviews. MCLIC contracts with an independent review agency to handle Re-determination appeals for the Express Scripts PDP. This vendor will perform redeterminations in compliance with CMS regulations for standard and expedited appeals.	No Additional Fee
Grievance	A 'grievance' is defined as a patient's expressed dissatisfaction with a specific event related to their Medicare Part D benefit that occurred within the last 60 calendar days or a complaint regarding the Part D sponsor's refusal to expedite a Coverage Determination or redetermination.	No Additional Fee

The following describes the CMS approved MCLIC Generics Policy

Generics Policy	
Voluntary	No matter who requests Brand name, Physician or Member, no ancillary charge applies.

The following describes the MCLIC Standard Utilization Management Programs. These programs apply if the Design Option sections states "Standard Part D".

Standard Utilization Management Programs		
Program	**Description**	Fee
Step Therapy	CMS approved program that manages drug costs within specific therapy classes by ensuring that patients try a front-line or step one drug (usually generics) before a higher cost back-up or step two brand-name drug is covered. Within specific therapy classes, multiple drugs are available to treat the same condition. Step Therapy points a new patient to a front-line or step one, lower cost, clinically effective drug in each therapy group. Evidence-based clinical protocols are used to select front-line or step one drug. Members who fill a step therapy medication within the first 90 days of enrollment will be allowed to remain on that medication. Medicare Part D Step Therapy Drugs List stated below.	No Additional Fee
Prior Authorization (PA)	CMS approved program that manages plan benefits by ensuring appropriate prescribing and member usage. For MCLIC Standard list of drugs, client agrees to all updates/revisions as approved by CMS. B vs D require Prior Authorization, if determined to be a Part B drug, then the copay will process at the Part B co-pay (if covered); if determined to be a Part D drug then the co-pay will process at the applicable Part D co-pay. Members will be allowed one transition fill for a retail supply (up to 31 day supply) within the first 90 days of enrollment.	No Additional Fee
Quantity Level Limit (QLL)	CMS approved program that manages prescription costs by ensuring that the quantity of units supplied for each copayment are consistent with clinical dosing guidelines. The program is designed to support safe, effective, and economic use of drugs while giving patients access to quality care. MCLIC clinicians maintain a list of quantity limit drugs, which is based upon manufacturer-recommended guidelines and medical literature. Online edits help make sure optimal quantities of medication are dispensed per copayment and per days' supply.	No Additional Fee

SCHEDULE 5.1(a)(iv)

If Client engages a subcontractor ("Subcontractor") to perform any of the functions that MCLIC has delegated to Client to perform under this Agreement, Client shall do so pursuant to a written agreement that includes the following terms, conditions, and provisions:

The agreement between Client and Subcontractor (the "Subcontract") must clearly identify the parties to the Subcontract.

The Subcontract must describe the functions that are being delegated to and performed by the Subcontractor.

The Subcontract must describe the manner in which Client will monitor the performance of the Subcontractor on an ongoing basis; specifically to monitor compliance with the Medicare Drug Rules.

The Subcontract must describe any reporting requirements that the Subcontractor has to Client.

The Subcontract must describe the payment t Subcontractor receive performance under the Subcontract.

The Subcontractor must agree that the United States Department of Health and Human Services ("DHHS"), the Comptroller General, or their designees have the right to inspect, evaluate, and audit any pertinent contracts, books, documents, papers and records (including medical records and documentation) of the Vendor involving transactions related to the Centers for Medicare and Medicaid Services' ("CMS") contract with MCLIC for a period of the then current plan year, plus an additional ten (10) years following the expiration or termination of the Subcontract or the date of any audit completion, whichever is later.

The Subcontractor must agree pursuant 42 CFR § 423.505(i)(3)(iv) to produce upon request by CMS, or its designees, any books, contracts, records, including medical records and documentation of the PDP Sponsor, relating to the Part D program, to either the PDP Sponsor to provide to CMS, or directly to CMS or its designees.

The Subcontractor must agree that in no event, including, but not limited to, nonpayment by Client, Client's insolvency, or breach of the Subcontract, will the Subcontractor bill, charge, collects a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against a beneficiary of Client or persons acting on his or her behalf for services provided by the Subcontractor pursuant to the Subcontract.

9. The Subcontract must: (i) specify that the Subcontractor will perform all services under the Subcontract in a manner that is consistent with and that complies with MCLIC's contractual obligations under its contract with CMS; (ii) specify that the Subcontractor agrees to comply with all applicable federal laws, regulations, and CMS instructions; and (iii) provide for revocation of the Subcontractor's delegated activities and reporting responsibilities or specify other remedies in instances when CMS, Client, or MCLIC determine that the Subcontractor has not performed satisfactorily.

The Subcontract must require the Subcontractor to agree to comply with state and federal privacy and security requirements, including the confidentiality and security provisions stated in 42 CFR §423.136.

The Subcontract must include an acknowledgment by the parties that information provided in connection with the Subcontract is used for purposes of obtaining federal funds.

If the Subcontract permits the Subcontractor to use a subcontractor to perform any of the services delegated to it under the Subcontract, the Subcontract must require that the Subcontractor include all of the above provisions in a written agreement with such subcontractor.

The Subcontract must be signed by a representative of the Subcontractor with legal authority to bind the Subcontractor.

The Subcontract must contain a representation by Client and the Subcontractor that they shall not knowingly employ, or subcontract with, an individual or an entity that employs or contracts with an individual, who is excluded from participation in Medicare under section 1128 or 1128A of the Act or from participation in a Federal health care program for the provision of health care, utilization review, medical social work, or administrative services.

4.

The Subcontract must contain language clearly indicating that the first tier, downstream, or related entity has agreed to participate in the PDP Sponsor's Medicare Prescription Drug Benefit program. This requirement is not applicable for a network pharmacy if the existing contract would allow participation in this program.

The Subcontract must be for a term of at least the one-year contract period for which the PDP Sponsor's Medicare Part D Application is submitted. However, where the Subcontract is for services or products to be used in preparation for the next contract year's Part D operations (marketing, enrollment), the initial term of such Subcontract must include this period of performance (e.g., contracts for enrollment-related services must have a term beginning no later than November 15 extending through the full contract year ending on December 31 of the next year).

Insofar as the Subcontractor establishes the pharmacy network or select pharmacies to be included in the network, the Subcontractor must agree: i) pursuant 42 CFR § 423.505(i)(5) that the PDP Sponsor retains the right to approve, suspend, or terminate any arrangement with a pharmacy; ii) pursuant 42 CFR §423.505(i)(3)(vi) and consistent with 42 CFR § 423.520 to issue, mail, or otherwise transmit payment of all clean claim to such pharmacies (excluding long-term care and mail order) submitted by or on behalf of pharmacies within 14 days for electronic claims and within 30 days for claims submitted otherwise; iii) pursuant 42 CFR § 423.505(i)(3)(viii)(B) and 42 CFR § 423.505(i)(3)(viii)(A) that if a prescription drug pricing standard is used for reimbursement, Subcontractor will identify the source used by the PDP Sponsor for the prescription drug pricing standard of reimbursement and agree to a contractual provision that updates to such a standard occur not less frequently than once every 7 (seven) days beginning with an initial update on January 1 of each year, to accurately reflect the market price of acquiring the drug.

EXHIBIT B

As provided in the Agreement, MCLIC may provide services under this Agreement through one or more of its Affiliates, including Express Scripts, Inc. ("ESI"). The following financial disclosure statement relates to the rebate programs and other financial arrangements that may be used by Express Scripts, Inc. ("ESI") in connection with MCLIC's administration of the EGWP Benefit under this Agreement.

FINANCIAL DISCLOSURE TO ESI PBM CLIENTS

This disclosure provides an overview of the principal revenue sources of Express Scripts, Inc. and Medco Health Solutions, Inc. (individually and collectively referred to herein as "ESI"), as well as ESI's affiliates. In addition to administrative and dispensing fees paid to ESI by our clients for pharmaceutical benefit management ("PBM") services, ESI and its affiliates derive revenue from other sources, including arrangements with pharmaceutical manufacturers, wholesale distributors, and retail pharmacies. Some of this revenue relates to utilization of prescription drugs by members of the clients receiving PBM services. ESI may pass through certain manufacturer payments to its clients or may retain those payments for itself, depending on the contract terms between ESI and the client.

Network Pharmacies – ESI contracts for its own account with retail pharmacies to dispense prescription drugs to client members. Rates paid by ESI to these pharmacies may differ among networks (e.g., Medicare, Worker's Comp, open and limited), and among pharmacies within a network, and by client arrangements. PBM agreements generally provide that a client pays ESI an ingredient cost, plus dispensing fee, for drug claims. If the rate paid by a client exceeds the rate contracted with a particular pharmacy, ESI will realize a positive margin on the applicable claim. The reverse also may be true, resulting in negative margin for ESI. ESI also enters into pass-through arrangements where the client pays ESI the actual ingredient cost and dispensing fee amount paid by ESI for the particular claim when the claim is adjudicated to the pharmacy. In addition, when ESI receives payment from a client before payment to a pharmacy, ESI retains the benefit of the use of the funds between these payments. ESI may maintain non-client specific aggregate guarantees with pharmacies and may realize positive margin. ESI may charge pharmacies standard transaction fees to access ESI's pharmacy claims systems and for other related administrative purposes.

Brand/Generic Classifications – Prescription drugs may be classified as either a "brand" or "generic;" however, the reference to a drug by its chemical name does not necessarily mean that the product is recognized as a generic for adjudication, pricing or copay purposes. For purposes of pharmacy reimbursement, ESI distinguishes brands and generics through a proprietary algorithm ("BGA") that uses certain published elements provided by First DataBank (FDB) including price indicators, Generic Indicator, Generic Manufacturer Indicator, Generic Name Drug Indicator, Innovator, Drug Class and ANDA. The BGA uses these data elements in a hierarchical process to categorize the products as brand or generic. The BGA also has processes to resolve discrepancies and prevent "flipping" between brand and generic status due to price fluctuations and marketplace availability changes. The elements listed above and sources are subject to change based on the availability of the specific fields. Updated summaries of the BGA are available upon request. Brand or generic classification for client reimbursement purposes is either based on the BGA or specific code indicators from Medi-Span or a combination of the two as reflected in the client's specific contract terms. Application of an alternative methodology based on specific client contract terms does not affect ESI's application of its BGA for ESI's other contracts.

Maximum Allowable Cost ("MAC")/Maximum Reimbursement Amount ("MRA") – As part of the administration of the PBM services, ESI maintains a MAC List of drug products identified as requiring pricing management due to the number of manufacturers, utilization and/or pricing volatility. The criteria for inclusion on the MAC List are based on whether the drug has readily available generic product(s), is generally equivalent to a brand drug, is cleared of any negative clinical implications, and has a cost basis that will allow for pricing below brand rates. ESI also maintains MRA price lists for drug products on the MAC List based on current price reference data provided by MediSpan or other nationally recognized pricing source, market pricing and availability information from generic manufacturers and on-line research of national wholesale drug company files, and client arrangements. Similar to the BGA, the elements listed above and sources are subject to change based on the availability of the specific fields. Updated summaries of the MAC methodology are available upon request.

Manufacturer Formulary Rebates, Associated Administrative Fees, and PBM Service Fees – ESI contracts for its own account to obtain formulary rebates attributable to the utilization of certain brand drugs and supplies (and possibly certain authorized generics marketed under a brand manufacturer's new drug application). Formulary rebate amounts received vary based on client specific utilization, the volume of utilization as well as formulary position applicable to the drug or supplies, and adherence to various formulary management controls, benefit design requirements, claims volume, and other similar factors, and in certain instances also may vary based on the product's market-share. ESI often pays an amount equal to all or a portion of the formulary rebates it receives to a client based

on the client's PBM agreement terms. ESI retains the financial benefit of the use of any funds held until payment of formulary rebate amounts is made to the client. ESI or its affiliates may maintain non-client specific aggregate guarantees and may realize positive margin. In addition, ESI provides administrative services to contracted manufacturers, which include, for example, maintenance and operation of systems and other infrastructure necessary for invoicing and processing rebates, pharmacy discount programs, access to drug utilization data, as allowed by law, for purposes of verifying and evaluating applicable payments, and for other purposes related to the manufacturer's products. ESI receives administrative fees from the participating manufacturers for these services. These administrative fees are calculated based on the price of the drug or supplies along with the volume of utilization and do not exceed the greater of (i) 4.58% of the average wholesale price, or (ii) 5.5% of the wholesale acquisition cost of the products. In its capacity as a PBM company, ESI also may receive other compensation from manufacturers for the performance of various services, including, for example, formulary compliance initiatives, clinical services, therapy management services, education services, medical benefit management services, and the sale of non-patient identifiable claim information. This compensation is not part of the formulary rebates or associated administrative fees.

Copies of ESI's standard formularies may be reviewed at www.express-scripts.com/wps/portal/. In addition to formulary considerations, other plan design elements are described in ESI's Plan Design Review Guide, which may be reviewed at www.express-scripts.com/wps/portal/.

ESI Subsidiary Pharmacies – ESI has several licensed pharmacy subsidiaries, including our specialty pharmacies. These entities may maintain product purchase discount arrangements and/or fee-for-service arrangements with pharmaceutical manufacturers and wholesale distributors. These subsidiary pharmacies contract for these arrangements on their own account in support of their various pharmacy operations. Many of these subsidiary arrangements relate to services provided outside of PBM arrangements, and may be entered into irrespective of whether the particular drug is on one of ESI's national formularies. Discounts and fee-for-service payments received by ESI's subsidiary pharmacies are not part of the PBM formulary rebates or associated administrative fees paid to ESI in connection with ESI's PBM formulary rebate programs. However, certain purchase discounts received by ESI's subsidiary pharmacies, whether directly or through ESI, may be considered for formulary purposes if the value of such purchase discounts is used by ESI to supplement the discount on the ingredient cost of the drug to the client based on the client's PBM agreement terms. From time to time, ESI and its affiliates also may pursue and maintain for its own account other supply chain sourcing relationships not described below as beneficial to maximize ESI's drug purchasing capabilities and efficiencies, and ESI or affiliates may realize an overall positive margin with regard to these initiatives.

The following provides additional information regarding examples of ESI subsidiary discount arrangements and fee-for-service arrangements with pharmaceutical manufacturers, and wholesale distributors:

ESI Subsidiary Pharmacy Discount Arrangements – ESI subsidiary pharmacies purchase prescription drug inventories, either from manufacturers or wholesalers, for dispensing to patients. Often, purchase discounts off the acquisition cost of these products are made available by manufacturers and wholesalers in the form of either up-front discounts or retrospective discounts. These purchase discounts, obtained through separate purchase contracts, are not formulary rebates paid in connection with our PBM formulary rebate programs. Drug purchase discounts are based on a pharmacy's inventory needs and, at times, the performance of related patient care services and other performance requirements. When a subsidiary pharmacy dispenses a product from its inventory, the purchase price paid for the dispensed product, including applicable dispensing fees, may be greater or less than that pharmacy's acquisition cost for the product net of purchase discounts. In general, our pharmacies realize an overall positive margin between the net acquisition cost and the amounts paid for the dispensed drugs.

ESI Subsidiary Fee-For-Service Arrangements – One or more of ESI's subsidiaries, including, but not limited to, its subsidiary pharmacies also may receive fee-for-service payments from manufacturers or wholesalers in conjunction with various programs or services, including, for example, patient assistance programs for indigent patients, dispensing prescription medications to patients enrolled in clinical trials, various therapy adherence and fertility programs, administering FDA compliance requirements related to the drug, product reimbursement support services, and various other clinical or pharmacy programs or services. As a condition to having access to certain products, and sometimes related to certain therapy adherence criteria or FDA requirements, a pharmaceutical manufacturer may require a pharmacy to report selected information to the manufacturer regarding the pharmacy's service levels and other dispensing-related data with respect to patients who receive that manufacturer's product. A portion of the discounts or other fee-for-service payments made available to our pharmacies may represent compensation for such reporting.

Other Manufacturer Arrangements – ESI also maintains other lines of business that may involve discount and service fee relationships with pharmaceutical manufacturers and wholesale distributors. Examples of these businesses include a wholesale distribution business, group purchasing organizations (and related group purchasing organization fees), a medical benefit management company, and United BioSource Corporation

("UBC"). Compensation derived through these business arrangements is not considered for PBM formulary placement, and is in addition to other amounts described herein. Of particular note, UBC partners with life sciences and pharmaceutical companies to develop, commercialize, and support safe, effective use and access to pharmaceutical products. UBC maintains a team of research scientists, biomedical experts, research operations professionals, technologists and clinicians who work with clients to conduct and support clinical trials, create, and validate and administer pre and post product safety and risk management programs. UBC also works on behalf of pharmaceutical manufacturers to provide product and disease state education programs, reimbursement assistance, and other support services to the public at large. These service fees are not part of the formulary rebates or associated administrative fees.

Third Party Data Sales – Consistent with any client contract limitations, ESI or its affiliates may sell HIPAA compliant information maintained in their capacity as a PBM, pharmacy, or otherwise to data aggregators, manufacturers, or other third parties on a fee-for-service basis or as a condition of discount eligibility. All such activities are conducted in compliance with applicable patient and pharmacy privacy laws and client contract restrictions.

December 1, 2014

THIS EXHIBIT REPRESENTS ESI'S FINANCIAL POLICIES. ESI MAY PERIODICALLY UPDATE THIS EXHIBIT AND THE FINANCIAL DISCLOSURES CONTAINED HEREIN TO REFLECT CHANGES IN ITS BUSINESS PROCESSES; THE CURRENT FINANCIAL DISCLOSURE IS AVAILABLE UPON REQUEST AND ACCESSIBLE ON EXPRESS-SCRIPTS.COM AT WWW. EXPRESS-SCRIPTS.COM/WPS/PORTAL/.

North Dakota Public Employees Retirement System

July 1, 2015 through June 30, 2017

29314991

ADMINISTRATIVE SERVICE AGREEMENT

This Administrative Service Agreement ("Agreement") is entered into between the State of North Dakota acting through its Public Employees Retirement System ("the Plan Sponsor"), the North Dakota Public Employees Retirement System (NDPERS) ("the Plan Administrator") and Sanford Health Plan, a South Dakota non-profit corporation ("SHP") SHP the terms of which are as follows:

WHEREAS, the Plan Sponsor has established and maintains a fully insured group health plan (the "Plan") which provides, among other things, various benefits to Members in the Plan, as set forth in the Certificate of Insurance provided to plan Members. The Plan Administrator is the administrator of the Plan established through this Agreement.

WHEREAS, in consideration of payment of required premium and acceptance of membership applications SHP enters into this Agreement with the Plan Sponsor and the Plan Administrator. SHP agrees to provide plan Members the benefits set forth in the Certificate of Insurance, in accordance with its terms and conditions. This Agreement also includes the Certificate of Insurance, membership applications, Identification Cards, Benefit Plan Attachments and any endorsements, supplements, attachments, addenda or amendments.

WHEREAS, NDPERS, as the Plan Administrator, is the sole party with authority to make plan design changes to the Plan.

WHEREAS, SHP is an affiliate of Sanford, a North Dakota non-profit organization and integrated delivery system; however, SHP and Sanford maintain a firewall such that (i) SHP maintains a team that negotiates participating provider agreements with hospitals, physicians and other providers, (ii) Sanford provider entities maintain a team that negotiates agreements with third party payors, and (iii) fee schedules, discounts, pricing and other competitively sensitive data are not shared between those teams.

1. EFFECTIVE DATE AND PLAN YEAR

This Agreement is effective July 1, 2015 through June 30, 2017, unless terminated as provided.

For the purposes of the costs of any and all benefits and services extended through this Benefit Plan, including the implementation of any benefit changes required under federal or state law, the Plan Administrator agrees that the Plan Year shall commence on July 1, unless it is terminated by one of the parties as specified in Section 8. TERM AND TERMINATION OF AGREEMENT.

2. DEFINITIONS

This section defines the terms used in this Agreement. These terms will be capitalized throughout this Agreement when referred to in the context defined.

A. **BENEFIT PAYMENTS** - payments of benefits under the Plan.

B. **CERTIFICATE OF CREDITABLE COVERAGE** - a certificate disclosing information relating to an individual's creditable coverage under a health care benefit program for purposes of reducing any preexisting condition waiting period imposed by any group health plan coverage.

C. **CLAIM** - notification in a form acceptable to SHP that service has been provided or furnished to a Member.

D. **DRG** - shall mean diagnostic related groups.

E. **DATA AGGREGATION** - the combining of Protected Health Information that SHP creates or receives for or from the Plan and for or from other health plans or health care providers for which SHP is acting as a business associate to permit data analyses that relate to the Health Care Operations of the Plan and those other health plans or providers.

F. **FEES AND CHARGES** - the amounts the Plan Administrator must pay SHP for the administrative services described in Section 6. FEES AND CHARGES.

G. **HEALTH CARE OPERATIONS** - any of the activities of a health plan to the extent the activities relate to functions that make it a health plan.

H. **HEALTH CARE PROVIDER** - any eligible provider that has provided care, diagnosis, or treatment to or for a Member for which benefits are sought under the Plan.

I. **HEALTH CLUB/WELLNESS CREDIT PROGRAM** – means a member-based health club credit program and wellness (points) rewards program substantially similar to that administered by the incumbent carrier.

J. **HSA PROGRAM** – means the Health Savings Account program administered by SHP through its subcontractor pursuant to the terms and conditions of a separate agreement between SHP and NDPERS and acknowledged by said subcontractor.

K. **INELIGIBLE PERSON** - any person, firm, or corporation that has received benefits or on whose behalf benefits have been paid but for whom benefits are not payable under the terms of the Plan.

L. **MEMBER** - the Subscriber and any eligible dependent of a Subscriber who is enrolled in the Plan. The term also includes eligible employees of other governmental units as permitted by state law.

M. **PARTICIPATING PROVIDER** - A healthcare provider who, under a contract with SHP, or with its contractor or subcontractor, has agreed to provide health care services to Members with an expectation of receiving payment, other than coinsurance, copays, or deductibles, directly or indirectly, from the Plan.

N. **PAYMENT** - activities undertaken to obtain premiums, determine or fulfill coverage and benefits, or obtain or provide reimbursement for health care services.

O. **PHARMACY BENEFITS MANAGER (PBM)** - shall mean Express Scripts, Inc., or such other pharmacy benefits manager as is engaged by SHP after prior consultation with NDPERS. Said PBM is responsible for maintaining the network of participating pharmacies.

P. **PHARMACY DISEASE MANAGEMENT PROGRAM** – shall mean the diabetes disease management program through which Members receive services and support provided by the North Dakota Pharmacy Service Corporation, which program is jointly administered by NDPERS and SHP hereunder.

Q. **PLAN ADMINISTRATOR** –North Dakota Public Employees Retirement System (NDPERS) is the administrator of the Plan with all of the duties and responsibilities applicable to plan administrators, including but not necessarily limited to compliance with any and all administrative, reporting, and disclosure requirements. SHP is not the Plan Sponsor or the Plan

Administrator of the Plan and is not responsible for any of the duties assigned to the Plan Sponsor or the Plan Administrator by the terms of the Plan, or by this Agreement.

R. **PLAN SPONSOR** –The State of North Dakota, acting through its Public Employees Retirement System (NDPERS) is the Plan Sponsor of an employee benefit plan established under NDCC Ch. 54-52.1.

S. **PROTECTED HEALTH INFORMATION (PHI)** - individually identifiable health information, including summary and statistical information, collected from or on behalf of a Member that is transmitted by or maintained in electronic media, or transmitted or maintained in any other form or medium and that:

   a. is created by or received from a Health Care Provider, health care employer, or health care clearinghouse;
   b. relates to a Member's past, present or future physical or mental health or condition;
   c. relates to the provision of health care to a Member;
   d. relates to the past, present, or future payment for health care to or on behalf of a Member; or
   e. identifies a Member or could reasonably be used to identify a Member.
   f. Educational records and employment records are not considered PHI under federal law.

T. **SANFORD HEALTH PLAN (SHP)** - is a health maintenance organization that provides fully-insured, prepaid group health care and pharmacy benefits through an organized health care delivery system.

U. **SECURITY INCIDENT** - any attempted or successful unauthorized access, use, disclosure, modification, or destruction of a Member's electronic PHI or interference with SHP's system operations in SHP's information systems.

V. **STANDARD TRANSACTIONS** - health care financial or administrative transactions conducted electronically for which standard data elements, code sets and formats have been adopted in accordance with federal or state law.

W. **SUBSCRIBER** - any eligible employee of the Plan Sponsor, employee of a participating employer or other eligible individual as prescribed by NDCC CH. 54-52.1 whose application for membership has been accepted, whose coverage is in force with SHP and in whose name the ID Card is issued. .

X. **SUCCESSFUL SECURITY INCIDENTS** - Security Incidents that result in unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations.

Y. **TOBACCO CESSATION PROGRAM** – shall mean Member tobacco education and cessation programs funded through the Department of Health by appropriation from the state legislature, which programs are jointly administered by SHP, NDPERS and the ND Department of Health.

Z. **UNSUCCESSFUL SECURITY INCIDENTS** - Security Incidents that do not result in unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations.

AA. **WELLNESS BENEFIT PROGRAM** – shall mean the NDPERS employer-based Wellness Benefit Program related to health and wellness promotion for Members under which funding is

made available to State agencies or political subdivisions, as jointly administered by NDPERS and SHP hereunder.

3. **SHP SHALL:**

3.1 Establish a membership record for existing Members containing information as provided by NDPERS. In order to initially enroll members, SHP will require electronic 834 compliant files from the Plan Administrator for current membership by 4/15/15 and regular updates through 6/30/15.

3.2 Provide Identification Cards, Certificates of Insurance, Summary of Benefits and Coverage and Summaries of Material Modifications (paper and/or electronic, as reasonably agreed by the parties).

3.3 Provide the Health Plan Performance Guarantees, as outlined in Exhibit B.

3.4 Upon enrollment under the NDPERS Benefit Plan, SHP will provide written notice to covered employees and their covered spouses of their applicable continuation rights pursuant to the Consolidated Omnibus Budget Reconciliation Act ("COBRA") or under State law pursuant to NDCC § 26.1-36-23, if applicable.

3.5 Receive enrollment file for late entrants who enroll outside of the Plan's annual open enrollment period as part of a special election (for qualifying events) as defined in the Plan Sponsor's Group Health Insurance Eligibility and Enrollment Guidelines and ND Administrative Rules.

3.6 Provide Managed Benefits services in accordance with appropriate licensure and certification requirements; such services to be provided by a dedicated staff person.

3.7 Provide a dedicated service unit to adjudicate all claims and respond to Member's inquiries. Provide toll-free Member and Health Care Provider service lines between the hours of 8 AM and 5:30 PM CST at the office(s) in North Dakota, as appropriate. A toll-free managed benefits line for Health Care Providers will also be available between the hours of 7:30 AM and 5:30 PM CST. During nonbusiness hours, answering machine services will be available for managed benefits calls.

3.8 Process claims and inquiries for all members, including claims from non-participating providers.

3.9 Correspond with the Members and Health Care Providers if additional information is deemed necessary by SHP to complete the administrative process.

3.10 Administer third party liability programs.

3.11 Provide to Members an Explanation of Benefits Statement.

3.12 Provide a procedure for detection of fraud and unlawful activity.

3.13 Offer Members an individual policy when application is made within 31 days of the termination of enrollment under NDPERS and Member resides in SHP's service area where SHP is licensed to sell an individual policy.

3.14 Provide assistance to NDPERS for the conduct of enrollment, servicing and education.

3.15 Provide to NDPERS formal Policy and Procedure guidelines for the conduct of external audits or reviews commissioned by NDPERS.

NDPERS shall provide SHP with the scope and requirements of any audit or review prior to the commencement of activities. If a sample of claims is required, SHP will provide or NDPERS will select a statistically valid computerized sample of claims, if not prohibited by law, regulation or rule.

NDPERS will provide a copy of the report of all audit or review findings and shall discuss the findings with SHP upon discovery to allow further investigation or implementation of corrective action.

3.16 Provide NDPERS with reporting to include but not limited to:

a. Annual group reporting of membership and utilization by group segments and product.

b. Estimates of future claim reserves and premium to claim ratio.

c. Such other special claims reports as requested from time-to-time by NDPERS, subject to the availability of data and appropriate cost considerations.

d. Interest calculation monthly report, including supporting documentation as reasonably requested.

e. Performance objectives as described in Exhibit B of this Agreement.

3.17 Provide NDPERS with claims specific data on a monthly basis in agreed upon medium. This information shall be in a format acceptable to NDPERS and subject to all federal and state laws on confidentiality and open records; and provide at least monthly to any NDPERS designated third party administrator of a pretax benefits program, for purposes of claim reimbursement for any member pretax medical spending account, an electronic claims data file as reasonably requested, such file to include at least the following: member eligibility and demographic information, provider/pharmacy demographic information (i.e. NPI), applicable member liability (i.e. copay, deductible, and coinsurance), and prescription NDC number.

3.18 Provide support to NDPERS for the establishment of a Preferred Provider Network consistent with objectives established by NDPERS. SHP shall determine Participating Provider eligibility in accordance with its policies and accreditation standards.

a. SHP will provide technical and administrative advice to NDPERS relative to the appropriateness of PPO arrangements for the Plan. SHP shall pursue in good faith participating provider agreements with those providers who were historically in the NDPERS PPO but are not currently SHP Participating Providers. The parties agree that participation and reimbursement information may contain trade secret, proprietary, commercial, and financial information under section 44-04-18.4 or any other applicable law. To the extent that NDPERS determines that such information is confidential under applicable state law, NDPERS shall maintain the confidentiality of the same. Further, NDPERS shall notify SHP of any request for release of information and, upon NDPERS' determination to release, shall allow SHP a reasonable opportunity to respond prior to disclosure. The duty of NDPERS to

maintain the confidentiality of information under this section continues beyond the term of this Agreement. With respect to historic NDPERS PPO providers who elect not to become Participating Providers at the outset of this Agreement, SHP and NDPERS will reasonably discuss and cooperate with respect to (i) soliciting such providers into the network and (ii) administration of provider billing, Member co-sharing and other financial arrangements with respect to services provided by such non-Participating Providers over the initial year of the Agreement.

b. SHP will develop jointly with NDPERS a written instrument to be used as the basis for providers participating in the PPO Program.

c. SHP will secure provider agreements upon completion of negotiations with providers. Such negotiations may be conducted jointly by SHP and NDPERS.

d. SHP will enforce strict managed benefits, utilization review and quality assurance criteria to assure attainment of Preferred Provider program objectives.

e. SHP will, upon NDPERS reasonable direction, terminate a Provider's NDPERS PPO participation agreement in accordance with terms of the agreement, when a PPO Provider is noncompliant with NDPERS/SHP policies and procedures. Said policies and procedures shall be documented and communicated to the Participating Provider prior to implementation.

3.19 Carry over any Deductible, Out-of-Pocket Maximums, Coinsurance Amounts and other benefit accumulators incurred from January 1 to June 30, of the prior contract period. In order to honor the same, SHP will initially require electronic files from the Plan Administrator or incumbent carrier including at a minimum member name, address, SSN, date of birth, insurance ID number and carry-over amounts for deductible and out-of-pocket maximum and other benefit accumulators for year to date 2015. SHP will require carry over electronic files to be provided starting on 6/15/15 and on the first day and fifteenth day of each month thereafter continuing through 6/30/17 to ensure timely and proper administration of plan benefits and to minimize member impact. Similarly, SHP shall maintain the Health Club/Wellness Credit Program. To facilitate the same, SHP will initially require an electronic file(s) with Health Club/Wellness Credit Program information from the incumbent carrier including at a minimum member name, address, SSN, date of birth, insurance ID, payment/voucher status and current calculated points as of 6/30/15 incurred date. SHP and NDPERS agree to reasonably cooperate with the incumbent carrier regarding logistics of such transitions.

3.20 The same process outlined in Section 3.19 will be required of the incumbent pharmacy benefit manager for pharmacy accumulators. SHP and NDPERS will reasonably cooperate to, by 4/15/15, anticipate disruption, if any, resulting from changing to SHP's formulary and, on or prior to 6/1/15, notify members of the same.

3.21 To enhance servicing of Members with respect to preauthorizations granted by incumbent carrier prior to 6/30/15, SHP will require from the incumbent carrier the secured, electronic file of approved care treatment programs, prior authorizations/certifications, provider referrals and formulary exception requests by 6/1/15 and updated again 7/1/15, which shall include the Member's name, date of birth, SSN, provider name and provider NPI, authorized date of service or span of service and any utilization management notes or member correspondence.

For services to be provided through 2015, SHP shall honor care treatment programs pre-dating 6/30/15 for referrals and prior authorizations/certifications for services to be

provided by historic PPO providers as approved by the incumbent carrier if such information is provided to SHP in a secured, electronic file as described above.

3.22 Jointly administer the Pharmacy Disease Management Program, Tobacco Cessation Program, and Wellness Benefit Program substantially in accordance with Exhibit E, Exhibit F, and Exhibit G, respectively.

3.23 Reasonably respond to requests for service meetings from NDPERS administration or its Board upon request.

4. **NDPERS SHALL:**

4.1 Prepare and distribute monthly billings to participating employers and retirees participating in the Plan. NDPERS shall respond to the participating employers inquiries concerning eligibility rules, billing, etc.

4.2 Prepare weekly eligibility file by participating employer and premium classification for both active and retired employees and provide the file to SHP to be used for eligibility certification purposes. Along with the eligibility file, NDPERS will furnish a full-file listing of participants (incorporating additions or terminations during the month). Such listing will reflect the name of the employee, dependents, Social Security Number, the effective date of coverage for a new employee or the termination date of a terminated employee and the coverage classification. NDPERS will submit enrollment, billing and premium remittance via a centralized electronic system. NDPERS will provide enrollment/eligibility information on a data file that follows the HIPAA 834 file specifications and SHP's companion guide. Premium payment information will be provided on a data file that follows the HIPAA 820 file specifications. Files will be transmitted using a mutually agreed upon secure file transmission process.

4.3 Use best efforts to notify SHP of terminated members no later than 30 days after the event that rendered the Member ineligible for coverage. Regardless of whether or not NDPERS provides notice to SHP of the terminated Member, SHP intends to recoup payments for all paid claims from applicable providers incurred after the last date of eligibility. It then becomes the duty and discretion of said providers to bill the Member accordingly. Similarly, SHP intends to recoup from terminated Members prescription claims paid after the last date of eligibility.

4.4 Provide enrollment files, obtain completed classifications or addresses, etc. from participants and furnish SHP with enrollment files or request for coverage or address changes and retain the original copy.

4.5 Be responsible for the administration of and compliance with COBRA or State-mandated continuation of coverage. SHP will forward requests for COBRA or State law continuation of coverage participation by membership to NDPERS upon notification.

4.6 Comply with SHP's established administrative policies which are reasonable and consistent with the NDPERS Health Plan and the bid specifications agreed to by the parties, including but not limited to: enrollment and eligibility policies, standard adjudication and Medical Policy Guidelines, Payable Provider Guidelines, Managed Benefits Program Guidelines and claim payment procedures as such materials are modified from time to time.

4.7 Develop and provide SHP the objectives currently established for the Preferred Provider programs and provide SHP with an electronic file of providers currently enrolled in the

Preferred Provider Network by 3/15/15. The file shall include at a minimum the provider name, specialty/type, address, and NPI.

4.8 Pay premiums to SHP according to the schedule in Section 6.

4.9 NDPERS acknowledges that the administration of the Benefit Plan that is the subject of this Agreement may be subject to regulation under federal and/or state law. NDPERS agrees to furnish SHP with any and all information necessary to comply with any applicable federal and/or state laws and to certify that this information is accurate. If there are any changes in the employer contribution rate for benefits and services available under this Agreement, NDPERS agrees that it is its obligation to provide information related to the change in contribution rates immediately to SHP.

4.10 NDPERS acknowledges that Subscriber satisfaction will be enhanced by SHP's timely receipt of accurate electronic files with information housed by the incumbent carrier or incumbent pharmacy vendor as described in Sections 3.19; 3.20; and 3.21 of this Agreement. Consequently NDPERS shall use commercial best efforts to facilitate SHP's receipt of the same and will forward to incumbent carrier a schedule of desired information and timelines for receipt (to be provided by SHP).

4.11 NDPERS agrees to timely provide the information as specified in Section 3.1.

4.12 Perform those functions or duties regarding the Pharmacy Disease Management Program, Tobacco Cessation Program and Wellness Benefit Program substantially in accordance with Exhibit E, Exhibit F and Exhibit G, respectively.

5. PRIVACY USE AND DISCLOSURE RESPONSIBILITIES

5.1 RESPONSIBILITIES OF SHP

A. Privacy of Protected Health Information (PHI)

1. SHP will keep confidential all Claim records and all other PHI that SHP creates or receives in the performance of its duties under this Agreement. Except as permitted or required by this Agreement for SHP to perform its duties under this Agreement, SHP will not use or disclose such Claim information or other PHI without the authorization of the Member who is the subject of such information or as required by law.

2. SHP will neither use nor disclose Members' PHI (including any Members' PHI received from a business associate of the Plan) except (1) as permitted or required by this Agreement, (2) as permitted in writing by the Plan Administrator, (3) as authorized by Members, (4) in accordance with the Business Associate Agreement ("BAA") between the parties materially in form and substance provided in Exhibit H hereto, or (5) as required by law.

3. SHP will be permitted to use or disclose Members' PHI only as follows:

   a. SHP will be permitted to use and disclose Members' PHI (a) for the management, operation and administration of the Plan the Plan Administrator offers Members, and (b) for the services set forth in the Plan, which include

Payment Activities, Health Care Operations, and Data Aggregation as these terms are defined under federal law.

1. SHP will be permitted to use Members' PHI as necessary for SHP's proper management and administration or to carry out SHP's legal responsibilities.

2. SHP will be permitted to disclose Members' PHI as necessary for SHP's proper management and administration or to carry out SHP's legal responsibilities only if (i) the disclosure is required by law, or (ii) before the disclosure, SHP obtains from the entity to which the disclosure is to be made reasonable assurance, evidenced by a written contract, that the entity will hold Members' PHI in confidence, use or further disclose Members' PHI only for the purposes for which SHP disclosed it to the entity or as required by law, and notify SHP of any instance the entity becomes aware of where the confidentiality of any Members' PHI was breached as required by 45 CFR 164.410.

b. SHP will make reasonable efforts in accordance with its written privacy policies and procedures to use, disclose, or request only the minimum necessary amount of Members' PHI to accomplish the intended purpose. SHP will make its written privacy policies and procedures available to the Plan Sponsor, upon request.

4. Other than disclosures permitted by Section 5.1(A)3, SHP will not disclose Members' PHI to the Plan Administrator or to the Plan's business associate except as directed by the Plan Administrator in writing and as permitted by applicable law.

5. SHP will require each subcontractor and agent to which SHP is permitted by this Agreement or in writing by the Plan Administrator to disclose Members' PHI to provide reasonable assurance, evidenced by written contract, that such other entity will comply with the same privacy and security obligations with respect to Members' PHI as this Agreement applies to SHP.

6. SHP will not disclose any Members' PHI to the Plan Sponsor, except as permitted by and in accordance with Section 5.1(A) 3.

7. SHP will report to the Plan Administrator any use or disclosure of Members' PHI not permitted by this Agreement, including incidents that constitute breaches of unsecured PHI as required by 45 CFR 164.410. SHP will make any such report to the Plan Administrator after SHP learns of such non-permitted use or disclosure.

8. SHP will report to the Plan Administrator attempted or successful unauthorized access, use, disclosure, modification or destruction of a Member's electronic PHI or interference with SHP's system operations in SHP's information systems ("Security Incident"), of which SHP becomes aware. With regard to attempted unauthorized access, use, etc., SHP and the Plan Administrator recognize and agree that the significant number of meaningless attempts to, without authorization, access, use, disclose, modify or destroy electronic PHI will make real-time reporting formidable. Therefore, SHP and the Plan Administrator agree to the following reporting procedures for Security Incidents that result in unauthorized access, use, disclosure, modification, or destruction of information

or interference with system operations ("Successful Security Incidents") and for Security Incidents that do not so result ("Unsuccessful Security Incidents").

For Unsuccessful Security Incidents, SHP and the Plan Administrator agree that this Agreement constitutes notice from SHP of any such Unsuccessful Security Incidents. In other words, the Plan Administrator waives any separate notice of Unsuccessful Security Incidents. By way of example, SHP and the Plan Administrator consider the following to be illustrative of Unsuccessful Security Incidents when they do not result in unauthorized access, use, disclosure, modification, or destruction of a Member's electronic PHI or interference with an information system.

1. Pings on SHP's firewall,

2. Port scans,

3. Attempts to log on to a system or enter a database with an invalid password or username,

4. Denial-of-service attacks that do not result in a server being taken off-line, and

5. Malware (e.g., worms, viruses).

For Successful Security Incidents, SHP shall give notice promptly to the Plan Administrator in the event a Member's electronic PHI was compromised.

9. Disposition of Protected Health Information

The parties agree that upon termination, cancellation, expiration or other conclusion of this Agreement, SHP will return or destroy all PHI received or created by SHP on the Plan Administrator's behalf as soon as feasible. Due to various regulatory and legal requirements, the Plan Administrator acknowledges that immediate return or destruction of all such information is not feasible. SHP agrees that upon conclusion of this Agreement for any reason, it will use or disclose the PHI it received or created on the Plan's behalf only as necessary to meet SHP's regulatory and legal requirements and for no other purposes unless permitted in writing by the Plan Administrator. SHP will destroy PHI received or created by SHP on the Plan Administrator's behalf that is in SHP's possession under such circumstances and upon such schedule as SHP deems consistent with its regulatory and other legal obligations.

These responsibilities agreed to by SHP and related to protecting the privacy and safeguarding the security of PHI, as well as any terms directly related thereto, shall survive the termination of this Agreement and, where applicable, shall govern SHP's receipt, use or disclosure of PHI pursuant to the terms of this Agreement.

10. To the extent SHP is to carry out one or more of Plan Administrator's obligations under the HIPAA Privacy Regulations, it shall comply with the requirements of the Privacy Regulations that apply to the Plan Administrator in the performance of such obligations.

B. **Access, Amendment and Disclosure Accounting for Protected Health Information**

1. Upon the Plan Administrator's written request, SHP will make available for inspection and obtaining copies by the Plan Administrator, or at the Plan Administrator's direction by the Member (or the Members' representative), any PHI about the Member created or received for or from the Plan Administrator in SHP's custody or control so the Plan Administrator may meet its access obligations under federal law.

2. Upon receipt of a written request from the Plan Administrator, or at the Plan Administrator's direction by the Member (or the Members' representative), SHP will amend or permit the Plan Administrator access to amend any portion of the PHI created or received for or from the Plan Administrator in SHP's custody or control, so the Plan Administrator may meet its amendment obligations under federal law.

3. So the Plan Administrator may meet its disclosure accounting obligations under federal law or state law, SHP will do the following:

   a. SHP will record each disclosure of Members' PHI which is not excepted from disclosure accounting under Section 5.1(B) 3.b, that SHP makes to the Plan Administrator or to a third party.

      The information about each disclosure that SHP must record ("Disclosure Information") is (i) the disclosure date, (ii) the name and (if known) address of the person or entity to whom SHP made the disclosure, (iii) a brief description of the PHI disclosed, and (iv) a brief statement of the purpose of the disclosure.

      For repetitive disclosures of Members' PHI that SHP makes for a single purpose to the same person or entity (including the Plan Administrator), SHP may record (i) the disclosure information for the first of these repetitive disclosures, (ii) the frequency, periodicity or number of these repetitive disclosures, and (iii) the date of the last of these repetitive disclosures.

   b. SHP will not be required to record disclosure information or otherwise account for disclosures of Members' PHI that this Agreement or the Plan Administrator in writing permits or requires:

      (1) for Payment Activities or Health Care Operations,
      (2) to the Member who is the subject of the PHI or to that Members' personal representative,
      (3) to persons involved in that Members' health care or payment for health care, as provided under federal law,
      (4) for notification for disaster relief purposes or national security or intelligence purposes as provided under federal law,
      (5) to law enforcement officials or correctional institutions regarding inmates,
      (6) for incidental uses or disclosures,
      (7) as part of a limited data set in accordance with federal law,
      (8) that occurred prior to the HIPAA Privacy Compliance Date,
      (9) pursuant to a valid authorization, or
      (10) as may be required by law.

c. SHP will have available for the Plan Administrator the disclosure information required by Section 5.1(B)3.a. for the six (6) years immediately preceding the date of the Plan Administrator's request for the disclosure information.

d. Upon the Plan Administrator's written request, SHP will make available to the Plan Administrator, or at the Plan Administrator's direction to the Member (or the Member's representative), disclosure information regarding the Member so the Plan Administrator may meet its disclosure accounting obligations under federal law.

C. **Information Safeguards**

1. SHP will maintain reasonable and appropriate administrative, technical and physical safeguards to protect the privacy of Member PHI. The safeguards must reasonably protect Member PHI from any intentional or unintentional use or disclosure in violation of federal law and limit incidental uses or disclosures made pursuant to a use or disclosure otherwise permitted by this Agreement.

2. SHP will implement administrative, technical, and physical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of electronic PHI SHP creates, receives, maintains, or transmits on behalf of the Plan Administrator as required by federal law.

D. **Inspection of Books and Records**

SHP will make its internal practices, books, and records relating to its use and disclosure of PHI created or received for or from the Plan Administrator available to the Plan Administrator and to the U.S. Department of Health and Human Services to determine compliance with federal law or this Agreement.

E. SHP will prepare and distribute a notice of privacy practices appropriate for the Plan to meet its notice obligations under federal law. The Plan Administrator authorizes SHP to disclose the minimum necessary PHI to the Plan Sponsor for plan administration functions specified in the Plan documents as amended.

F. **Information Privacy and Safeguard Provisions Survive Termination of Agreement**

These responsibilities agreed to by SHP and related to protecting the privacy of PHI, as well as any terms directly related thereto, shall survive the termination of this Agreement and where applicable, shall govern SHP's receipt, use and disclosure of PHI obtained pursuant to the terms of this Agreement.

5.2 RESPONSIBILITIES OF THE PLAN SPONSOR

A. The Plan Sponsor retains full and final authority and responsibility for the Plan and its operation. SHP is empowered to act on behalf of the Plan only as stated in this Agreement or as mutually agreed in writing by the Plan Sponsor and SHP.

B. Except with respect to services provided by SHP set forth in this agreement, the Plan Sponsor will have the sole responsibility for and will bear the entire cost of compliance with all federal, state and local laws, rules, and regulations concerning

the privacy of PHI, including any licensing, filing, reporting, and disclosure requirements, that may apply to the Plan. SHP will have no responsibility for the Plan's compliance or noncompliance with any applicable federal, state, or local law, rule, or regulation, that the Plan Sponsor is responsible for under this subsection.

C. By executing this Agreement, the Plan Sponsor certifies to SHP that it has amended the Plan documents to incorporate the provisions required by and under federal law, and agrees to comply with the Plan Administrator's plan documents as amended.

SHP may rely on Plan Sponsor's certification and Plan Administrator's written authorization, and will have no obligation to verify (1) the Plan Administrator's plan documents have been amended to comply with the requirements of federal law or this Agreement or (2) the Plan Sponsor is complying with the Plan Administrator's plan document as amended.

D. For any high deductible health plan offered by the Plan Sponsor, the Plan Sponsor assumes sole responsibility for determining whether the Plan qualifies as a high deductible health plan under Section 223(c)(2) of the U.S. Internal Revenue Code. SHP MAKES NO WARRANTY, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE REGARDING THE PLAN.

For any high deductible health plan offered by the Plan Sponsor, SHP does not provide legal or tax advice, and expressly disclaims responsibility for determining, on behalf of any individual or group, the legal and tax implications of: (1) establishing a health savings account; (2) eligibility for a health savings account; (3) the contributions made to a health savings account; (4) the deductibility of contributions to a health savings account; and (5) withdrawals from a health savings account and related taxation.

6. FEES AND CHARGES:

6.1 In consideration of the fully insured contract under this Agreement, SHP agrees to accept the following provisions and premium rates for the Effective Date of this Agreement. See attached Premium Rate Structure Table in Exhibit C of this Agreement.

6.2 SHP and NDPERS agree to the Health Plan Performance Guarantees, as outlined in the attached Exhibit B.

6.3 NDPERS will use best efforts to pay SHP, on or before the twentieth day of each month (but not later than the last day of the month), for the current month's premium income based on the amount identified in Exhibit C.

6.4 NDPERS will maintain a deposit of $3,000,000 in a Cash Reserve Account held by SHP until the settlement of the biennium. This Cash Reserve Account shall earn interest at a rate to be determined monthly, based on US Treasury Notes quoted by the Wall Street Journal. The monthly rate will be established at the close of the first trading day each month based on the closing yield to maturity of US Treasury Notes maturing 24 months hence. If there are multiple notes for that maturity, the rate will be based on an average. If there are no notes with that maturity, the next subsequent maturity will be used.

NDPERS will also maintain funds in a Programs Cash Reserve Account held by SHP for purposes of funding the Pharmacy Disease Management Program, the Wellness Benefit Program and any other programs funded outside of premium. NDPERS will maintain a

balance reasonably estimated to anticipate experience of such programs. This Programs Cash Reserve Account shall earn interest at a rate to be determined monthly, based on US Treasury Notes quoted by the Wall Street Journal. The monthly rate will be established at the close of the first trading day each month based on the closing yield to maturity of US Treasury Notes maturing 24 months hence. If there are multiple notes for that maturity, the rate will be based on an average. If there are no notes with that maturity, the next subsequent maturity will be used.

6.5 SHP will retain any surplus funds from the amounts identified as such in a schedule to the Premium Rate Table attached as Exhibit C. Surplus funds retained by SHP shall earn interest at a rate to be determined monthly, based on US Treasury Notes quoted by the Wall Street Journal. The monthly rate will be established at the close of the first trading day each month based on the closing yield to maturity of US Treasury Notes maturing 24 months hence. If there are multiple notes for that maturity, the rate will be based on an average. If there are no notes with that maturity, the next subsequent maturity will be used.

Surplus funds described in the above section 6.5 not used by SHP to pay NDPERS Health Plan incurred claims plus retention will be subject to the Final Accounting as described in Section 7 of this Agreement.

6.6 Medicare Part D will be handled by incumbent carrier through and until 12/31/15.

6.7 In the event any Federal or State authority imposes any changes to plan design, plan benefits or other mandate affecting the Plan, SHP and NDPERS shall reasonably cooperate to anticipate material increased expenses or other material effects and negotiate in good faith to incorporate consequent premium rate or other contractual changes. In the event the parties are unable to reach agreement, either party may terminate this Agreement pursuant to Section 8.2(b) hereof. SHP reserves the right to adjust premium rates, with a 90-day notice, for any such changes in taxes and/or benefits imposed upon SHP for the NDPERS health plan. SHP further reserves the right to adjust premium rates for any health plan design, plan benefit changes or other mandates imposed by State or Federal legislative action or NDPERS Board mandate when such changes become effective.

7. FINAL ACCOUNTING

7.1 A continual accounting of NDPERS Health Plan experience will take place during the 2015-2017 biennium. Monthly reports of earned income less incurred claims and retention will be produced during the biennium and the twenty-four months following the biennium.

7.2 Within 31 days of 12 months after the end of the biennium (by July 31, 2018), SHP will provide an accounting of PPACA fees. This adjustment is in addition to the settlement in 7.3 and 7.4.

1. Estimated PPACA fees paid by NDPERS during the biennium ($11.75 per Non-Medicare member per month from July 1, 2015 through June 30, 2016 and $9.91 per Non-Medicare member per month from July 1, 2016 through June 30, 2017)

2. Less actual PPACA fees paid by SHP for the biennium including:

a. Patient Centered Outcomes Research Tax will be calculated based on actual average Non-Medicare members at the rate defined by the respective federal

agency. This amount is currently estimated to be $2.16 per Non-Medicare member for July 1, 2015 through December 31, 2015, increasing each calendar year with inflation at the rate defined by the federal government.

b. Transitional Reinsurance Assessment will be calculated based on actual average Non-Medicare members at the rate of $3.67 per Non-Medicare member per month for July 1, 2015 through December 31, 2015 and is estimated at $2.50 per Non-Medicare member per month for January 1, 2016 through December 31, 2016.

c. Health Insurer Tax will be calculated using NDPERS' portion of the premium used to calculate the bill from the Federal Government, grossed up by 20% for Federal Income Tax. The billing for this tax is on a year in arrears basis. The 2016 bill will reflect premiums paid to SHP in 2015. The 2017 bill will reflect premiums paid to SHP in 2016 and the 2018 bill will reflect premiums paid to SHP in 2017. (Illustrative example for 2015 payment: Assume SHP receives a $10 million HIT tax bill in 2016. That is based on $1 billion of 2015 premium. If NDPERS contributed $200 million to the $1 billion of 2015 premium, the NDPERS would be charged 20% of $12 million – the $10 million dollar HIT tax bill grossed up by 20% for Federal Tax. The same approach would be taken for 2016 and 2017.)

3. If 1-2 of 7.2 is positive, the remainder equals Refund paid to NDPERS. If 1-2 of 7.2 is negative, the remainder will be refunded by NDPERS to SHP.

4. The parties agree that the above identified PPACA fees are subject to modification by the respective federal agencies at any time. If the PPACA fees are so modified, the modifications shall automatically be incorporated into this Agreement without further action by the parties.

7.3 Within 31 days of 12 months after the end of the biennium (by July 31, 2018) SHP will provide an accounting which will result in an initial settlement of the biennium agreement as follows:

1. Earned Premium Income (which is net of the NDPERS monthlyadmin fee) during the Biennium
2. Plus interest on Surplus Funds
3. Less Claims Incurred during the Biennium and paid July 1, 2015 – June 30, 2018
4. Less Estimated Claims Incurred and unpaid at June 30, 2018 as calculated using standard actuarial completion factors
5. Less Administrative Expense during the Biennium ($11.60 per member per month)
6. Less Service Charge during the Biennium ($4.89 per member per month)
7. Less Disease Management Program fees during the Biennium ($0.64 per member per month)
8. Less Health Club/Wellness Credit Program fees during the Biennium ($1.96 per member per month)
9. Less Actual PPACA fees paid by SHP for the Biennium (as defined by 7.2.2)
10. Less applicable PPACA fees refunded to NDPERS or plus applicable PPACA fees funded to SHP as defined by 7.2.3.

11. If 1+2-3-4-5-6-7-8-9(-/+10) of 7.3 is positive, the lesser of 50% of this amount or $1.5 million is retained by SHP. The remainder equals Refund paid to NDPERS.
12. If 1+2-3-4-5-6-7-8-9 (-/+10) of 7.3 is negative, the lesser of 50% of this amount or $3.0 million will be refunded by NDPERS to SHP.

Within 62 days of 12 months after the end of the biennium (by August 31, 2018) refunds will be paid to NDPERS or SHP as defined by 7.3.

7.4 Within 31 days of 24 months after the end of the biennium (by July 31, 2019) SHP will provide an accounting which will result in a final settlement of the biennium agreement as follows:

1. Earned Premium Income (which is net of the NDPERS monthly admin fee) during the Biennium
2. Plus interest on Surplus Funds
3. Less Claims Incurred during the Biennium and paid July 1, 2015 – June 30, 2019
4. Less Administrative Expense during the Biennium ($11.60 per member per month)
5. Less Service Charge during the Biennium ($4.89 per member per month)
6. Less Disease Management Program fees during the Biennium ($0.64 per member per month)
7. Less Health Club/Wellness Credit Program fees during the Biennium ($1.96 per member per month)
8. Less Actual PPACA fees paid by SHP for the Biennium (as defined by 7.2.2)
9. Less applicable PPACA fees refunded to NDPERS or plus applicable PPACA fees funded to SHP as defined by 7.2.3.
10. If 1+2-3-4-5-6-7-8 (-/+9) of 7.4 is positive, the lesser of 50% of this amount or $1.5 million is retained by SHP. The remainder equals Refund paid to NDPERS. If applicable, the final settlement amount will be net of initial settlement payments.
11. If 1+2-3-4-5-6-7-8 (-/+9) of 7.4 is negative, the lesser of 50% of this amount or $3.0 million will be refunded by NDPERS to SHP. If applicable, the final settlement amount will be net of initial settlement payments.

Within 62 days of 24 months after the end of the biennium (by August 31, 2019) the final settlement will be paid to NDPERS or SHP as defined by 7.2, 7.3 and 7.4. Sample illustrations of Sections 7.3 and 7.4 are Attached as Exhibit D.

8. TERM AND TERMINATION OF AGREEMENT

8.1 The term of this Agreement shall be for a two year period from July 1, 2015 through June 30, 2017; provided, however, that, upon satisfactory completion of the initial Agreement term and final approval of the NDPERS Board, this Agreement may be renewed for up to two additional two-year terms, beginning July 1, 2017 to June 30, 2019, and July 1, 2019 to June 30, 2021. NDPERS and SHP will renegotiate the contract terms during the initial, and any subsequent two-year term, for any subsequent two-year term. During the initial contract term, renegotiations will begin in August, 2016 and end in September 2016 and NDPERS will not initiate a formal bidding process during these renegotiations. If the Agreement is renewed, renegotiations for a

subsequent two year term will begin in August, 2018 and end in September 2018. If NDPERS and SHP are unable to reach an agreement during renegotiations, a formal bidding process may be initiated by NDPERS.

8.2 This Agreement may be terminated by mutual agreement of both parties, upon 60 days notice, in writing.

Either party may terminate this Agreement effective 90 days following delivery of written notice to the other party, or at such later date as may be stated in the notice, under any of the following conditions:

a. If funding from federal, state or other sources is not obtained and continued at levels sufficient to allow for purchase of the services or supplies in the indicated quantities or term. The Agreement may be modified by agreement of the parties in writing to accommodate a reduction of funds.

b. If federal or state laws, rules or regulations are modified, changed or interpreted in such a way that the services are no longer allowable or appropriate for purchase under this Agreement or are no longer eligible for the funding proposed for payments authorized by this Agreement.

c. If any license, permit or certificate required by law, rule or regulation, or by the terms of this Agreement, is for any reason denied, revoked, suspended or not renewed.

Any such termination of this Agreement shall be without prejudice to any obligations or liabilities of either party already accrued prior to such termination.

d. In the event of a breach by either party, other than for nonpayment of premium, the other party may terminate this Agreement by written notice to the breaching party. The breaching party has 31 days to fully cure the breach. If the breach is not cured within 31 days after written notice, this Agreement will immediately terminate.

9. PROVIDER NETWORK DISCOUNT PROGRAMS

SHP has a variety of relationships with regional and national PPO discount Programs. Whenever a Member accesses health care services outside of the geographic area SHP serves, the claim for those services may be processed through one of these discount Programs and presented to SHP for payment in accordance with the rules of the discount program policies then in effect. The discount programs available to Members under this Agreement are described generally below.

Typically when accessing care outside the SHP service area, a Member will obtain care from health care providers that have a contractual agreement (i.e., "participating agreement") with the discount program. In some instances, a Member may obtain care from health care providers who have not entered into a "participating agreement" with SHP directly. SHP payment practices in both instances are described below.

A. Regional and National Network Discount Program

When Members access health care services outside the geographic area served by SHP, SHP will adjudicate claims with the health care providers who have entered into a "participating agreement" with any one of SHP's discount network programs (participating health care providers). The financial terms of the Regional or National Network Discount Program are described generally below. Individual circumstances may arise that are not

directly covered by this description; however, in those instances, SHP's action will be consistent with the spirit of this description.

Liability Calculation Method Per Claim - The calculation of Member liability on claims for Covered Services processed through the Regional or National Network Discount Program will be based on the negotiated price made available to SHP by the Regional or National Network Discount program.

The Regional or National Network discount program may use various methods to determine a negotiated price, depending on the terms of each health care provider contracts. The negotiated price made available to SHP represents a payment negotiated by a Regional or National Network discount program with a health care provider that is the difference between the applicable contract rate and the participating provider's billed charges.

The amount paid by the Member is a final price; no future price adjustment will result in increases or decreases to the pricing of past claims.

Should the state in which health care services are accessed mandate liability calculation methods that differ from the negotiated price methodology or require a surcharge, SHP would then calculate the Member's liability in accordance with applicable law.

Return of Overpayments - recoveries from participating health care providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, provider/hospital audits, credit balance audits, utilization review refunds, and unsolicited refunds. In some cases, SHP will engage third parties to assist in discovery or collection of recovery amounts. The fees of such a third party may be netted against the recovery. Recovery amounts determined in this way will be applied in accordance with applicable SHP policies, which generally require correction on a claim-by-claim or prospective basis.

B. **Nonparticipating Providers Outside the SHP Service Area**

When Covered Services are provided outside of SHP's service area by health care providers who have not entered into a "participating agreement" with SHP or SHP-contracted Regional or National Network Discount Programs (nonparticipating health care providers), the amount the Member pays for such services will be based on SHP's maximum allowed amount, which is the lesser of (a) the amount charged for a covered service or supply, or (b) reasonable costs as established by SHP. Members are responsible for any difference between the amount charged and SHP's payment for covered services.

In certain situations, SHP may pay claims based on the payment SHP would make if the Covered Services had been obtained within the SHP service area by a Participating Provider. Such situations include where a Member did not have reasonable access to a participating health care provider, as determined by SHP in its sole and absolute discretion or by applicable state law. SHP may also in its sole and absolute discretion, negotiate a payment with such a health care provider on an exception basis. In any of these situations, the Member may be responsible for the difference between the amount that the nonparticipating health care provider bills and payment SHP will make for the Covered Services as set forth in this paragraph.

10. PBM/REBATE PAYMENTS

Regarding prescription medications or drugs purchased by Members under the terms of the Plan, SHP will pay PBM according to the terms of the agreement between SHP and PBM. The amount due to the pharmacy under the terms of the agreement between PBM and the

pharmacy provider is that which is due at the time the prescription medication or drug is purchased by the Member. The amount due to the pharmacy under the pharmacy provider participating agreement with the PBM is calculated without regard to any subsequent, retrospective manufacturer discount that may apply to the cost of the prescription medication or drug.

The Plan Administrator acknowledges and agrees that, in some cases but not all, drug manufacturers may offer rebates to SHP on prescription medications and drugs purchased under the terms of the Plan. SHP agrees to use best efforts to establish and maintain a drug rebate program pursuant to which such rebates directly benefit Members in a manner substantially similar to that provided by the incumbent carrier.

11. **GENERAL PROVISIONS:**

11.1 SHP is an independent entity under this Agreement and is not a State employee for any purpose, including the application of the Social Security Act, the Fair Labor Standards Act, the Federal Insurance Contribution Act, the North Dakota Unemployment Compensation Law and the North Dakota Workforce Safety and Insurance Act. HSP retains sole and absolute discretion in the manner and means of carrying out HSP'S activities and responsibilities under This Agreement, except to the extent specified intthis Agreement.

11.2 This Agreement, including the following documents, constitutes the entire agreement between the parties. There are no understandings, agreements, or representations, oral or written, not specified within this Agreement. This Agreement may not be modified, supplemented or amended, in any manner, except by written agreement signed by both parties.
Notwithstanding anything herein to the contrary, in the event of any inconsistency or conflict among the documents making up this Agreement, the documents must control in this order of precedence:

a. The terms of this Agreement as may be amended;
b. SHP's Proposal dated September 4, 2014 and Rebid Proposal dated November 19, 2014 in response to the RFP;
c. State's Request for Proposal Fully-Insured Group Medical and Prescription Drug Coverage (the "RFP") reissued and dated October 30, 2014.

11.3 This Agreement shall be governed by and construed according to the laws of the state of North Dakota.

11.4 Failure of either party at any time to require performance by the other party of any provision of this Agreement shall not be deemed to be a continuing waiver of that provision or a waiver of any other provision of this Agreement.

11.5 No assignment of this Agreement in whole or in part may be made by either party without written agreement approved by both parties. SHP may not assign or otherwise transfer or delegate any right or duty hereunder without NDPERS express written consent, or as otherwise set forth in this Agreement. However, SHP may enter into subcontracts for the provision of services under this Agreement provided that any subcontract acknowledges the binding nature of this Agreement and incorporates this Agreement, including any attachments. SHP is solely responsible for the performance of any subcontractor. Notwithstanding the foregoing, NDPERS acknowledges and agrees that SHP is a party to existing subcontracts with the PBM and other entities and may be bound by, or subject to, exclusivity or other limiting

provisions under such existing subcontracts. SHP does not have authority to contract for or incur obligations on behalf of the Plan Sponsor or Plan Administrator.

11.6 All notices and correspondence required or permitted to be given under this Agreement shall be given by personal delivery to the other party or may be sent by mail, postage prepaid to the other party at the following addresses:

NORTH DAKOTA PUBLIC EMPLOYEES RETIREMENT SYSTEM
PO Box 1657
Bismarck, North Dakota 58502

SANFORD HEALTH PLAN
300 Cherapa Place, Suite 201
Sioux Falls, SD 57103

11.7 Neither party shall be liable for any delay in or failure to perform under this Agreement due to an act of God or due to war mobilization, insurrection, rebellion, civil commotion, riot, act of an extremist or public enemy, sabotage, labor dispute, explosion, fire, flood, storm, accident, drought, equipment failure, power failure, fuel or energy shortages, unavoidable delay of carriers, embargo, law, ordinance, act, rule or regulation of any government, whether valid or invalid.

11.8 If NDPERS or SHP creates benefit communications for Members, relating to the Certificate of Insurance attached as Exhibit A, such communications will be sent to SHP or NDPERS for comment prior to distribution. Either party will have 5 business days to comment on the communication. If one party fails to advise the other within that 5-day period, it will be presumed there are no comments on the communication. If NDPERS has a digital or online version of the Certificate of Insurance available to its Members, NDPERS agrees that it will not alter, modify or change the language of the Certificate of Insurance, and further agrees the Certificate of Insurance, attached as Exhibit A, will be the controlling document in the event of any conflict or liability that might arise as the result of any alterations, modifications or changes made by NDPERS. In the event a claim is paid based on NDPERS's modified or altered digital or online Certificate of Insurance, NDPERS is liable for all such claims. NDPERS further agrees that no waiver of this agreement is valid unless in writing and approved by SHP.

11.9 SHP will prepare Summaries of Benefits and Coverage for distribution to applicants and Members by NDPERS so that SHP, the Plan and NDPERS may all satisfy related disclosure obligations under federal law. It shall be the sole responsibility of NDPERS to distribute the Summaries of Benefits and Coverage in accordance with federal law, and the Plan Administrator acknowledges and agrees that SHP will rely upon NDPERS for compliance with the requirements for distribution of the Summaries of Benefits and Coverage to applicants and Members.

11.10 When coverage under this Agreement is terminated, SHP will, within a reasonable period of time, issue a Certificate of Creditable Coverage to the Subscriber to the extent the certificate is required under state and/or federal law. Upon notification by the Subscriber of the ineligibility of a dependent, a Certificate of Creditable Coverage will be issued to the affected Member within a reasonable period of time. Certificates of Creditable Coverage may also be obtained from SHP upon request within 24 months

after coverage is terminated. Certificates of Creditable Coverage will only reflect continuous coverage provided through SHP.

11.11 Upon the effective date of any final regulation or amendment to final regulations with respect to PHI, Standard Transactions, the security of health information or other aspects of the Health Insurance Portability and Accountability Act of 1996 applicable to this Agreement, this Agreement will automatically amend such that the obligations imposed on the Plan Sponsor, the Plan Administrator and SHP remain in compliance with such regulations, unless SHP elects to terminate this Agreement by providing the Plan Sponsor and the Plan Administrator notice of termination in accordance with this Agreement at least thirty-one (31) days before the effective date of such final regulation or amendment to final regulations.

11.12 The parties agree that all participation by Members in programs administered by NDPERS is confidential under North Dakota law. SHP may request and NDPERS shall provide directly to SHP upon such request, confidential information necessary for SHP to provide the services described herein. SHP shall keep confidential all NDPERS information obtained in the course of delivering services in accordance with law and the BAA, and shall not use any PHI or other Member information for any marketing purposes without express consent. Failure of SHP to maintain the confidentiality of such information may be considered a material breach of the contract and may constitute the basis for additional civil and criminal penalties under North Dakota law. SHP shall not disclose any individual employee or dependent information unless otherwise permitted by the terms of this Agreement or the BAA without the prior written consent of the employee or family member. SHP has exclusive control over the direction and guidance of the persons rendering services under this Agreement. Upon termination of this Agreement, for any reason, SHP shall return or destroy all confidential information received from NDPERS, or created or received by SHP on behalf of NDPERS except as provided in the BAA. This provision applies to confidential information that may be in the possession of subcontractors or agents of SHP. SHP shall retain no copies of the confidential information except as provided in the BAA. In the event that SHP asserts that returning or destroying the confidential information is not feasible, SHP shall provide to NDPERS notification of the conditions that make return or destruction infeasible. Upon explicit written agreement of NDPERS that return or destruction of confidential information is not feasible, SHP shall extend the protections of this Agreement to that confidential information and limit further uses and disclosures of any such confidential information to those purposes that make the return or destruction infeasible, for so long as SHP maintains the confidential information.

SHP understands that, except for disclosures prohibited in this Agreement, NDPERS must disclose to the public upon request any records it receives from SHP unless such disclosure is not permitted by law. SHP further understands that any records that are obtained or generated by SHP under this Agreement, except for records that are confidential under this Agreement, may, under certain circumstances, be open to the public upon request under the North Dakota open records law. SHP agrees to contact NDPERS immediately upon receiving a request for information under the open records law and to comply with NDPERS's instructions on how to respond to the request.

The parties acknowledge and agree that the provisions of N.D.C.C. § 54-52.1-12 apply with respect to Member information.

11.13 SHP agrees to comply with all laws, rules, and policies, including those relating to nondiscrimination, accessibility and civil rights. SHP agrees to timely file all required reports, make required payroll deductions, and timely pay all taxes and premiums owed,

including sales and use taxes and unemployment compensation and workers' compensation premiums. SHP shall have and keep current at all times during the term of this Agreement all licenses and permits required by law.

11.14 All records, regardless of physical form, and the accounting practices and procedures of SHP relevant to this Agreement are subject to examination by the North Dakota State Auditor, the Auditor's designee, or Federal auditors. SHP shall maintain all of these records for at least three (3) years following completion of this Agreement and be able to provide them at any reasonable time. State, State Auditor, or Auditor's designee shall provide reasonable notice.

12. DISPUTES AND INDEMNIFICATION

If litigation is filed regarding denial of benefits or otherwise, and SHP is named as the sole defendant, SHP will have the right to manage and have full control of litigation and to determine whether to pay, compromise, litigate or appeal the litigation. Except as otherwise provided in this Agreement, NDPERS and SHP each agree to assume their own liability for any and all legal or equitable claims of any nature including all costs, expenses and attorneys' fees which may in any manner result from or arise out of this Agreement.

NDPERS agrees that all Retrospective Discount Payments will be made to Members of the Plan. SHP agrees to indemnify NDPERS for any judgments against NDPERS solely arising out of NDPERS' decision to participate in the Retrospective Discount Payment program.

SHP shall secure and keep in force during the term of this Agreement, from insurance companies, government self-insurance pools or government self-retention funds, authorized to do business in North Dakota, the following insurance coverages:

1. Commercial general liability, including premises or operations, contractual, and products or completed operations coverages (if applicable), with minimum liability limits of $250,000 per occurrence and $1,000,000 aggregate.

2. Professional errors and omissions with minimum liability limits of $1,000,000 per occurrence and in the aggregate, SHP shall continuously maintain such coverage during the term of the Agreement and for three years thereafter. In the event of a change or cancellation of such coverage, SHP shall purchase an extended reporting period to meet the time periods required in this section.

3. Automobile liability, including Owned (if any), Hired, and Non-Owned automobiles, with minimum liability limits of $250,000 per person and $500,000 per occurrence.

4. Workers compensation coverage meeting all statutory requirements.

The insurance coverages listed above must meet the following additional requirements:

1. Any deductible or self-insured retention amount or other similar obligation under the policies shall be the sole responsibility of SHP. The amount of any deductible or self retention is subject to approval by NDPERS, upon request.

2. This insurance may be in policy or policies of insurance, primary and excess, including the so-called umbrella or catastrophe form and must be placed with insurers rated "A-" or better by A.M. Best Company, Inc., provided any excess policy follows form for

coverage. Less than an "A-" rating must be approved by NDPERS. The policies shall be in form and terms approved by NDPERS, upon request.

3. SHP shall furnish a certificate of insurance to the undersigned NDPERS representative, upon request.

4. Failure to provide insurance as required in this Agreement is a material breach of contract entitling NDPERS to terminate this Agreement immediately.

SHP shall not cancel insurance coverage required by this Agreement or modify the insurance coverage below limits required by this Agreement without thirty (30) days' prior written notice to the undersigned NDPERS representative.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed, in their names by their undersigned officers, the same being duly authorized to do so.

Administrative Service Agreement
07/01/2015-06/30/2017

Business Associate Agreement

(Revised 10-2013)

This Business Associate Agreement, which is an addendum to the underlying contract, is entered into by and between, the North Dakota Public Employees Retirement System ("NDPERS") and the **Sanford Health Plan, 300 Cherapa Place, Suite 201 PO Box 91110, Sioux Falls, SD 57109-1110.**

1. Definitions

a. Terms used, but not otherwise defined, in this Agreement have the same meaning as those terms in the HIPAA Privacy Rule, 45 C.F.R. Part 160 and Part 164, Subparts A and E, and the HIPAA Security rule, 45 C.F.R., pt. 164, subpart C.
b. Business Associate. "Business Associate" means the **Sanford Health Plan.**
c. Covered Entity. "Covered Entity" means the **North Dakota Public Employees Retirement System Health Plans**.
d. PHI and ePHI. "PHI" means Protected Health Information; "ePHI" means Electronic Protected Health Information.

2. Obligations of Business Associate.

2.1. The Business Associate agrees:

a. To use or disclose PHI and ePHI only as permitted or required by this Agreement or as Required by Law.
b. To use appropriate safeguards and security measures to prevent use or disclosure of the PHI and ePHI other than as provided for by this Agreement, and to comply with all security requirements of the HIPAA Security rule.
c. To implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of ePHI that it creates, receives, maintains or transmits on behalf of the Covered Entity as required by the HIPAA Security rule.
d. To mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of PHI or ePHI by Business Associate in violation of the requirements of this Agreement.
e. To report to Covered Entity (1) any use or disclosure of the PHI not provided for by this Agreement, and (2) any "security incident" as defined in 45 C.F.R. § 164.304 involving ePHI, of which it becomes aware without unreasonable delay and in any case within thirty (30) days from the date after discovery and provide the Covered Entity with a written notification that complies with 45 C.F.R. § 164.410 which shall include the following information:
    i. to the extent possible, the identification of each individual whose Unsecured Protected Health Information has been, or is reasonably believed by the Business Associate to have been, accessed, acquired or disclosed during the breach;
    ii. a brief description of what happened;
    iii. the date of discovery of the breach and date of the breach;
    iv. the nature of the Protected Health Information that was involved;

v. identify of any person who received the non-permitted Protected Health Information;
vi. any steps individuals should take to protect themselves from potential harm resulting from the breach;
vii. a brief description of what the Business Associate is doing to investigate the breach, to mitigate harm to individuals, and to protect against any further breaches; and
viii. any other available information that the Covered Entity is required to include in notification to an individual under 45 C.F.R. § 164.404(c) at the time of the notification to the State required by this subsection or promptly thereafter as information becomes available.

f. With respect to any use or disclosure of Unsecured Protected Health Information not permitted by the Privacy Rule that is caused by the Business Associate's failure to comply with one or more of its obligations under this Agreement, the Business Associate agrees to pay its reasonable share of cost-based fees associated with activities the Covered Entity must undertake to meet its notification obligations under the HIPAA Rules and any other security breach notification laws;
g. Ensure that any agent or subcontractor that creates, receives, maintains, or transmits electronic PHI on behalf of the Business Associate agree to comply with the same restrictions and conditions that apply through this Agreement to the Business Associate.
h. To make available to the Secretary of Health and Human Services the Business Associate's internal practices, books, and records, including policies and procedures relating to the use and disclosure of PHI and ePHI received from, or created or received by Business Associate on behalf of Covered Entity, for the purpose of determining the Covered Entity's compliance with the HIPAA Privacy Rule, subject to any applicable legal privileges.
i. To document the disclosure of PHI related to any disclosure of PHI as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528.
j. To provide to Covered Entity within 15 days of a written notice from Covered Entity, information necessary to permit the Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528.
k. To provide, within 10 days of receiving a written request, information necessary for the Covered Entity to respond to an Individual's request for access to PHI about himself or herself, in the event that PHI in the Business Associate's possession constitutes a Designated Record Set.
l. Make amendments(s) to PHI in a designated record set as directed or agreed by the Covered Entity pursuant to 45 C.F.R. § 164.526 or take other measures as necessary to satisfy the covered entity's obligations under that section of law.

3. Permitted Uses and Disclosures by Business Associate

3.1. General Use and Disclosure Provisions

Except as otherwise limited in this Agreement, Business Associate may Use or Disclose PHI and ePHI to perform functions, activities, or services for, or on behalf of, Covered Entity, provided that such use or disclosure would not violate the Privacy Rule or the Security Rule if done by Covered Entity or the minimum necessary policies and procedures of the Covered Entity.

3.2. Specific Use and Disclosure Provisions

Except as otherwise limited in this Agreement, Business Associate may use PHI and ePHI:

a. For the proper management and administration of the Business Associate, provided that disclosures are Required By Law, or Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and used or further disclosed only as Required By Law or for the purpose for which it was disclosed to the person, and the person notifies the Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached.
b. To provide Data Aggregation services to Covered Entity as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B), but Business Associate may not disclose the PHI or ePHI of the Covered Entity to any other client of the Business Associate without the written authorization of the covered entity Covered Entity.
c. To report violations of law to appropriate Federal and State authorities, consistent with 45 C.F.R. §§ 164.304 and 164.502(j)(1).

4. Obligations of Covered Entity

4.1. Provisions for Covered Entity to Inform Business Associate of Privacy Practices and Restrictions

Covered Entity shall notify Business Associate of:

a. Any limitation(s) in its notice of privacy practices of Covered Entity in accordance with 45 C.F.R. § 164.520, to the extent that any such limitation may affect Business Associate's use or disclosure of PHI.
b. Any changes in, or revocation of, permission by an Individual to use or disclose PHI, to the extent that any such changes may affect Business Associate's use or disclosure of PHI.
c. Any restriction to the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 C.F.R. § 164.522, to the extent that any such restriction may affect Business Associate's use or disclosure of PHI.

4.2. Additional Obligations of Covered Entity. Covered Entity agrees that it:

a. Has included, and will include, in the Covered Entity's Notice of Privacy Practices required by the Privacy Rule that the Covered Entity may disclose PHI for Health Care Operations purposes.

b. Has obtained, and will obtain, from Individuals any consents, authorizations and other permissions necessary or required by laws applicable to the Covered Entity for Business Associate and the Covered Entity to fulfill their obligations under the Underlying Agreement and this Agreement.

c. Will promptly notify Business Associate in writing of any restrictions on the Use and Disclosure of PHI about Individuals that the Covered Entity has agreed to that may affect Business Associate's ability to perform its obligations under the Underlying Agreement or this Agreement.

d. Will promptly notify Business Associate in writing of any change in, or revocation of, permission by an Individual to Use or Disclose PHI, if the change or revocation may affect Business Associate's ability to perform its obligations under the Underlying Agreement or this Agreement.

4.2. Permissible Requests by Covered Entity

Covered Entity may not request Business Associate to use or disclose PHI in any manner that would not be permissible under the Privacy Rule or the Security Rule if done by Covered Entity, except that the Business Associate may use or disclose PHI and ePHI for management and administrative activities of Business Associate.

5. Term and Termination

a. Term. The Term of this Agreement shall be effective as of March 3, 2015, and shall terminate when all of the PHI and ePHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy PHI and ePHI, protections are extended to any such information, in accordance with the termination provisions in this Section.
b. Automatic Termination. This Agreement will automatically terminate upon the termination or expiration of the Underlying Agreement.
c. Termination for Cause. Upon Covered Entity's knowledge of a material breach by Business Associate, Covered Entity shall either:
    1. Provide an opportunity for Business Associate to cure the breach or end the violation and terminate this Agreement and the Underlying Agreement if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity;
    2. Immediately terminate this Agreement and the Underlying Agreement if Business Associate has breached a material term of this Agreement and cure is not possible; or
    3. If neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.
d. Effect of Termination.
    1. Except as provided in paragraph (2) of this subsection, upon termination of this Agreement, for any reason, Business Associate shall return or destroy all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to PHI and ePHI that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies of the PHI or ePHI.
    2. In the event that Business Associate determines that returning or destroying the PHI or ePHI is not feasible, Business Associate shall provide to Covered Entity notification of the conditions that make return or destruction infeasible. Upon explicit written agreement of Covered Entity that return or destruction of PHI or ePHI is not feasible, Business

Associate shall extend the protections of this Agreement to that PHI and ePHI and limit further uses and disclosures of any such PHI and ePHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains that PHI or ePHI.

6. Miscellaneous

a. Regulatory References. A reference in this Agreement to a section in the HIPAA Privacy or Security Rule means the section as in effect or as amended.
b. Amendment. The Parties agree to take such action as is necessary to amend this Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the Privacy Rule, the Security Rule, and the Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191.
c. Survival. The respective rights and obligations of Business Associate under Section 5.c, related to "Effect of Termination," of this Agreement shall survive the termination of this Agreement.
d. Interpretation. Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy and Security Rules.
e. No Third Party Beneficiaries. Nothing express or implied in this Agreement is intended to confer, nor shall anything this Agreement confer, upon any person other than the parties and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.
f. Applicable Law and Venue. This Business Associate Agreement is governed by and construed in accordance with the laws of the State of North Dakota. Any action commenced to enforce this Contract must be brought in the District Court of Burleigh County, North Dakota.
g. Business Associate agrees to comply with all the requirements imposed on a business associate under Title XIII of the American Recovery and Reinvestment Act of 2009, the Health Information Technology for Economic and Clinical Health (HI-TECH) Act, and, at the request of NDPERS, to agree to any reasonable modification of this agreement required to conform the agreement to any Model Business Associate Agreement published by the Department of Health and Human Services.

7. Entire Agreement

This Agreement contains all of the agreements and understandings between the parties with respect to the subject matter of this Agreement. No agreement or other understanding in any way modifying the terms of this Agreement will be binding unless made in writing as a modification or amendment to this Agreement and executed by both parties.

IN WITNESS OF THIS, **NDPERS** [CE] and **Sanford Health Plan** [BA] agree to and intend to be legally bound by all terms and conditions set forth above and hereby execute this Agreement as of the effective date set forth above.

Amendment to Administrative Service Agreement

This Amendment to Administrative Service Agreement (this "Amendment") is entered into effective as of July 1, 2015 (the "Effective Date"), by and among the State of North Dakota, acting through its Public Employees Retirement System ("the Plan Sponsor"), the North Dakota Public Employees Retirement System (NDPERS) ("the Plan Administrator") and Sanford Health Plan, a South Dakota nonprofit corporation ("SHP").

WHEREAS, the parties entered into an Administrative Services Agreement to administer a fully insured group health plan (hereinafter "Agreement") effective July 1, 2015; and

WHEREAS, the parties now desire to amend the Agreement pursuant to Sections 6.7, 11.2, and 11.3 of the Agreement and N.D.C.C. §§54-52-04(7) and (12), and 54-52.1-08, as set forth below.

NOW, THEREFORE, it is mutually agreed by and among the parties that the Agreement is amended as follows:

1. Section 4 relating to NDPERS responsibilities, is amended to include the following section:

> 4.13 Direct Member appeals regarding the infertility services deductible to the attention of the Public Employees Retirement Board (the "Board") to be resolved in a manner consistent with N.D.A.C. § 71-03-05-05, and removed from the Internal Appeal Procedure of SHP as set forth in Exhibit A to the Agreement. NDPERS must promptly report the result of an appeal process described herein to SHP and authorize SHP to reimburse the Member subject of the appeal in the amount authorized by the Board, if any.

2. Section 7.3, subparts 11 and 12, relating to the Final Accounting, are hereby deleted in their entirety and the following inserted in lieu thereof:

> 11. If 1+2-3-4-5-6-7-8-9(-/+10) of 7.3 is positive, the lesser of 50% of this amount or $1.5 million is retained by SHP. The remainder equals Refund paid to NDPERS, less a credit for member benefit adjustments approved by the Board under Section 4.13, if any.
>
> 12. If 1+2-3-4-5-6-7-8-9 (-/+10) of 7.3 is negative, the lesser of 50% of this amount or $3.0 million will be refunded by NDPERS to SHP, plus a credit for member benefit adjustments approved by the Board under Section 4.13, if any.

3. Section 7.4, subparts 10 and 11, relating to the Final Accounting, are hereby deleted in their entirety and the following inserted in lieu thereof:

> 10. If 1+2-3-4-5-6-7-8(-/+9) of 7.4 is positive, the lesser of 50% of this amount or $1.5 million is retained by SHP. The remainder equals Refund paid to NDPERS, reduced by

member benefit adjustments approved by the Board under Section 4.13, if any. If applicable, the final settlement amount will be net of initial settlement payments.

11. If 1+2-3-4-5-6-7-8(-/+9) of 7.4 is negative, the lesser of 50% of this amount or $3.0 million will be refunded by NDPERS to SHP, reduced by member benefit adjustments approved by the Board under Section 4.13, if any. If applicable, the final settlement amount will be net of initial settlement payments.

4. Exhibit D is hereby replaced in its entirety with the attached Exhibit D.

5. Except as expressly modified by this Amendment, all other terms and conditions of the Agreement will remain in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Amendment as of March ___, 2016.

SANFORD HEALTH PLAN

North Dakota Public Employees Retirement System Grandfathered Dakota Plan

Summary of Benefits and Coverage: What this Plan Covers & What it Costs

Coverage Period: 07/01/15 – 06/30/17
Coverage for: Single, Family
Plan Type: PPO | Grandfathered

This is only a summary. If you want more detail about your coverage and costs, you can get the complete terms in the policy at www.sanfordhealthplan.com/ndpers or by calling **1-800-499-3416** *(toll-free)* | TTY/TDD: **1-877-652-1844** *(toll-free)*.

Important Questions	Answers	Why this Matters:
What is the overall deductible?	For in-network providers: **$400** person / **$1,200** family For out-of-network providers: **$400** person / **$1,200** family Doesn't apply to preventive care or prescription drugs. Copays and coinsurance do not apply to the deductible.	You must pay all the costs up to the **deductible** amount before this plan begins to pay for covered services you use. Check your policy to see when the **deductible** starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the **deductible**.
Are there other deductibles for specific services?	Yes. **$500** for infertility services. There are no other specific **deductibles**.	You must pay all of the costs for these services up to the specific **deductible** amount before this plan begins to pay for these services.
Is there an out-of-pocket limit on my expenses?	For in-network providers: **$1,150** person / **$2,700** family For out-of-network providers: **$1,650** person / **$3,700** family	The **out-of-pocket limit** is the most you could pay during a coverage period (annually/usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, infertility services, copayments, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.
Is there an overall annual limit on what the plan pays?	No.	The chart starting on page 2 describes any limits on what the plan will pay for *specific* covered services, such as office visits.
Does this plan use a network of providers?	Yes. See **www.sanfordhealthplan.com/ndpers or call 1-800-499-3416** *(toll-free)* for a list of participating providers.	If you use an in-network doctor or other health care **provider**, this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network **provider** for some services. Plans use the term in-network, **preferred**, or **participating** for **providers** in their **network**. See the chart starting on page 2 for how this plan pays different kinds of **providers**.
Do I need a referral to see a specialist?	No. You don't need a referral to see a **participating** specialist.	You can see the **participating specialist** you choose without permission from this plan.
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 4. See your policy for additional information about **excluded services**.

Questions: Call 1-800-499-3416 *(toll-free)* or visit us at **www.sanfordhealthplan.com/ndpers.** If you aren't clear about any of the bolded terms used in this form, see the Glossary. You can view the Glossary at **www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf** or call 1-800-499-3416 to request a copy.

North Dakota Public Employees Retirement System

HP-0491 7-15 NDPERS GF

- **Copayments** are fixed dollar amounts (for example, $15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the Plan's **allowed amount** for an overnight hospital stay is $1,000; your **coinsurance** payment of 20% would be $200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges $1,500 for an overnight stay and the **allowed amount** is $1,000; you may have to pay the $500 difference. (This is called **balance billing**.)
- This plan may encourage you to use **participating providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

Excluded Services & Other Covered Services:

Services Your Plan Does NOT Cover (This isn't a complete list. Check your policy or plan document for other excluded services.)

- Acupuncture
- Cosmetic surgery
- Dental care (Adult)
- Hearing aids (unless for Members under age 18)
- Long-term care
- Pediatric dental and vision care
- Routine eye care (Adult)
- Weight loss programs

Other Covered Services (This isn't a complete list. Check your policy or plan document for other covered services and your costs for these services.)

- Bariatric surgery
- Chiropractic care
- Coverage provided outside the United States. For full details, please refer to your Policy or see www.sanfordhealth.com/ndpers
- Infertility treatment; $20,000 lifetime maximum
- Private-duty nursing
- Routine foot care (for diabetics only)

Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**, which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your right to continue coverage may also apply.

For more information on your rights to continue coverage, contact the Plan toll-free at (800) 499-3416. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at (866) 444-3272 or www.dol.gov/ebsa, or the U.S. Department of Health and Human Services at (877) 267-2323 x61565 or www.cciio.cms.gov.

Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your Plan, you may be able to **appeal** or file a **grievance**. For questions about your rights, this notice, or assistance, you can contact:

- Sanford Health Plan/Member Services toll-free at (800) 499-3416
- The U.S. Department of Labor, Employee Benefits Security Administration at (866) 444-3272 *(toll-free)* or www.dol.gov/ebsa
- North Dakota Insurance Department at (800) 247-0560 *(toll-free)* or www.nd.gov/ndins/contact

Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as "minimum essential coverage." **This plan does provide minimum essential coverage.**

Does this Coverage Meet the Minimum Value Standard?

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). **This health coverage does meet the minimum value standard for the benefits it provides.**

Language Access Services:

Spanish (Español): Para obtener asistencia en Español, llame al 1-800-892-0675 *(toll-free)*.

Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa 1-800-892-0675 *(toll-free)*.

Chinese (中文): 如果需要中文的帮助，请拨打这个号码 1-800-892-0675 *(toll-free)*.

Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' 1-800-892-0675 *(toll-free)*.

To see examples of how this plan might cover costs for a sample medical situation, see the next page.

About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.

Having a baby
(normal delivery)

- **Amount owed to providers:** $7,540
- **Plan pays** $6,200
- **Patient pays** $1,340

Sample care costs:

Hospital charges (mother)	$2,700
Routine obstetric care	$2,100
Hospital charges (baby)	$900
Anesthesia	$900
Laboratory tests	$500
Prescriptions	$200
Radiology	$200
Vaccines, other preventive	$40
Total	**$7,540**

Patient pays:

Deductibles	$0
Copays	$10
Coinsurance	$1,300
Limits or exclusions	$30
Total	**$1,340**

Note: These numbers assume the patient has enrolled in the Plan's Health Pregnancy Program. If you are pregnant, and have not given notice of your pregnancy to the Plan, your costs may be higher. For more information, please contact Sanford Health Plan at 1-888-315-0885 *(toll-free)* | TTY/TDD: 1-877-652-1844 *(toll-free)*.

Managing type 2 diabetes
(routine maintenance of a well-controlled condition)

- **Amount owed to providers:** $5,400
- **Plan pays** $4,520
- **Patient pays** $880

Sample care costs:

Prescriptions	$2,900
Medical Equipment and Supplies	$1,300
Office Visits and Procedures	$700
Education	$300
Laboratory tests	$100
Vaccines, other preventive	$100
Total	**$5,400**

Patient pays:

Deductibles	$400
Copays	$400
Coinsurance	$0
Limits or exclusions	$80
Total	**$880**

Note: These examples do not reflect cost sharing for any Consumer Driven Health Plan such as HRA, HSA, FSA or any wellness program.

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

✘ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✘ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

Questions: Call 1-800-499-3416 *(toll-free)* or visit us at **www.sanfordhealthplan.com/ndpers**. If you aren't clear about any of the bolded terms used in this form, see the Glossary. You can view the Glossary at **www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf** or call 1-800-499-3416 to request a copy.

Dakota Plan Health Benefits

SANFORD HEALTH PLAN

Notice

Your employer has established an employee welfare benefit plan for Eligible Employees and their Eligible Dependents. The following Summary Plan Description/Certificate of Insurance (Certificate) is provided to you in accordance with the Employee Retirement Income Security Act of 1974. Every attempt has been made to provide concise and accurate information.

This COI and the NDPERS Service Agreement are the official benefit plan documents for the employee welfare benefit plan established by the Plan Administrator. In case of conflict between this Certificate of Insurance/Summary Plan Description and the NDPERS Service Agreement, the provisions of the NDPERS Service Agreement will control.

Although it is the intention of the Plan Administrator to continue the employee welfare benefit plan for an indefinite period of time, the Plan Administrator reserves the right, whether in an individual case or in general, to eliminate the Benefit Plan.

Sanford Health Plan shall construe and interpret the provisions of the Service Agreement, the Certificate and related documents, including doubtful or disputed terms; and to conduct any and all reviews of claims denied in whole or in part. NDPERS shall determine all questions of eligibility.

Title of Employees Authorized To Receive Protected Health Information

- Administrative Services Division
- Accounting & IT Division
- Accounting Division
- Benefit Programs Division
- Benefit Program Development & Research
- Executive Director
- Internal Audit Division

This includes every employee, class of employees, or other workforce person under control of the Plan Sponsor who may receive the Member's Protected Health Information relating to payment under, health care operations of, or other matters pertaining to the Benefit Plan in the ordinary course of business.

These identified individuals will have access to the Member's Protected Health Information only to perform the plan administrative functions the Plan Sponsor provides to the Benefit Plan. Such individuals will be subject to disciplinary action for any use or disclosure of the Member's Protected Health Information in breach or in violation of, or noncompliance with, the privacy provisions of the Benefit Plan. The Plan Sponsor shall promptly report any such breach, violation, or noncompliance to the Plan Administrator; will cooperate with the Plan Administrator to correct the breach, violation and noncompliance to impose appropriate disciplinary action on each employee or other workforce person causing the breach, violation, or noncompliance; and will mitigate any harmful effect of the breach, violation, or noncompliance on any Member whose privacy may have been compromised.

Statement of Eligibility to Receive Benefits

As provided in N.D.C.C. §54-52.1-01(4), individuals eligible to receive benefits are every permanent employee who is employed by a governmental unit, as that term is defined in N.D.C.C. §54-52-01, whose services are not limited in duration, who is filling an approved and regularly funded position in a governmental unit, and who is employed at least seventeen and one-half hours per week and at least five months each year or for those first employed after August 1,2003, is employed at least twenty hours per week and at least twenty weeks each year of employment. An eligible employee includes members of the Legislative Assembly, judges of the Supreme Court, paid members of state or political subdivision boards, commissions, or associations, full-time employees of political subdivisions, elective state officers as defined by N.D.C.C. §54-06-01(2), and disabled permanent employees who are receiving compensation from the North Dakota workforce safety and insurance fund.

A temporary employee employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made before January 1, 2015, and if the temporary employee is participating in the uniform group insurance program on January 1, 2015. In order for a temporary employee employed after July 31, 2007, to qualify to participate in the uniform group insurance program, the employee must be employed at least twenty hours per week; must be employed at least twenty weeks each year of employment; must make the election to participate before January 1, 2015; and must be participating in the uniform group insurance program as of January 1, 2015. To be eligible to participate in the uniform group insurance program, a temporary employee first employed after December 31, 2014, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, must meet the definition of a full-time employee under §4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)].

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment or eligibility for a special enrollment period as set forth in N.D.A.C. §71-03-03. Each eligible employee may elect to enroll his/her Eligible Dependents.

Eligible employees also include non-Medicare eligible retired and terminated employees, and their Eligible Dependents, who remain eligible to participate in the uniform group insurance program pursuant to applicable state law, as provided in N.D.C.C. §54-52.1-03 and federal regulations. For a comprehensive description of eligibility, refer to the NDPERS web site at www.nd.gov/ndpers.

Eligibility to receive benefits under the Benefit Plan is initially determined by the Plan Administrator. When an eligible employee meets the criteria for eligibility, a membership application must be completed. NDPERS has the ultimate decision making authority regarding eligibility to receive benefits.

Description of Benefits

See the Schedule of Benefits in Section 1 and the Covered Services in Section 5. Refer to the Table of Contents for page numbers.

Sources of Premium Contributions to the Plan and the Method by Which the Amount of Contribution Is Calculated

The contributions for single or family for state employees are paid at 100% by the State.

The contributions for employees of participating political subdivisions are at the discretion of the subdivision and subject to the minimum contribution requirements and participation requirements of Sanford Health Plan. Either the contributions for temporary employees are at their own expense or their employer may pay the premium subject to its budget authority.

End of the Year Date for Purposes of Maintaining the Plan's Fiscal Records

June 30

Clerical Error

Any clerical error by either the Plan or Claims Administrators, or the aforementioned entities' designees, in keeping pertinent records or a delay in making any changes will not invalidate coverage otherwise validly in force or continue coverage validly terminated. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, due to a clerical error, an overpayment occurs in a Plan reimbursement amount, Sanford Health Plan and NDPERS retain contractual rights to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money.

Recovery of Benefit Payments

Pursuant to N.D.A.C. §71-03-05-06, whenever benefits are paid in noncompliance with the Contract, NDPERS, which is the Plan Administrator, or an agent of the Plan Administrator, retains the right to recover the payments from the party responsible.

If Sanford Health Plan, which is the Claims Administrator and Payor, or an agent of Sanford Health Plan, is at fault, the amount of overpayment will be withheld from the administrative fees paid by NDPERS.

If overpayments are made because of false or misleading information provided by a Member, Sanford Health Plan, or an agent of Sanford Health Plan, shall attempt to recover the amount. Any moneys recovered shall be credited to NDPERS.

If an overpayment is made because of a mistake or deliberate act by a Health Care Provider, Sanford Health Plan shall collect the money from the Provider and credit that amount to NDPERS.

If fraud is suspected, Sanford Health Plan shall inform NDPERS and NDPERS may turn the evidence over to the North Dakota State's Attorney or Attorney General's office for possible prosecution.

Amending and Terminating this Benefit Plan

As Plan Administrator, NDPERS has delegated responsibility for determinations regarding covered benefits, and the amount and manner of the payment of benefits, including the appeal of denied claims, to Sanford Health Plan, the insurer of the plan.

NDPERS reserves the right to terminate the plan, or amend or eliminate benefits under the North Dakota Public Employees Retirement System Dakota Plan, as insured and issued by Sanford Health Plan, at any time and at its discretion, upon mutual agreement between NDPERS and Sanford Health Plan. Should this Benefit Plan be amended or terminated, such action shall be by a written instrument duly adopted by both NDPERS and Sanford Health Plan, or the aforementioned entities' designees.

Summary Notice and Important Phone Numbers

This Certificate describes in detail your Employer's health care Benefit Plan and governs the Plan's coverage. This Certificate, any amendments, and related documents comprise the entire Plan between the Employer and the Claims Administrator.

A thorough understanding of your coverage will enable you to use your benefits wisely. Please read this Certificate carefully. If you have any questions about the benefits, please contact Sanford Health Plan's Member Services.

This Certificate describes in detail the Covered Services provisions and other terms and conditions of the Plan.

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice applies to Sanford Health Plan. If you have questions about this Notice, please contact Member Services at (800) 499-3416 *(toll-free)* | TTY/TDD (877) 652-1844 *(toll-free)*. You may also email your questions to memberservices@sanfordhealth.org.

This Notice describes how we will use and disclose your health information. The terms of this Notice apply to all health information generated or received by Sanford Health Plan, whether recorded in our business records, your medical record, billing invoices, paper forms, or in other ways.

HOW WE USE AND DISCLOSE YOUR HEALTH INFORMATION

We use or disclose your health information as follows (In Minnesota we will obtain your prior consent):

- **Help manage the health care treatment you receive:** We can use your health information and share it with professionals who are treating you. For example, a doctor may send us information about your diagnosis and treatment plan so we can arrange additional services.
- **Pay for your health services:** We can use and disclose your health information as we pay for your health services. For example, we share information about you with your primary care Practitioner and/or Provider to coordinate payment for those services.
- **For our health care operations:** We may use and share your health information for our day-to-day operations, to improve our services, and contact you when necessary. For example, we use health information about you to develop better services for you. We are not allowed to use genetic information to decide whether we will give you coverage and the price of that coverage. This does not apply to long-term care plans.
- **Administer your plan:** We may disclose your health information to your health plan sponsor for plan administration. For example, your company contracts with us to provide a health plan, and we provide your company with certain statistics to explain the premiums we charge.

We may share your health information in the following situations unless you tell us otherwise. If you are not able to tell us your preference, we may go ahead and share your information if we believe it is in your best interest or needed to lessen a serious and imminent threat to health or safety:

- **Friends and Family:** We may disclose to your family and close personal friends any health information directly related to that person's involvement in payment for your care.
- **Disaster Relief:** We may disclose your health information to disaster relief organizations in an emergency.

We may also use and share your health information for other reasons without your prior consent:

- **When required by law:** We will share information about you if state or federal law require it, including with the Department of Health and Human services if it wants to see that we're complying with federal privacy law.
- **For public health and safety:** We can share information in certain situations to help prevent disease, assist with product recalls, report adverse reactions to medications, and to prevent or reduce a serious threat to anyone's health or safety.
- **Organ and tissue donation:** We can share information about you with organ procurement organizations.
- **Medical examiner or funeral director:** We can share information with a coroner, medical examiner, or funeral director when an individual dies.
- **Workers' compensation and other government requests:** We can share information to employers for workers' compensation claims. Information may also be shared with health oversight agencies when authorized by law, and other special government functions such as military, national security and presidential protective services.
- **Law enforcement:** We may share information for law enforcement purposes. This includes sharing information to help locate a suspect, fugitive, missing person or witness.
- **Lawsuits and legal actions:** We may share information about you in response to a court or administrative order, or in response to a subpoena.
- **Research:** We can use or share your information for certain research projects that have been evaluated and approved through a process that considers a patient's need for privacy.

We may contact you in the following situations:

- **Treatment options:** To provide information about treatment alternatives or other health related benefits or Sanford Health Plan services that may be of interest to you.
- **Fundraising:** We may contact you about fundraising activities, but you can tell us not to contact you again.

YOUR RIGHTS THAT APPLY TO YOUR HEALTH INFORMATION

When it comes to your health information, you have certain rights.

- **Get a copy of your health and claims records:** You can ask to see or get a paper or electronic copy of your health and claims records and other health information we have about you. We will provide a copy or summary to you usually within 30 days of your request. We may charge a reasonable, cost-based fee.
- **Ask us to correct your health and claims records:** You can ask us to correct health information that you think is incorrect or incomplete. We may deny your request, but we'll tell you why in writing. These requests should be submitted in writing to the contact listed below.

- **Request confidential communications:** You can ask us to contact you in a specific way (for example, home or office phone) or to send mail to a different address. Reasonable requests will be approved. We must say "yes" if you tell us you would be in danger if we do not.
- **Ask us to limit what we use or share:** You can ask us to restrict how we share your health information for treatment, payment, or our operations. We are not required to agree to your request, and we may say "no" if it would affect your care. If you are not able to tell us your preference, for example if you are unconscious, we may go ahead and share your information if we believe it is in your best interest. We may also share your information when needed to lessen a serious and imminent threat to health or safety.
- **Get a list of those with whom we've shared information:** You can ask for a list (accounting) of the times we've shared your health information for six (6) years prior, who we've shared it with, and why. We will include all disclosures except for those about your treatment, payment, and our health care operations, and certain other disclosures (such as those you asked us to make). We will provide one (1) accounting a year for free, but we will charge a reasonable cost-based fee if you ask for another within twelve (12) months.
- **Get a copy of this privacy notice:** You can ask for a paper copy of this Notice at any time, even if you have agreed to receive it electronically. We will provide you with a paper copy promptly.
- **Choose someone to act for you:** If you have given someone medical power of attorney or if someone is your legal guardian, that person can exercise your rights and make choices about your health information. We will make sure the person has this authority and can act for you before we take any action.
- **File a complaint if you feel your rights are violated:** You can complain to the U.S. Department of Health and Human Services Office for Civil Rights if you feel we have violated your rights. We can provide you with their address. You can also file a complaint with us by using the contact information below. We will not retaliate against you for filing a complaint.

OUR RESPONSIBILITIES REGARDING YOUR HEALTH INFORMATION

- We are required by law to maintain the privacy and security of your health information.
- We will let you know promptly if a breach occurs that may have compromised the privacy or security of your health information.
- We must follow the duties and privacy practices described in this Notice and offer to give you a copy.
- We will not use, share, or sell your information for marketing or any purpose other than as described in this Notice unless you tell us to in writing. You may change your mind at any time by letting us know in writing.

CHANGES TO THIS NOTICE

We may change the terms of this Notice, and the changes will apply to all information we have about you. The new Notice will be available upon request and on our website www.sanfordhealthplan.com/ndpers.

EFFECTIVE DATE

This Notice of Privacy Practices is effective September 23, 2013.

NOTICE OF ORGANIZED HEALTH CARE ARRANGEMENT FOR Sanford Health Plan

Sanford Health Plan and Sanford Health Plan of Minnesota have agreed, as permitted by law, to share your health information among themselves for the purposes of treatment, payment, or health care operations. This notice is being provided to you as a supplement to the above Notice of Privacy Practices.

Introduction

Member Rights

The Plan is committed to treating Members in a manner that respects their rights. In this regard, the Plan recognizes that each Member (or the Member's parent, legal guardian or other representative if the Member is a minor or incompetent) has the right to the following:

1. Members have the right to receive impartial access to treatment and/or accommodations that are available or medically indicated, regardless of race; ethnicity; national origin; gender; age; sexual orientation; medical condition, including current or past history of a mental health and/or substance use disorder; disability; religious beliefs; or sources of payment for care.
2. Members have the right to considerate, respectful treatment at all times and under all circumstances with recognition of their personal dignity.
3. Members have the right to be interviewed and examined in surroundings designed to assure reasonable visual and auditory privacy.
4. Members have the right, but are not required, to select a Primary Care Practitioner and/or Provider (PCP) of their choice. If a Member is dissatisfied for any reason with the PCP initially chosen, he/she has the right to choose another PCP.
5. Members have the right to expect communications and other records pertaining to their care, including the source of payment for treatment, to be treated as confidential in accordance with the guidelines established in applicable North Dakota law.
6. Members have the right to know the identity and professional status of individuals providing service to them and to know which Physician or other Provider is primarily responsible for their individual care. Members also have the right to receive information about our clinical guidelines and protocols.
7. Members have the right to a candid discussion with the Practitioners and/or Providers responsible for coordinating appropriate or medically necessary treatment options for their conditions in a way that is understandable, regardless of cost or benefit coverage for those treatment options. Members also have the right to participate with Practitioners and/or Providers in decision making regarding their treatment plan.
8. Members have the right to give informed consent before the start of any procedure or treatment.
9. When Members do not speak or understand the predominant language of the community, the Plan will make reasonable efforts to access an interpreter. The Plan has the responsibility to make reasonable efforts to access a treatment clinician that is able to communicate with the Member.
10. Members have the right to receive printed materials that describe important information about the Plan in a format that is easy to understand and easy to read.
11. Members have the right to a clear Grievance and Appeal process for complaints and comments and to have their issues resolved in a timely manner.
12. Members have the right to Appeal any decision regarding medical necessity made by the Plan and its Practitioners and/or Providers.
13. Members have the right to terminate from the Plan, in accordance with Employer and/or Plan guidelines.
14. Members have the right to make recommendations regarding the organization's Member's rights and responsibilities policies.
15. Members have the right to receive information about the organization, its services, its Practitioners and Providers and Members' rights and responsibilities.

Member Responsibilities

Each Member (or the Member's parent, legal guardian or other representative if the Member is a minor or incompetent) is responsible for cooperating with those providing Health Care Services to the Member, and shall have the following responsibilities:

1. Members have the responsibility to provide, to the best of their knowledge, accurate and complete information about present complaints, past illnesses, Hospitalizations, medications, and other matters relating to their health. They have the responsibility to report unexpected changes in their condition to the responsible Practitioner. Members are responsible for verbalizing whether they clearly comprehend a contemplated course of action and what is expected of them.
2. Members are responsible for carrying their Plan ID cards with them and for having Member identification numbers available when telephoning or contacting the Plan.
3. Members are responsible for following all access and availability procedures.
4. Members are responsible for seeking Emergency care at a Plan participating Emergency Facility whenever possible. In the event an ambulance is used, direct the ambulance to the nearest participating Emergency Facility unless the condition is so severe that you must use the nearest Emergency Facility. State law requires that the ambulance transport you to the Hospital of your choice unless that transport puts you at serious risk.
5. Members are responsible for notifying the Plan of an Emergency admission as soon as reasonably possible and no later than forty-eight (48) hours after becoming physically or mentally able to give notice.
6. Members are responsible for keeping appointments and, when they are unable to do so for any reason, for notifying the responsible Practitioner or the Hospital.
7. Members are responsible for following their treatment plan as recommended by the Practitioner primarily responsible for their care. Members are also responsible for participating in developing mutually agreed-upon treatment goals, and to the degree possible, for understanding their health conditions, including mental health and/or substance use disorders.
8. Members are responsible for their actions if they refuse treatment or do not follow the Practitioner's instructions.
9. Members are responsible for notifying NDPERS within *thirty-one (31)* days if they change their name, address, or telephone number.
10. Members are responsible for notifying NDPERS of any changes of eligibility that may affect their membership or access to services. The employer is responsible for notifying the Plan.

Disclosure of Grandfathered Status

This employer group health plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits; and requirements under the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA).

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan, and what might cause a plan to change from grandfathered health plan status can be directed to Sanford Health Plan at memberservices@sanfordhealth.org. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at (866) 444-3272 or www.dol.gov/ebsa/healthreform. The Department of Labor website has a table summarizing which protections do and do not apply to grandfathered health plans.

Fraud

Fraud is a crime that can be prosecuted. Any Member who willfully and knowingly engages in an activity intended to defraud the Plan is guilty of fraud.

As a Member, you must:

1. File accurate claims. If someone else files claims on your behalf, you should review the form before you sign it;
2. Review the Explanation of Benefits (EOB) form when it is returned to you. Make certain that benefits have been paid correctly based on your knowledge of the expenses incurred and the services rendered;
3. Never allow another person to seek medical treatment under your identity. If your ID card is lost, you should report the loss to Sanford Health Plan immediately; and
4. Provide complete and accurate information on claim forms and any other forms. Answer all questions to the best of your knowledge.

If you are concerned about any of the charges that appear on a bill or Explanation of Benefits form, or if you know of or suspect any illegal activity, call Sanford Health Plan toll-free at (800) 499-3416. All calls are strictly confidential.

Service Area

The Service Area for **SOUTH DAKOTA** includes all counties in the state.

The Service Area for **NORTH DAKOTA** includes all counties in the state.

The Service Area for **IOWA** includes the following counties:

Clay	Emmet	Lyon	Osceola	Plymouth
Dickinson	Ida	O'Brien	Sioux	Woodbury

The Service Area for **MINNESOTA** includes the following counties:

Becker	Clay	Jackson	Lincoln	Meeker	Pennington	Renville	Swift
Beltrami	Clearwater	Kandiyohi	Lyon	Murray	Pipestone	Rock	Traverse
Big Stone	Cottonwood	Kittson	Mahnomen	Nicollet	Polk	Roseau	Wilkin
Blue Earth	Douglas	Lac Qui Parle	Marshall	Nobles	Pope	Sibley	Watonwan
Brown	Grant	Lake of the	Martin	Norman	Red Lake	Stearns	Yellow Medicine
Chippewa	Hubbard	Woods	McLeod	Otter Tail	Redwood	Stevens	

Medical Terminology

All medical terminology referenced in this Certificate of Insurance follows the industry standard definitions of the American Medical Association.

Definitions

Capitalized terms are defined in Section 10 of the Certificate of Insurance.

Conformity with State and Federal Laws

Any provision in this Contract not in conformity with N.D.C.C. chs. 26.1-18.1, 54-52.1, N.D.A.C. chs. 45-06-07, 71-03, and/or any other applicable law or rule in this State, may not be rendered invalid but be must construed and applied as if it were in full compliance with applicable State and Federal laws and rules.

Special Communication Needs

Please call the Plan if you need help understanding written information at (800) 499-3416 *(toll-free)*. We can read forms to you over the phone and we offer free oral translation in any language through our translation services.

Anyone with any disability, who might need some form of accommodation or assistance concerning the services or information provided, please contact the NDPERS ADA Coordinator at (701) 328-3900.

Translation Services

The Plan can arrange for translation services. Free written materials are available in several different languages and free oral translation services are available. Call toll-free (800) 499-3416 for help and to access translation services.

Spanish (Español): Para obtener asistencia en Español, llame al (800) 892-0675 *(toll-free)*.

Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa (800) 892-0675 *(toll-free)*.

Chinese (中文): 如果需要中文的帮助，请拨打这个号码 (800) 892-0675 *(toll-free)*.

Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' (800) 892-0675 *(toll-free)*.

Services for the Deaf, Hearing Impaired, and/or Visually Impaired

If you are deaf or hearing impaired and need to speak to the Plan, call TTY/TDD: (877) 652-1844 *(toll-free)*. Please contact the Plan toll-free at (800) 499-3416 if you are in need of a large print copy or cassette/CD of this COI or other written materials.

In compliance with the Americans with Disabilities Act, this document can be provided in alternate formats. If you require accommodation or assistance concerning the services or information provided, please contact the NDPERS ADA Coordinator at (701) 328-3900.

Section 1. Schedule of Benefits

General

This section outlines the payment provisions for Covered Services described in Sections 2 and 5; and is subject to the definitions, exclusions, conditions and limitations of this Benefit Plan.

Overview of Cost Sharing Amounts and How They Accumulate

Cost Sharing Amounts include Coinsurance, Copayment, and Deductibles; as well as the Prescription Drug Coinsurance Maximum, Infertility Services Deductible and Out-of-Pocket Maximum Amounts. See *Cost Sharing Amounts – Details & Definitions* later in this Section for more information.

- The Deductible Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, accumulate jointly up to the PPO Deductible Amount.
- The Out-of-Pocket Maximum Amounts for Covered Services received from a PPO Health Care Provider or on the Basic Plan, accumulate jointly up to the Out-of-Pocket Maximum Amount.
- When the PPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from a PPO Health Care Provider will be paid at 100% of Allowed Charge. Covered Services sought under the Basic Plan will continue to be paid at 75% of the Allowed Charge until the Out-of-Pocket Maximum Amount for Basic Plan services is met.
- Prescription Medication Cost Sharing Amounts do not apply toward the Out-of-Pocket Maximum Amounts.
- Prescription Medication Copayment Amounts do not apply toward the Prescription Drug Coinsurance Maximum Amount.

A Member is responsible for Cost Sharing Amounts. All Members in the family contribute to Deductible and Coinsurance Amounts. However, a Member's contribution cannot be more than the Single Coverage amount. Health Care Providers may bill you directly or request payment of Coinsurance, Copayment and Deductible Amounts at the time services are provided. For the specific benefits and limitations that apply to this Plan, please see Section 2, *Outline of Covered Services*; your Summary of Benefits and Coverage; and Section 5.

If Sanford Health Plan pays amounts to the Health Care Provider that are the Member's responsibility, such as Deductibles, Copayments or Coinsurance Amounts, Sanford Health Plan may collect such amounts directly from the Member. The Member agrees that Sanford Health Plan has the right to collect such amounts from the Member.

Benefit Schedule	Basic Plan	PPO Plan
Under this Benefit Plan the Deductible Amounts are:		
Single Coverage	$400 per Benefit Period	$400 per Benefit Period
Family Coverage	$1,200 per Benefit Period	$1,200 per Benefit Period
Under this Benefit Plan the Coinsurance Maximum Amounts are:		
Single Coverage	$1,250 per Benefit Period	$750 per Benefit Period
Family Coverage	$2,500 per Benefit Period	$1,500 per Benefit Period
Under this Benefit Plan the Out-of-Pocket Maximum Amounts are:		
Single Coverage	$1,650 per Benefit Period	$1,150 per Benefit Period
Family Coverage	$3,700 per Benefit Period	$2,700 per Benefit Period
Under this Benefit Plan the Prescription Drug Coinsurance Maximum Amount is:		
$1,000 per Member per Benefit Period		
Under this Benefit Plan the Lifetime Infertility Services Deductible Amount is:		
$500 per Member		

Selecting a Health Care Provider

The benefit payment available under this Benefit Plan differs depending on the Subscriber's choice of a Health Care Provider. This Benefit Plan recognizes the following categories of Health Care Providers based on the Health Care Provider's relationship with Sanford Health Plan. Providers that are contracted with Sanford Health Plan and participate in the Plan's Network will be paid at either the PPO Plan or Basic Plan level.

Members should refer to the Sanford Health Plan website (www.sanfordhealthplan.com/ndpers) for the Provider Directory, which lists Participating Health Care Providers. The Sanford Health Plan website is continuously updated and has the most up-to-date listing of Health Care Providers. Members may also call Member Services at (800) 499-3416 *(toll-free)* or TTY/TDD: (877) 652-1844 *(toll-free)* to request a provider directory.

How PPO vs. Basic Plan Determines Benefit Payment

PPO Plan

PPO stands for "Preferred Provider Organization" and is a group of Health Care Providers who provide discounted services to the Members of NDPERS. Because PPO Health Care Providers charge Sanford Health Plan less for medical care services provided to the Members of NDPERS, cost savings are passed on to Members by way of reduced Cost Sharing Amounts.

To receive a higher payment level, Covered Services must be received from an NDPERS PPO Health Care Provider. Please see the NDPERS PPO Health Care Provider Listing at www.sanfordhealthplan.com/ndpers.

Note: Benefits for Covered Services received by Eligible Dependents, as outlined in Section 3, *Eligibility Requirements for Dependents*, who are residing out of the state of North Dakota, will be paid at the Basic Plan level. If the Subscriber, or the Subscriber's spouse, is required by court order to provide health coverage for that Eligible Dependent, you may be asked to provide a copy of the court order to the Plan.

Basic Plan

If a PPO Health Care Provider is: 1) not available in the Member's area; or 2) if the Member either chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization (PPO), the Member will receive the Basic Plan benefits.

Other Health Care Providers

Participating Health Care Providers

When Covered Services are received from a Participating Health Care Provider, the Participating Health Care Provider agrees to submit claims to Sanford Health Plan on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider according to the terms of this Benefit Plan and the participation agreement between the Health Care Provider and Sanford Health Plan.

When Covered Services are received from a **Participating Health Care Provider** (health care providers who are contracted with Sanford Health Plan), a provider discount provision is in effect. This means the Allowance paid by Sanford Health Plan will be considered by the Participating Health Care Provider as payment in full, except for Cost Sharing Amounts, or if applicable, Maximum Benefit Allowances or Lifetime Maximums.

Participating Health Care Providers have also agreed to perform managed benefits requirements on behalf of the Member. If the Health Care Provider is a Participating Health Care Provider, as defined in Section 10, the benefit payment will be as indicated in the Outline of Covered Services and the Member's Summary of Benefits and Coverage (SBC).

Non-Participating Health Care Providers

If a Member receives Covered Services from a **Non-Participating Health Care Provider** (health care providers who are not contracted with Sanford Health Plan), the Member will be responsible for notifying Sanford Health Plan of the receipt of services. If Sanford Health Plan needs copies of medical records to process the Member's claim, the Member is responsible for obtaining such records from the Non-Participating Health Care Provider.

Non-Participating Health Care Providers within the State of North Dakota

If a Member receives Covered Services from a Non-Participating Health Care Provider within the state of North Dakota, benefit payments will be based on the Allowance and reduced by an additional 20%. The 20% payment reduction does not apply toward the Out-of-Pocket Maximum Amount. The Allowance will not exceed 80% of the billed charge.

Note: The Member is responsible for the 20% payment reduction and any charges in excess of the Allowance for Covered Services.

Benefit payments will be made directly to the Provider for Covered Services received from a Non-Participating Health Care Provider. Sanford Health Plan may designate a Health Care Provider as Non-Payable.

Non-Participating Health Care Providers outside the State of North Dakota

If a Member receives Covered Services from a Non-Participating Health Care Provider outside the state of North Dakota, the Allowance for Covered Services will be an amount within a general range of payments made and judged to be reasonable by Sanford Health Plan.

Note: The Member is responsible for any charges in excess of the Allowance for Covered Services.

If a Member receives Covered Services from a Health Care Provider in a county contiguous to North Dakota, the benefit payment will be provided on the same basis as a Health Care Provider located in the state of North Dakota. **Note:** If the Health Care Provider is a Participating Health Care Provider, the benefit payment will be as indicated in the Outline of Covered Services and SBC. If the Health Care Provider is not a Participating Health Care Provider, benefits will be available at the same level as Non-Participating Health Care Providers within the state of North Dakota. Sanford Health Plan may designate a Health Care Provider as Non-Payable.

Non-Participating Providers outside the Sanford Health Plan Service Area

When Covered Services are provided outside of Sanford Health Plan's Service Area by health care providers who have not entered into a "participating agreement" with Sanford Health Plan (Non-Participating health care providers), the amount the Member pays for such services will generally be based on either Sanford Health Plan's Non-Participating health care provider local payment or the pricing arrangements

required by applicable state law. In these situations, the Member may be liable for the difference between the amount that the Non-Participating health care provider bills and the payment Sanford Health Plan will make for the Covered Services as set forth in this paragraph.

In certain situations, Sanford Health Plan may use other payment bases, such as the payment Sanford Health Plan would make if the Covered Services had been obtained within the Sanford Health Plan Service Area, or a special negotiated payment, as permitted, to determine the amount Sanford Health Plan will pay for Covered Services provided by Non-Participating health care providers. In these situations, a Member may be liable for the difference between the amount that the Non-Participating health care provider bills and the payment Sanford Health Plan will make for the Covered Services as set forth in this paragraph.

Health Care Providers outside the United States

The benefits available under this Benefit Plan are also available to Members traveling or living outside of the United States. The same Preauthorization/Prior Approval requirements will apply. If the Health Care Provider is a Participating Provider, the Participating Health Care Provider will submit claims for reimbursement on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider. If the Health Care Provider is not a Participating Provider, the Member will be responsible for payment of services and submitting a claim for reimbursement to Sanford Health Plan. Sanford Health Plan will provide translation and currency conversion services for the Member's claims outside of the United States.

Sanford Health Plan will reimburse Prescription Medications purchased outside the United States by Members who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Members are traveling and new drug therapy is initiated for acute conditions, or where emergency replacement of medications originally prescribed and purchased in the United States is necessary. The reimbursable supply of medications in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

Non-Payable Health Care Providers

If Sanford Health Plan designates a Health Care Provider as *Non-Payable*, no benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of the *Non-Payable Health Care Provider*. Notice of designation as a Non-Payable Health Care Provider will be provided to Members at least 30 days prior to the effective date of designation as a Non-Payable Health Care Provider. As of the date of termination, all charges incurred by a Member for services received from the Non-Payable Health Care Provider will be the Subscriber's responsibility.

Medicare Private Contracts

A Health Care Provider may ask a Member who is eligible for Medicare to enter into a Medicare private contract where the Member and the Health Care Provider agree that the Member is to be provided with services outside of the Medicare program. This Medicare private contract must be entered into between the Member and the Health Care Provider prior to the receipt of any services and indicate that neither the Member nor the Health Care Provider is permitted to file a request for reimbursement with Medicare for any of the services provided by the Health Care Provider and that the Health Care Provider can charge any amount agreed to by the Member for services instead of the Medicare limiting charge.

Under a Medicare private contract, the Health Care Provider can set any price for services but Medicare will not pay anything. If the Member enters into a Medicare private contract, Medicare will not pay any portion of the services and Sanford Health Plan will limit its payment to the amount Sanford Health Plan would have paid as though Medicare was paying for such Covered Services. If a Member enters into a Medicare private contract, the Member is responsible for paying the difference between the amount billed by the Health Care Provider for Covered Services and the amount paid by Sanford Health Plan.

Cost Sharing Amounts – Details & Definitions

A Cost Sharing Amount is the dollar amount a Member is responsible for paying when Covered Services are received from a Health Care Provider. Cost Sharing Amounts include Coinsurance, Copayment and Deductible Amounts. Applicable Cost Sharing Amounts are identified in Section 2 and the Member's Summary of Benefits and Coverage. See the schedule above in *Overview of Cost Sharing Amounts and how they accumulate* for the specific Cost Sharing Amounts that apply to this Benefit Plan.

Coinsurance

Sanford Health Plan shall calculate Coinsurance Amounts on behalf of Members obtaining Covered Services within the Sanford Health Plan contracted provider network on the lesser of (1) billed charges or (2) provider negotiated payment rates (Allowed Charge).

If Covered Services are obtained by a Member out of the Sanford Health Plan contracted provider network, the coinsurance calculation may be based on the Health Care Provider's billed charges. This may result in a significantly higher Coinsurance Amount for certain services a Member incurs out of the Sanford Health Plan contracted provider network. It is not possible to provide specific information for each Health Care Provider outside of Sanford Health Plan's Service Area because of the many different arrangements between Health Care Providers. However, if a Member contacts Sanford Health Plan prior to receiving services from a Health Care Provider outside of Sanford Health Plan's Service Area, Sanford Health Plan may be able to provide information regarding specific Health Care Providers.

Coinsurance Maximum Amounts

The total Coinsurance Amount that is a Member's responsibility during a Benefit Period. The Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period.

Deductibles

The Deductible Amount renews on January 1 of each consecutive Benefit Period. Copayment Amounts do not apply toward the Deductible Amount.

Note: The Deductible Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, cross accumulate jointly up to the PPO Deductible Amount.

Out-of-Pocket Maximum Amounts

When the Out-of-Pocket Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Covered Services, less Copayment Amounts incurred during the remainder of the Benefit Period. The Out-of-Pocket Maximum Amount renews on January 1st of each consecutive Benefit Period. Prescription Medication Cost Sharing Amounts do not apply toward the Out-of-Pocket Maximum Amount.

Note: The Out-of-Pocket Maximum Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, cross accumulate jointly up to the PPO Out-of-Pocket Maximum Amount.

Note: When the PPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from a PPO Health Care Provider will be paid at 100% of Allowed Charge. Covered Services sought on a Basic Plan basis will continue to be paid at 75% of the Allowed Charge until the Out-of-Pocket Maximum Amount for Basic Plan services is met.

Prescription Drug Coinsurance Maximum Amount

When the Prescription Drug Coinsurance Maximum Amount that is a Member's responsibility during a Benefit Period is met, this Benefit Plan will pay 100% of the Allowed Charge for Formulary Prescription Medications, less Copayment Amounts incurred during the remainder of the Benefit Period. This Prescription Drug Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period.
Note: Copayment Amounts do not apply toward this Coinsurance Maximum Amount.

Infertility Services Coinsurance/Deductible

Neither the Infertility Services Lifetime Deductible Amount nor any Member-paid coinsurance for infertility services applies toward the annual Out-of-Pocket Maximum Amounts. Infertility services are limited per Member to a lifetime benefit maximum of $20,000.

Formulary Medication		
➢ Generic	$5 Copayment Amount, then 85% of Allowed Charge. Benefits are subject to the Prescription Drug Coinsurance Maximum Amount and the Copayment Amount application listed below. *Deductible Amount is waived.*	
➢ Brand Name	$20 Copayment Amount, then 75% of Allowed Charge. Benefits are subject to the Prescription Drug Coinsurance Maximum Amount and the Copayment Amount application listed below. *Deductible Amount is waived.*	
Non-Formulary Medication		
➢ Generic and Brand Name	$25 Copayment Amount, then 50% of Allowed Charge. Benefits are subject to the Copayment Amount application listed below. *Deductible Amount is waived.*	
Under this Benefit Plan the Prescription Drug Coinsurance Maximum Amount is:		
——— $1,000 per Member per Benefit Period ———		

Copayment Amount Application

- One Copayment Amount per Prescription Order or refill for a 1 – 34-day supply.
- Two Copayment Amounts per Prescription Order or refill for a 35 – 100-day supply.

Copayment Amounts do not apply to the following nonprescription diabetes supplies: syringes, lancets, blood glucose test strips, urine test products and control solutions.

If a Generic Prescription Medication is the therapeutic equivalent for a Brand Name Prescription Medication, and is authorized by a Member's Professional Health Care Provider, benefits will be based on the Allowance for the Generic equivalent. If the Member does not accept the Generic equivalent, the Member is responsible for the cost difference between the Generic and the Brand Name Prescription Medication, and applicable Cost Sharing Amounts. For details, see Section 5(e).

Prescription Medication Cost Sharing Amounts do not apply toward the Member's Out-of-Pocket Maximum Amounts.

Prescription Medications and nonprescription diabetes supplies are subject to a dispensing limit of a 100-day supply.

Cost Sharing Amounts are waived for prenatal vitamins. For details, see Sections 5(a) and 5(e).

Section 3. Enrollment

Eligibility and When to Enroll

As provided in N.D.C.C. §54-52.1-01(4), individuals eligible to receive benefits are every permanent employee who is employed by a governmental unit, as that term is defined in N.D.C.C. §54-52-01, whose services are not limited in duration, who is filling an approved and regularly funded position in a governmental unit, and who is employed at least seventeen and one-half hours per week and at least five months each year or for those first employed after August 1,2003, is employed at least twenty hours per week and at least twenty weeks each year of employment. An eligible employee includes members of the Legislative Assembly, judges of the Supreme Court, paid members of state or political subdivision boards, commissions, or associations, full-time employees of political subdivisions, elective state officers as defined by N.D.C.C. §54-06-01(2), and disabled permanent employees who are receiving compensation from the North Dakota workforce safety and insurance fund.

A temporary employee employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made before January 1, 2015, and if the temporary employee is participating in the uniform group insurance program on January 1, 2015. In order for a temporary employee employed after July 31, 2007, to qualify to participate in the uniform group insurance program, the employee must be employed at least twenty hours per week; must be employed at least twenty weeks each year of employment; must make the election to participate before January 1, 2015; and must be participating in the uniform group insurance program as of January 1, 2015. To be eligible to participate in the uniform group insurance program, a temporary employee first employed after December 31, 2014, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, must meet the definition of a full-time employee under §4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)].

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment or eligibility for a special enrollment period as set forth in N.D.A.C. §71-03-03. Each eligible employee may elect to enroll his/her Eligible Dependents.

Eligible employees also include non-Medicare eligible retired and terminated employees, and their Eligible Dependents, who remain eligible to participate in the uniform group insurance program pursuant to applicable state law, as provided in N.D.C.C. §54-52.1-03 and federal regulations. For a comprehensive description of eligibility, refer to the NDPERS web site at www.nd.gov/ndpers.

Eligibility to receive benefits under the Benefit Plan is initially determined by the Plan Administrator. When an eligible employee meets the criteria for eligibility, a membership application must be completed. NDPERS has the ultimate decision making authority regarding eligibility to receive benefits.

A "Late Enrollee" is an Eligible Group Member or Eligible Dependent who declines coverage when he or she is initially eligible to enroll and later requests to enroll for coverage. A Late Enrollee can only enroll during the next scheduled Annual Enrollment Period. A Member is not a "Late Enrollee" if any "special enrollment right(s)" apply, as described later in this section.

How to Enroll

Both the Group and Group Member are involved in the enrollment process.

The Group Member must:

1. Complete the enrollment process, as designated by NDPERS, for the Group Member and any Eligible Dependents; and
2. Provide all information needed to determine the eligibility of the Group Member and/or Dependents, if requested by the Plan.

The Group must:

1. Provide all information needed by the Plan to determine eligibility; and
2. Agree to pay the required premium payments on behalf of the Group Member.

When Coverage Begins

Coverage generally becomes effective on the first day of the month that follows the date of hire, as designated by NDPERS.

If you are an inpatient in a Hospital or other Facility on the day your coverage begins, we will pay benefits for Covered Services that you receive beginning on the date your coverage becomes effective, as long as you receive Covered Services in accordance with the terms of this Certificate. Payment of benefits is subject to any obligations under a previous plan or coverage arrangement in accordance with state law and applicable regulations.

For more information, see Section 11, "*Continuation of Coverage for Confined Members*" and "*Extension of Benefits for Total Disability*".

Eligibility Requirements for Dependents

The following Dependents are eligible for coverage ("Dependent coverage"):

Spouse - The Subscriber's spouse, under a legally existing marriage between persons of the opposite sex, is always eligible for coverage, subject to the eligibility requirements as designated by NDPERS.

Dependent Child - To be eligible for coverage, a dependent child must meet all of the following requirements:

1. Be your natural child, a child placed with you for adoption, a legally adopted child, a child for whom you have legal guardianship, a stepchild, or foster child; and
2. Be one of the following:
   a. under age twenty-six (26); or
   b. incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate

holder/Subscriber for support and maintenance If the Plan so requests, the Subscriber must provide proof of the child's disability within *thirty-one (31)* days of the Plan's request. Such a request may be no more than annually following the two year period of the disabled dependent child's attainment of the limiting age [N.D.C.C. §26.1-36-22 (4)]; or

c. the Subscriber's grandchild(ren) or those of the Subscriber's living, covered Spouse, who legally reside with the Certificate holder/Subscriber and (1) the parent of the grandchild(ren) is an Covered Dependent also covered by this Plan; and (2) both the Dependent and child of such Dependent (grandchild) are chiefly dependent upon the Certificate holder/Subscriber for support.

Dependent coverage does not include the spouse of an adult Dependent child. Coverage will continue to the end of the month in which the adult Dependent child reaches the limiting age. Coverage does not include the adult Dependent child's spouse or child of such Dependent (grandchild) unless that grandchild meets other coverage criteria established under state law. The adult Dependent's marital status, financial dependency, residency, student status or employment status will not be considered in determining eligibility for initial or continued coverage.

Limitations. A Dependent shall not be covered under this Contract if he or she is eligible to be a Subscriber, already covered as a Dependent of another Subscriber, or already covered as a Subscriber.

Noncustodial Subscribers

Whenever a Dependent Child receives coverage under the Plan through the noncustodial parent who is the Subscriber, the Plan shall do all of the following:

1. Provide necessary information to the custodial parent in order for the Dependent Child to receive benefits under the Plan;
2. Allow the custodial parent or Provider, with the custodial parent's approval, to submit claims for Covered Services without approval from the noncustodial parent; and
3. Make payment on the submitted claims directly to the custodial parent or Provider.

Status of Member Eligibility

The Plan Administrator agrees to furnish Sanford Health Plan with any information required by Sanford Health Plan for the purpose of enrollment. Any changes affecting a Member's eligibility for coverage must be provided to Sanford Health Plan by the Plan Administrator and/or the Member immediately, but in any event, the Plan Administrator and/or the Member shall notify Sanford Health Plan within 31 days of the change.

Statements made on membership applications are deemed representations and not warranties. No statements made on the membership application may be used in any contest unless a copy has been furnished to that person, or in the event of the death or incapacity of that person, to the individual's beneficiary or personal representative. The Subscriber is provided a copy of the membership application at the time of completion.

A Member making a statement (including the omission of information) on the membership application or in relation to any of the terms of this Benefit Plan constituting fraud or an intentional misrepresentation of a material fact will result in the rescission of this Benefit Plan by Sanford Health Plan. A rescission is a cancellation or discontinuance of coverage, including any benefits paid, that has a retroactive effect of voiding this Benefit Plan or any benefits paid under the terms of this Benefit Plan.

Physical Examinations

Sanford Health Plan at its own expense may require a physical examination of the Member as often as necessary during the pendency of a Claim for Benefits and may require an autopsy in case of death if the autopsy is not prohibited by law.

Qualified Medical Child Support Order (QMCSO) Provision

A QMCSO is an order of a court or administrative tribunal that creates the right of a Member's child to be enrolled under this Plan. If a QMCSO is issued, this Plan will provide benefits to the child(ren) of a covered person regardless of whether the child(ren) resides with the Member. In the event that a QMCSO is issued, each named child(ren) will be covered by this Plan in the same manner as any other Dependent child(ren) by this Plan.

When the Plan is in receipt of a medical child support order, the Plan will notify the Member and each child named in the order, that the Plan is in receipt of a QMCSO which contains the following required information:

- Name and last known address of the Member and the child(ren) to be covered by the Plan.
- A description of the type of coverage to be provided by this Plan to each named child.
- The applicable period determined by the order.
- The plan determined by the order.

In order for the child's coverage to become effective as of the date of the court order issued, the Member must apply for coverage as defined previously in this section. Each named child may designate another person, such as a custodial guardian, to receive copies of explanation of benefits, payments, and other materials.

Exceptions. If a court has ordered a Subscriber to provide health coverage for a Dependent Child, the requirements in the *Dependent Child* subsection above, "*Eligibility Requirements for Dependents,*" need not be satisfied, but the Subscriber must still request enrollment on behalf of the Dependent Child as set forth in this Plan. If the Subscriber fails to enroll the Dependent Child, the other parent or the legal representative of the Dependent Child, may enroll the Dependent Child. A Dependent Child who is provided coverage pursuant to this exception shall not be terminated unless the Plan is provided satisfactory written evidence of any of the following:

1. The court or administrative order is no longer in effect;
2. The Dependent Child is or will be enrolled in comparable health coverage through an insurer which will take effect not later than the effective date of the termination; or
3. The Group has eliminated family coverage for all of its Members.

Michelle's Law

Federal law requires that we provide the following notice regarding Michelle's Law [Public Law 110-381]. Please note that changes in federal law may eliminate certain elements of Michelle's Law, and the Plan intends to provide continuing coverage of Eligible Dependents up to age twenty-six (26), irrespective of their student status, for Plan Years beginning on or after September 23, 2010.

A Dependent Child under twenty-five (25) years old and enrolled in and attending an accredited college, university, or trade or secondary school at least five (5) months each year will remain covered if the Dependent takes a medically necessary leave of absence from school or changes to part-time status. The leave of absence must:

1. Be medically necessary;
2. Commence while the child is suffering from a serious illness or injury; and
3. Cause the child to lose coverage under the plan.

Students are only eligible as long as they were covered by their parent's health insurance Certificate prior to diagnosis. Coverage will continue until the earlier of one year from the first day of the leave of absence or the date on which coverage would otherwise terminate because the child no longer meets the requirements to be an Eligible Dependent (e.g., reaching the plan's limiting age).

You must provide a written and signed certification from the Dependent Child's treating Practitioner and/or Provider stating that the Dependent Child is suffering from a serious illness or injury and that the leave of absence is medically necessary and the effective date of the leave.

When and How to Enroll Dependents

When to Enroll Dependents

A Subscriber shall apply for coverage for a Dependent during the same periods of time that the Subscriber may apply for his or her own coverage. However, there is an exception for newborn and adopted children; see "*Coverage from Birth*" and "*Adoption or Children Placed for Adoption*" below. There is also an exception for Spouses; see "*New Spouses and Dependent Children*" below.

How to Enroll Dependents

The Group Member must:

1. Complete the enrollment process, as designated by NDPERS, for the Group Member and any Eligible Dependents; and
2. Provide all information needed to determine the eligibility of the Group Member and/or Dependents, if requested by the Plan.

When Dependent Coverage Begins

1. **General.** If a Dependent is enrolled at the same time the Subscriber enrolls for coverage, the Dependent's effective date of coverage will be the same as the Subscriber's effective date as described in "*When Coverage Begins*" above.
2. **Delayed Effective Date of Dependent Coverage.** Except for newborns (see item 3 below), if, on the date Dependent coverage becomes effective, the Dependent is Hospitalized and covered under an extension of health benefits from a previous Group health plan or other coverage arrangement, coverage under this Contract shall be subject to benefits payable under the previous plan or coverage arrangement.
3. **Coverage from Birth.** If a Subscriber has a child through birth, the child will become a covered Dependent from the date of birth. Depending on the Class of Coverage the Subscriber is enrolled under, the following provisions apply:
   a. **Subscribers with Single Coverage:** For coverage to continue beyond thirty-one (31) days of the newborn's date of birth, coverage must applied for through NDPERS within thirty-one (31) days of the newborn's date of birth.
   b. **Subscribers with Family Coverage:** Subscribers with Family Coverage under the Plan are encouraged to notify the Plan in advance when a pregnancy and expected due date is known. Newborn children will be added to the Certificate automatically if the Subscriber is enrolled in Family Coverage and the Plan and/or NDPERS is notified of the pregnancy.

   An Eligible Group Member, and any other Dependents, eligible to be enrolled in the Plan, but who failed to enroll during a previous enrollment period, shall be covered under this Contract from the date of the newborn child's birth, provided that coverage is applied for through NDPERS within thirty-one (31) days. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee's Eligible Dependent is enrolled.

   Dependent coverage is available for the Spouse, if the Spouse is otherwise eligible for coverage under the Plan, provided coverage is applied through NDPERS for the Spouse and, if applicable, the Group Member, within thirty-one (31) days of the newborn child's birth.
4. **Adoption or Children Placed for Adoption.** If a Subscriber adopts a child or has a child placed with him or her as a Dependent, that child will become covered as an Eligible Dependent as of the date specified within a court order or other legal adoption papers. Regardless of the Class of Coverage the Subscriber is enrolled under, the following provisions apply:
   a. **Subscribers with either Single or Family Coverage:** For coverage to continue beyond thirty-one (31) days of the date specified within the court order or other legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage, the Subscriber must submit an application for coverage to NDPERS within thirty-one (31) days of the date specified within the court order or other legal adoption papers that granted initial eligibility.

   An Eligible Group Member, and any other Dependents, eligible to be enrolled in the Plan, who failed to enroll during a previous enrollment period, shall be covered as of the date specified within a court order or other legal adoption papers, if the Eligible Group Member, and any other Eligible Dependents, submits an application for coverage to NDPERS within thirty-one (31) days of the date specified within the court order or in the legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee's Eligible Dependent is enrolled.

   Dependent coverage is available for the Spouse, if the Spouse is otherwise eligible for coverage under the Plan, provided that an

application for coverage is submitted to NDPERS for the Spouse and, if applicable, the Group Member, within thirty-one (31) days of the date specified within the court order or in the legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage.

Coverage at the time of placement for adoption includes the necessary care and treatment of medical conditions existing prior to the date of placement.

5. **New Spouses and Dependent Children.** If a Subscriber gets married, his or her Spouse, and any of the Spouse's Dependents who become Eligible Dependents of the Subscriber as a result of the marriage, will become covered as a Member from the first day of the calendar month beginning after the date of marriage, provided that coverage is applied for the Spouse and/or the Dependent within thirty-one (31) days of the date of marriage.

   If an Eligible Group Member, who is an Employee eligible to enroll in the Plan, but who did not do so during a previous enrollment period, gets married, the employee becomes an eligible Subscriber under the following conditions. The Subscriber, his or her Spouse, and any Dependents who become Eligible Dependents of the Subscriber as a result of the marriage, will become covered as a Member from the first day of the calendar month beginning after the date of marriage, provided that coverage is applied for within thirty-one (31) days of the date of marriage. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee's Eligible Dependent is enrolled.

Special Enrollment Rights

A. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any mailing address change within 31 days of the change.

B. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any change in marital status within 31 days of the change.
   1. If the Subscriber marries, Eligible Dependents may be added as a Member if a membership application is submitted within 31 days of the date of marriage. If the membership application is not submitted within the 31-day period, and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

      If the membership application is submitted within 31 days of the date of marriage, the effective date of coverage for the Eligible Dependent will be the first of the month immediately following the date of marriage. If the membership application is not submitted within 31 days of the date of marriage and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   2. If a Member becomes otherwise ineligible for group membership under this Benefit Plan due to legal separation, divorce, annulment, or death, coverage for the Subscriber's Spouse and/or Dependents under Family Coverage will cease, effective the first of the month immediately following timely notice of the event causing ineligibility.

      If living in the Sanford Health Plan Service Area (see *Service Area* in Introduction Section), a Member has the option to continue coverage through one of Sanford Health Plan's individual plans. For more information on options available through Sanford Health Plan, visit www.sanfordhealthplan.com/ndpers or call Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

      There may also be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as another employer's plan) through what is called a "special enrollment period." The cost of these options may vary depending on a Subscriber's individual circumstances. To learn more about offerings on the Marketplace, and options outside the Sanford Health Plan Service Area, visit www.healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.

C. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) and Sanford Health Plan of any change in family status within 31 days of the change. The effective date of coverage for dependents added to this Benefit Plan within the designated time period will be the date of birth, physical placement, or the first of the month immediately following the date established by court order. If a membership application is not submitted within the designated time period and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

   The following provisions will apply:
   1. At the time of birth, natural children will automatically be added to the Subscriber's Benefit Plan if Family Coverage is in force. If the Subscriber is enrolled under another Class of Coverage, the Subscriber must submit a membership application for the newborn child within 31 days of the date of birth. If the membership application is not submitted within the designated time period and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   2. Adopted children may be added to this Benefit Plan if a membership application, accompanied by a copy of the placement agreement or court order, is submitted to Sanford Health Plan within 31 days of physical placement of the child. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   3. Children for whom the Subscriber or the Subscriber's living, covered spouse have been appointed legal guardian may be added to this Benefit Plan by submitting a membership application within 31 days of the date legal guardianship is established by court order. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   4. Children for whom the Subscriber or the Subscriber's living, covered spouse are required by court order to provide health benefits may be added to this Benefit Plan by submitting a membership application within 31 days of the date established by court order. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   5. If any of the Subscriber's children, who are beyond the age of 26 and incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance, coverage will remain in effect as long as the disabled child remains dependent upon the Certificate holder/Subscriber or the Subscriber's spouse for

support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within *thirty-one (31)* days of the Plan's request.

6. If a child is no longer an Eligible Dependent under this Benefit Plan, and the child is living in the Sanford Health Plan Service Area (see *Service Area* in the above Introduction Section), the Dependent has the option to continue coverage through one of Sanford Health Plan's individual plans. For more information on options available through Sanford Health Plan, visit www.sanfordhealthplan.com/ndpers or call Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. There may also be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as another employer's plan) through what is called a "special enrollment period." The cost of these options may vary depending on a Subscriber's individual circumstances. To learn more about offerings on the Marketplace, and options outside the Sanford Health Plan Service Area, visit www.healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.
7. At the time of birth or adoption, other Eligible Dependents may be added to this Benefit Plan if a membership application is submitted to NDPERS within 31 days of birth or physical placement of the adopted child. If the membership application is not received in accordance with this provision, and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

D. Employees and/or dependents who previously declined coverage under this Benefit Plan will be able to enroll under this Benefit Plan if each of the following conditions are met:
   1. During the initial enrollment period the employee or dependent states, in writing, that coverage under a group health plan or health insurance coverage was the reason for declining enrollment at such time.
   2. The employee's or dependent's coverage under a group health plan or other health insurance coverage:
      a. was either terminated as a result of loss of eligibility (Including loss as a result of legal separation, divorce, death, termination of employment or reduction of hours, loss as a result of having a subsequent opportunity for late enrollment [including the Annual Enrollment Period] or special enrollment under the Benefit Plan but again choosing not to enroll, or employer contributions toward such coverage were terminated; or
      b. was under COBRA and the coverage was exhausted.
   3. The employee requests such enrollment within 31 days after the exhaustion or termination of coverage.

   The effective date of coverage for an employee and/or dependent that previously declined coverage under this Benefit Plan, and is enrolling pursuant to this provision, will be the first of the month following the exhaustion or termination of the employee's and/or dependent's previous coverage. The employee and/or dependent shall be responsible for any and all premium payments from the effective date of coverage under this provision through the date the employee and/or dependent requests enrollment under the terms of this Benefit Plan.

   If the membership application is not received in accordance with this provision, and the Employee or Dependent is a Late Enrollee, the Late Enrollee's effective date of coverage will be the Group's anniversary date.

E. Employees and/or Dependents will be able to enroll under this Benefit Plan if either of the following conditions is met:
   1. The employee or dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or under a state child health plan under Title XXI of the Social Security Act and the employee's or dependent's coverage under such a plan is terminated as a result of loss of eligibility. The employee must request enrollment within 60 days of the date of termination of coverage; or
   2. The employee or dependent becomes eligible for premium assistance under a Medicaid plan under Title XIX of the Social Security Act or under a state child health plan under Title XXI of the Social Security Act. The employee must request enrollment within 60 days of the date the employee or dependent is determined to be eligible for premium assistance.

      The effective date of coverage under this Benefit Plan for an employee and/or dependent enrolling pursuant to this provision will be the first day immediately following the termination of coverage or eligibility for premium assistance. The employee and/or dependent shall be responsible for any and all premium payments from the effective date of coverage under this provision through the date the employee and/or dependent requests enrollment under the terms of this Benefit Plan.

Note: The following do not qualify for a special enrollment period: 1) Loss of Minimum Essential Coverage due to failure to make premium payment and/or allowable rescissions of coverage; 2) Voluntarily terminating/dropping COBRA coverage before it runs out outside Annual Enrollment. COBRA coverage must be exhausted (usually 18 or 36 months) or another qualifying life event must occur before eligible for special enrollment.

Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA)

The Children's Health Insurance Program Reauthorization Act of 2009 grants Special Enrollment Rights to employees and dependents who are eligible for, but not enrolled in, a group health plan to enroll in the plan upon:

- losing eligibility for coverage under a State Medicaid or CHIP program, or
- becoming eligible for State premium assistance under Medicaid or CHIP.

In order to qualify for Special Enrollment, an Eligible Employee or Dependent must request coverage within sixty (60) days of either being terminated from Medicaid or CHIP coverage or being determined to be eligible for premium assistance. The Plan will also require the Eligible Employee to enroll. Special enrollment rights extend to all benefit packages available under the Plan. If you have questions about enrolling in your employer's plan under CHIPRA Special Enrollment Rights, contact the Department of Labor at www.askebsa.dol.gov or call (866) 444-3272 *(toll-free)*.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **(877) KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply.

Section 4. How You Get Care

Identification cards

The Plan will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Provider, a health care Facility, or fill a prescription at a Plan pharmacy. If you fail to show your ID card at the time you receive health care services or prescription medications, you may be responsible for payment of the claim after the Participating Practitioner and/or Provider's timely filing period of one-hundred-eighty (180) days has expired. Your coverage will be terminated if you use your ID card fraudulently or allow another individual to use your ID card to obtain services.

If you do not receive your ID card within *thirty (30)* days after the effective date of your enrollment, or if you need replacement cards, call us at (800) 499-3416 or write to us at Sanford Health Plan, ATTN: NDPERS, PO Box 91110 Sioux Falls, SD 57109-1110. You may also request replacement cards by signing into your account at www.sanfordhealthplan.com/memberlogin. Information on creating an account is available at www.sanfordhealthplan.com/ndpers.

Conditions for Coverage

Members shall be entitled to coverage for the Health Care Services (listed Section 5, *Covered Services*) that are:

1. Medically Necessary and/or Preventive;
2. Received from or provided under the orders or direction of a Participating Provider;
3. Approved by the Plan, including Preauthorization/Prior Approval where required; and
4. Within the scope of health care benefits covered by the Plan.

However, the requirements to use Participating Providers and obtain preauthorization/prior approval do not apply to Emergency Conditions or Urgent Care Situations, both in and out of the Service Area. In such cases, services for Emergency Conditions and Urgent Care Situations will be covered if they are provided by a Non-Participating Provider.

If during an Emergency care or Urgent Care Situation, the Member is in the Service Area and is alert, oriented and able to communicate (as documented in medical records); the Member must direct the ambulance to the nearest Participating Provider.

Members are not required, but are strongly encouraged, to select a Primary Care Practitioner and/or Provider (PCP) and use that PCP to coordinate their Health Care Services.

In addition, all Health Care Services are subject to:

1. The exclusions and limitations described in Sections 5 and 6; and
2. Any applicable Copay, Deductible, and Coinsurance amounts as stated in this COI, your Summary of Benefits and Coverage (SBC), and your Summary of Pharmacy Benefits.

In-Network Coverage

In-Network coverage is provided under two (2) plan levels. For more information, see *Selecting a Health Care Provider* in Section 1. In-Network benefit payments pay according to coverage under:

1. Basic Plan; or
2. PPO Plan

Note: If you travel out of the Plan's Service Area for the purpose of seeking medical treatment outside the Plan's Service Area, as defined in this COI, without Preauthorization/Prior Approval for a service that requires such authorization/approval, your claims will be paid according to the Basic Plan benefits and stipulations set forth in Section 1. Additionally, the Member will receive the Basic Plan benefits if: 1) a PPO Health Care Provider is not available in the Member's area; or 2) if the Member either chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization (PPO).

Appropriate Access

Primary Care Practitioner and Hospital Providers

Appropriate access for Primary Care Practitioners and/or Providers and Hospital Provider sites is within *fifty (50)* miles of a Member's city of legal residence.

Specialty Practitioners and Other Providers

For other Participating Practitioners and Providers such as Specialty Physicians, Diagnostic Service Centers, Nursing Homes, and Rehabilitation Providers, appropriate access is within *fifty (50)* miles of a Member's city of legal residence. Appropriate access includes access to Participating Practitioners and Providers when the Member has traveled outside of the Service Area. If you are traveling within the Service Area where other Participating Practitioners and Providers are available then you must use Participating Practitioners and Providers.

Members who live outside of the Plan's Service Area must use the Plan's contracted Network of Participating Practitioners and Providers as indicated in the Plan's Provider Directory. Members who live outside the Service Area will receive Identification Cards that display their network logo along with instructions on how to access this Network. If a Member chooses to go to a Non-Participating Practitioner or Provider when appropriate access (within *fifty (50)* miles of a Member's city of legal residence) is available, claims will be processed at the Basic Plan (Out-of-Network) level.

Transplant Services

Transplant Services must be performed at designated Plan Participating Centers of Excellence and are not subject to Appropriate Access standards as outlined above. Transplant coverage includes related post-surgical treatment, medications, eligible travel, and living expenses and shall be subject to, and in accordance with, the provisions, limitations and terms of the Plan's transplant policy.

Case Management

Case management is a collaborative process that assesses, plans, implements, coordinates, monitors and evaluates the options and services required to meet an individual's health needs, using communication and available resources to promote quality, cost effective outcomes.

Cases are identified for possible case management, based on a request for review or the presence of a number of parameters, such as:

a. admissions that exceed the recommended or approved length of stay;
b. utilization of health care services that generates ongoing and/or excessively high costs;
c. conditions that are known to require extensive and/or long term follow up care and/or treatment.

Sanford Health Plan's case management process allows professional case managers to assist Members with certain complex and/or chronic health issues by coordinating complicated treatment plans and other types of complex patient care plans.

In consultation with case managers, Sanford Health Plan may approve coverage that extends beyond the limited time period and/or scope of treatment initially approved. This consultation also includes utilization management processes as described below.

All decisions made through case management are based on the individual circumstances of a Member's case. Each case is reviewed on its own merits by appropriate health plan medical professionals to ensure the best health outcome(s) of the Member.

Utilization Review Process – OVERVIEW

The Plan's Utilization Management Department is available between the hours of 8:00am and 5:00pm Central Time, Monday through Friday, by calling the Plan's toll-free number (888) 315-0885 or TTY/TDD: (877) 652-1844 *(toll-free)*. After business hours, you may leave a confidential voicemail for the Utilization Management Department and someone will return your call on the next business day. You can also fax the Plan at (701) 234-4547. The date of receipt for Non-Urgent Requests received outside of normal business hours will be the next business day. The date of receipt for Urgent Requests will be the actual date of receipt, whether or not it is during normal business hours. All Utilization Management Adverse Determinations will be made by the Sanford Health Plan Chief Medical Officer or appropriate Practitioner. All benefit Adverse Determinations will be made by a person assigned to coordinate the benefit, denial and Appeal process. **For detailed information on the below, see Section 8, *Problem Resolution.***

Prospective (Pre-service) Review of Services (Preauthorization/Prior Approval)

The Member is ultimately responsible for obtaining Preauthorization/Prior Approval from the Utilization Management Department in order to receive In-Network coverage. However, information provided by the Practitioner's office will also satisfy this requirement. Participating Health Care Practitioners and Providers have been given instructions on how to get the necessary authorizations/approvals for surgical procedures or hospitalizations/admissions you may need. Members are responsible to confirm with the Participating Practitioner and/or Provider that any required Plan Preauthorization/Prior Approval has been obtained.

Preauthorization/Prior Approval is the authorization/approval of a requested service prior to receiving the service. Preauthorization/Prior Approval (a pre-service determination) is designed to facilitate early identification of the treatment plan to ensure medical management and appropriate resources are provided throughout an episode of care. See *"Services that Require Prospective Review"* on the following pages.

The Plan determines approval for Preauthorization/Prior Approval based on appropriateness of care and service and existence of coverage. The Plan does not compensate practitioners and/or providers or other individuals conducting utilization review for issuing denials of coverage or service care. Any financial incentives offered to Utilization Management decision makers do not encourage decisions that result in underutilization and do not encourage denials of coverage or service.

Preauthorization/Prior Approval is required for all Inpatient Admissions of Members. This requirement applies but is not limited to:

1. Acute care Hospitalizations (including medical, surgical, and non-Emergency mental health and/or substance use disorder admissions);
2. Residential Treatment Facility Admissions; and
3. Rehabilitation center Admissions.

Note: Admissions and Hospitalizations require an overnight stay, as defined in Section 10. Admission before the day of non-Emergency surgery will not be authorized/approved unless the early admission is medically necessary and specifically approved by the Plan. Coverage for Hospital expenses prior to the day of surgery will be denied unless authorized/approved prior to being incurred.

Urgent Care Requests

In determining whether a request is "Urgent," the Plan shall apply the judgment of a Prudent Layperson, as defined in Section 10. A Practitioner, with knowledge of the Member's medical condition, who determines a request to be "Urgent", as defined in Section 10, shall have such a request treated as an Urgent Care Request.

Services that Require Prospective Review/Preauthorization/Prior Approval

1. Inpatient Hospital Admissions (includes Admissions for medical, surgical, mental health and/or substance use disorders);
2. Selected Outpatient Procedures including but not limited to:
   a. Covered Rhinoplasty Surgeries for Non-Cosmetic Reasons;
   b. Obstructive Sleep Apnea Treatment, except for Continuous Positive Airway Pressure (CPAP);
   c. Medically-Necessary Orthodontics;
3. Home Health, Hospice and Home IV therapy services;
4. Select Durable Medical Equipment (DME) including the below. For more details, see DME requiring Preauthorization/Prior Approval in Section 5(a):
   a. Prosthetic Limbs requiring replacement within 5 years;
   b. Insulin infusion devices;

c. Insulin pumps;
d. Continuous Glucose Monitoring Systems (CGM);
e. Electric wheelchairs;
f. External hearing aids for the treatment of a hearing loss that is not due to the gradual deterioration that occurs with aging and/or other lifestyle factors. For details, see Section 5(a), *Hearing services (testing, treatment, and supplies*

5. Skilled nursing and sub-acute care;
6. Dental Anesthesia and associated Hospitalizations for all Members age 9 and older;
7. Chronic Pain Management;
8. Transplant Services;
9. Infertility Services, including assisted reproductive technology for GIFT, ZIFT, ICSI and IVF;
10. Genetic Testing;
11. Osseointegrated implants, including Cochlear implants and bone-anchored (hearing aid) implants;
12. Select Specialty Medications including:
    a. Restricted Use Medications; and
    b. Growth Hormone Therapy/Treatment;
13. Bariatric Surgery; and
14. Referrals to Non-Participating Providers, which are recommended by Participating Providers. Preauthorization/Prior Approval is required for the purposes of receiving Basic Plan level coverage. If Preauthorization/Prior Approval is not obtained for referrals to Non-Participating Providers, the services will be covered at the Basic Plan level. Preauthorization/Prior Approval does not apply to services that are provided by Non-Participating Providers as a result of a lack of appropriate access to Participating Providers as described in this section.

Prospective (Non-Urgent Pre-service) Review Process for Elective Inpatient Hospitalizations, Non-Urgent Medical Care, and Pharmaceutical Benefit Requests

All requests for Preauthorization/Prior Approval are to be made by the Member or Practitioner and/or Provider's office at least *three (3)* business days prior to the scheduled admission or requested service. For Non-Urgent preauthorization/prior approval requests, the Plan's Utilization Management Department may review a request for a period of up to fifteen (15) calendar days from the date of the request, provided that all information supporting the request has been received. The Utilization Management Department will review the Member's medical request against standard criteria.

Determination of the appropriateness of an admission is based on standard review criteria and assessment of:

a. Patient medical information including:
    i. diagnosis
    ii. medical history
    iii. presence of complications and/or co-morbidities;
b. Consultation with the treating Practitioner, as appropriate;
c. Availability of resources and alternate modes of treatment; and
d. For admissions to facilities other than acute Hospitals, additional information may include, but is not limited to, the following:
    i. history of present illness
    ii. patient treatment plan and goals
    iii. prognosis
    iv. staff qualifications
    v. *twenty-four (24)* hour availability of qualified medical staff.

You are ultimately responsible for obtaining Preauthorization/Prior Approval from the Utilization Management Department. Failure to obtain Preauthorization/Prior Approval may result in coverage at the Basic Level (see Section 1). However, information provided by the Practitioner and/or Provider's office also satisfies this requirement.

Note: Members are responsible to confirm with the Participating Practitioner and/or Provider that any required Plan Preauthorization/Prior Approval has been obtained.

For medical necessity requests: the Utilization Management Department will review the Member profile information against standard criteria. A determination for *elective inpatient or non-Urgent Care Situations* will be made by the Utilization Management Department *within fifteen (15) calendar days* of receipt of the request. If the Utilization Management Department is unable to make a decision *due to matters beyond its control*, it may extend the decision timeframe once, for up to *fifteen* (*15) calendar days*. Within *fifteen (15*) *calendar days* of the request for authorization/approval, Sanford Health Plan must notify the Member or Member's Authorized Representative of the need for an extension and the date by which it expects to make a decision.

For benefit determinations: a person assigned to coordinate the benefit, denial and Appeal process will review the request using standards established by the Plan and, if the request is approved, provide notification of the determination, or if the request is denied, provide notification of the denial and relevant appeal rights. A benefit determination will be made *within fifteen (15) calendar days* of receipt of the request. If the Plan is unable to make a decision due to matters beyond its control, it may extend the decision timeframe once, for up to *fifteen (15) calendar days*. Within *fifteen (15) calendar days* of the request for authorization/approval, Sanford Health Plan must notify the Member or Member's Authorized Representative of the need for an extension and the date by which it expects to make a decision.

Lack of Necessary Information

If the Plan is unable to make a decision *due to lack of necessary information*, it must notify the Member or the Member's Authorized Representative of what specific information is necessary to make the decision *within fifteen (15)* calendar days of the Prospective (Pre-

service) Review request. Sanford Health Plan must give the Member or the Member's Authorized Representative a reasonable amount of time taking into account the circumstances, but not less than *forty-five (45)* calendar days to provide the specified information. In lieu of notifying the Member, the Plan may notify the Practitioner and/or Provider of the information needed, if the request for health care services came from the Practitioner and/or Provider.

The decision time period is suspended, and the Plan shall have the remainder of the fifteen (15) calendar days from receipt of the request for authorization/approval to consider the request, measured from the earlier of the date in which the Plan receives additional information from the Member or Practitioner or *forty-five (45)* days after the notification to the Member or Practitioner. The Prospective (Pre-service) Review determination shall either be Preauthorization/Prior Approval of the requested service, or additional review will be needed by the Plan Chief Medical Officer; however, the decision will be made within *fifteen (15) calendar* days of that date. If the information is not received by the end of *the forty-five (45) calendar* day extension, Sanford Health Plan will deny the request.

If the Plan receives a request that fails to meet the procedures for Prospective (Pre-service) Review requests, the Plan will notify the Practitioner or Member of the failure, and proper procedures to be followed, as soon as possible but no later than *five (5)* calendar days after the date of the failure. Notification may be oral unless the Practitioner or Member request written notification.

Sanford Health Plan will give written and/or electronic notification of the *determination to authorize/approve or deny* the service *within fifteen (15) calendar* days of the request (or in the case of an extension, of the end of the timeframe given to provide information) to the Member, or the Member's Authorized Representative, attending Practitioner and those Providers involved in the provision of the service. The Utilization Management Department will assign an authorization number for the approved service.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedure below. At this point, the Member can request an Appeal of Adverse Determination. Refer to "*Problem Resolution*" in Section 8 for details.

Prospective Review Process for Urgent/Emergency (Urgent Pre-service) Medical Care and Pharmaceutical Requests

An **Emergency Medical Condition** is a medical condition of recent onset and severity, including severe pain, that would lead a prudent layperson acting reasonably and possessing an average knowledge of health and medicine to believe that the absence of immediate medical attention could reasonably be expected to result in serious impairment to bodily function, serious dysfunction of any bodily organ or part, or would place the person's health, or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

An **Urgent Care Situation** is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within *twenty-four (24)* hours, such as stitches for a cut finger. **Urgent Care Request** means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination:

1. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or
2. In the opinion of a Practitioner with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

If an Urgent Care Situation occurs, Members should contact their Primary Care Provider immediately, if one has been selected, and follow his or her instructions. A Member may always go directly to a participating urgent care or after-hours clinic. In determining whether a request is "Urgent," the Plan shall apply the judgment of a Prudent Layperson that possesses an average knowledge of health and medicine, as defined in Section 10. When a Practitioner with knowledge of the Member's medical condition determines a request to be an Urgent Care Situation, the Plan shall treat such a request as an Urgent Care Request.

Note: Prospective (Pre-service) Review (Preauthorization/Prior Approval) is not required for maternity admissions, Emergency Medical Conditions or Urgent Care Situations. However, the Plan must be notified by the Member as soon as reasonably possible and no later than *forty-eight (48)* hours after the Member is physically or mentally able to do so. A Member's Authorized Representative may notify the Plan on the Member's behalf with written permission of the Member.

For Urgent Care Requests (Prospective (Pre-service) Reviews): the determination for medical care, including care for behavioral, mental health, and/or substance use disorders will be made by the Utilization Management Department as soon as possible (taking into account medical exigencies), but no later than *seventy-two (72) hours* after receipt of the request. Notification of the determination will be made to the Member or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service via telephone by the Utilization Management Department as soon as possible but no later than within *seventy-two (72) hours* of receipt of the request. For authorizations/approvals and Adverse Determinations, the Plan will give electronic or written notification of the decision to the Member or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service as soon as possible (taking into account medical exigencies) but no later than within *three (3)* calendar days of the telephone notification.

Lack of Necessary Information

If the Plan is unable to make a decision due to lack of necessary information, it may extend the decision timeframe once for up to *forty-eight (48) hours* to request additional information. Within *twenty-four (24) hours* after receipt of the request, the Plan will notify the Member or the Member's Authorized Representative of what specific information is necessary to make the decision. In lieu of notifying the Member, the Plan can notify the Practitioner of the information needed if the request for health care services came from the Practitioner. Sanford Health Plan must give the Member or the Member's Authorized Representative a reasonable amount of time taking into account the circumstances, but not less than *forty-eight (48) hours* to provide the specified information. If the Plan receives a request that fails to meet the procedures for Urgent Prospective (Pre-service) Review requests, the Plan will notify the Practitioner and Member of the failure and proper procedures to be followed as soon as possible but no later than *twenty-four (24) hours* after the date of the failure. Notification may be oral unless the Practitioner or Member request written notification. The Member, or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service will be notified by telephone of the Plan's determination as soon as possible but no later

than forty-eight (48) hours after the earlier of: 1) the Plan's receipt of the requested information or 2) the end of the period provided to submit the requested information. The Plan will also give electronic or written notification of the decision as soon as possible but no later than within *three (3)* calendar days of the telephone notification. Failure to submit necessary information is grounds for denial of authorization/approval.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedure below. At this point, the Member can request an Appeal of Adverse Determination. Refer to "*Problem Resolution*" in Section 8 for details.

Concurrent Review Process for Medical Care Requests

Concurrent Review is utilized for medical care, including care for behavioral, mental health, and/or substance use disorders when a request for an extension of an approved ongoing course of treatment over a period of time or number of treatments is warranted. Additional stay days must meet the continued stay review criteria and, if acute levels of care criteria are not met, a decision to authorize/approve further treatment must be made at that time. Preauthorization/Prior Approval of inpatient health care stays will terminate on the date the Member is to be discharged from the Hospital or Facility (as ordered by the attending Practitioner). Hospital/Facility days accumulated beyond the ordered discharge date will not be authorized/approved unless the continued stay criteria continue to be met. Charges by Practitioners and/or Providers associated with these non-authorized/approved days are non-covered.

The health care service or treatment that is the subject of the Adverse Determination shall be continued without liability to the Member until the Member has been notified of the determination by the Plan with respect to the internal review request made pursuant to the Plan's Appeal Procedures. Any reduction or termination by the Plan during the course of treatment before the end of the period or number treatments shall constitute an Adverse Determination. For requests to extend the course of treatment beyond the initial period of time or the number of treatments, if the request is made at least twenty-four (24) hours prior to the expiration of the prescribed period of time or number of treatments, the Plan shall make an urgent Concurrent determination and notify the Member, or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service by telephone of the determination as soon as possible taking into account the Member's medical condition but in no event more than twenty-four (24) hours after the date of the Plan's receipt of the request.

The Plan will provide electronic or written notification of an authorization/approval to the Member or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service within *three (3) calendar* days after the telephone notification. The Plan shall provide written or electronic notification of the Adverse Determination to the Member or the Member's Authorized Representative and those Providers involved in the provision of the service sufficiently in advance (but no later than within *three (3) calendar* days of the telephone notification) of the reduction or termination to allow the Member or, the Member's Authorized Representative to file an Appeal request to review of the Adverse Determination and obtain a determination with respect to that review before the benefit is reduced or terminated.

In cases where the Member is not at financial risk, Members will not be notified of an Adverse Determination. Members will be notified in all other cases.

Urgent Concurrent Reviews Requested Within Twenty-Four (24) Hours of Expiring Authorization/Approval

If the request to extend Urgent Concurrent Review is not made at least *twenty-four (24) hours* prior to the expiration of the prescribed period of time, or number of treatments for medical care, including care for behavioral, mental health, and/or substance use disorders, Sanford Health Plan will treat it as an Urgent Prospective (Pre-service) Review decision and make the decision as soon as possible (taking into account the medical exigencies) but no later than *seventy-two (72) hours* after the request. For authorizations/approvals and denials, the Plan will give telephone notification of the decision to the Member, Practitioner and those Providers involved in the provision of the service within *seventy-two (72) hours* of receipt of the request. The Plan will give written or electronic notification of the decision to the Member, Practitioner and those Providers involved in the provision of the service as soon as possible but no later than within *three (3) calendar* days of the telephone notification.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedures outlined below. At this point, the Member can request an Appeal of Adverse Determination. Refer to the "*Problem Resolution*" in Section 8 for details.

Retrospective (Post-service) Review Process for Medical Care Requests

Retrospective (Post-service) Review is used by Sanford Health Plan for medical care, including care for behavioral, mental health, and/or substance use disorders to review services that have already been utilized by the Member where such services have not involved a Prospective (Pre-service) Review request, and where the review is not limited to the veracity of documentation, accuracy of coding, or adjudication for payment. The Plan will review the request and make the decision to approve or deny within *thirty (30)* calendar days of receipt of the request. Written or electronic notification will be made to the Member, Practitioner and those Providers involved in the provision of the service within *thirty (30) calendar* days of receipt of the request. In cases where the Member is not at financial risk, Members will not be notified of an Adverse Determination. Members will be notified in all other cases.

If the Utilization Management Department is unable to make a decision due to matters beyond its control, it may extend the decision timeframe once, for up to *fifteen (15)* calendar days. Within *thirty (30)* calendar days of the request for review, Sanford Health Plan must notify the Member or Member's Authorized Representative of the need for an extension and the date by which it expects to make a decision.

Lack of Necessary Information

If the Utilization Management Department is unable to make a decision due to lack of necessary information, it must notify the Member or the Member's Authorized Representative of what specific information is necessary to make the decision within *thirty (30) calendar* days of the Retrospective (Post-service) Review request. Sanford Health Plan must give the Member or the Member's Authorized Representative *forty-five (45)* calendar days to provide the specified information. In lieu of notifying the Member, the Plan can notify the Practitioner of the information needed if the request for health care services came from the Practitioner.

The decision time period is suspended from the date of the notification to the Member or Practitioner as applicable, until the earlier of the date on which the Plan receives any information from the Member or Practitioner or *forty-five (45)* days after the notification to the Member or Practitioner. A decision and written or electronic notification to the Member, Practitioner and those Providers involved in the provision of the service will be made within *fifteen (15)* calendar days of that date. If the information is not received by the end of the *forty-five (45)* calendar day extension Sanford Health Plan will issue an Adverse Determination and written or electronic notification will be made to the Member, Practitioner and those Providers involved in the provision of the service within *fifteen (15)* calendar days.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedure below. At this point, the Member can request an Appeal of Adverse Determination. Refer to the "Problem Resolution" in Section 8 for details.

Written Notification Process for Adverse Determinations

The written notifications for Adverse Determinations will include the following:

1. The specific reason for the Adverse Determination in easily understandable language.
2. Reference to the specific internal Plan rule, provision, guideline, or protocol on which the determination was based and notification that the Member will be provided a copy of the actual plan provisions, guidelines, and protocols free of charge upon request. Reasons for any denial or reimbursement or payment for services with respect to benefits under the Plan will be provided within 30 business days of a request.
3. If the Adverse Determination is regarding coverage for a mental health and/or substance use disorder, a statement notifying members of their opportunity to request treatment and diagnosis code information free of charge. Any request for diagnosis and treatment code information may not be (and is not) considered a request for an internal appeal or external review.
4. If the Adverse Determination is based in whole or in part upon the Member failing to submit necessary information, the notice shall include, a description of any additional material or information which the Member failed to provide to support the request, including an explanation of why the material is necessary.
5. If the Adverse Determination is based on medical necessity or an Experimental or Investigational treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for making the determination, applying the terms of the Plan to the Member's medical circumstances or a statement that an explanation will be provided to the Member free of charge upon request.
6. For Mental Health and/or Substance Use Disorder (MH/SUD) Adverse Determinations, if information on any medical necessity criteria is requested, documents will be provided for both MH/SUD and medical/surgical benefits within 30 business days of a Member/Member's Authorized Representative/Provider's request. This information will include documentation of processes, strategies, evidentiary standards and other factors used by the plan, in compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA).
7. If the Adverse Determination is based on medical necessity, a written statement of clinical rationale, including clinical review criteria used to make the decision if applicable. If the denial is due to a lack of clinical information, a reference to the clinical criteria that have not been met must be included in the letter. If there is insufficient clinical information to reference a specific clinical practice guideline or policy, the letter must state the inability to reference the specific criteria and must describe the information needed to render a decision.
8. A description of the Plan's Appeal procedures including how to obtain an expedited review if necessary and any time limits applicable to those procedures, the right to submit written comments, documents or other information relevant to the appeal; an explanation of the Appeal process including the right to member representation; how to obtain an Expedited review if necessary and any time limits applicable to those procedures; and the timeframe the Member has to make an appeal and the amount of time the Plan has to decide it (including the different timeframes for Expedited Appeals).
9. If the Adverse Determination is based on medical necessity, notification and instructions on how the Practitioner can contact the appropriate Practitioner and/or Provider to discuss the determination.
10. If a determination is adverse, the right to bring a civil action in a court of competent jurisdiction.
11. To contact the North Dakota Insurance Commissioner at any time at:

IMPORTANT		IMPORTANT

Here are some important things you should keep in mind about these benefits:

Please remember that all benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary.

Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage.

You or your Practitioner and/or Provider must get Preauthorization/Prior Approval of some services in this Section. The benefit description will say "**Note:** Preauthorization/Prior Approval is required" for certain services.

Failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits (See Services requiring Preauthorization/Prior Approval in Section 4.)

Benefit Description

Diagnostic and treatment services

We cover professional services from Practitioners, Providers, Physicians, Nurse Practitioners, and Physician's Assistants in a Practitioner and/or Provider's office, an urgent care center; as well as medical office consultations, and second surgical opinions.

Note: You or your Practitioner and/or Provider must get Preauthorization/Prior Approval of the following services; Failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits (See Services requiring Preauthorization/Prior Approval in Section 4.):

- Inpatient Hospital stays, Outpatient surgical procedures, and Skilled Nursing Facility stays

Lab, x-ray and other diagnostic test coverage includes:

- Blood tests
- Urinalysis
- Non-routine PAP tests
- Non-routine PSA tests
- Pathology
- X-rays
- PET Scans
- DEXA Scans
- Non-routine mammograms
- CT Scans/MRI
- Ultrasound
- Electrocardiogram (EKG)
- Electroencephalography (EEG)

Not Covered: *Thermograms or thermography*

Preventive care, adults & children

Note: The Plan will pay up to a Maximum Benefit Allowance of $200 per Member per Benefit Period for any *non-routine screening services* not listed below or not recommended with a rating of "A" or "B" by the United States Preventive Services Task Force. Such *non-routine screening services* will be subject to Copayment, Deductible and Coinsurance amounts after the $200 Benefit Allowance has been met.

A Health Care Provider will counsel Members as to how often preventive services are need based on the age, gender and medical status of the Member. Services include:

- **Well Child Care to the Member's 6th birthday**
  - Seven (7) visits for Members from birth through 12 months;
  - Three (3) visits for Members from 13 months through 24 months; and
  - One (1) visit per Benefit Period for Members 25 months through 72 months.
- **Well Child Care Immunizations to the Member's 6th Birthday**
  - Covered immunizations are those that have been published as policy by the Centers for Disease Control, including DPT (Diphtheria-Pertussis-Tetanus), MMR (Measles-Mumps-Rubella), Hemophilus, Influenza B, Hepatitis, Polio, Varicella (Chicken Pox), Pneumococcal Disease, Influenza Virus.
- **Preventive Screening Services for Members age 6 and older**
  - One routine physical examination per Member per Benefit Period.
  - Routine diagnostic screenings.
  - Routine screening procedures for cancer.
- **Mammography Screening Services**
  - One (1) screening service for Members between the ages of 35 and 40.
  - One (1) screening service per year per Members ages 40 and older.
  - Additional benefits will be available for prostate cancer screening when Medically Necessary and ordered by a Professional Health Care Provider.
- **Routine Pap Smear**
  - One (1) Pap smear per Member per Benefit Period. Office Visit Copay applies.
  - Additional benefits will be available for Pap smears when Medically Necessary and ordered by a Professional Health Care Provider.
- **Prostate Cancer Screening for the following: Asymptomatic Males Ages 50 and Older; Males ages 40 and Older of African American descent; and Males Ages 40 with a Family History of Prostate Cancer**

- One (1) digital rectal examination annually per Member. Office Visit Copay applies.
- One (1) prostate-specific antigen test annually per Member. Office Visit Copay applies.
- Additional benefits will be available for prostate cancer screening when Medically Necessary and ordered by a Professional Health Care Provider.

- **Fecal Occult Blood Testing for Colorectal Cancer Screening for Members age 50 and older**
  - One (1) test per Member per benefit period.
- **Immunizations other than Well Child Care**
  - Covered immunizations are those that have been published as policy by the Centers for Disease Control, Including Tetanus, Influenza Virus, Pneumococcal Pneumonia, MMR (Measles-Mumps-Rubella), Varicella (Chicken Pox), Shingles (Zoster), Meningococcal Disease, and Human Papillomavirus (HPV). Certain age restrictions may apply.

Not Covered:

- *Physical examinations, including but not limited to: pre-employment and employment physicals, insurance physicals, or government licensing physicals (including, but not limited to, physicals and eye exams for drivers' licenses)*
- *Virtual colonoscopies*

Maternity care

Note: Due to the inability to predict admission; you or your Practitioner and/or Provider are encouraged to notify the Plan of your expected due date when the pregnancy is confirmed. You are also encouraged to notify the Plan of the date of scheduled C-sections when it is confirmed.

Covered maternity services include:

- Screening for gestational diabetes mellitus during pregnancy
  - Testing includes a screening blood sugar followed by a glucose tolerance test if the sugar is high.
  - Outpatient Nutrition Care Services available for gestational diabetes and diabetes mellitus. See
- Anemia screening
- Bacteruria (bacteria in urine) screening
- Hepatitis B screening
- Rh (Rhesus) incompatibility screening: first pregnancy visit and 24-28 weeks gestation
- Genetic counseling or testing that has in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force unless excluded under "Not Covered" conditions below. *Preauthorization/Prior Approval is required*.
- Prenatal vitamins without Cost Sharing if prescribed by a Practitioner
- Deductible for delivery services is waived if services are rendered at a PPO Provider, and the Member is enrolled in Sanford Health Plan's *Healthy Pregnancy Program*.

Maternity care includes prenatal through postnatal maternity care and delivery, and care for complications of pregnancy in the mother. We cover up to two (2) routine ultrasounds per pregnancy to determine fetal age, size, and development, per plan guidelines.

The minimum inpatient Hospital stay, when complications are not present, ranges from a minimum of *forty-eight (48)* hours for a vaginal delivery to a minimum of *ninety-six (96)* hours for a cesarean birth, excluding the day of delivery. Such inpatient stays may be shortened if the treating Practitioner and/or Provider, after consulting with the mother, determines that the mother and child meet certain criteria and that discharge is medically appropriate. If the inpatient stay is shortened, a post-discharge follow-up visit shall be provided to the mother and newborn by Participating Practitioners and/or Providers competent in postpartum care and newborn assessments.

Note: We encourage you to participate in our *Healthy Pregnancy Program*; Call toll-free (888) 315-0885 | TTY/TDD: (877) 652-1844 *(toll-free)* to enroll.

Not Covered:

- *Amniocentesis or chorionic villi sampling (CVS) solely for sex determination.*
- *Genetic testing when performed in the absence of symptoms or high risk factors for a heritable disease; genetic testing when knowledge of genetic status will not affect treatment decisions, frequency of screening for the disease, or reproductive choices; genetic testing that has been performed in response to direct-to-consumer marketing and not under the direction of the Member's Practitioner and/or Provider.*

Healthy Pregnancy Program – DETAILS

The *Healthy Pregnancy Program* is designed to identify women at higher risk for premature birth and to prevent the incidence of preterm birth through assessment, intervention and education. Participation in the *Healthy Pregnancy Program* is voluntary and free to all Members in the Plan.

To enroll, call Sanford Health Plan's Care Management Department at (877) 652-1847 *(toll-free)* | TTY/TDD: (877) 652-1844 *(toll-free)* after the first prenatal visit, preferably before the 12th week and no later than the 34th week. You may also send a secure message to the Plan by signing into your account at www.sanfordhealthplan.com/memberlogin, and a representative from the Care Management Department will contact you to complete your enrollment in the program.

Enrolling in the *Healthy Pregnancy Program* is easy and free to the Member. When a Member enrolls, a Case Manager will review a brief preterm labor risk assessment questionnaire with the Member. To complete this questionnaire, Members will need their Member ID number; Professional Health Care Provider's name, address and telephone number; and expected due date. As a program participant, the Member will receive information concerning pregnancy and prenatal care.

Note: When a Member is enrolled under the *Healthy Pregnancy Program*, the Deductible Amount is waived for delivery services received from a PPO Health Care Provider.

Newborn care

A newborn is eligible to be covered from birth. Members must complete and sign the Plan's enrollment application form requesting coverage for the newborn within *thirty-one (31)* days of the infant's birth. For more information, see Section 3 on Enrollment and "*When and How Dependent Coverage Begins"*.

We cover care for the enrolled newborn child from the moment of birth including care and treatment for illness, injury, premature birth and medically diagnosed congenital defects and birth abnormalities (Please refer to "Reconstructive Surgery" in Section 5(a) for coverage information of surgery to correct congenital defects).

Not Covered: *Newborn delivery and nursery charges for adopted dependents prior to the adoption-bonding period (See Section 3, "When and How Dependent Coverage Begins.")*

Infertility services

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Benefits are available for services, supplies and medications related to artificial insemination (AI) and assisted reproductive technology (ART); includes gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), intracytoplasmic sperm injection (ICSI), or in-vitro fertilization (IVF). *Prior Approval is required for assisted reproductive technology for GIFT, ZIFT, ICSI and IVF.*

Note: Benefits are subject to a $500 Lifetime Infertility Services Deductible Amount and a $20,000 Lifetime Maximum per Member. This Coinsurance Amount and the Infertility Services Deductible Amount do not apply toward the Out-of-Pocket Maximum Amount.

Not Covered:

- *Donor eggs including any donor treatment and retrieval costs, donor sperm, cryopreservation or storage of unfertilized sperm or eggs; Surrogate pregnancy and delivery; Gestational Carrier pregnancy and delivery; and preimplantation genetic diagnosis testing;*
- *Genetic testing when performed in the absence of symptoms or high risk factors for a heritable disease; genetic testing when knowledge of genetic status will not affect treatment decisions, frequency of screening for the disease, or reproductive choices; genetic testing that has been performed in response to direct-to-consumer marketing and not under the direction of the Member's Practitioner and/or Provider;*
- *Reversals of prior sterilization procedures; and*
- *Any expenses related to surrogate parenting.*

Allergy care

We cover:

- Testing and treatment
- Allergy injections
- Allergy serum

Not Covered:

- *The following allergy testing modalities: nasal challenge testing, provocative/neutralization testing for food and food additive allergies, leukocyte histamine release, Rebuck skin window test, passive transfer or Prausnitz-Kustner test, cytotoxic food testing, metabisulfite testing, candidiasis hypersensitivity syndrome testing, IgG level testing for food allergies, general volatile organic screening test and mauve urine test.*
- *Methods of desensitization treatment: provocation/neutralization therapy for food/chemical or inhalant allergies by sublingual, intradermal and subcutaneous routes, Urine Autoinjections, Repository Emulsion Therapy, Candidiasis Hypersensitivity Syndrome Treatment or IV Vitamin C Therapy (unless otherwise specified as covered in this COI).*
- *Clinical ecology, orthomolecular therapy, vitamins (unless otherwise specified as covered in this COI) or dietary nutritional supplements, or related testing provided on an inpatient or outpatient basis.*

Dialysis

Dialysis for renal disease, unless or until the Member qualifies for federally funded dialysis services under the End Stage Renal Disease (ESRD) program. Services include equipment, training, and medical supplies required for effective dialysis care. See *Outpatient Nutrition Care Services* in this Section for additional Chronic Renal Failure benefits. Coordination of Benefit (COB) Provisions apply. For more information on COB, please see Section 9.

Treatment therapies

We cover:

- Inhalation Therapy
- Radiation Therapy
- Chemotherapy, regardless of whether the Member has separate prescription drug benefit coverage
- Pheresis Therapy

Diabetes supplies, equipment, and education

- Blood glucose monitors, including continuous glucose monitoring systems (CGM), *Preauthorization/Prior Approval is required*
- Blood glucose monitors for the legally blind
- Test strips for glucose monitors
- Urine testing strips
- Insulin injection aids
- Lancets and lancet devices
- Insulin pumps and all supplies for the pump, *Preauthorization/Prior Approval is required*
- Routine foot care, including toe nail trimming
- Syringes
- Insulin infusion devices, *Preauthorization/Prior Approval is required*
- Custom diabetic shoes and inserts limited to *one (1) pair* of depth-inlay shoes and *three (3) pairs* of inserts; or *one (1) pair* of custom molded shoes (including inserts) and three *(3)* additional pairs of inserts
- Prescribed oral agents for controlling blood sugars
- Glucose agents
- Glucagon kits
- Insulin measurement and administration aids for the visually impaired and other medical devices for the treatment of diabetes
- Dilated Eye Examination, limited to one (1) examination per Member per Benefit Period

Diabetes self-management training and education services shall only be covered if:

- the service is provided by a Physician, nurse, dietitian, pharmacist or other licensed health care Practitioner and/or Provider who satisfies the current academic eligibility requirements of the National Certification Board for Diabetic Educators and has completed a course in diabetes education and training, or has been certified by a diabetes educator; and
- the training and education is based upon a diabetes program recognized by the American Diabetes Association; or a diabetes program with a curriculum approved by the American Diabetes Association or the North Dakota Department on Health.

Not Covered: *Food items for medical nutrition therapy*

Outpatient rehabilitative and habilitative therapy services

Coverage is as follows for outpatient rehabilitative and habilitative therapy services, which include the management of limitations and disabilities, and services or programs that help maintain or prevent deterioration in physical, cognitive, or behavioral function:

- **Physical Therapy:** Benefits are subject to medical necessity and performed by or under the direct supervision of a licensed Physical Therapist. Services must be provided in accordance with a prescribed plan of treatment ordered by a Professional Health Care Provider.
- **Occupational Therapy:** Benefits are available for 90 consecutive calendar days, beginning on the date of the first therapy treatment for the condition. Additional benefits may be allowed after the 90 days when Medically Necessary. Benefits are available when performed by or under the direct supervision of a licensed Occupational Therapist. Services must be provided in accordance with a prescribed plan of treatment ordered by a Professional Health Care Provider.
- **Speech Therapy:** Benefits are available for 90 consecutive calendar days, beginning on the date of the first therapy treatment for the condition. Additional benefits may be allowed after the 90 days when Medically Necessary. Benefits are available when performed by or under the direct supervision of a certified and licensed Speech Therapist. Services must be provided in accordance with a prescribed plan of treatment ordered by a Professional Health Care Provider.
- **Respiratory/Pulmonary Therapy:** Available when services are performed by or under the direct supervision of a registered respiratory care practitioner for the treatment, management, control and care of Members with deficiencies and abnormalities of the cardiorespiratory system. Services must be provided in accordance with an order from a Professional Health Care Provider.
- **Cardiac Rehabilitation Services:** Cardiac Rehabilitation Services must begin within 2 months following discharge from the Hospital. Twelve (12) visits per Member per episode, limited to the following diagnosed medical conditions:
  - Myocardial Infarction
  - Coronary Artery Bypass Surgery
  - Coronary Angioplasty and Stenting
  - Heart Valve Surgery
  - Heart Transplant Surgery

Not Covered:

- *Educational or non-medical services for learning disabilities and/or behavioral problems, including those educational or non-medical services provided under the Individuals with Disabilities Education Act (IDEA)*
- *Maintenance Care that is typically long-term, by definition not therapeutically necessary but is provided at regular intervals to promote health and enhance the quality of life; this includes care provided after maximum therapeutic improvement, without a trial of withdrawal of treatment, to prevent symptomatic deterioration or initiated by Members without symptoms in order to promote health and to prevent further problems*
- *Services provided in the Member's home for convenience*
- *Hot/cold pack therapy including polar ice therapy and water circulating devices*

Phenylketonuria (PKU)

Testing, diagnosis and treatment of Phenylketonuria (PKU) including dietary management, formulas, Case Management, intake and screening, assessment, comprehensive care planning and service referral.

Not Covered:

- *PKU dietary desserts and snack items*
- *Low protein modified food products or medical food for PKU to the extent those benefits are available under a Department of Health program or other state agency*

Amino acid-based elemental oral formulas

Coverage for medical foods and low-protein modified food products determined by a Practitioner and/or Provider to be medically necessary for the therapeutic treatment of an inherited metabolic disease of amino acid or organic acid.

Not Covered:

- *Dietary desserts and snack items*
- *Low protein modified food products or medical food for PKU to the extent those benefits are available under a Department of Health program or other state agency*

Outpatient nutrition care services

Benefits are available for the following medical conditions:

- **Hyperlipidemia** – Maximum Benefit Allowance of two (2) Office Visits per Member per Benefit Period.
- **Gestational Diabetes** – Maximum Benefit Allowance of two (2) Office Visits per Member per Benefit Period.
- **Chronic Renal Failure** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Diabetes Mellitus** – Maximum Benefit Allowance of two (4) Office Visits per Member per Benefit Period.
- **Anorexia Nervosa** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Bulimia** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **PKU** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.

Not Covered:

- *Education Programs or Tutoring Services (not specifically defined elsewhere) including, but not limited to, education on self-care or home management*
- *Lifestyle Improvement Services, such as physical fitness programs, health or weight loss clubs or clinics*

Hearing services (testing, treatment, and supplies)

Hearing services coverage is provided for the following:

- Sudden sensorineural hearing loss (SSNHL), and diagnostic testing and treatment related to acute illness or injury.

Note: Preauthorization/Prior Approval is required for the following services; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.):

1. External hearing aids for the treatment of a hearing loss that is not due to the gradual deterioration that occurs with aging and/or other lifestyle factors.
    a. Benefit is limited to one hearing aid, per ear, per Member, every three (3) years, in alignment with medical necessity and Plan guidelines.
    b. The provision of hearing aids must meet criteria for rehabilitative and/or habilitative services coverage and either:
        i. provide significant improvement to the Member within two (2) months, as certified on a prospective and timely basis by the Plan; or
        ii. help maintain or prevent deterioration in physical, cognitive, or behavioral function.
2. Cochlear implants and bone-anchored (hearing-aid) implants.
3. Hearing aids for Members under age 18.

Not Covered:

- *Treatment of gradual deterioration of hearing that occurs with aging and/or other lifestyle factors, and related adult hearing screening services, testing and supplies*
- *For Members ages 18 and older, external hearing aids; non-implant devices; or equipment to correct gradual hearing impairment or loss that occurs with aging and/or other lifestyle factors*
- *Tinnitus Maskers*
- *All other hearing related supplies, purchases, examinations, testing or fittings*

Vision services (testing, treatment, and supplies)

Vision services coverage is as follows:

- Non-routine vision exams relating to disease or injury of the eye
- Eyeglasses or contact lenses for Members diagnosed with aphakia (the absence of the lens of the eye, due to surgical removal, a perforated wound or ulcer, or a congenital condition resulting in complications which include the detachment of the vitreous or retina, and glaucoma)
- Eyeglasses, including lenses and one frame per lifetime up to up to a net allowance of $200 or clear contact lenses for the aphakia eye will be covered for *two (2)* single lens per calendar year
- Scleral Shells: Soft shells limited to *two (2)* per calendar year. Hard shells limited to *one (1)* per lifetime
- Cataract Surgery
- One (1) pair of eyeglasses or contact lenses per Member when purchased within 6 months following a covered cataract surgery the surgery
- Visual Training for Members under age 10. Benefits are subject to an Annual Maximum of 16 visits per Member.

Not Covered:

- *Adult vision exams (routine)*
- *Eyeglasses or contact lenses and the vision examination for prescribing or fitting eyeglasses or contact lenses, unless specified as Covered elsewhere in this Certificate of Insurance*
- *Refractive errors of the eye*
- *Refractive eye surgery when used in otherwise healthy eyes to replace eyeglasses or contact lenses*
- *Purchase, examination, or fitting of eyeglasses or contact lenses, except as specifically covered elsewhere*
- *Radial Keratotomy, Myopic Keratomileusis, and any surgery involving corneal tissue for the purpose of altering, modifying, or correcting myopia, hyperopia, or stigmatic error*
- *Replacement of lost, stolen, broken, or damaged lenses or glasses*
- *Bifocal contact lenses*
- *Special lens coating or lens treatments for prosthetic eyewear*
- *Routine cleaning of Scleral Shells*

Foot care

Routine foot care covered for Members with diabetes only. See Section 5(a) *Diabetes supplies, equipment, and education* for more information on Plan policies.

Non-routine diagnostic testing and treatment of the foot due to illness or injury

Note: See Section on *Orthotic and prosthetic devices* for information on podiatric shoe inserts

Not Covered:

- *Cutting, removal, or treatment of corns, calluses, or nails for reasons other than authorized/approved corrective surgery (except as stated above and in Section 5(a) "Diabetes supplies, equipment, and education")*
- *Diagnosis and treatment of weak, strained, or flat feet*

Orthotic and prosthetic devices

Prosthetic limbs, sockets and supplies, and prosthetic eyes limited to *one (1)* per lifetime

Externally worn breast prostheses and surgical bras, including necessary replacements following a mastectomy. Includes *two (2)* external prosthesis per Calendar Year and *two (2)* bras per Calendar Year. For double mastectomy: coverage extends to *four (4)* external prosthesis per Calendar Year and *two (2)* bras per Calendar Year.

Adjustments and/or modification to the prosthesis required by wear/tear, due to a change in Member's condition, or to improve its function are eligible for coverage and do not require Preauthorization/Prior Approval.

Repairs necessary to make the prosthetic functional are covered and do not require authorization/approval. The expense for repairs is not to exceed the estimated expense of purchasing another prosthesis.

Note: The following requires Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.):

- Cochlear implants and related services
- Devices permanently implanted that are not Experimental or Investigational such as artificial joints, pacemakers, and surgically implanted breast implant following mastectomy.

Note: Internal prosthetic devices are paid as Hospital benefits; see Section 5(b) for payment information. Insertion of the device is paid under the surgery benefit.

Not Covered:

- *Experimental and/or Investigational services or devices*
- *Revision/replacement of prosthetics (except as noted per Plan guidelines (available upon request))*
- *Replacement or repair of items, if the items are damaged or destroyed by the Member's misuse, abuse or carelessness, lost, or stolen*
- *Duplicate or similar items*
- *Service call charges, labor charges, charges for repair estimates*
- *Wigs, cranial prosthesis, or hair transplants*
- *Cleaning and polishing of prosthetic eye(s)*

Durable medical equipment (DME)

Covered DME equipment prescribed by an attending Practitioner and/or Provider, which is Medically Necessary, not primarily and customarily used for non-medical purposes, designed for prolonged use, and for a specific therapeutic purpose in the treatment of an illness or injury. Limitations per Certificate of Insurance guidelines apply (available upon request).

Casts, splints, braces, crutches and dressings for the treatment of fracture, dislocation, torn muscles or ligaments and other chronic conditions per Plan guidelines (available upon request).

Note: The following DME require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.):

- Respiratory equipment such as ventilators, pleural catheters, hand-held battery operated nebulizers, and suction pumps

- Gastrointestinal equipment such as TPN enteral supplies and formula, parenteral nutrition, and suction pumps
- Beds such as Hospital beds and mattresses
- Musculoskeletal equipment such as neuromuscular stimulators, and bone growth stimulators
- Integumentary supplies such as wound vacuum systems
- Wheelchairs
- Home IV therapy supplies and medications
- Repair, replacement, and periodic maintenance of durable medical equipment

Note: This list is not all-inclusive and is subject to change per Certificate of Insurance updates.

Not Covered:

- *Orthopedic shoes; custom made orthotics; over-the-counter orthotics and appliance, except if covered elsewhere in this Certificate of Insurance*
- *Disposable supplies (including diapers) or non-durable supplies and appliances, including those associated with equipment determined not to be eligible for coverage*
- *Revision of durable medical equipment, except when made necessary by normal wear or use*
- *Replacement or repair of equipment if items are damaged or destroyed by Member misuse, abuse, or carelessness; or if lost or stolen*
- *Duplicate or similar items*
- *Sales tax, mailing, delivery charges, service call charges, or charges for repair estimates*
- *Items which are primarily educational in nature or for vocation, comfort, convenience or recreation*
- *Household equipment which primarily has customary uses other than medical, such as, but not limited to, air purifiers, central or unit air conditioners, water purifiers, non-allergic pillows, mattresses or waterbeds, physical fitness equipment, hot tubs, or whirlpools*
- *Household fixtures including, but not limited to, escalators or elevators, ramps, swimming pools and saunas*
- *Home Modifications including, but not limited to, its wiring, plumbing or changes for installation of equipment*
- *Vehicle modifications including, but not limited to, hand brakes, hydraulic lifts, and car carrier*
- *Remote control devices as optional accessories*
- *Any other equipment and supplies which the Plan determines are not eligible for coverage*

Home health services

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)
Member must be home-bound to receive home health services. The following are covered if approved by the Plan in lieu of Hospital or Skilled Nursing Facility:

- part-time or intermittent care by a RN or LPN/LVN
- part-time or intermittent home health aide services for direct patient care only
- physical, occupational, speech, inhalation, and intravenous therapies up to the maximum benefit allowable
- medical supplies, prescribed medications, and lab services, to the extent they would be covered if the Member were Hospitalized

Not Covered:

- *Nursing care requested by, or for the convenience of the Member or the Member's family (rest cures)*
- *Custodial or convalescent care*

Chiropractic services

Chiropractic services provided on an inpatient or outpatient basis when Medically Necessary as determined by Sanford Health Plan and within the scope of licensure and practice of a Chiropractor, to the extent services would be covered if provided by a Physician. Benefits are not available for maintenance care.

Not Covered:

- *Maintenance care*
- *Vitamins (unless otherwise specified as covered in this COI), minerals, therabands, cervical pillows, and hot/cold pack therapy including polar ice therapy and water circulating devices*

Reconstructive surgery

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Surgery to restore bodily function or correct a deformity caused by illness or injury
- If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). Coverage for mastectomy related benefits will be provided in a manner determined in consultation with the attending Practitioner and/or Provider and Member. Coverage will be provided for reconstructive breast surgery and physical complications at all stages of a mastectomy, including lymphedema for those Members who had a mastectomy resultant from a disease, illness, or injury. For single mastectomy: coverage extends to the non-affected side to make it symmetrical with the affected breast post-surgical reconstruction. Breast prostheses and surgical bras and replacements are also covered (see Prosthetic devices in Section 5(a)). Deductible and coinsurance applies as outlined in your *Summary of Benefits and Coverage*.

Not Covered:

- *Surgeries related to gender transformation/gender reassignment*
- *Cosmetic Services and/or supplies to repair or reshape a body structure primarily for the improvement of a Member's appearance or psychological well-being or self-esteem, including but not limited to, breast augmentation, skin disorders, rhinoplasty, liposuction, scar revisions, and cosmetic dental services*
- *Removal, revision or re-implantation of saline or silicone implants for: breast implant malposition; unsatisfactory aesthetic outcome; patient desire for change of implant; patient fear of possible negative health effects; or removal of ruptured saline implants that do not meet medical necessity criteria*
- *Prophylactic (preventive) surgeries (i.e. mastectomy, oophorectomy)*

Oral and maxillofacial surgery

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Oral surgical procedures limited to services required because of injury, accident or cancer that damages Natural Teeth
  - "Injury" does not include injuries to Natural Teeth caused by biting or chewing
  - Care must be received within *six (6)* months of the occurrence
  - Associated radiology services are included
- Orthognathic Surgery per Plan guidelines (available upon request)
- Diagnosis and treatment for Temporomandibular Joint (TMJ) Dysfunction and/or Temporomandibular Disorder (TMD) and TMJ splints and adjustments if your primary diagnosis is TMJ/TMD.
- Preauthorization/Prior Approval is required for dental anesthesia for Members over age nine (9) and/or Members with a developmental disability, as determined by a licensed Practitioner and/or Provider, which places such a person at serious risk.
- Coverage applies regardless of whether the services are provided in a Hospital or a dental office

Note: Dental care Anesthesia and Hospitalization for the extraction of teeth is covered for a Member who:

a. is a child under age nine (9); or
b. is severely disabled or otherwise suffers from a developmental disability, or
c. has high risk medical condition(s) as determined by a licensed Practitioner and/or Provider, which places such a person at serious risk.

Not Covered:

- *Routine dental care and treatment*
- *Natural teeth replacements including crowns, bridges, braces or implants*
- *Osseointegrated implant surgery (dental implants)*
- *Extraction of wisdom teeth*
- *Hospitalization for extraction of teeth except as stated above in this subsection*
- *Dental x-rays or dental appliances*
- *Shortening of the mandible or maxillae for cosmetic purposes*
- *Services and supplies related to ridge augmentation, implantology, and Preventive vestibuloplasty*
- *Dental appliances of any sort, including but not limited to bridges, braces, and retainers (except for appliances for treatment of TMJ/TMD)*

Transplant services

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Coverage is provided for the organ donor expenses under the transplant recipient's benefit plan when billed under the transplant recipient's name when the recipient of the transplant meets ALL of the following criteria:

- Is eligible for coverage under the Plan;
- Has a condition for which the proposed transplant is considered medically necessary;
- Meets the Plan's medical coverage guidelines for transplant; and
- The charges are not covered by the donor's own benefit plan, by another group health plan or other coverage arrangement.

Coverage is provided for transplants according to the Plan's medical coverage guidelines (available upon request) for the following services:

- Pre-operative care
- Transplant procedure, Facility and professional fees
- Organ acquisition costs including:
  - For living donors: organ donor fees, recipient registration fees, laboratory tests (including tissue typing of recipient and donor), and Hospital services that are directly related to the excision of the organ
  - For cadaver donors: operating room services, intensive care cost, preservation supplies (perfusion materials and equipment), preservation technician's services, transportation cost, and tissue typing of the cadaver organ
- Bone marrow or stem cell acquisition and short term storage during therapy for a Member with a covered illness
- Short-term storage of umbilical cord blood for a Member with a malignancy undergoing treatment when there is a donor match.
- Post-transplant care and treatment
- Medications (including immunosuppressive medications)

- Supplies (must be Preauthorized/Prior Approved)
- Psychological testing
- Living donor transplant-related complications for sixty (60) days following the date the organ is removed, if not otherwise covered by donor's own health benefit plan, by another group health plan, or other coverage arrangement

Transplants that meet the United Network for Organ Sharing (UNOS) criteria and/or Plan COI requirements, and are performed at Plan Participating Providers or contracted Centers of Excellence, are covered for the following:

1. Small bowel transplants
2. Kidney transplants for End Stage Renal Disease
3. Cornea transplants
4. Heart transplants
5. Implantable ventricular assist device used while waiting for a heart transplant
6. Lung transplants or heart/lung transplants for:
    a. Primary pulmonary hypertension;
    b. Eisenmenger's syndrome;
    c. End stage pulmonary fibrosis;
    d. Alpha 1 antitrypsin disease;
    e. Cystic fibrosis; and
    f. Emphysema for members with specific indications.
7. Liver transplants for:
    a. Biliary atresia in children;
    b. Primary biliary cirrhosis;
    c. Post-acute viral infection (including hepatitis a, hepatitis b antigen e negative and hepatitis c causing acute atrophy or post necrotic cirrhosis);
    d. Primary sclerosing cholangitis; and
    e. Alcoholic cirrhosis.
8. Pancreas transplants (cadaver organ) for Members with Type I uncontrolled diabetes for:
    a. Simultaneous pancreas kidney;
    b. Pancreas after kidney; and
    c. Pancreas before kidney.
9. Allogenic bone marrow transplants or peripheral stem cell support (myeloablative or non-myeloablative) for:
    a. Acute Lymphoblastic Leukemia
    b. Acute Myelogenous Leukemia
    c. Chronic Myelogenous Leukemia
    d. Pediatric Neuroblastoma
    e. Myelodysplastic Diseases
    f. Hodgkin's Disease (Lymphoma)
    g. Non-Hodgkin's Lymphoma
    h. Genetic Diseases and Acquired Anemias:
        i. Sickle cell anemia
        ii. Severe aplastic anemia
        iii. Wiskott-Aldrich syndrome
        iv. Severe combined immunodeficiencies
        v. Mucopolysaccharidoses
        vi. Mucolipidoses
10. Autologous bone marrow transplants or peripheral stem cell support associated with high dose chemotherapy for:
    a. Acute Lymphoblastic Leukemia
    b. Acute Myelogenous Leukemia
    c. Chronic Myelogenous leukemia
    d. Pediatric Neuroblastoma
    e. Ewing's Sarcoma
    f. Primitive Neuroectodermal Tumors
    g. Germ Cell Tumors
    h. Multiple Myeloma
    i. Primary Amyloidosis
    j. Hodgkin's Disease (Lymphoma)
    k. Non-Hodgkin's Lymphoma
    l. Breast cancer

Not Covered:

- *Transplant evaluations with no end organ complications*
- *Storage of stem cells, including storing umbilical cord blood of non-diseased persons, for possible future use*
- *Artificial organs, any transplant or transplant services not listed above*
- *Expenses incurred by a Member as a donor, unless the recipient is also a Member*
- *Costs related to locating and/or screening organ donors*

- *Donor expenses for complications that occur after sixty (60) days from the date the organ is removed, regardless of whether the donor is covered as a Member under this Plan*
- *Services, chemotherapy, radiation therapy (or any therapy that damaged the bone marrow), supplies, medications and aftercare for, or related to, artificial or non-human organ transplants*
- *Services, chemotherapy, supplies, medications and aftercare for or related to human organ transplants not specifically approved by the Plan's Chief Medical Officer or its designee*
- *Services, chemotherapy, supplies, medications and aftercare for, or related to, transplants performed at a non-Plan Participating Center of Excellence*
- *Transplants and transplant evaluations that do not meet the United Network for Organ Sharing (UNOS) criteria*

Anesthesia

We cover services of an anesthesiologist or other certified anesthesia Provider in connection with an authorized/approved procedure or treatment.

Concurrent services received while inpatient

Concurrent services including medical, surgical, maternity, Chemotherapy or Radiation Therapy provided during one inpatient stay by one Professional Health Care Provider. Benefits for concurrent services will be based on the Covered Service with the highest Allowance.

When two or more Professional Health Care Providers have attended the Member during one inpatient stay because the nature or severity of the Member's condition requires the skills of separate Professional Health Care Providers, benefits will be available for the Covered Service that carries the highest Allowance for the type of service provided by each Professional Health Care Provider, provided the service is Medically Appropriate and Necessary and would otherwise be a Covered Service under this Benefit Plan.

Section 5(b) Services provided by a Hospital or other Facility

IMPORTANT

Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary.
- Participating Providers must provide or arrange your care, and you must be Hospitalized in a Participating Facility, per Plan guidelines.
- Mental Health and Substance Use Disorder benefits provided by a Hospital or other Facility are outlined in Section 5(d).
- Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage.
- **YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL OF SOME OF THESE SERVICES**. See the benefits description below.

IMPORTANT

Benefit Description

Inpatient Hospital

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

The following Hospital Services are covered:

- Room and board
- Critical care services
- Use of the operating room and related facilities
- General Nursing Services, including special duty Nursing Services if approved by the Plan
- The administration of whole blood and blood plasma is a Covered Service. The purchase of whole blood and blood components is not covered unless such blood components are classified as medications in the *United States Pharmacopoeia*.
- Special diets during Hospitalization, when specifically ordered
- Other services, supplies, biologicals, and medications prescribed by a Practitioner and/or Provider during Hospitalization

Note: If you need a mastectomy, you may choose to have the procedure performed on an inpatient basis and remain in the Hospital up to 48 hours after the procedure.

Not Covered:

- *Take-home medications (Prescription medications provided to a Member at discharge are paid under the Prescription Drug Benefit. See Sections 2 and 5(e) for payment amount details.)*
- *Personal comfort items (telephone, television, guest meals and beds)*
- *Admissions to Hospitals performed only for the convenience of the Member, the Member's family, or the Member's Practitioner and/or Provider*
- *Custodial or Convalescent care*
- *Intermediate level or Domiciliary care*
- *Rest cures*
- *Services to assist in activities of daily living (ADLs)*

Outpatient Hospital or Ambulatory Surgical Center

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Health care services furnished in connection with a surgical procedure performed in a participating surgical center include:

- Outpatient Hospital surgical center
- Outpatient Hospital services such as diagnostic tests
- Ambulatory surgical center (same day surgery)

Not Covered:

- *Surgical procedures that can be done in a Practitioner office setting (i.e. vasectomy, toe nail removal)*
- *Blood and blood derivatives replaced by the Member*
- *Take-home medications (Prescription medications provided to a Member at discharge are paid under the Prescription Drug Benefit. See Sections 2 and 5(e) for payment amount details.)*

Skilled Nursing Facility Benefits

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Skilled Nursing Facility Services are covered if approved by the Plan in lieu of continued or anticipated Hospitalization. The following Skilled Nursing Facility Services are covered when provided through a state-licensed nursing Facility or program:

- Skilled nursing care, whether provided in an inpatient skilled nursing unit; a Skilled Nursing Facility; or a subacute (swing bed) Facility

- Room and board in a Skilled Nursing Facility
- Special diets in a Skilled Nursing Facility, if specifically ordered

Skilled nursing care in a Hospital shall be covered if the level of care needed by a Member has been reclassified from acute care to skilled nursing care and no designated skilled nursing care beds or swing beds are available in the Hospital or in another Hospital or health care Facility within a *thirty-mile (30)* radius of the Hospital.

Not Covered:

- *Custodial or Convalescent care*
- *Intermediate level or Domiciliary care*
- *Residential care*
- *Rest cures*
- *Services to assist in activities of daily living*

Hospice Care

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

A Member may elect to receive hospice care, instead of the traditional Covered Services provided under the Plan, when the following circumstances apply:

a. The Member has been diagnosed with a terminal disease and a life expectancy of *six (6)* months or less;
b. The Member has chosen a palliative treatment focus (i.e. emphasizing comfort and support services rather than treatment attempting to cure the disease or condition);
c. The Member continues to meet the terminally ill prognosis as reviewed by the Plan's Chief Medical Officer over the course of care; and
d. The hospice service has been approved by the Plan.

The following Hospice Services are Covered Services:

a. Admission to a hospice Facility, Hospital, or Skilled Nursing Facility for room and board, supplies and services for pain management and other acute/chronic symptom management
b. In-home hospice care per Plan guidelines (available upon request)
c. Part-time or intermittent nursing care by a RN, LPN/LVN, or home health aide for patient care up to *eight (8)* hours per day
d. Social services under the direction of a Participating Provider
e. Psychological and dietary counseling
f. Physical or occupational therapy, as described under *Section 5(a)*
g. Consultation and Case Management services by a Participating Provider
h. Medical supplies, DME and medications prescribed by a Participating Provider
i. Expenses for Participating Providers for consultant or Case Management services, or for physical or occupational therapists, who are not Group Members of the hospice, to the extent of coverage for these services as listed in this *Section 5(a)*, but only where the hospice retains responsibility for the care of the Member

Not Covered: *Independent nursing, homemaker services, respite care*

IMPORTANT		IMPORTANT
	Here are some important things to keep in mind about these benefits: Please remember that all benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary. Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage.	

What is an Emergency Medical Condition?

An **Emergency Medical Condition** is the sudden and unexpected onset of a health condition that would lead a Prudent Layperson, acting reasonably, and possessing the average knowledge of health and medicine, to believe that the absence of immediate medical attention could result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person's health; or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

What is a Prudent Layperson?

A **Prudent Layperson** is a person who is without medical training and who possess an average knowledge of health and medicine and who draws on his/her practical experience when making a decision regarding the need to seek Emergency medical treatment.

What is an Urgent Care Situation?

An **Urgent Care Situation** is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within *twenty-four (24)* hours, such as stitches for a cut finger. **Urgent Care Request** means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination which:

a. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or
b. In the opinion of a Practitioner and/or Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

If an Urgent Care Situation occurs, Members should contact their Primary Care Practitioner and/or Provider immediately, if one has been selected, and follows his or her instructions. A Member may always go directly to a participating urgent care or after-hours clinic (listing available upon request or visit www.sanfordhealthplan.com/ndpers).

The Health Plan covers worldwide Emergency services necessary to screen and stabilize Members without Preauthorization/Prior Approval in cases where a Prudent Layperson would reasonably believe that an Emergency Medical Condition existed. Network restrictions do not apply to Emergency services received by Practitioners and/or Providers outside of the United States.

Benefit Description

Emergency Medical Conditions

Emergency services from Basic Plan-level Providers will be covered at the same benefit and cost sharing level as services provided by PPO-level Providers both within and outside of the Sanford Health Plan Service Area in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed.

Note: If the Plan determines the condition did not meet Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts will apply, and the Member is responsible for charges above the Reasonable Cost.

If an Emergency Medical Condition arises, Members are encouraged to seek services at the nearest Emergency Facility that is a Participating Provider. If the Emergency Medical Condition is such that a Member cannot go safely to the nearest Participating Emergency Facility, then the Member should seek care at the nearest Emergency Facility. To find a listing of Participating Providers and Facilities, sign into your account at www.sanfordhealthplan.com/memberlogin or call the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

The Member, or a designated relative or friend must notify the Plan, and the Member's Primary Care Practitioner and/or Provider, if one has been selected, as soon as reasonably possible after receiving treatment for an Emergency Medical Condition, but no later than *forty-eight (48)* hours after the Member is physically or mentally able to do so.

Participating Emergency Providers/Facilities

The Plan covers Emergency services necessary to screen and stabilize Members without Preauthorization/Prior Approval in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts may apply, subject to whether services were received from a PPO-level or Basic-level Participating Provider/Facility, as set forth in Section 1. See Section 1, "*Participating Providers*" and "*How PPO vs. Basic Plan Determines Benefit Payment*" for details.

Non-Participating Emergency Providers/Facilities

The Plan covers Emergency services necessary to screen and stabilize a Member and may not require Prospective (Pre-Service) Review of

such services if a Prudent Layperson would have reasonably believed that use of a Participating Provider would result in a delay that would worsen the Emergency, or if a provision of federal, state, or local law requires the use of a specific Practitioner and/or Provider. The coverage shall be at the same benefit level as if the service or treatment had been rendered by a Participating Provider.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts will apply, subject to the limitations on Non-Participating Providers set forth in Section 1, and whether services were rendered within or outside the state of North Dakota and its contiguous counties. See Section 1, "*Non-Participating Health Care Providers*", for more information.

If a Member is admitted as an inpatient to a Non-Participating Provider Facility, then the Plan will contact the admitting Practitioner and/or Provider to determine medical necessity and a plan for treatment. In some cases, where it is medically safe to do so, the Member may be transferred to a Participating Hospital and/or other appropriate Facility.

Urgent Care Situations

Treatment provided in Urgent Care Situations from Basic Plan-level Providers will be covered at the same benefit and cost sharing level as services provided by PPO-level Providers both within and outside of the Sanford Health Plan Service Area in cases where a Prudent Layperson reasonably believed that an Urgent Care Situation existed.

Note: If the Plan determines the condition did not meet Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts will apply, and the Member is responsible for charges above the Reasonable Cost.

If an **Urgent Care Situation** occurs, Members should contact their Primary Care Practitioner and/or Provider immediately, if one has been selected, and follow his or her instructions. If a Primary Care Practitioner and/or Provider has not been selected, the Member should contact the Plan and follow the Plan's instructions. A Member may always go directly to a participating urgent care or after-hours clinic. To find a listing of Participating Providers and Facilities, sign into your account at www.sanfordhealthplan.com/memberlogin or call the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

Participating Providers/Facilities

The Plan covers services in an Urgent Care Situation without Preauthorization/Prior Approval in cases where a Prudent Layperson reasonably believed that an Urgent Care Situation existed.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts may apply, subject to whether services were received from a PPO-level or Basic-level Participating Provider/Facility, as set forth in Section 1. See Section 1, "*Participating Providers*" and "*How PPO vs. Basic Plan Determines Benefit Payment*" for details.

Non-Participating Providers/Facilities

The Plan covers services in an Urgent Care Situation without Preauthorization/Prior Approval requirements if a Prudent Layperson would have reasonably believed that use of a Participating Provider would result in a delay that would worsen the Urgent Care Situation, or if a provision of federal, state, or local law requires the use of a specific Practitioner and/or Provider. The coverage shall be at the same benefit level as if the service or treatment had been rendered by a Participating Provider.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts will apply, subject to the limitations on Non-Participating Providers set forth in Section 1, and whether services were rendered within or outside the state of North Dakota and its contiguous counties. See Section 1, "*Non-Participating Health Care Providers*", for more information.

Ambulance and Transportation Services

Transportation by professional ground ambulance, air ambulance, or on a regularly scheduled flight on a commercial airline is covered when transportation is:

a. Medically Necessary; and
b. To the nearest Participating Provider equipped to furnish the necessary Health Care Services, or as otherwise approved and arranged by the Plan.

Not Covered:

- *Reimbursement for personal transportation costs incurred while traveling to/from Practitioner and/or Provider visits or other health care services*
- *Transfers performed only for the convenience of the Member, the Member's family or the Member's Practitioner and/or Provider*
- *Services and/or travel expenses relating to a Non-Emergency Medical Condition*

Non-Emergency or Non-Urgent Care Situations Outside the Plan's Service Area

For non-Emergency medical care or non-Urgent Care Situations when traveling outside the Plan's Service Area, benefits will be payable at Basic level. For details, see Section 1.

Section 5(d) Mental health and substance use disorder benefits

IMPORTANT

Here are some important things to keep in mind about these benefits:

All benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary.

Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage.

YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL OF SOME OF THESE SERVICES. See the benefits description below.

IMPORTANT

Benefit Description

Mental health benefits

In compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), the financial requirements and treatment limitations that apply to the Plan's mental health and/or substance use disorder benefits are no more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. In addition, mental health and substance use disorder benefits are not subject to separate cost sharing requirements or treatment limitations. Mental health and substance use disorders are covered consistent with generally recognized independent standards of current medical practice, which includes the current editions of the Diagnostic and Statistical Manual of Mental Disorders (DSM) and the International Classification of Diseases (ICD).

Coverage is provided for mental health conditions which current prevailing medical consensus affirms substantially impairs perception, cognitive function, judgment, and/or emotional stability, and limits the life activities of the person with the condition(s). This includes but is not limited to the following conditions: schizophrenia; schizoaffective disorders; bipolar disorder; major depressive disorders (single episode and/or recurrent); obsessive-compulsive disorders; attention-deficit/hyperactivity disorder; autism spectrum disorders; eating disorders; post-traumatic stress disorders (acute, chronic, or with delayed onset); and anxiety disorders that cause significant impairment of function.

Mental health benefits are covered with the same Copays, Deductibles, Coinsurance factors, and restrictions as other medical/surgical benefits under the Plan. Coverage for mental health conditions includes:

- Outpatient Professional services, including therapy by Providers such as psychiatrists, psychologists, clinical social workers, or other qualified mental health professionals
- Inpatient services, including Hospitalizations
- Medication management
- Diagnostic tests
- Electroconvulsive therapy (ECT)
- Partial Hospitalization
- Intensive Outpatient Programs

For outpatient treatment services, the first five (5) hours of treatment of any calendar year will be covered at 100% (no charge).

If you are having difficulty obtaining an appointment with a mental health practitioner and/or Provider, or for mental health needs or assessment services by phone, call the Sanford USD Medical Center Triage Line toll-free at (888) 996-4673.

Telephonic consultation for a Member diagnosed with depression and within twelve (12) weeks of starting antidepressant therapy per Plan guidelines (available upon request). Coverage limited to one (1) telephonic consult per Member per year for depression and one (1) telephonic consult for Attention Deficit Hyperactive Disorder (ADHD).

Note: Preauthorization/Prior Approval is required for these benefits. As with other medical/surgical benefits, failure to get Preauthorization/ Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4):

- All Inpatient services, including those provided by a Hospital or a Residential Treatment Facility

Not Covered:

- *Convalescent care*
- *Marriage or bereavement counseling; pastoral counseling; financial or legal counseling; and custodial care counseling*
- *Educational or non-medical services provided under the Individuals with Disabilities Education Act (IDEA)*
- *Educational or non-medical services for learning disabilities and/or Behavioral problems*
- *Services related to environmental change*
- *Behavioral therapy, modification, or training, including Applied Behavioral Analysis (ABA)*
- *Milieu therapy*
- *Sensitivity training*

Substance use disorder benefits

In compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), the financial requirements and treatment limitations that apply to the Plan's mental health and/or substance use disorder benefits are no more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. In addition, mental health and substance use

disorder benefits are not subject to separate cost sharing requirements or treatment limitations. Mental health and substance use disorders are covered consistent with generally recognized independent standards of current medical practice, which includes the current editions of the Diagnostic and Statistical Manual of Mental Disorders (DSM), the American Society of Addiction Medicine Criteria (ASAM Criteria), and the International Classification of Diseases (ICD).

Substance use disorder benefits are covered with the same Copays, Deductibles, Coinsurance factors, and restrictions as other medical/surgical benefits under the Plan. Coverage for substance use disorders includes:

- Addiction treatment, including for alcohol, drug-dependence, and gambling issues
- Inpatient services, including Hospitalization
- Outpatient professional services, including therapy by Providers such as psychiatrists, psychologists, clinical social workers, Licensed Chemical Dependency Counselors, or other qualified mental health and substance use disorder professionals
- Partial Hospitalization
- Intensive Outpatient Programs

For outpatient treatment services, the first five (5) visits of treatment of any calendar year will be covered at 100% (no charge).

Note: Preauthorization/Prior Approval is required for these benefits; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4):

- All Inpatient services, including those provided by a Hospital or a Residential Treatment Facility.

Not Covered:

- *Confinement Services to hold or confine a Member under chemical influence when no Medically Necessary services are provided, regardless of where the services are received (e.g. detoxification centers)*
- *Methadone or Cyclazocine therapy not part of an approved treatment program*
- *Marriage or bereavement counseling; pastoral counseling; financial or legal counseling; and custodial care counseling*
- *Educational or non-medical services provided under the Individuals with Disabilities Education Act (IDEA)*
- *Educational or non-medical services for learning disabilities or behavioral problems*
- *Services related to environmental change*
- *Milieu therapy*
- *Sensitivity training*
- *Domiciliary care or Maintenance Care*
- *Convalescent care*

Section 5(e) Prescription drug and diabetes supplies benefits

IMPORTANT		IMPORTANT
	Here are some important things to keep in mind about these benefits: We cover prescribed medications, as described in this Section. All benefits are subject to the definitions, limitations and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary. Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage. **YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL OF SOME OF THESE SERVICES.** See the benefits description below.	

- **Where you can obtain them.** You must fill the prescription at a Plan Participating pharmacy for Cost Sharing amounts to apply. A Member may be responsible for payment of the Cost Sharing Amounts at the time the Prescription Medication is dispensed. A Participating Pharmacy agrees not to charge or collect any amount from the Member that exceeds the Cost Sharing Amounts. All claims from a Participating Pharmacy must be submitted by the Participating Pharmacy. A listing of the Plan's Participating pharmacies is available by contacting the Plan or online at www.sanfordhealthplan.com/ndpers.

  If a Member receives Prescription Medications from a Non-Participating Pharmacy, the Member is responsible for submitting a Claim for Benefits. Charges in excess of the Allowed Charge are the Member's responsibility.
- **Specialty Medications.** Some specialty medications may be obtained with applicable cost-sharing amounts at a retail pharmacy and some medications must be obtained through the Plan's contracted specialty drug vendor. To enroll, and obtain prior-approval to join the Specialty/Injectable Drugs Program, call toll-free (866) 333-9721. Please refer to your *Summary of Pharmacy Benefits* handbook for a complete listing of specialty medications that require Preauthorization/Prior Approval.
- **How you can obtain them.** You must present your ID card to the Plan Participating pharmacy; if you do not present your ID card to the Plan Participating pharmacy, you must pay 100% of the costs of the medication to the pharmacy. Additionally, if you choose to go to a Non-Participating pharmacy, you must pay 100% of the costs of the medication to the pharmacy.

  Note: If a Member receives Prescription Medications from a Non-Participating Pharmacy, the Member is responsible for payment of the Prescription Order or refill in full at the time it is dispensed, and must submit appropriate reimbursement information to Sanford Health Plan. Payment for covered Prescription Medications will be sent to the Subscriber. Any charges in excess of the Allowed Charge are the Subscriber's responsibility.
- **We use a formulary.** Sanford Health Plan covers prescribed medications according to our Formulary. A formulary is a list of Prescription Medication Products, which are preferred by the Plan for dispensing to Members when appropriate. This list is subject to periodic review and modifications. Additional medications may be added or removed from the formulary throughout the year. Sanford Health Plan will notify you of any formulary changes. For a copy of the Plan formulary, contact Pharmacy Management toll-free at (888) 315-0885 | TTY/TDD: (877) 652-1844 *(toll-free)* or you can view the formulary online by signing into your account at www.sanfordhealthplan.com/memberlogin.
- **Exception to formulary.** The Plan will use appropriate pharmacists and Practitioner and/or Providers to consider exception requests and promptly grant an exception to the drug formulary, including exceptions for anti-psychotic and other mental health medications, for a Member when the health care Practitioner and/or Provider prescribing the drug indicates to the health plan company that:
  1. the formulary drug causes an adverse reaction in the patient;
  2. the formulary drug is contraindicated for the patient; or
  3. the prescription drug must be dispensed as written to provide maximum medical benefit to the patient.

  Note: Members must generally try formulary medications before an exception for the formulary will be made for non-formulary medication use unless a Member's Practitioner and/or Provider determines that use of the formulary drug may cause an adverse reaction to the Member or be contraindicated for the Member. To request an exception to the formulary, please call the Pharmacy Management toll-free at (888) 315-0885 | TTY/TDD: (877) 652-1844 *(toll-free)*.
- **There are dispensing limitations.** One (1) Copayment Amount applies per Prescription Order or refill for a *1 - 34-day* supply, plus any applicable coinsurance amount(s). Two (2) Copayment Amounts apply per Prescription Order or refill for a *35 - 100-day* supply, plus any applicable coinsurance amount(s). Prescription Medications and nonprescription diabetes supplies are subject to a dispensing limit of a *100-day* supply.
- **Generic vs. Brand.** If a Generic Prescription Medication is the therapeutic equivalent of a Brand Name Prescription Medication, and is authorized by a Member's Professional Health Care Provider, benefits will be based on the Allowance for the Generic equivalent. If the Member does not accept the Generic equivalent, the Member is responsible for the cost difference between the Generic and the Brand Name Prescription Medication and applicable Cost Sharing Amounts.

Benefit Description

Covered medications and supplies

- Medications prescribed by a Provider of health services, including off-label use of medications, in accordance with federal and state laws and regulations

- Self-Administered Injectable Medications per Plan guidelines (available upon request). Please refer to your *Summary of Pharmacy Benefits* for a list of medications (injectable and high cost medications that must receive Preauthorization/Prior Approval, and must be obtained from Express Scripts Specialty Pharmacy by calling (888) 333-9721 *(toll-free)*. If these medications are obtained from a retail pharmacy, or Practitioner and/or Provider's office, without Preauthorization/Prior Approval by Sanford Health Plan's Utilization Management Department, the Member may be responsible for the full cost of the medication.
- Diabetic medications (See Section 5(a) for Diabetic supplies, equipment, and self-management training benefits)

Not Covered:

- *Replacement of a prescription drug due to loss, damage, or theft*
- *Outpatient medications dispensed in a Provider's office or non-retail pharmacy location*
- *Medications that may be received without charge under a federal, state, or local program*
- *Medications for cosmetic purposes, including baldness, removal of facial hair, and pigmenting or anti-pigmenting of the skin*
- *Refills of any prescription older than one (1) year*
- *Compound medications with no legend (prescription) medications*
- *Acne medication for Members over age thirty (30)*
- *B-12 injection (except for pernicious anemia)*
- *Drug Efficacy Study Implementation ("DESI") medications*
- *Experimental or Investigational medications*
- *Growth hormone, except when medically indicated and approved by the Plan*
- *Orthomolecular therapy, including nutrients, vitamins (unless otherwise specified as covered in this COI),multi-vitamins with iron and/or fluoride, food supplements and baby formula (except to treat PKU or otherwise required to sustain life or amino acid-based elemental oral formulas), nutritional and electrolyte substances*
- *Medications, equipment or supplies available over-the-counter (OTC) (except for insulin, and select diabetic supplies, e.g., insulin syringes, needles, test strips and lancets, or prenatal vitamins with a written prescription order) that by federal or state law do not require a prescription order*
- *Any medication that is equivalent to an OTC medication except for medications that have a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force and only when prescribed by a health care Practitioner and/or Provider*
- *Anorexiants or weight management medications (except when Medically Necessary)*
- *Whole Blood and Blood Components Not Classified as Medications in the United States Pharmacopoeia*
- *Unit dose packaging*
- *Synthetic opioids (e.g. Methadone or Cyclazocine)*
- *All contraceptive medications, devices, appliances, supplies and related services when used for contraception, including contraceptive products that do not require a Prescription Order or dispensing by a Health Care Provider*

Section 5(f) Dental benefits

IMPORTANT	**Here are some important things to keep in mind about these benefits:**	IMPORTANT
	Please remember that all benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary.	
	We cover Hospitalization for dental procedures only when a non-dental physical impairment exists which makes Hospitalization necessary to safeguard the health of the patient. See Section 5(b) for inpatient Hospital benefits. We do not cover the dental procedure unless it is described below.	
	Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage.	
	YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL OF THESE SERVICES. See the benefits description below.	

Benefit Description

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Dental services provided by a Dentist (D.D.S.) in an office setting as a result of an accidental injury to the jaw, sound natural teeth, dentures, mouth or face.
  - Covered Services must be initiated within 12 months of the date of injury and completed within 24 months of the start of treatment or longer if a dental treatment plan approved by Sanford Health Plan is in place.
  - Oral surgical procedures limited to services required because of injury, accident or cancer that damages Natural Teeth
  - Associated radiology services are included
  - "Injury" does not include injuries to Natural Teeth caused by biting or chewing
- Diagnosis and treatment for Temporomandibular Joint (TMJ) Dysfunction and/or Temporomandibular Disorder (TMD) and TMJ splints and adjustments if your primary diagnosis is TMJ/TMD
  - Splint limited to one (1) per Member per benefit period
- Coverage applies regardless of whether the services are provided in a Hospital or a dental office

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Dental anesthesia for Members over age nine (9) and/or Members with a developmental disability, as determined by a licensed Practitioner and/or Provider, which places such a person at serious risk.

Note: Anesthesia and Hospitalization charges for dental care are Covered for a Member who:

a. is a child under age nine (9);
b. is severely disabled or otherwise suffers from a developmental disability; or
c. has a high risk medical condition(s) as determined by a licensed Practitioner and/or Provider, which places such a person at serious risk.

Not Covered:

- *Natural teeth replacements including crowns, bridges, braces or implants*
- *Osseointegrated implant surgery (dental implants)*
- *Extraction of wisdom teeth*
- *Hospitalization for extraction of teeth if not otherwise specified as Covered in this Certificate of Insurance*
- *Dental x-rays or dental appliances*
- *Shortening of the mandible or maxillae for cosmetic purposes*
- *Services and supplies related to ridge augmentation, implantology, and preventive vestibuloplasty*
- *Dental appliances of any sort, including but not limited to bridges, braces, and retainers (except for appliances for treatment of TMJ/TMD)*

Section 6. Limited and Non-Covered Services

This section describes services that are subject to limitations or **NOT** covered under this Certificate. The Plan is not responsible for payment of non-covered or excluded benefits.

General Exclusions

1. Health Care Services provided either before the effective date of the Member's coverage with the Plan or after the Member's coverage is terminated.
2. Health Care Services performed by any Provider who is the Member or a member of the Member's immediate family, including any person normally residing in the Member's home. This exclusion does not apply in those areas in which the immediate family member is the only Provider in the area. If the immediate family member is the only Participating Provider in the area, the Member may go to a Non-Participating Provider and receive In-Network coverage (Section 4). If the immediate family member is not the only Participating Provider in the area, the Member must go to another Participating Provider in order to receive coverage at the In-Network level.
3. Health Care Services Covered by Any Governmental Agency/Unit for military service-related injuries/diseases, unless applicable law requires the Plan to provide primary coverage for the same.
4. Health Care Services for injury or disease due to voluntary participation in a riot, unless source of injury is a result of domestic violence or a medical condition.
5. Health Care Services for sickness or injury sustained in the commission of a felony, unless source of injury is a result of domestic violence or a medical condition.
6. Health Care Services that the Plan determines are not Medically Necessary.
7. Experimental and Investigational Services.
8. Services that are not Health Care Services.
9. Complications from a non-covered procedure or service.
10. Charges for telephone calls to or from a Physician, Hospital or other medical Practitioner and/or Provider or electronic consultations
11. Services not performed in the most cost-efficient setting appropriate for the condition based on medical standards and accepted practice parameters of the community, or provided at a frequency other than that accepted by the medical community as medically appropriate.
12. Charges for professional sign language and foreign language interpreter services.
13. Charges for duplicating and obtaining medical records from *Non-Participating Providers* unless requested by the Plan.
14. Charges for sales tax, mailing, interest and delivery.
15. Charges for services determined to be duplicate services by the Plan's Chief Medical Officer or designee.
16. Charges that exceed the *Reasonable Costs* for Non-Participating Providers.
17. Services to assist in activities of daily living.
18. Alternative treatment therapies including, but not limited to: acupuncture, acupressure, biofeedback, chelation therapy, massage therapy unless covered per plan guidelines under Women's Health and Cancer Rights Act of 1998 (WHCRA) for mastectomy/lymphedema treatment, naturopathy, homeopathy, holistic medicine, hypnotism, hypnotherapy, hypnotic anesthesia, or therapeutic touch.
19. Education Programs or Tutoring Services (not specifically defined elsewhere) including, but not limited to, education on self-care or home management.
20. Lifestyle Improvement Services, such as physical fitness programs, health or weight loss clubs or clinics.
21. Services by a vocational residential rehabilitation center, a community reentry program, halfway house or group home.
22. Any services or supplies for the treatment of obesity that do not meet the Plan's medical necessity coverage guidelines, including but not limited to: dietary regimen (except as related to covered nutritional counseling), nutritional supplements or food supplements; and weight loss or exercise programs.
23. Special education, including lessons in sign language to instruct a Member, whose ability to speak has been lost or impaired, to function without that ability.
24. Gender reassignment.
25. Sequela, which are primarily cosmetic that occur secondary to a weight loss procedure (e.g., Panniculectomy, breast reduction or reconstruction).
26. Incidental cholecystectomy performed at the time of weight loss surgery.
27. Cosmetic Services and/or supplies to repair or reshape a body structure primarily for the improvement of a Member's appearance or psychological well-being or self-esteem, including but not limited to, breast augmentation, treatment of gynecomastia and any related reduction services, skin disorders, rhinoplasty, liposuction, scar revisions, and cosmetic dental services.
28. Food items for medical nutrition therapy (except as specifically allowed in the Covered Benefits Section of this Certificate of Insurance).
29. Any fraudulently billed charges or services received under fraudulent circumstances.
30. Genetic testing when performed in the absence of symptoms or high risk factors for a heritable disease; genetic testing when knowledge of genetic status will not affect treatment decisions, frequency of screening for the disease, or reproductive choices; genetic testing that has been performed in response to direct-to-consumer marketing and not under the direction of the Member's Practitioner and/or Provider.
31. Never Events, Avoidable Hospital Conditions, or Serious Reportable Events. Participating Providers are not permitted to bill Members for services related to such events.
32. Autopsies, unless the autopsy is at the request of the Plan in order to settle a dispute concerning provision or payment of benefits. The autopsy will be at the Plan's expense.
33. Iatrogenic condition, illness, or injury as a result of mistakes made in medical treatment, such as surgical mistakes, prescribing or dispensing the wrong medication or poor hand writing resulting in a treatment error. Charges related to Iatrogenic illness or injury are not

the responsibility of the Member.

34. Elective health services received outside of the United States.
35. Smoking deterrents.
36. All contraceptive medications, devices, appliances, supplies and related services when used for contraception, including contraceptive products that do not require a Prescription Order or dispensing by a Health Care Provider.
37. Abortions, except for those necessary to prevent the death of the woman. No benefits are available for removal of all or part of a multiple gestation.
38. Procedures to evaluate and reverse sterilization
39. Sleep studies performed at a facility not accredited by the American Academy of Sleep Medicine
40. Transplants and pre and post-transplant services at Non-Participating Center Of Excellence Facilities
41. Health Care Services ordered by a court or as a condition of parole or probation

Special Situations Affecting Coverage

Neither the Plan, nor any Participating Provider, shall have any liability or obligation because of a delay or failure to provide services as a result of the following circumstances:

a. Complete or partial destruction of the Plan's facilities;
b. Declared or undeclared acts of War or Terrorism;
c. Riot;
d. Civil insurrection;
e. Major disaster or unforeseen natural events which materially interfere with the ability to provide Health Care Services;
f. Disability of a significant portion of the Participating Providers;
g. Epidemic or the inability to obtain vaccines or medications due to circumstances beyond the control of the Plan; or
h. A labor dispute not involving the Plan Participating Providers, the Plan will use its best efforts to arrange for the provision of Covered Services within the limitations of available facilities and personnel. If provision or approval of Covered Services under this Certificate is delayed due to a labor dispute involving the Plan or Participating Providers, Non-Emergency Care may be deferred until after resolution of the labor dispute.

Additionally, non-Emergency care may be deferred until after resolution of the above circumstances.

Services covered by other payors

The following are excluded from coverage:

1. Health services for which other coverage is either (1) required by federal, state or local law to be purchased or provided through other arrangements or (2) has been made available to and was purchased by the Covered Person. Examples include coverage required by workers' compensation, no-fault auto insurance, medical payments coverage or similar legislation.
   The Plan is not issued in lieu of nor does it affect any requirements for coverage by Workers' Compensation. This Plan contains a limitation which states that health services for injuries or sickness which are job, employment or work related for which benefits are provided or payable under any Workers' Compensation or Occupational Disease Act or Law, are excluded from coverage by the Plan. However, if benefits are paid by the Plan and it is determined that the Member is eligible to receive Workers' Compensation for the same incident; the Plan has the right to recover any amounts paid. As a condition of receiving benefits on a contested work or occupational claim, Member agrees to reimburse the Plan the full amount that the Plan has paid for Health Care Services when entering into a settlement or compromise agreement relating to compensation for Health Care Services covered by Workers' Compensation, or as part of any Workers' Compensation Award. The Plan reserves its right to recover against Member even though:
   a. The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise; or
   b. No final determination is made that the injury or sickness was sustained in the course of or resulted from employment;
   c. The amount of Workers' Compensation for medical or health care is not agreed upon or defined by Member or the Workers' Compensation carrier; or
   d. The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.
   Member will not enter into a compromise or hold harmless agreement relating to any work related claims paid by the Plan, whether or not such claims are disputed by the Workers' Compensation insurer, without the express written agreement of the Plan.
2. Health Care Services received directly from Providers employed by or directly under contract with the Member's employer, mutual benefit association, labor union, trust, or any similar person or Group.
3. Health Care Services for injury or sickness for which there is other non-Group insurance providing medical payments or medical expense coverage, regardless of whether the other coverage is primary, excess, or contingent to the Plan. If the benefits subject to this provision are paid for or provided by the Plan, the Plan may exercise its Rights of Subrogation.
4. Health Care Services for conditions that under the laws of This State must be provided in a governmental institution.
5. Health Care Services covered by any governmental health benefit program such as Medicare, Medicaid, ESRD and TRICARE, unless applicable law requires the Plan to provide primary coverage for the same.

Services and payments that are the responsibility of the Member

1. Out-of-pocket costs, including Copays, Deductibles, and Coinsurance are the responsibility of the Member in accordance with the Summary of Benefits and Coverage and Summary of Pharmacy Benefits. Additionally, the Member is responsible to the Provider for payment for Non-Covered Services;
2. Finance charges, late fees, charges for missed appointments and other administrative charges; and
3. Services for which a Member is neither legally nor as customary practice required to pay in the absence of a Group health plan or other coverage arrangement.

Section 7. How Services Are Paid By The Plan

Reimbursement of Charges by Participating Providers

When you see Participating Providers, receive services at Participating Providers and facilities, or obtain your prescription medications at Network pharmacies, you will not have to file claims. You must present your current identification card and pay your Copay.

When a Member receives Covered Services from a Participating Provider, the Plan will pay the Participating Provider directly, and the Member will not have to submit claims for payment. The Member's only payment responsibility, in this case, is to pay the Participating Provider, at the time of service, any Copay, Deductible, or Coinsurance amount, which is required for that service. Participating Providers agree to accept Sanford Health Plan's payment arrangements, or the negotiated contract amounts.

Time Limits. Participating Providers must file claims to the Plan within *one hundred eighty (180)* days after the date that the cost was incurred. If the Member fails to show his/her Plan ID card at the time of service, then the Member may be responsible for payment of claim after Practitioner and/or Provider's timely filing period of *one hundred eighty (180)* days has expired.

In any event, the claim must be submitted to the Plan no later than *one hundred eighty (180)* days after the date that the cost was incurred, unless the claimant was legally incapacitated.

Reimbursement of Charges by Non-Participating Providers

Sanford Health Plan does not have contractual relationships with Non-Participating Practitioner and/or Providers and they may not accept the Plan's payment arrangements. In addition to any Copay, Deductible, or Coinsurance amount, which is required for that service, Members are responsible for any difference between the amount charged and the Plan's payment for covered services. Non-Participating Practitioner and/or Providers are reimbursed the Maximum Allowed Amount, which is the lesser of (a) the amount charged for a covered service or supply, or (b) Reasonable Costs.

You may need to file a claim when you receive services from Non-Participating Practitioner and/or Providers. Sometimes, Non-Participating Practitioners and/or Providers submit a claim to us directly. Check with the Practitioner and/or Provider to make sure they are submitting the claim. You are responsible for making sure claim is submitted to the Plan within one-hundred-eighty (180) days after the date that the cost was incurred. **If you, or the Non-Participating Practitioner and/or Provider, does not file the claim within one-hundred-eighty (180) days after the date that the cost was incurred, you may be responsible for payment of the claim.**

If you need to file the claim, here is the process:

The Member must give the Plan written notice of the costs to be reimbursed. Claim forms are available from the Plan to aid in this process. Bills and receipts should be itemized, showing:

1. Covered Member's name and ID number;
2. Name and address of the Practitioner and/or Provider or Facility that provided the service or supply;
3. Dates Member received the services or supplies;
4. Diagnosis;
5. Type of each service or supply;
6. The charge for each service or supply;
7. A copy of the explanation of benefits, payments, or denial from any primary payer, such as the Medicare Summary Notice (MSN); and
8. Receipts/Member Costs, if you paid for your services.

Health Care Services Received Outside of the United States. Covered services for medically necessary Emergency and Urgent care services received in a foreign country are covered at the In-Network level. There is no coverage for elective health care services if a Member travels to another country for the purpose of seeking medical treatment outside the United States.

Time Limits. Claims must be submitted to the Plan within *one-hundred-eighty (180)* days after the date that the cost was incurred. If you, or the Non-Participating Practitioner and/or Provider, file the claim after the one-hundred-eighty (180) timely-filing limit has expired, you may be responsible for payment of the claim.

Submit your claims to: Sanford Health Plan, ATTN: NDPERS, PO Box 91110, Sioux Falls, SD 57109-1110

Timeframe for Payment of Claims

The payment for reimbursement of the Member's costs will be made within *fifteen (15)* days of when the Plan receives a complete written claim with all required supporting information.

When a Member receives Covered Services from a Non-Participating Provider and payment is to be made according to Plan guidelines, the Plan will arrange for direct payment to either the Non-Participating Provider or the Member, per plan Certificate of Insurance. If the Provider refuses direct payment, the Member will be reimbursed for the Reasonable Costs of the services in accordance with the terms of this Certificate. The Member will be responsible for any expenses that exceed Reasonable Costs, as well as any Copay, Deductible, or Coinsurance required for the Covered Service.

When We Need Additional Information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Member Bill Audit Program

Upon receiving notice of a claims payment, or Explanation of Benefits (EOB), from Sanford Health Plan, Members are encouraged to audit their medical bills and notify the Plan of any services which are improperly billed or of services that the Member did not receive.

If, upon audit of a bill, an error of $40 or more is found, the Member will receive a minimum payment of $20 or 50% of the resulting savings for paid Covered Services up to a maximum payment of $500.

To obtain payment through the Member Bill Audit Program, the Member must complete a *Member Bill Audit Refund Request Form*. To obtain a form, sign into your account at www.sanfordhealthplan.com/memberlogin or call Sanford Health Plan Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)* and request a form be mailed to you.

Note: This program does not apply when the NDPERS Benefit Plan is the secondary payor on a claim. For more information on claims with more than one payor, see Section 9, *Coordination of Benefits*.

Section 8. Problem Resolution

Member Appeal Procedures

Sanford Health Plan makes decisions in a timely manner to accommodate the clinical urgency of the situation and to minimize any disruption in the provision of health care. A Member, health care Practitioner and/or Provider with knowledge of the Member's medical condition, a Member's Authorized Representative, or an attorney have the right to file a complaint or an appeal of any Adverse Determination by Sanford Health Plan. The Member or his/her legal guardian may designate in writing to Sanford Health Plan an Authorized Representative to act on his/her behalf. This written designation of representation from the Member should accompany the request. For Expedited Appeals, a health care practitioner with knowledge of the Member's condition (e.g., treating practitioner) may act as the Member's authorized representative.

For members who request language services, Sanford Health Plan will provide service in the requested language through an interpreter or translated documents to help members register a complaint or appeal and to notify members about their complaint or appeal.

Language Access Services:

Spanish (Español): Para obtener asistencia en Español, llame al (800) 892-0675 *(toll-free)*.

Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa (800) 892-0675 *(toll-free)*.

Chinese (中文): 如果需要中文的帮助，请拨打这个号码(800) 892-0675 *(toll-free)*.

Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' (800) 892-0675 *(toll-free)*.

A TTY/TDD line is also available toll-free at (877) 652-1844 for members who are deaf, hard of hearing or speech-impaired.

Definitions

Adverse Determination: Means a denial, reduction or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any such denial, reduction, termination, or failure to provide or make payment (for pre-service or post-service claims) that is based on:

1. A determination of an individual's eligibility to participate in a plan;
2. A determination that a benefit is not a Covered Benefit;
3. The imposition of a source-of-injury exclusion, network exclusion, application of any utilization review, or other limitation on otherwise covered benefits;
4. A determination that a benefit is Experimental, Investigational or not Medically Necessary or appropriate; or
5. A rescission of coverage. Only an act, practice, or omission that constitutes fraud or intentional misrepresentations of material fact, made by an applicant for health insurance coverage may be used to void application or Certificate of Insurance and deny claims.

Appeal: Request to change a previous Adverse Determination made by Sanford Health Plan.

Inquiry: A telephone call regarding eligibility, plan interpretation, plan policies and procedures, or plan design. It is the policy of Sanford Health Plan to address Member and Practitioner and/or Provider inquiries through informal resolution over the telephone whenever possible. If the resolution is not satisfactory to the inquirer, he or she will be instructed of his or her rights to file a verbal or written Complaint.

Complaint: An oral or written expression of dissatisfaction. It is the policy of Sanford Health Plan to make reasonable efforts to resolve Member and Practitioner and/or Provider Complaints. A process has been established for Members (or their designees) and Practitioners and/or Providers to use when they are dissatisfied with the Plan, its Practitioners and/or Providers, or processes. Examples of Complaints are eligibility issues; coverage denials, cancellations, or nonrenewals of coverage; administrative operations; and the quality, timeliness, and appropriateness of health care services provided.

Complainant: This is a Member, applicant, or former Member or anyone acting on behalf of a Member, applicant, or former Member, who submits a Complaint. The Member and his/her legal guardian may designate in writing to Sanford Health Plan an Authorized Representative to act on his/her behalf. This written designation of representation from the Member should accompany the Complaint.

External Review: An External Review is a request for an Independent, External Review of a medical necessity final determination made by Sanford Health through its External Appeals process.

Urgent Care Situation: A degree of illness or injury that is less severe than an Emergency Condition, but requires prompt medical attention within twenty-four (24) hours. An Urgent care request means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination:

a. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or
b. In the opinion of a Practitioner with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

In determining whether a request is "Urgent," the Plan shall apply the judgment of a Prudent Layperson as defined in Section 10. A Practitioner, with knowledge of the Member's medical condition, who determines a request to be "Urgent" within the meaning of subdivisions (1) and (2) in this paragraph, shall have their request be treated as an Urgent Care Request.

Complaint Procedure

A Member has the right to file a Complaint either by telephone or in writing to the Plan. Member Services will make every effort to investigate and resolve all Complaints. Member Services can be reached at (800) 499-3416 *(toll-free)*.

Oral Complaints: A complainant may orally submit a Complaint to the Plan. If the oral Complaint is not resolved to the complainant's satisfaction within *ten (10) business days* of receipt of the Complaint, the Plan will provide a Complaint form to the complainant, which must be completed and returned to the Plan for further consideration. Upon request, Member Services will provide assistance in submitting the Complaint form.

Written Complaints: A complainant can seek further review of a Complaint not resolved by phone by submitting a written Complaint form. A Member, or his/her Authorized Representative may send the completed Complaint form, including comments, documents, records and other information relating to the Complaint, the reasons they believe they are entitled to benefits and any other supporting documents to: Sanford Health Plan, ATTN: NDPERS/Member Services, PO Box 91110, Sioux Falls, SD 57109.

Member Services will notify the complainant within *ten (10) business days* upon receipt of the Complaint form, unless the Complaint has been resolved to the complainant's satisfaction within those *ten (10) business days*.

Upon request and at no charge, the complainant will be given reasonable access to and copies of all documents, records and other information relevant to the Complaint.

Member Services will investigate and review the Complaint and notify the complainant of Sanford Health Plan's decision in accordance with the following timelines:

- A decision and written notification on the Complaint will be made to the complainant, his or her Practitioners and/or Providers involved in the provision of the service within *thirty (30) calendar days* from the date the Plan receives your request.
- In certain circumstances, the time period may be extended by up to fourteen (14) days upon agreement. In such cases, the Plan will notify the complainant in advance, of the reasons for the extension.

Any complaints related to the quality of care received are subject to practitioner review. If the complaint is related to an Urgent clinical matter, it will be handled in an expedited manner and a response will be provided within seventy-two (72) hours.

If the complaint is not resolved to the Member's satisfaction, the Member, or his/her Authorized Representative, has the right to appeal any adverse determination made by Sanford Health Plan. Appeal Rights may be requested by calling the Plan at (800) 499-3416.

All notifications described above will comply with applicable law. A complete description of your Appeal Rights and the Appeal process will be included in your written response.

Types of Appeals

Types of appeals include:

- A **Prospective (Pre-Service) Appeal** is a request to change an Adverse Determination that the Plan must approve in whole or in part in advance of the Member obtaining care or services.
- A **Retrospective (Post-Service) Appeal** is a request to change an Adverse Determination for care or services already received by the Member.
- An **Expedited Appeal for Urgent Care** is a request to change a previous Adverse Determination made by Sanford Health Plan for an Urgent Care Request. If the Member's situation meets the definition of Urgent, their review will generally be conducted within 72 hours.

Continued Coverage for Concurrent Care

A Member is entitled to continued coverage for concurrent care pending the outcome of the appeals process; benefits for an ongoing course of treatment cannot be reduced or terminated without providing advance notice sufficient to allow the claimant to appeal and obtain a review determination before the benefit is reduced or terminated. Review determinations would be made within *twenty-four (24)* hours.

Audit Trails

Audit trails for Complaints, Adverse Determinations and Appeals are provided by the Plan's Information System and an Access database which includes documentation of the Complaints, Adverse Determination and/or Appeals by date, service, procedure, substance of the Complaint/Appeal (including any clinical aspects/details, and reason for the Complaint, Adverse Determination and/or Appeal. The Appeal file includes telephone notification, and documentation indicating the date; the name of the person spoken to; the Member; the service, procedure, or admission authorization/approval; and the date of the service, procedure, or Adverse Determination and reason for determination. If the Plan indicates authorization/approval by use of a number, the number must be called the "authorization number."

Internal Appeal Procedure

Filing Deadline

Appeals can be made for up to 180 days from notification of the Adverse Determination.

Within *one-hundred-eighty (180) days* after the date of receipt of a notice of an Adverse Determination sent to a Member or the Member's Authorized Representative (as designated in writing by the Member), the Member or their Authorized Representative may file an Appeal with the Plan requesting a review of the Adverse Determination.

To Appeal, the Member may sign into their account at www.sanfordhealthplan.com/memberlogin and complete the "Appeal Filing Form" under the *Forms* tab. The Member or their Authorized Representative may also contact the Plan by sending a written Appeal to the following address: Sanford Health Plan, ATTN: NDPERS, PO Box 91110, Sioux Falls, SD 57109-1110 or calling phone: (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. If the Member, Authorized Representative, Practitioner/Provider, and/or attorney, has questions, they are encouraged to contact the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. Member Services is available to help with understanding information and processes. Alternate formats are also available and translation is available free of charge for written materials and Member communication with the Plan.

Appeal Rights

If the Member or their Authorized Representative (as designated in writing by the Member) files an Appeal for an Adverse Determination, the following Appeal Rights apply:

1. The Member shall have the opportunity to submit written comments, documents, records and other information relating to the claim for

benefits. Members do not have the right to attend or have a representative attend the first level review.

2. The Member shall be provided, free of charge, with any new or additional evidence considered, relied upon, or generated by, or at the direction of, Sanford Health Plan in connection with the claim; and such evidence shall be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal Adverse Determination is required to be provided to give the Member a reasonable opportunity to respond prior to that date.
3. Before Sanford Health Plan can issue a final Adverse Determination based on a new or additional rationale, the Member must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date on which the notice of Adverse Determination is required to be provided and give the Member a reasonable opportunity to respond prior to the date.
4. The Member shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Member's initial request.
5. The review shall take into account all comments, documents, records, and other information submitted by the Member relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.
6. Full and thorough investigation of the substance of the Appeal, including any aspects of clinical care involved, will be coordinated by the Member Services Manager. The Plan will document the substance of the Appeal and any actions taken.
7. The review shall not afford deference to the initial Adverse Determination and shall be conducted by a named Plan representative who is neither the individual who made the Adverse Determination that is the subject of the appeal, nor the subordinate of such individual.
8. In deciding an appeal of any Adverse Determination that is based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, drug or other item is Experimental, Investigational, or not Medically Necessary or appropriate, the Plan shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. The health care Practitioner and/or Provider engaged for purposes of a consultation under this paragraph shall be an individual who is neither an individual who was consulted in connection with the Adverse Determination that is the subject of the appeal, nor the subordinate of any such individual.
9. The Plan shall identify the medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a Member's Adverse Determination, without regard to whether the advice was relied upon in making the benefit request determination.
10. In order to ensure the independence and impartiality of the persons involved in making claims determinations and appeals decisions, all decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) shall not be made based upon the likelihood that the individual will support the denial of benefits.
11. The attending Practitioner and/or Provider and the Member will be made aware of their responsibility for submitting the documentation required for resolution of the Appeal within three (3) business days of receipt of the Appeal. Sanford Health Plan will provide notice of any Adverse Determination in a manner consistent with applicable federal regulations.

For Prospective (Pre-service) Appeals: the Plan will notify the Member or their Authorized Representative and any Practitioner and/or Providers involved in the Appeal in writing or electronically within thirty (30) calendar days of receipt of the Appeal.

For Retrospective (Post-service) Appeals: the Plan will notify the Member or their Authorized Representative and any Practitioner and/or Providers involved in the Appeal in writing or electronically within sixty (60) calendar days of receipt of the Appeal.

Expedited Internal Appeal Procedure

An **Expedited Appeal Procedure** is used when the condition presents as part of an Urgent Care Situation, as defined previously in this Certificate of Insurance.

An expedited review involving **Urgent Care Requests for Adverse Determinations of Pre-service or Concurrent** claims must be utilized if the Member or Practitioner and/or Provider acting on behalf of the Member believe that an expedited determination is warranted. All of the procedures of a standard review described apply. In addition, for an Expedited Appeal, the request for an expedited review may be submitted. This can be done orally or in writing and the Plan will accept all necessary information by telephone or electronically. In such situations, the Practitioner who made the initial Adverse Determination may review the appeal and overturn the previous decision.

The determination will be made and provided to the Member and those Practitioners and/or Providers involved in the appeal via oral notification by the Utilization Management Department as expeditiously as the Member's medical condition requires but no later than within seventy-two (72) hours of receipt of the request. Sanford Health Plan will notify you orally by telephone or in writing by facsimile or via other expedient means. The Member and those Practitioners and/or Providers involved in the appeal will receive written notification within three (3) calendar days of the telephone notification. If your claim is no longer considered Urgent, it will be handled in the same manner as a Non-Urgent Pre-service or a Non-Urgent Post-Service Appeal, depending upon the circumstances.

If the Expedited Review is a Concurrent Review determination, the service must be continued without liability to the Member until the Member or the representative has been notified of the determination.

Written Notification Process for Internal Appeals

The written notification from Sanford Health Plan for an Appeal of an Adverse Determination will include the following:

1. The results and date of the Appeal Determination;
2. The specific reason for the Adverse Determination in easily understandable language;
3. The titles and qualifications, including specialty, of the person or persons participating in the first level review process (Reviewer names are available upon request);
4. Reference to the evidence, benefit provision, guideline, and/or protocol used as the basis for the decision and notification that the Member on request can have a copy of the actual benefit provisions, guidelines, and protocols free of charge;
5. Notification the Member can receive, upon request and free of charge, reasonable access and copies of all documents, records and other

information relevant to the Member's benefit request;
6. Statement of the reviewer's understanding of the Member's Appeal;
7. The Reviewer's decision in clear terms and the Certificate basis or medical rationale in sufficient detail for the Member to respond further;
8. If the Adverse Determination is based on medical necessity, notification and instructions on how the Practitioner and/or Provider can contact the Practitioner and/or Provider or appropriate specialist to discuss the determination;
9. If the Adverse Determination is based on medical necessity or an Experimental or Investigational treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for making the determination, applying the terms of the Plan to the Member's medical circumstances or a statement that an explanation will be provided to the Member free of charge upon request;
10. If applicable, instructions for requesting:
    a. A copy of the rule, guideline, protocol, or other similar criterion relied upon in making the Adverse Determination; or
    b. The written statement of the scientific or clinical rationale for the determination;
11. For Adverse Determinations of **Prospective (Pre-service) or Retrospective (Post-service)** Review, a statement indicating:
    a. The written procedures governing the voluntary review, including any required timeframe for the review; and
    b. The Member's right to bring a civil action in a court of competent jurisdiction;
12. Notice of the Member's right to contact the North Dakota Insurance Commissioner for assistance at any time at:
    North Dakota Insurance Department
    600 E. Boulevard Ave.
    Bismarck, ND 58505-0320
    Email: insurance@nd.gov
    Consumer hotline: (800) 247-0560 *(toll-free)*
    TTY: (800) 366-6888 *(toll-free)*
13. Notice of the right to initiate the External Review process for Adverse Determinations based on medical necessity. Refer to "Independent, External Review of Final Determinations" in this Section for details on this process. Final Adverse Determination letters will contain information on the circumstances under which Appeals are eligible for External Review and information on how the Member can seek further information about these rights.
14. If the Adverse Determination is completely overturned, the decision notice must state the decision and the date.

Independent, External Review of Final Determinations (Denials)

External Review Requests

Members may file a request for External Review with the Plan or with the North Dakota Insurance Commissioner at:
North Dakota Insurance Department
600 E. Boulevard Ave.
Bismarck, ND 58505-0320
Email: insurance@nd.gov
Consumer hotline: (800) 247-0560 *(toll-free)*
TTY: (800) 366-6888 *(toll-free)*

For independent, External Review of a final Adverse Determination, the Plan will provide:

1. Members the right to an independent, third party, binding review whenever they meet ALL of the following eligibility criteria:
    a. The Member is Appealing an Adverse Determination that is based on medical necessity (benefits Adverse Determinations are not eligible); and
    b. The Member has exhausted Sanford Health Plan's internal Appeal process and the Plan's decision is unfavorable to the Member; and
    c. The request for independent, External Review is filed within four (4) months of the date that the Plan's final Adverse Determination was made.
2. Notification to Members about the independent, External Appeal program and decision are as follows:
    a. General communications to Members, at least annually, to announce the availability of the right to independent, External Review.
    b. Letters informing Members and Practitioners of the upholding of an Adverse Determination covered by this standard including notice of the independent, External Appeal rights, directions on how to use the process, contact information for the independent, External Review organization, and a statement that the Member does not bear any costs of the independent, External Review organization.
    c. The External Review organization will communicate its decision in clear terms in writing to the Member and the Plan. The decision will include:
        i. a general description of the reason for the request for external review;
        ii. the date the independent review organization received the assignment from the Plan to conduct the external review;
        iii. the date the external review was conducted;
        iv. the date of its decision;
        v. the date the external review was conducted;
        vi. the date of its decision;
        vii. the principal reason(s) for the decision, including any, medical necessity rationale or evidence-based standards that were a basis for its decision; and
        viii. the list of titles and qualifications, including specialty, of individuals participating in the appeal review; a statement that the reviewer understands the pertinent facts of the appeal, with references to the evidence or documentation that was used as a basis for the decision.
    d. The External Review organization must also notify the Member how and when Members receive any payment or service in the case of overturned Adverse Determinations.
3. Conduct of the External Appeal Review program is as follows:
        a. Within five (5) business days following the date of receipt of the external review request, the Plan shall complete a preliminary review of the request to determine whether:

i. The Member is or was a covered person in the health benefit plan at the time the health care service was requested or, in the case of a Retrospective Review, was a covered person in the Plan at the time the health care service was provided;
ii. The health care service that is the subject of the Adverse Determination is a covered service under the Member's health benefit plan, but for a determination by the health carrier that the health care service is not covered because it does not meet the Plan's requirements for medical necessity, appropriateness, health care setting, or level of care or effectiveness;
iii. The Member has exhausted the Plan's internal Appeal process; and
iv. The Member has provided all the information and forms required to process an external review.

b. Within one (1) business day after completion of the preliminary review, the North Dakota Insurance Department (NDID) shall notify the Member and, if applicable, the Member's authorized representative in writing whether the request is complete and eligible for external review.
   i. If the request is not complete, the NDID shall inform the Member and, if applicable, the Member's authorized representative in writing and include in the notice what information or materials are needed to make the request complete; or if the request is not eligible for external review, the NDID shall inform the Member and, if applicable, the Member's authorized representative in writing and include the reasons for its ineligibility. If the Independent Review Organization upheld the denial, there is no further review available under this appeals process. However, you may have other remedies available under State or Federal law, such as filing a lawsuit.
   ii. If the request is complete, within one (1) business day after verifying eligibility, the NDID shall assign an independent review organization and notify in writing the Member, and, if applicable, the Member's authorized representative of the request's eligibility and acceptance for external review. The Member may submit in writing to the assigned Independent Review Organization within five (5) business days following the date of receipt of the notice provided by the NDID any additional information that the independent review organization shall consider when conducting the external review. The independent review organization is not required to, but may, accept and consider additional information submitted after ten (10) business days.
   iii. Within five (5) business days after the date the NDID determines the request is eligible for external review, of receipt, the NDID shall provide to the assigned independent review organization the documents and any information considered in making the adverse determination or final adverse determination. For Grandfathered Plans, External reviews are conducted by the North Dakota Health Care Review, Inc., another peer review organization meeting the requirements of §1152 of the Social Security Act, or any person designated by the Insurance Commissioner.

c. The North Dakota Insurance Department contracts with the independent, external review organization that:
   i. is accredited by a nationally recognized private accrediting entity;
   ii. conducts a thorough review in which it considers all previously determined facts, allows the introduction of new information, considers and assesses sound medical evidence, and makes a decision that is not bound by the decisions or conclusions of the Plan or determinations made in any prior appeal.
   iii. has no material professional, familial or financial conflict of interest with Sanford Health Plan.

d. With the exception of exercising its rights as party to the appeal, Sanford Health Plan must not attempt to interfere with the Independent Review Organization's proceeding or appeal decision.

e. Sanford Health Plan will provide the Independent Review Organization with all relevant medical records as permitted by state law, supporting documentation used to render the decision pertaining to the Member's case (summary description of applicable issues including the Plan's decision, criteria used and clinical reasons, utilization management criteria, communication from the Member to the Plan regarding the appeal), and any new information related to the case that has become available since the internal appeal decision.

f. The Member is not required to bear costs of the Independent Review Organization's review, including any filing fees.

g. The Member or his/her legal guardian may designate in writing a representative to act on his/her behalf. A Practitioner and/or Provider may not file an Appeal without explicit, written designation by the Member.

h. The Independent Review Organization's decision is final and binding to the Plan and the Plan implements the Independent Review Organization's decision within the timeframe specified by the Independent Review Organization. The decision is not binding to the Member, because the Member has legal rights to pursue further appeals in court if they are dissatisfied with the outcome. However, a Member may not file a subsequent request for external review involving the same adverse determination for which the Member has already received an external review decision.

4. Sanford Health Plan maintains and tracks data on each appeal case, including descriptions of the denied item(s), reasons for denial, Independent, External Review organization decisions and reasons for decisions. Sanford Health Plan uses this information in tracking and evaluating its medical necessity decision-making process and improving the quality of its clinical decision making procedures. This information is reported to the Medical Management Quality Committee when a case is resolved for discussion and plan of care or action.

Expedited External Review Requests

1. A Member or the Member's authorized representative may request an expedited external review of a final Adverse Determination if the Plan's Adverse Determination involves either an Urgent Care Request for Prospective (pre-service) or a Concurrent Review Request for which:
   a. the timeframe for completion of a standard internal review would seriously jeopardize the life or health of the Member; or would jeopardize the Member's ability to regain maximum function; or
   b. in the case of a request for Experimental or Investigational services, the treating Provider certifies, in writing, that the requested health care services or treatment would be significantly less effective if not promptly initiated; and
   c. The Member has exhausted Sanford Health Plan's internal Appeal process and the Plan's final determination is unfavorable to the Member.

2. The Member has the right to contact the North Dakota Insurance Commissioner for assistance at any time at:
   North Dakota Insurance Department
   600 E. Boulevard Ave.
   Bismarck, ND 58505-0320
   Email: insurance@nd.gov
   Consumer hotline: (800) 247-0560 *(toll-free)*
   TTY: (800) 366-6888 *(toll-free)*
3. An expedited external review is not provided for Retrospective Adverse Determinations.
4. Immediately upon receipt of the request from the Member or the Member's Representative, the NDID shall determine whether the request is eligible for Expedited External Review. If the request is ineligible for an Expedited External Review as described in (1) above, the NDID will give notification to the Member or the Member's Representative that they may appeal to the state insurance department.
5. Upon determination that the Expedited External Review request meets the reviewability requirements, the NDID shall assign a contracted, independent review organization to conduct the expedited external review. The assigned independent review organization is not bound by any decisions or conclusions reached during the Plan's utilization review or internal appeal process.
6. The Plan will send all necessary documents and information considered in making the Adverse Determination to the assigned independent review organization electronically, by telephone, or facsimile or any other available expeditious method.
7. The independent review organization will make a decision to uphold or reverse the adverse determination and provide oral notification to the Member, and, if applicable, the Member's authorized representative, and the treating Practitioners and/or Providers as expeditiously as the Member's medical condition or circumstances requires but in no event more than *seventy-two (72)* hours after the date of receipt of the request for an expedited external review. The Member and those Practitioners and/or Providers involved in the appeal will receive written notification within *forty-eight (48)* hours of the oral notification.
8. Upon the Plan's receipt of the independent review organization's decision to reverse the adverse determination, the Plan shall immediately approve the coverage that was the subject of the adverse determination.

Section 9. Coordination of Benefits

Sanford Health Plan follows North Dakota Administrative Code §45-08-01.2-03 regarding Coordination of Benefits (COB). The COB provision applies when a person has health care coverage under more than one "plan" as defined for COB purposes.

Applicability

The order of benefits determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is called the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans do not exceed 100% of the total Allowable Expense.

Definitions (for COB Purposes Only)

A. **A Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
   1. **Plan includes:** group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
   2. **Plan does not include:** Hospital indemnity coverage or other fixed indemnity coverage; accident-only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident-type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

   Each contract for coverage under Section A. (1) or (2) above is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

B. **This Plan** means, in a COB provision, the part of the Certificate providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the Certificate providing health care benefits is separate from this Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. **The order of benefit determination rules determine whether this Plan is a primary plan or secondary plan when the person has health care coverage under more than one plan**. When this Plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this Plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that total plan benefits do not exceed 100% of the total Allowable Expense.

D. **Allowable Expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense. The following are examples of expenses that are not Allowable Expenses:
   1. The difference between the cost of a semiprivate Hospital room and a private Hospital room is not an Allowable Expense, unless one of the plans provides coverage for private Hospital room expenses.
   2. If a person is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
   3. If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
   4. If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the Allowable Expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the secondary plan to determine its benefits.
   5. The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, Preauthorization/Prior Approval of admissions, and preferred provider arrangements.

E. **Closed Panel Plan** is a plan that provides health care benefits to covered persons primarily in the form of services through a panel of Providers contracted with or employed by the plan, and that excludes coverage for services provided by other Providers, except in cases of Emergency or referral by a panel member.

F. **Custodial Parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more plans, the rules for determining the order of benefits payments are as follows:

A. The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other plan.

B. (1) Except as provided in paragraph 2.(a) below, plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both plans state that the complying plan is primary.
(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the plan provided by the Certificate holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

C. A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.

D. Each plan determines its order of benefits using the first of the following rules that apply:

1. **Nondependent or dependent.** The plan that covers the person other than as a dependent, for example as an employee, member, Certificate holder, subscriber, or retiree, is the primary plan and the plan that covers the person as a dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a Dependent (e.g., a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, Certificate holder, subscriber, or retiree is the secondary plan and the other plan is the primary plan.
2. **Dependent child covered under more than one plan.** Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one plan the order of benefits is determined as follows:
   (a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
      i. the plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
      ii. if both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
   (b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
      i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage, and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree;
      ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of subparagraph a above shall determine the order of benefits;
      iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of subparagraph a above shall determine the order of benefits; or
      iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
         (1) The plan covering the Custodial Parent;
         (2) The plan covering the Spouse of the Custodial Parent;
         (3) The plan covering the non-Custodial Parent; and then
         (4) The plan covering the Spouse of the non-Custodial Parent.
   (c) For a Dependent child covered under more than one plan of individuals who are the parents of the child, the provisions of subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
3. **Active employee or retired or laid-off employee.** The plan that covers a person is an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan covering that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.
4. **COBRA or state continuation coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, Member, subscriber, or retiree or covering the person as a Dependent of an employee, Member, subscriber, or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.
5. **Longer or shorter length of coverage.** The plan that covered the person as an employee, Member, Certificate holder, subscriber, or retiree longer is the primary plan and the plan that covered the person the shorter period of time is the secondary plan.
6. **If the preceding rules do not determine the order of benefits**, that Allowable Expenses shall be shared equally between the plans meeting the definition of plan. In addition, this Plan will not pay more than it would have paid had it been the primary plan.

Effect of COB on the Benefits of this Plan

A. When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more closed panel plans, and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan; COB shall not apply between that plan and other closed panel plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. Sanford Health Plan may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. Sanford Health Plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give Sanford Health Plan any facts it needs to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another plan may include an amount that should have been paid under this Plan. If it does, Sanford Health Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Plan. Sanford Health Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Sanford Health Plan is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Coordination of Benefits with Medicare

Medicare Coordination of Benefits provisions apply when a Member has health coverage under the Plan and is enrolled in Medicare, under Parts A, B, or D. This provision applies before any other Coordination of Benefits Provision of the Plan.

If a Practitioner and/or Provider has accepted assignment of Medicare, the Plan pays the difference between what Medicare pays and the Plan's Allowable Expense.

Members with End Stage Renal Disease (ESRD)

1. The Plan has primary responsibility for the claims of a Member:
   a. Who is eligible for Medicare secondary benefits because of ESRD, and;
   b. During the Medicare coordination period of 30 months, which begins with the earlier of:
      i. the month in which a regular course of renal dialysis is initiated, or
      ii. in the case of an individual who receives a kidney transplant, the first month in which the individual became entitled to Medicare.
2. The Plan has secondary responsibility for the claims of a Member:
   a. Who is eligible for Medicare primary benefits because of ESRD, and the Medicare coordination period of thirty (30) months has expired; or
   b. Who is eligible for Medicare on the basis of age or disability when the Member becomes eligible on the basis of ESRD, and certain other conditions are met.

Section 10. Definitions of terms we use in this Certificate of Insurance

Admission	Entry into a facility as an Inpatient for treatment and care when ordered by a Health Care Provider with admitting privileges. An Admission ends when a Member is discharged or released from the facility and is no longer registered as a patient. Also known as Hospitalization.
Allowance or Allowed Charge	The maximum dollar amount that payment for a procedure or service is based on as determined by Sanford Health Plan.
Ambulatory Surgical Center	A lawfully operated, public or private establishment that: a. Has an organized staff of Practitioners; b. Has permanent facilities that are equipped and operated mostly for performing surgery; c. Has continuous Practitioner services and Nursing Services when a patient is in the Facility; and d. Does not have services for an overnight stay.
Annual Enrollment	A period of time at least once a year when Eligible Group Members may enroll themselves and their Dependents in the Plan. Annual Enrollment does not pertain to non-Medicare retirees.
Authorized Representative	A person to whom a covered person has given express written consent to represent the Member, a person authorized by law to provide substituted consent for a Member, a family member of the Member or the Member's treating health care professional if the Member is unable to provide consent, or a health care professional if the Member's Plan requires that a request for a benefit under the plan be initiated by the health care professional. For any Urgent Care Request, the term includes a health care professional with knowledge of the Member's medical condition.
Avoidable Hospital Conditions	Conditions that could reasonably have been prevented through application of evidence-based guidelines. These conditions are not present on admission, but present during the course of the stay. Participating Providers are not permitted to bill the Plan or Members for services related to Avoidable Hospital Conditions.
Basic Plan	The Member elects to access the health care system through a Health Care Provider that is not a part of the Preferred Provider Organization. Benefit payment will be at the Basic Plan level. Health Care Providers accessed at the Basic Plan level are also Participating Providers.
Benefit Period	A specified period of time when benefits are available for Covered Services under this Benefit Plan. A Claim for Benefits will be considered for payment only if the date of service or supply was within the Benefit Period. All benefits are determined on a Calendar Year (January 1st through December 31st) Benefit Period.
Benefit Plan	The agreement with Sanford Health Plan, including the Subscriber's membership application, Identification Card, the Benefit Plan Agreement, this Certificate of Insurance, the Benefit Plan Attachment and any supplements, endorsements, attachments, addenda or amendments
[The] Board	Means the North Dakota Public Employees Retirement System (NDPERS) board.
Calendar Year	A period of one year which starts on January 1st and ends December 31st.
Case Management	A coordinated set of activities conducted for individual patient management of chronic, serious, complicated, protracted, or other health conditions.
Claims Administrator or Claims Payor	Sanford Health Plan
Class of Coverage	The type of coverage the Subscriber is enrolled under, identifying who is eligible to receive benefits for Covered Services under this Benefit Plan. Classes of Coverage under this Benefit Plan are Single Coverage and Family Coverage.
Coinsurance Amount	A percentage of the Allowed Charge for Covered Services that is a Member's responsibility.
Coinsurance Maximum Amount	The total Coinsurance Amount that is a Member's responsibility during a Benefit Period. The Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period
Concurrent Review	Concurrent Review is Utilization Review for an extension of previously approved, ongoing course of treatment over a period of time or number of treatments typically associated with Hospital inpatient care including care received at a Residential Treatment Facility and ongoing outpatient services, including ongoing ambulatory care.
[This] Contract or [The] Contract	This Certificate of Insurance, which is a statement of the essential features and services given to the Subscriber by the Plan, including all attachments, the Group's application, the applications of the Subscribers and the Health Maintenance Contract.

Copayment (Copay)	A specified dollar amount payable by the Member for certain Covered Services. Health Care Providers may request payment of the Copayment Amount at the time of service.
Cost Sharing	The share of costs covered by your insurance that you pay out of your own pocket. This term generally includes coinsurance, copayments, or similar charges, but it doesn't include premiums, balance-billing amounts for non-network providers, or the cost of non-covered services.
Covered Services	Those Health Care Services to which a Member is entitled under the terms of this Contract.
Creditable Coverage	Benefits or coverage provided under: a. A group health benefit plan (as such term is defined under North Dakota law); b. A health benefit plan (as such term is defined under North Dakota law); c. Medicare; d. Medicaid; e. Civilian health and medical program for uniformed services; f. A health plan offered under 5 U.S.C. 89; g. A medical care program of the Indian Health Service or of a tribal organization; h. A state health benefits risk pool, including coverage issued under N.D.C.C. Chapter 26.1-08; i. A public health plan as defined in federal regulations, including a plan maintained by a state government, the United States government, or a foreign government; j. A health benefit plan under section 5(e) of the Peace Corps Act [Pub. L. 87-293; 75 Stat. 612; 22 U.S.C. 2504(e)]; and k. A state's children's health insurance program funded through Title XXI of the federal Social Security Act [42 U.S.C. 1397aa et seq.].
Custodial Care	Care designed to assist the patient in meeting the activities of daily living and not primarily provided for its therapeutic value in the treatment of an illness, disease, injury or condition.
Deductible Amount	A specified dollar amount payable by the Member for certain Covered Services received during the Benefit Period.
Dependent	The Spouse and any Dependent Child of a Subscriber.
Dependent Child	The definition of a Dependent Child of a Subscriber includes a child who is related to the Subscriber as a natural child, a child placed for adoption, a legally adopted child, a child for whom the Subscriber has legal guardianship, a stepchild, or a foster child; and is one of the following: (a) under the age of twenty-six (26), (b) incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within thirty-one (31) days of the Plan's request; or (c) the Subscriber's grandchild(ren) or those of the Subscriber's living, covered Spouse, who legally reside with the Certificate holder/Subscriber and (1) the parent of the grandchild(ren) is an Covered Dependent also covered by this Plan; and (2) both the Dependent and child of such Dependent (grandchild) are chiefly dependent upon the Certificate holder/Subscriber for support. Dependent coverage does not include the spouse of an adult Dependent child.
Domiciliary Care	Domiciliary Care consists of a protected situation in a community or Facility, which includes room, board, and personal services for individuals who cannot live independently yet do not require 24-hour Facility or nursing care.
Eligible Dependent	An Eligible Dependent includes: (1) The Spouse of the Subscriber; and (2) A Dependent child who is related to the Subscriber as a natural child, a child placed for adoption, a legally adopted child, a child for whom the Subscriber has legal guardianship, a stepchild, or a foster child; and is one of the following: (a) under the age of twenty-six (26), (b) incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within thirty-one (31) days of the Plan's request; or (c) the Subscriber's grandchild(ren) or those of the Subscriber's living, covered Spouse, who legally reside with the Certificate holder/Subscriber and (1) the parent of the grandchild(ren) is an Covered Dependent also covered by this Plan; and (2) both the Dependent and child of such Dependent (grandchild) are chiefly dependent upon the Certificate holder/Subscriber for support. Eligible Dependents do not include the spouse of an adult Dependent child.
Eligible Group Member	Any Group Member who meets the specific eligibility requirements of NDPERS.

Emergency Care Services	Emergency Care Services means: (1) Within the Service Area: covered health care services rendered by Participating or Non-Participating Providers under unforeseen conditions that require immediate medical attention. Emergency care services within the Service Area include covered health care services from Non-Participating Providers only when delay in receiving care from Participating Providers could reasonably be expected to cause severe jeopardy to the Member's condition or (2) Outside the Service Area: medically necessary health care services that are immediately required because of unforeseen illness or injury while the enrollee is outside the geographical limits of the Plan's Service Area.
Emergency Medical Condition	A medical condition of recent onset and severity, including severe pain, that would lead a prudent layperson acting reasonably and possessing an average knowledge of health and medicine to believe that the absence of immediate medical attention could reasonably be expected to result in serious impairment to bodily function, serious dysfunction of any bodily organ or part, or would place the person's health, or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.
Enrollee	An individual who is covered by this Plan.
ESRD	The federal End Stage Renal Disease program.
Expedited Appeal	An expedited review involving Urgent Care Requests for Adverse Determinations of Prospective (Pre-service) or Concurrent Reviews must be utilized if the Member, or Practitioner and/or Provider acting on behalf of the Member, believes that an expedited determination is warranted.
Experimental or Investigational Services	Health Care Services where the Health Care Service in question either: a. is not recognized in accordance with generally accepted medical standards as being safe and effective for treatment of the condition in question, regardless of whether the service is authorized by law or used in testing or other studies; or b. requires approval by any governmental authority and such approval has not been granted prior to the service being rendered.
Facility	An institution providing Health Care Services or a health care setting, including Hospitals and other licensed inpatient centers, ambulatory surgical or treatment centers, Skilled Nursing Facilities, Residential Treatment Facilities, diagnostic, laboratory, and imaging centers, and rehabilitation, and other therapeutic health settings.
Family Coverage	The Class Of Coverage identifying that the Subscriber and Eligible Dependents are enrolled to received benefits for Covered Services under this Plan.
Formulary	A list of prescription medication products, which are preferred by the Plan for dispensing to Members when appropriate. This list is subject to periodic review and modifications. Additional medications may be added or removed from the Formulary throughout the year.
Gestational Carrier	An adult woman who enters into an agreement to have a fertilized egg, gamete, zygote or embryo implanted in her and bear the resulting child for intended parents, where the embryo is conceived by using the egg and sperm of the intended parents.
Grievance	A written complaint submitted in accordance with the Plan's formal grievance procedure by or on behalf of the enrollee regarding any aspect of the Plan relative to the Member.
[The] Group or [This] Group	NDPERS has signed an agreement with Sanford Health Plan to provide health care benefits for its eligible employees, retirees, and Eligible Dependents.
Group Contract Holder	The individual to whom a [Group] Contract has been issued.
Group Member	Any employee, sole proprietor, partner, director, officer or Member of the Group.
Health Care Services	Services for the diagnosis, prevention, treatment, cure, or relief of a health condition, illness, injury or disease.
Hospital	A short-term, acute care, duly licensed institution that is primarily engaged in providing inpatient diagnostic and therapeutic services for the diagnosis, treatment, and care of injured and sick persons by or under the supervision of Physicians. It has organized departments of medicine and/or major surgery and provides 24-hour nursing service by or under the supervision of registered nurses. The term "Hospital" specifically excludes rest homes, places that are primarily for the care of convalescents, nursing homes, skilled nursing facilities, Residential Care Facilities, custodial care homes, intermediate care facilities, health resorts, clinics, Practitioner and/or Provider's offices, private homes, Ambulatory Surgical Centers, residential or transitional living centers, or similar facilities.
Hospitalization	A stay as an inpatient in a Hospital. Each "day" of Hospitalization includes an overnight stay for which a charge is customarily made. Benefits may not be restricted in a way that is based upon the number of hours that the Member stays in the Hospital.
Iatrogenic Condition	Illness or injury because of mistakes made in medical treatment, such as surgical mistakes, prescribing or dispensing the wrong medication or poor hand writing resulting in a treatment error.

Infertility Services Deductible Amount	A specified dollar amount payable by the Member during their lifetime for infertility services. The Infertility Services Deductible Amount does not apply toward the Out-of-Pocket Maximum Amount.
In-Network Benefit Level	The PPO Plan level of benefits provided when a Member seeks services from a Participating Practitioner and/or Provider.
Intensive Outpatient Program (IOP)	Provides mental health and/or substance use disorder outpatient treatment services during which a Member remains in the program a minimum of three (3) continuous hours per day and does not remain in the program overnight. Programs may be available in the evenings or weekends.
Intermediate Care	Intermediate Care means care in a Facility, corporation or association licensed or regulated by the State for the accommodation of persons, who, because of incapacitating infirmities, require minimum but continuous care but are not in need of continuous medical or nursing services. The term also includes facilities for the nonresident care of elderly individuals and others who are able to live independently but who require care during the day.
Maintenance Care	Treatment provided to a Member whose condition/progress has ceased improvement or could reasonably be expected to be managed without the skills of a Health Care Provider. Exception: periodic reassessments are not considered Maintenance Care
Maximum Allowed Amount	The amount established by Sanford Health Plan using various methodologies for covered services and supplies. Sanford Health Plan's Maximum Allowable Amount is the lesser of (a) the amount charged for a covered service or supply; or (b) Reasonable Costs.
Medically Necessary or Medical Necessity	Health Care Services that are appropriate and necessary as determined by any Participating Provider, in terms or type, frequency, level, setting, and duration, according to the Member's diagnosis or condition, and diagnostic testing and Preventive services. Medically Necessary care must be consistent with generally accepted standards of medical practice as recognized by the Plan, as determined by health care Practitioner and/or Providers in the same or similar general specialty as typically manages the condition, procedure, or treatment at issue; and a. help restore or maintain the Members health; or b. prevent deterioration of the Member's condition; or c. prevent the reasonably likely onset of a health problem or detect an incipient problem; or d. not considered Experimental or Investigative
Member	The Subscriber and, if another Class of Coverage is in force, the Subscriber's Eligible Dependents
Mental Health and/or Substance Use Disorder Services	Health Care Services for disorders specified in the Diagnostic and Statistical Manual of Mental Disorders (DSM), the American Society of Addiction Medicine Criteria (ASAM Criteria), and the International Classification of Diseases (ICD), current editions. Also referred to as behavioral health, psychiatric, chemical dependency, substance abuse, and/or addiction services.
Natural Teeth	Teeth, which are whole and without impairment or periodontal disease, and are not in need of the treatment provided for reasons other than dental injury.
Never Event	Errors in medical care that are clearly identifiable, preventable, and serious in their consequences for patients, and indicate a problem in the safety and credibility of a health care Facility. Participating Providers are not permitted to bill the Plan or Members for services related to Never Events.
NDPERS	The North Dakota Public Employees Retirement System.
Non-Covered Services	Those Health Care Services to which a Member is not entitled and are not part of the benefits paid under the terms of this Contract.
Non-Participating Provider	A Provider that has not signed a contract with the Plan.
Non-Payable Health Care Provider	A Health Care Provider that is not reimbursable by the Plan. No benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of a Non-Payable Health Care Provider.
Nursing Services	Health Care Services which are provided by a registered nurse (RN), licensed practical nurse (LPN), or other licensed nurse who is: (1) acting within the scope of that person's license, (2) authorized by a Provider, and (3) not a Member of the Member's immediate family.
Out-of-Network Benefit Level	The Basic Plan level of benefits provided when a Member seeks services from a Non-PPO Practitioner and/or Provider. This is most often referred to as benefits received under the Basic Plan level but may include services received from Practitioners and/or Providers that have not signed a contract with the Plan.

Out-of-Pocket Maximum Amount	The total Deductible and Coinsurance Amounts for certain Covered Services that are a Member's responsibility during a Benefit Period. When the Out-of-Pocket Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Covered Services, less Copayment Amounts incurred during the remainder of the Benefit Period. The Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period. Medical and prescription drug Copayment amounts do not apply toward the Out-of-Pocket Maximum Amount.
Partial Hospitalization	Also known as day treatment; A licensed or approved day or evening outpatient treatment program that includes the major diagnostic, medical, psychiatric and psychosocial rehabilitation treatment modalities designed for individuals with mental health and/or substance use disorders who require coordinated, intensive, comprehensive and multi-disciplinary treatment.
Participating [Health Care] Provider	A Provider who, under a contract with the Plan, or with its contractor or subcontractor, has agreed to provide Health Care Services to Members with an expectation of receiving payment, other than Coinsurance, Copays, or Deductibles, directly or indirectly, from the Plan. A Participating Provider includes Health Care Providers at either the Basic or PPO Plan level.
Physician	An individual licensed to practice medicine or osteopathy.
[The] Plan or [This] Plan	Sanford Health Plan.
Plan Administrator	North Dakota Public Employees Retirement System (NDPERS)
PPO (Preferred Provider Organization) Plan	A group of Health Care Providers who provide discounted services to the Members of NDPERS. Because PPO Health Care Providers charge Sanford Health Plan less for medical care services provided to the Members of NDPERS, cost savings are passed on to Members by way of reduced Cost Sharing Amounts. To receive a higher payment level, Covered Services must be received from an NDPERS PPO Health Care Provider. Health Care Providers accessed at the PPO level are also Participating Providers.
Practitioner	A professional who provides health care services. Practitioners are usually required to be licensed as required by law. Practitioners are also Physicians.
Preauthorization	The process of the Member or the Member's representative notifying Sanford Health Plan to request approval for specified services. Eligibility for benefits for services requiring Preauthorization is contingent upon compliance with the provisions in Sections 2, 4 and 5. Preauthorization does not guarantee payment of benefits.
Prescription Drug Coinsurance Maximum Amount	The total Formulary Coinsurance Amount for Prescription Medications that is a Member's responsibility during a Benefit Period. When this Coinsurance Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Formulary Prescription Medications, less Copayment Amounts incurred during the remainder of the Benefit Period. This Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period. Copayment Amounts do not apply toward this Coinsurance Maximum Amount.
Preventive	Health Care Services that are medically accepted methods of prophylaxis or diagnosis which prevent disease or provide early diagnosis of illness and/or which are otherwise recognized by the Plan.
Primary Care Practitioner and/or Provider (PCP)	A Participating Practitioner and/or Provider who is an internist, family practice Physician, pediatrician, or obstetrician/gynecologist who is a Participating Practitioner and who has been chosen to be designated as a Primary Care Practitioner and/or Provider as indicated in the Provider Directory and may be responsible for providing, prescribing, directing, referring, and/or authorizing all care and treatment of a Member.
Prior Approval	The process of the Member or Member's representative providing information to Sanford Health Plan substantiating medical necessity of services in order to receive benefits for the requested service. Sanford Health Plan reserves the right to deny or pay benefits at the Basic Plan level if Prior Approval is not obtained.
Prospective (Pre-service) Review	Means Urgent and non-Urgent Utilization Review conducted prior to an admission or the provision of a Health Care Service or a course of treatment. Also referred to as Preauthorization/Prior Approval.
[Health Care] Provider	An individual, institution or organization that provides services for Members. Examples of Providers include but are not limited to Hospitals, Physicians, Practitioners, and home health agencies.
Prudent Layperson	A person who is without medical training and who possess an average knowledge of health and medicine and who draws on his/her practical experience when making a decision regarding the need to seek Emergency medical treatment.
Qualified Mental Health Professional	A licensed Physician who is a psychiatrist; a licensed clinical psychologist who is qualified for listing on the national register of health service providers in psychology; a licensed certified social worker who is a board-certified in clinical social work; or a nurse who holds advanced licensure in psychiatric nursing.
Reasonable Costs	Those costs that do not exceed the lesser of (a) negotiated schedules of payment developed by the Plan, which are accepted by Participating Practitioners and/or Providers; or (b) the prevailing marketplace charges.

Residential Treatment Facility	An inpatient mental health or substance use disorder treatment Facility that provides twenty-four (24) hour availability of qualified medical staff for psychiatric, substance abuse, and other therapeutic and clinically informed services to individuals whose immediate treatment needs require a structured twenty-four (24) hour residential setting that provides all required services on site. Services provided include, but are not limited to, multi-disciplinary evaluation, medication management, individual, family and group therapy, substance abuse education/counseling. Facilities must be under the direction of a board-eligible or certified psychiatrist, with appropriate staffing on-site at all times. If the Facility provides services to children and adolescents, it must be under the direction of a board-eligible or certified child psychiatrist or general psychiatrist with experience in the treatment of children. Hospital licensure is required if the treatment is Hospital-based. The treatment Facility must be licensed by the state in which it operates.
Retrospective (Post-service) Review	Means any review of a request for a benefit that is not a Prospective (Pre-service) Review request, which does not include the review of a claim that is limited to veracity of documentation, or accuracy of coding, or adjudication of payment. Retrospective (Post-service) Review will be utilized by Sanford Health Plan to review services that have already been utilized.
Serious Reportable Event	An event that results in a physical or mental impairment that substantially limits one or more major life activities of a Member or a loss of bodily function, if the impairment or loss lasts more than seven (7) days or is still present at the time of discharge from an inpatient health care Facility. Serious events also include loss of a body part and death. Participating Providers are not permitted to bill Members or the Plan for services related to Serious Reportable Events.
[NDPERS] Service Agreement and/or [Group] Contract	The Service Agreement between NDPERS and Sanford Health Plan that is a contract for Health Care Services, which by its terms limits eligibility to enrollees of a specified group. The Group Contract may include coverage for Dependents.
Service Area	The geographic Service Area of the Plan approved by the State's Insurance Department.
Single Coverage	The Class of Coverage identifying that only the Subscriber is enrolled to received benefits for Covered Services under this Plan.
Skilled Nursing Facility	A Facility that is operated pursuant to the presiding state law and is primarily engaged in providing room and board accommodations and skilled nursing care under the supervision of a duly-licensed Physician.
Spouse	The Subscriber's Spouse under a legally existing marriage between persons of the opposite sex
[This] State or [The] State	The State of North Dakota.
Subscriber	An Eligible Group Member who is enrolled in the Plan whose employment or other status (except family dependency) is the basis for eligibility for enrollment in the Plan. A Subscriber is also a Member and Enrollee.
Surrogate	An adult woman who enters into an agreement to bear a child conceived through assisted conception for intended parents.
Urgent Care Request	Means a request for a Health Care Service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination which: 1. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or 2. In the opinion of a Practitioner and/or Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.
Urgent Care Situation	An Urgent Care Situation is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within *twenty-four (24)* hours, such as stitches for a cut finger. Urgent care means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination: a. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or b. In the opinion of a Practitioner and/or Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.
Us/We/Our	Refers to Sanford Health Plan
Utilization Review	A set of formal techniques used by the Plan to monitor and evaluate the medical necessity, appropriateness, and efficiency of Health Care Services and procedures including techniques such as ambulatory review, Prospective (pre-service) Review, second opinion, Preauthorization/Prior Approval, Concurrent Review, Case Management, discharge planning, and retrospective (post-service) review.

Section 11. When Coverage Ends

Termination of Member Coverage

For the purposes of this Benefit Plan, upon termination of Member Coverage, the following provisions control:

1. **Determining Ineligibility.** Eligibility for benefits subsequent to retirement or termination will be determined pursuant to N.D.C.C. §54-52.1-03.
2. **Continuation of health, dental, vision, or prescription drug coverage after termination.** An employee who terminates employment and is not receiving a monthly retirement benefit from one of the eligible retirement systems, and applies for continued coverage with the health, dental, vision, or prescription drug plan may continue such coverage for a maximum of eighteen (18) months by remitting timely payments to the Board. The employee desiring coverage shall notify the Board within sixty (60) days of the termination. Coverage will become effective on the first day of the month following the last day of coverage by the employing agency, if an application is submitted within sixty (60) days. An individual who fails to timely notify the board is not eligible for coverage. [N.D.A.C. §71-03-03-06]
3. **Continuation of health, dental, vision, or prescription drug coverage for dependents.** Dependents of employees with family coverage may continue coverage with the group after their eligibility would ordinarily cease. This provision includes divorced or widowed spouses and children when they are no longer dependent on the employee. Coverage is contingent on the prompt payment of the premium, and in no case will coverage continue for more than thirty-six (36) months. Dependents desiring coverage shall notify the board within sixty (60) days of the qualifying event and must submit an application in a timely manner. An individual who fails to notify the Board within the sixty (60) days, and who desires subsequent coverage, will not be eligible for coverage. [N.D.A.C. §71-03-03-07]
4. **Leave without pay.** An employee on an approved leave without pay may elect to continue coverage for the periods specified in the plans for life insurance, health, dental, vision, or prescription drug coverages by paying the full premium to the agency. An eligible employee electing not to continue coverage during a leave of absence is entitled to renew coverage for the first of the month following the month that the employee has returned to work if the employee submits an application for coverage within the first thirty-one (31) days of returning to work. An eligible employee failing to submit an application for coverage within the first thirty-one (31) days of returning to work or eligibility for a special enrollment period, may enroll during the annual open enrollment. Upon a showing of good cause, the executive director may waive the thirty-one day application requirement. [N.D.A.C. §71-03-03-09]
   a. In the event an enrolled eligible employee is not entitled to receive salary, wages, or other compensation for a particular calendar month, that employee may make direct payment of the required premium to the board to continue the employee's coverage, and the employing department, board, or agency shall provide for the giving of a timely notice to the employee of that person's right to make such payment at the time the right arises. [N.D.C.C. §54-52.1-06]

Note: A Member's coverage may not be terminated due to the status of the Member's health or because the Member has exercised his or her rights under the Plan's policy on member complaints or the policy on appeal procedures for medical review determinations. For details on Complaints and Appeals, see Section 8 of this COI.

Continuation

1. If the Subscriber becomes ineligible for group membership under this Benefit Plan due to an inability to meet NDPERS requirements and enrollment regulations, coverage will be canceled at the end of the last month that premium was received from the Plan Administrator. Exceptions may be made if:
   a. The Plan Administrator cancels coverage. Conversion coverage will not be offered to a Subscriber, if on the date of conversion the Plan Administrator, through which the Subscriber is eligible, has terminated coverage with Sanford Health Plan, and the Plan Administrator has enrolled with another insurance carrier.
   b. The Plan Administrator no longer meets Sanford Health Plan's group coverage requirements. The Subscriber will be given the right to convert to a nongroup benefit plan, subject to premiums and benefit plan provisions in effect, if application for such coverage is made within 31 days after the termination date of the previous benefit plan.
   c. Ineligibility occurs because the Subscriber elects to discontinue employment, is terminated or is otherwise no longer covered under the group health plan. The Subscriber may elect continuation coverage through the Plan Administrator in accordance with state and federal law.
   d. Ineligibility occurs because the Subscriber is no longer eligible to continue coverage under the group (NDPERS). The Subscriber may elect conversion (individual) coverage on a nongroup basis, subject to premiums and benefit plan provisions for nongroup coverage then in effect, if the Subscriber applies for nongroup coverage within 31 days after the termination date of the previous group health plan coverage.
2. If a Member becomes otherwise ineligible for group membership under this Benefit Plan, Sanford Health Plan must at least offer the Subscriber its conversion (individual) benefit plan, if the Member lives in the Sanford Health Plan Service Area. There may be other coverage options for the Subscriber and/or Eligible Dependents through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." The cost of these options may vary depending on a Subscriber's individual circumstances. To learn more, visit www.healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.

Continuation of Coverage for Confined Members

Any Member who is an inpatient in a Hospital or other Facility on the date of coverage termination under this Benefit Plan will be covered in accordance with the terms of this Certificate until they are discharged from such Hospital or other Facility. Applicable charges for coverage that was in effect prior to termination of this Certificate will apply.

Extension of Benefits for Total Disability

An extension of benefits is provided Covered Members/Subscribers who become totally disabled while enrolled under this Benefit Plan and whom continue to be totally disabled at the date of termination of this Certificate. Upon payment applicable premium charges at the current Group rate, coverage will remain in full force and effect until the first of the following occurs:

1. The end of a period of twelve (12) months starting with the date of termination of the Group contract;
2. The date the Member is no longer totally disabled; or
3. The date a succeeding plan provides replacement coverage to that Member without limitation as to the disabling condition.

Upon termination of the extension of benefits, the Member/Subscriber will have continuation and conversion rights as stated in Sections 11 and 12.

Cancellation of This or Previous Benefit Plans

If the Benefit Plan is terminated, modified or amended, coverage is automatically terminated, modified or amended for all enrolled Members of the NDPERS Dakota Plan. It is the Plan Administrator's responsibility to notify Members of the termination of coverage.

Notice of Creditable Coverage

You, the Member, may request a Certificate of Creditable Coverage for you and your covered family Members upon your voluntary or involuntary termination from the Plan. You may also request a Certificate of Creditable Coverage at any time by calling Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. Written requests can be sent to MemberServices@sanfordhealth.org or:

Sioux Falls, SD 57109-1110

Section 12. Options After Coverage Ends

Federal Continuation of Coverage Provisions ("COBRA")

Notice of Continuation Coverage Rights Under COBRA

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept "Late Enrollees".

What is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to NDPERS, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to:

North Dakota Public Employees Retirement System
400 East Broadway, Suite 505
PO Box 1657
Bismarck, ND 58502
(701) 328-3900

How is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

- *Disability extension of 18-month period of COBRA continuation coverage*
  If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.
- *Second qualifying event extension of 18-month period of continuation coverage*
  If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.healthcare.gov.

Keep Your Plan Informed of Address Changes

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

Section 13. Subrogation and Right of Reimbursement

If a Member is injured or becomes ill because of an action or omission of a third party who is or may be liable to the Member for the injury or illness, the Health Plan may be able to "step into the shoes" of the Member to recover health care costs from the party responsible for the injury or illness. This is called "Subrogation," and this part of this Certificate covers such situations.

If a Member has received or receives a recovery from the third party, the Health Plan has a right to reduce benefits, or to be reimbursed for that which it has provided to the Member. This is called "Reimbursement" and this part of this Certificate covers such situations.

The Plan will provide Health Care Services to the Member for the illness or injury, just as it would in any other case. However, if the Member accepts the services from the Plan, this acceptance constitutes the Member's consent to the provisions discussed below.

Plan's Rights of Subrogation

In the event of any payments for benefits provided to a Member under this Contract, the Plan, to the extent of such payment, shall be subrogated to all rights of recovery such Member, the Member's parents, heirs, guardians, executors, or other representatives may have against any person or organization. These subrogation and reimbursement rights also include the right to recover from uninsured motorist insurance, underinsured motorist insurance, no-fault insurance, automobile medical payments coverage, premises medical expense coverage, and workers compensation insurance or substitute coverage. The Plan shall be entitled to receive from any such recovery an amount up to the Reasonable Cost for the services provided by the Plan. In providing benefits to a Member, the Plan may obtain discounts from its health care Providers, compensate Providers on a capitated basis or enter into other arrangements under which it pays to another less than the Reasonable Costs of the benefits provided to the Member. Regardless of any such arrangement, when a Member receives a benefit under the Plan for an illness or injury, the Plan is subrogated to the Member's right to recover the Reasonable Costs of the benefits it provides on account of such illness or injury, even if those Reasonable Costs exceed the amount paid by the Plan.

The Plan is granted a first priority right to subrogation or reimbursement from any source of recovery. The Plan's first priority right applies whether or not the Member has been made whole by any recovery. The Plan shall have a lien on all funds received by the Member, the Member's parents, heirs, guardians, executors, or other representatives up to the Reasonable Costs Charge for any past, present, or future Health Care Services provided to the Member. The Plan may give notice of that lien to any party who may have contributed to the loss.

If the Plan so decides, it may be subrogated to the Member's rights to the extent of the benefits provided or to be provided under this Contract. This includes the Plan's right to bring suit against the third party in the Member's name.

Plan's Right to Reduction and Reimbursement

The Plan shall have the right to reduce or deny benefits otherwise payable by the Plan, or to recover benefits previously paid by the Plan, to the extent of any and all payments made to or for a Member by or on behalf of a third party who is or may be liable to the Member, regardless of whether such payments are designated as payment for, but not limited to, pain and suffering, loss of income, medical benefits or expenses, or other specified damages.

Any such right of reduction or reimbursement provided to the Plan under this Contract shall not apply or shall be limited to the extent that statutes or the courts of this State eliminate or restrict such rights.

The Plan shall have a lien on all funds received by the Member, the Member's parents, heirs, guardians, executors, or other representatives up to the Reasonable Cost for the Health Care Services provided to the Member.

Member's Responsibilities

The Member, the Member's parents, heirs, guardians, executors, or other representatives must take such action, furnish such information and assistance, and execute such instruments as the Plan requires to facilitate enforcement of its rights under this Part. The Member shall take no action prejudicing the rights and interests of the Plan under this provision. Neither a Member nor the Member's attorney or other representative is authorized to accept subrogation or reimbursement payments on behalf of the Plan, to negotiate or compromise the Plan's subrogation or reimbursement claim, or to release any right of recovery or reimbursement without the Plan's express written consent. Any Member who fails to cooperate in the Plan's administration of this Part shall be responsible for the Reasonable Cost for services subject to this section and any legal costs incurred by the Plan to enforce its rights under this section. Members must also report any recoveries from insurance companies or other persons or organizations arising form or relating to an act or omission that caused or contributed to an injury or illness to the Member paid for by the Plan. Failure to comply will entitle the Plan to withhold benefits, services, payments, or credits due under the Plan.

SANFORD HEALTH PLAN

Notice

Your employer has established an employee welfare benefit plan for Eligible Employees and their Eligible Dependents. The following Summary Plan Description/Certificate of Insurance (COI) is provided to you in accordance with the Employee Retirement Income Security Act of 1974. Every attempt has been made to provide concise and accurate information.

This COI and the NDPERS Service Agreement are the official benefit plan documents for the employee welfare benefit plan established by the Plan Administrator. In case of conflict between this Certificate of Insurance/Summary Plan Description and the NDPERS Service Agreement, the provisions of the NDPERS Service Agreement will control.

Although it is the intention of the Plan Administrator to continue the employee welfare benefit plan for an indefinite period of time, the Plan Administrator reserves the right, whether in an individual case or in general, to eliminate the Benefit Plan.

Sanford Health Plan shall construe and interpret the provisions of the Service Agreement, the COI and related documents, including doubtful or disputed terms; and to conduct any and all reviews of claims denied in whole or in part. NDPERS shall determine all questions of eligibility.

Title of Employees Authorized To Receive Protected Health Information

- Administrative Services Division
- Accounting & IT Division
- Accounting Division
- Benefit Programs Division
- Benefit Program Development & Research
- Executive Director
- Internal Audit Division

This includes every employee, class of employees, or other workforce person under control of the Plan Sponsor who may receive the Member's Protected Health Information relating to payment under, health care operations of, or other matters pertaining to the Benefit Plan in the ordinary course of business.

These identified individuals will have access to the Member's Protected Health Information only to perform the plan administrative functions the Plan Sponsor provides to the Benefit Plan. Such individuals will be subject to disciplinary action for any use or disclosure of the Member's Protected Health Information in breach or in violation of, or noncompliance with, the privacy provisions of the Benefit Plan. The Plan Sponsor shall promptly report any such breach, violation, or noncompliance to the Plan Administrator; will cooperate with the Plan Administrator to correct the breach, violation and noncompliance to impose appropriate disciplinary action on each employee or other workforce person causing the breach, violation, or noncompliance; and will mitigate any harmful effect of the breach, violation, or noncompliance on any Member whose privacy may have been compromised.

Statement of Eligibility to Receive Benefits

As provided in N.D.C.C. §54-52.1-01(4), individuals eligible to receive benefits are every permanent employee who is employed by a governmental unit, as that term is defined in N.D.C.C. §54-52-01, whose services are not limited in duration, who is filling an approved and regularly funded position in a governmental unit, and who is employed at least seventeen and one-half hours per week and at least five months each year or for those first employed after August 1,2003, is employed at least twenty hours per week and at least twenty weeks each year of employment. An eligible employee includes members of the Legislative Assembly, judges of the Supreme Court, paid members of state or political subdivision boards, commissions, or associations, full-time employees of political subdivisions, elective state officers as defined by N.D.C.C. §54-06-01(2), and disabled permanent employees who are receiving compensation from the North Dakota workforce safety and insurance fund.

A temporary employee employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made before January 1, 2015, and if the temporary employee is participating in the uniform group insurance program on January 1, 2015. In order for a temporary employee employed after July 31, 2007, to qualify to participate in the uniform group insurance program, the employee must be employed at least twenty hours per week; must be employed at least twenty weeks each year of employment; must make the election to participate before January 1, 2015; and must be participating in the uniform group insurance program as of January 1, 2015. To be eligible to participate in the uniform group insurance program, a temporary employee first employed after December 31, 2014, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, must meet the definition of a full-time employee under §4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)].

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment or eligibility for a special enrollment period as set forth in N.D.A.C. §71-03-03. Each eligible employee may elect to enroll his/her Eligible Dependents.

Eligible employees also include non-Medicare eligible retired and terminated employees, and their Eligible Dependents, who remain eligible to participate in the uniform group insurance program pursuant to applicable state law, as provided in N.D.C.C. §54-52.1-03 and federal regulations. For a comprehensive description of eligibility, refer to the NDPERS web site at www.nd.gov/ndpers.

Eligibility to receive benefits under the Benefit Plan is initially determined by the Plan Administrator. When an eligible employee meets the criteria for eligibility, a membership application must be completed. NDPERS has the ultimate decision making authority regarding eligibility to receive benefits.

Description of Benefits

See the Schedule of Benefits and the Covered Services Sections. Refer to the Table of Contents for page numbers.

Sources of Premium Contributions to the Plan and the Method by Which the Amount of Contribution Is Calculated

The contributions for single or family for state employees are paid at 100% by the State. The contributions for employees of participating political subdivisions are at the discretion of the subdivision and subject to the minimum contribution requirements and participation requirements of Sanford Health Plan. Either the contributions for temporary employees are at their own expense or their employer may pay the premium subject to its budget authority.

End of the Year Date for Purposes of Maintaining the Plan's Fiscal Records

June 30

Clerical Error

Any clerical error by either the Plan or Claims Administrators, or the aforementioned entities' designees, in keeping pertinent records or a delay in making any changes will not invalidate coverage otherwise validly in force or continue coverage validly terminated. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, due to a clerical error, an overpayment occurs in a Plan reimbursement amount, Sanford Health Plan and NDPERS retain contractual rights to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money.

Recovery of Benefit Payments

Pursuant to N.D.A.C. §71-03-05-06, whenever benefits are paid in noncompliance with the Contract, NDPERS, which is the Plan Administrator, or an agent of the Plan Administrator, retains the right to recover the payments from the party responsible.

If Sanford Health Plan, which is the Claims Administrator and Payor, or an agent of Sanford Health Plan, is at fault, the amount of overpayment will be withheld from the administrative fees paid by NDPERS.

If overpayments are made because of false or misleading information provided by a Member, Sanford Health Plan, or an agent of Sanford Health Plan, shall attempt to recover the amount. Any moneys recovered shall be credited to NDPERS.

If an overpayment is made because of a mistake or deliberate act by a Health Care Provider, Sanford Health Plan shall collect the money from the Provider and credit that amount to NDPERS.

If fraud is suspected, Sanford Health Plan shall inform NDPERS and NDPERS may turn the evidence over to the North Dakota State's Attorney or Attorney General's office for possible prosecution.

Amending and Terminating this Benefit Plan

As Plan Administrator, NDPERS has delegated responsibility for determinations regarding covered benefits, and the amount and manner of the payment of benefits, including the appeal of denied claims, to Sanford Health Plan, the insurer of the plan.

NDPERS reserves the right to terminate the plan, or amend or eliminate benefits under the North Dakota Public Employees Retirement System Dakota Plan, as insured and issued by Sanford Health Plan, at any time and at its discretion, upon mutual agreement between NDPERS and Sanford Health Plan. Should this Benefit Plan be amended or terminated, such action shall be by a written instrument duly adopted by both NDPERS and Sanford Health Plan, or the aforementioned entities' designees.

Summary Notice and Important Phone Numbers

This COI describes in detail your Employer's health care benefit Plan and governs the Plan's coverage. This COI, any amendments, and related documents comprise the entire Plan between the Employer and the Claims Administrator.

A thorough understanding of your coverage will enable you to use your benefits wisely. Please read this COI carefully. If you have any questions about the benefits, please contact Sanford Health Plan's Member Services.

This COI describes in detail the Covered Services provisions and other terms and conditions of the Plan.

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice applies to Sanford Health Plan. If you have questions about this Notice, please contact the Plan at (800) 499-3416 *(toll-free)* | TTY/TDD (877) 652-1844 *(toll-free)*. You may also email your questions to memberservices@sanfordhealth.org.

This Notice describes how we will use and disclose your health information. The terms of this Notice apply to all health information generated or received by Sanford Health Plan, whether recorded in our business records, your medical record, billing invoices, paper forms, or in other ways.

HOW WE USE AND DISCLOSE YOUR HEALTH INFORMATION

We use or disclose your health information as follows (In Minnesota we will obtain your prior consent):

- **Help manage the health care treatment you receive:** We can use your health information and share it with professionals who are treating you. For example, a doctor may send us information about your diagnosis and treatment plan so we can arrange additional services.
- **Pay for your health services:** We can use and disclose your health information as we pay for your health services. For example, we share information about you with your primary care Practitioner and/or Provider to coordinate payment for those services.
- **For our health care operations:** We may use and share your health information for our day-to-day operations, to improve our services, and contact you when necessary. For example, we use health information about you to develop better services for you. We are not allowed to use genetic information to decide whether we will give you coverage and the price of that coverage. This does not apply to long-term care plans.
- **Administer your plan:** We may disclose your health information to your health plan sponsor for plan administration. For example, your company contracts with us to provide a health plan, and we provide your company with certain statistics to explain the premiums we charge.

We may share your health information in the following situations unless you tell us otherwise. If you are not able to tell us your preference, we may go ahead and share your information if we believe it is in your best interest or needed to lessen a serious and imminent threat to health or safety:

- **Friends and Family:** We may disclose to your family and close personal friends any health information directly related to that person's involvement in payment for your care.
- **Disaster Relief:** We may disclose your health information to disaster relief organizations in an emergency.

We may also use and share your health information for other reasons without your prior consent:

- **When required by law:** We will share information about you if state or federal law require it, including with the Department of Health and Human services if it wants to see that we're complying with federal privacy law.
- **For public health and safety:** We can share information in certain situations to help prevent disease, assist with product recalls, report adverse reactions to medications, and to prevent or reduce a serious threat to anyone's health or safety.
- **Organ and tissue donation:** We can share information about you with organ procurement organizations.
- **Medical examiner or funeral director:** We can share information with a coroner, medical examiner, or funeral director when an individual dies.
- **Workers' compensation and other government requests:** We can share information to employers for workers' compensation claims. Information may also be shared with health oversight agencies when authorized by law, and other special government functions such as military, national security and presidential protective services.
- **Law enforcement:** We may share information for law enforcement purposes. This includes sharing information to help locate a suspect, fugitive, missing person or witness.
- **Lawsuits and legal actions:** We may share information about you in response to a court or administrative order, or in response to a subpoena.
- **Research:** We can use or share your information for certain research projects that have been evaluated and approved through a process that considers a patient's need for privacy.

We may contact you in the following situations:

- **Treatment options:** To provide information about treatment alternatives or other health related benefits or Sanford Health Plan services that may be of interest to you.
- **Fundraising:** We may contact you about fundraising activities, but you can tell us not to contact you again.

YOUR RIGHTS THAT APPLY TO YOUR HEALTH INFORMATION

When it comes to your health information, you have certain rights.

- **Get a copy of your health and claims records:** You can ask to see or get a paper or electronic copy of your health and claims records and other health information we have about you. We will provide a copy or summary to you usually within 30 days of your request. We may charge a reasonable, cost-based fee.
- **Ask us to correct your health and claims records:** You can ask us to correct health information that you think is incorrect or incomplete. We may deny your request, but we'll tell you why in writing. These requests should be submitted in writing to the contact listed below.
- **Request confidential communications:** You can ask us to contact you in a specific way (for example, home or office phone) or to send mail to a different address. Reasonable requests will be approved. We must say "yes" if you tell us you would be in danger if we do not.
- **Ask us to limit what we use or share:** You can ask us to restrict how we share your health information for treatment, payment, or our operations. We are not required to agree to your request, and we may say "no" if it would affect your care. If you are not able to tell us your preference, for example if you are unconscious, we may go ahead and share your information if we believe it is in your best interest. We may also share your information when needed to lessen a serious and imminent threat to health or safety.
- **Get a list of those with whom we've shared information:** You can ask for a list (accounting) of the times we've shared your health information for six (6) years prior, who we've shared it with, and why. We will include all disclosures except for those about your treatment, payment, and our health care operations, and certain other disclosures (such as those you asked us to make). We will provide one (1) accounting a year for free, but we will charge a reasonable cost-based fee if you ask for another within twelve (12) months.
- **Get a copy of this privacy notice:** You can ask for a paper copy of this Notice at any time, even if you have agreed to receive it electronically. We will provide you with a paper copy promptly.
- **Choose someone to act for you:** If you have given someone medical power of attorney or if someone is your legal guardian, that person can exercise your rights and make choices about your health information. We will make sure the person has this authority and can act for you before we take any action.
- **File a complaint if you feel your rights are violated:** You can complain to the U.S. Department of Health and Human Services Office for Civil Rights if you feel we have violated your rights. We can provide you with their address. You can also file a complaint with us by using the contact information below. We will not retaliate against you for filing a complaint.

OUR RESPONSIBILITIES REGARDING YOUR HEALTH INFORMATION

- We are required by law to maintain the privacy and security of your health information.
- We will let you know promptly if a breach occurs that may have compromised the privacy or security of your health information.
- We must follow the duties and privacy practices described in this Notice and offer to give you a copy.
- We will not use, share, or sell your information for marketing or any purpose other than as described in this Notice unless you tell us to in writing. You may change your mind at any time by letting us know in writing.

CHANGES TO THIS NOTICE

We may change the terms of this Notice, and the changes will apply to all information we have about you. The new Notice will be available upon request and on our website www.sanfordhealthplan.com/ndpers.

EFFECTIVE DATE

This Notice of Privacy Practices is effective September 23, 2013.

NOTICE OF ORGANIZED HEALTH CARE ARRANGEMENT FOR SANFORD HEALTH PLAN

Sanford Health Plan and Sanford Health Plan of Minnesota have agreed, as permitted by law, to share your health information among themselves for the purposes of treatment, payment, or health care operations. This notice is being provided to you as a supplement to the above Notice of Privacy Practices.

Attachment I. Summary of Benefits and Coverage 72

Introduction

Member Rights

The Plan is committed to treating Members in a manner that respects their rights. In this regard, the Plan recognizes that each Member (or the Member's parent, legal guardian or other representative if the Member is a minor or incompetent) has the right to the following:

1. Members have the right to receive impartial access to treatment and/or accommodations that are available or medically indicated, regardless of race; ethnicity; national origin; gender; age; sexual orientation; medical condition, including current or past history of a mental health and substance use disorder; disability; religious beliefs; or sources of payment for care.
2. Members have the right to considerate, respectful treatment at all times and under all circumstances with recognition of their personal dignity.
3. Members have the right to be interviewed and examined in surroundings designed to assure reasonable visual and auditory privacy.
4. Members have the right, but are not required, to select a Primary Care Practitioner and/or Provider (PCP) of their choice. If a Member is dissatisfied for any reason with the PCP initially chosen, he/she has the right to choose another PCP.
5. Members have the right to expect communications and other records pertaining to their care, including the source of payment for treatment, to be treated as confidential in accordance with the guidelines established in applicable North Dakota law.
6. Members have the right to know the identity and professional status of individuals providing service to them and to know which Practitioner and/or Provider is primarily responsible for their individual care. Members also have the right to receive information about our clinical guidelines and protocols.
7. Members have the right to a candid discussion with the Practitioners and/or Providers responsible for coordinating appropriate or medically necessary treatment options for their conditions in a way that is understandable, regardless of cost or benefit coverage for those treatment options. Members also have the right to participate with Practitioners and/or Providers in decision making regarding their treatment plan.
8. Members have the right to give informed consent before the start of any procedure or treatment.
9. When Members do not speak or understand the predominant language of the community, the Plan will make reasonable efforts to access an interpreter. The Plan has the responsibility to make reasonable efforts to access a treatment clinician that is able to communicate with the Member.
10. Members have the right to receive printed materials that describe important information about the Plan in a format that is easy to understand and easy to read.
11. Members have the right to a clear Grievance and Appeal process for complaints and comments and to have their issues resolved in a timely manner.
12. Members have the right to Appeal any decision regarding medical necessity made by the Plan and its Practitioners and/or Providers.
13. Members have the right to terminate from the Plan, in accordance with Employer and/or Plan guidelines.
14. Members have the right to make recommendations regarding the organization's Member's rights and responsibilities policies.
15. Members have the right to receive information about the organization, its services, its Practitioners and Providers and Members' rights and responsibilities.

Member Responsibilities

Each Member (or the Member's parent, legal guardian or other representative if the Member is a minor or incompetent) is responsible for cooperating with those providing Health Care Services to the Member, and shall have the following responsibilities:

1. Members have the responsibility to provide, to the best of their knowledge, accurate and complete information about present complaints, past illnesses, Hospitalizations, medications, and other matters relating to their health. They have the responsibility to report unexpected changes in their condition to the responsible Practitioner. Members are responsible for verbalizing whether they clearly comprehend a contemplated course of action and what is expected of them.
2. Members are responsible for carrying their Plan ID cards with them and for having Member identification numbers available when telephoning or contacting the Plan.
3. Members are responsible for following all access and availability procedures.
4. Members are responsible for seeking Emergency care at a Plan participating Emergency Facility whenever possible. In the event an ambulance is used, direct the ambulance to the nearest participating Emergency Facility unless the condition is so severe that you must use the nearest Emergency Facility. State law requires that the ambulance transport you to the Hospital of your choice unless that transport puts you at serious risk.
5. Members are responsible for notifying the Plan of an Emergency admission as soon as reasonably possible and no later than forty-eight (48) hours after becoming physically or mentally able to give notice.
6. Members are responsible for keeping appointments and, when they are unable to do so for any reason, for notifying the responsible Practitioner or the Hospital.
7. Members are responsible for following their treatment plan as recommended by the Practitioner primarily responsible for their care. Members are also responsible for participating in developing mutually agreed-upon treatment goals, and to the degree possible, for understanding their health conditions, including mental health and/or substance use disorders.
8. Members are responsible for their actions if they refuse treatment or do not follow the Practitioner's instructions.
9. Members are responsible for notifying NDPERS within *thirty-one (31)* days if they change their name, address, or telephone number.
10. Members are responsible for notifying NDPERS of any changes of eligibility that may affect their membership or access to services.

Grandfathered versus Non-Grandfathered Plans

A "Grandfathered" health plan is a health plan that was in place prior to March 23, 2010. Grandfathered plans are able to make routine changes to policies but are exempt from some of the Affordable Care Act's (ACA) health insurance reforms.

A "Non-Grandfathered" health plan is a health plan that must comply with all the Patient Protection and Affordable Care Act's health insurance reforms.

Please refer to your Summary of Benefits and Coverage (SBC) to find out if you have a grandfathered or non-grandfathered health plan.

Fraud

Fraud is a crime that can be prosecuted. Any Member who willfully and knowingly engages in an activity intended to defraud the Plan is guilty of fraud.

As a Member, you must:

1. File accurate claims. If someone else files claims on your behalf, you should review the form before you sign it;
2. Review the Explanation of Benefits (EOB) form when it is returned to you. Make certain that benefits have been paid correctly based on your knowledge of the expenses incurred and the services rendered;
3. Never allow another person to seek medical treatment under your identity. If your ID card is lost, you should report the loss to Sanford Health Plan immediately; and
4. Provide complete and accurate information on claim forms and any other forms. Answer all questions to the best of your knowledge.

If you are concerned about any of the charges that appear on a bill or Explanation of Benefits form, or if you know of or suspect any illegal activity, call Sanford Health Plan toll-free at (800) 499-3416. All calls are strictly confidential.

Service Area

The Service Area for **SOUTH DAKOTA** includes all counties in the state.

The Service Area for **NORTH DAKOTA** includes all counties in the state.

The Service Area for **IOWA** includes the following counties:

Clay	Emmet	Lyon	Osceola	Plymouth

Medical Terminology

All medical terminology referenced in this Certificate of Insurance follow the industry standard definitions of the American Medical Association.

Definitions

Capitalized terms are defined in Section 10 of the Certificate of Insurance.

Conformity with State and Federal Laws

Any provision in this Contract not in conformity with N.D.C.C. chs. 26.1-18.1, 54-52.1, N.D.A.C. chs. 45-06-07, 71-03, and/or any other applicable law or rule in this State may not be rendered invalid, but be must construed and applied as if it were in full compliance with applicable State and Federal laws and rules.

Special Communication Needs

Please call the Plan if you need help understanding written information at (800) 499-3416 *(toll-free)*. We can read forms to you over the phone and we offer free oral translation in any language through our translation services. Anyone with any disability, who might need some form of accommodation or assistance concerning the services or information provided, please contact the NDPERS ADA Coordinator at (701) 328-3900.

Translation Services

The Plan can arrange for translation services. Free written materials are available in several different languages and free oral translation services are available. Call toll-free (800) 499-3416 for help and to access translation services.

Spanish (Español): Para obtener asistencia en Español, llame al (800) 892-0675 *(toll-free)*.

Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa (800) 892-0675 *(toll-free)*.

Chinese (中文): 如果需要中文的帮助，请拨打这个号码 (800) 892-0675 *(toll-free)*.

Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' (800) 892-0675 *(toll-free)*.

Services for the Deaf, Hearing Impaired, and/or Visually Impaired

If you are deaf or hearing impaired and need to speak to the Plan, call TTY/TDD: (877) 652-1844 *(toll-free)*. Please contact the Plan toll-free at (800) 499-3416 if you are in need of a large print copy or cassette/CD of this COI or other written materials.

In compliance with the Americans with Disabilities Act, this document can be provided in alternate formats. If you require accommodation or assistance concerning the services or information provided, please contact the NDPERS ADA Coordinator at (701) 328-3900.

Section 1. Schedule of Benefits

General

This section outlines the payment provisions for Covered Services described in Sections 2 and 5, subject to the definitions, exclusions, conditions and limitations of this Benefit Plan.

Overview of Cost Sharing Amounts and How They Accumulate

Cost Sharing Amounts include Coinsurance, Copayments, and Deductibles, which accumulate to the separate Prescription Drug Out-of-Pocket Maximum Amount; Infertility Services Deductible and Out-of-Pocket Maximum Amount; and the Medical Out-of-Pocket Maximum Amount. See *Cost Sharing Amounts – Details & Definitions* later in this Section for more information.

Note:

- A Member must meet the annual Deductible Amount before Coinsurance Amounts apply to the cost of Covered Services, unless otherwise specified in this Certificate of Insurance and/or the Member's Summary of Benefits and Coverage (SBC).
- The Deductible Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, accumulate jointly up to the PPO Deductible Amount.
- The Out-of-Pocket Maximum Amounts for Covered Services, whether received under the PPO Plan or the Basic Plan, accumulate jointly up to the PPO Medical Out-of-Pocket Maximum Amount. Medical Out-of-Pocket Maximum Amounts are separate from the Prescription Drug Out-of-Pocket Maximum Amount.
- Covered Services sought on a Basic Plan basis will continue to be paid at 75% of the Allowed Charge until the Medical Out-of-Pocket Maximum Amount for Basic Plan services is met. Medical Out-of-Pocket Maximum Amounts are separate from the Prescription Drug Out-of-Pocket Maximum Amount.
- Prescription Medication Copayments and Coinsurance costs accumulate toward a Member's cumulative annual Prescription Drug Out-of-Pocket Maximum.

A Member is responsible for Cost Sharing Amounts. All Members in the family contribute to Deductible and Coinsurance Amounts. However, a Member's contribution cannot be more than the Single Coverage amount. Health Care Providers may bill you directly or request payment of Coinsurance, Copayment and Deductible Amounts at the time services are provided. For the specific benefits and limitations that apply to this Plan, please see Section 2, *Outline of Covered Services*; Section 5, *Covered Services*; Section 6, *Limited and Non-Covered Services*; and your Summary of Benefits and Coverage.

If Sanford Health Plan pays amounts to the Health Care Provider that are the Member's responsibility, such as Deductibles, Copayments or Coinsurance Amounts, Sanford Health Plan may collect such amounts directly from the Member. The Member agrees that Sanford Health Plan has the right to collect such amounts from the Member.

Benefit Schedule	Basic Plan	PPO Plan
Under this Benefit Plan the Medical Deductible Amounts are:		
Single Coverage	$400 per Benefit Period	$400 per Benefit Period
Family Coverage	$1,200 per Benefit Period	$1,200 per Benefit Period
Under this Benefit Plan the Coinsurance and Copay Maximum Amounts are:		
Single Coverage	$1,250 per Benefit Period	$750 per Benefit Period
Family Coverage	$2,500 per Benefit Period	$1,500 per Benefit Period
Under this Benefit Plan the Medical Out-of-Pocket Maximum Amounts are:		
Single Coverage	$1,650 per Benefit Period	$1,150 per Benefit Period
Family Coverage	$3,700 per Benefit Period	$2,700 per Benefit Period
Under this Benefit Plan the Prescription Drug Out-of-Pocket Maximum Amount is:		
—— $1,000 per Member per Benefit Period ——		
Under this Benefit Plan the Lifetime Infertility Services Deductible Amount is:		
—— $500 per Member ——		

Selecting a Health Care Provider

The benefit payment available under this Benefit Plan differs depending on the Subscriber's choice of a Health Care Provider. This Benefit Plan recognizes the following categories of Health Care Providers based on the Health Care Provider's relationship with Sanford Health Plan. Providers that are contracted with Sanford Health Plan, and participate in the Plan's Network, will be paid at either the PPO Plan or Basic Plan level.

Members should refer to the Sanford Health Plan website (www.sanfordhealthplan.com/ndpers) for the Provider Directory, which lists Participating Health Care Providers. The Sanford Health Plan website is continuously updated and has the most up-to-date listing of Health Care Providers. Members may also call Member Services at (800) 499-3416 *(toll-free)* or TTY/TDD: (877) 652-1844 *(toll-free)* to request a provider directory.

How PPO vs. Basic Plan Determines Benefit Payment

PPO Plan

PPO stands for "Preferred Provider Organization" and is a group of Health Care Providers who provide discounted services to the Members of NDPERS. Because PPO Health Care Providers charge Sanford Health Plan less for medical care services provided to the Members of NDPERS, cost savings are passed on to Members by way of reduced Cost Sharing Amounts.

To receive a higher payment level, Covered Services must be received from an NDPERS PPO Health Care Provider. Please see the NDPERS PPO Health Care Provider Listing at www.sanfordhealthplan.com/ndpers.

Note: Benefits for Covered Services received by Eligible Dependents, as outlined in Section 3, *Eligibility Requirements for Dependents*, who are residing out of the state of North Dakota will be paid at the Basic Plan level. If the Subscriber, or the Subscriber's spouse, is required by court order to provide health coverage for that Eligible Dependent, you may be asked to provide a copy of the court order to the Plan.

Basic Plan

If a PPO Health Care Provider is: 1) not available in the Member's area; or 2) if the Member either chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization (PPO), the Member will receive the Basic Plan benefits.

Other Health Care Providers

Participating Health Care Providers

When Covered Services are received from a Participating Health Care Provider, the Participating Health Care Provider agrees to submit claims to Sanford Health Plan on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider according to the terms of this Benefit Plan and the participation agreement between the Health Care Provider and Sanford Health Plan.

When Covered Services are received from a Participating Health Care Provider, a provider discount provision is in effect. This means the Allowance paid by Sanford Health Plan will be considered by the Participating Health Care Provider as payment in full, except for Cost Sharing Amounts, or if applicable, Maximum Benefit Allowances or Lifetime Maximums.

Participating Health Care Providers have also agreed to perform managed benefits requirements on behalf of the Member. If the Health Care Provider is a Participating Health Care Provider, as defined in Section 10, the benefit payment will be as indicated in the Outline of Covered Services and the Member's Summary of Benefits and Coverage (SBC).

Non-Participating Health Care Providers

If a Member receives Covered Services from a Non-Participating Health Care Provider (health care providers who are not contracted with Sanford Health Plan), the Member will be responsible for notifying Sanford Health Plan of the receipt of services. If Sanford Health Plan needs copies of medical records to process the Member's claim, the Member is responsible for obtaining such records from the Non-Participating Health Care Provider.

Non-Participating Health Care Providers within the State of North Dakota

If a Member receives Covered Services from a Non-Participating Health Care Provider within the state of North Dakota, benefit payments will be based on the Allowance and reduced by an additional 20%. The 20% payment reduction does not apply toward the Out-of-Pocket Maximum Amount. The Allowance will not exceed 80% of the billed charge.

Note: The Member is responsible for the 20% payment reduction and any charges in excess of the Allowance for Covered Services.

Benefit payments will be made directly to the Provider for Covered Services received from a Non-Participating Health Care Provider. Sanford Health Plan may designate a Health Care Provider as Non-Payable.

Non-Participating Health Care Providers outside the State of North Dakota

If a Member receives Covered Services from a Non-Participating Health Care Provider outside the state of North Dakota, the Allowance for Covered Services will be an amount within a general range of payments made and judged to be reasonable by Sanford Health Plan.

Note: The Member is responsible for any charges in excess of the Allowance for Covered Services.

If a Member receives Covered Services from a Health Care Provider in a county contiguous to North Dakota, the benefit payment will be provided on the same basis as a Health Care Provider located in the state of North Dakota. If the Health Care Provider is a Participating Health Care Provider, the benefit payment will be as indicated in the Outline of Covered Services and SBC. If the Health Care Provider is not a Participating Health Care Provider, benefits will be available at the same level as Non-Participating Health Care Providers within the state of North Dakota. Sanford Health Plan may designate a Health Care Provider as Non-Payable.

Non-Participating Providers outside the Sanford Health Plan Service Area

When Covered Services are provided outside of Sanford Health Plan's Service Area by health care providers who have not entered into a "participating agreement" with Sanford Health Plan (Non-Participating Health Care Providers), the amount the Member pays for such services will generally be based on either Sanford Health Plan's Non-Participating Health Care Provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be liable for the difference between the amount that the Non-Participating Health Care Provider bills and the payment Sanford Health Plan will make for the Covered Services as set forth in this paragraph.

In certain situations, Sanford Health Plan may use other payment bases, such as the payment Sanford Health Plan would make if the Covered Services had been obtained within the Sanford Health Plan Service Area, or a special negotiated payment, as permitted, to determine the amount Sanford Health Plan will pay for Covered Services provided by Non-Participating Health Care Providers. In these situations, a Member may be liable for the difference between the amount that the Non-Participating Health Care Provider bills and the payment Sanford Health Plan will make for the Covered Services as set forth in this paragraph.

Health Care Providers outside the United States

The benefits available under this Benefit Plan are also available to Members traveling or living outside of the United States. The same Preauthorization/Prior Approval requirements will apply. If the Health Care Provider is a Participating Provider, the Participating Health Care Provider will submit claims for reimbursement on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider. If the Health Care Provider is not a Participating Provider, the Member will be responsible for payment of services and submitting a claim for reimbursement to Sanford Health Plan. Sanford Health Plan will provide translation and currency conversion services for the Member's claims outside of the United States.

Sanford Health Plan will reimburse Prescription Medications purchased outside the United States by Members who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Members are traveling and new medication therapy is initiated for acute conditions or where emergency replacement of medications originally prescribed and purchased in the United States is necessary. The reimbursable supply of medications in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

Non-Payable Health Care Providers

If Sanford Health Plan designates a Health Care Provider as *Non-Payable*, no benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of the *Non-Payable Health Care Provider*. Notice of designation as a Non-Payable Health Care Provider will be provided to Members at least 30 days prior to the effective date of designation as a Non-Payable Health Care Provider.

As of the date of termination, all charges incurred by a Member for services received from the Non-Payable Health Care Provider will be the Subscriber's responsibility.

Medicare Private Contracts

A Health Care Provider may ask a Member who is eligible for Medicare to enter into a Medicare private contract where the Member and the Health Care Provider agree that the Member is to be provided with services outside of the Medicare program. This Medicare private contract must be entered into between the Member and the Health Care Provider prior to the receipt of any services, and indicate that 1) neither the Member nor the Health Care Provider is permitted to file a request for reimbursement with Medicare for any of the services provided by the Health Care Provider; and 2) the Health Care Provider can charge any amount agreed to by the Member for services instead of the Medicare limiting charge.

Under a Medicare private contract, the Health Care Provider can set any price for services but Medicare will not pay anything. If the Member enters into a Medicare private contract, Medicare will not pay any portion of the services and Sanford Health Plan will limit its payment to the amount Sanford Health Plan would have paid as though Medicare was paying for such Covered Services. If a Member enters into a Medicare private contract, the Member is responsible for paying the difference between the amount billed by the Health Care Provider for Covered Services and the amount paid by Sanford Health Plan.

Cost Sharing Amounts – Details & Definitions

A Cost Sharing Amount is the dollar amount a Member is responsible for paying when Covered Services are received from a Health Care Provider. Cost Sharing Amounts include Coinsurance, Copayment and Deductible Amounts. Applicable Cost Sharing Amounts are identified in Section 2 and the Member's Summary of Benefits and Coverage. See the schedule above in *Overview of Cost Sharing Amounts and how they accumulate* for the specific Cost Sharing Amounts that apply to this Benefit Plan.

Coinsurance

Sanford Health Plan shall calculate Coinsurance Amounts on behalf of Members obtaining Covered Services within the Sanford Health Plan contracted provider network on the lesser of (1) billed charges or (2) provider negotiated payment rates (Allowed Charge).

If Covered Services are obtained by a Member out of the Sanford Health Plan contracted provider network, the coinsurance calculation may be based on the Health Care Provider's billed charges. This may result in a significantly higher Coinsurance Amount for certain services a Member incurs out of the Sanford Health Plan contracted provider network. It is not possible to provide specific information for each Health Care Provider outside of Sanford Health Plan's Service Area because of the many different arrangements between Health Care Providers. However, if a Member contacts Sanford Health Plan prior to receiving services from a Health Care Provider outside of Sanford Health Plan's Service Area, Sanford Health Plan may be able to provide information regarding specific Health Care Providers.

Coinsurance and Copay Maximum Amounts

The cumulative Coinsurance and Copay Amount that is a Member's responsibility during a Benefit Period. The Coinsurance and Copay Maximum Amounts renew on January 1 of each consecutive Benefit Period.

Deductibles

The Deductible Amounts renew on January 1 of each consecutive Benefit Period. Copayment Amounts do not apply toward the Deductible Amount.

Note: The deductible amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, cross accumulate jointly up to the PPO Deductible Amount.

Medical Out-of-Pocket Maximum Amounts

When the Out-of-Pocket Maximum Amounts are met, this Benefit Plan will pay 100% of the Allowed Charge for Covered Services. The Out-of-Pocket Maximum Amounts renew on January 1 of each consecutive Benefit Period. The Medical Out-of-Pocket Maximum Amounts accumulate separately from the Prescription Drug Out-of-Pocket Maximum Amount.

Note: The Out-of-Pocket Maximum Amounts for Covered Services received under the PPO Plan, or under the Basic Plan, cross accumulate jointly to the PPO Out-of-Pocket Maximum Amount.

Note: When the PPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from a PPO Health Care Provider will be paid at 100% of Allowed Charge. Covered Services sought on a Basic Plan basis will continue to be paid at 75% of the Allowed Charge until the Out-of-Pocket Maximum Amount for Basic Plan services is met.

Prescription Drug Out-of-Pocket Maximum Amount

When the Prescription Drug Out-of-Pocket Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Formulary Prescription Medications. The Medical Out-of-Pocket Maximum Amounts accumulate separately from the Prescription Drug Out-of-Pocket Maximum Amount.

Note: Prescription Medication Coinsurance and Copay Amounts accumulate toward a Member's Prescription Drug Out-of-Pocket Maximum. The Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period.

Infertility Services Coinsurance/Deductible

Neither the Infertility Services Lifetime Deductible Amount nor any Member-paid Copays or Coinsurance for infertility services apply toward the Medical Deductible or Out-of-Pocket Maximum Amounts. Infertility services are limited to a lifetime benefit maximum, per Member, of $20,000.

Covered Services	PROVIDER OF SERVICE Basic Plan After Deductible Amount	PROVIDER OF SERVICE PPO Plan After Deductible Amount
Prescription Drug and Diabetes Supplies Benefits		
Retail and Mail Order		
Formulary Prescription Medication		
➢ Generic	$5 Copayment Amount, then 85% of Allowed Charge. Benefits are subject to the Prescription Drug Out-of-Pocket Maximum Amount and the Copayment Amount application listed below. *Deductible Amount is waived.*	
➢ Brand Name	$20 Copayment Amount, then 75% of Allowed Charge. Benefits are subject to the Prescription Drug Out-of-Pocket Maximum Amount and the Copayment Amount application listed below. *Deductible Amount is waived.*	
Non-Formulary Prescription Medication		
	$25 Copayment Amount, then 50% of Allowed Charge. Benefits are subject to the Copayment Amount application listed below. *Deductible Amount is waived.*	

Copayment Amount Application

- One Copayment Amount per Prescription Order or refill for a 1 - 34-day supply.
- Two Copayment Amounts per Prescription Order or refill for a 35 - 100-day supply.
- Two Copayment Amounts per Prescription Order or refill for a 2- or 3-month supply of Non-Formulary contraceptives.

Formulary contraceptive medications obtainable with a Prescription Order are paid at 100% of Allowed Charge; this includes over-the-counter Plan-B, if obtained with a Prescription Order. Copayment Amounts and any applicable Cost Sharing do not apply. *Deductible Amount is waived.*

Copayment Amounts do not apply to the following nonprescription diabetes supplies: syringes, lancets, blood glucose test strips, urine test products and control solutions. Coinsurance still applies.

If a Generic Prescription Medication is the therapeutic equivalent for a Brand Name Prescription Medication, and is authorized by a Member's Health Care Provider, benefits will be based on the Allowance for the Generic equivalent. If the Member does not accept the Generic equivalent, the Member is responsible for the cost difference between the Generic and the Brand Name Prescription Medication and applicable Cost Sharing Amounts. For details, see Section 5(e).

Prescription Medications and nonprescription diabetes supplies are subject to a dispensing limit of a 100-day supply.

Cost Sharing amounts are waived for prenatal vitamins.

Folic Acid Supplements are covered at 100% (no charge) for women planning to become pregnant or in their childbearing years, if obtained with a Prescription Order. *Deductible Amount is waived.* For details, see Section 5(e).

Vitamin D supplements are covered at 100% (no charge) for Members ages 65 and older at risk for falls, if obtained with a Prescription Order. *Deductible Amount is waived.* For details, see Section 5(e).

Formulary breast cancer preventive medications obtainable with a Prescription Order are covered at 100% (no charge) for women at increased risk for breast cancer. *Deductible Amount is waived.* For details, see Section 5(e).

Section 3. Enrollment

Eligibility and When to Enroll

As provided in N.D.C.C. §54-52.1-01(4), individuals eligible to receive benefits are every permanent employee who is employed by a governmental unit, as that term is defined in N.D.C.C. §54-52-01, whose services are not limited in duration, who is filling an approved and regularly funded position in a governmental unit, and who is employed at least seventeen and one-half hours per week and at least five months each year or for those first employed after August 1,2003, is employed at least twenty hours per week and at least twenty weeks each year of employment. An eligible employee includes members of the Legislative Assembly, judges of the Supreme Court, paid members of state or political subdivision boards, commissions, or associations, full-time employees of political subdivisions, elective state officers as defined by N.D.C.C. §54-06-01(2), and disabled permanent employees who are receiving compensation from the North Dakota workforce safety and insurance fund.

A temporary employee employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made before January 1, 2015, and if the temporary employee is participating in the uniform group insurance program on January 1, 2015. In order for a temporary employee employed after July 31, 2007, to qualify to participate in the uniform group insurance program, the employee must be employed at least twenty hours per week; must be employed at least twenty weeks each year of employment; must make the election to participate before January 1, 2015; and must be participating in the uniform group insurance program as of January 1, 2015. To be eligible to participate in the uniform group insurance program, a temporary employee first employed after December 31, 2014, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, must meet the definition of a full-time employee under §4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)].

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment or eligibility for a special enrollment period as set forth in N.D.A.C. §71-03-03. Each eligible employee may elect to enroll his/her Eligible Dependents.

Eligible employees also include non-Medicare eligible retired and terminated employees, and their Eligible Dependents, who remain eligible to participate in the uniform group insurance program pursuant to applicable state law, as provided in N.D.C.C. §54-52.1-03 and federal regulations. For a comprehensive description of eligibility, refer to the NDPERS web site at www.nd.gov/ndpers.

Eligibility to receive benefits under the Benefit Plan is initially determined by the Plan Administrator. When an eligible employee meets the criteria for eligibility, a membership application must be completed. NDPERS has the ultimate decision making authority regarding eligibility to receive benefits.

A "Late Enrollee" is an Eligible Group Member or Eligible Dependent who declines coverage when he or she is initially eligible to enroll and later requests to enroll for coverage. A Late Enrollee can only enroll during the next scheduled Annual Enrollment Period. A Member is not a "Late Enrollee" if any "special enrollment right(s)" apply, as described later in this section.

How to Enroll

Both the Group and Group Member are involved in the enrollment process.

The Group Member must:

1. Complete the enrollment process, as designated by NDPERS, for the Group Member and any Eligible Dependents; and
2. Provide all information needed to determine the eligibility of the Group Member and/or Dependents, if requested by the Plan.

The Group must:

1. Provide all information needed by the Plan to determine eligibility; and
2. Agree to pay required premium payments on behalf of the Group Member.

When Coverage Begins

Coverage generally becomes effective on the first day of the month that follows the date of hire, as designated by NDPERS.

If you are an inpatient in a Hospital or other Facility on the day your coverage begins, we will pay benefits for Covered Services that you receive beginning on the date your coverage becomes effective, as long as you receive Covered Services in accordance with the terms of this Certificate. Payment of benefits is subject to any obligations under a previous plan or coverage arrangement in accordance with state law and applicable regulations.

For more information, see Section 11, "*Continuation of Coverage for Confined Members*" and "*Extension of Benefits for Total Disability*".

Eligibility Requirements for Dependents

The following Dependents are eligible for coverage ("Dependent coverage"):

Spouse - The Subscriber's spouse under a legally existing marriage between persons of the opposite sex. A Spouse is always eligible for coverage, subject to eligibility requirements as designated by NDPERS.

Dependent Child - To be eligible for coverage, a dependent child must meet all the following requirements:

1. Be your natural child, a child placed with you for adoption, a legally adopted child, a child for whom you have legal guardianship, a stepchild, or foster child; and
2. Be one of the following:
   a. under age twenty-six (26); or
   b. incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate

holder/Subscriber for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within *thirty-one (31)* days of the Plan's request. Such a request may be no more than annually following the two year period of the disabled dependent child's attainment of the limiting age [N.D.C.C. §26.1-36-22 (4)]; or

c. the Subscriber's grandchild(ren) or those of the Subscriber's living, covered Spouse, who legally reside with the Certificate holder/Subscriber, and (1) the parent of the grandchild(ren) is an Covered Dependent also covered by this Plan; and (2) both the Dependent and child of such Dependent (grandchild) are chiefly dependent upon the Certificate holder/Subscriber for support.

Dependent coverage does not include the spouse of an adult Dependent child. Coverage will continue to the end of the month in which the adult Dependent child reaches the limiting age. Coverage does not include the adult Dependent child's spouse or child of such Dependent (grandchild) unless that grandchild meets other coverage criteria established under state law. The adult Dependent's marital status, financial dependency, residency, student status or employment status will not be considered in determining eligibility for initial or continued coverage.

Limitations. A Dependent shall not be covered under this Contract if he or she is eligible to be a Subscriber, already covered as a Dependent of another Subscriber, or already covered as a Subscriber.

Noncustodial Subscribers

Whenever a Dependent Child receives coverage under the Plan through the noncustodial parent who is the Subscriber, the Plan shall do all of the following:

1. Provide necessary information to the custodial parent in order for the Dependent Child to receive benefits under the Plan;
2. Allow the custodial parent or Provider, with the custodial parent's approval, to submit claims for Covered Services without approval from the noncustodial parent; and
3. Make payment on the submitted claims directly to the custodial parent or Provider.

Status of Member Eligibility

The Plan Administrator agrees to furnish Sanford Health Plan with any information required by Sanford Health Plan for the purpose of enrollment. Any changes affecting a Member's eligibility for coverage must be provided to Sanford Health Plan by the Plan Administrator and/or the Member immediately, but in any event, the Plan Administrator and/or the Member shall notify Sanford Health Plan within 31 days of the change.

Statements made on membership applications are deemed representations and not warranties. No statements made on the membership application may be used in any contest unless a copy has been furnished to that person, or in the event of the death or incapacity of that person, to the individual's beneficiary or personal representative. The Subscriber is provided a copy of the membership application at the time of completion.

A Member making a statement (including the omission of information) on the membership application or in relation to any of the terms of this Benefit Plan constituting fraud or an intentional misrepresentation of a material fact will result in the rescission of this Benefit Plan by Sanford Health Plan. A rescission is a cancellation or discontinuance of coverage, including any benefits paid, that has a retroactive effect of voiding this Benefit Plan or any benefits paid under the terms of this Benefit Plan.

Physical Examinations

Sanford Health Plan at its own expense may require a physical examination of the Member as often as necessary during the pendency of a Claim for Benefits and may require an autopsy in case of death if the autopsy is not prohibited by law.

Qualified Medical Child Support Order (QMCSO) Provision

A QMCSO is an order of a court or administrative tribunal that creates the right of a Member's child to be enrolled under this Plan. If a QMCSO is issued, this Plan will provide benefits to the child(ren) of a covered person regardless of whether the child(ren) resides with the Member. In the event that a QMCSO is issued, each named child(ren) will be covered by this Plan in the same manner as any other Dependent child(ren) by this Plan.

When the Plan is in receipt of a medical child support order, the Plan will notify the Member and each child named in the order, that the Plan is in receipt of a QMCSO which contains the following required information:

- Name and last known address of the Member and the child(ren) to be covered by the Plan.
- A description of the type of coverage to be provided by this Plan to each named child.
- The applicable period determined by the order.
- The plan determined by the order.

In order for the child's coverage to become effective as of the date of the court order issued, the Member must apply for coverage as defined previously in this section. Each named child may designate another person, such as a custodial guardian, to receive copies of explanation of benefits, payments, and other materials.

Exceptions. If a court has ordered a Subscriber to provide health coverage for a Dependent Child, the requirements in the *Dependent Child* subsection above, "*Eligibility Requirements for Dependents*" need not be satisfied, but the Subscriber must still request enrollment on behalf of the Dependent Child as set forth in this Plan. If the Subscriber fails to enroll the Dependent Child, the other parent or the legal representative of the Dependent Child, may enroll the Dependent Child. A Dependent Child who is provided coverage pursuant to this exception shall not be terminated unless the Plan is provided satisfactory written evidence of any of the following:

1. The court or administrative order is no longer in effect;
2. The Dependent Child is or will be enrolled in comparable health coverage through an insurer which will take effect not later than the effective date of the termination; or
3. The Group has eliminated family coverage for all of its Members.

Michelle's Law

Federal law requires that we provide the following notice regarding Michelle's Law [Public Law 110-381]. Please note that changes in federal law may eliminate certain elements of Michelle's Law, and the Plan intends to provide continuing coverage of Eligible Dependents up to age twenty-six (26), irrespective of their student status, for Plan Years beginning on or after September 23, 2010.

A Dependent Child under twenty-five (25) years old and enrolled in and attending an accredited college, university, or trade or secondary school at least five (5) months each year will remain covered if the Dependent takes a medically necessary leave of absence from school or changes to part-time status. The leave of absence must:

1. Be medically necessary;
2. Commence while the child is suffering from a serious illness or injury; and
3. Cause the child to lose coverage under the plan.

Students are only eligible as long as they were covered by their parent's health insurance Certificate prior to diagnosis. Coverage will continue until the earlier of one year from the first day of the leave of absence or the date on which coverage would otherwise terminate because the child no longer meets the requirements to be an Eligible Dependent (e.g., reaching the plan's limiting age).

You must provide a written and signed certification from the Dependent Child's treating Practitioner and/or Provider stating that the Dependent Child is suffering from a serious illness or injury and that the leave of absence is medically necessary and the effective date of the leave.

When and How to Enroll Dependents

When to Enroll Dependents

A Subscriber shall apply for coverage for a Dependent during the same periods of time that the Subscriber may apply for his or her own coverage. However, there is an exception for newborn and adopted children; see "*Coverage from Birth*" and "*Adoption or Children Placed for Adoption*" below. There is also an exception for Spouses; see "*New Spouses and Dependent Children*" below.

How to Enroll Dependents

The Group Member must:

1. Complete the enrollment process, as designated by NDPERS, for the Group Member and any Eligible Dependents; and
2. Provide all information needed to determine the eligibility of the Group Member and/or Dependents, if requested by the Plan.

When Dependent Coverage Begins

1. **General.** If a Dependent is enrolled at the same time the Subscriber enrolls for coverage, the Dependent's effective date of coverage will be the same as the Subscriber's effective date as described in "*When Coverage Begins*" above.
2. **Delayed Effective Date of Dependent Coverage.** Except for newborns (see item 3 below), if, on the date Dependent coverage becomes effective, the Dependent is Hospitalized and covered under an extension of health benefits from a previous Group health plan or other coverage arrangement, coverage under this Contract shall be subject to benefits payable under the previous plan or coverage arrangement.
3. **Coverage from Birth.** If a Subscriber has a child through birth, the child will become a covered Dependent from the date of birth. Depending on the Class of Coverage the Subscriber is enrolled under, the following provisions apply:
   a. **Subscribers with Single Coverage:** For coverage to continue beyond thirty-one (31) days of the newborn's date of birth, coverage must applied for through NDPERS within thirty-one (31) days of the newborn's date of birth.
   b. **Subscribers with Family Coverage:** Subscribers with Family Coverage under the Plan are encouraged to notify the Plan in advance when a pregnancy and expected due date is known. Newborn children will be added to the Certificate automatically if the Subscriber is enrolled in Family Coverage and the Plan and/or NDPERS is notified of the pregnancy.

   An Eligible Group Member, and any other Dependents, eligible to be enrolled in the Plan, but who failed to enroll during a previous enrollment period, shall be covered under this Contract from the date of the newborn child's birth, provided that coverage is applied for through NDPERS within thirty-one (31) days. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee's Eligible Dependent is enrolled.

   Dependent coverage is available for the Spouse, if the Spouse is otherwise eligible for coverage under the Plan, provided coverage is applied through NDPERS for the Spouse and, if applicable, the Group Member, within thirty-one (31) days of the newborn child's birth.
4. **Adoption or Children Placed for Adoption.** If a Subscriber adopts a child or has a child placed with him or her as a Dependent, that child will become covered as an Eligible Dependent as of the date specified within a court order or other legal adoption papers. Regardless of the Class of Coverage the Subscriber is enrolled under, the following provisions apply:
   a. **Subscribers with either Single or Family Coverage:** For coverage to continue beyond thirty-one (31) days of the date specified within the court order or other legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage, the Subscriber must submit an application for coverage to NDPERS within thirty-one (31) days of the date specified within the court order or other legal adoption papers that granted initial eligibility.

   An Eligible Group Member, and any other Dependents, eligible to be enrolled in the Plan, who failed to enroll during a previous enrollment period, shall be covered as of the date specified within a court order or other legal adoption papers, if the Eligible Group Member, and any other Eligible Dependents, submits an application for coverage to NDPERS within thirty-one (31) days of the date specified within the court order or in the legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee's Eligible Dependent is enrolled.

   Dependent coverage is available for the Spouse, if the Spouse is otherwise eligible for coverage under the Plan, provided that an

application for coverage is submitted to NDPERS for the Spouse and, if applicable, the Group Member, within thirty-one (31) days of the date specified within the court order or in the legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage.

Coverage at the time of placement for adoption includes the necessary care and treatment of medical conditions existing prior to the date of placement.

5. **New Spouses and Dependent Children.** If a Subscriber gets married, his or her Spouse, and any of the Spouse's Dependents who become Eligible Dependents of the Subscriber as a result of the marriage, will become covered as a Member from the first day of the calendar month beginning after the date of marriage, provided that coverage is applied for the Spouse and/or the Dependent within thirty-one (31) days of the date of marriage.

   If an Eligible Group Member, who is an Employee eligible to enroll in the Plan, but who did not do so during a previous enrollment period, gets married, the employee becomes an eligible Subscriber under the following conditions. The Subscriber, his or her Spouse, and any Dependents who become Eligible Dependents of the Subscriber as a result of the marriage, will become covered as a Member from the first day of the calendar month beginning after the date of marriage, provided that coverage is applied for within thirty-one (31) days of the date of marriage. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the employee's Eligible Dependent is enrolled.

Special Enrollment Procedures & Rights

A. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any mailing address change within 31 days of the change.

B. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any change in marital status within 31 days of the change.

   1. If the Subscriber marries, Eligible Dependents may be added as a Member if a membership application is submitted within 31 days of the date of marriage. If the membership application is not submitted within the 31-day period, and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

      If the membership application is submitted within 31 days of the date of marriage, the effective date of coverage for the Eligible Dependent will be the first of the month immediately following the date of marriage. If the membership application is not submitted within 31 days of the date of marriage and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

   2. If a Member becomes otherwise ineligible for group membership under this Benefit Plan due to legal separation, divorce, annulment, or death, coverage for the Subscriber's Spouse and/or Dependents under Family Coverage will cease, effective the first of the month immediately following timely notice of the event causing ineligibility.

      If living in the Sanford Health Plan Service Area (see *Service Area* in Introduction Section), a Member has the option to continue coverage through one of Sanford Health Plan's individual plans. For more information on options available through Sanford Health Plan, visit www.sanfordhealthplan.com/ndpers or call Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

      There may also be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as another employer's plan) through what is called a "special enrollment period." The cost of these options may vary depending on a Subscriber's individual circumstances. To learn more about offerings on the Marketplace, and options outside the Sanford Health Plan Service Area, visit www.healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.

C. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) and Sanford Health Plan of any change in family status within 31 days of the change. The effective date of coverage for dependents added to this Benefit Plan within the designated time period will be the date of birth, physical placement, or the first of the month immediately following the date established by court order. If a membership application is not submitted within the designated time period and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

   The following provisions will apply:

   1. At the time of birth, natural children will automatically be added to the Subscriber's Benefit Plan if Family Coverage is in force. If the Subscriber is enrolled under another Class of Coverage, the Subscriber must submit a membership application for the newborn child within 31 days of the date of birth. If the membership application is not submitted within the designated time period and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   2. Adopted children may be added to this Benefit Plan if a membership application, accompanied by a copy of the placement agreement or court order, is submitted to Sanford Health Plan within 31 days of physical placement of the child. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   3. Children for whom the Subscriber or the Subscriber's living, covered spouse have been appointed legal guardian may be added to this Benefit Plan by submitting a membership application within 31 days of the date legal guardianship is established by court order. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   4. Children for whom the Subscriber or the Subscriber's living, covered spouse are required by court order to provide health benefits may be added to this Benefit Plan by submitting a membership application within 31 days of the date established by court order. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   5. If any of the Subscriber's children, who are beyond the age of 26 and incapable of self-sustaining employment by reason of a

disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance, coverage will remain in effect as long as the disabled child remains dependent upon the Certificate holder/Subscriber or the Subscriber's spouse for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within *thirty-one (31)* days of the Plan's request.

6. If a child is no longer an Eligible Dependent under this Benefit Plan, and the child is living in the Sanford Health Plan Service Area (see *Service Area* in the above Introduction Section), the Dependent has the option to continue coverage through one of Sanford Health Plan's individual plans. For more information on options available through Sanford Health Plan, visit www.sanfordhealthplan.com/ndpers or call Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. There may also be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as another employer's plan) through what is called a "special enrollment period." The cost of these options may vary depending on a Subscriber's individual circumstances. To learn more about offerings on the Marketplace, and options outside the Sanford Health Plan Service Area, visit www.healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.
7. At the time of birth or adoption, other Eligible Dependents may be added to this Benefit Plan if a membership application is submitted to NDPERS within 31 days of birth or physical placement of the adopted child. If the membership application is not received in accordance with this provision, and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

D. Employees and/or dependents who previously declined coverage under this Benefit Plan will be able to enroll under this Benefit Plan if each of the following conditions are met:
   1. During the initial enrollment period the employee or dependent states, in writing, that coverage under a group health plan or health insurance coverage was the reason for declining enrollment at such time.
   2. The employee's or dependent's coverage under a group health plan or other health insurance coverage:
      a. was either terminated as a result of loss of eligibility (Including loss as a result of legal separation, divorce, death, termination of employment or reduction of hours, loss as a result of having a subsequent opportunity for late enrollment [including the Annual Enrollment Period] or special enrollment under the Benefit Plan but again choosing not to enroll, or employer contributions toward such coverage were terminated; or
      b. was under COBRA and the coverage was exhausted.
   3. The employee requests such enrollment within 31 days after the exhaustion or termination of coverage.

   The effective date of coverage for an employee and/or dependent that previously declined coverage under this Benefit Plan, and is enrolling pursuant to this provision, will be the first of the month following the exhaustion or termination of the employee's and/or dependent's previous coverage. The employee and/or dependent shall be responsible for any and all premium payments from the effective date of coverage under this provision through the date the employee and/or dependent requests enrollment under the terms of this Benefit Plan.

   If the membership application is not received in accordance with this provision and the employee or dependent is a Late Enrollee, the Late Enrollee's effective date of coverage will be the Group's anniversary date.

E. Employees and/or dependents will be able to enroll under this Benefit Plan if either of the following conditions is met:
   1. The employee or dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or under a state child health plan under Title XXI of the Social Security Act and the employee's or dependent's coverage under such a plan is terminated as a result of loss of eligibility. The employee must request enrollment within 60 days of the date of termination of coverage; or
   2. The employee or dependent becomes eligible for premium assistance under a Medicaid plan under Title XIX of the Social Security Act or under a state child health plan under Title XXI of the Social Security Act. The employee must request enrollment within 60 days of the date the employee or dependent is determined to be eligible for premium assistance.

      The effective date of coverage under this Benefit Plan for an employee and/or dependent enrolling pursuant to this provision will be the first day immediately following the termination of coverage or eligibility for premium assistance. The employee and/or dependent shall be responsible for any and all premium payments from the effective date of coverage under this provision through the date the employee and/or dependent requests enrollment under the terms of this Benefit Plan.

Note: The following do not qualify for a special enrollment period: 1) Loss of Minimum Essential Coverage due to failure to make premium payment and/or allowable rescissions of coverage; 2) Voluntarily terminating/dropping COBRA coverage before it runs out outside Annual Enrollment. COBRA coverage must be exhausted (usually 18 or 36 months) or another qualifying life event must occur before eligible for special enrollment.

Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA)

The Children's Health Insurance Program Reauthorization Act of 2009 grants Special Enrollment Rights to employees and dependents who are eligible for, but not enrolled in, a group health plan to enroll in the plan upon:

- losing eligibility for coverage under a State Medicaid or CHIP program; or
- becoming eligible for State premium assistance under Medicaid or CHIP.

In order to qualify for Special Enrollment, an Eligible Employee or Dependent must request coverage within sixty (60) days of either being terminated from Medicaid or CHIP coverage or being determined to be eligible for premium assistance. The Plan will also require the Eligible Employee to enroll. Special enrollment rights extend to all benefit packages available under the Plan. If you have questions about enrolling in your employer's plan under CHIPRA Special Enrollment Rights, contact the Department of Labor at www.askebsa.dol.gov or call (866) 444-3272 *(toll-free)*.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **(877) KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply.

Section 4. How you get care

Identification cards

The Plan will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Provider, a health care Facility, or fill a prescription at a Plan pharmacy. If you fail to show your ID card at the time you receive health care services or prescription medications, you may be responsible for payment of the claim after the Participating Practitioner and/or Provider's timely filing period of one-hundred-eighty (180) days has expired. Your coverage will be terminated if you use your ID card fraudulently or allow another individual to use your ID card to obtain services.

If you do not receive your ID card within *thirty (30)* days after the effective date of your enrollment, or if you need replacement cards, call us at (800) 499-3416 or write to us at Sanford Health Plan, ATTN: NDPERS, PO Box 91110 Sioux Falls, SD 57109-1110. You may also request replacement cards by signing into your account at www.sanfordhealthplan.com/memberlogin. Information on creating an account is available at www.sanfordhealthplan.com/ndpers.

Conditions for Coverage

Members shall be entitled to coverage for the Health Care Services (listed in the "*Covered Services*," in Sections 2 and 5) that are:

1. Medically Necessary and/or Preventive;
2. Received from or provided under the orders or direction of a Participating Provider;
3. Approved by the Plan, including Preauthorization/Prior Approval where required; and
4. Within the scope of health care benefits covered by the Plan.

However, the requirements to use Participating Providers and obtain preauthorization/prior approval do not apply to Emergency Conditions or Urgent Care Situations, both in and out of the Service Area. In such cases, services for Emergency Conditions and Urgent Care Situations will be covered if they are provided by a Non-Participating Provider.

If, while in the Service Area, the Member is alert, oriented and able to communicate (as documented in medical records); the Member must direct the ambulance to the nearest Participating Provider.

Members are not required, but are strongly encouraged, to select a Primary Care Practitioner and/or Provider (PCP) and use that PCP to coordinate their Health Care Services.

In addition, all Health Care Services are subject to:

1. The exclusions and limitations described in Sections 5 and 6; and
2. Any applicable Copay, Deductible, and Coinsurance amounts as stated in this COI, your Summary of Benefits and Coverage (SBC), and your Summary of Pharmacy Benefits.

In-Network Coverage

In-Network coverage is provided under two (2) plan levels. For more information, see *Selecting a Health Care Provider* in Section 1. In-Network benefit payments pay according to coverage under:

1. Basic Plan; or
2. PPO Plan

Note: If you travel out of the Plan's Service Area for the purpose of seeking medical treatment outside the Plan's Service Area, as defined in this COI, without Preauthorization/Prior Approval for a service that requires such authorization/approval, your claims will be paid according to the Basic Plan benefits and stipulations set forth in Section 1. Additionally, the Member will receive Basic Plan benefits if: 1) a PPO Health Care Provider is not available in the Member's area; or 2) if the Member either chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization (PPO).

Appropriate Access

Primary Care Practitioners and/or Providers and Hospital Providers

Appropriate access for Primary Care Practitioners and/or Providers and Hospital Provider sites is within *fifty (50)* miles of a Member's city of legal residence.

Specialty Practitioners and Other Providers

For other Participating Practitioners and Providers such as Specialty Physicians, Diagnostic Service Centers, Nursing Homes, and Rehabilitation Providers, appropriate access is within *fifty (50)* miles of a Member's city of legal residence. Appropriate access includes access to Participating Practitioners and Providers when the Member has traveled outside of the Service Area. If you are traveling within the Service Area where other Participating Practitioners and Providers are available, then you must use Participating Practitioners and Providers.

Members who live outside of the Plan's Service Area must use the Plan's contracted Network of Participating Practitioners and Providers as indicated in the Plan's Provider Directory. Members who live outside the Service Area will receive Identification Cards that display their network logo along with instructions on how to access this Network. If a Member chooses to go to a Non-Participating Practitioner or Provider when appropriate access (within *fifty (50)* miles of a Member's city of legal residence) is available, claims will be processed at the Basic Plan (Out-of-Network) level.

Transplant Services

Transplant Services must be performed at designated Plan Participating Centers of Excellence and are not subject to Appropriate Access standards as outlined above. Transplant coverage includes related post-surgical treatment, medications, eligible travel, and living expenses and shall be subject to and in accordance with the provisions, limitations and terms of the Plan's transplant policy.

Case Management

Case management is a collaborative process that assesses, plans, implements, coordinates, monitors and evaluates the options and services required to meet an individual's health needs, using communication and available resources to promote quality, cost effective outcomes.

Cases are identified for possible case management, based on a request for review or the presence of a number of parameters, such as:

a. admissions that exceed the recommended or approved length of stay;
b. utilization of health care services that generates ongoing and/or excessively high costs;
c. conditions that are known to require extensive and/or long term follow up care and/or treatment.

Sanford Health Plan's case management process allows professional case managers to assist Members with certain complex and/or chronic health issues by coordinating complicated treatment plans and other types of complex patient care plans.

In consultation with case managers, Sanford Health Plan may approve coverage that extends beyond the limited time period and/or scope of treatment initially approved. This consultation also includes utilization management processes as described below.

All decisions made through case management are based on the individual circumstances of a Member's case. Each case is reviewed on its own merits by appropriate health plan medical professionals to ensure the best health outcome(s) of the Member.

Utilization Review Process – OVERVIEW

The Plan's Utilization Management Department is available between the hours of 8:00 a.m. and 5:00 p.m. Central Time, Monday through Friday, by calling the Plan's toll-free number (888) 315-0885 or TTY/TDD: (877) 652-1844 *(toll-free)*. After business hours, you may leave a confidential voicemail for the Utilization Management Department and someone will return your call on the next business day. You can also fax the Plan at (701) 234-4547. The date of receipt for non-Urgent requests received outside of normal business hours will be the next business day. The date of receipt for Urgent Requests will be the actual date of receipt, whether or not it is during normal business hours.

All Utilization Management Adverse Determinations will be made by the Sanford Health Plan Chief Medical Officer or appropriate Practitioner. All benefit Adverse Determinations will be made by a person assigned to coordinate the benefit, denial and Appeal process. **For detailed information on the below, see Section 8, *Problem Resolution.***

Prospective (Pre-service) Review of Services (Preauthorization/Prior Approval)

The Member is ultimately responsible for obtaining Preauthorization/Prior Approval from the Utilization Management Department in order to receive In-Network coverage. However, information provided by the practitioner's office will also satisfy this requirement. Participating Health Care Practitioners and Providers have been given instructions on how to get the necessary authorizations/approvals for surgical procedures or hospitalizations/admissions you may need. Members are responsible to confirm with the Participating Practitioner and/or Provider that any required Plan Preauthorization/Prior Approval has been obtained.

Preauthorization/Prior Approval is the authorization/approval of a requested service prior to receiving the service. Preauthorization/Prior Approval (a pre-service determination) is designed to facilitate early identification of the treatment plan to ensure medical management and appropriate resources are provided throughout an episode of care. See *"Services that Require Prospective Review"* on the following pages.

The Plan determines approval for Preauthorization/Prior Approval based on appropriateness of care and service and existence of coverage. The Plan does not compensate practitioners and/or providers or other individuals conducting utilization review for issuing denials of coverage or service care. Any financial incentives offered to Utilization Management decision makers do not encourage decisions that result in underutilization and do not encourage denials of coverage or service.

Preauthorization/Prior Approval is required for all Inpatient Admissions of Members. This requirement applies but is not limited to the following:

1. Acute care Hospitalizations (including medical, surgical, and non-Emergency mental health and/or substance use disorder Admissions);
2. Residential Treatment Facility Admissions; and
3. Rehabilitation center Admissions

Note: Admissions and Hospitalizations require an overnight stay, as defined in Section 10. Admission before the day of non-Emergency surgery will not be authorized/approved unless the early admission is medically necessary and specifically approved by the Plan. Coverage for Hospital expenses prior to the day of surgery will be denied unless authorized/approved prior to being incurred.

Urgent Care Requests

In determining whether a request is "Urgent," the Plan shall apply the judgment of a Prudent Layperson as defined in Section 10. A Practitioner, with knowledge of the Member's medical condition, who determines a request to be "Urgent", as defined in Section 10, shall have such a request treated as an Urgent Care Request.

Services that Require Prospective Review/Preauthorization/Prior Approval

1. Inpatient Hospital Admissions (includes Admissions for medical, surgical, mental health and/or substance use disorders);
2. Selected Outpatient Procedures including but not limited to:
   a. Covered Rhinoplasty Surgeries for Non-Cosmetic Reasons;
   b. Obstructive Sleep Apnea Treatment, except for Continuous Positive Airway Pressure (CPAP);
   c. Medically-Necessary Orthodontics;
3. Home Health, Hospice and Home IV therapy services;
4. Select Durable Medical Equipment (DME) including the below. For more details, see DME requiring Preauthorization/Prior Approval in Section 5(a):
   a. Prosthetic Limbs requiring replacement within 5 years;
   b. Insulin infusion devices;

c. Insulin pumps;
d. Continuous Glucose Monitoring Systems (CGM);
e. Electric wheelchairs;
f. External hearing aids for the treatment of a hearing loss that is not due to the gradual deterioration that occurs with aging and/or other lifestyle factors. For details, see Section 5(a), *Hearing services (testing, treatment, and supplies);*

5. Skilled nursing and sub-acute care;
6. Dental Anesthesia and associated Hospitalizations for all Members age 9 and older;
7. Chronic Pain Management;
8. Transplant Services;
9. Infertility Services, including assisted reproductive technology for GIFT, ZIFT, ICSI and IVF;
10. Genetic Testing;
11. Osseointegrated implants, including Cochlear implants and bone-anchored (hearing aid) implants;
12. Select Specialty Medications including:
    a. Restricted Use Medications; and
    b. Growth Hormone Therapy/Treatment;
13. Bariatric Surgery; and
14. Referrals to Non-Participating Providers, which are recommended by Participating Providers. Preauthorization/Prior Approval is required for the purposes of receiving Basic Plan level coverage. If Preauthorization/Prior Approval is not obtained for referrals to Non-Participating Providers, the services will be covered at the Basic Plan level. Preauthorization/Prior Approval does not apply to services that are provided by Non-Participating Providers as a result of a lack of appropriate access to Participating Providers as described in this section.

Prospective (Non-Urgent Pre-service) Review Process for Elective Inpatient Hospitalizations, Non-Urgent Medical Care, and Pharmaceutical Benefit Requests

All requests for Preauthorization/Prior Approval are to be made by the Member or Practitioner and/or Provider's office at least *three (3)* business days prior to the scheduled Admission or requested service. For Non-Urgent preauthorization/prior approval requests, the Plan's Utilization Management Department may review a request for a period of up to fifteen (15) calendar days from the date of the request, provided that all information supporting the request has been received. The Utilization Management Department will review the Member's medical request against standard criteria.

Determination of the appropriateness of an admission is based on standard review criteria and assessment of:

a. Patient medical information including:
    i. diagnosis
    ii. medical history
    iii. presence of complications and/or co-morbidities;
b. Consultation with the treating Practitioner, as appropriate;
c. Availability of resources and alternate modes of treatment; and
d. For admissions to facilities other than acute Hospitals, additional information may include but is not limited to the following:
    i. history of present illness
    ii. patient treatment plan and goals
    iii. prognosis
    iv. staff qualifications
    v. *twenty-four (24)* hour availability of qualified medical staff.

You are ultimately responsible for obtaining authorization/approval from the Utilization Management Department. Failure to obtain Preauthorization/Prior Approval may result in coverage at the Basic Plan level *(see Section 1)*. However, information provided by the Practitioner and/or Provider's office also satisfies this requirement.

Note: Members are responsible to confirm with the Participating Practitioner and/or Provider that any required Plan Preauthorization/Prior Approval has been obtained.

For medical necessity requests: the Utilization Management Department will review the Member profile information against standard criteria. A determination for *elective inpatient or non-Urgent Care Situations* will be made by the Utilization Management Department *within fifteen (15) calendar days* of receipt of the request. If the Utilization Management Department is unable to make a decision *due to matters beyond its control*, it may extend the decision timeframe once, for up to *fifteen* (*15) calendar days*. Within *fifteen (15*) *calendar days* of the request for authorization/approval, Sanford Health Plan must notify the Member, or Member's Authorized Representative, of the need for an extension and the date by which it expects to make a decision.

For benefit determinations: a person assigned to coordinate the benefit, denial and Appeal process will review the request using standards established by the Plan and, if the request is approved, provide notification of the determination, or if the request is denied, provide notification of the denial and relevant appeal rights. A benefit determination will be made *within fifteen (15) calendar days* of receipt of the request. If the Plan is unable to make a decision due to matters beyond its control, it may extend the decision timeframe once, for up to *fifteen (15) calendar days*. Within *fifteen (15) calendar days* of the request for authorization/approval, Sanford Health Plan must notify the Member, or Member's Authorized Representative, of the need for an extension and the date by which it expects to make a decision.

Lack of Necessary Information

If the Plan is unable to make a decision *due to lack of necessary information*, it must notify the Member, or the Member's Authorized Representative, of what specific information is necessary to make the decision *within fifteen (15)* calendar days of the Prospective (Pre-service) Review request. Sanford Health Plan must give the Member, or the Member's Authorized Representative, a reasonable amount of

time taking into account the circumstances, but not less than *forty-five (45)* calendar days to provide the specified information. In lieu of notifying the Member, the Plan may notify the Practitioner and/or Provider of the information needed, if the request for health care services came from the Practitioner and/or Provider.

The decision time period is suspended, and the Plan shall have the remainder of the fifteen (15) calendar days from receipt of the request for authorization/approval to consider the request, measured from the earlier of the date in which the Plan receives additional information from the Member or Practitioner or *forty-five (45)* days after the notification to the Member or Practitioner.

The Prospective (Pre-service) Review determination shall either be a Preauthorization/Prior Approval of the requested service, or additional review will be needed by the Plan Chief Medical Officer; however, the decision will be made within *fifteen (15) calendar* days of that date. If the information is not received by the end of *the forty-five (45) calendar* day extension, Sanford Health Plan will deny the request. If the Plan receives a request that fails to meet the procedures for Prospective (Pre-service) Review requests, the Plan will notify the Practitioner or Member of the failure and proper procedures to be followed as soon as possible but no later than *five (5)* calendar days after the date of the failure. Notification may be oral unless the Practitioner or Member request written notification.

Sanford Health Plan will give written and/or electronic notification of the *determination to authorize/approve or deny* the service *within fifteen (15) calendar* days of the request (or in the case of an extension, of the end of the timeframe given to provide information) to the Member, or the Member's Authorized Representative, attending Practitioner and those Providers involved in the provision of the service. The Utilization Management Department will assign an authorization number for the approved service.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedure below. At this point, the Member can request an Appeal of Adverse Determination. Refer to "Problem Resolution" in Section 8 for details.

Prospective Review Process for Urgent/Emergency (Urgent Pre-service) Medical Care and Pharmaceutical Requests

An **Emergency Medical Condition** is a medical condition of recent onset and severity, including severe pain, that would lead a prudent layperson acting reasonably and possessing an average knowledge of health and medicine to believe that the absence of immediate medical attention could reasonably be expected to result in serious impairment to bodily function, serious dysfunction of any bodily organ or part, or would place the person's health, or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

An **Urgent Care Situation** is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within *twenty-four (24)* hours, such as stitches for a cut finger. **Urgent Care Request** means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination:

1. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or
2. In the opinion of a Practitioner with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

If an Urgent Care Situation occurs, Members should contact their Primary Care Practitioner and/or Provider immediately, if one has been selected, and follow his or her instructions. A Member may always go directly to a participating Urgent care or after-hours clinic. In determining whether a request is "Urgent," the Plan shall apply the judgment of a Prudent Layperson that possesses an average knowledge of health and medicine. When a Practitioner with knowledge of the Member's medical condition determines a request to be an Urgent Care Situation, the Plan shall treat the prospective review as an Urgent Care Request.

Note: Prospective (Pre-service) Review is not required for maternity Admissions, Emergency Medical Conditions, or Urgent Care Situations. However, the Plan must be notified by the Member as soon as reasonably possible and no later than *forty-eight (48)* hours after the Member is physically or mentally able to do so. A Member's Authorized Representative may notify the Plan on the Member's behalf with written permission of the Member.

For Urgent Care Requests (Prospective (Pre-service) Reviews): the determination for medical care, including care for behavioral, mental health, and/or substance use disorders will be made by the Utilization Management Department as soon as possible (taking into account medical exigencies), but no later than *seventy-two (72) hours* after receipt of the request. Notification of the determination will be made to the Member, the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service via oral communication by the Utilization Management Department as soon as possible but no later than within *seventy-two (72) hours* of receipt of the request. For authorizations/approvals and Adverse Determinations, the Plan will give electronic or written notification of the decision to the Member or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service as soon as possible (taking into account medical exigencies) but no later than within *three (3)* calendar days of the oral notification.

Lack of Necessary Information

If the Plan is unable to make a decision due to lack of necessary information, it may extend the decision timeframe once for up to *forty-eight (48) hours* to request additional information. Within *twenty-four (24) hours* after receipt of the request, the Plan will notify the Member or the Member's Authorized Representative of what specific information is necessary to make the decision. In lieu of notifying the Member, the Plan can notify the Practitioner of the information needed if the request for health care services came from the Practitioner. Sanford Health Plan must give the Member or the Member's Authorized Representative a reasonable amount of time taking into account the circumstances, but not less than *forty-eight (48) hours* to provide the specified information. If the Plan receives a request that fails to meet the procedures for Urgent Prospective (Pre-service) Review requests, the Plan will notify the Practitioner and Member of the failure and proper procedures to be followed as soon as possible but no later than *twenty-four (24) hours* after the date of the failure. Notification may be oral unless the Practitioner or Member request written notification. The Member, or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service will be notified by telephone of the Plan's determination as soon as possible but no later than forty-eight (48) hours after the earlier of: 1) the Plan's receipt of the requested information or 2) the end of the period provided to submit

the requested information. The Plan will also give electronic or written notification of the decision as soon as possible but no later than within *three (3)* calendar days of the telephone notification. Failure to submit necessary information is grounds for denial of authorization/approval.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedure below. At this point, the Member can request an Appeal of Adverse Determinations. Refer to "Problem Resolution" in Section 8 for details.

Concurrent Review Process for Medical Care Requests

Concurrent Review is utilized for medical care, including care for behavioral, mental health, and/or substance use disorders when a request for an extension of an approved ongoing course of treatment over a period of time or number of treatments is warranted. Additional stay days must meet the continued stay review criteria and, if acute levels of care criteria are not met, a decision to authorize/approve further treatment must be made at that time. Preauthorization/Prior Approval of inpatient health care stays will terminate on the date the Member is to be discharged from the Hospital or Facility (as ordered by the attending Practitioner). Hospital/Facility days accumulated beyond the ordered discharge date will not be authorized/approved unless the continued stay criteria continue to be met. Charges by Practitioners and/or Providers associated with these non-authorized/approved days are non-covered.

The health care service or treatment that is the subject of the Adverse Determination shall be continued without liability to the Member until the Member has been notified of the determination by the Plan with respect to the internal review request made pursuant to the Plan's Appeal Procedures. Any reduction or termination by the Plan during the course of treatment before the end of the period or number treatments shall constitute an Adverse Determination. For requests to extend the course of treatment beyond the initial period of time or the number of treatments, if the request is made at least twenty-four (24) hours prior to the expiration of the prescribed period of time or number of treatments, the Plan shall make an urgent Concurrent determination and notify the Member, or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service by telephone of the determination as soon as possible taking into account the Member's medical condition but in no event more than twenty-four (24) hours after the date of the Plan's receipt of the request.

The Plan will provide electronic or written notification of an authorization/approval to the Member or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service within *three (3) calendar* days after the telephone notification. The Plan shall provide written or electronic notification of the Adverse Determination to the Member or the Member's Authorized Representative and those Providers involved in the provision of the service sufficiently in advance (but no later than within *three (3) calendar* days of the telephone notification) of the reduction or termination to allow the Member or, the Member's Authorized Representative to file an Appeal request to review of the Adverse Determination and obtain a determination with respect to that review before the benefit is reduced or terminated.

In cases where the Member is not at financial risk, Members will not be notified of an Adverse Determination. Members will be notified in all other cases.

Urgent Concurrent Reviews Requested Within Twenty-Four (24) Hours of Expiring Authorization/Approval

If the request to extend Urgent Concurrent Review is not made at least *twenty-four (24) hours* prior to the expiration of the prescribed period of time, or number of treatments for medical care, including care for behavioral, mental health, and/or substance use disorders, Sanford Health Plan will treat it as an Urgent Prospective (Pre-service) Review decision and make the decision as soon as possible (taking into account the medical exigencies) but no later than *seventy-two (72) hours* after the request. For authorizations/approvals and denials, the Plan will give telephone notification of the decision to the Member, Practitioner and those Providers involved in the provision of the service within *seventy-two (72) hours* of receipt of the request. The Plan will give written or electronic notification of the decision to the Member, Practitioner and those Providers involved in the provision of the service as soon as possible but no later than within *three (3) calendar* days of the telephone notification.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedures outlined below. At this point, the Member can request an Appeal of Adverse Determination. Refer to the "*Problem Resolution*" in Section 8 for details.

Retrospective (Post-service) Review Process for Medical Care Requests

Retrospective (Post-service) Review is used by Sanford Health Plan for medical care, including care for behavioral, mental health, and/or substance use disorders to review services that have already been utilized by the Member where such services have not involved a Prospective (Pre-service) Review request, and where the review is not limited to the veracity of documentation, accuracy of coding, or adjudication for payment. The Plan will review the request and make the decision to approve or deny within *thirty (30)* calendar days of receipt of the request. Written or electronic notification will be made to the Member, Practitioner and those Providers involved in the provision of the service within *thirty (30) calendar* days of receipt of the request. In cases where the Member is not at financial risk, Members will not be notified of an Adverse Determination. Members will be notified in all other cases.

If the Utilization Management Department is unable to make a decision due to matters beyond its control, it may extend the decision timeframe once, for up to *fifteen (15)* calendar days. Within *thirty (30)* calendar days of the request for review, Sanford Health Plan must notify the Member or Member's Authorized Representative of the need for an extension and the date by which it expects to make a decision.

Lack of Necessary Information

If the Utilization Management Department is unable to make a decision due to lack of necessary information, it must notify the Member or the Member's Authorized Representative of what specific information is necessary to make the decision within *thirty (30) calendar* days of the Retrospective (Post-service) Review request. Sanford Health Plan must give the Member or the Member's Authorized Representative *forty-five (45)* calendar days to provide the specified information. In lieu of notifying the Member, the Plan can notify the Practitioner of the information needed if the request for health care services came from the Practitioner. The decision time period is suspended from the date of the notification to the Member or Practitioner as applicable, until the earlier of the date on which the Plan receives any information from the Member or Practitioner or *forty-five (45)* days after the notification to the Member or Practitioner. A decision and written or electronic

notification to the Member, Practitioner and those Providers involved in the provision of the service will be made within *fifteen (15)* calendar days of that date. If the information is not received by the end of the *forty-five (45)* calendar day extension Sanford Health Plan will issue an Adverse Determination and written or electronic notification will be made to the Member, Practitioner and those Providers involved in the provision of the service within *fifteen (15)* calendar days.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedure below. At this point, the Member can request an Appeal of Adverse Determinations. Refer to the "Problem Resolution" in Section 8 for details.

Written Notification Process for Adverse Determinations

The written notifications for Adverse Determinations will include the following:

1. The specific reason for the Adverse Determination in easily understandable language.
2. Reference to the specific internal plan rule, provision, guideline, or protocol on which the determination was based and notification that the Member will be provided a copy of the actual plan provisions, guidelines, and protocols free of charge upon request. Reasons for any denial or reimbursement or payment for services with respect to benefits under the plan will be provided within 30 business days of a request.
3. If the Adverse Determination is regarding coverage for a mental health and/or substance use disorder, a statement notifying members of their opportunity to request treatment and diagnosis code information free of charge. Any request for diagnosis and treatment code information may not be (and is not) considered a request for an internal appeal or external review.
4. If the Adverse Determination is based in whole or in part upon the Member failing to submit necessary information, the notice shall include, a description of any additional material or information which the Member failed to provide to support the request, including an explanation of why the material is necessary.
5. If the Adverse Determination is based on medical necessity or an Experimental or Investigational treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for making the determination, applying the terms of the Plan to the Member's medical circumstances or a statement that an explanation will be provided to the Member free of charge upon request.
6. For Mental Health and/or Substance Use Disorder (MH/SUD) Adverse Determinations, if information on any medical necessity criteria is requested, documents will be provided for both MH/SUD and medical/surgical benefits within 30 business days of a Member/Member's Authorized Representative/Provider's request. This information will include documentation of processes, strategies, evidentiary standards and other factors used by the plan, in compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA).
7. If the Adverse Determination is based on medical necessity, a written statement of clinical rationale, including clinical review criteria used to make the decision if applicable. If the denial is due to a lack of clinical information, a reference to the clinical criteria that have not been met must be included in the letter. If there is insufficient clinical information to reference a specific clinical practice guideline or policy, the letter must state the inability to reference the specific criteria and must describe the information needed to render a decision.
8. A description of the Plan's Appeal procedures including how to obtain an expedited review if necessary and any time limits applicable to those procedures, the right to submit written comments, documents or other information relevant to the appeal; an explanation of the Appeal process including the right to member representation; how to obtain an Expedited review if necessary and any time limits applicable to those procedures; notification that Expedited External Review can occur concurrently with the internal Appeal process for urgent care/ongoing treatment; and the timeframe the Member has to make an appeal and the amount of time the Plan has to decide it (including the different timeframes for Expedited Appeals).
9. If the Adverse Determination is based on medical necessity, notification and instructions on how the Practitioner can contact the appropriate Practitioner and/or Provider to discuss the determination.
10. If a determination is adverse, the right to bring a civil action in a court of competent jurisdiction.
11. To contact the North Dakota Insurance Commissioner at any time at:

IMPORTANT

Here are some important things you should keep in mind about these benefits:

Please remember that all benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary.

Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage.

You or your Practitioner and/or Provider must get Preauthorization/Prior Approval for some services in this Section. The benefit description will say "**Note:** Preauthorization/Prior Approval is required" for certain services. Failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits (See Services requiring Preauthorization/Prior Approval in Section 4.)

IMPORTANT

Benefit Description

Diagnostic and treatment services

Note: You or your Practitioner and/or Provider must get Preauthorization/Prior Approval of these services; Failure to get Preauthorization/ Prior Approval may result in a reduction or denial of benefits (See Services requiring Preauthorization/Prior Approval in Section 4.):

- Inpatient Hospital stays, Outpatient surgical procedures, and Skilled Nursing Facility stays

Professional services are covered from Practitioners, Providers, Physicians, nurse practitioners, and Physician's assistants when received:

- In Practitioner and/or Provider's office, an urgent care center; as well as medical office consultations, and second surgical opinions

Lab, X-ray and other diagnostic test coverage includes:

- Blood tests
- Urinalysis
- Non-routine pap tests
- Non-routine PSA tests
- Pathology
- X-rays
- PET Scans
- DEXA Scans
- Non-routine mammograms
- CT Scans/MRI
- Ultrasound
- Electrocardiogram (EKG)
- Electroencephalography (EEG)

Not Covered: *Thermograms or thermography*

Preventive care, adults & children

§2713 of the Public Health Service Act (PHS Act) and its implementing regulations relating to coverage of preventive services, the following services, when received from a Participating Provider, are covered without payment of any deductible, copayment, or coinsurance requirement that would otherwise apply:

1. Evidenced-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force (USPSTF) with respect to the individual involved, except for the recommendations of the USPSTF regarding breast cancer screening, mammography, and prevention issued in or around November 2009;
2. Immunizations for routine use in children, adolescents, and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC) with respect to the individual involved;
3. With respect to infants, children, and adolescents, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration (HRSA); and
4. With respect to women, evidence-informed preventive care and screening provided for in comprehensive guidelines supported by HRSA, to the extent not included in certain recommendations of the USPSTF. You do not need Preauthorization/Prior Approval from the Plan, or any other person, in order to obtain access to obstetrical and/or gynecological care through a participating provider.

The above is an overview of preventive services covered by the Plan. As recommendations change, your coverage may also change. To view the Plan's *Preventive Health Guidelines*, visit www.sanfordhealthplan.com/ndpers. You may also request a copy by calling Member Services at (800) 499-3416 *(toll-free)* | TTY/TDD: (877) 652-1844 *(toll-free)*.

Not Covered:

- *Pre-employment and employment physicals, insurance physicals, or government licensing physicals (including, but not limited to, physicals and eye exams for driver's licenses)*
- *Virtual colonoscopies*

Wellness nutritional counseling services

Benefits are available for the following medical conditions:

- **Hyperlipidemia** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Gestational Diabetes** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Diabetes Mellitus** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Hypertension** – Maximum Benefit Allowance of two (2) Office Visits per Member per Benefit Period.
- **Obesity** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.

Not Covered:

- *Education Programs or Tutoring Services (not specifically defined elsewhere) including, but not limited to, education on self-care or home management*
- *Lifestyle Improvement Services, such as physical fitness programs, health or weight loss clubs or clinics*

Maternity care

Note: Due to the inability to predict admission; you or your Practitioner and/or Provider are encouraged to notify the Plan of your expected due date when the pregnancy is confirmed. You are also encouraged to notify the Plan of the date of scheduled C-sections when it is confirmed.

Covered maternity services include:

- Screening for gestational diabetes mellitus during pregnancy
  - Testing includes a screening blood sugar followed by a glucose tolerance test if the sugar is high.
  - Outpatient Nutrition Care Services available for gestational diabetes and diabetes mellitus. See *Wellness Nutritional Counseling* in this Section.
- Anemia screening
- Bacteruria (bacteria in urine) screening
- Hepatitis B screening
- Rh (Rhesus) incompatibility screening: first pregnancy visit and 24-28 weeks gestation
- Genetic counseling or testing that has in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force. *Preauthorization/Prior Approval is required.*
- Prenatal vitamins without Cost Sharing if prescribed by a Practitioner
- Deductible for delivery services is waived if services are rendered at a PPO Provider, and the Member is enrolled in Sanford Health Plan's *Healthy Pregnancy Program*.
- Preeclampsia prevention

Maternity care includes prenatal through postnatal maternity care and delivery and care for complication of pregnancy of mother. We cover up to four (4) routine ultrasounds per pregnancy to determine fetal age, size, and development, per plan guidelines.

The minimum inpatient Hospital stay, when complications are not present, ranges from a minimum of *forty-eight (48)* hours for a vaginal delivery to a minimum of *ninety-six (96)* hours for a cesarean birth, excluding the day of delivery. Such inpatient stays may be shortened if the treating Practitioner and/or Provider, after consulting with the mother, determines that the mother and child meet certain criteria and that discharge is medically appropriate. If the inpatient stay is shortened, a post-discharge follow-up visit shall be provided to the mother and newborn by Participating Practitioners and/or Providers competent in postpartum care and newborn assessments.

Breastfeeding support, supplies and counseling are covered in the following manner:

- One (1) breast pump (electric or manual, non-Hospital grade) per pregnancy. Replacement tubing, breast shields, and splash protectors are also covered.
  - Pumps and supplies are covered only when obtained from a Sanford Health Plan Participating durable medical equipment Provider. This does NOT include drugstores or department stores.
  - Bottles, breast milk storage bags and supplies related to bottles are NOT covered.
- Consultation with a lactation (breastfeeding) specialist is covered at 100% (no charge)

Note: We encourage you to participate in our *Healthy Pregnancy Program*; Call (888) 315-0885 *(toll-free)* or TTY/TDD: (877) 652-1844 *(toll-free)* to enroll.

Not Covered: *Amniocentesis or chorionic villi sampling (CVS) solely for sex determination*

Healthy Pregnancy Program – DETAILS

The *Healthy Pregnancy Program* is designed to identify women at higher risk for premature birth and to prevent the incidence of preterm birth through assessment, intervention and education. Participation in the *Healthy Pregnancy Program* is voluntary and free to all Members in the Plan.

To enroll, call Sanford Health Plan's Care Management Department at (877) 652-1847 *(toll-free)* | TTY/TDD: (877) 652-1844 *(toll-free)* after the first prenatal visit, preferably before the 12th week and no later than the 34th week. You may also send a secure message to the Plan by signing into your account at www.sanfordhealthplan.com/memberlogin, and a representative from the Care Management Department will contact you to complete your enrollment in the program.

Enrolling in the Healthy Pregnancy Program is easy and free to the Member. When a Member enrolls, a Case Manager will review a brief preterm labor risk assessment questionnaire with the Member. To complete this questionnaire, Members will need their Member ID number; Professional Health Care Provider's name, address and telephone number; and expected due date.

As a program participant, the Member will receive information concerning pregnancy and prenatal car**e.**

Note: When a Member is enrolled under the Healthy Pregnancy Program, the Deductible Amount is waived for delivery services received from a PPO Health Care Provider.

Newborn care

A newborn is eligible to be covered from birth. Members must complete NDPERS designated enrollment within *thirty-one (31)* days of the infant's birth if enrolled in Single Coverage. If the Subscriber is already enrolled in Family Coverage, the newborn will automatically be added to the Certificate if the Plan was aware of the pregnancy. The Subscriber should confirm enrollment of the new child with the Plan. For

further details, see Section 3.

We cover care for the enrolled newborn child from the moment of birth including care and treatment for illness, injury, premature birth and medically diagnosed congenital defects and birth abnormalities (Please refer to "Reconstructive Surgery" in Section 5(a) for coverage information of surgery to correct congenital defects).

Not Covered: *Newborn delivery and nursery charges for adopted dependents prior to the adoption-bonding period (See Section 3, "When Dependent Coverage Begins.")*

Family planning benefits

Family Planning Services include consultations, and pre-pregnancy planning. The following medications, services and devices are covered:

- Barrier methods: diaphragm and cervical cap fitting and purchase.
- We cover implantable devices; including Mirena and ParaGard intrauterine devices. Placement and removal is covered once every five (5) years or as medically necessary.
- We cover sterilizations, including voluntary tubal ligations and vasectomies:
  - Medical – Occlusion of the fallopian tubes by use of permanent implants (e.g. Essure).
  - Surgical – Tubal ligation covered at 100% of allowed only when performed as the primary procedure. When performed as part of a maternity delivery or for any other medical reason, it will be covered as a medical benefit with the applicable cost-share applied.
- Generic contraceptives are covered at 100% (no cost). If no generic equivalent exists for a formulary brand-name contraceptive, then that contraceptive is covered at 100% (no cost) per the Affordable Care Act. (See your Pharmacy Handbook/Formulary)
- Other contraceptives including injectable medroxyprogesterone acetate and emergency contraception with a written prescription (generic Plan B) are also covered at 100% (no cost).
- Folic acid supplements are covered at 100% (no cost) for women planning to become pregnant or in their childbearing years if obtained with a written prescription order, per Plan guidelines.

Not Covered:

- *Genetic counseling or testing except for services that have a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force; Preauthorization/Prior Approval is required)*
- *Reproductive Health Care Services prohibited by the laws of This State*
- *Elective abortion services*
- *Reversal of voluntary sterilization*

Infertility services

Note: Preauthorization/Prior Approval is required for assisted reproductive technology for GIFT, ZIFT, ICSI and IVF; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Benefits are available for services, supplies and medications related to artificial insemination (AI) and assisted reproductive technology (ART), includes gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), intracytoplasmic sperm injection (ICSI) or in vitro fertilization (IVF). Preauthorization/Prior Approval *is required.*

Note: Benefits are subject to a $500 Lifetime Infertility Services Deductible Amount and a $20,000 Lifetime Maximum per Member. This Coinsurance Amount and the Infertility Services Deductible Amount do not apply toward the Out-of-Pocket Maximum Amount.

Not Covered:

- *Donor eggs including any donor treatment and retrieval costs, donor sperm, cryopreservation or storage of unfertilized sperm or eggs; Surrogate pregnancy and delivery; Gestational Carrier pregnancy and delivery; and preimplantation genetic diagnosis testing;*
- *Reversals of prior sterilization procedures; and*
- *Any expenses related to surrogate parenting.*

Allergy care

We cover:

- Testing and treatment
- Allergy injections
- Allergy serum

Not Covered:

- *The following allergy testing modalities: nasal challenge testing, provocative/neutralization testing for food and food additive allergies, leukocyte histamine release, Rebuck skin window test, passive transfer or Prausnitz-Kustner test, cytotoxic food testing, metabisulfite testing, candidiasis hypersensitivity syndrome testing, IgG level testing for food allergies, general volatile organic screening test and mauve urine test.*
- *Methods of desensitization treatment: provocation/neutralization therapy for food/chemical or inhalant allergies by sublingual, intradermal and subcutaneous routes, Urine Autoinjections, Repository Emulsion Therapy, Candidiasis Hypersensitivity Syndrome Treatment or IV Vitamin C Therapy.*
- *Clinical ecology, orthomolecular therapy, vitamins (unless listed as covered elsewhere in this COI) or dietary nutritional supplements, or related testing provided on an inpatient or outpatient basis.*

Diabetes supplies, equipment, and education

- Blood glucose monitors, including continuous glucose monitoring systems (CGM), *Preauthorization/Prior Approval is required*
- Blood glucose monitors for the legally blind
- Test strips for glucose monitors
- Urine testing strips
- Dilated Eye Examination, *limited to one (1) examination per Member per Benefit Period*
- Glucagon kits
- Insulin infusion devices, *Preauthorization/Prior Approval is required*
- Prescribed oral agents for controlling blood sugars
- Glucose agents
- Custom diabetic shoes and inserts limited to *one (1) pair* of depth-inlay shoes and *three (3) pairs* of inserts; or *one (1) pair* of custom molded shoes (including inserts) and *three (3)* additional pairs of inserts
- Syringes
- Insulin measurement and administration aids for the visually impaired and other medical devices for the treatment of diabetes
- Routine foot care, including toe nail trimming
- Insulin pumps and all supplies for the pump, *Preauthorization/Prior Approval is required*
- Insulin injection aids
- Lancets and lancet devices

See *Wellness Nutritional Counseling* in this Section. Diabetes self-management training and education services shall only be covered if:

- the service is provided by a Physician, nurse, dietitian, pharmacist or other licensed health care Practitioner and/or Provider who satisfies the current academic eligibility requirements of the National Certification Board for Diabetic Educators and has completed a course in diabetes education and training or has been certified by a diabetes educator; and
- the training and education is based upon a diabetes program recognized by the American Diabetes Association or a diabetes program with a curriculum approved by the American Diabetes Association or the North Dakota Department on Health.

Not Covered: *Food items for medical nutrition therapy*

Dialysis

Dialysis for renal disease, unless or until the Member qualifies for federally funded dialysis services under the End Stage Renal Disease (ESRD) program. Services include equipment, training, and medical supplies required for effective dialysis care. See *Outpatient Nutrition Care Services* in this Section for additional Chronic Renal Failure benefits. Coordination of Benefit (COB) Provisions apply. For more information on COB, please see Section 9.

Treatment therapies

We cover:

- Inhalation Therapy
- Radiation Therapy
- Chemotherapy, regardless of whether the Member has separate prescription drug benefit coverage
- Pheresis Therapy

Phenylketonuria (PKU)

Testing, diagnosis and treatment of Phenylketonuria including dietary management, formulas, Case Management, intake and screening, assessment, comprehensive care planning and service referral.

Not Covered:

- *PKU dietary desserts and snack items*
- *Low protein modified food products or medical food for PKU to the extent those benefits are available under a Department of Health program or other state agency*

Amino acid-based elemental oral formulas

Coverage for medical foods and low-protein modified food products determined by a Practitioner and/or Provider to be medically necessary for the therapeutic treatment of an inherited metabolic disease of amino acid or organic acid.

Not Covered:

- *Dietary desserts and snack items*
- *Low protein modified food products or medical food for PKU to the extent those benefits are available under a Department of Health program or other state agency*

Outpatient nutritional care services

Benefits are available for the following medical conditions:

- **Chronic Renal Failure** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Anorexia Nervosa** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Bulimia** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **PKU** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.

Not Covered:

- *Education Programs or Tutoring Services (not specifically defined elsewhere) including, but not limited to, education on self-care or home management*
- *Lifestyle Improvement Services, such as physical fitness programs, health or weight loss clubs or clinics*

Outpatient rehabilitative and habilitative therapy services

Coverage is as follows for outpatient rehabilitative and habilitative therapy services, which include the management of limitations and disabilities, and services or programs that help maintain or prevent deterioration in physical, cognitive, or behavioral function:

- **Physical Therapy:** Benefits are subject to medical necessity and performed by or under the direct supervision of a licensed Physical Therapist. Services must be provided in accordance with a prescribed plan of treatment ordered by a Professional Health Care Provider.
  - Physical therapy and Vitamin D supplements with a prescription order are covered at 100% (no cost) for Members ages 65 and older who are at increased risk for falls. Benefits are subject to medical necessity.
- **Occupational Therapy:** Benefits are available for 90 consecutive calendar days per condition, beginning on the date of the first therapy treatment for the condition. Additional benefits may be allowed after the 90 days when Medically Necessary. Benefits are available when performed by or under the direct supervision of a licensed Occupational Therapist. Services must be provided in accordance with a prescribed plan of treatment ordered by a Professional Health Care Provider.
- **Speech Therapy:** Benefits are available for 90 consecutive calendar days per condition, beginning on the date of the first therapy treatment for the condition. Additional benefits may be allowed after the 90 days when Medically Necessary. Benefits are available when performed by or under the direct supervision of a certified and licensed Speech Therapist. Services must be provided in accordance with a prescribed plan of treatment ordered by a Professional Health Care Provider.
- **Respiratory/Pulmonary Therapy:** Available when services are performed by or under the direct supervision of a registered respiratory care practitioner for the treatment, management, control and care of Members with deficiencies and abnormalities of the cardiorespiratory system. Services must be provided in accordance with an order from a Professional Health Care Provider.
- **Cardiac Rehabilitation Services:** Cardiac Rehabilitation Services must begin within 2 months following discharge from the Hospital. Twelve (12) visits per Member per episode, limited to the following diagnosed medical conditions:
  - Myocardial Infarction
  - Coronary Artery Bypass Surgery
  - Coronary Angioplasty and Stenting
  - Heart Valve Surgery
  - Heart Transplant Surgery

Not Covered:

- *Educational or non-medical services for learning disabilities and/or behavioral problems, including those educational or non-medical services provided under the Individuals with Disabilities Education Act (IDEA)*
- *Maintenance Care that is typically long-term, by definition not therapeutically necessary but is provided at regular intervals to promote health and enhance the quality of life; this includes care provided after maximum therapeutic improvement, without a trial of withdrawal of treatment, to prevent symptomatic deterioration or initiated by Members without symptoms in order to promote health and to prevent further problems, unless specifically stated as covered elsewhere in this Certificate of Insurance*
- *Services provided in the Member's home for convenience*
- *Hot/cold pack therapy including polar ice therapy and water circulating devices*

Hearing services (testing, treatment, and supplies)

Hearing services coverage is provided for the following:

- Sudden sensorineural hearing loss (SSNHL), and diagnostic testing and treatment related to acute illness or injury.

Note: Preauthorization/Prior Approval is required for the following services; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.):

1. External hearing aids for the treatment of a hearing loss that is not due to the gradual deterioration that occurs with aging and/or other lifestyle factors.
   a. Benefit is limited to one hearing aid, per ear, per Member, every three (3) years, in alignment with medical necessity and Plan guidelines.
   b. The provision of hearing aids must meet criteria for rehabilitative and/or habilitative services coverage and either:
      i. provide significant improvement to the Member within two (2) months, as certified on a prospective and timely basis by the Plan; or
      ii. help maintain or prevent deterioration in physical, cognitive, or behavioral function.
2. Hearing aids for Members under age 18.
3. Cochlear implants and bone-anchored (hearing aid) implants.

Not Covered:

- *Treatment of gradual deterioration of hearing that occurs with aging and/or other lifestyle factors, and related adult hearing screening services, testing and supplies*
- *For Members ages 18 and older, external hearing aids; non-implant devices; or equipment to correct gradual hearing impairment or loss that occurs with aging and/or other lifestyle factors*
- *Tinnitus Maskers*
- *All other hearing related supplies, purchases, examinations, testing or fittings*

Vision services (testing, treatment, and supplies)

The following vision services are covered:

- Non-routine vision exams relating to disease or injury of the eye
- Eyeglasses or contact lenses for Members diagnosed with aphakia (the absence of the lens of the eye, due to surgical removal, a perforated wound or ulcer, or a congenital condition resulting in complications which include the detachment of the vitreous or retina, and glaucoma)
- Eyeglasses, including lenses and one frame per lifetime up to up to a net allowance of $200 or clear contact lenses for the aphakia eye will be covered for *two (2)* single lens per calendar year
- Scleral Shells: Soft shells limited to *two (2)* per calendar year. Hard shells limited to *one (1)* per lifetime
- Cataract Surgery
- One (1) pair of eyeglasses or contact lenses per Member when purchased within 6 months following a covered cataract surgery
- Visual Training for Members under age 10. Benefits are subject to an Annual Maximum of 16 visits per Member.
- Dilated Eye Examination for Members with Diabetes, limited to one (1) examination per Member per Benefit Period

Not Covered:

- *Adult vision exams (routine)*
- *Eyeglasses or contact lenses and the vision examination for prescribing or fitting eyeglasses or contact lenses, unless specified as Covered elsewhere in this Certificate of Insurance*
- *Refractive errors of the eye*
- *Refractive eye surgery when used in otherwise healthy eyes to replace eyeglasses or contact lenses*
- *Purchase, examination, or fitting of eyeglasses or contact lenses, except as specifically covered elsewhere*
- *Radial Keratotomy, Myopic Keratomileusis, and any surgery involving corneal tissue for the purpose of altering, modifying, or correcting myopia, hyperopia, or stigmatic error*
- *Replacement of lost, stolen, broken, or damaged lenses or glasses*
- *Bifocal contact lenses*
- *Special lens coating or lens treatments for prosthetic eyewear*
- *Routine cleaning of Scleral Shells*
- *Services or supplies determined by the Plan to be special or unusual, including orthoptics, vision training and vision aids (except for Members under the age of ten (10)*

Foot care

Routine foot care covered for Members with diabetes only. See Section 5(a) *Diabetes supplies, equipment, and education* for more information on Plan policies.

Non-routine diagnostic testing and treatment of the foot due to illness or injury

Note: See Section on *Orthotic and prosthetic devices* below for information on podiatric shoe inserts.

Not Covered:

- *Cutting, removal, or treatment of corns, calluses, or nails for reasons other than authorized corrective surgery (except as stated above and in Section 5(a) "Diabetes supplies, equipment, and education")*
- *Diagnosis and treatment of weak, strained, or flat feet*

Orthotic and prosthetic devices

Prosthetic limbs, sockets and supplies, and prosthetic eyes limited to *one (1)* per lifetime

Externally worn breast prostheses and surgical bras, including necessary replacements following a mastectomy. Includes *two (2)* external prosthesis per Calendar Year and *two (2)* bras per Calendar Year. For double mastectomy: coverage extends to *four (4)* external prosthesis per Calendar Year and *two (2)* bras per Calendar Year.

Adjustments and/or modification to the prosthesis required by wear/tear or due to a change in Member's condition or to improve the function are eligible for coverage and do not require Preauthorization/Prior Approval.

Repairs necessary to make the prosthetic functional are covered and do not require authorization/approval. The expense for repairs is not to exceed the estimated expense of purchasing another prosthesis.

Note: The following requires Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.):

- Cochlear implants and related services
- Devices permanently implanted that are not Experimental or Investigational such as artificial joints, pacemakers, and surgically implanted breast implant(s) following mastectomy.

Note: Internal prosthetic devices are paid as Hospital benefits; see Section 5(b) for benefit information. Insertion of the device is paid under the surgery benefit.

Not Covered:

- *Experimental and/or Investigational services or devices except as part of an Approved Clinical Trial*
- *Revision/replacement of prosthetics (except as noted per Plan guidelines (available upon request))*
- *Replacement or repair of items, if the items are damaged or destroyed by the Member's misuse, abuse or carelessness, lost, or stolen*

- *Duplicate or similar items*
- *Service call charges, labor charges, charges for repair estimates*
- *Wigs, cranial prosthesis, or hair transplants*
- *Cleaning and polishing of prosthetic eye(s)*

Durable medical equipment (DME)

Covered DME equipment prescribed by an attending Practitioner and/or Provider, which is Medically Necessary, not primarily and customarily used for non-medical purposes, designed for prolonged use, and for a specific therapeutic purpose in the treatment of an illness or injury. Limitations per Plan policy guidelines apply (available upon request).

Casts, splints, braces, crutches and dressings for the treatment of fracture, dislocation, torn muscles or ligaments and other chronic conditions per Plan guidelines (available upon request).

Note: The following DME require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.):

- Respiratory equipment such as ventilators, pleural catheters, hand-held battery operated nebulizers, and suction pumps
- Gastrointestinal equipment such as TPN enteral supplies and formula, parenteral nutrition, and suction pumps
- Beds such as Hospital beds and mattresses
- Musculoskeletal equipment such as neuromuscular stimulators, and bone growth stimulators
- Integumentary supplies such as wound vacuum systems
- Wheelchairs
- Home IV therapy supplies and medications
- Repair, replacement, and periodic maintenance of durable medical equipment

This list is not all-inclusive and is subject to change per Plan policy updates.

Not Covered:

- *Orthopedic shoes; custom made orthotics; over-the-counter orthotics and appliances*
- *Disposable supplies (including diapers) or non-durable supplies and appliances, including those associated with equipment determined not to be eligible for coverage*
- *Revision of durable medical equipment, except when made necessary by normal wear or use*
- *Replacement or repair of equipment if items are damaged or destroyed by Member misuse, abuse, or carelessness, lost, or stolen*
- *Duplicate or similar items*
- *Sales tax, mailing, delivery charges, service call charges, or charges for repair estimates*
- *Items which are primarily educational in nature or for vocation, comfort, convenience or recreation*
- *Household equipment which primarily has customary uses other than medical, such as, but not limited to, air purifiers, central or unit air conditioners, water purifiers, non-allergic pillows, mattresses or waterbeds, physical fitness equipment, hot tubs, or whirlpools*
- *Household fixtures including, but not limited to, escalators or elevators, ramps, swimming pools and saunas*
- *Home Modifications including, but not limited to, its wiring, plumbing or changes for installation of equipment*
- *Vehicle modifications including, but not limited to, hand brakes, hydraulic lifts, and car carrier*
- *Remote control devices as optional accessories*
- *Any other equipment and supplies which the Plan determines are not eligible for coverage*

Home health services

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Member must be home-bound to receive home health services. The following is covered if approved by the Plan in lieu of Hospital or Skilled Nursing Facility:

- part-time or intermittent care by a RN or LPN/LVN
- part-time or intermittent home health aide services for direct patient care only
- physical, occupational, speech, inhalation, and intravenous therapies up to the maximum benefit allowable
- medical supplies, prescribed medicines, and lab services, to the extent they would be covered if the Member were Hospitalized

Not Covered:

- *Nursing care requested by, or for the convenience of the patient or the patient's family (rest cures)*
- *Custodial or convalescent care*

Chiropractic services

Chiropractic services provided on an inpatient or outpatient basis when Medically Necessary as determined by Sanford Health Plan and within the scope of licensure and practice of a Chiropractor, to the extent services would be covered if provided by a Physician. Benefits are not available for Maintenance Care.

Not Covered:

- *Maintenance Care;*
- *Vitamins (unless listed as covered elsewhere in this COI), minerals, therabands, cervical pillows, and hot/cold pack therapy including polar ice therapy and water circulating devices*

Tobacco cessation treatment services

As defined in the Affordable Care Act, evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force when received from an In-Network provider are covered without payment of any deductible, copayment, or coinsurance requirement that would otherwise apply. Tobacco cessation treatment includes:

- Screening for tobacco use; and
- At least two (2) tobacco cessation attempts per year (for participants who use tobacco products). Covering a cessation attempt is defined to include coverage for:
  - Four (4) tobacco cessation counseling sessions of at least ten (10) minutes each (including telephone counseling, group counseling and individual counseling) without Preauthorization/Prior Approval, and
  - All Food and Drug Administration (FDA)-approved tobacco cessation medications (including both prescription and over-the-counter medications) for a 90-day treatment regimen when prescribed by a health care provider without Preauthorization/Prior Approval.

Not Covered: *Hypnotism and Acupuncture*

Reconstructive surgery

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Surgery to restore bodily function or correct a deformity caused by illness or injury
- If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). Coverage for mastectomy related benefits will be provided in a manner determined in consultation with the attending Practitioner and/or Provider and Member. Coverage will be provided for reconstructive breast surgery and physical complications at all stages of a mastectomy, including lymphedema for those Members who had a mastectomy resultant from a disease, illness, or injury. Breast prostheses and surgical bras and replacements are also covered (see Prosthetic devices in Section 5(a)). Deductible and coinsurance applies as outlined in your *Summary of Benefits and Coverage*.

  Note: For single mastectomies, coverage extends to the non-affected side to make it symmetrical with the affected breast post-surgical reconstruction.

Not Covered:

- *Surgeries related to gender transformation/gender reassignment*
- *Cosmetic Services and/or supplies to repair or reshape a body structure primarily for the improvement of a Member's appearance or psychological well-being or self-esteem, including but not limited to, breast augmentation, skin disorders, rhinoplasty, liposuction, scar revisions, and cosmetic dental services*
- *Removal, revision or re-implantation of saline or silicone implants for: breast implant malposition; unsatisfactory aesthetic outcome; patient desire for change of implant; patient fear of possible negative health effects; or removal of ruptured saline implants that do not meet medical necessity criteria.*
- *Prophylactic (preventive) surgeries (i.e. mastectomy, oophorectomy)*

Oral and maxillofacial surgery

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Oral surgical procedures limited to services required because of injury, accident or cancer that damages Natural Teeth
- Care must be received within *six (6)* months of the occurrence
- Orthognathic Surgery per Plan guidelines (available upon request)
- Associated radiology services are included
- Diagnosis and treatment for Temporomandibular Joint (TMJ) Dysfunction and/or Temporomandibular Disorder (TMD) and TMJ splints and adjustments if your primary diagnosis is TMJ/TMD.
- Preauthorization/Prior Approval is required for dental anesthesia for Members over age nine (9) and/or Members with a developmental disability, as determined by a licensed Practitioner and/or Provider, which places such a person at serious risk.
- "Injury" does not include injuries to Natural Teeth caused by biting or chewing
- Coverage applies regardless of whether the services are provided in a Hospital or a dental office

Note: For more information on Dental Services, see Section 5(f).

Note: Dental care Anesthesia and Hospitalization for the extraction of teeth is covered for a Member who:

a. is a child under age nine (9); or
b. is severely disabled or otherwise suffers from a developmental disability, or
c. has high risk medical condition(s) as determined by a licensed Practitioner and/or Provider, which places such a person at serious risk.

Not Covered:

- *Routine dental care and treatment*
- *Natural teeth replacements including crowns, bridges, braces or implants*
- *Osseointegrated implant surgery (dental implants)*
- *Extraction of wisdom teeth*
- *Hospitalization for extraction of teeth except as stated above in this subsection*

- *Dental x-rays or dental appliances*
- *Shortening of the mandible or maxillae for cosmetic purposes*
- *Services and supplies related to ridge augmentation, implantology, and Preventive vestibuloplasty*
- *Dental appliances of any sort, including but not limited to bridges, braces, and retainers (except for appliances for treatment of TMJ/TMD)*

Transplant services

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Coverage is provided for the organ donor expenses under the transplant recipient's benefit plan when billed under the transplant recipient's name when the recipient of the transplant meets ALL of the following criteria:

a. Is eligible for coverage under the Plan;
b. Has a condition for which the proposed transplant is considered medically necessary;
c. Meets the Plan's medical coverage guidelines for transplant; and
d. The charges are not covered by the donor's own benefit plan, by another group health plan or other coverage arrangement.

Coverage is provided for transplants according to the Plan's medical coverage guidelines (available upon request) for the following services:

- Pre-operative care
- Transplant procedure, Facility and professional fees
- Organ acquisition costs including:
  - For living donors: organ donor fees, recipient registration fees, laboratory tests (including tissue typing of recipient and donor), and Hospital services that are directly related to the excision of the organ
  - For cadaver donors: operating room services, intensive care cost, preservation supplies (perfusion materials and equipment), preservation technician's services, transportation cost, and tissue typing of the cadaver organ
- Bone marrow or stem cell acquisition and short term storage during therapy for a Member with a covered illness
- Short-term storage of umbilical cord blood for a Member with a malignancy undergoing treatment when there is a donor match
- Post-transplant care and treatment
- Medications (including immunosuppressive medications)
- Supplies (must be Preauthorized/Approved)
- Psychological testing
- Living donor transplant-related complications for sixty (60) days following the date the organ is removed, if not otherwise covered by donor's own health benefit plan, by another group health plan, or other coverage arrangement

Transplants that meet the United Network for Organ Sharing (UNOS) criteria and/or Plan Certificate of Insurance requirements and are performed at Plan Participating Providers or contracted Centers of Excellence are covered for the following conditions:

1. Small bowel transplants
2. Kidney transplants for End Stage Renal Disease
3. Cornea transplants
4. Heart transplants
5. Implantable ventricular assist device used while waiting for a heart transplant
6. Lung transplants or heart/lung transplants for:
   a. Primary pulmonary hypertension;
   b. Eisenmenger's syndrome;
   c. End stage pulmonary fibrosis;
   d. Alpha 1 antitrypsin disease;
   e. Cystic fibrosis; and
   f. Emphysema for members with specific indications.
7. Liver transplants for:
   a. Biliary atresia in children;
   b. Primary biliary cirrhosis;
   c. Post-acute viral infection (including hepatitis a, hepatitis b antigen e negative, and hepatitis c, causing acute atrophy or post necrotic cirrhosis);
   d. Primary sclerosing cholangitis; and
   e. Alcoholic cirrhosis.
8. Pancreas transplants (cadaver organ) for Members with Type I uncontrolled diabetes for:
   a. Simultaneous pancreas kidney;
   b. Pancreas after kidney; and
   c. Pancreas before kidney.
9. Allogenic bone marrow transplants or peripheral stem cell support (myeloablative or non-myeloablative) for:
   a. Acute Lymphoblastic Leukemia
   b. Acute Myelogenous Leukemia
   c. Chronic Myelogenous Leukemia
   d. Pediatric Neuroblastoma

e. Myelodysplastic Diseases
f. Hodgkin's Disease (Lymphoma)
g. Non-Hodgkin's Lymphoma
h. Genetic Diseases and Acquired Anemias:
   i. Sickle cell anemia
   ii. Severe aplastic anemia
   iii. Wiskott-Aldrich syndrome
   iv. Severe combined immunodeficiencies
   v. Mucopolysaccharidoses
   vi. Mucolipidoses

10. Autologous bone marrow transplants or peripheral stem cell support associated with high dose chemotherapy for:
    a. Acute Lymphoblastic Leukemia
    b. Acute Myelogenous Leukemia
    c. Chronic Myelogenous leukemia
    d. Pediatric Neuroblastoma
    e. Ewing's Sarcoma
    f. Primitive Neuroectodermal Tumors
    g. Germ Cell Tumors
    h. Multiple Myeloma
    i. Primary Amyloidosis
    j. Hodgkin's Disease (Lymphoma)
    k. Non-Hodgkin's Lymphoma
    l. Breast cancer

Not Covered:

- *Transplant evaluations with no end organ complications*
- *Storage of stem cells including storing umbilical cord blood of non-diseased persons for possible future use*
- *Artificial organs, any transplant or transplant services not listed above*
- *Expenses incurred by a Member as a donor, unless the recipient is also a Member Costs related to locating and/or screening organ donors*
- *Donor expenses for complications that occur after sixty (60) days from the date the organ is removed, regardless if the donor is covered as a Member under this Plan or not*
- *Services, chemotherapy, radiation therapy (or any therapy that damaged the bone marrow), supplies, medications and aftercare for or related to artificial or non-human organ transplants*
- *Services, chemotherapy, supplies, medications and aftercare for or related to human organ transplants not specifically approved by the Plan's Chief Medical Officer or its designee*
- *Services, chemotherapy, supplies, medications and aftercare for or related to transplants performed at a non-Plan Participating Center of Excellence*
- *Transplants and transplant evaluations that do not meet the United Network for Organ Sharing (UNOS) criteria*

Anesthesia

We cover services of an anesthesiologist or other certified anesthesia Provider in connection with an authorized/approved procedure or treatment.

Concurrent services received while inpatient

Concurrent services including medical, surgical, maternity, Chemotherapy or Radiation Therapy provided during one inpatient stay by one Professional Health Care Provider. Benefits for concurrent services will be based on the Covered Service with the highest Allowance.

When two or more Professional Health Care Providers have attended the Member during one inpatient stay because the nature or severity of the Member's condition requires the skills of separate Professional Health Care Providers, benefits will be available for the Covered Service that carries the highest Allowance for the type of service provided by each Professional Health Care Provider, provided the service is Medically Appropriate and Necessary and would otherwise be a Covered Service under this Benefit Plan.

Section 5(b) Services provided by a Hospital or other Facility

IMPORTANT

Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary.
- Participating Providers must provide or arrange your care and you must be Hospitalized in a Participating Facility.
- Mental Health and Substance Use Disorder benefits provided by a Hospital or other Facility are outlined in Section 5(d).
- Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage.
- **YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL FOR SOME OF THESE SERVICES**. See the benefits description below.

IMPORTANT

Benefit Description

Inpatient Hospital

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

The following Hospital Services are covered:

- Room and board
- Critical care services
- Use of the operating room and related facilities
- General Nursing Services, including special duty Nursing Services if approved by the Plan
- The administration of whole blood and blood plasma is a Covered Service. The purchase of whole blood and blood components is not covered unless such blood components are classified as medications in the *United States Pharmacopoeia*.
- Special diets during Hospitalization, when specifically ordered
- Other services, supplies, biologicals, and medicines prescribed by a Practitioner and/or Provider during Hospitalization

Note: If you need a mastectomy, you may choose to have the procedure performed on an inpatient basis and remain in the Hospital up to 48 hours after the procedure.

Not Covered:

- *Take-home medications (Prescription medications provided to a Member at discharge are paid under the Prescription Drug benefit. See Sections 1, 2, and 5(e) for benefit details.)*
- *Personal comfort items (telephone, television, guest meals and beds)*
- *Admissions to Hospitals performed only for the convenience of the Member, the Member's family or the Member's Practitioner and/or Provider*
- *Custodial or Convalescent care*
- *Intermediate level or Domiciliary care*
- *Rest cures*
- *Services to assist in activities of daily living*

Outpatient Hospital or Ambulatory Surgical Center

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Health care services furnished in connection with a surgical procedure performed in a participating surgical center include:

- Outpatient Hospital surgical center
- Outpatient Hospital services such as diagnostic tests
- Ambulatory surgical center (same day surgery)

Not Covered:

- *Surgical procedures that can be done in a Practitioner office setting (i.e. vasectomy, toe nail removal)*
- *Blood and blood derivatives replaced by the Member*
- *Take-home medications (Prescription medications provided to a Member at discharge are paid under the Prescription Drug benefit. See Sections 1, 2, and 5(e) for benefit details.)*

Skilled nursing care facility benefits

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Skilled Nursing Facility Services are covered if approved by the Plan in lieu of continued or anticipated Hospitalization. The following Skilled Nursing Facility Services are covered when provided through a state-licensed nursing Facility or program:

- Skilled nursing care, whether provided in an inpatient skilled nursing unit, a Skilled Nursing Facility, or a subacute (swing bed) Facility

- Room and board in a Skilled Nursing Facility
- Special diets in a Skilled Nursing Facility, if specifically ordered

Skilled nursing care in a Hospital shall be covered if the level of care needed by a Member has been reclassified from acute care to skilled nursing care and no designated skilled nursing care beds or swing beds are available in the Hospital or in another Hospital or health care Facility within a *thirty-mile (30)* radius of the Hospital.

Not Covered:

- *Custodial or Convalescent care*
- *Intermediate level or Domiciliary care*
- *Residential care*
- *Rest cures*
- *Services to assist in activities of daily living*

Hospice care

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

A Member may elect to receive hospice care, instead of the traditional Covered Services provided under the Plan, when the following circumstances apply:

a. The Member has been diagnosed with a terminal disease and a life expectancy of *six (6)* months or less;
b. The Member has chosen a palliative treatment focus (i.e. emphasizing comfort and support services rather than treatment attempting to cure the disease or condition);
c. The Member continues to meet the terminally ill prognosis as reviewed by the Plan's Chief Medical Officer over the course of care; and
d. The hospice service has been approved by the Plan.

The following Hospice Services are Covered:

a. Admission to a hospice Facility, Hospital, or Skilled Nursing Facility for room and board, supplies and services for pain management and other acute/chronic symptom management
b. In-home hospice care per Plan guidelines (available upon request)
c. Part-time or intermittent nursing care by a RN, LPN/LVN, or home health aide for patient care up to *eight (8)* hours per day
d. Social services under the direction of a Participating Provider
e. Psychological and dietary counseling
f. Physical or occupational therapy, as described under *Section 5(a)*
g. Consultation and Case Management services by a Participating Provider
h. Medical supplies, DME and medications prescribed by a Participating Provider
i. Expenses for Participating Providers for consultant or Case Management services, or for physical or occupational therapists, who are not Group Members of the hospice, to the extent of coverage for these services as listed in *Section 5(a)*, but only where the hospice retains responsibility for the care of the Member

Not Covered: *Independent nursing, homemaker services, respite care*

IMPORTANT

Here are some important things to keep in mind about these benefits:

Please remember that all benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary.

Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage.

IMPORTANT

What is an Emergency Medical Condition?

An **Emergency Medical Condition** is the sudden and unexpected onset of a health condition that would lead a Prudent Layperson, acting reasonably, and possessing the average knowledge of health and medicine, to believe that the absence of immediate medical attention could result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person's health; or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

What is a Prudent Layperson?

A **Prudent Layperson** is a person who is without medical training and who possess an average knowledge of health and medicine and who draws on his/her practical experience when making a decision regarding the need to seek Emergency medical treatment.

What is an Urgent Care Situation?

An **Urgent Care Situation** is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within *twenty-four (24)* hours, such as stitches for a cut finger. **Urgent Care Request** means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination which:

a. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or
b. In the opinion of a Practitioner and/or Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

If an Urgent Care Situation occurs, Members should contact their Primary Care Practitioner and/or Provider immediately, if one has been selected, and follows his or her instructions. A Member may always go directly to a participating urgent care or after-hours clinic (listing available upon request or visit www.sanfordhealthplan.com/ndpers).

The Health Plan covers worldwide Emergency services necessary to screen and stabilize Members without Preauthorization/Prior Approval in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed. Network restrictions do not apply to Emergency services received by Practitioners and/or Providers outside of the United States.

Benefit Description

Emergency Medical Conditions

Emergency services from Basic Plan-level Providers will be covered at the same benefit and cost sharing level as services provided by PPO-level Providers both within and outside of the Sanford Health Plan Service Area in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed.

Note: If the Plan determines the condition did not meet Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts will apply, and the Member is responsible for charges above the Reasonable Cost.

If an Emergency Medical Condition arises, Members are encouraged to seek services at the nearest Emergency Facility that is a Participating Provider. If the Emergency Medical Condition is such that a Member cannot go safely to the nearest Participating Emergency Facility, then the Member should seek care at the nearest Emergency Facility. To find a listing of Participating Providers and Facilities, sign into your account at www.sanfordhealthplan.com/memberlogin or call the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

The Member, or a designated relative or friend must notify the Plan, and the Member's Primary Care Practitioner and/or Provider, if one has been selected, as soon as reasonably possible after receiving treatment for an Emergency Medical Condition, but no later than *forty-eight (48)* hours after the Member is physically or mentally able to do so.

Participating Emergency Providers/Facilities

The Plan covers Emergency services necessary to screen and stabilize Members without Preauthorization/Prior Approval in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts may apply, subject to whether services were received from a PPO-level or Basic-level Participating Provider/Facility, as set forth in Section 1. See Section 1, "*Participating Providers*" and "*How PPO vs. Basic Plan Determines Benefit Payment*" for details.

Non-Participating Emergency Providers/Facilities

The Plan covers Emergency services necessary to screen and stabilize a Member and may not require Prospective (Pre-Service) Review of such services if a Prudent Layperson would have reasonably believed that use of a Participating Provider would result in a delay that would

worsen the Emergency, or if a provision of federal, state, or local law requires the use of a specific Practitioner and/or Provider. The coverage shall be at the same benefit level as if the service or treatment had been rendered by a Participating Provider.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts will apply, subject to the limitations on Non-Participating Providers set forth in Section 1, and whether services were rendered within or outside the state of North Dakota and its contiguous counties. See Section 1, "*Non-Participating Health Care Providers*", for more information.

If a Member is admitted as an inpatient to a Non-Participating Provider Facility, then the Plan will contact the admitting Practitioner and/or Provider to determine medical necessity and a plan for treatment. In some cases, where it is medically safe to do so, the Member may be transferred to a Participating Hospital and/or other appropriate Facility.

Urgent Care Situations

Treatment provided in Urgent Care Situations from Basic Plan-level Providers will be covered at the same benefit and cost sharing level as services provided by PPO-level Providers both within and outside of the Sanford Health Plan Service Area in cases where a Prudent Layperson reasonably believed that an Urgent Care Situation existed.

Note: If the Plan determines the condition did not meet Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts will apply, and the Member is responsible for charges above the Reasonable Cost.

If an **Urgent Care Situation** occurs, Members should contact their Primary Care Practitioner and/or Provider immediately, if one has been selected, and follow his or her instructions. If a Primary Care Practitioner and/or Provider has not been selected, the Member should contact the Plan and follow the Plan's instructions. A Member may always go directly to a participating urgent care or after-hours clinic. To find a listing of Participating Providers and Facilities, sign into your account at www.sanfordhealthplan.com/memberlogin or call the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

Participating Providers/Facilities

The Plan covers services in an Urgent Care Situation without Preauthorization/Prior Approval in cases where a Prudent Layperson reasonably believed that an Urgent Care Situation existed.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts may apply, subject to whether services were received from a PPO-level or Basic-level Participating Provider/Facility, as set forth in Section 1. See Section 1, "*Participating Providers*" and "*How PPO vs. Basic Plan Determines Benefit Payment*" for details.

Non-Participating Providers/Facilities

The Plan covers services in an Urgent Care Situation without Preauthorization/Prior Approval requirements if a Prudent Layperson would have reasonably believed that use of a Participating Provider would result in a delay that would worsen the Urgent Care Situation, or if a provision of federal, state, or local law requires the use of a specific Practitioner and/or Provider. The coverage shall be at the same benefit level as if the service or treatment had been rendered by a Participating Provider.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts will apply, subject to the limitations on Non-Participating Providers set forth in Section 1, and whether services were rendered within or outside the state of North Dakota and its contiguous counties. See Section 1, "*Non-Participating Health Care Providers*", for more information.

Ambulance and transportation services

Transportation by professional ground ambulance, air ambulance, or on a regularly scheduled flight on a commercial airline is covered when transportation is:

a. Medically Necessary; and
b. To the nearest Participating Provider equipped to furnish the necessary Health Care Services, or as otherwise approved and arranged by the Plan.

Not Covered:

- *Reimbursement for personal transportation costs incurred while traveling to/from Practitioner and/or Provider visits or other health care services*
- *Transfers performed only for the convenience of the Member, the Member's family or the Member's Practitioner and/or Provider*
- *Services and/or travel expenses relating to a Non-Emergency Medical Condition*

Non-Emergency or Non-Urgent Care Situations Outside the Plan's Service Area

For non-Emergency medical care or non-Urgent Care Situations when traveling outside the Plan's Service Area, benefits will be payable at Basic level. For details, see Section 1.

Section 5(d) Mental health and substance use disorder benefits

IMPORTANT		IMPORTANT
	Here are some important things to keep in mind about these benefits: All benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary. Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage. **YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL OF SOME OF THESE SERVICES.** See the benefits description below.	

Benefit Description

Mental health benefits

In compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), the financial requirements and treatment limitations that apply to the Plan's mental health and/or substance use disorder benefits are no more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. In addition, mental health and substance use disorder benefits are not subject to separate cost sharing requirements or treatment limitations. Mental health and substance use disorders are covered consistent with generally recognized independent standards of current medical practice, which include the current editions of the Diagnostic and Statistical Manual of Mental Disorders (DSM) and the International Classification of Diseases (ICD).

Coverage is provided for mental health conditions which current prevailing medical consensus affirms substantially impairs perception, cognitive function, judgment, and/or emotional stability, and limits the life activities of the person with the condition(s). This includes but is not limited to the following conditions: schizophrenia; schizoaffective disorders; bipolar disorder; major depressive disorders (single episode or recurrent); obsessive-compulsive disorders; attention-deficit/hyperactivity disorder; autism spectrum disorders; post-traumatic stress disorders (acute, chronic, or with delayed onset); and anxiety disorders that cause significant impairment of function.

Mental health benefits are covered with the same Copays, Deductibles, Coinsurance factors, and restrictions as other medical/surgical benefits under the Plan. Coverage for mental health conditions includes:

- Outpatient Professional services, including therapy by Providers such as psychiatrists, psychologists, clinical social workers, or other qualified mental health professionals
- Inpatient services, including Hospitalizations
- Medication management
- Diagnostic tests
- Electroconvulsive therapy (ECT)
- Partial Hospitalization
- Intensive Outpatient Programs

For outpatient treatment services, the first five (5) hours of treatment of any calendar year will be covered at 100% (no charge).

If you are having difficulty obtaining an appointment with a mental health practitioner and/or Provider, or for mental health needs or assessment services by phone, call the Sanford USD Medical Center Triage Line toll-free at (888) 996-4673.

Telephonic consultation for a Member diagnosed with depression and within twelve (12) weeks of starting antidepressant therapy per Plan guidelines (available upon request). Coverage limited to one (1) telephonic consult per Member per year for depression and one (1) telephonic consult for Attention Deficit Hyperactive Disorder (ADHD). For Members with an eating disorder, see additional benefits in Section 5(a), *Outpatient nutritional care services*.

Note: Preauthorization/Prior Approval is required for these benefits. As with other medical/surgical benefits, failure to get Preauthorization/ Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4):

- All Inpatient services, including those provided by a Hospital or a Residential Treatment Facility

Not Covered:

- *Convalescent care*
- *Marriage or bereavement counseling; pastoral counseling; financial or legal counseling; and custodial care counseling*
- *Educational or non-medical services provided under the Individuals with Disabilities Education Act (IDEA)*
- *Educational or non-medical services for learning disabilities and/or Behavioral problems*
- *Services related to environmental change*
- *Behavioral therapy, modification, or training, including Applied Behavioral Analysis (ABA)*
- *Milieu therapy*
- *Sensitivity training*

Substance use disorder benefits

In compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), the financial requirements and treatment limitations that apply to the Plan's mental health and/or substance use disorder benefits are no more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. In addition, mental health and substance use

disorder benefits are not subject to separate cost sharing requirements or treatment limitations. Mental health and substance use disorders are covered consistent with generally recognized independent standards of current medical practice, which include the current editions of the Diagnostic and Statistical Manual of Mental Disorders (DSM), the American Society of Addiction Medicine Criteria (ASAM Criteria), and the International Classification of Diseases (ICD).

Substance use disorder benefits are covered with the same Copays, Deductibles, Coinsurance factors, and restrictions as other medical/surgical benefits under the Plan. Coverage for substance use disorders includes:

- Addiction treatment, including for alcohol, drug-dependence, and gambling issues
- Inpatient services, including Hospitalization
- Outpatient professional services, including therapy by Providers such as psychiatrists, psychologists, clinical social workers, Licensed Chemical Dependency Counselors, or other qualified mental health and substance abuse disorder professionals
- Partial Hospitalization
- Intensive Outpatient Programs

For outpatient treatment services, the first five (5) visits of treatment of any calendar year will be covered at 100% (no charge).

Note: Preauthorization/Prior Approval is required for these benefits; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4):

- All Inpatient services, including those provided by a Hospital or a Residential Treatment Facility.

Not Covered:

- *Confinement Services to hold or confine a Member under chemical influence when no Medically Necessary services are provided, regardless of where the services are received (e.g. detoxification centers)*
- *Methadone or Cyclazocine therapy not part of an approved treatment program*
- *Marriage or bereavement counseling; pastoral counseling; financial or legal counseling; and custodial care counseling*
- *Educational or non-medical services provided under the Individuals with Disabilities Education Act (IDEA)*
- *Educational or non-medical services for learning disabilities or behavioral problems*
- *Services related to environmental change*
- *Milieu therapy*
- *Sensitivity training*
- *Domiciliary care or Maintenance Care*
- *Convalescent care*

Section 5(e) Prescription drug and diabetes supplies benefits

IMPORTANT		IMPORTANT
	Here are some important things to keep in mind about these benefits: We cover prescribed medications, as described in the chart beginning on the next page. All benefits are subject to the definitions, limitations and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary. Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage. **YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL FOR SOME OF THESE SERVICES.** See the benefits description below.	

- **Where you can obtain them.** You must fill the prescription at a Plan Participating pharmacy for Cost Sharing amounts to apply. A Member may be responsible for payment of the Cost Sharing Amounts at the time the Prescription Medication is dispensed. A Participating Pharmacy agrees not to charge or collect any amount from the Member that exceeds the Cost Sharing Amounts. All claims from a Participating Pharmacy must be submitted by the Participating Pharmacy. A listing of the Plan's Participating pharmacies is available by contacting the Plan or online at www.sanfordhealthplan.com/ndpers.

  If a Member receives Prescription Medications from a Non-Participating Pharmacy, the Member is responsible for submitting a Claim for Benefits. Charges in excess of the Allowed Charge are the Member's responsibility.
- **Specialty medications.** Some specialty medications may be obtained at a retail pharmacy, and some medications must be obtained through the Plan's contracted specialty medication vendor. To enroll, and obtain preauthorization/prior approval to join the Specialty/Injectable Drugs Program, call toll-free (866) 333-9721(888) . Please refer to your *Summary of Pharmacy Benefits* handbook for a complete listing of specialty medications that require Preauthorization/Prior Approval.
- **How you can obtain them.** You must present your ID card to the Plan Participating pharmacy; if you do not present your ID card to the Plan Participating pharmacy, you must pay 100% of the costs of the medication to the pharmacy. Additionally, if you choose to go to a Non-Participating pharmacy, you must pay 100% of the costs of the medication to the pharmacy.

  Note: If a Member receives Prescription Medications from a Non-Participating Pharmacy, the Member is responsible for payment of the Prescription Order or refill in full at the time it is dispensed and to submit appropriate reimbursement information to Sanford Health Plan. Payment for covered Prescription Medications will be sent to the Subscriber. Any charges in excess of the Allowed Charge are the Subscriber's responsibility.
- **We use a formulary.** Sanford Health Plan covers prescribed medications according to our Formulary. A formulary is a list of Prescription Medication Products, which are preferred by the Plan for dispensing to Members when appropriate. This list is subject to periodic review and modifications. Additional medications may be added or removed from the formulary throughout the year. Sanford Health Plan will notify you of any formulary changes. For a copy of the Plan formulary, contact Pharmacy Management toll-free at (888) 315-0885 | TTY/TDD: (877) 652-1844 *(toll-free)* or sign into your account at www.sanfordhealthplan.com/memberlogin to view the formulary online.

  Formulary contraceptive medications obtainable with a Prescription Order are paid at 100% of Allowed Charge; this includes over-the-counter Plan-B, if obtained with a Prescription Order. *Deductible Amount is waived.*
- **Exception to formulary.** The Plan will use appropriate pharmacists and Practitioner and/or Providers to consider exception requests and promptly grant an exception to the medication formulary, including exceptions for anti-psychotic and other mental health treatment medications, for a Member when the health care Practitioner and/or Provider prescribing the medication indicates to the Plan:
  1. the formulary medication causes an adverse reaction in the patient;
  2. the formulary medication is contraindicated for the patient; or
  3. the prescription medication must be dispensed as written to provide maximum medical benefit to the patient.

  Note: Members must generally try formulary medications before an exception for the formulary will be made for non-formulary medication use unless a Member's Practitioner and/or Provider determines that use of the formulary medication may cause an adverse reaction to the Member or be contraindicated for the Member. To request an exception to the formulary, please call Pharmacy Management toll-free at (888) 315-0885 | TTY/TDD: (877) 652-1844 *(toll-free)*.
- **There are dispensing limitations.** One (1) Copayment Amount, plus any applicable coinsurance amount, applies per Prescription Order or refill for a *1 – 34-day* supply. Two (2) Copayment Amounts, plus any applicable coinsurance amounts, apply per Prescription Order or refill for a *35 – 100-day* supply. Prescription Medications and nonprescription diabetes supplies are subject to a dispensing limit of a *100-day* supply.
- **Generic vs. Brand.** If a Generic Prescription Medication is the therapeutic equivalent of a Brand Name Prescription Medication, and is authorized by a Member's Professional Health Care Provider, benefits will be based on the Allowance for the Generic equivalent. If the Member does not accept the Generic equivalent, the Member is responsible for the cost difference between the Generic and the Brand Name Prescription Medication and applicable Cost Sharing Amounts, except for cases in which the prescribed drug is a contraceptive, per Plan guidelines.

Benefit Description

Covered medications and supplies

- Medicines prescribed by a Provider of health services, including off-label use of medications, in accordance with federal and state laws and regulations
- Self-Administered Injectable medications, per Plan guidelines (available upon request). Please refer to your *Summary of Pharmacy Benefits* for a list of medications (injectable and high cost medications that must receive Preauthorization/Prior Approval, and must be obtained from Express Scripts Specialty Pharmacy by calling (888) 333-9721 *(toll-free)*. If these medications are obtained from a retail pharmacy or Practitioner and/or Provider's office without Preauthorization/Prior Approval by Sanford Health Plan's Utilization Management Department, the Member may be responsible for the full cost of the medication.
- Diabetic medications and supplies (See Section 5(a) *Diabetes supplies, equipment, and education* for additional benefits)
- The following preventive medications/supplies are covered at 100% (no charge) with a written prescription order:
  - Folic Acid Supplements for women planning to become pregnant or in their childbearing years
  - Vitamin D Supplements for Members ages 65 and older at risk for falls
  - Aspirin to prevent cardiovascular disease for male Members ages 45 through 79 and female Members ages 55 through 79 who are at risk for developing cardiovascular disease
  - Formulary breast cancer preventive medications for women at increased risk for breast cancer

Not Covered:

- *Replacement of a prescription medication due to loss, damage, or theft*
- *Outpatient medications dispensed in a Provider's office or non-retail pharmacy location*
- *Medications that may be received without charge under a federal, state, or local program*
- *Medications for cosmetic purposes, including baldness, removal of facial hair, and pigmenting or anti-pigmenting of the skin*
- *Medications and associated expenses and devices not approved by the FDA for a particular use except as required by law (unless the Practitioner certifies off-label use with a letter of medical necessity)*
- *Refills of any prescription older than one (1) year*
- *Compound medications with no legend (prescription) medications*
- *Acne medication for Members over age thirty (30)*
- *B-12 injection (except for pernicious anemia)*
- *Drug Efficacy Study Implementation ("DESI") medications*
- *Experimental or Investigational medications not part of an Approved Clinical Trial*
- *Growth hormone, except when medically indicated and approved by the Plan*
- *Orthomolecular therapy, including nutrients, vitamins (unless otherwise specified as covered in this Certificate), food supplements and baby formula (except to treat PKU or otherwise required to sustain life or amino acid-based elemental oral formulas), nutritional and electrolyte substances*
- *Medications, equipment or supplies available over-the-counter (OTC) that by federal or state law do not require a prescription order (except for Plan B and its generic equivalents; insulin; and select diabetic supplies, e.g., insulin syringes, needles, test strips and lancets, or aspirin to prevent cardiovascular disease when prescribed by a health care Practitioner and/or Provider)*
- *Any medication that is equivalent to an OTC medication except for medications that have a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force and only when prescribed by a health care Practitioner and/or Provider*
- *Anorexiants or weight management medications (except when Medically Necessary)*
- *Whole Blood and Blood Components Not Classified as Medications in the United States Pharmacopoeia*
- *Unit dose packaging*
- *Synthetic opioids (e.g. Methadone or Cyclazocine)*

Section 5(f) Dental benefits

IMPORTANT

Here are some important things to keep in mind about these benefits:

Please remember that all benefits are subject to the definitions, limitations, and exclusions in this Certificate of Insurance and are payable only when we determine they are Medically Necessary.

We cover Hospitalization for dental procedures only when a non-dental physical impairment exists which makes Hospitalization necessary to safeguard the health of the patient. See Section 5(b) for inpatient Hospital benefits. We do not cover the dental procedure unless it is described below.

Be sure to read Section 4, "How you get care", for valuable information about conditions for coverage.

YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL FOR SOME OF THESE SERVICES. See the benefits description below.

IMPORTANT

Benefit Description

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Dental services provided by a Dentist (D.D.S.) in an office setting as a result of an accidental injury to the jaw, sound natural teeth, dentures, mouth or face.
  - Covered Services must be initiated within 12 months of the date of injury and completed within 24 months of the start of treatment or longer if a dental treatment plan approved by Sanford Health Plan is in place.
  - Oral surgical procedures limited to services required because of injury, accident or cancer that damages Natural Teeth
  - Associated radiology services are included
  - "Injury" does not include injuries to Natural Teeth caused by biting or chewing
- Diagnosis and treatment for Temporomandibular Joint (TMJ) Dysfunction and/or Temporomandibular Disorder (TMD) and TMJ splints and adjustments if your primary diagnosis is TMJ/TMD
  - Splint limited to one (1) per Member per benefit period
- Coverage applies regardless of whether the services are provided in a Hospital or a dental office

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Dental anesthesia for Members over age nine (9) and/or Members with a developmental disability or high-risk medical condition, as determined by a licensed Practitioner and/or Provider, which places such a person at serious risk.

Note: Anesthesia and Hospitalization charges for dental care are covered for a Member who:

a. is a child under age nine (9);
b. is severely disabled or otherwise suffers from a developmental disability, or
c. has a high risk medical condition(s), as determined by a licensed Practitioner and/or Provider, which places such a person at serious risk.

Not Covered:

- *Natural teeth replacements including crowns, bridges, braces or implants*
- *Osseointegrated implant surgery (dental implants)*
- *Extraction of wisdom teeth*
- *Hospitalization for extraction of teeth if not otherwise specified as Covered in this Certificate of Insurance*
- *Dental x-rays or dental appliances*
- *Shortening of the mandible or maxillae for cosmetic purposes*
- *Services and supplies related to ridge augmentation, implantology, and preventive vestibuloplasty*
- *Dental appliances of any sort, including but not limited to bridges, braces, and retainers (except for appliances for treatment of TMJ/TMD)*

Section 6. Limited and Non-Covered Services

This section describes services that are subject to limitations or **NOT** covered under this Contract. The Plan is not responsible for payment of non-covered or excluded benefits.

General Exclusions

1. Health Care Services provided either before the effective date of the Member's coverage with the Plan or after the Member's coverage is terminated.
2. Health Care Services performed by any Provider who is a Member of the Member's immediate family, including any person normally residing in the Member's home. This exclusion does not apply in those areas in which the immediate family member is the only Provider in the area. If the immediate family member is the only Participating Provider in the area, the Member may go to a Non-Participating Provider and receive In-Network coverage (Section 4). If the immediate family member is not the only Participating Provider in the area, the Member must go to another Participating Provider in order to receive coverage at the In-Network level.
3. Health Care Services Covered by Any Governmental Agency/Unit for military service-related injuries/diseases, unless applicable law requires the Plan to provide primary coverage for the same.
4. Health Care Services for injury or disease due to voluntary participation in a riot, unless source of injury is a result of domestic violence or a medical condition.
5. Health Care Services for sickness or injury sustained in the commission of a felony, unless source of injury is a result of domestic violence or a medical condition.
6. Health Care Services that the Plan determines are not Medically Necessary.
7. Experimental and Investigational Services not part of an Approved Clinical Trial.
8. Services that are not Health Care Services.
9. Complications from a non-covered procedure or service.
10. Charges for telephone calls to or from a Physician, Hospital or other medical Practitioner and/or Provider or electronic consultations
11. Services not performed in the most cost-efficient setting appropriate for the condition based on medical standards and accepted practice parameters of the community, or provided at a frequency other than that accepted by the medical community as medically appropriate
12. Charges for professional sign language and foreign language interpreter services.
13. Charges for duplicating and obtaining medical records from *Non-Participating Providers* unless requested by the Plan.
14. Charges for sales tax, mailing, interest and delivery.
15. Charges for services determined to be duplicate services by the Plan Chief Medical Officer or designee.
16. Charges that exceed the *Reasonable Costs* for Non-Participating Providers.
17. Services to assist in activities of daily living.
18. Alternative treatment therapies including, but not limited to: acupuncture, acupressure, biofeedback, chelation therapy, massage therapy unless covered per plan guidelines under the Women's Health and Cancer Rights Act of 1998 (WHCRA) for mastectomy/lymphedema treatment, naturopathy, homeopathy, holistic medicine, hypnotism, hypnotherapy, hypnotic anesthesia, or therapeutic touch.
19. Education Programs or Tutoring Services (not specifically defined elsewhere) including, but not limited to, education on self-care or home management.
20. Lifestyle Improvement Services, such as physical fitness programs, health or weight loss clubs or clinics.
21. Services by a vocational residential rehabilitation center, a community reentry program, halfway house or group home.
22. Any services or supplies for the treatment of obesity that do not meet the Plan's medical necessity coverage guidelines, including but not limited to: dietary regimen (except as related to covered nutritional counseling) nutritional supplements or food supplements; and weight loss or exercise programs.
23. Gender reassignment surgery.
24. Sequela, which are primarily cosmetic that occur secondary to a weight loss procedure (e.g., Panniculectomy, breast reduction or reconstruction).
25. Incidental cholecystectomy performed at the time of weight loss surgery.
26. Cosmetic Services and/or supplies to repair or reshape a body structure primarily for the improvement of a Member's appearance or psychological well-being or self-esteem, including but not limited to, breast augmentation, treatment of gynecomastia and any related reduction services, skin disorders, rhinoplasty, liposuction, scar revisions, and cosmetic dental services.
27. Food items for medical nutrition therapy (except as specifically allowed in the Covered Benefits Section of this Certificate of Insurance).
28. Any fraudulently billed charges or services received under fraudulent circumstances.
29. Never Events, Avoidable Hospital Conditions, or Serious Reportable Events. Participating Providers are not permitted to bill Members for services related to such events.
30. Genetic testing except as required by the evidence-based services that have a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
31. Autopsies, unless the autopsy is at the request of the Plan in order to settle a dispute concerning provision or payment of benefits. The autopsy will be at the Plan's expense.
32. Iatrogenic condition, illness, or injury as a result of mistakes made in medical treatment, such as surgical mistakes, prescribing or dispensing the wrong medication or poor hand writing resulting in a treatment error. Charges related to Iatrogenic illness or injury are not the responsibility of the Member.
33. Elective health services received outside of the United States.
34. Transplants and pre and post-transplant services at Non-Participating Center of Excellence Facilities.

35. Health Care Services ordered by a court or as a condition of parole or probation.

Special Situations Affecting Coverage

Neither the Plan, nor any Participating Provider, shall have any liability or obligation because of a delay or failure to provide services as a result of the following circumstances:

a. Complete or partial destruction of the Plan's facilities;
b. Declared or undeclared acts of War or Terrorism;
c. Riot;
d. Civil insurrection;
e. Major disaster or unforeseen natural events which materially interfere with the ability to provide Health Care Services;
f. Disability of a significant portion of the Participating Providers;
g. Epidemic or the inability to obtain vaccines or medicines due to circumstances beyond the control of the Plan; or
h. A labor dispute not involving the Plan Participating Providers, the Plan will use its best efforts to arrange for the provision of Covered Services within the limitations of available facilities and personnel. If provision or approval of Covered Services under this Contract is delayed due to a labor dispute involving the Plan or Participating Providers, Non-Emergency Care may be deferred until after resolution of the labor dispute.

Additionally, non-Emergency care may be deferred until after resolution of the above circumstances.

Services Covered By Other Payors

The following are excluded from coverage:

1. Health services for which other coverage is either (1) required by federal, state or local law to be purchased or provided through other arrangements or (2) has been made available to and was purchased by the Covered Person. Examples include coverage required by workers' compensation, no-fault auto insurance, medical payments coverage or similar legislation.

   The Plan is not issued in lieu of nor does it affect any requirements for coverage by Workers' Compensation. This Plan contains a limitation which states that health services for injuries or sickness which are job, employment or work related for which benefits are provided or payable under any Workers' Compensation or Occupational Disease Act or Law, are excluded from coverage by the Plan. However, if benefits are paid by the Plan and it is determined that the Member is eligible to receive Workers' Compensation for the same incident; the Plan has the right to recover any amounts paid. As a condition of receiving benefits on a contested work or occupational claim, Member agrees to reimburse the Plan the full amount that the Plan has paid for Health Care Services when entering into a settlement or compromise agreement relating to compensation for Health Care Services covered by Workers' Compensation, or as part of any Workers' Compensation Award. The Plan reserves its right to recover against Member even though:

   a. The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise; or
   b. No final determination is made that the injury or sickness was sustained in the course of or resulted from employment;
   c. The amount of Workers' Compensation for medical or health care is not agreed upon or defined by Member or the Workers' Compensation carrier; or
   d. The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

   Member will not enter into a compromise or hold harmless agreement relating to any work related claims paid by the Plan, whether or not such claims are disputed by the Workers' Compensation insurer, without the express written agreement of the Plan.
2. Health Care Services received directly from Providers employed by or directly under contract with the Member's employer, mutual benefit association, labor union, trust, or any similar person or Group.
3. Health Care Services for injury or sickness for which there is other non-Group insurance providing medical payments or medical expense coverage, regardless of whether the other coverage is primary, excess, or contingent to the Plan. If the benefits subject to this provision are paid for or provided by the Plan, the Plan may exercise its Rights of Subrogation.
4. Health Care Services for conditions that under the laws of This State must be provided in a governmental institution.
5. Health Care Services covered by any governmental health benefit program such as Medicare, Medicaid, ESRD and TRICARE, unless applicable law requires the Plan to provide primary coverage for the same.

Services and Payments that are the Responsibility of Member

1. Out-of-pocket costs, including Copays, Deductibles, and Coinsurance are the responsibility of the Member in accordance with the Summary of Benefits and Coverage and Summary of Pharmacy Benefits. Additionally, the Member is responsible to the Provider for payment for Non-Covered Services;
2. Finance charges, late fees, charges for missed appointments and other administrative charges; and
3. Services for which a Member is neither legally nor as customary practice required to pay in the absence of a Group health plan or other coverage arrangement.

Section 7. How Services are paid by the Plan

Reimbursement of Charges by Participating Providers

When you see Participating Providers, receive services at Participating Providers and facilities, or obtain your prescription medications at Network pharmacies, you will not have to file claims. You must present your current identification card and pay your Copay.

When a Member receives Covered Services from a Participating Provider, the Plan will pay the Participating Provider directly, and the Member will not have to submit claims for payment. The Member's only payment responsibility, in this case, is to pay the Participating Provider, at the time of service, any Copay, Deductible, or Coinsurance amount, which is required for that service. Participating Providers agree to accept either Sanford Health Plan's payment arrangements or its negotiated contract amounts.

Time Limits. Participating Providers must file claims to the Plan within *one hundred eighty (180)* days after the date that the cost was incurred. If the Member fails to show his/her Plan ID card at the time of service, then the Member may be responsible for payment of claim after Practitioner and/or Provider's timely filing period of *one hundred eighty (180)* days has expired.

In any event, the claim must be submitted to the Plan no later than *one hundred eighty (180)* days after the date that the cost was incurred, unless the claimant was legally incapacitated.

Reimbursement of Charges by Non-Participating Providers

Sanford Health Plan does not have contractual relationships with Non-Participating Practitioner and/or Providers and they may not accept the Plan's payment arrangements. In addition to any Copay, Deductible, or Coinsurance amount, which is required for that service, Members are responsible for any difference between the amount charged and the Plan's payment for covered services. Non-Participating Practitioner and/or Providers are reimbursed the Maximum Allowed Amount, which is the lesser of (a) the amount charged for a covered service or supply, or (b) Reasonable Costs.

You may need to file a claim when you receive services from Non-Participating Practitioner and/or Providers. Sometimes, Non-Participating Practitioners and/or Providers submit a claim to us directly. Check with the Practitioner and/or Provider to make sure they are submitting the claim. You are responsible for making sure claim is submitted to the Plan within one-hundred-eighty (180) days after the date that the cost was incurred. **If you, or the Non-Participating Practitioner and/or Provider, does not file the claim within one-hundred-eighty (180) days after the date that the cost was incurred you will be responsible for payment of the claim.**

If you need to file the claim, here is the process:

The Member must give the Plan written notice of the costs to be reimbursed. Claim forms are available from the Plan to aid in this process. Bills and receipts should be itemized and show:

- Covered Member's name and ID number;
- Name and address of the Practitioner and/or Provider or Facility that provided the service or supply;
- Dates Member received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer – such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

Health Care Services Received Outside of the United States

Covered services for medically necessary Emergency and Urgent care services received in a foreign country are covered at the In-Network level. There is no coverage for elective health care services if a Member travels to another country for the purpose of seeking medical treatment outside the United States.

Time Limits. Claims must be submitted to the Plan within *one-hundred-eighty (180)* days after the date that the cost was incurred. If you, or the Non-Participating Practitioner and/or Provider, file the claim after the one-hundred-eighty (180) timely-filing limit has expired, you will be responsible for payment of the claim.

Submit your claims to: Sanford Health Plan, ATTN: NDPERS, PO Box 91110, Sioux Falls, SD 57109-1110

Timeframe for Payment of Claims

The payment for reimbursement of the Member's costs will be made within *fifteen (15)* days of when the Plan receives a complete written claim with all required supporting information.

When a Member receives Covered Services from a Non-Participating Provider and payment is to be made according to Plan guidelines, the Plan will arrange for direct payment to either the Non-Participating Provider or the Member, per Plan policy. If the Provider refuses direct payment, the Member will be reimbursed for the Reasonable Costs of the services in accordance with the terms of This Contract. The Member will be responsible for any expenses that exceed Reasonable Costs, as well as any Copay, Deductible, or Coinsurance required for the Covered Service.

When We Need Additional Information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Member Bill Audit Program

Upon receiving notice of a claims payment, or Explanation of Benefits (EOB), from Sanford Health Plan, Members are encouraged to audit their medical bills and notify the Plan of any services which are improperly billed or of services that the Member did not receive.

If, upon audit of a bill, an error of $40 or more is found, the Member will receive a minimum payment of $20 or 50% of the resulting savings for paid Covered Services up to a maximum payment of $500.

To obtain payment through the Member Bill Audit Program, the Member must complete a *Member Bill Audit Refund Request Form*. To obtain a form, sign into your account at www.sanfordhealthplan.com/memberlogin or call Sanford Health Plan Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)* and request a form be mailed to you.

Note: This program does not apply when the NDPERS Benefit Plan is the secondary payor on a claim. For more information on claims with more than one payor, see Section 9, *Coordination of Benefits*.

Section 8. Problem Resolution

Member Appeal Procedures

Sanford Health Plan makes decisions in a timely manner to accommodate the clinical urgency of the situation and to minimize any disruption in the provision of health care. A Member, health care Practitioner and/or Provider with knowledge of the Member's medical condition, a Member's Authorized Representative, or an attorney have the right to file a complaint or an appeal of any Adverse Determination by Sanford Health Plan. The Member or his/her legal guardian may designate in writing to Sanford Health Plan an Authorized Representative to act on his/her behalf. This written designation of representation from the Member should accompany the request. For Expedited Appeals, a health care practitioner with knowledge of the Member's condition (e.g., treating practitioner) may act as the Member's authorized representative.

For members who request language services, Sanford Health Plan will provide service in the requested language through an interpreter or translated documents to help members register a complaint or appeal and to notify members about their complaint or appeal.

Language Access Services:

Spanish (Español): Para obtener asistencia en Español, llame al (800) 892-0675 *(toll-free)*.

Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa (800) 892-0675 *(toll-free)*.

Chinese (中文): 如果需要中文的帮助， 请拨打这个号码 (800) 892-0675 *(toll-free)*.

Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' (800) 892-0675 *(toll-free)*.

A TTY/TDD line is also available toll-free at (877) 652-1844 for members who are deaf, hard of hearing or speech-impaired.

Definitions

Adverse Determination: Means a denial, reduction or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any such denial, reduction, termination, or failure to provide or make payment (for pre-service or post-service claims) that is based on:

1. A determination of an individual's eligibility to participate in a plan;
2. A determination that a benefit is not a Covered Benefit;
3. The imposition of a source-of-injury exclusion, network exclusion, application of any utilization review, or other limitation on otherwise covered benefits;
4. A determination that a benefit is Experimental, Investigational or not Medically Necessary or appropriate; or
5. A rescission of coverage. Only an act, practice, or omission that constitutes fraud or intentional misrepresentations of material fact, made by an applicant for health insurance coverage may be used to void application or Certificate of Insurance and deny claims.

Appeal: Request to change a previous Adverse Determination made by Sanford Health Plan.

Inquiry: A telephone call regarding eligibility, plan interpretation, plan policies and procedures, or plan design. It is the policy of Sanford Health Plan to address Member and Practitioner and/or Provider inquiries through informal resolution over the telephone whenever possible. If the resolution is not satisfactory to the inquirer, he or she will be instructed of his or her rights to file a verbal or written Complaint.

Complaint: An oral or written expression of dissatisfaction. It is the policy of Sanford Health Plan to make reasonable efforts to resolve Member and Practitioner and/or Provider Complaints. A process has been established for Members (or their designees) and Practitioners and/or Providers to use when they are dissatisfied with the Plan, its Practitioners and/or Providers, or processes. Examples of Complaints are eligibility issues; coverage denials, cancellations, or nonrenewals of coverage; administrative operations; and the quality, timeliness, and appropriateness of health care services provided.

Complainant: This is a Member, applicant, or former Member or anyone acting on behalf of a Member, applicant, or former Member, who submits a Complaint. The Member and his/her legal guardian may designate in writing to Sanford Health Plan an Authorized Representative to act on his/her behalf. This written designation of representation from the Member should accompany the Complaint.

External Review: An External Review is a request for an Independent, External Review of a medical necessity final determination made by Sanford Health through its External Appeals process.

Urgent Care Situation: A degree of illness or injury that is less severe than an Emergency Condition, but requires prompt medical attention within twenty-four (24) hours. An Urgent care request means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination:

a. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or
b. In the opinion of a Practitioner with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

In determining whether a request is "Urgent," the Plan shall apply the judgment of a Prudent Layperson as defined in Section 10. A Practitioner, with knowledge of the Member's medical condition, who determines a request to be "Urgent," shall have their request be treated as an Urgent Care Request.

Complaint Procedure

A Member has the right to file a Complaint either by telephone or in writing to the Plan. Member Services will make every effort to investigate and resolve all Complaints. Member Services can be reached at (800) 499-3416 *(toll-free)*.

Oral Complaints: A complainant may orally submit a Complaint to the Plan. If the oral Complaint is not resolved to the complainant's satisfaction within *ten (10) business days* of receipt of the Complaint, the Plan will provide a Complaint form to the complainant, which must be completed and returned to the Plan for further consideration. Upon request, Member Services will provide assistance in submitting the Complaint form.

Written Complaints: A complainant can seek further review of a Complaint not resolved by phone by submitting a written Complaint form. A Member, or his/her Authorized Representative may send the completed Complaint form, including comments, documents, records and other information relating to the Complaint, the reasons they believe they are entitled to benefits and any other supporting documents to: Sanford Health Plan, ATTN: NDPERS/Member Services, PO Box 91110, Sioux Falls, SD 57109.

Member Services will notify the complainant within *ten (10) business days* upon receipt of the Complaint form, unless the Complaint has been resolved to the complainant's satisfaction within those *ten (10) business days*.

Upon request and at no charge, the complainant will be given reasonable access to and copies of all documents, records and other information relevant to the Complaint. Member Services will investigate and review the Complaint and notify the complainant of Sanford Health Plan's decision in accordance with the following timelines:

- A decision and written notification on the Complaint will be made to the complainant, his or her Practitioners and/or Providers involved in the provision of the service within *thirty (30) calendar days* from the date the Plan receives your request.
- In certain circumstances, the time period may be extended by up to fourteen (14) days upon agreement. In such cases, the Plan will notify the complainant in advance, of the reasons for the extension.

Any complaints related to the quality of care received are subject to practitioner review. If the complaint is related to an Urgent clinical matter, it will be handled in an expedited manner and a response will be provided within seventy-two (72) hours.

If the complaint is not resolved to the Member's satisfaction, the Member, or his/her Authorized Representative, has the right to appeal any adverse determination made by Sanford Health Plan. Appeal Rights may be requested by calling the Plan at (800) 499-3416.

All notifications described above will comply with applicable law. A complete description of your Appeal rights and the Appeal process will be included in your written response.

Types of Appeals

Types of appeals include:

- A **Prospective (Pre-Service) Appeal** is a request to change an Adverse Determination that the Plan must approve in whole or in part in advance of the Member obtaining care or services.
- A **Retrospective (Post-Service) Appeal** is a request to change an Adverse Determination for care or services already received by the Member.
- An **Expedited Appeal for Urgent Care** is a request to change a previous Adverse Determination made by Sanford Health Plan for an Urgent Care Request. If the Member's situation meets the definition of Urgent, their review will generally be conducted within 72 hours.

Continued Coverage for Concurrent Care

A Member is entitled to continued coverage for concurrent care pending the outcome of the appeals process; benefits for an ongoing course of treatment cannot be reduced or terminated without providing advance notice sufficient to allow the claimant to appeal and obtain a review determination before the benefit is reduced or terminated. Review determinations would be made within *twenty-four (24)* hours.

Audit Trails

Audit trails for Complaints, Adverse Determinations and Appeals are provided by the Plan's Information System and an Access database which includes documentation of the Complaints, Adverse Determination and/or Appeals by date, service, procedure, substance of the Complaint/Appeal (including any clinical aspects/details, and reason for the Complaint, Adverse Determination and/or Appeal. The Appeal file includes telephone notification, and documentation indicating the date; the name of the person spoken to; the Member; the service, procedure, or admission authorization/approval; and the date of the service, procedure, or Adverse Determination and reason for determination. If the Plan indicates authorization/approval by use of a number, the number must be called the "authorization number."

Internal Appeal Procedure

Filing Deadline

Appeals may be made for up to 180 days from notification of the Adverse Determination.

Within *one-hundred-eighty (180) days* after the date of receipt of a notice of an Adverse Determination sent to a Member or the Member's Authorized Representative (as designated in writing by the Member), the Member or their Authorized Representative may file an Appeal with the Plan requesting a review of the Adverse Determination.

To Appeal, the Member may sign into their account at www.sanfordhealthplan.com/memberlogin and complete the "Appeal Filing Form" under the *Forms* tab. The Member or their Authorized Representative may also contact the Plan by sending a written Appeal to the following address: Sanford Health Plan, ATTN: NDPERS, PO Box 91110, Sioux Falls, SD 57109-1110 or calling phone: (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. If the Member, Authorized Representative, Practitioner/Provider, and/or attorney, has questions, they are encouraged to contact the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. Member Services is available to help with understanding information and processes. Alternate formats are also available and translation is available free of charge for written materials and Member communication with the Plan.

Appeal Rights

If the Member or their Authorized Representative (as designated in writing by the Member) files an Appeal for an Adverse Determination, the following Appeal Rights apply:

1. The Member shall have the opportunity to submit written comments, documents, records and other information relating to the claim for benefits. Members do not have the right to attend or have a representative attend the first level review.

2. The Member shall be provided, free of charge, with any new or additional evidence considered, relied upon, or generated by, or at the direction of, Sanford Health Plan in connection with the claim; and such evidence shall be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal Adverse Determination is required to be provided to give the Member a reasonable opportunity to respond prior to that date.
3. Before Sanford Health Plan can issue a final Adverse Determination based on a new or additional rationale, the Member must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date on which the notice of Adverse Determination is required to be provided and give the Member a reasonable opportunity to respond prior to the date.
4. The Member shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Member's initial request.
5. The review shall take into account all comments, documents, records, and other information submitted by the Member relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.
6. Full and thorough investigation of the substance of the Appeal, including any aspects of clinical care involved, will be coordinated by the Member Services Manager. The Plan will document the substance of the Appeal and any actions taken.
7. The review shall not afford deference to the initial Adverse Determination and shall be conducted by a named Plan representative who is neither the individual who made the Adverse Determination that is the subject of the appeal, nor the subordinate of such individual.
8. In deciding an appeal of any Adverse Determination that is based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, medication or other item is Experimental, Investigational, or not Medically Necessary or appropriate, the Plan shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. The health care Practitioner and/or Provider engaged for purposes of a consultation under this paragraph shall be an individual who is neither an individual who was consulted in connection with the Adverse Determination that is the subject of the appeal, nor the subordinate of any such individual.
9. The Plan shall identify the medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a Member's Adverse Determination, without regard to whether the advice was relied upon in making the benefit request determination.
10. In order to ensure the independence and impartiality of the persons involved in making claims determinations and appeals decisions, all decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) shall not be made based upon the likelihood that the individual will support the denial of benefits.
11. The attending Practitioner and/or Provider and the Member will be made aware of their responsibility for submitting the documentation required for resolution of the Appeal within three (3) business days of receipt of the Appeal. Sanford Health Plan will provide notice of any Adverse Determination in a manner consistent with applicable federal regulations.

For Prospective (Pre-service) Appeals: the Plan will notify the Member or their Authorized Representative and any Practitioner and/or Providers involved in the Appeal in writing or electronically within thirty (30) calendar days of receipt of the Appeal.

For Retrospective (Post-service) Appeals: the Plan will notify the Member or their Authorized Representative and any Practitioner and/or Providers involved in the Appeal in writing or electronically within sixty (60) calendar days of receipt of the Appeal.

Expedited Internal Appeal Procedure

An **Expedited Appeal Procedure** is used when the condition presents as part of an Urgent Care Situation, as defined previously in this Certificate of Insurance.

An expedited review involving **Urgent Care Requests for Adverse Determinations of Pre-service or Concurrent** claims must be utilized if the Member or Practitioner and/or Provider acting on behalf of the Member believe that an expedited determination is warranted. All of the procedures of a standard review described apply. In addition, for an Expedited Appeal, the request for an expedited review may be submitted. This can be done orally or in writing and the Plan will accept all necessary information by telephone or electronically. In such situations, the Practitioner who made the initial Adverse Determination may review the appeal and overturn the previous decision.

The determination will be made and provided to the Member and those Practitioners and/or Providers involved in the appeal via oral notification by the Utilization Management Department as expeditiously as the Member's medical condition requires but no later than within seventy-two (72) hours of receipt of the request. Sanford Health Plan will notify you orally by telephone or in writing by facsimile or via other expedient means. The Member and those Practitioners and/or Providers involved in the appeal will receive written notification within three (3) calendar days of the telephone notification. If your claim is no longer considered Urgent, it will be handled in the same manner as a Non-Urgent Pre-service or a Non-Urgent Post-Service Appeal, depending upon the circumstances.

If the Expedited Review is a Concurrent Review determination, the service must be continued without liability to the Member until the Member or the representative has been notified of the determination.

Written Notification Process for Internal Appeals

The written notification from Sanford Health Plan for an Appeal of an Adverse Determination will include the following:

1. The results and date of the Appeal Determination;
2. The specific reason for the Adverse Determination in easily understandable language;
3. The titles and qualifications, including specialty, of the person or persons participating in the first level review process (Reviewer names are available upon request);
4. Reference to the evidence, benefit provision, guideline, and/or protocol used as the basis for the decision and notification that the Member on request can have a copy of the actual benefit provisions, guidelines, and protocols free of charge;
5. Notification the Member can receive, upon request and free of charge, reasonable access and copies of all documents, records and other

information relevant to the Member's benefit request;
6. Statement of the reviewer's understanding of the Member's Appeal;
7. The Reviewer's decision in clear terms and the Contract basis or medical rationale in sufficient detail for the Member to respond further;
8. If the Adverse Determination is based on medical necessity, notification and instructions on how the Practitioner and/or Provider can contact the Practitioner and/or Provider or appropriate specialist to discuss the determination;
9. If the Adverse Determination is based on medical necessity or an Experimental or Investigational treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for making the determination, applying the terms of the Plan to the Member's medical circumstances or a statement that an explanation will be provided to the Member free of charge upon request;
10. If applicable, instructions for requesting:
    a. A copy of the rule, guideline, protocol, or other similar criterion relied upon in making the Adverse Determination; or
    b. The written statement of the scientific or clinical rationale for the determination;
11. For Adverse Determinations of **Prospective (Pre-service)** or **Retrospective (Post-service) Review**, a statement indicating:
    a. The written procedures governing the voluntary review, including any required timeframe for the review; and
    b. The Member's right to bring a civil action in a court of competent jurisdiction;
12. Notice of the Member's right to contact the North Dakota Insurance Commissioner for assistance at any time at:
    North Dakota Insurance Department
    600 E. Boulevard Ave.
    Bismarck, ND 58505-0320
    Email: insurance@nd.gov
    Consumer hotline: (800) 247-0560 *(toll-free)*
    TTY: (800) 366-6888 *(toll-free)*
13. Notice of the right to initiate the External Review process for Adverse Determinations based on medical necessity. Refer to "Independent, External Review of Final Determinations" in this Section for details on this process. Final Adverse Determination letters will contain information on the circumstances under which Appeals are eligible for External Review and information on how the Member can seek further information about these rights.
14. If the Adverse Determination is completely overturned, the decision notice must state the decision and the date.

Independent, External Review of Final Determinations (Denials)

Standard External Review Request

Members may file a request for External Review with the Plan or with the North Dakota Commissioner of Insurance at:

North Dakota Insurance Department
600 E. Boulevard Avenue
Bismarck, ND 58505-0320
Phone: (800) 247-0560 *(toll-free)*
Email: insurance@nd.gov
TTY: (800) 366-6888 *(toll-free)*

For independent, External Review of a final Adverse Determination, the Plan will provide:

1. Members the right to an independent, third party, binding review whenever they meet the following eligibility criteria:
    a. The Member is Appealing an Adverse Determination that is based on medical necessity (benefits Adverse Determinations are not eligible);
    b. Sanford Health Plan has completed the internal Appeal review and its decision is unfavorable to the Member, or has exceeded the time limit for making a decision, or Sanford Health Plan has elected to bypass the available internal level of Appeal with the Member's permission;
    c. The request for independent, External Review is filed within four (4) months of the date that the Plan's Adverse Determination was made.
2. Notification to Members about the independent, External Appeal program and decision are as follows:
    a. General communications to Members, at least annually, to announce the availability of the right to independent, External Review.
    b. Letters informing Members and Practitioners of the upholding of an Adverse Determination covered by this standard including notice of the independent, External Appeal rights, directions on how to use the process, contact information for the independent, External Review organization, and a statement that the Member does not bear any costs of the independent, External Review organization, unless otherwise required by state law.
    c. The External Review organization will communicate its decision in clear terms in writing to the Member and the Plan. The decision will include:
        i. a general description of the reason for the request for external review;
        ii. the date the independent review organization received the assignment from the Plan to conduct the external review;
        iii. the date the external review was conducted;
        iv. the date of its decision;
        v. the date the external review was conducted;
        vi. the date of its decision;
        vii. the principal reason(s) for the decision, including any, medical necessity rationale or evidence-based standards that were a basis for its decision; and
        viii. the list of titles and qualifications, including specialty, of individuals participating in the appeal review, statement of the reviewer's understanding of the pertinent facts of the appeal and reference to evidence or documentation used as a basis for the decision.
    d. The External Review organization must also notify the Member how and when Members receive any payment or service in the case of overturned Adverse Determinations.
3. Conduct of the External Appeal Review program as follows:
    a. Within five (5) business days following the date of receipt of the external review request, the Plan shall complete a preliminary review of the request to determine whether:

i. The Member is or was a covered person in the health benefit plan at the time the health care service was requested or, in the case of a Retrospective Review, was a covered person in the Plan at the time the health care service was provided;
ii. The health care service that is the subject of the Adverse Determination is a covered service under the Member's health benefit plan, but for a determination by the health carrier that the health care service is not covered because it does not meet the Plan's requirements for medical necessity, appropriateness, health care setting, or level of care or effectiveness;
iii. The Member has exhausted the Plan's internal Appeal process unless the Member is not required to exhaust the Plan's internal Appeal process; and
iv. The Member has provided all the information and forms required to process an external review.

b. Within one (1) business day after completion of the preliminary review, the North Dakota Insurance Department (NDID) shall notify the Member and, if applicable, the Member's authorized representative in writing whether the request is complete and eligible for external review.
   i. If the request is not complete, the NDID shall inform the Member and, if applicable, the Member's authorized representative in writing and include in the notice what information or materials are needed to make the request complete; or if the request is not eligible for external review, the NDID shall inform the Member and, if applicable, the Member's authorized representative in writing and include the reasons for its ineligibility. If the Independent Review Organization upheld the denial, there is no further review available under this appeals process. However, you may have other remedies available under State or Federal law, such as filing a lawsuit.
   ii. If the request is complete, within one (1) business day after verifying eligibility, the NDID shall assign an independent review organization and notify in writing the Member, and, if applicable, the Member's authorized representative of the request's eligibility and acceptance for external review. The Member may submit in writing to the assigned Independent Review Organization within five (5) business days following the date of receipt of the notice provided by the NDID any additional information that the independent review organization shall consider when conducting the external review. The independent review organization is not required to, but may, accept and consider additional information submitted after ten (10) business days.
   iii. Within five (5) business days after the date the NDID determines the request is eligible for external review, of receipt, the NDID shall provide to the assigned independent review organization the documents and any information considered in making the adverse determination or final adverse determination.

c. The North Dakota Insurance Department contracts with the independent, external review organization that:
   i. is accredited by a nationally recognized private accrediting entity;
   ii. conducts a thorough review in which it considers all previously determined facts, allows the introduction of new information, considers and assesses sound medical evidence, and makes a decision that is not bound by the decisions or conclusions of the Plan or determinations made in any prior appeal.
   iii. completes their review and issues a written final decision for non-Urgent appeals within forty-five (45) calendar days of the request. For clinically Urgent Care appeals, the review and decision will be made and orally communicated as expeditiously as the Member's medical condition or circumstances requires, but in no event more than seventy-two (72) hours after the date of receipt of the request for an expedited external review. Within forty-eight (48) hours after the date of providing the oral notification, the assigned independent review organization will provide written confirmation of the decision to the Member, or if applicable, the Member's authorized representative, and their treating Practitioner and/or Provider.
   iv. has no material professional, familial or financial conflict of interest with Sanford Health Plan.

d. With the exception of exercising its rights as party to the appeal, Sanford Health Plan must not attempt to interfere with the Independent Review Organization's proceeding or appeal decision.
e. Sanford Health Plan will provide the Independent Review Organization with all relevant medical records as permitted by state law, supporting documentation used to render the decision pertaining to the Member's case (summary description of applicable issues including the Plan's decision, criteria used and clinical reasons, utilization management criteria, communication from the Member to the Plan regarding the appeal), and any new information related to the case that has become available since the internal appeal decision.
f. The Member is not required to bear costs of the Independent Review Organization's review, including any filing fees.
g. The Member or his/her legal guardian may designate in writing a representative to act on his/her behalf. A Practitioner and/or Provider may not file an Appeal without explicit, written designation by the Member.
h. The Independent Review Organization's decision is final and binding to the Plan and the Plan implements the Independent Review Organization's decision within the timeframe specified by the Independent Review Organization. The decision is not binding to the Member, because the Member has legal rights to pursue further appeals in court if they are dissatisfied with the outcome. However, a Member may not file a subsequent request for external review involving the same adverse determination for which the Member has already received an external review decision.

4. Sanford Health Plan maintains and tracks data on each appeal case, including descriptions of the denied item(s), reasons for denial, Independent, External Review organization decisions and reasons for decisions. Sanford Health Plan uses this information in tracking and evaluating its medical necessity decision-making process and improving the quality of its clinical decision making procedures. This information is reported to the Medical Management Quality Committee when a case is resolved for discussion and plan of care or action.

Expedited External Review Requests

1. A Member or the Member's authorized representative may request an expedited external review of an adverse determination if the adverse determination involves an Urgent Care requests for Prospective (pre-service) or Concurrent Review request for which
   a. the timeframe for completion of a standard internal review would seriously jeopardize the life or health of the Member; or would jeopardize the Member's ability to regain maximum function; or

b. in the case of a request for Experimental or Investigational services, the treating Provider certifies, in writing, that the requested
c. health care services or treatment would be significantly less effective if not promptly initiated.

2. The Member has the right to contact the North Dakota Insurance Commissioner for assistance at any time at:
   North Dakota Insurance Department — Phone: (800) 247-0560 *(toll-free)*
   600 E. Boulevard Avenue — Email: insurance@nd.gov
   Bismarck, ND 58505-0320 — TTY: (800) 366-6888 *(toll-free)*
3. An expedited external review is not provided for Retrospective Adverse Determinations.
4. Immediately upon receipt of the request from the Member or the Member's Representative, the NDID shall determine whether the request is eligible for Expedited External Review. If the request is ineligible for an Expedited External Review as described in (1) above, the NDID will give notification to the Member or the Member's Representative that they may appeal to the state insurance department.
5. Upon determination that the Expedited External Review request meets the reviewability requirements, the NDID shall assign a contracted, independent review organization to conduct the expedited external review. The assigned independent review organization is not bound by any decisions or conclusions reached during the Plan's utilization review or internal appeal process.
6. The Plan will send all necessary documents and information considered in making the Adverse Determination to the assigned independent review organization electronically, by telephone, or facsimile or any other available expeditious method.
7. The independent review organization will make a decision to uphold or reverse the adverse determination and provide oral notification to the Member, and, if applicable, the Member's authorized representative, and the treating Practitioners and/or Providers as expeditiously as the Member's medical condition or circumstances requires but in no event more than *seventy-two (72)* hours after the date of receipt of the request for an expedited external review. The Member and those Practitioners and/or Providers involved in the appeal will receive written notification within *forty-eight (48)* hours of the oral notification.
8. At the same time a Member, or the Member's authorized representative, files a request for an internal Expedited Review of an Appeal involving an Adverse Determination, the Member, or the Member's authorized representative, may also file a request for an external Expedited External Review if the Member has a medical condition where the timeframe for completion of an expedited review would seriously jeopardize the life or health of the Member or would jeopardize their ability to regain maximum function; or if the requested health care service or treatment is Experimental or Investigational and the Member's treating Practitioner and/or Provider certifies in writing that the recommended or requested health care service or treatment that is the subject of the Adverse Determination would be significantly less effective if not promptly initiated.
9. Upon the Plan's receipt of the independent review organization's decision to reverse the adverse determination, the Plan shall immediately approve the coverage that was the subject of the adverse determination.

Section 9. Coordination of Benefits

Sanford Health Plan follows North Dakota Administrative Code §45-08-01.2-03 regarding Coordination of Benefits (COB). The COB provision applies when a person has health care coverage under more than one "plan" as defined for COB purposes.

Applicability

The order of benefits determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the *primary plan*. The primary plan must pay benefits in accordance with its Certificate of Insurance terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is called the *secondary plan*. The secondary plan may reduce the benefits it pays so that payments from all plans do not exceed 100% of the total Allowable Expense.

Definitions (for COB Purposes Only)

A. **A Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
2. Plan does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident-only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident-type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under Section A. (1) or (2) above is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

B. **This Plan** means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. **The order of benefit determination rules** determine whether this Plan is a primary plan or secondary plan when the person has health care coverage under more than one plan. When this Plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this Plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all plans' benefits do not exceed 100% of the total Allowable Expense.

D. **Allowable Expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person is not an Allowable Expense.

In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense. The following are examples of expenses that are not Allowable Expenses:

1. The difference between the cost of a semiprivate Hospital room and a private Hospital room is not an Allowable Expense, unless one of the plans provides coverage for private Hospital room expenses.
2. If a person is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the Allowable Expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the secondary plan to determine its benefits.
5. The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, Preauthorization/Prior Approval, and preferred provider arrangements.

E. **Closed Panel Plan** is a plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers who have contracted with, or are employed by, the plan; and that excludes coverage for services provided by other providers, except in cases of Emergency or referral by a panel member.

F. **Custodial Parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more plans, the rules for determining the order of benefits payments are as follows:

A. The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other plan.

B. (1) Except as provided in paragraph 2.(a) below, plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both plans state that the complying plan is primary.
(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide Out-of-Network benefits.

C. A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.

D. Each plan determines its order of benefits using the first of the following rules that apply:

1. Nondependent or Dependent. The plan that covers the person other than as a Dependent, for example as an employee, Member, Certificate holder, subscriber, or retiree, is the primary plan and the plan that covers the person as a Dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a Dependent; and primary to the plan covering the person as other than a Dependent (e.g., a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, Member, Certificate holder, subscriber, or retiree is the secondary plan and the other plan is the primary plan.
2. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one plan the order of benefits is determined as follows:
   (a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
      i. The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
      ii. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
   (b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
      i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage, and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree;
      ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of subparagraph a above shall determine the order of benefits;
      iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of subparagraph a above shall determine the order of benefits; or
      iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
         (i) The plan covering the Custodial Parent;
         (ii) The plan covering the Spouse of the Custodial Parent;
         (iii) The plan covering the non-Custodial Parent; and then
         (iv) The plan covering the Spouse of the non-Custodial Parent.
   (c) For a Dependent child covered under more than one plan of individuals who are the parents of the child, the provisions of subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
3. Active employee or retired or laid-off employee. The plan that covers a person is an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan covering that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.
4. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, Member, subscriber, or retiree or covering the person as a Dependent of an employee, Member, subscriber, or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.
5. Longer or shorter length of coverage. The plan that covered the person as an employee, Member, Certificate holder, subscriber, or retiree longer is the primary plan and the plan that covered the person the shorter period of time is the secondary plan.
6. If the preceding rules do not determine the order of benefits, that Allowable Expenses shall be shared equally between the plans meeting the definition of plan. In addition, this Plan will not pay more than it would have paid had it been the primary plan.

Effect of COB on the Benefits of this Plan

A. When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed the total Allowable

Expense for that claim. In addition, the secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a Non-Panel provider, benefits are not payable by one closed panel plan; COB shall not apply between that plan and other closed panel plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. Sanford Health Plan may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. Sanford Health Plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give Sanford Health Plan any facts it needs to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another plan may include an amount that should have been paid under this Plan. If it does, Sanford Health Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Plan. Sanford Health Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Sanford Health Plan is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Coordination of Benefits with Medicare

Medicare Coordination of Benefits provisions apply when a Member has health coverage under the Plan and is enrolled in Medicare, under Parts A, B, or D. This provision applies before any other Coordination of Benefits Provision of the Plan.

If a Practitioner and/or Provider has accepted assignment of Medicare, the Plan pays the difference between what Medicare pays and the Plan's Allowable Expense.

Members with End Stage Renal Disease (ESRD)

1. The Plan has primary responsibility for the claims of a Member:
   a. Who is eligible for Medicare secondary benefits because of ESRD, and;
   b. During the Medicare coordination period of 30 months, which begins with the earlier of:
      i. the month in which a regular course of renal dialysis is initiated, or
      ii. in the case of an individual who receives a kidney transplant, the first month in which the individual became entitled to Medicare.
2. The Plan has secondary responsibility for the claims of a Member:
   a. Who is eligible for Medicare primary benefits because of ESRD, and the Medicare coordination period of thirty (30) months has expired; or
   b. Who is eligible for Medicare on the basis of age or disability when the Member becomes eligible on the basis of ESRD, and certain other conditions are met.

Section 10. Definitions of terms we use in this Certificate of Insurance

Admission	Entry into a facility as an Inpatient for treatment and care when ordered by a Health Care Provider with admitting privileges. An Admission ends when a Member is discharged or released from the facility and is no longer registered as a patient. Also known as Hospitalization.
Allowance or Allowed Charge	The maximum dollar amount that payment for a procedure or service is based on as determined by Sanford Health Plan.
Ambulatory Surgical Center	A lawfully operated, public or private establishment that: a. Has an organized staff of Practitioners; b. Has permanent facilities that are equipped and operated mostly for performing surgery; c. Has continuous Practitioner services and Nursing Services when a patient is in the Facility; and d. Does not have services for an overnight stay.
Annual Enrollment	A period of time at least once a year when Eligible Group Members may enroll themselves and their Dependents in the Plan. Annual Enrollment does not pertain to non-Medicare retirees.
Approved Clinical Trial	A phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is one of the following: a. A federally funded or approved trial; b. A clinical trial conducted under an FDA investigational new medication application; or c. A medication trial that is exempt from the requirement of an FDA investigational new medication application.
Authorized Representative	A person to whom a covered person has given express written consent to represent the Member, a person authorized by law to provide substituted consent for a Member, a family member of the Member or the Member's treating health care professional if the Member is unable to provide consent, or a health care professional if the Member's Plan requires that a request for a benefit under the plan be initiated by the health care professional. For any Urgent Care Request, the term includes a health care professional with knowledge of the Member's medical condition.
Avoidable Hospital Conditions	Conditions that could reasonably have been prevented through application of evidence-based guidelines. These conditions are not present on admission, but present during the course of the stay. Participating Providers are not permitted to bill the Plan or Members for services related to Avoidable Hospital Conditions.
Basic Plan	The Member elects to access the health care system through a Health Care Provider that is not a part of the Preferred Provider Organization. Benefit payment will be at the Basic Plan level. Health Care Providers accessed at the Basic Plan level are also Participating Providers.
Benefit Period	A specified period of time when benefits are available for Covered Services under this Benefit Plan. A Claim for Benefits will be considered for payment only if the date of service or supply was within the Benefit Period. All benefits are determined on a Calendar Year (January 1st through December 31st) Benefit Period.
Benefit Plan	The agreement with Sanford Health Plan, including the Subscriber's membership application, Identification Card, the Benefit Plan Agreement, this Certificate of Insurance, the Benefit Plan Attachment and any supplements, endorsements, attachments, addenda or amendments
[The] Board	Means the North Dakota Public Employees Retirement System (NDPERS) board.
Calendar Year	A period of one year which starts on January 1st and ends December 31st.
Case Management	A coordinated set of activities conducted for individual patient management of chronic, serious, complicated, protracted, or other health conditions.
Claims Administrator or Claims Payor	Sanford Health Plan
Class of Coverage	The type of coverage the Subscriber is enrolled under, identifying who is eligible to receive benefits for Covered Services under this Benefit Plan. Classes of Coverage under this Benefit Plan are Single Coverage and Family Coverage.
Coinsurance Amount	A percentage of the Allowed Charge for Covered Services that is a Member's responsibility.
Coinsurance Maximum Amount	The total Coinsurance Amount that is a Member's responsibility during a Benefit Period. The Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period
Concurrent Review	Concurrent Review is Utilization Review for an extension of previously approved, ongoing course of treatment over a period of time or number of treatments typically associated with Hospital inpatient care including care received at a Residential Treatment Facility and ongoing outpatient services, including ongoing ambulatory care.

[This] Contract or [The] Contract	This Certificate of Insurance, which is a statement of the essential features and services given to the Subscriber by the Plan, including all attachments, the Group's application, the applications of the Subscribers and the Health Maintenance Contract.
Copayment (Copay)	A specified dollar amount payable by the Member for certain Covered Services. Health Care Providers may request payment of the Copayment Amount at the time of service.
Cost Sharing	The share of costs covered by your insurance that you pay out of your own pocket. This term generally includes coinsurance, copayments, or similar charges, but it doesn't include premiums, balance-billing amounts for non-network providers, or the cost of non-covered services.
Covered Services	Those Health Care Services to which a Member is entitled under the terms of This Contract.
Creditable Coverage	Benefits or coverage provided under: a. A group health benefit plan (as such term is defined under North Dakota law); b. A health benefit plan (as such term is defined under North Dakota law); c. Medicare; d. Medicaid; e. Civilian health and medical program for uniformed services; f. A health plan offered under 5 U.S.C. 89; g. A medical care program of the Indian Health Service or of a tribal organization; h. A state health benefits risk pool, including coverage issued under N.D.C.C. Chapter 26.1-08; i. A public health plan as defined in federal regulations, including a plan maintained by a state government, the United States government, or a foreign government; j. A health benefit plan under Section 5(e) of the Peace Corps Act [Pub. L. 87-293; 75 Stat. 612; 22 U.S.C. 2504(e)]; and k. A state's children's health insurance program funded through Title XXI of the federal Social Security Act [42 U.S.C. 1397aa et seq.].
Custodial Care	Care designed to assist the patient in meeting the activities of daily living and not primarily provided for its therapeutic value in the treatment of an illness, disease, injury or condition.
Deductible Amount	A specified dollar amount payable by the Member for certain Covered Services received during the Benefit Period.
Dependent	The Spouse and any Dependent Child of a Subscriber.
Dependent Child	The definition of a Dependent Child of a Subscriber includes a child who is related to the Subscriber as a natural child, a child placed for adoption, a legally adopted child, a child for whom the Subscriber has legal guardianship, a stepchild, or a foster child; and is one of the following: (a) under the age of twenty-six (26), (b) incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within thirty-one (31) days of the Plan's request; or (c) the Subscriber's grandchild(ren) or those of the Subscriber's living, covered Spouse, who legally reside with the Certificate holder/Subscriber and (1) the parent of the grandchild(ren) is an Covered Dependent also covered by this Plan; and (2) both the Dependent and child of such Dependent (grandchild) are chiefly dependent upon the Certificate holder/Subscriber for support. Dependent coverage does not include the spouse of an adult Dependent child.
Domiciliary Care	Domiciliary Care consists of a protected situation in a community or Facility, which includes room, board, and personal services for individuals who cannot live independently yet do not require a 24-hour Facility or nursing care.
Eligible Dependent	An Eligible Dependent includes: (1) The Spouse of the Subscriber; and (2) A Dependent child who is related to the Subscriber as a natural child, a child placed for adoption, a legally adopted child, a child for whom the Subscriber has legal guardianship, a stepchild, or a foster child; and is one of the following: (a) under the age of twenty-six (26), (b) incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within thirty-one (31) days of the Plan's request; or (c) the Subscriber's grandchild(ren) or those of the Subscriber's living, covered Spouse, who legally reside with the Certificate holder/Subscriber and (1) the parent of the grandchild(ren) is an Covered Dependent also covered by this Plan; and (2) both the Dependent and child of such Dependent (grandchild) are chiefly dependent upon the Certificate holder/Subscriber for support. Eligible Dependents do not include the spouse of an adult Dependent child.
Eligible Group Member	Any Group Member who meets the specific eligibility requirements of NDPERS.

Emergency Care Services	Emergency Care Services means: (1) Within the Service Area: covered health care services rendered by Participating or Non-Participating Providers under unforeseen conditions that require immediate medical attention. Emergency care services within the Service Area include covered health care services from Non-Participating Providers only when delay in receiving care from Participating Providers could reasonably be expected to cause severe jeopardy to the Member's condition or (2) Outside the Service Area: medically necessary health care services that are immediately required because of unforeseen illness or injury while the enrollee is outside the geographical limits of the Plan's Service Area.
Emergency Medical Condition	A medical condition of recent onset and severity, including severe pain, that would lead a prudent layperson acting reasonably and possessing an average knowledge of health and medicine to believe that the absence of immediate medical attention could reasonably be expected to result in serious impairment to bodily function, serious dysfunction of any bodily organ or part, or would place the person's health, or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.
Enrollee	An individual who is covered by this Plan.
ESRD	The federal End Stage Renal Disease program.
Expedited Appeal	An expedited review involving Urgent Care Requests for Adverse Determinations of Prospective (Pre-service) or Concurrent Reviews must be utilized if the Member, or Practitioner and/or Provider acting on behalf of the Member, believes that an expedited determination is warranted.
Experimental or Investigational Services	Health Care Services where the Health Care Service in question either: a. is not recognized in accordance with generally accepted medical standards as being safe and effective for treatment of the condition in question, regardless of whether the service is authorized by law or used in testing or other studies; or b. requires approval by any governmental authority and such approval has not been granted prior to the service being rendered.
Facility	An institution providing Health Care Services or a health care setting, including Hospitals and other licensed inpatient centers, ambulatory surgical or treatment centers, Skilled Nursing Facilities, Residential Treatment Facilities, diagnostic, laboratory, and imaging centers, and rehabilitation, and other therapeutic health settings.
Family Coverage	The Class Of Coverage identifying that the Subscriber and Eligible Dependents are enrolled to received benefits for Covered Services under this Plan.
Formulary	A list of prescription medication products, which are preferred by the Plan for dispensing to Members when appropriate. This list is subject to periodic review and modifications. Additional medications may be added or removed from the Formulary throughout the year.
Gestational Carrier	An adult woman who enters into an agreement to have a fertilized egg, gamete, zygote or embryo implanted in her and bear the resulting child for intended parents, where the embryo is conceived by using the egg and sperm of the intended parents.
Grievance	A written complaint submitted in accordance with the Plan's formal grievance procedure by or on behalf of the enrollee regarding any aspect of the Plan relative to the Member.
[The] Group or [This] Group	NDPERS has signed an agreement with Sanford Health Plan to provide health care benefits for its eligible employees, retirees, and Eligible Dependents.
Group Contract Holder	The individual to whom a Group Contract has been issued.
Group Member	Any employee, sole proprietor, partner, director, officer or Member of the Group.
Health Care Services	Services for the diagnosis, prevention, treatment, cure, or relief of a health condition, illness, injury or disease.
Hospital	A short-term, acute care, duly licensed institution that is primarily engaged in providing inpatient diagnostic and therapeutic services for the diagnosis, treatment, and care of injured and sick persons by or under the supervision of Physicians. It has organized departments of medicine and/or major surgery and provides 24-hour nursing service by or under the supervision of registered nurses. The term "Hospital" specifically excludes rest homes, places that are primarily for the care of convalescents, nursing homes, skilled nursing facilities, Residential Care Facilities, custodial care homes, intermediate care facilities, health resorts, clinics, Practitioner and/or Provider's offices, private homes, Ambulatory Surgical Centers, residential or transitional living centers, or similar facilities.
Hospitalization	A stay as an inpatient in a Hospital. Each "day" of Hospitalization includes an overnight stay for which a charge is customarily made. Benefits may not be restricted in a way that is based upon the number of hours that the Member stays in the Hospital.
Iatrogenic Condition	Illness or injury because of mistakes made in medical treatment, such as surgical mistakes, prescribing or dispensing the wrong medication or poor hand writing resulting in a treatment error.

Infertility Services Deductible Amount	A specified dollar amount payable by the Member during their lifetime for infertility services. The Infertility Services Deductible Amount does not apply toward the Out-of-Pocket Maximum Amount.
In-Network Benefit Level	The PPO Plan level of benefits when a Member seeks services from a Participating Practitioner and/or Provider.
Intensive Outpatient Program (IOP)	Provides mental health and/or substance use disorder outpatient treatment services during which a Member remains in the program a minimum of three (3) continuous hours per day and does not remain in the program overnight. Programs may be available in the evenings or weekends.
Intermediate Care	Intermediate Care means care in a Facility, corporation or association licensed or regulated by the State for the accommodation of persons, who, because of incapacitating infirmities, require minimum but continuous care but are not in need of continuous medical or nursing services. The term also includes facilities for the nonresident care of elderly individuals and others who are able to live independently but who require care during the day.
Late Enrollee	An individual who enrolls in a group health plan on a date other than either the earliest date on which coverage can begin under the plan terms or on a special enrollment date.
Maintenance Care	Treatment provided to a Member whose condition/progress has ceased improvement or could reasonably be expected to be managed without the skills of a Health Care Provider. *Exception: periodic reassessments are not considered Maintenance Care.*
Maximum Allowed Amount	The amount established by Sanford Health Plan using various methodologies for covered services and supplies. Sanford Health Plan's Maximum Allowable Amount is the lesser of (a) the amount charged for a covered service or supply; or (b) Reasonable Costs.
Medically Necessary or Medical Necessity	Health Care Services that are appropriate and necessary as determined by any Participating Provider, in terms or type, frequency, level, setting, and duration, according to the Member's diagnosis or condition, and diagnostic testing and Preventive services. Medically Necessary care must be consistent with generally accepted standards of medical practice as recognized by the Plan, as determined by health care Practitioner and/or Providers in the same or similar general specialty as typically manages the condition, procedure, or treatment at issue; and a. help restore or maintain the Members health; or b. prevent deterioration of the Member's condition; or c. prevent the reasonably likely onset of a health problem or detect an incipient problem; or d. not considered Experimental or Investigative
Medical Out-of-Pocket Maximum Amount	The total Deductible and Coinsurance Amounts for certain Covered Services that are a Member's responsibility during a Benefit Period. When the Out-of-Pocket Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Covered Services, less Copayment Amounts incurred during the remainder of the Benefit Period. The Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period. Medical Copay amounts apply toward the Medical Out-of-Pocket Maximum Amount. Prescription Medication Copay and Coinsurance Amounts apply toward the Prescription Drug Out-of-Pocket Maximum Amount.
Member	The Subscriber and, if another Class of Coverage is in force, the Subscriber's Eligible Dependents
Mental Health and/or Substance Use Disorder Services	Health Care Services for disorders specified in the Diagnostic and Statistical Manual of Mental Disorders (DSM), the American Society of Addiction Medicine Criteria (ASAM Criteria), and the International Classification of Diseases (ICD), current editions. Also referred to as behavioral health, psychiatric, chemical dependency, substance abuse, and/or addiction services.
Natural Teeth	Teeth, which are whole and without impairment or periodontal disease, and are not in need of the treatment provided for reasons other than dental injury.
NDPERS	the North Dakota Public Employees Retirement System.
Never Event	Errors in medical care that are clearly identifiable, preventable, and serious in their consequences for patients, and indicate a problem in the safety and credibility of a health care Facility. Participating Providers are not permitted to bill the Plan or Members for services related to Never Events.
Non-Covered Services	Those Health Care Services to which a Member is not entitled and are not part of the benefits paid under the terms of This Contract.
Non-Participating Provider	A Provider that has not signed a contract with the Plan.
Non-Payable Health Care Provider	A Health Care Provider that is not reimbursable by the Plan. No benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of a Non-Payable Health Care Provider.

Nursing Services	Health Care Services which are provided by a registered nurse (RN), licensed practical nurse (LPN), or other licensed nurse who is: (1) acting within the scope of that person's license, (2) authorized by a Provider, and (3) not a Member of the Member's immediate family.
Out-of-Network Benefit Level	The Basic Plan level of benefits provided when a Member seeks services from a Non-Participating Practitioner and/or Provider. This is most often referred to as benefits received under the Basic Plan level but may include services received from Practitioners and/or Providers that have not signed a contract with the Plan.
Partial Hospitalization	Also known as day treatment; A licensed or approved day or evening outpatient treatment program that includes the major diagnostic, medical, psychiatric and psychosocial rehabilitation treatment modalities designed for individuals with mental health and/or substance use disorders who require coordinated, intensive, comprehensive and multi-disciplinary treatment.
Participating [Health Care] Provider	A Provider who, under a contract with the Plan, or with its contractor or subcontractor, has agreed to provide Health Care Services to Members with an expectation of receiving payment, other than Coinsurance, Copays, or Deductibles, directly or indirectly, from the Plan. A Participating Provider includes Providers at either the Basic or PPO Plan level.
Physician	An individual licensed to practice medicine or osteopathy.
[The] Plan or [This] Plan	Sanford Health Plan.
Plan Administrator	North Dakota Public Employees Retirement System (NDPERS)
PPO (Preferred Provider Organization) Plan	A group of Health Care Providers who provide discounted services to the Members of NDPERS. Because PPO Health Care Providers charge Sanford Health Plan less for medical care services provided to the Members of NDPERS, cost savings are passed on to Members by way of reduced Cost Sharing Amounts. To receive a higher payment level, Covered Services must be received from an NDPERS PPO Health Care Provider. Health Care Providers accessed at the PPO level are also Participating Providers.
Practitioner	A professional who provides health care services. Practitioners are usually required to be licensed as required by law. Practitioners are also Physicians.
Preauthorization	The process of the Member or the Member's representative notifying Sanford Health Plan to request approval for specified services. Eligibility for benefits for services requiring Preauthorization is contingent upon compliance with the provisions in Sections 2, 4 and 5. Preauthorization does not guarantee payment of benefits.
Prescription Drug Out-of-Pocket Maximum Amount	The total Formulary Coinsurance Amount for Prescription Medications that is a Member's responsibility during a Benefit Period. When this Prescription Drug Out-of-Pocket Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Formulary Prescription Medications. This Prescription Drug Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period. Medical Copay amounts apply toward the Medical Out-of-Pocket Maximum Amount. Prescription Medication Copay and Coinsurance Amounts apply toward the Prescription Drug Out-of-Pocket Maximum Amount
Preventive	Health Care Services that are medically accepted methods of prophylaxis or diagnosis which prevent disease or provide early diagnosis of illness and/or which are otherwise recognized by the Plan.
Primary Care Practitioner and/or Provider (PCP)	A Participating Practitioner and/or Provider who is an internist, family practice Physician, pediatrician, or obstetrician/gynecologist, who is a Participating Practitioner, and who has been chosen to be designated as a Primary Care Practitioner and/or Provider as indicated in the Provider Directory and may be responsible for providing, prescribing, directing, referring, and/or authorizing all care and treatment of a Member.
Prior Approval	The process of the Member or Member's representative providing information to Sanford Health Plan substantiating the medical appropriateness of specified services in order to receive benefits for such service. This information must be submitted in writing from the Member's Health Care Provider. Sanford Health Plan reserves the right to deny benefits if Preauthorization/Prior Approval is not obtained.
Prospective (Pre-service) Review	Means Urgent and non-Urgent Utilization Review conducted prior to an admission or the provision of a Health Care Service or a course of treatment.
[Health Care] Provider	An individual, institution or organization that provides services for Plan Members. Examples of Providers include but are not limited to Hospitals, Physicians, Practitioners and/or Providers, and home health agencies.
Prudent Layperson	A person who is without medical training and who possess an average knowledge of health and medicine and who draws on his/her practical experience when making a decision regarding the need to seek Emergency medical treatment.
Qualified Mental Health Professional	A licensed Physician who is a psychiatrist; a licensed clinical psychologist who is qualified for listing on the national register of health service providers in psychology; a licensed certified social worker who is a board-certified in clinical social work; or a nurse who holds advanced licensure in psychiatric nursing

Reasonable Costs	Those costs that do not exceed the lesser of (a) negotiated schedules of payment developed by the Plan, which are accepted by Participating Practitioners and/or Providers; or (b) the prevailing marketplace charges.
Residential Treatment Facility	An inpatient mental health or substance use disorder treatment Facility that provides twenty-four (24) hour availability of qualified medical staff for psychiatric, substance abuse, and other therapeutic and clinically informed services to individuals whose immediate treatment needs require a structured twenty-four (24) hour residential setting that provides all required services on site. Services provided include, but are not limited to, multi-disciplinary evaluation, medication management, individual, family and group therapy, substance abuse education/counseling. Facilities must be under the direction of a board-eligible or certified psychiatrist, with appropriate staffing on-site at all times. If the Facility provides services to children and adolescents, it must be under the direction of a board-eligible or certified child psychiatrist or general psychiatrist with experience in the treatment of children. Hospital licensure is required if the treatment is Hospital-based. The treatment Facility must be licensed by the state in which it operates.
Retrospective (Post-service) Review	Means any review of a request for a benefit that is not a Prospective (Pre-service) Review request, which does not include the review of a claim that is limited to veracity of documentation, or accuracy of coding, or adjudication of payment. Retrospective (Post-service) Review will be utilized by Sanford Health Plan to review services that have already been utilized.
Serious Reportable Event	An event that results in a physical or mental impairment that substantially limits one or more major life activities of a Member or a loss of bodily function, if the impairment or loss lasts more than seven (7) days or is still present at the time of discharge from an inpatient health care Facility. Serious events also include loss of a body part and death. Participating Providers are not permitted to bill Members or the Plan for services related to Serious Reportable Events.
[NDPERS] Service Agreement and/or [Group] Contract	The Service Agreement between NDPERS and Sanford Health Plan that is a contract for Health Care Services, which by its terms limits eligibility to enrollees of a specified group. The Group Contract may include coverage for Dependents.
Service Area	The geographic Service Area approved by the State's Insurance Department.
Single Coverage	The Class Of Coverage identifying that only the Subscriber is enrolled to received benefits for Covered Services under this Plan.
Skilled Nursing Facility	A Facility that is operated pursuant to the presiding state law and is primarily engaged in providing room and board accommodations and skilled nursing care under the supervision of a duly-licensed Physician.
Spouse	The Subscriber's spouse under a legally existing marriage between persons of the opposite sex.
[This] State	The State of North Dakota.
Subscriber	An Eligible Group Member who is enrolled in the Plan whose employment or other status (except family dependency) is the basis for eligibility for enrollment in the Plan. A Subscriber is also a Member and Enrollee.
Surrogate	An adult woman who enters into an agreement to bear a child conceived through assisted conception for intended parents.
Urgent Care Request	Means a request for a Health Care Service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination which: 1. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or 2. In the opinion of a Practitioner and/or Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.
Urgent Care Situation	An Urgent Care Situation is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within *twenty-four (24)* hours, such as stitches for a cut finger. Urgent care means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination: 1. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or 2. In the opinion of a Practitioner and/or Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.
Us/We/Our	Refers to Sanford Health Plan

Utilization Review	A set of formal techniques used by the Plan to monitor and evaluate the medical necessity, appropriateness, and efficiency of Health Care Services and procedures including techniques such as ambulatory review, Prospective (pre-service) Review, second opinion, Preauthorization/Prior Approval, Concurrent Review, Case Management, discharge planning, and retrospective (post-service) review.

Section 11. How coverage ends

Termination of Member Coverage

For the purposes of this Benefit Plan, upon termination of Member Coverage, the following provisions control:

1. **Determining Ineligibility.** Eligibility for benefits subsequent to retirement or termination will be determined pursuant to N.D.C.C. §54-52.1-03.
2. **Continuation of health, dental, vision, or prescription drug coverage after termination.** An employee who terminates employment and is not receiving a monthly retirement benefit from one of the eligible retirement systems, and applies for continued coverage with the health, dental, vision, or prescription drug plan may continue such coverage for a maximum of eighteen (18) months by remitting timely payments to the Board. The employee desiring coverage shall notify the Board within sixty (60) days of the termination. Coverage will become effective on the first day of the month following the last day of coverage by the employing agency, if an application is submitted within sixty (60) days. An individual who fails to timely notify the board is not eligible for coverage. [N.D.A.C. §71-03-03-06]
3. **Continuation of health, dental, vision, or prescription drug coverage for dependents.** Dependents of employees with family coverage may continue coverage with the group after their eligibility would ordinarily cease. This provision includes divorced or widowed spouses and children when they are no longer dependent on the employee. Coverage is contingent on the prompt payment of the premium, and in no case will coverage continue for more than thirty-six (36) months. Dependents desiring coverage shall notify the board within sixty (60) days of the qualifying event and must submit an application in a timely manner. An individual who fails to notify the Board within the sixty (60) days, and who desires subsequent coverage, will not be eligible for coverage. [N.D.A.C. §71-03-03-07]
4. **Leave without pay.** An employee on an approved leave without pay may elect to continue coverage for the periods specified in the plans for life insurance, health, dental, vision, or prescription drug coverages by paying the full premium to the agency. An eligible employee electing not to continue coverage during a leave of absence is entitled to renew coverage for the first of the month following the month that the employee has returned to work if the employee submits an application for coverage within the first thirty-one (31) days of returning to work. An eligible employee failing to submit an application for coverage within the first thirty-one (31) days of returning to work or eligibility for a special enrollment period, may enroll during the annual open enrollment. Upon a showing of good cause, the executive director may waive the thirty-one day application requirement. [N.D.A.C. §71-03-03-09]
    a. In the event an enrolled eligible employee is not entitled to receive salary, wages, or other compensation for a particular calendar month, that employee may make direct payment of the required premium to the board to continue the employee's coverage, and the employing department, board, or agency shall provide for the giving of a timely notice to the employee of that person's right to make such payment at the time the right arises. [N.D.C.C. §54-52.1-06]

Note: A Member's coverage may not be terminated due to the status of the Member's health, or because the Member has exercised his or her rights, under the Plan's policy on member complaints, or the policy on appeal procedures for medical review determinations. For details on Complaints and Appeals, see Section 8 of this COI.

Continuation

1. If the Subscriber becomes ineligible for group membership under this Benefit Plan due to an inability to meet NDPERS requirements and enrollment regulations, coverage will be canceled at the end of the last month that premium was received from the Plan Administrator. Exceptions may be made if:
    a. The Plan Administrator cancels coverage. Conversion coverage will not be offered to a Subscriber, if on the date of conversion, the Plan Administrator through which the Subscriber is eligible has terminated coverage with Sanford Health Plan, and the Plan Administrator has enrolled with another insurance carrier.
    b. The Plan Administrator no longer meets Sanford Health Plan's group coverage requirements. The Subscriber will be given the right to convert to a nongroup benefit plan, subject to premiums and benefit plan provisions in effect, if application for such coverage is made within 31 days after the termination date of the previous benefit plan.
    c. Ineligibility occurs because the Subscriber elects to discontinue employment, is terminated or is otherwise no longer covered under the group health plan. The Subscriber may elect continuation coverage through the Plan Administrator in accordance with state and federal law.
    d. Ineligibility occurs because the Subscriber is no longer eligible to continue coverage under the group (NDPERS). The Subscriber may elect conversion (individual) coverage on a nongroup basis, subject to premiums and benefit plan provisions for nongroup coverage then in effect, if the Subscriber applies for nongroup coverage within 31 days after the termination date of the previous group health plan coverage.
2. If a Member becomes otherwise ineligible for group membership under this Benefit Plan, Sanford Health Plan must at least offer the Subscriber its conversion (individual) benefit plan, if the Member lives in the Sanford Health Plan Service Area. There may be other coverage options for the Subscriber and/or Eligible Dependents through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." The cost of these options may vary depending on a Subscriber's individual circumstances. To learn more, visit www.healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.

Continuation of Coverage for Confined Members

Any Member who is an inpatient in a Hospital or other Facility on the date of coverage termination under this Benefit Plan will be covered in accordance with the terms of this Certificate until they are discharged from such Hospital or other Facility. Applicable charges for coverage that was in effect prior to termination of this Certificate will apply.

Extension of Benefits for Total Disability

An extension of benefits is provided Covered Members/Subscribers who become totally disabled while enrolled under this Benefit Plan and whom continue to be totally disabled at the date of termination of this Certificate. Upon payment applicable premium charges at the current Group rate, coverage will remain in full force and effect until the first of the following occurs:

1. The end of a period of twelve (12) months starting with the date of termination of the Group contract;
2. The date the Member is no longer totally disabled; or
3. The date a succeeding plan provides replacement coverage to that Member without limitation as to the disabling condition.

Upon termination of the extension of benefits, the Member/Subscriber will have continuation and conversion rights as stated in Sections 11 and 12.

Cancellation of This or Previous Benefit Plans

If the Benefit Plan is terminated, modified or amended, coverage is automatically terminated, modified or amended for all enrolled Members of the NDPERS Dakota Plan. It is the Plan Administrator's responsibility to notify Members of the termination of coverage.

Notice of Creditable Coverage

You may request a Certificate of Creditable Coverage for you and your covered family Members upon your voluntary or involuntary termination from the Plan. You may also request a Certificate of Creditable Coverage at any time by calling Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. Written requests can be sent to MemberServices@sanfordhealth.org or:
Sanford Health Plan
ATTN: NDPERS/Member Services
PO Box 91110
Sioux Falls, SD 57109-1110

Section 12. Options after Coverage Ends

Federal Continuation of Coverage Provisions ("COBRA")

Notice of Continuation Coverage Rights Under COBRA

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept "Late Enrollees".

What is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to NDPERS, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to:

North Dakota Public Employees Retirement System
400 East Broadway, Suite 505
PO Box 1657
Bismarck, ND 58502
(701) 328-3900

How is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

- *Disability extension of 18-month period of COBRA continuation coverage*
  If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.
- *Second qualifying event extension of 18-month period of continuation coverage*
  If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.healthcare.gov.

Keep Your Plan Informed of Address Changes

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

Section 13. Subrogation and Right of Reimbursement

If a Member is injured or becomes ill because of an action or omission of a third party who is or may be liable to the Member for the injury or illness, the Health Plan may be able to "step into the shoes" of the Member to recover health care costs from the party responsible for the injury or illness. This is called "Subrogation," and this part of This Contract covers such situations.

If a Member has received or receives a recovery from the third party, the Health Plan has a right to reduce benefits, or to be reimbursed for that which it has provided to the Member. This is called "Reimbursement" and this part of This Contract covers such situations.

The Plan will provide Health Care Services to the Member for the illness or injury, just as it would in any other case. However, if the Member accepts the services from the Plan, this acceptance constitutes the Member's consent to the provisions discussed below.

Plan's Rights of Subrogation

In the event of any payments for benefits provided to a Member under this Contract, the Plan, to the extent of such payment, shall be subrogated to all rights of recovery such Member, Member's parents, heirs, guardians, executors, or other representatives may have against any person or organization. These subrogation and reimbursement rights also include the right to recover from uninsured motorist insurance, underinsured motorist insurance, no-fault insurance, automobile medical payments coverage, premises medical expense coverage, and workers compensation insurance or substitute coverage. The Plan shall be entitled to receive from any such recovery an amount up to the Reasonable Cost for the services provided by the Plan. In providing benefits to a Member, the Plan may obtain discounts from its health care Providers, compensate Providers on a capitated basis or enter into other arrangements under which it pays to another less than the Reasonable Costs of the benefits provided to the Member. Regardless of any such arrangement, when a Member receives a benefit under the Plan for an illness or injury, the Plan is subrogated to the Member's right to recover the Reasonable Costs of the benefits it provides on account of such illness or injury, even if those Reasonable Costs exceed the amount paid by the Plan.

The Plan is granted a first priority right to subrogation or reimbursement from any source of recovery. The Plan's first priority right applies whether or not the Member has been made whole by any recovery. The Plan shall have a lien on all funds received by the Member, Member's parents, heirs, guardians, executors, or other representatives up to the Reasonable Costs Charge for any past, present, or future Health Care Services provided to the Member. The Plan may give notice of that lien to any party who may have contributed to the loss.

If the Plan so decides, it may be subrogated to the Member's rights to the extent of the benefits provided or to be provided under this Contract. This includes the Plan's right to bring suit against the third party in the Member's name.

Plan's Right to Reduction and Reimbursement

The Plan shall have the right to reduce or deny benefits otherwise payable by the Plan, or to recover benefits previously paid by the Plan, to the extent of any and all payments made to or for a Member by or on behalf of a third party who is or may be liable to the Member, regardless of whether such payments are designated as payment for, but not limited to, pain and suffering, loss of income, medical benefits or expenses, or other specified damages.

Any such right of reduction or reimbursement provided to the Plan under this Contract shall not apply or shall be limited to the extent that statutes or the courts of This State eliminate or restrict such rights.

The Plan shall have a lien on all funds received by the Member, Member's parents, heirs, guardians, executors, or other representatives up to the Reasonable Cost for the Health Care Services provided to the Member.

Member's Responsibilities

The Member, Member's parents, heirs, guardians, executors, or other representatives must take such action, furnish such information and assistance, and execute such instruments as the Plan requires to facilitate enforcement of its rights under this Part. The Member shall take no action prejudicing the rights and interests of the Plan under this provision. Neither a Member nor Member's attorney or other representative is authorized to accept subrogation or reimbursement payments on behalf of the Plan, to negotiate or compromise the Plan's subrogation or reimbursement claim, or to release any right of recovery or reimbursement without the Plan's express written consent. Any Member who fails to cooperate in the Plan's administration of this Part shall be responsible for the Reasonable Cost for services subject to this section and any legal costs incurred by the Plan to enforce its rights under this section. Members must also report any recoveries from insurance companies or other persons or organizations arising form or relating to an act or omission that caused or contributed to an injury or illness to the Member paid for by the Plan. Failure to comply will entitle the Plan to withhold benefits, services, payments, or credits due under the Plan.

SANFORD HEALTH PLAN

North Dakota Public Employees Retirement System
Non-Grandfathered Dakota Plan

Coverage Period: 7/1/15 – 6/30/17
Coverage for: Single, Family
Plan Type: PPO | Non-Grandfathered

Summary of Benefits and Coverage: What this Plan Covers & What it Costs

This is only a summary. If you want more detail about your coverage and costs, you can get the complete terms in the policy at www.sanfordhealthplan.com/ndpers or by calling **1-800-499-3416** *(toll-free)* | TTY/TDD: **1-877-652-1844** *(toll-free)*.

Important Questions	Answers	Why this Matters:
What is the overall deductible?	For in-network providers: **$400** person / **$1,200** family For out-of-network providers: **$400** person / **$1,200** family Doesn't apply to preventive care.	You must pay all the costs up to the **deductible** amount before this plan begins to pay for covered services you use. Check your policy to see when the **deductible** starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the **deductible**.
Are there other deductibles for specific services?	Yes. **$500** for infertility services. There are no other specific **deductibles**.	You must pay all of the costs for these services up to the specific **deductible** amount before this plan begins to pay for these services.
Is there an out-of-pocket limit on my expenses?	Yes. **For Medical Out-of-Pocket:** In-network providers: **$1,150** person / **$2,700** family For out-of-network providers: **$1,650** person / **$3,700** family **For Prescription Drug Out-of-Pocket:** **$1,000** per person	The **out-of-pocket limit** is the most you could pay during a coverage period (annually/usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, infertility services, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.
Is there an overall annual limit on what the plan pays?	No.	The chart starting on page 2 describes any limits on what the plan will pay for *specific* covered services, such as office visits.
Does this plan use a network of providers?	Yes. See **www.sanfordhealthplan.com/ndpers or call 1-800-499-3416** *(toll-free)* for a list of participating providers.	If you use an in-network doctor or other health care **provider**, this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network **provider** for some services. Plans use the term in-network, **preferred**, or **participating** for **providers** in their **network**. See the chart starting on page 2 for how this plan pays different kinds of **providers**.
Do I need a referral to see a specialist?	No. You don't need a referral to see a **participating** specialist.	You can see the **participating specialist** you choose without permission from this plan.
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 5. See your policy for additional information about **excluded services**.

Questions: Call 1-800-499-3416 *(toll-free)* or visit us at **www.sanfordhealthplan.com/ndpers.** If you aren't clear about any of the bolded terms used in this form, see the Glossary. You can view the Glossary at **www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf** or call 1-800-499-3416 to request a copy.

North Dakota Public Employees Retirement System

HP-0492 7-15 NDPERS NGF

- **Copayments** are fixed dollar amounts (for example, $15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the Plan's **allowed amount** for an overnight hospital stay is $1,000; your **coinsurance** payment of 20% would be $200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges $1,500 for an overnight stay and the **allowed amount** is $1,000; you may have to pay the $500 difference. (This is called **balance billing**.)
- This plan may encourage you to use **participating providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

Common Medical Event	Services You May Need	Your cost if you use Basic Plan After Deductible	Your cost if you use PPO Plan After Deductible	Limitations & Exceptions
If you visit a health care provider's office or clinic	Primary care to treat an injury or illness	$30 copay/visit	$25 copay/visit	Deductible is waived.

Excluded Services & Other Covered Services:

Services Your Plan Does NOT Cover (This isn't a complete list. Check your policy or plan document for other excluded services.)

- Acupuncture
- Cosmetic surgery
- Dental care (Adult)
- Hearing aids (unless for Members under age 18)
- Long-term care
- Routine eye care (Adult), except Dilation Exam for diabetics
- Routine pediatric dental and vision care
- Weight loss programs

Other Covered Services (This isn't a complete list. Check your policy or plan document for other covered services and your costs for these services.)

- Bariatric surgery
- Chiropractic care
- Coverage provided outside the United States. For full details, please refer to your Policy or see www.sanfordhealthplan.com/ndpers
- Infertility treatment; $20,000 lifetime maximum
- Private-duty nursing
- Routine foot care (for diabetics only)

Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**, which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your right to continue coverage may also apply.

For more information on your rights to continue coverage, contact the Plan toll-free at (800) 499-3416. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at (866) 444-3272 or www.dol.gov/ebsa, or the U.S. Department of Health and Human Services at (877) 267-2323 x61565 or www.cciio.cms.gov.

Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your Plan, you may be able to **appeal** or file a **grievance**. For questions about your rights, this notice, or assistance, you can contact:

- Sanford Health Plan/Member Services toll-free at (800) 499-3416
- The U.S. Department of Labor, Employee Benefits Security Administration at (866) 444-3272 *(toll-free)* or www.dol.gov/ebsa
- North Dakota Insurance Department at (800) 247-0560 *(toll-free)* or www.nd.gov/ndins/contact

Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as "minimum essential coverage." **This plan does provide minimum essential coverage.**

Does this Coverage Meet the Minimum Value Standard?

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). **This health coverage does meet the minimum value standard for the benefits it provides.**

To see examples of how this plan might cover costs for a sample medical situation, see the next page.

About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.

Having a baby
(normal delivery)

- **Amount owed to providers:** $7,540
- **Plan pays** $6,600
- **Patient pays** $940

Sample care costs:

Hospital charges (mother)	$2,700
Routine obstetric care	$2,100
Hospital charges (baby)	$900
Anesthesia	$900
Laboratory tests	$500
Prescriptions	$200
Radiology	$200
Vaccines, other preventive	$40
Total	**$7,540**

Patient pays:

Deductibles	$0
Co-pays	$10
Coinsurance	$900
Limits or exclusions	$30
Total	**$940**

Note: These numbers assume the patient has enrolled in the Plan's Health Pregnancy Program. If you are pregnant, and have not given notice of your pregnancy to the Plan, your costs may be higher. For more information, please contact Sanford Health Plan at 1-888-315-0885 *(toll-free)* | TTY/TDD: 1-877-652-1844 *(toll-free)*.

Managing type 2 diabetes
(routine maintenance of a well-controlled condition)

- **Amount owed to providers:** $5,400
- **Plan pays** $4,660
- **Patient pays** $740

Sample care costs:

Prescriptions	$2,900
Medical Equipment and Supplies	$1,300
Office Visits and Procedures	$700
Education	$300
Laboratory tests	$100
Vaccines, other preventive	$100
Total	**$5,400**

Patient pays:

Deductibles	$400
Co-pays	$300
Coinsurance	$0
Limits or exclusions	$40
Total	**$740**

Note: These examples do not reflect cost sharing for any Consumer Driven Health Plan such as HRA, HSA, FSA or any wellness program.

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

✘ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✘ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

Questions: Call 1-800-499-3416 *(toll-free)* or visit us at **www.sanfordhealthplan.com/ndpers**. If you aren't clear about any of the bolded terms used in this form, see the Glossary. You can view the Glossary at **www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf** or call 1-800-499-3416 to request a copy.

Notice

Your employer has established an employee welfare benefit plan for Eligible Employees and their Eligible Dependents. The following Summary Plan Description/Certificate of Insurance (COI) is provided to you in accordance with the Employee Retirement Income Security Act of 1974. Every attempt has been made to provide concise and accurate information.

This COI and the NDPERS Service Agreement are the official benefit plan documents for the employee welfare benefit plan established by the Plan Administrator. In case of conflict between this Certificate of Insurance/Summary Plan Description and the NDPERS Service Agreement, the provisions of the NDPERS Service Agreement will control.

Although it is the intention of the Plan Administrator to continue the employee welfare benefit plan for an indefinite period of time, the Plan Administrator reserves the right, whether in an individual case or in general, to eliminate the Benefit Plan.

Sanford Health Plan shall construe and interpret the provisions of the Service Agreement, the COI and related documents, including doubtful or disputed terms; and to conduct any and all reviews of claims denied in whole or in part. NDPERS shall determine all questions of eligibility.

Service of legal process may be made upon a Plan trustee or the Plan Administrator.

Title of Employees Authorized To Receive Protected Health Information

- Administrative Services Division
- Accounting & IT Division
- Accounting Division
- Benefit Programs Division
- Benefit Program Development & Research
- Executive Director
- Internal Audit Division

This includes every employee, class of employees, or other workforce person under control of the Plan Sponsor who may receive the Member's Protected Health Information relating to payment under, health care operations of, or other matters pertaining to the Benefit Plan in the ordinary course of business.

These identified individuals will have access to the Member's Protected Health Information only to perform the plan administrative functions the Plan Sponsor provides to the Benefit Plan. Such individuals will be subject to disciplinary action for any use or disclosure of the Member's Protected Health Information in breach or in violation of, or noncompliance with, the privacy provisions of the Benefit Plan. The Plan Sponsor shall promptly report any such breach, violation, or noncompliance to the Plan Administrator; will cooperate with the Plan Administrator to correct the breach, violation and noncompliance to impose appropriate disciplinary action on each employee or other workforce person causing the breach, violation, or noncompliance; and will mitigate any harmful effect of the breach, violation, or noncompliance on any Member whose privacy may have been compromised.

Statement of Eligibility to Receive Benefits

As provided in N.D.C.C. §54-52.1-01(4) and §54-52.1-18, individuals eligible to receive benefits are every permanent employee who is employed by the state, and political subdivisions which elect the HDHP option, whose services are not limited in duration, who is filling an approved and regularly funded position in the state, and political subdivisions which elect the HDHP option, and who is employed at least seventeen and one-half hours per week and at least five months each year or for those first employed after August 1,2003, is employed at least twenty hours per week and at least twenty weeks each year of employment. An eligible employee includes members of the Legislative Assembly, judges of the Supreme Court, paid members of state boards, commissions, or associations, or political subdivision boards, commissions, or associations which elect the HDHP option, full-time employees of political subdivisions which elect the HDHP option, elective state officers as defined by N.D.C.C. §54-06-01(2), disabled permanent state employees and disabled employees of political subdivisions which elect the HDHP option, who are receiving compensation from the North Dakota workforce safety and insurance.

A temporary employee of a political subdivision which elects the HDHP option, who is employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made before January 1, 2015, and if the temporary employee is participating in the uniform group insurance program on January 1, 2015. In order for a temporary employee of a political subdivision which elect the HDHP option, who is employed after July 31, 2007, to qualify to participate in the uniform group insurance program, the employee must be employed at least twenty hours per week; must be employed at least twenty weeks each year of employment; must make the election to participate before January 1, 2015; and must be participating in the uniform group insurance program as of January 1, 2015. To be eligible to participate in the uniform group insurance program, a temporary employee of a political subdivision which elects the HDHP option, who is first employed after December 31, 2014, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, must meet the definition of a full-time employee under §4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)]. Temporary employees employed by the state of North Dakota are not eligible to participate in this Benefit Plan.

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment or eligibility for a special enrollment period as set forth in N.D.A.C. §71-03-03. Each eligible employee may elect to enroll his/her Eligible Dependents.

Eligible employees also include non-Medicare eligible retired and terminated employees, and their Eligible Dependents, who remain eligible to participate in the uniform group insurance program pursuant to applicable state law, as provided in N.D.C.C. §54-52.1-03 and federal regulations. For a comprehensive description of eligibility, refer to the NDPERS web site at www.nd.gov/ndpers.

Eligibility to receive benefits under the Benefit Plan is initially determined by the Plan Administrator. When an eligible employee meets the criteria for eligibility, a membership application must be completed. NDPERS has the ultimate decision making authority regarding eligibility to receive benefits.

Description of Benefits

See the Schedule of Benefits and the Covered Services Sections. Refer to the Table of Contents for page numbers.

Sources of Premium Contributions to the Plan and the Method by Which the Amount of Contribution Is Calculated

The contributions for single or family for state employees are paid at 100% by the state. The contributions for employees of participating political subdivisions are at the discretion of the subdivision and subject to the minimum contribution requirements and participation requirements of Sanford Health Plan. The contributions for temporary employees are either at their own expense, or their employer may pay the premium, subject to its budget authority.

End of the Year Date for Purposes of Maintaining the Plan's Fiscal Records

June 30

Clerical Error

Any clerical error by either the Plan or Claims Administrators, or the aforementioned entities' designees, in keeping pertinent records or a delay in making any changes will not invalidate coverage otherwise validly in force or continue coverage validly terminated. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, due to a clerical error, an overpayment occurs in a Plan reimbursement amount, Sanford Health Plan and NDPERS retain contractual rights to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money.

Recovery of Benefit Payments

Pursuant to N.D.A.C. §71-03-05-06, whenever benefits are paid in noncompliance with the Contract, NDPERS, which is the Plan Administrator, or an agent of the Plan Administrator, retains the right to recover the payments from the party responsible.

If Sanford Health Plan, which is the Claims Administrator and Payor, or an agent of Sanford Health Plan, is at fault, the amount of overpayment will be withheld from the administrative fees paid by NDPERS.

If overpayments are made because of false or misleading information provided by a Member, Sanford Health Plan, or an agent of Sanford Health Plan, shall attempt to recover the amount. Any moneys recovered shall be credited to NDPERS.

If an overpayment is made because of a mistake or deliberate act by a Health Care Provider, Sanford Health Plan shall collect the money from the Provider and credit that amount to NDPERS.

If fraud is suspected, Sanford Health Plan shall inform NDPERS and NDPERS may turn the evidence over to the North Dakota State's Attorney or Attorney General's office for possible prosecution.

Amending and Terminating this Benefit Plan

As Plan Administrator, NDPERS has delegated responsibility for determinations regarding covered benefits, and the amount and manner of the payment of benefits, including the appeal of denied claims, to Sanford Health Plan, the insurer of the plan.

NDPERS reserves the right to terminate the plan, or amend or eliminate benefits under the North Dakota Public Employees Retirement System Dakota Plan, as insured and issued by Sanford Health Plan, at any time and at its discretion, upon mutual agreement between NDPERS and Sanford Health Plan. Should this Benefit Plan be amended or terminated, such action shall be by a written instrument duly adopted by both NDPERS and Sanford Health Plan, or the aforementioned entities' designees.

Summary Notice and Important Phone Numbers

This Certificate describes in detail your Employer's health care benefit Plan and governs the Plan's coverage. This Certificate and any amendments comprise the entire Plan between the Employer and the Claims Administrator.

A thorough understanding of your coverage will enable you to use your benefits wisely. Please read this Certificate carefully. If you have any questions about the benefits, please contact Member Services.

This Certificate describes in detail the Covered Services provisions and other terms and conditions of the Plan.

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice applies to Sanford Health Plan. If you have questions about this Notice, please contact the Plan at (800) 499-3416 *(toll-free)* | TTY/TDD (877) 652-1844 *(toll-free)*. You may also email your questions to memberservices@sanfordhealth.org.

This Notice describes how we will use and disclose your health information. The terms of this Notice apply to all health information generated or received by Sanford Health Plan, whether recorded in our business records, your medical record, billing invoices, paper forms, or in other ways.

HOW WE USE AND DISCLOSE YOUR HEALTH INFORMATION

We use or disclose your health information as follows (In Minnesota we will obtain your prior consent):

- **Help manage the health care treatment you receive:** We can use your health information and share it with professionals who are treating you. For example, a doctor may send us information about your diagnosis and treatment plan so we can arrange additional services.
- **Pay for your health services:** We can use and disclose your health information as we pay for your health services. For example, we share information about you with your primary care Practitioner and/or Provider to coordinate payment for those services.
- **For our health care operations:** We may use and share your health information for our day-to-day operations, to improve our services, and contact you when necessary. For example, we use health information about you to develop better services for you. We are not allowed to use genetic information to decide whether we will give you coverage and the price of that coverage. This does not apply to long-term care plans.
- **Administer your plan:** We may disclose your health information to your health plan sponsor for plan administration. For example, your company contracts with us to provide a health plan, and we provide your company with certain statistics to explain the premiums we charge.

We may share your health information in the following situations unless you tell us otherwise. If you are not able to tell us your preference, we may go ahead and share your information if we believe it is in your best interest or needed to lessen a serious and imminent threat to health or safety:

- **Friends and Family:** We may disclose to your family and close personal friends any health information directly related to that person's involvement in payment for your care.
- **Disaster Relief:** We may disclose your health information to disaster relief organizations in an emergency.

We may also use and share your health information for other reasons without your prior consent:

- **When required by law:** We will share information about you if state or federal law require it, including with the Department of Health and Human services if it wants to see that we're complying with federal privacy law.
- **For public health and safety:** We can share information in certain situations to help prevent disease, assist with product recalls, report adverse reactions to medications, and to prevent or reduce a serious threat to anyone's health or safety.
- **Organ and tissue donation:** We can share information about you with organ procurement organizations.
- **Medical examiner or funeral director:** We can share information with a coroner, medical examiner, or funeral director when an individual dies.
- **Workers' compensation and other government requests:** We can share information to employers for workers' compensation claims. Information may also be shared with health oversight agencies when authorized by law, and other special government functions such as military, national security and presidential protective services.
- **Law enforcement:** We may share information for law enforcement purposes. This includes sharing information to help locate a suspect, fugitive, missing person or witness.
- **Lawsuits and legal actions:** We may share information about you in response to a court or administrative order, or in response to a subpoena.
- **Research:** We can use or share your information for certain research projects that have been evaluated and approved through a process that considers a patient's need for privacy.

We may contact you in the following situations:

- **Treatment options:** To provide information about treatment alternatives or other health related benefits or Sanford Health Plan services that may be of interest to you.
- **Fundraising:** We may contact you about fundraising activities, but you can tell us not to contact you again.

YOUR RIGHTS THAT APPLY TO YOUR HEALTH INFORMATION

When it comes to your health information, you have certain rights.

- **Get a copy of your health and claims records:** You can ask to see or get a paper or electronic copy of your health and claims records and other health information we have about you. We will provide a copy or summary to you usually within 30 days of your request. We may charge a reasonable, cost-based fee.

- **Ask us to correct your health and claims records:** You can ask us to correct health information that you think is incorrect or incomplete. We may deny your request, but we'll tell you why in writing. These requests should be submitted in writing to the contact listed below.
- **Request confidential communications:** You can ask us to contact you in a specific way (for example, home or office phone) or to send mail to a different address. Reasonable requests will be approved. We must say "yes" if you tell us you would be in danger if we do not.
- **Ask us to limit what we use or share:** You can ask us to restrict how we share your health information for treatment, payment, or our operations. We are not required to agree to your request, and we may say "no" if it would affect your care. If you are not able to tell us your preference, for example if you are unconscious, we may go ahead and share your information if we believe it is in your best interest. We may also share your information when needed to lessen a serious and imminent threat to health or safety.
- **Get a list of those with whom we've shared information:** You can ask for a list (accounting) of the times we've shared your health information for six (6) years prior, who we've shared it with, and why. We will include all disclosures except for those about your treatment, payment, and our health care operations, and certain other disclosures (such as those you asked us to make). We will provide one (1) accounting a year for free, but we will charge a reasonable cost-based fee if you ask for another within twelve (12) months.
- **Get a copy of this privacy notice:** You can ask for a paper copy of this Notice at any time, even if you have agreed to receive it electronically. We will provide you with a paper copy promptly.
- **Choose someone to act for you:** If you have given someone medical power of attorney or if someone is your legal guardian, that person can exercise your rights and make choices about your health information. We will make sure the person has this authority and can act for you before we take any action.
- **File a complaint if you feel your rights are violated:** You can complain to the U.S. Department of Health and Human Services Office for Civil Rights if you feel we have violated your rights. We can provide you with their address. You can also file a complaint with us by using the contact information below. We will not retaliate against you for filing a complaint.

OUR RESPONSIBILITIES REGARDING YOUR HEALTH INFORMATION

- We are required by law to maintain the privacy and security of your health information.
- We will let you know promptly if a breach occurs that may have compromised the privacy or security of your health information.
- We must follow the duties and privacy practices described in this Notice and offer to give you a copy.
- We will not use, share, or sell your information for marketing or any purpose other than as described in this Notice unless you tell us to in writing. You may change your mind at any time by letting us know in writing.

CHANGES TO THIS NOTICE

We may change the terms of this Notice, and the changes will apply to all information we have about you. The new Notice will be available upon request and on our website www.sanfordhealthplan.com/ndpers.

EFFECTIVE DATE

This Notice of Privacy Practices is effective September 23, 2013.

NOTICE OF ORGANIZED HEALTH CARE ARRANGEMENT FOR Sanford Health Plan

Sanford Health Plan and Sanford Health Plan of Minnesota have agreed, as permitted by law, to share your health information among themselves for the purposes of treatment, payment, or health care operations. This notice is being provided to you as a supplement to the above Notice of Privacy Practices.

Attachment I. Summary of Benefits and Coverage 70

Introduction

Member Rights

The Plan is committed to treating Members in a manner that respects their rights. In this regard, the Plan recognizes that each Member (or the Member's parent, legal guardian or other representative if the Member is a minor or incompetent) has the right to the following:

1. Members have the right to receive impartial access to treatment and/or accommodations that are available or medically indicated, regardless of race; ethnicity; national origin; gender; age; sexual orientation; medical condition, including current or past history of a mental health and substance use disorder; disability; religious beliefs; or sources of payment for care.
2. Members have the right to considerate, respectful treatment at all times and under all circumstances with recognition of their personal dignity.
3. Members have the right to be interviewed and examined in surroundings designed to assure reasonable visual and auditory privacy.
4. Members have the right, but are not required, to select a Primary Care Practitioner and/or Provider (PCP) of their choice. If a Member is dissatisfied for any reason with the PCP initially chosen, he/she has the right to choose another PCP.
5. Members have the right to expect communications and other records pertaining to their care, including the source of payment for treatment, to be treated as confidential in accordance with the guidelines established in applicable North Dakota law.
6. Members have the right to know the identity and professional status of individuals providing service to them and to know which Practitioner and/or Provider is primarily responsible for their individual care. Members also have the right to receive information about our clinical guidelines and protocols.
7. Members have the right to a candid discussion with the Practitioners and/or Providers responsible for coordinating appropriate or medically necessary treatment options for their conditions in a way that is understandable, regardless of cost or benefit coverage for those treatment options. Members also have the right to participate with Practitioners and/or Providers in decision making regarding their treatment plan.
8. Members have the right to give informed consent before the start of any procedure or treatment.
9. When Members do not speak or understand the predominant language of the community, the Plan will make reasonable efforts to access an interpreter. The Plan has the responsibility to make reasonable efforts to access a treatment clinician that is able to communicate with the Member.
10. Members have the right to receive printed materials that describe important information about the Plan in a format that is easy to understand and easy to read.
11. Members have the right to a clear Grievance and Appeal process for complaints and comments and to have their issues resolved in a timely manner.
12. Members have the right to Appeal any decision regarding medical necessity made by the Plan and its Practitioners and/or Providers.
13. Members have the right to terminate from the Plan, in accordance with Employer and/or Plan guidelines.
14. Members have the right to make recommendations regarding the organization's Member's rights and responsibilities policies.
15. Members have the right to receive information about the organization, its services, its Practitioners and Providers and Members' rights and responsibilities.

Member Responsibilities

Each Member (or the Member's parent, legal guardian or other representative if the Member is a minor or incompetent) is responsible for cooperating with those providing Health Care Services to the Member, and shall have the following responsibilities:

1. Members have the responsibility to provide, to the best of their knowledge, accurate and complete information about present complaints, past illnesses, Hospitalizations, medications, and other matters relating to their health. They have the responsibility to report unexpected changes in their condition to the responsible Practitioner. Members are responsible for verbalizing whether they clearly comprehend a contemplated course of action and what is expected of them.
2. Members are responsible for carrying their Plan ID cards with them and for having Member identification numbers available when telephoning or contacting the Plan.
3. Members are responsible for following all access and availability procedures.
4. Members are responsible for seeking Emergency care at a Plan participating Emergency Facility whenever possible. In the event an ambulance is used, direct the ambulance to the nearest participating Emergency Facility unless the condition is so severe that you must use the nearest Emergency Facility. State law requires that the ambulance transport you to the Hospital of your choice unless that transport puts you at serious risk.
5. Members are responsible for notifying the Plan of an Emergency admission as soon as reasonably possible and no later than forty-eight (48) hours after becoming physically or mentally able to give notice.
6. Members are responsible for keeping appointments and, when they are unable to do so for any reason, for notifying the responsible Practitioner or the Hospital.
7. Members are responsible for following their treatment plan as recommended by the Practitioner primarily responsible for their care. Members are also responsible for participating in developing mutually agreed-upon treatment goals, and to the degree possible, for understanding their health conditions, including mental health and/or substance use disorders.
8. Members are responsible for their actions if they refuse treatment or do not follow the Practitioner's instructions.
9. Members are responsible for notifying NDPERS within *thirty-one (31)* days if they change their name, address, or telephone number.
10. Members are responsible for notifying NDPERS of any changes of eligibility that may affect their membership or access to services.

Grandfathered versus Non-Grandfathered Plans

A "Grandfathered" health plan is a health plan that was in place prior to March 23, 2010. Grandfathered plans are able to make routine changes to policies but are exempt from some of the Affordable Care Act's (ACA) health insurance reforms.

A "Non-Grandfathered" health plan is a health plan that must comply with all the Patient Protection and Affordable Care Act's health insurance reforms.

Please refer to your Summary of Benefits and Coverage (SBC) to find out if you have a grandfathered or non-grandfathered health plan.

Fraud

Fraud is a crime that can be prosecuted. Any Member who willfully and knowingly engages in an activity intended to defraud the Plan is guilty of fraud.

As a Member, you must:

1. File accurate claims. If someone else files claims on your behalf, you should review the form before you sign it;
2. Review the Explanation of Benefits (EOB) form when it is returned to you. Make certain that benefits have been paid correctly based on your knowledge of the expenses incurred and the services rendered;
3. Never allow another person to seek medical treatment under your identity. If your ID card is lost, you should report the loss to Sanford Health Plan immediately; and
4. Provide complete and accurate information on claim forms and any other forms. Answer all questions to the best of your knowledge.

If you are concerned about any of the charges that appear on a bill or Explanation of Benefits form, or if you know of or suspect any illegal activity, call Sanford Health Plan toll-free at (800) 499-3416. All calls are strictly confidential.

Service Area

The Service Area for SOUTH DAKOTA includes all counties in the state.

The Service Area for NORTH DAKOTA includes all counties in the state.

The Service Area for IOWA includes the following counties:

Services for the Deaf, Hearing Impaired, and/or Visually Impaired

If you are deaf or hearing impaired and need to speak to the Plan, call TTY/TDD: (877) 652-1844 *(toll-free)*. Please contact the Plan toll-free at (800) 499-3416 if you are in need of a large print copy or cassette/CD of this COI or other written materials.

In compliance with the Americans with Disabilities Act, this document can be provided in alternate formats. If you require accommodation or assistance concerning the services or information provided, please contact the NDPERS ADA Coordinator at (701) 328-3900.

Notice Regarding High Deductible Health Plan (HDHP) and a Health Savings Account (HSA)

This Benefit Plan is a high deductible health plan designed to comply with §223 of the U.S. Internal Revenue Code and is intended for use with a Health Savings Account (HSA).

Sanford Health Plan does not, and is not authorized to, provide legal or tax advice to Members. Sanford Health Plan expressly disclaims responsibility for, and makes no representation or warranty regarding: (1) the eligibility of any Member to establish or contribute to an HSA; or (2) the suitability of this product in all circumstances for use with HSAs.

Health Savings Account (HSA) Eligibility

This Benefit Plan is intended to be compatible with Health Savings Accounts (HSAs) as described in §223 of the U.S. Internal Revenue Code, which means the Benefit Plan is designed to comply with federal law requirements regarding Deductible Amounts and Out-of-Pocket Maximum Amounts. If a Member desires to establish an HSA, the Member must enter into a separate written agreement with an HSA trustee or custodian. An HSA will be established for permanent employees of the State by NDPERS pursuant to the requirements and restrictions of N.D.C.C. §54-52.1-18. Since HSAs are personal health care savings vehicles, Sanford Health Plan is unable to provide legal or tax advice as to whether Members are eligible to establish or contribute to an HSA in any tax year.

In addition, although a Member must be covered by a High Deductible Health Plan in order to contribute to an HSA, additional rules apply:

a. Members may not contribute to an HSA, for example, if:
    1. the Member can be claimed as a dependent on someone else's tax return (this is different from an Eligible Dependent for purposes of insurance coverage under the Plan); or
    2. the Member has other health coverage (other than high deductible coverage), including Medicare, coverage through a spouse, or coverage under a cafeteria plan that provides reimbursement of medical expenses.
b. Members are solely responsible for determining the legal and tax implications of:
    1. establishing an HSA;
    2. eligibility for an HSA;
    3. the amount of contributions made to an HSA;
    4. the deductibility of contributions made to an HSA; and
    5. withdrawals from an HSA and related taxation.

Sanford Health Plan encourages Members to consult with an accountant, lawyer, or other qualified tax adviser about how HSA and HDHP rules apply to their own individual situations.

Section 1. Schedule of Benefits

General

This section outlines the payment provisions for Covered Services described in Sections 2 and 5, subject to the definitions, exclusions, conditions and limitations of this Benefit Plan.

Overview of Cost Sharing Amounts and How They Accumulate

Cost Sharing Amounts include Coinsurance, Deductible, Prescription Drug Coinsurance Maximum, Infertility Services Deductible and Out-of-Pocket Maximum Amounts. See *Cost Sharing Amounts – Details & Definitions* later in this Section for more information.

Note:

- A Member must meet the annual Deductible Amount before Coinsurance Amounts apply to the cost of Covered Services, unless otherwise specified in this Certificate of Insurance and/or the Member's Summary of Benefits and Coverage (SBC).
- The Deductible Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, accumulate jointly up to the PPO Deductible Amount.
- The Out-of-Pocket Maximum Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, accumulate jointly up to the PPO Out-of-Pocket Maximum Amount.
- When the PPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from a PPO Health Care Provider will be paid at 100% of Allowed Charge
- Covered Services sought on a Basic Plan basis will continue to be paid at 75% of the Allowed Charge until the Out-of-Pocket Maximum Amount for Basic Plan services is met.
- Prescription Medication/Coinsurance costs accumulate toward a Member's cumulative annual Out-of-Pocket Maximum.

A Member is responsible for Cost Sharing Amounts. All Members in the family contribute to Deductible and Coinsurance Amounts. Health Care Providers may bill you directly or request payment of Coinsurance and Deductible Amounts at the time services are provided. For the specific benefits and limitations that apply to this plan, please see Section 2, *Outline of Covered Services*; Section 5, *Covered Services*; Section 6, *Limited and Non-Covered Services*; and your Summary of Benefits and Coverage.

If Sanford Health Plan pays amounts to the Health Care Provider that are the Member's responsibility, such as Deductibles or Coinsurance Amounts, Sanford Health Plan may collect such amounts directly from the Member. The Member agrees that Sanford Health Plan has the right to collect such amounts from the Member.

Benefit Schedule	Basic Plan	PPO Plan
Under this Benefit Plan the Deductible Amounts are:		
Single Coverage	$1,500 per Benefit Period	$1,500 per Benefit Period
Family Coverage	$3,000 per Benefit Period	$3,000 per Benefit Period
Under this Benefit Plan the Coinsurance Maximum Amounts are:		
Single Coverage	$2,000 per Benefit Period	$1,500 per Benefit Period
Family Coverage	$4,000 per Benefit Period	$3,000 per Benefit Period
Under this Benefit Plan the Out-of-Pocket Maximum Amounts are:		
Single Coverage	$3,500 per Benefit Period	$3,000 per Benefit Period
Family Coverage	$7,000 per Benefit Period	$6,000 per Benefit Period

Selecting a Health Care Provider

The benefit payment available under this Benefit Plan differs depending on the Subscriber's choice of a Health Care Provider. This Benefit Plan recognizes Health Care Providers based on the Health Care Provider's relationship with Sanford Health Plan. Providers that are contracted with Sanford Health Plan and participate in the Plan's Network will be paid at either the PPO Plan or Basic Plan level.

Members should refer to the Sanford Health Plan website (www.sanfordhealthplan.com/ndpers) for the Provider Director, which lists Participating Health Care Providers. The Sanford Health Plan website is continuously updated and has the most up-to-date listing of Health Care Providers. Members may also call Member Services at (800) 499-3416 *(toll-free)* or TTY/TDD: (877) 652-1844 *(toll-free)* to request a provider directory.

How PPO vs. Basic Plan Determines Benefit Payment

PPO Plan

PPO stands for "Preferred Provider Organization" and is a group of Health Care Providers who provide discounted services to the Members of NDPERS. Because PPO Health Care Providers charge Sanford Health Plan less for medical care services provided to the Members of NDPERS, cost savings are passed on to Members by way of reduced Cost Sharing Amounts.

To receive a higher payment level, Covered Services must be received from an NDPERS PPO Health Care Provider. Please see the NDPERS PPO Health Care Provider Listing at www.sanfordhealthplan.com/ndpers.

Note: Benefits for Covered Services received by Eligible Dependents, as outlined in Section 3, *Eligibility Requirements for Dependents*, who are residing out of the state of North Dakota, will be paid at the Basic Plan level, if the Subscriber, or the Subscriber's spouse, is required by court order to provide health coverage for that Eligible Dependent. You may be asked to provide a copy of the court order to the Plan.

Basic Plan

If a PPO Health Care Provider is: 1) not available in the Member's area; or 2) if the Member either chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization (PPO), the Member will receive the Basic Plan benefits if the Health Care Provider is contracted as part of the Sanford Health Plan Network.

Other Health Care Providers

Participating Health Care Providers

When Covered Services are received from a Participating Health Care Provider, the Participating Health Care Provider agrees to submit claims to Sanford Health Plan on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider according to the terms of this Benefit Plan and the participation agreement between the Health Care Provider and Sanford Health Plan.

When Covered Services are received from a Participating Health Care Provider, a provider discount provision is in effect. This means the Allowance paid by Sanford Health Plan will be considered by the Participating Health Care Provider as payment in full, except for Cost Sharing Amounts, or if applicable, Maximum Benefit Allowances or Lifetime Maximums.

Participating Health Care Providers have also agreed to perform managed benefits requirements on behalf of the Member. If the Health Care Provider is a Participating Health Care Provider (either at the PPO or Basic Plan level by contracted "participation agreement" with Sanford Health Plan), the benefit payment will be as indicated in the Outline of Covered Services and the Member's Summary of Benefits and Coverage (SBC).

Non-Participating Health Care Providers

If a Member receives Covered Services from a Non-Participating Health Care Provider (health care providers who are not contracted with Sanford Health Plan), the Member will be responsible for notifying Sanford Health Plan of the receipt of services. If Sanford Health Plan needs copies of medical records to process the Member's claim, the Member is responsible for obtaining such records from the Non-Participating Health Care Provider.

Non-Participating Health Care Providers within the State of North Dakota

If a Member receives Covered Services from a Non-Participating Health Care Provider within the state of North Dakota, benefit payments will be based on the Allowance and reduced by an additional 20%. The 20% payment reduction does not apply toward the Out-of-Pocket Maximum Amount. The Allowance will not exceed 80% of the billed charge.

Note: The Member is responsible for the 20% payment reduction and any charges in excess of the Allowance for Covered Services.

Benefit payments will be made directly to the Provider for Covered Services received from a Non-Participating Health Care Provider. Sanford Health Plan may designate a Health Care Provider as Non-Payable.

Non-Participating Health Care Providers outside the State of North Dakota

If a Member receives Covered Services from a Non-Participating Health Care Provider outside the state of North Dakota, the Allowance for Covered Services will be an amount within a general range of payments made and judged to be reasonable by Sanford Health Plan.

Note: The Member is responsible for any charges in excess of the Allowance for Covered Services.

If a Member receives Covered Services from a Health Care Provider in a county contiguous to North Dakota, the benefit payment will be provided on the same basis as a Health Care Provider located in the state of North Dakota. If the Health Care Provider is a Participating Health Care Provider, the benefit payment will be as indicated in the Outline of Covered Services and SBC. If the Health Care Provider is not a Participating Health Care Provider, benefits will be available at the same level as Non-Participating Health Care Providers within the state of North Dakota. Sanford Health Plan may designate a Health Care Provider as Non-Payable

Non-Participating Providers outside the Sanford Health Plan Service Area

When Covered Services are provided outside of Sanford Health Plan's Service Area by health care providers who have not entered into a "participating agreement" with Sanford Health Plan (non-participating health care providers), the amount the Member pays for such services will generally be based on either Sanford Health Plan's non-participating health care provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be liable for the difference between the amount that the non-participating health care provider bills and the payment Sanford Health Plan will make for the Covered Services as set forth in this paragraph.

In certain situations, Sanford Health Plan may use other payment bases, such as the payment Sanford Health Plan would make if the Covered Services had been obtained within the Sanford Health Plan Service Area, or a special negotiated payment, as permitted, to determine the amount Sanford Health Plan will pay for Covered Services provided by non-participating health care providers. In these situations, a Member may be liable for the difference between the amount that the non-participating health care provider bills and the payment Sanford Health Plan will make for the Covered Services as set forth in this paragraph.

Health Care Providers outside the United States

The benefits available under this Benefit Plan are also available to Members traveling or living outside of the United States. The same Preauthorization/Prior Approval requirements will apply. If the Health Care Provider is a Participating Provider, the Participating Health Care Provider will submit claims for reimbursement on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider. If the Health Care Provider is not a Participating Provider, the Member will be responsible for payment of services and submitting a claim for reimbursement to Sanford Health Plan. Sanford Health Plan will provide translation and currency conversion services for the Member's claims outside of the United States.

Sanford Health Plan will reimburse Prescription Medications purchased outside the United States by Members who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Members are traveling and new medication therapy is initiated for acute conditions or where emergency replacement of medications originally prescribed and purchased in the United States is necessary. The reimbursable supply of medications in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

Non-Payable Health Care Providers

If Sanford Health Plan designates a Health Care Provider as *Non-Payable*, no benefits will be available for Covered Services prescribed by, performed by, or under the direct supervision of the *Non-Payable Health Care Provider*. Notice of designation as a Non-Payable Health Care Provider will be provided to Members at least 30 days prior to the effective date of designation as a Non-Payable Health Care Provider.

As of the date of termination, all charges incurred by a Member for services received from the Non-Payable Health Care Provider will be the Subscriber's responsibility.

Medicare Private Contracts

A Health Care Provider may ask a Member who is eligible for Medicare to enter into a Medicare private contract where the Member and the Health Care Provider agree that the Member is to be provided with services outside of the Medicare program. This Medicare private contract must be entered into between the Member and the Health Care Provider prior to the receipt of any services and indicate that 1) neither the Member nor the Health Care Provider is permitted to file a request for reimbursement with Medicare for any of the services provided by the Health Care Provider; and 2) the Health Care Provider can charge any amount agreed to by the Member for services instead of the Medicare limiting charge.

Under a Medicare private contract, the Health Care Provider can set any price for services but Medicare will not pay anything. If the Member enters into a Medicare private contract, Medicare will not pay any portion of the services and Sanford Health Plan will limit its payment to the amount Sanford Health Plan would have paid as though Medicare was paying for such Covered Services. If a Member enters into a Medicare private contract, the Member is responsible for paying the difference between the amount billed by the Health Care Provider for Covered Services and the amount paid by Sanford Health Plan.

Cost Sharing Amounts – Details & Definitions

A **Cost Sharing Amount** is the dollar amount a Member is responsible for paying when Covered Services are received from a Health Care Provider. Cost Sharing Amounts include Coinsurance and Deductible Amounts.

Applicable Cost Sharing Amounts are identified in Section 2 and the Member's Summary of Benefits and Coverage. Also, see the schedule above in *Overview of Cost Sharing Amounts and how they accumulate* for the specific Cost Sharing Amounts that apply to this Benefit Plan.

Coinsurance

Sanford Health Plan shall calculate Coinsurance Amounts on behalf of Members obtaining Covered Services within the Sanford Health Plan contracted provider network on the lesser of (1) billed charges or (2) provider negotiated payment rates (Allowed Charge).

If Covered Services are obtained by a Member out of the Sanford Health Plan contracted provider network, the coinsurance calculation may be based on the Health Care Provider's billed charges. This may result in a significantly higher Coinsurance Amount for certain services a Member incurs out of the Sanford Health Plan contracted provider network. It is not possible to provide specific information for each Health Care Provider outside of Sanford Health Plan's Service Area because of the many different arrangements between Health Care Providers. However, if a Member contacts Sanford Health Plan prior to receiving services from a Health Care Provider outside of Sanford Health Plan's Service Area, Sanford Health Plan may be able to provide information regarding specific Health Care Providers.

Coinsurance Maximum Amounts

The total Coinsurance Amount that is a Member's responsibility during a Benefit Period. The Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period.

Deductibles

The Deductible Amount renews on January 1 of each consecutive Benefit Period. A Member must meet the annual Deductible Amount before Coinsurance Amounts apply to the cost of Covered Services, unless otherwise specified in this Certificate of Insurance.

Note: The Deductible Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, accumulate jointly up to the PPO Deductible Amount.

Out-of-Pocket Maximum Amounts

When the Out-of-Pocket Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Covered Services. The Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period.

Note: The Out-of-Pocket Maximum Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, cross accumulate jointly up to the PPO Out-of-Pocket Maximum Amount.

Note: When the PPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from a PPO Health Care Provider will be paid at 100% of Allowed Charge. Covered Services sought on a Basic Plan basis will continue to be paid at 75% of the Allowed Charge until the Out-of-Pocket Maximum Amount for Basic Plan services is met.

Prescription Medications and Coinsurance

A Member must meet the Annual Deductible before Coinsurance Amounts will apply to prescription medications. When the Out-of-Pocket Maximum Amount that is a Member's responsibility during a Benefit Period is met, this Benefit Plan will pay 100% of the Allowed Charge for Formulary Prescription Medications. This Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period.

Note: Prescription Medication Coinsurance Amounts accumulate toward a Member's cumulative annual Out-of-Pocket Maximum. The Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period.

Infertility Services Coinsurance

Any Member-paid coinsurance costs for infertility services do not apply toward annual Out-of-Pocket Maximum Amounts. Infertility services are limited to a lifetime benefit maximum, per Member, of $20,000.

Section 2. Outline of Covered Services

Formulary breast cancer preventive medications obtainable with a Prescription Order are covered at 100% (no charge) for women at increased risk for breast cancer. *Deductible Amount is waived.* For details, see Section 5(e).

Section 3. Enrollment

Eligibility and When to Enroll

As provided in N.D.C.C. §54-52.1-01(4) and §54-52.1-18, individuals eligible to receive benefits are every permanent employee who is employed by the state, and political subdivisions which elect the HDHP option, whose services are not limited in duration, who is filling an approved and regularly funded position in the state, and political subdivisions which elect the HDHP option, and who is employed at least seventeen and one-half hours per week and at least five months each year or for those first employed after August 1,2003, is employed at least twenty hours per week and at least twenty weeks each year of employment. An eligible employee includes members of the Legislative Assembly, judges of the Supreme Court, paid members of state boards, commissions, or associations, or political subdivision boards, commissions, or associations which elect the HDHP option, full-time employees of political subdivisions which elect the HDHP option, elective state officers as defined by N.D.C.C. §54-06-01(2), disabled permanent state employees and disabled employees of political subdivisions which elect the HDHP option, who are receiving compensation from the North Dakota workforce safety and insurance.

A temporary employee of a political subdivision which elects the HDHP option, who is employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made before January 1, 2015, and if the temporary employee is participating in the uniform group insurance program on January 1, 2015. In order for a temporary employee of a political subdivision which elect the HDHP option, who is employed after July 31, 2007, to qualify to participate in the uniform group insurance program, the employee must be employed at least twenty hours per week; must be employed at least twenty weeks each year of employment; must make the election to participate before January 1, 2015; and must be participating in the uniform group insurance program as of January 1, 2015. To be eligible to participate in the uniform group insurance program, a temporary employee of a political subdivision which elects the HDHP option, who is first employed after December 31, 2014, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, must meet the definition of a full-time employee under §4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)]. Temporary employees employed by the state of North Dakota are not eligible to participate in this Benefit Plan.

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment or eligibility for a special enrollment period as set forth in N.D.A.C. §71-03-03. Each eligible employee may elect to enroll his/her Eligible Dependents.

Eligible employees also include non-Medicare eligible retired and terminated employees, and their Eligible Dependents, who remain eligible to participate in the uniform group insurance program pursuant to applicable state law, as provided in N.D.C.C. §54-52.1-03 and federal regulations. For a comprehensive description of eligibility, refer to the NDPERS web site at www.nd.gov/ndpers.

Eligibility to receive benefits under the Benefit Plan is initially determined by the Plan Administrator. When an eligible employee meets the criteria for eligibility, a membership application must be completed. NDPERS has the ultimate decision making authority regarding eligibility to receive benefits.

A "Late Enrollee" is an Eligible Group Member or Eligible Dependent who declines coverage when he or she is initially eligible to enroll and later requests to enroll for coverage. A Late Enrollee can only enroll during the next scheduled Annual Enrollment Period. A Member is not a "Late Enrollee" if any "special enrollment right(s)" apply, as described later in this section.

How to Enroll

Both the Group and Group Member are involved in the enrollment process.

The Group Member must:

1. Complete the enrollment process, as designated by NDPERS, for the Group Member and any Eligible Dependents; and
2. Provide all information needed to determine the eligibility of the Group Member and/or Dependents, if requested by the Plan.

The Group must:

1. Provide all information needed by the Plan to determine eligibility; and
2. Agree to pay required premium payments on behalf of the Group Member.

When Coverage Begins

Coverage generally becomes effective on the first day of the month that follows the date of hire, as designated by NDPERS.

If you are an inpatient in a Hospital or other Facility on the day your coverage begins, we will pay benefits for Covered Services that you receive beginning on the date your coverage becomes effective, as long as you receive Covered Services in accordance with the terms of this Certificate. Payment of benefits is subject to any obligations under a previous plan or coverage arrangement in accordance with state law and applicable regulations.

For more information, see Section 11, "*Continuation of Coverage for Confined Members*" and "*Extension of Benefits for Total Disability*".

Eligibility Requirements for Dependents

The following Dependents are eligible for coverage ("Dependent coverage"):

Spouse - The Subscriber's spouse under a legally existing marriage between persons of the opposite sex. A Spouse is always eligible for coverage, subject to eligibility requirements as designated by NDPERS.

Dependent Child - To be eligible for coverage, a dependent child must meet all the following requirements:

1. Be your natural child, a child placed with you for adoption, a legally adopted child, a child for whom you have legal guardianship, a stepchild, or foster child; and

2. Be one of the following:
   a. under age twenty-six (26); or
   b. incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within *thirty-one (31)* days of the Plan's request. Such a request may be no more than annually following the two year period of the disabled dependent child's attainment of the limiting age [N.D.C.C. §26.1-36-22 (4)]; or
   c. the Subscriber's grandchild(ren) or those of the Subscriber's living, covered Spouse, who legally reside with the Certificate holder/Subscriber and (1) the parent of the grandchild(ren) is an Covered Dependent also covered by this Plan; and (2) both the Dependent and child of such Dependent (grandchild) are chiefly dependent upon the Certificate holder/Subscriber for support.

Dependent coverage does not include the spouse of an adult Dependent child. Coverage will continue to the end of the month in which the adult Dependent child reaches the limiting age. Coverage does not include the adult Dependent child's spouse or child of such Dependent (grandchild) unless that grandchild meets other coverage criteria established under state law. The adult Dependent's marital status, financial dependency, residency, student status or employment status will not be considered in determining eligibility for initial or continued coverage.

Limitations. A Dependent shall not be covered under this Contract if he or she is eligible to be a Subscriber, already covered as a Dependent of another Subscriber, or already covered as a Subscriber.

Noncustodial Subscribers

Whenever a Dependent Child receives coverage under the Plan through the noncustodial parent who is the Subscriber, the Plan shall do all of the following:

1. Provide necessary information to the custodial parent in order for the Dependent Child to receive benefits under the Plan;
2. Allow the custodial parent or Provider, with the custodial parent's approval, to submit claims for Covered Services without approval from the noncustodial parent; and
3. Make payment on the submitted claims directly to the custodial parent or Provider.

Status of Member Eligibility

The Plan Administrator agrees to furnish Sanford Health Plan with any information required by Sanford Health Plan for the purpose of enrollment. Any changes affecting a Member's eligibility for coverage must be provided to Sanford Health Plan by the Plan Administrator and/or the Member immediately, but in any event, the Plan Administrator and/or the Member shall notify Sanford Health Plan within 31 days of the change.

Statements made on membership applications are deemed representations and not warranties. No statements made on the membership application may be used in any contest unless a copy has been furnished to that person, or in the event of the death or incapacity of that person, to the individual's beneficiary or personal representative. The Subscriber is provided a copy of the membership application at the time of completion.

A Member making a statement (including the omission of information) on the membership application or in relation to any of the terms of this Benefit Plan constituting fraud or an intentional misrepresentation of a material fact will result in the rescission of this Benefit Plan by Sanford Health Plan. A rescission is a cancellation or discontinuance of coverage, including any benefits paid, that has a retroactive effect of voiding this Benefit Plan or any benefits paid under the terms of this Benefit Plan.

Physical Examinations

Sanford Health Plan at its own expense may require a physical examination of the Member as often as necessary during the pendency of a Claim for Benefits and may require an autopsy in case of death if the autopsy is not prohibited by law.

Qualified Medical Child Support Order (QMCSO) Provision

A QMCSO is an order of a court or administrative tribunal that creates the right of a Member's child to be enrolled under this Plan. If a QMCSO is issued, this Plan will provide benefits to the child(ren) of a covered person regardless of whether the child(ren) resides with the Member. In the event that a QMCSO is issued, each named child(ren) will be covered by this Plan in the same manner as any other Dependent child(ren) by this Plan.

When the Plan is in receipt of a medical child support order, the Plan will notify the Member and each child named in the order, that the Plan is in receipt of a QMCSO which contains the following required information:

- Name and last known address of the Member and the child(ren) to be covered by the Plan.
- A description of the type of coverage to be provided by this Plan to each named child.
- The applicable period determined by the order.
- The plan determined by the order.

In order for the child's coverage to become effective as of the date of the court order issued, the Member must apply for coverage as defined previously in this section. Each named child may designate another person, such as a custodial guardian, to receive copies of explanation of benefits, payments, and other materials.

Exceptions. If a court has ordered a Subscriber to provide health coverage for a Dependent Child, the requirements in the *Dependent Child* subsection above, "*Eligibility Requirements for Dependents*" need not be satisfied, but the Subscriber must still request enrollment on behalf of the Dependent Child as set forth in this Plan. If the Subscriber fails to enroll the Dependent Child, the other parent or the legal representative of the Dependent Child, may enroll the Dependent Child. A Dependent Child who is provided coverage pursuant to this exception shall not be terminated unless the Plan is provided satisfactory written evidence of any of the following:

1. The court or administrative order is no longer in effect;
2. The Dependent Child is or will be enrolled in comparable health coverage through an insurer which will take effect not later than the

effective date of the termination; or
3. The Group has eliminated family coverage for all of its Members.

Michelle's Law

Federal law requires that we provide the following notice regarding Michelle's Law [Public Law 110-381]. Please note that changes in federal law may eliminate certain elements of Michelle's Law, and the Plan intends to provide continuing coverage of Eligible Dependents up to age twenty-six (26), irrespective of their student status, for Plan Years beginning on or after September 23, 2010.

A Dependent Child under twenty-five (25) years old and enrolled in and attending an accredited college, university, or trade or secondary school at least five (5) months each year will remain covered if the Dependent takes a medically necessary leave of absence from school or changes to part-time status. The leave of absence must:

1. Be medically necessary;
2. Commence while the child is suffering from a serious illness or injury; and
3. Cause the child to lose coverage under the plan.

Students are only eligible as long as they were covered by their parent's health insurance Certificate prior to diagnosis.

Coverage will continue until the earlier of one year from the first day of the leave of absence or the date on which coverage would otherwise terminate because the child no longer meets the requirements to be an Eligible Dependent (e.g., reaching the Plan's limiting age).

You must provide a written and signed certification from the Dependent Child's treating Practitioner and/or Provider stating that the Dependent Child is suffering from a serious illness or injury and that the leave of absence is medically necessary and the effective date of the leave.

When and How to Enroll Dependents

When to Enroll Dependents

A Subscriber shall apply for coverage for a Dependent during the same periods of time that the Subscriber may apply for his or her own coverage. However, there is an exception for newborn and adopted children; see "*Coverage from Birth*" and "*Adoption or Children Placed for Adoption*" below. There is also an exception for Spouses; see "*New Spouses and Dependent Children*" below.

How to Enroll Dependents

The Group Member must:

1. Complete the enrollment process, as designated by NDPERS, for the Group Member and any Eligible Dependents; and
2. Provide all information needed to determine the eligibility of the Group Member and/or Dependents, if requested by the Plan.

When Dependent Coverage Begins

1. **General.** If a Dependent is enrolled at the same time the Subscriber enrolls for coverage, the Dependent's effective date of coverage will be the same as the Subscriber's effective date as described in "*When Coverage Begins*" above.
2. **Delayed Effective Date of Dependent Coverage.** Except for newborns (see item 3 below), if, on the date Dependent coverage becomes effective, the Dependent is Hospitalized and covered under an extension of health benefits from a previous Group health plan or other coverage arrangement, coverage under this Contract shall be subject to benefits payable under the previous plan or coverage arrangement.
3. **Coverage from Birth.** If a Subscriber has a child through birth, the child will become a covered Dependent from the date of birth. Depending on the Class of Coverage the Subscriber is enrolled under, the following provisions apply:
   a. **Subscribers with Single Coverage:** For coverage to continue beyond thirty-one (31) days of the newborn's date of birth, coverage must applied for through NDPERS within thirty-one (31) days of the newborn's date of birth.
   b. **Subscribers with Family Coverage:** Subscribers with Family Coverage under the Plan are encouraged to notify the Plan in advance when a pregnancy and expected due date is known. Newborn children will be added to the Certificate automatically if the Subscriber is enrolled in Family Coverage and the Plan and/or NDPERS is notified of the pregnancy.

   An Eligible Group Member, and any other Dependents, eligible to be enrolled in the Plan, but who failed to enroll during a previous enrollment period, shall be covered under this Contract from the date of the newborn child's birth, provided that coverage is applied for through NDPERS within thirty-one (31) days. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee's Eligible Dependent is enrolled.

   Dependent coverage is available for the Spouse, if the Spouse is otherwise eligible for coverage under the Plan, provided coverage is applied through NDPERS for the Spouse and, if applicable, the Group Member, within thirty-one (31) days of the newborn child's birth.
4. **Adoption or Children Placed for Adoption.** If a Subscriber adopts a child or has a child placed with him or her as a Dependent, that child will become covered as an Eligible Dependent as of the date specified within a court order or other legal adoption papers. Regardless of the Class of Coverage the Subscriber is enrolled under, the following provisions apply:
   a. **Subscribers with either Single or Family Coverage:** For coverage to continue beyond thirty-one (31) days of the date specified within the court order or other legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage, the Subscriber must submit an application for coverage to NDPERS within thirty-one (31) days of the date specified within the court order or other legal adoption papers that granted initial eligibility.

   An Eligible Group Member, and any other Dependents, eligible to be enrolled in the Plan, who failed to enroll during a previous enrollment period, shall be covered as of the date specified within a court order or other legal adoption papers, if the Eligible Group Member, and any other Eligible Dependents, submits an application for coverage to NDPERS within thirty-one (31) days of the date specified within the court order or in the legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage

at the same time that the Employee's Eligible Dependent is enrolled.

Dependent coverage is available for the Spouse, if the Spouse is otherwise eligible for coverage under the Plan, provided that an application for coverage is submitted to NDPERS for the Spouse and, if applicable, the Group Member, within thirty-one (31) days of the date specified within the court order or in the legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage.

Coverage at the time of placement for adoption includes the necessary care and treatment of medical conditions existing prior to the date of placement.

5. **New Spouses and Dependent Children.** If a Subscriber gets married, his or her Spouse, and any of the Spouse's Dependents who become Eligible Dependents of the Subscriber as a result of the marriage, will become covered as a Member from the first day of the calendar month beginning after the date of marriage, provided that coverage is applied for the Spouse and/or the Dependent within thirty-one (31) days of the date of marriage.

   If an Eligible Group Member, who is an Employee eligible to enroll in the Plan, but who did not do so during a previous enrollment period, gets married, the employee becomes an eligible Subscriber under the following conditions. The Subscriber, his or her Spouse, and any Dependents who become Eligible Dependents of the Subscriber as a result of the marriage, will become covered as a Member from the first day of the calendar month beginning after the date of marriage, provided that coverage is applied for within thirty-one (31) days of the date of marriage. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the employee's Eligible Dependent is enrolled.

Special Enrollment Procedures & Rights

A. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any mailing address change within 31 days of the change.

B. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any change in marital status within 31 days of the change.
   1. If the Subscriber marries, Eligible Dependents may be added as a Member if a membership application is submitted within 31 days of the date of marriage. If the membership application is not submitted within the 31-day period, and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

      If the membership application is submitted within 31 days of the date of marriage, the effective date of coverage for the Eligible Dependent will be the first of the month immediately following the date of marriage. If the membership application is not submitted within 31 days of the date of marriage and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   2. If a Member becomes otherwise ineligible for group membership under this Benefit Plan due to legal separation, divorce, annulment, or death, coverage for the Subscriber's Spouse and/or Dependents under Family Coverage will cease, effective the first of the month immediately following timely notice of the event causing ineligibility.

      If living in the Sanford Health Plan Service Area (see *Service Area* in Introduction Section), a Member has the option to continue coverage through one of Sanford Health Plan's individual plans. For more information on options available through Sanford Health Plan, visit www.sanfordhealthplan.com/ndpers or call Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

      There may also be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as another employer's plan) through what is called a "special enrollment period." The cost of these options may vary depending on a Subscriber's individual circumstances. To learn more about offerings on the Marketplace, and options outside the Sanford Health Plan Service Area, visit www.healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.

C. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) and Sanford Health Plan of any change in family status within 31 days of the change. The effective date of coverage for dependents added to this Benefit Plan within the designated time period will be the date of birth, physical placement, or the first of the month immediately following the date established by court order. If a membership application is not submitted within the designated time period and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

   The following provisions will apply:
   1. At the time of birth, natural children will automatically be added to the Subscriber's Benefit Plan if Family Coverage is in force. If the Subscriber is enrolled under another Class of Coverage, the Subscriber must submit a membership application for the newborn child within 31 days of the date of birth. If the membership application is not submitted within the designated time period and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   2. Adopted children may be added to this Benefit Plan if a membership application, accompanied by a copy of the placement agreement or court order, is submitted to Sanford Health Plan within 31 days of physical placement of the child. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   3. Children for whom the Subscriber or the Subscriber's living, covered spouse have been appointed legal guardian may be added to this Benefit Plan by submitting a membership application within 31 days of the date legal guardianship is established by court order. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.
   4. Children for whom the Subscriber or the Subscriber's living, covered spouse are required by court order to provide health benefits may be added to this Benefit Plan by submitting a membership application within 31 days of the date established by court order. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

5. If any of the Subscriber's children, who are beyond the age of 26 and incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance, coverage will remain in effect as long as the disabled child remains dependent upon the Certificate holder/Subscriber or the Subscriber's spouse for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within *thirty-one (31)* days of the Plan's request.
6. If a child is no longer an Eligible Dependent under this Benefit Plan, and the child is living in the Sanford Health Plan Service Area (see *Service Area* in the above Introduction Section), the Dependent has the option to continue coverage through one of Sanford Health Plan's individual plans. For more information on options available through Sanford Health Plan, visit www.sanfordhealthplan.com/ndpers or call Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. There may also be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as another employer's plan) through what is called a "special enrollment period." The cost of these options may vary depending on a Subscriber's individual circumstances. To learn more about offerings on the Marketplace, and options outside the Sanford Health Plan Service Area, visit www.healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.
7. At the time of birth or adoption, other Eligible Dependents may be added to this Benefit Plan if a membership application is submitted to NDPERS within 31 days of birth or physical placement of the adopted child. If the membership application is not received in accordance with this provision, and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

D. Employees and/or dependents who previously declined coverage under this Benefit Plan will be able to enroll under this Benefit Plan if each of the following conditions are met:
   1. During the initial enrollment period the employee or dependent states, in writing, that coverage under a group health plan or health insurance coverage was the reason for declining enrollment at such time.
   2. The employee's or dependent's coverage under a group health plan or other health insurance coverage:
      a. was either terminated as a result of loss of eligibility (Including loss as a result of legal separation, divorce, death, termination of employment or reduction of hours, loss as a result of having a subsequent opportunity for late enrollment [including the Annual Enrollment Period] or special enrollment under the Benefit Plan but again choosing not to enroll, or employer contributions toward such coverage were terminated; or
      b. was under COBRA and the coverage was exhausted.
   3. The employee requests such enrollment within 31 days after the exhaustion or termination of coverage.

   The effective date of coverage for an employee and/or dependent that previously declined coverage under this Benefit Plan, and is enrolling pursuant to this provision, will be the first of the month following the exhaustion or termination of the employee's and/or dependent's previous coverage. The employee and/or dependent shall be responsible for any and all premium payments from the effective date of coverage under this provision through the date the employee and/or dependent requests enrollment under the terms of this Benefit Plan.

   If the membership application is not received in accordance with this provision and the employee or dependent is a Late Enrollee, the Late Enrollee's effective date of coverage will be the Group's anniversary date.

E. Employees and/or dependents will be able to enroll under this Benefit Plan if either of the following conditions is met:
   1. The employee or dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or under a state child health plan under Title XXI of the Social Security Act and the employee's or dependent's coverage under such a plan is terminated as a result of loss of eligibility. The employee must request enrollment within 60 days of the date of termination of coverage; or
   2. The employee or dependent becomes eligible for premium assistance under a Medicaid plan under Title XIX of the Social Security Act or under a state child health plan under Title XXI of the Social Security Act. The employee must request enrollment within 60 days of the date the employee or dependent is determined to be eligible for premium assistance.

      The effective date of coverage under this Benefit Plan for an employee and/or dependent enrolling pursuant to this provision will be the first day immediately following the termination of coverage or eligibility for premium assistance. The employee and/or dependent shall be responsible for any and all premium payments from the effective date of coverage under this provision through the date the employee and/or dependent requests enrollment under the terms of this Benefit Plan.

Note: The following do not qualify for a special enrollment period: 1) Loss of Minimum Essential Coverage due to failure to make premium payment and/or allowable rescissions of coverage; 2) Voluntarily terminating/dropping COBRA coverage before it runs out outside Annual Enrollment. COBRA coverage must be exhausted (usually 18 or 36 months) or another qualifying life event must occur before eligible for special enrollment.

Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA)

The Children's Health Insurance Program Reauthorization Act of 2009 grants Special Enrollment Rights to employees and dependents who are eligible for, but not enrolled in, a group health plan to enroll in the plan upon:

- losing eligibility for coverage under a State Medicaid or CHIP program; or
- becoming eligible for State premium assistance under Medicaid or CHIP.

In order to qualify for Special Enrollment, an Eligible Employee or Dependent must request coverage within sixty (60) days of either being terminated from Medicaid or CHIP coverage or being determined to be eligible for premium assistance. The Plan will also require the Eligible Employee to enroll. Special enrollment rights extend to all benefit packages available under the Plan. If you have questions about enrolling in your employer's plan under CHIPRA Special Enrollment Rights, contact the Department of Labor at www.askebsa.dol.gov or call (866) 444-3272 *(toll-free)*.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **(877) KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply.

Section 4. How you get care

Identification cards

The Plan will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Provider, a health care Facility, or fill a prescription at a Plan pharmacy. If you fail to show your ID card at the time you receive health care services or prescription medications, you may be responsible for payment of the claim after the Participating Practitioner and/or Provider's timely filing period of one-hundred-eighty (180) days has expired. Your coverage will be terminated if you use your ID card fraudulently or allow another individual to use your ID card to obtain services.

If you do not receive your ID card within *thirty (30)* days after the effective date of your enrollment, or if you need replacement cards, call us at (800) 499-3416 or write to us at Sanford Health Plan, ATTN: NDPERS, PO Box 91110 Sioux Falls, SD 57109-1110. You may also request replacement cards by signing into your account at www.sanfordhealthplan.com/memberlogin. Information on creating an account is available at www.sanfordhealthplan.com/ndpers.

Conditions for Coverage

Members shall be entitled to coverage for the Health Care Services (listed in the "*Covered Services*," in Section 5) that are:

1. Medically Necessary and/or Preventive;
2. Received from or provided under the orders or direction of a Participating Provider;
3. Approved by the Plan, including Preauthorization/Prior Approval where required; and
4. Within the scope of health care benefits covered by the Plan.

However, the requirements to use Participating Providers and obtain preauthorization/prior approval do not apply to Emergency Conditions or Urgent Care Situations, both in and out of the Service Area. In such cases, services for Emergency Conditions and Urgent Care Situations will be covered if they are provided by a Non-Participating Provider.

If, while in the Service Area, the Member is alert, oriented and able to communicate (as documented in medical records); the Member must direct the ambulance to the nearest Participating Provider.

Members are not required, but are strongly encouraged, to select a Primary Care Practitioner and/or Provider (PCP) and use that PCP to coordinate their Health Care Services.

In addition, all Health Care Services are subject to:

1. The exclusions and limitations described in Sections 5 and 6; and
2. Any applicable Deductible and Coinsurance amount as stated in the Member's Summary of Benefits and Coverage, and Pharmacy Handbook.

In-Network Coverage

In-Network coverage is provided under two (2) plan levels. For more information, see *Selecting a Health Care Provider* in Section 1. In-Network benefit payments pay according to coverage under:

1. Basic Plan; or
2. PPO Plan

Note: If you travel out of the Plan's Service Area for the purpose of seeking medical treatment outside the Plan's Service Area, as defined in this COI, without Preauthorization/Prior Approval for a service that requires such authorization/approval, your claims will be paid according to the Basic Plan benefits and stipulations set forth in Section 1. Additionally, the Member will receive Basic Plan benefits if: 1) a PPO Health Care Provider is not available in the Member's area; or 2) if the Member either chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization (PPO).

Appropriate Access

Primary Care Practitioners and/or Providers and Hospital Providers

Appropriate access for Primary Care Practitioners and/or Providers and Hospital Provider sites is within *fifty (50)* miles of a Member's city of legal residence.

Specialty Practitioners and Other Providers

For other Participating Practitioners and Providers such as Specialty Physicians, Diagnostic Service Centers, Nursing Homes, and Rehabilitation Providers, appropriate access is within *fifty (50)* miles of a Member's city of legal residence. Appropriate access includes access to Participating Practitioners and Providers when the Member has traveled outside of the Service Area. If you are traveling within the Service Area where other Participating Practitioners and Providers are available, then you must use Participating Practitioners and Providers.

Members who live outside of the Plan's Service Area must use the Plan's contracted Network of Participating Practitioners and Providers as indicated in the Plan's Provider Directory. Members who live outside the Service Area will receive Identification Cards that display their network logo along with instructions on how to access this Network. If a Member chooses to go to a Non-Participating Practitioner or Provider when appropriate access (within *fifty (50)* miles of a Member's city of legal residence) is available, claims will be processed at the Basic Plan (Out-of-Network) level.

Transplant Services

Transplant Services must be performed at designated Plan Participating centers of excellence and are not subject to Appropriate Access standards as outlined above. Transplant coverage includes related post-surgical treatment, medications, eligible travel, and living expenses and shall be subject to, and in accordance with, the provisions, limitations and terms of the Plan's transplant policy.

Case Management

Case management is a collaborative process that assesses, plans, implements, coordinates, monitors and evaluates the options and services required to meet an individual's health needs, using communication and available resources to promote quality, cost effective outcomes.

Cases are identified for possible case management, based on a request for review or the presence of a number of parameters, such as:

a. admissions that exceed the recommended or approved length of stay;
b. utilization of health care services that generates ongoing and/or excessively high costs;
c. conditions that are known to require extensive and/or long term follow up care and/or treatment.

Sanford Health Plan's case management process allows professional case managers to assist Members with certain complex and/or chronic health issues by coordinating complicated treatment plans and other types of complex patient care plans.

In consultation with case managers, Sanford Health Plan may approve coverage that extends beyond the limited time period and/or scope of treatment initially approved. This consultation also includes utilization management processes as described below.

All decisions made through case management are based on the individual circumstances of a Member's case. Each case is reviewed on its own merits by appropriate health plan medical professionals to ensure the best health outcome(s) of the Member.

Utilization Review Process – OVERVIEW

The Plan's Utilization Management Department is available between the hours of 8 a.m. and 5 p.m. Central Time, Monday through Friday, by calling the Plan's toll-free number (888) 315-0885 or TTY/TDD: (877) 652-1844 *(toll-free)*. After business hours, you may leave a confidential voicemail for the Utilization Management Department and someone will return your call on the next business day. You can also fax the Plan at (701) 234-4547. The date of receipt for non-Urgent requests received outside of normal business hours will be the next business day. The date of receipt for Urgent requests will be the actual date of receipt, whether or not it is during normal business hours.

All Utilization Management Adverse Determinations will be made by the Sanford Health Plan Chief Medical Officer or appropriate Practitioner. All benefit Adverse Determinations will be made by a person assigned to coordinate the benefit, denial and Appeal process. **For detailed information on the below, see Section 8, *Problem Resolution.***

Prospective (Pre-service) Review of Services (Preauthorization/Prior Approval)

The Member is ultimately responsible for obtaining Preauthorization/Prior Approval from the Utilization Management Department in order to receive In-Network coverage. However, information provided by the practitioner's office will also satisfy this requirement. Participating Health Care Practitioners and Providers have been given instructions on how to get the necessary authorizations/approvals for surgical procedures or hospitalizations/admissions you may need. Members are responsible to confirm with the Participating Practitioner and/or Provider that any required Plan Preauthorization/Prior Approval has been obtained.

Preauthorization/Prior Approval is the authorization/approval of a requested service prior to receiving the service. Preauthorization/Prior Approval (a pre-service determination) is designed to facilitate early identification of the treatment plan to ensure medical management and appropriate resources are provided throughout an episode of care. See *"Services that Require Prospective Review"* on the following pages.

The Plan determines approval for Preauthorization/Prior Approval based on appropriateness of care and service and existence of coverage. The Plan does not compensate practitioners and/or providers or other individuals conducting utilization review for issuing denials of coverage or service care. Any financial incentives offered to Utilization Management decision makers do not encourage decisions that result in underutilization and do not encourage denials of coverage or service.

Preauthorization/Prior Approval is required for all Inpatient Admissions of Members. This requirement applies but is not limited to the following:

1. Acute care Hospitalizations (including medical, surgical, and non-Emergency mental health and/or substance use disorder Admissions);
2. Residential Treatment Facility Admissions; and
3. Rehabilitation center Admissions

Note: Admissions and Hospitalizations require an overnight stay, as defined in Section 10. Admission before the day of non-Emergency surgery will not be authorized/approved unless the early admission is medically necessary and specifically approved by the Plan. Coverage for Hospital expenses prior to the day of surgery will be denied unless authorized/approved prior to being incurred.

Urgent Care Requests

In determining whether a request is "Urgent," the Plan shall apply the judgment of a Prudent Layperson as defined in Section 10. A Practitioner, with knowledge of the Member's medical condition, who determines a request to be "Urgent", as defined in Section 10, shall have such a request treated as an Urgent Care Request.

Services that Require Prospective Review/Preauthorization/Prior Approval

1. Inpatient Hospital Admissions (includes Admissions for medical, surgical, mental health and/or substance use disorders);
2. Selected Outpatient Procedures including but not limited to:
   a. Covered Rhinoplasty Surgeries for Non-Cosmetic Reasons;
   b. Obstructive Sleep Apnea Treatment, except for Continuous Positive Airway Pressure (CPAP);
   c. Medically-Necessary Orthodontics;
3. Home Health, Hospice and Home IV therapy services;
4. Select Durable Medical Equipment (DME) including the below. For details, see DME requiring Preauthorization/Prior Approval in Section 5(a):
   a. Prosthetic Limbs requiring replacement within 5 years;
   b. Insulin infusion devices;

c. Insulin pumps;
d. Continuous Glucose Monitoring Systems (CGM);
e. Electric wheelchairs;
f. External hearing aids for the treatment of a hearing loss that is not due to the gradual deterioration that occurs with aging and/or other lifestyle factors. For details, see Section 5(a), *Hearing services (testing, treatment, and supplies);*

5. Skilled nursing and sub-acute care;
6. Dental Anesthesia and associated Hospitalizations for all Members age 9 and older;
7. Chronic Pain Management;
8. Transplant Services;
9. Infertility Services, including assisted reproductive technology for GIFT, ZIFT, ICSI and IVF;
10. Genetic Testing;
11. Osseointegrated implants, including Cochlear implants and bone-anchored (hearing aid) implants;
12. Select Specialty Medications including:
    a. Restricted Use Medications; and
    b. Growth Hormone Therapy/Treatment;
13. Bariatric Surgery; and
14. Referrals to Non-Participating Providers, which are recommended by Participating Providers. Preauthorization/Prior Approval is required for the purposes of receiving Basic Plan level coverage. If Preauthorization/Prior Approval is not obtained for referrals to Non-Participating Providers, the services will be covered at the Basic Plan level. Preauthorization/Prior Approval does not apply to services that are provided by Non-Participating Providers as a result of a lack of appropriate access to Participating Providers as described in this section.

Prospective (Non-Urgent Pre-service) Review Process for Elective Inpatient Hospitalizations, Non-Urgent Medical Care, and Pharmaceutical Benefit Requests

All requests for Preauthorization/Prior Approval are to be made by the Member or Practitioner and/or Provider's office at least *three (3)* business days prior to the scheduled Admission or requested service. For Non-Urgent preauthorization/prior approval requests, the Plan's Utilization Management Department may review a request for a period of up to fifteen (15) calendar days from the date of the request, provided that all information supporting the request has been received. The Utilization Management Department will review the Member's medical request against standard criteria.

Determination of the appropriateness of an admission is based on standard review criteria and assessment of:

a. Patient medical information including:
    i. diagnosis
    ii. medical history
    iii. presence of complications and/or co-morbidities;
b. Consultation with the treating Practitioner, as appropriate;
c. Availability of resources and alternate modes of treatment; and
d. For admissions to facilities other than acute Hospitals, additional information may include but is not limited to the following:
    i. history of present illness
    ii. patient treatment plan and goals
    iii. prognosis
    iv. staff qualifications
    v. *twenty-four (24)* hour availability of qualified medical staff.

You are ultimately responsible for obtaining authorization/approval from the Utilization Management Department. Failure to obtain Preauthorization/Prior Approval may result in coverage at the Basic Plan level (see Section 1). However, information provided by the Practitioner and/or Provider's office also satisfies this requirement.

Note: Members are responsible to confirm with the Participating Practitioner and/or Provider that any required Plan Preauthorization/Prior Approval has been obtained.

For medical necessity requests: the Utilization Management Department will review the Member profile information against standard criteria. A determination for *elective inpatient or non-Urgent Care Situations* will be made by the Utilization Management Department *within fifteen (15) calendar days* of receipt of the request. If the Utilization Management Department is unable to make a decision *due to matters beyond its control*, it may extend the decision timeframe once, for up to *fifteen* (*15) calendar days*. Within *fifteen (15*) *calendar days* of the request for authorization/approval, Sanford Health Plan must notify the Member, or Member's Authorized Representative, of the need for an extension and the date by which it expects to make a decision.

For benefit determinations: a person assigned to coordinate the benefit, denial and Appeal process will review the request using standards established by the Plan and, if the request is approved, provide notification of the determination, or if the request is denied, provide notification of the denial and relevant appeal rights. A benefit determination will be made *within fifteen (15) calendar days* of receipt of the request. If the Plan is unable to make a decision due to matters beyond its control, it may extend the decision timeframe once, for up to *fifteen (15) calendar days*. Within *fifteen (15) calendar days* of the request for authorization/approval, Sanford Health Plan must notify the Member, or Member's Authorized Representative, of the need for an extension and the date by which it expects to make a decision.

Lack of Necessary Information

If the Plan is unable to make a decision *due to lack of necessary information*, it must notify the Member, or the Member's Authorized Representative, of what specific information is necessary to make the decision *within fifteen (15)* calendar days of the Prospective (Pre-service) Review request. Sanford Health Plan must give the Member, or the Member's Authorized Representative, a reasonable amount of

time taking into account the circumstances, but not less than *forty-five (45)* calendar days to provide the specified information. In lieu of notifying the Member, the Plan may notify the Practitioner and/or Provider of the information needed, if the request for health care services came from the Practitioner and/or Provider.

The decision time period is suspended, and the Plan shall have the remainder of the fifteen (15) calendar days from receipt of the request for authorization/approval to consider the request, measured from the earlier of the date in which the Plan receives additional information from the Member or Practitioner or *forty-five (45)* days after the notification to the Member or Practitioner.

The Prospective (Pre-service) Review determination shall either be a Preauthorization/Prior Approval of the requested service, or additional review will be needed by the Plan Chief Medical Officer; however, the decision will be made within *fifteen (15) calendar* days of that date. If the information is not received by the end of *the forty-five (45) calendar* day extension, Sanford Health Plan will deny the request. If the Plan receives a request that fails to meet the procedures for Prospective (Pre-service) Review requests, the Plan will notify the Practitioner or Member of the failure and proper procedures to be followed as soon as possible but no later than *five (5)* calendar days after the date of the failure. Notification may be oral unless the Practitioner or Member request written notification.

Sanford Health Plan will give written and/or electronic notification of the *determination to authorize/approve or deny* the service *within fifteen (15) calendar* days of the request (or in the case of an extension, of the end of the timeframe given to provide information) to the Member, or the Member's Authorized Representative, attending Practitioner and those Providers involved in the provision of the service. The Utilization Management Department will assign an authorization number for the approved service.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedure below. At this point, the Member can request an Appeal of Adverse Determination. Refer to "Problem Resolution" in Section 8 for details.

Prospective Review Process for Urgent/Emergency (Urgent Pre-service) Medical Care and Pharmaceutical Requests

An **Emergency Medical Condition** is a medical condition of recent onset and severity, including severe pain, that would lead a prudent layperson acting reasonably and possessing an average knowledge of health and medicine to believe that the absence of immediate medical attention could reasonably be expected to result in serious impairment to bodily function, serious dysfunction of any bodily organ or part, or would place the person's health, or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

An **Urgent Care Situation** is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within *twenty-four (24)* hours, such as stitches for a cut finger. **Urgent Care Request** means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination:

1. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or
2. In the opinion of a Practitioner with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

If an Urgent Care Situation occurs, Members should contact their Primary Care Practitioner and/or Provider immediately, if one has been selected, and follow his or her instructions. A Member may always go directly to a participating Urgent care or after-hours clinic. In determining whether a request is "Urgent," the Plan shall apply the judgment of a Prudent Layperson that possesses an average knowledge of health and medicine. When a Practitioner with knowledge of the Member's medical condition determines a request to be an Urgent Care Situation, the Plan shall treat the prospective review as an Urgent Care Request.

Note: Prospective (Pre-service) Review is not required for maternity Admissions, Emergency Medical Conditions, or Urgent Care Situations. However, the Plan must be notified by the Member as soon as reasonably possible and no later than *forty-eight (48)* hours after the Member is physically or mentally able to do so. A Member's Authorized Representative may notify the Plan on the Member's behalf with written permission of the Member.

For Urgent Care Requests (Prospective (Pre-service) Reviews): the determination for medical care, including care for behavioral, mental health, and/or substance use disorders will be made by the Utilization Management Department as soon as possible (taking into account medical exigencies), but no later than *seventy-two (72) hours* after receipt of the request. Notification of the determination will be made to the Member, the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service via oral communication by the Utilization Management Department as soon as possible but no later than within *seventy-two (72) hours* of receipt of the request. For authorizations/approvals and Adverse Determinations, the Plan will give electronic or written notification of the decision to the Member or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service as soon as possible (taking into account medical exigencies) but no later than within *three (3)* calendar days of the oral notification.

Lack of Necessary Information

If the Plan is unable to make a decision due to lack of necessary information, it may extend the decision timeframe once for up to *forty-eight (48) hours* to request additional information. Within *twenty-four (24) hours* after receipt of the request, the Plan will notify the Member or the Member's Authorized Representative of what specific information is necessary to make the decision. In lieu of notifying the Member, the Plan can notify the Practitioner of the information needed if the request for health care services came from the Practitioner. Sanford Health Plan must give the Member or the Member's Authorized Representative a reasonable amount of time taking into account the circumstances, but not less than *forty-eight (48) hours* to provide the specified information.

If the Plan receives a request that fails to meet the procedures for Urgent Prospective (Pre-service) Review requests, the Plan will notify the Practitioner and Member of the failure and proper procedures to be followed as soon as possible but no later than *twenty-four (24) hours* after the date of the failure. Notification may be oral unless the Practitioner or Member request written notification. The Member, or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service will be notified by telephone of the Plan's determination as soon as possible but no later than forty-eight (48) hours after the earlier of: 1) the Plan's receipt of the requested information or 2) the end of the period provided to submit the requested information. The Plan will also give electronic or written notification of the

decision as soon as possible but no later than within *three (3)* calendar days of the telephone notification. Failure to submit necessary information is grounds for denial of authorization/approval.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedure below. At this point, the Member can request an Appeal of Adverse Determinations. Refer to "Problem Resolution" in Section 8 for details.

Concurrent Review Process for Medical Care Requests

Concurrent Review is utilized for medical care, including care for behavioral, mental health, and/or substance use disorders when a request for an extension of an approved ongoing course of treatment over a period of time or number of treatments is warranted. Additional stay days must meet the continued stay review criteria and, if acute levels of care criteria are not met, a decision to authorize/approve further treatment must be made at that time. Preauthorization/Prior Approval of inpatient health care stays will terminate on the date the Member is to be discharged from the Hospital or Facility (as ordered by the attending Practitioner). Hospital/Facility days accumulated beyond the ordered discharge date will not be authorized/approved unless continued stay criteria continue to be met. Charges by Practitioners and/or Providers associated with these non-authorized/approved days are non-covered.

The health care service or treatment that is the subject of the Adverse Determination shall be continued without liability to the Member until the Member has been notified of the determination by the Plan with respect to the internal review request made pursuant to the Plan's Appeal Procedures. Any reduction or termination by the Plan during the course of treatment before the end of the period or number treatments shall constitute an Adverse Determination. For requests to extend the course of treatment beyond the initial period of time or the number of treatments, if the request is made at least twenty-four (24) hours prior to the expiration of the prescribed period of time or number of treatments, the Plan shall make an urgent Concurrent determination and notify the Member, or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service by telephone of the determination as soon as possible taking into account the Member's medical condition but in no event more than twenty-four (24) hours after the date of the Plan's receipt of the request.

The Plan will provide electronic or written notification of an authorization/approval to the Member or the Member's Authorized Representative, Practitioner and those Providers involved in the provision of the service within *three (3) calendar* days after the telephone notification. The Plan shall provide written or electronic notification of the Adverse Determination to the Member or the Member's Authorized Representative and those Providers involved in the provision of the service sufficiently in advance (but no later than within *three (3) calendar* days of the telephone notification) of the reduction or termination to allow the Member or, the Member's Authorized Representative to file an Appeal request to review of the Adverse Determination and obtain a determination with respect to that review before the benefit is reduced or terminated.

In cases where the Member is not at financial risk, Members will not be notified of an Adverse Determination. Members will be notified in all other cases.

Urgent Concurrent Reviews Requested Within Twenty-Four (24) Hours of Expiring Authorization/Approval

If the request to extend Urgent Concurrent Review is not made at least *twenty-four (24) hours* prior to the expiration of the prescribed period of time, or number of treatments for medical care, including care for behavioral, mental health, and/or substance use disorders, Sanford Health Plan will treat it as an Urgent Prospective (Pre-service) Review decision and make the decision as soon as possible (taking into account the medical exigencies) but no later than *seventy-two (72) hours* after the request. For authorizations/approvals and denials, the Plan will give telephone notification of the decision to the Member, Practitioner and those Providers involved in the provision of the service within *seventy-two (72) hours* of receipt of the request. The Plan will give written or electronic notification of the decision to the Member, Practitioner and those Providers involved in the provision of the service as soon as possible but no later than within *three (3) calendar* days of the telephone notification.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedures outlined below. At this point, the Member can request an Appeal of Adverse Determination. Refer to the "*Problem Resolution*" in Section 8 for details.

Retrospective (Post-service) Review Process for Medical Care Requests

Retrospective (Post-service) Review is used by Sanford Health Plan for medical care, including care for behavioral, mental health, and/or substance use disorders to review services that have already been utilized by the Member where such services have not involved a Prospective (Pre-service) Review request, and where the review is not limited to the veracity of documentation, accuracy of coding, or adjudication for payment. The Plan will review the request and make the decision to approve or deny within *thirty (30)* calendar days of receipt of the request. Written or electronic notification will be made to the Member, Practitioner and those Providers involved in the provision of the service within *thirty (30) calendar* days of receipt of the request. In cases where the Member is not at financial risk, Members will not be notified of an Adverse Determination. Members will be notified in all other cases.

If the Utilization Management Department is unable to make a decision due to matters beyond its control, it may extend the decision timeframe once, for up to *fifteen (15)* calendar days. Within *thirty (30)* calendar days of the request for review, Sanford Health Plan must notify the Member or Member's Authorized Representative of the need for an extension and the date by which it expects to make a decision.

Lack of Necessary Information

If the Utilization Management Department is unable to make a decision due to lack of necessary information, it must notify the Member or the Member's Authorized Representative of what specific information is necessary to make the decision within *thirty (30) calendar* days of the Retrospective (Post-service) Review request. Sanford Health Plan must give the Member or the Member's Authorized Representative *forty-five (45)* calendar days to provide the specified information. In lieu of notifying the Member, the Plan can notify the Practitioner of the information needed if the request for health care services came from the Practitioner. The decision time period is suspended from the date of the notification to the Member or Practitioner as applicable, until the earlier of the date on which the Plan receives any information from the Member or Practitioner or *forty-five (45)* days after the notification to the Member or Practitioner. A decision and written or electronic

notification to the Member, Practitioner and those Providers involved in the provision of the service will be made within *fifteen (15)* calendar days of that date. If the information is not received by the end of the *forty-five (45)* calendar day extension Sanford Health Plan will issue an Adverse Determination and written or electronic notification will be made to the Member, Practitioner and those Providers involved in the provision of the service within *fifteen (15)* calendar days.

If the Plan's determination is an Adverse Determination, the Plan shall provide written notice in accordance with the *Written Notification Process for Adverse Determinations* procedure below. At this point, the Member can request an Appeal of Adverse Determinations. Refer to the "Problem Resolution" in Section 8 for details.

Written Notification Process for Adverse Determinations

The written notifications for Adverse Determinations will include the following:

1. The specific reason for the Adverse Determination in easily understandable language.
2. Reference to the specific internal plan rule, provision, guideline, or protocol on which the determination was based and notification that the Member will be provided a copy of the actual plan provisions, guidelines, and protocols free of charge upon request. Reasons for any denial or reimbursement or payment for services with respect to benefits under the plan will be provided within 30 business days of a request.
3. If the Adverse Determination is regarding coverage for a mental health and/or substance use disorder, a statement notifying members of their opportunity to request treatment and diagnosis code information free of charge. Any request for diagnosis and treatment code information may not be (and is not) considered a request for an internal appeal or external review.
4. If the Adverse Determination is based in whole or in part upon the Member failing to submit necessary information, the notice shall include, a description of any additional material or information which the Member failed to provide to support the request, including an explanation of why the material is necessary.
5. If the Adverse Determination is based on medical necessity or an Experimental or Investigational treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for making the determination, applying the terms of The Plan to the Member's medical circumstances or a statement that an explanation will be provided to the Member free of charge upon request.
6. For Mental Health and/or Substance Use Disorder (MH/SUD) Adverse Determinations, if information on any medical necessity criteria is requested, documents will be provided for both MH/SUD and medical/surgical benefits within 30 business days of a Member/Member's Authorized Representative/Provider's request. This information will include documentation of processes, strategies, evidentiary standards and other factors used by the plan, in compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA).
7. If the Adverse Determination is based on medical necessity, a written statement of clinical rationale, including clinical review criteria used to make the decision if applicable. If the denial is due to a lack of clinical information, a reference to the clinical criteria that have not been met must be included in the letter. If there is insufficient clinical information to reference a specific clinical practice guideline or policy, the letter must state the inability to reference the specific criteria and must describe the information needed to render a decision.
8. A description of the Plan's Appeal procedures including how to obtain an expedited review if necessary and any time limits applicable to those procedures, the right to submit written comments, documents or other information relevant to the appeal; an explanation of the Appeal process including the right to member representation; how to obtain an Expedited review if necessary and any time limits applicable to those procedures; notification that Expedited External Review can occur concurrently with the internal Appeal process for urgent care/ongoing treatment; and the timeframe the Member has to make an appeal and the amount of time the Plan has to decide it (including the different timeframes for Expedited Appeals).
9. If the Adverse Determination is based on medical necessity, notification and instructions on how the Practitioner can contact the appropriate Practitioner and/or Provider to discuss the determination.
10. If a determination is adverse, the right to bring a civil action in a court of competent jurisdiction.
11. To contact the North Dakota Insurance Commissioner at any time at:

IMPORTANT	**Here are some important things you should keep in mind about these benefits:** • Please remember that all benefits are subject to the definitions, limitations, and exclusions in this COI and are payable only when we determine they are Medically Necessary. • Be sure to read Section 4, *How you get care*, for valuable information about conditions for coverage. • **You or your Practitioner and/or Provider must get Preauthorization/Prior Approval for some services in this Section.** The benefit description will say "**Note:** Preauthorization/Prior Approval is required" for certain services. Failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits (See Services requiring Preauthorization/Prior Approval in Section 4.)	IMPORTANT

Benefit Description

Diagnostic and treatment services

Note: You or your Practitioner and/or Provider must get Preauthorization/Prior Approval of these services; Failure to get Preauthorization/ Prior Approval may result in a reduction or denial of benefits (See Services requiring Preauthorization/Prior Approval in Section 4.):

- Inpatient Hospital stays, Outpatient surgical procedures, and Skilled Nursing Facility stays

Lab, x-ray and other diagnostic test coverage includes:

- Blood tests
- Urinalysis
- Non-routine pap tests
- Non-routine PSA tests
- Pathology
- X-rays
- PET Scans
- DEXA Scans
- Non-routine mammograms
- CT Scans/MRI
- Ultrasound
- Electrocardiogram (EKG)
- Electroencephalography (EEG)

Professional services are covered from Practitioners, Providers, Physicians, nurse practitioners, and Physician's assistants when received:

- In Practitioner and/or Provider's office, an urgent care center; as well as medical office consultations, and second surgical opinions

Not Covered: *Thermograms or thermography*

Preventive care, adults & children

§2713 of the Public Health Service Act (PHS Act) and its implementing regulations relating to coverage of preventive services, the following services, when received from a Participating Provider, are covered without payment of any deductible or coinsurance requirement that would otherwise apply:

1. Evidenced-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force (USPSTF) with respect to the individual involved, except for the recommendations of the USPSTF regarding breast cancer screening, mammography, and prevention issued in or around November 2009;
2. Immunizations for routine use in children, adolescents, and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC) with respect to the individual involved;
3. With respect to infants, children, and adolescents, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration (HRSA); and
4. With respect to women, evidence-informed preventive care and screening provided for in comprehensive guidelines supported by HRSA, to the extent not included in certain recommendations of the USPSTF. You do not need Preauthorization/Prior Approval from the Plan, or any other person, in order to obtain access to obstetrical and/or gynecological care through a Participating Provider.

The above is an overview of preventive services covered by the Plan. As recommendations change, your coverage may also change. To view the Plan's *Preventive Health Guidelines*, visit www.sanfordhealthplan.com/ndpers. You may also request a copy by calling Member Services at (800) 499-3416 *(toll-free)* | TTY/TDD: (877) 652-1844 *(toll-free)*.

Not Covered:

- *Pre-employment and employment physicals, insurance physicals, or government licensing physicals (including, but not limited to, physicals and eye exams for driver's licenses)*
- *Virtual colonoscopies*

Wellness nutritional counseling services

Benefits are available for the following medical conditions:

- **Hyperlipidemia** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Gestational Diabetes** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Diabetes Mellitus** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Hypertension** – Maximum Benefit Allowance of two (2) Office Visits per Member per Benefit Period.
- **Obesity** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.

Not Covered:

- *Education Programs or Tutoring Services (not specifically defined elsewhere) including, but not limited to, education on self-care or home management*
- *Lifestyle Improvement Services, such as physical fitness programs, health or weight loss clubs or clinics*

Maternity care

Note: Due to the inability to predict admission; you or your Practitioner and/or Provider are encouraged to notify the Plan of your expected due date when the pregnancy is confirmed. You are also encouraged to notify the Plan of the date of scheduled C-sections when it is confirmed.

Covered maternity services include:

- Screening for gestational diabetes mellitus during pregnancy
  - Testing includes a screening blood sugar followed by a glucose tolerance test if the sugar is high.
  - Outpatient Nutrition Care Services available for gestational diabetes and diabetes mellitus. See *Wellness Nutritional Counseling* in this Section.
- Anemia screening
- Bacteruria (bacteria in urine) screening
- Hepatitis B screening
- Rh (Rhesus) incompatibility screening: first pregnancy visit and 24-28 weeks gestation
- Genetic counseling or testing that has in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force. *Preauthorization/Prior Approval is required.*
- Preeclampsia prevention
- Prenatal vitamins without Cost Sharing if prescribed by a Practitioner

Maternity care includes prenatal through postnatal maternity care and delivery and care for complication of pregnancy of mother. We cover up to four (4) routine ultrasounds per pregnancy to determine fetal age, size, and development, per plan guidelines.

The minimum inpatient Hospital stay, when complications are not present, ranges from a minimum of *forty-eight (48)* hours for a vaginal delivery to a minimum of *ninety-six (96)* hours for a cesarean birth, excluding the day of delivery. Such inpatient stays may be shortened if the treating Practitioner and/or Provider, after consulting with the mother, determines that the mother and child meet certain criteria and that discharge is medically appropriate. If the inpatient stay is shortened, a post-discharge follow-up visit shall be provided to the mother and newborn by Participating Practitioners and/or Providers competent in postpartum care and newborn assessments.

Breastfeeding support, supplies and counseling are covered in the following manner:

- One (1) breast pump (electric or manual, non-Hospital grade) per pregnancy. Replacement tubing, breast shields, and splash protectors are also covered.
  - Pumps and supplies are covered only when obtained from a Sanford Health Plan Participating durable medical equipment Provider. This does NOT include drugstores or department stores.
  - Bottles, breast milk storage bags and supplies related to bottles are NOT covered.
- Consultation with a lactation (breastfeeding) specialist is covered at 100% (no charge)

Note: We encourage you to participate in our *Healthy Pregnancy Program*; Call (888) 315-0885 *(toll-free)* or TTY/TDD: (877) 652-1844 *(toll-free)* to enroll.

Not Covered: *Amniocentesis or chorionic villi sampling (CVS) solely for sex determination*

Healthy Pregnancy Program – DETAILS

The *Healthy Pregnancy Program* is designed to identify women at higher risk for premature birth and to prevent the incidence of preterm birth through assessment, intervention and education. Participation in the *Healthy Pregnancy Program* is voluntary and free to all Members in the Plan.

To enroll, call Sanford Health Plan's Care Management Department at (877) 652-1847 *(toll-free)* | TTY/TDD: (877) 652-1844 *(toll-free)* after the first prenatal visit, preferably before the 12th week and no later than the 34th week. You may also send a secure message to the Plan by signing into your account at www.sanfordhealthplan.com/memberlogin, and a representative from the Care Management Department will contact you to complete your enrollment in the program.

Enrolling in the *Healthy Pregnancy Program* is easy and free to the Member. When a Member enrolls, a Case Manager will review a brief preterm labor risk assessment questionnaire with the Member. To complete this questionnaire, Members will need their Member ID number; Professional Health Care Provider's name, address and telephone number; and expected due date.

As a program participant, the Member will receive information concerning pregnancy and prenatal care.

Newborn Care

A newborn is eligible to be covered from birth. Members must complete NDPERS designated enrollment within *thirty-one (31)* days of the infant's birth if enrolled in Single Coverage. If the Subscriber is already enrolled in Family Coverage, the newborn will automatically be added to the Certificate if the Plan was aware of the pregnancy. The Subscriber should confirm enrollment of the new child with the Plan. For further details, see Section 3.

We cover care for the enrolled newborn child from the moment of birth including care and treatment for illness, injury, premature birth and medically diagnosed congenital defects and birth abnormalities (Please refer to "Reconstructive Surgery" in Section 5(a) for coverage information of surgery to correct congenital defects).

Not Covered: *Newborn delivery and nursery charges for adopted dependents prior to the adoption-bonding period (See Section 3, "When Dependent Coverage Begins.")*

Family planning benefits

Family Planning Services include consultations, and pre-pregnancy planning. The following medications, services and devices are covered:

- Barrier methods: diaphragm and cervical cap fitting and purchase.
- We cover implantable devices; including Mirena and ParaGard intrauterine devices. Placement and removal is covered once every five (5) years or as medically necessary.
- We cover sterilizations, including voluntary tubal ligations and vasectomies:
  - Medical – Occlusion of the fallopian tubes by use of permanent implants (e.g. Essure).
  - Surgical – Tubal ligation covered at 100% of allowed only when performed as the primary procedure. When performed as part of a maternity delivery or for any other medical reason, it will be covered as a medical benefit with the applicable cost-share applied.
- Generic contraceptives are covered at 100% (no cost). If no generic equivalent exists for a formulary brand-name contraceptive, then that contraceptive is covered at 100% (no cost) per the Affordable Care Act. (See your Pharmacy Handbook/Formulary)
- Other contraceptives including injectable medroxyprogesterone acetate and emergency contraception with a written prescription (generic Plan B) are also covered at 100% (no cost).
- Folic acid supplements are covered at 100% (no cost) for women planning to become pregnant or in their childbearing years if obtained with a written prescription order, per Plan guidelines.

Not Covered:

- *Genetic counseling or testing except for services that have a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force; Preauthorization/Prior Approval is required*
- *Reproductive Health Care Services prohibited by the laws of This State*
- *Elective abortion services*
- *Reversal of voluntary sterilization*

Infertility services

Note: Preauthorization/Prior Approval is required for some services in this subsection; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Benefits are available for services, supplies and medications related to artificial insemination (AI) and assisted reproductive technology (ART), includes gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), intracytoplasmic sperm injection (ICSI) or in vitro fertilization (IVF). *Preauthorization/Prior Approval is required for assisted reproductive technology for GIFT, ZIFT, ICSI and IVF.*

Note: Benefits are subject a $20,000 Lifetime Maximum per Member. Any Member-paid Coinsurance for infertility services does not apply toward the Out-of-Pocket Maximum Amount.

Not Covered:

- *Donor eggs including any donor treatment and retrieval costs, donor sperm, cryopreservation or storage of unfertilized sperm or eggs; Surrogate pregnancy and delivery; Gestational Carrier pregnancy and delivery; and preimplantation genetic diagnosis testing;*
- *Reversals of prior sterilization procedures; and*
- *Any expenses related to surrogate parenting.*

Allergy care

We cover:

- Testing and treatment
- Allergy injections
- Allergy serum

Not Covered:

- *The following allergy testing modalities: nasal challenge testing, provocative/neutralization testing for food and food additive allergies, leukocyte histamine release, Rebuck skin window test, passive transfer or Prausnitz-Kustner test, cytotoxic food testing, metabisulfite testing, candidiasis hypersensitivity syndrome testing, IgG level testing for food allergies, general volatile organic screening test and mauve urine test.*
- *Methods of desensitization treatment: provocation/neutralization therapy for food/chemical or inhalant allergies by sublingual, intradermal and subcutaneous routes, Urine Autoinjections, Repository Emulsion Therapy, Candidiasis Hypersensitivity Syndrome Treatment or IV Vitamin C Therapy (unless otherwise specified as covered in this COI).*
- *Clinical ecology, orthomolecular therapy, vitamins (unless listed as covered elsewhere in this COI) or dietary nutritional supplements, or related testing provided on an inpatient or outpatient basis.*

Dialysis

Dialysis for renal disease, unless or until the Member qualifies for federally funded dialysis services under the End Stage Renal Disease (ESRD) program. Services include equipment, training, and medical supplies required for effective dialysis care. Coordination of Benefit (COB) Provisions apply. For more information on COB, please see Section 9.

Treatment therapies

- Inhalation Therapy
- Radiation Therapy
- Chemotherapy, regardless of whether the Member has separate prescription drug benefit coverage
- Pheresis Therapy

Phenylketonuria

Testing, diagnosis and treatment of Phenylketonuria including dietary management, formulas, Case Management, intake and screening, assessment, comprehensive care planning and service referral.

Not Covered:

- *PKU dietary desserts and snack items*
- *Low protein modified food products or medical food for PKU to the extent those benefits are available under a Department of Health program or other state agency*

Amino acid-based elemental oral formulas

Coverage for medical foods and low-protein modified food products determined by a physician to be medically necessary for the therapeutic treatment of an inherited metabolic disease of amino acid or organic acid.

Not Covered:

- *Dietary desserts and snack items*
- *Low protein modified food products or medical food for PKU to the extent those benefits are available under a Department of Health program or other state agency*

Diabetes supplies, equipment, and education

- Blood glucose monitors, including continuous glucose monitoring systems (CGM), *Preauthorization/Prior Approval is required*
- Blood glucose monitors for the legally blind
- Test strips for glucose monitors
- Urine testing strips
- Lancets and lancet devices
- Routine foot care, including toe nail trimming
- Dilated Eye Examination, *limited to one (1) examination per Member per Benefit Period*
- Glucagon kits
- Glucose agents
- Syringes
- Custom diabetic shoes and inserts limited to *one (1) pair* of depth-inlay shoes and *three (3) pairs* of inserts; or *one (1) pair* of custom molded shoes (including inserts) and *three (3)* additional pairs of inserts
- Insulin injection aids
- Insulin infusion devices, *Preauthorization/Prior Approval is required*
- Prescribed oral agents for controlling blood sugars
- Insulin pumps and all supplies for the pump, *Preauthorization/ Prior Approval is required*
- Insulin measurement and administration aids for the visually impaired and other medical devices for the treatment of diabetes

Diabetes self-management training and education shall only be covered if:

- the service is provided by a Physician, nurse, dietitian, pharmacist or other licensed health care Practitioner and/or Provider who satisfies the current academic eligibility requirements of the National Certification Board for Diabetic Educators and has completed a course in diabetes education and training or has been certified by a diabetes educator; and
- the training and education is based upon a diabetes program recognized by the American Diabetes Association or a diabetes program with a curriculum approved by the American Diabetes Association or the North Dakota Department on Health.

Not Covered: *Food items for medical nutrition therapy*

Outpatient nutrition care services

Benefits are available for the following medical conditions:

- **Chronic Renal Failure** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Anorexia Nervosa** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **Bulimia** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.
- **PKU** – Maximum Benefit Allowance of four (4) Office Visits per Member per Benefit Period.

Not Covered:

- *Education Programs or Tutoring Services (not specifically defined elsewhere) including, but not limited to, education on self-care or home management*
- *Lifestyle Improvement Services, such as physical fitness programs, health or weight loss clubs or clinics*

Outpatient rehabilitative and habilitative therapy services

Coverage is as follows for outpatient rehabilitative and habilitative therapy services, which include the management of limitations and disabilities, and services or programs that help maintain or prevent deterioration in physical, cognitive, or behavioral function:

- **Physical Therapy:** Benefits are subject to medical necessity and performed by or under the direct supervision of a licensed Physical Therapist. Services must be provided in accordance with a prescribed plan of treatment ordered by a Professional Health Care Provider.

- Physical therapy and Vitamin D supplements with a prescription order are covered at 100% (no cost) for Members ages 65 and older who are at increased risk for falls. Benefits are subject to medical necessity.

- **Occupational Therapy:** Benefits are available for 90 consecutive calendar days, beginning on the date of the first therapy treatment for the condition. Additional benefits may be allowed after the 90 days when Medically Necessary. Benefits are available when performed by or under the direct supervision of a licensed Occupational Therapist. Services must be provided in accordance with a prescribed plan of treatment ordered by a Professional Health Care Provider.
- **Speech Therapy:** Benefits are available for 90 consecutive calendar days, beginning on the date of the first therapy treatment for the condition. Additional benefits may be allowed after the 90 days when Medically Necessary. Benefits are available when performed by or under the direct supervision of a certified and licensed Speech Therapist. Services must be provided in accordance with a prescribed plan of treatment ordered by a Professional Health Care Provider.
- **Respiratory/Pulmonary Therapy:** Available when services are performed by or under the direct supervision of a registered respiratory care practitioner for the treatment, management, control and care of Members with deficiencies and abnormalities of the cardiorespiratory system. Services must be provided in accordance with an order from a Professional Health Care Provider.
- **Cardiac Rehabilitation Services:** Cardiac Rehabilitation Services must begin within two (2) months following discharge from the Hospital. Twelve (12) visits per Member per episode, limited to the following diagnosed medical conditions:
  - Myocardial Infarction
  - Coronary Artery Bypass Surgery
  - Coronary Angioplasty and Stenting
  - Heart Valve Surgery
  - Heart Transplant Surgery

Not Covered:

- *Educational or non-medical services for learning disabilities and/or behavioral problems, including those educational or non-medical services provided under the Individuals with Disabilities Education Act (IDEA)*
- *Maintenance Care that is typically long-term, by definition not therapeutically necessary but is provided at regular intervals to promote health and enhance the quality of life; this includes care provided after maximum therapeutic improvement, without a trial of withdrawal of treatment, to prevent symptomatic deterioration or initiated by Members without symptoms in order to promote health and to prevent further problems, unless specifically stated as covered elsewhere in this Certificate of Insurance*
- *Services provided in the Member's home for convenience*
- *Hot/cold pack therapy including polar ice therapy and water circulating devices*

Hearing services (testing, treatment, and supplies)

Hearing services coverage is provided for the following:

- Sudden sensorineural hearing loss (SSNHL), and diagnostic testing and treatment related to acute illness or injury.

Note: Preauthorization/Prior Approval is required for the following services; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.):

1. External hearing aids for the treatment of a hearing loss that is not due to the gradual deterioration that occurs with aging and/or other lifestyle factors.
   a. Benefit is limited to one hearing aid, per ear, per Member, every three (3) years, in alignment with medical necessity and Plan guidelines.
   b. The provision of hearing aids must meet criteria for rehabilitative and/or habilitative services coverage and either:
      i. provide significant improvement to the Member within two (2) months, as certified on a prospective and timely basis by the Plan; or
      ii. help maintain or prevent deterioration in physical, cognitive, or behavioral function.
2. Hearing aids for Members under age 18.
3. Cochlear implants and bone-anchored (hearing aid) implants.

Not Covered:

- *Treatment of gradual deterioration of hearing that occurs with aging and/or other lifestyle factors, and related adult hearing screening services, testing and supplies*
- *For Members ages 18 and older, external hearing aids; non-implant devices; or equipment to correct gradual hearing impairment or loss that occurs with aging and/or other lifestyle factors*
- *Tinnitus Maskers*
- *All other hearing related supplies, purchases, examinations, testing or fittings*

Vision services (testing, treatment, and supplies)

The following are covered:

- Eyeglasses or contact lenses for Members diagnosed with aphakia (the absence of the lens of the eye, due to surgical removal, a perforated wound or ulcer, or a congenital condition resulting in complications which include the detachment of the vitreous or retina, and glaucoma)
- Non-routine vision exams relating to disease or injury of the eye
- Eyeglasses, including lenses and one frame per lifetime up to up to a net allowance of $200 or clear contact lenses for the aphakia eye will be covered for *two (2)* single lens per calendar year
- Scleral Shells: Soft shells limited to *two (2)* per calendar year. Hard shells limited to *one (1)* per lifetime

- Cataract Surgery
  - One (1) pair of eyeglasses or contact lenses per Member when purchased within 6 months following a covered cataract surgery
- Visual Training for Members under age 10. Benefits are subject to an Annual Maximum of 16 visits per Member.
- Dilated Eye Examination for Members with Diabetes, limited to one (1) examination per Member per Benefit Period.

Not Covered:

- *Adult vision exams (routine)*
- *Eyeglasses or contact lenses and the vision examination for prescribing or fitting eyeglasses or contact lenses, unless specified as Covered elsewhere in this Certificate of Insurance*
- *Refractive errors of the eye*
- *Refractive eye surgery when used in otherwise healthy eyes to replace eyeglasses or contact lenses*
- *Purchase, examination, or fitting of eyeglasses or contact lenses, except as specifically covered elsewhere*
- *Radial Keratotomy, Myopic Keratomileusis, and any surgery involving corneal tissue for the purpose of altering, modifying, or correcting myopia, hyperopia, or stigmatic error*
- *Replacement of lost, stolen, broken, or damaged lenses or glasses*
- *Bifocal contact lenses*
- *Special lens coating or lens treatments for prosthetic eyewear*
- *Routine cleaning of Scleral Shells*
- *Services or supplies determined by the Plan to be special or unusual, including orthoptics, vision training and vision aids (except for Members under the age of ten (10)*

Foot care

Routine foot care covered for Members with diabetes only. See Section 5(a) *Diabetes supplies, equipment, and education* for more information on Plan policies.

Non-routine diagnostic testing and treatment of the foot due to illness or injury

Note: See Section on *Orthotic and prosthetic devices* for information on podiatric shoe inserts

Not Covered:

- *Cutting, removal, or treatment of corns, calluses, or nails for reasons other than authorized corrective surgery (except as stated above and in Section 5(a) Diabetes supplies, equipment, and education)*
- *Diagnosis and treatment of weak, strained, or flat feet*

Orthotic and prosthetic devices

Prosthetic limbs, sockets and supplies, and prosthetic eyes limited to *one (1)* per lifetime

Externally worn breast prostheses and surgical bras, including necessary replacements following a mastectomy. Includes *two (2)* external prosthesis per Calendar Year and *two (2)* bras per Calendar Year. For double mastectomy: coverage extends to *four (4)* external prosthesis per Calendar Year and *two (2)* bras per Calendar Year.

Adjustments and/or modification to the prosthesis required by wear/tear or due to a change in Member's condition or to improve the function are eligible for coverage and do not require Preauthorization/Prior Approval.

Repairs necessary to make the prosthetic functional are covered and do not require authorization/approval. The expense for repairs is not to exceed the estimated expense of purchasing another prosthesis.

Note: The following requires Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.):

- Cochlear implants and related services
- Devices permanently implanted that are not Experimental or Investigational such as artificial joints, pacemakers, and surgically implanted breast implant(s) following mastectomy.

Note: Internal prosthetic devices are paid as Hospital benefits; see Section 5(b) for benefit information. Insertion of the device is paid under the surgery benefit.

Not Covered:

- *Experimental and/or Investigational services or devices except as part of an Approved Clinical Trial*
- *Revision/replacement of prosthetics (except as noted per Plan guidelines (available upon request))*
- *Replacement or repair of items, if the items are damaged or destroyed by the Member's misuse, abuse or carelessness, lost, or stolen*
- *Duplicate or similar items*
- *Service call charges, labor charges, charges for repair estimates*
- *Wigs, cranial prosthesis, or hair transplants*
- *Cleaning and polishing of prosthetic eye(s)*

Durable medical equipment (DME)

Covered DME equipment prescribed by an attending Practitioner and/or Provider, which is Medically Necessary, not primarily and customarily used for non-medical purposes, designed for prolonged use, and for a specific therapeutic purpose in the treatment of an illness or injury. Limitations per Plan policy guidelines apply (available upon request).

Casts, splints, braces, crutches and dressings for the treatment of fracture, dislocation, torn muscles or ligaments and other chronic conditions per Plan guidelines (available upon request).

Note: The following DME require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.):

- Respiratory equipment such as ventilators, pleural catheters, hand-held battery operated nebulizers, and suction pumps
- Gastrointestinal equipment such as TPN enteral supplies and formula, parenteral nutrition, and suction pumps
- Beds such as Hospital beds and mattresses
- Musculoskeletal equipment such as neuromuscular stimulators, and bone growth stimulators
- Integumentary supplies such as wound vacuum systems
- Wheelchairs
- Home IV therapy supplies and medications
- Repair, replacement, and periodic maintenance of durable medical equipment

Note: This list is not all-inclusive and is subject to change per Plan policy updates.

Not Covered:

- *Orthopedic shoes; custom made orthotics; over-the-counter orthotics and appliances*
- *Disposable supplies (including diapers) or non-durable supplies and appliances, including those associated with equipment determined not to be eligible for coverage*
- *Revision of durable medical equipment, except when made necessary by normal wear or use*
- *Replacement or repair of equipment if items are damaged or destroyed by Member misuse, abuse, or carelessness, lost, or stolen*
- *Duplicate or similar items*
- *Sales tax, mailing, delivery charges, service call charges, or charges for repair estimates*
- *Items which are primarily educational in nature or for vocation, comfort, convenience or recreation*
- *Household equipment which primarily has customary uses other than medical, such as, but not limited to, air purifiers, central or unit air conditioners, water purifiers, non-allergic pillows, mattresses or waterbeds, physical fitness equipment, hot tubs, or whirlpools*
- *Household fixtures including, but not limited to, escalators or elevators, ramps, swimming pools and saunas*
- *Home Modifications including, but not limited to, its wiring, plumbing or changes for installation of equipment*
- *Vehicle modifications including, but not limited to, hand brakes, hydraulic lifts, and car carrier*
- *Remote control devices as optional accessories*
- *Any other equipment and supplies which the Plan determines are not eligible for coverage*

Home health services

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Member must be home-bound to receive home health services. The following is covered if approved by the Plan in lieu of Hospital or Skilled Nursing Facility:

- part-time or intermittent care by a RN or LPN/LVN
- part-time or intermittent home health aide services for direct patient care only
- physical, occupational, speech, inhalation, and intravenous therapies up to the maximum benefit allowable
- medical supplies, prescribed medicines, and lab services, to the extent they would be covered if the Member were Hospitalized

Not Covered:

- *Nursing care requested by, or for the convenience of the patient or the patient's family (rest cures)*
- *Custodial or convalescent care*

Chiropractic services

Chiropractic services provided on an inpatient or outpatient basis when Medically Necessary as determined by Sanford Health Plan and within the scope of licensure and practice of a Chiropractor, to the extent services would be covered if provided by a Physician. Benefits are not available for Maintenance Care.

Not Covered:

- *Maintenance Care*
- *Vitamins (unless listed as covered elsewhere in this COI), minerals, therabands, cervical pillows, and hot/cold pack therapy including polar ice therapy and water circulating devices*

Tobacco cessation treatment

As defined in the Affordable Care Act, evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force when received from an In-Network provider are covered without payment of any deductible or coinsurance requirement that would otherwise apply. Tobacco cessation treatment includes:

- Screening for tobacco use; and
- At least two (2) tobacco cessation attempts per year (for participants who use tobacco products). Covering a cessation attempt is defined to include coverage for:
    - Four (4) tobacco cessation counseling sessions of at least ten (10) minutes each (including telephone counseling, group counseling and individual counseling) without Preauthorization/Prior Approval; and
    - All Food and Drug Administration (FDA)-approved tobacco cessation medications (including both prescription and over-the-counter medications) for a 90-day treatment regimen when prescribed by a health care provider without Preauthorization/Prior Approval.

Not Covered: *Hypnotism and Acupuncture*

Reconstructive surgery

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Surgery to restore bodily function or correct a deformity caused by illness or injury
- If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). Coverage for mastectomy related benefits will be provided in a manner determined in consultation with the attending physician and Member. Coverage will be provided for reconstructive breast surgery and physical complications at all stages of a mastectomy, including lymphedema for those Members who had a mastectomy resultant from a disease, illness, or injury. Breast prostheses and surgical bras and replacements are also covered (see Prosthetic devices in Section 5(a)). Deductible and coinsurance applies as outlined in your *Summary of Benefits and Coverage*.

  Note: For single mastectomies, coverage extends to the non-affected side to make it symmetrical with the affected breast post-surgical reconstruction.

Not Covered:

- *Surgeries related to gender transformation/gender reassignment*
- *Cosmetic Services and/or supplies to repair or reshape a body structure primarily for the improvement of a Member's appearance or psychological well-being or self-esteem, including but not limited to, breast augmentation, skin disorders, rhinoplasty, liposuction, scar revisions, and cosmetic dental services*
- *Removal, revision or re-implantation of saline or silicone implants for: breast implant malposition; unsatisfactory aesthetic outcome; patient desire for change of implant; patient fear of possible negative health effects; or removal of ruptured saline implants that do not meet medical necessity criteria.*
- *Prophylactic (preventive) surgeries (i.e. mastectomy, oophorectomy)*

Oral and maxillofacial surgery

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Oral surgical procedures limited to services required because of injury, accident or cancer that damages Natural Teeth
  - Care must be received within *six (6)* months of the occurrence
  - Orthognathic Surgery per Plan guidelines (available upon request)
  - Associated radiology services are included
  - "Injury" does not include injuries to Natural Teeth caused by biting or chewing
- Diagnosis and treatment for Temporomandibular Joint (TMJ) Dysfunction and/or Temporomandibular Disorder (TMD) and TMJ splints and adjustments if your primary diagnosis is TMJ/TMD.
- Preauthorization/Prior Approval is required for dental anesthesia for Members over age nine (9) and/or Members with a developmental disability, as determined by a licensed Physician, which places such a person at serious risk.
- Coverage applies regardless of whether the services are provided in a Hospital or a dental office

Note: For more information on Dental Services, see Section 5(f).

Note: Dental care Anesthesia and Hospitalization for the extraction of teeth is covered for a Member who:

a. is a child under age nine (9); or
b. is severely disabled or otherwise suffers from a developmental disability, or
c. has high risk medical condition(s) as determined by a licensed Physician, which places such a person at serious risk.

Not Covered:

- *Routine dental care and treatment*
- *Natural teeth replacements including crowns, bridges, braces or implants*
- *Osseointegrated implant surgery (dental implants)*
- *Extraction of wisdom teeth*
- *Hospitalization for extraction of teeth except as required by N.D.C.C. §26.1-36-09.9*
- *Dental x-rays or dental appliances*
- *Shortening of the mandible or maxillae for cosmetic purposes*
- *Services and supplies related to ridge augmentation, implantology, and Preventive vestibuloplasty*
- *Dental appliances of any sort, including but not limited to bridges, braces, and retainers(except for appliances for treatment of TMJ/TMD)*

Transplant services

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Coverage is provided for the organ donor expenses under the transplant recipient's benefit plan when billed under the transplant recipient's name when the recipient of the transplant meets <u>ALL</u> of the following criteria:

a. Is eligible for coverage under the Plan;
b. Has a condition for which the proposed transplant is considered medically necessary;

c. Meets the Plan's medical coverage guidelines for transplant; and
d. The charges are not covered by the donor's own benefit plan, by another group health plan or other coverage arrangement.

Coverage is provided for transplants according to the Plan's medical coverage guidelines (available upon request) for the following services:

- Pre-operative care
- Transplant procedure, Facility and professional fees
- Organ acquisition costs including:
  - For living donors: organ donor fees, recipient registration fees, laboratory tests (including tissue typing of recipient and donor), and Hospital services that are directly related to the excision of the organ
  - For cadaver donors: operating room services, intensive care cost, preservation supplies (perfusion materials and equipment), preservation technician's services, transportation cost, and tissue typing of the cadaver organ
- Bone marrow or stem cell acquisition and short term storage during therapy for a Member with a covered illness
- Short-term storage of umbilical cord blood for a Member with a malignancy undergoing treatment when there is a donor match.
- Post-transplant care and treatment
- Medications (including immunosuppressive medications)
- Supplies (must be Preauthorized/Approved)
- Psychological testing
- Living donor transplant-related complications for sixty (60) days following the date the organ is removed, if not otherwise covered by donor's own health benefit plan, by another group health plan or other coverage arrangement

Transplants that meet the United Network for Organ Sharing (UNOS) criteria and/or Plan policy requirements and are performed at Plan Participating Providers or contracted Centers of Excellence are covered for the following conditions:

1. Small bowel transplants
2. Kidney transplants for end stage disease
3. Cornea transplants
4. Heart transplants
5. Implantable ventricular assist device used while waiting for a heart transplant
6. Lung transplants or heart/lung transplants for:
   a. Primary pulmonary hypertension;
   b. Eisenmenger's syndrome;
   c. End stage pulmonary fibrosis;
   d. Alpha 1 antitrypsin disease;
   e. Cystic fibrosis; and
   f. Emphysema for members with specific indications.
7. Liver transplants for:
   a. Biliary atresia in children;
   b. Primary biliary cirrhosis;
   c. Post-acute viral infection (including hepatitis a, hepatitis b antigen e negative and hepatitis c causing acute atrophy or post necrotic cirrhosis);
   d. Primary sclerosing cholangitis; and
   e. Alcoholic cirrhosis.
8. Pancreas transplants (cadaver organ) for Members with Type I uncontrolled diabetes for:
   a. Simultaneous pancreas kidney;
   b. Pancreas after kidney; and
   c. Pancreas before kidney.
9. Allogenic bone marrow transplants or peripheral stem cell support (myeloablative or non-myeloablative) for:
   a. Acute Lymphoblastic Leukemia
   b. Acute Myelogenous Leukemia
   c. Chronic Myelogenous Leukemia
   d. Pediatric Neuroblastoma
   e. Myelodysplastic Diseases
   f. Hodgkin's Disease (Lymphoma)
   g. Non-Hodgkin's Lymphoma
   h. Genetic Diseases and Acquired Anemias:
      i. Sickle cell anemia
      ii. Severe aplastic anemia
      iii. Wiskott-Aldrich syndrome
      iv. Severe combined immunodeficiencies
      v. Mucopolysaccharidoses
      vi. Mucolipidoses
10. Autologous bone marrow transplants or peripheral stem cell support associated with high dose chemotherapy for:
    a. Acute Lymphoblastic Leukemia
    b. Acute Myelogenous Leukemia
    c. Chronic Myelogenous leukemia

d. Pediatric Neuroblastoma
e. Ewing's Sarcoma
f. Primitive Neuroectodermal Tumors
g. Germ Cell Tumors
h. Multiple Myeloma
i. Primary Amyloidosis
j. Hodgkin's Disease (Lymphoma)
k. Non-Hodgkin's Lymphoma
l. Breast cancer

Not Covered:

- *Transplant evaluations with no end organ complications*
- *Storage of stem cells including storing umbilical cord blood of non-diseased persons for possible future use*
- *Artificial organs, any transplant or transplant services not listed above*
- *Expenses incurred by a Member as a donor, unless the recipient is also a Member Costs related to locating and/or screening organ donors*
- *Donor expenses for complications that occur after sixty (60) days from the date the organ is removed, regardless if the donor is covered as a Member under this Plan or not*
- *Services, chemotherapy, radiation therapy (or any therapy that damaged the bone marrow), supplies, medications and aftercare for or related to artificial or non-human organ transplants*
- *Services, chemotherapy, supplies, medications and aftercare for or related to human organ transplants not specifically approved by the Plan's Chief Medical Officer or its designee*
- *Services, chemotherapy, supplies, medications and aftercare for or related to transplants performed at a non-Plan Participating Center of Excellence*
- *Transplants and transplant evaluations that do not meet the United Network for Organ Sharing (UNOS) criteria*

Anesthesia

We cover services of an anesthesiologist or other certified anesthesia Provider in connection with an authorized/approved procedure or treatment.

Concurrent services received while inpatient

Concurrent services including medical, surgical, maternity, Chemotherapy or Radiation Therapy provided during one inpatient stay by one Professional Health Care Provider. Benefits for concurrent services will be based on the Covered Service with the highest Allowance.

When two or more Professional Health Care Providers have attended the Member during one inpatient stay because the nature or severity of the Member's condition requires the skills of separate Professional Health Care Providers, benefits will be available for the Covered Service that carries the highest Allowance for the type of service provided by each Professional Health Care Provider, provided the service is Medically Appropriate and Necessary and would otherwise be a Covered Service under this Benefit Plan.

Section 5(b) Services provided by a Hospital or other Facility

IMPORTANT

Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this COI and are payable only when we determine they are Medically Necessary.
- Participating Providers must provide or arrange your care and you must be Hospitalized in a Participating Facility.
- Mental Health and Substance Use Disorder benefits provided by a Hospital or other Facility are outlined in Section 5(d).
- Be sure to read Section 4, *How you get care*, for valuable information about conditions for coverage.
- **YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL FOR SOME OF THESE SERVICES**. See the benefits description below.

IMPORTANT

Benefit Description

Inpatient Hospital

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

The following Hospital Services are covered:

- Room and board
- Critical care services
- Use of the operating room and related facilities
- General Nursing Services, including special duty Nursing Services if approved by the Plan
- The administration of whole blood and blood plasma is a Covered Service. The purchase of whole blood and blood components is not covered unless such blood components are classified as medications in the *United States Pharmacopoeia*.
- Special diets during Hospitalization, when specifically ordered
- Other services, supplies, biologicals, and medications prescribed by a Practitioner and/or Provider during Hospitalization

Note: If you need a mastectomy, you may choose to have the procedure performed on an inpatient basis and remain in the Hospital up to 48 hours after the procedure.

Not Covered:

- *Take-home medications (Prescription medications provided to a Member at discharge are paid under the Prescription Drugs benefit. See Section 2 and Section 5(e) for payment amount details.)*
- *Personal comfort items (telephone, television, guest meals and beds)*
- *Admissions to Hospitals performed only for the convenience of the Member, the Member's family or the Member's Practitioner and/or Provider*
- *Custodial care*
- *Convalescent care*
- *Intermediate level or Domiciliary care*
- *Rest cures*
- *Services to assist in activities of daily living*

Outpatient Hospital or Ambulatory Surgical Center

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Health care services furnished in connection with a surgical procedure performed in a participating surgical center include:

- Outpatient Hospital surgical center
- Outpatient Hospital services such as diagnostic tests
- Ambulatory surgical center (same day surgery)

Not Covered:

- *Surgical procedures that can be done in a Practitioner office setting (i.e. vasectomy, toe nail removal)*
- *Blood and blood derivatives replaced by the Member*
- *Take-home medications (Prescription medications provided to a Member at discharge are paid under the Prescription Drugs benefit. See Section 2 and Section 5(e) for payment amount details.)*

Skilled nursing care facility benefits

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

Skilled Nursing Facility Services are covered if approved by the Plan in lieu of continued or anticipated Hospitalization.

The following Skilled Nursing Facility Services are covered when provided through a state-licensed nursing Facility or program:

- Skilled nursing care, whether provided in an inpatient skilled nursing unit, a Skilled Nursing Facility, or a subacute (swing bed) Facility
- Room and board in a Skilled Nursing Facility
- Special diets in a Skilled Nursing Facility, if specifically ordered

Skilled nursing care in a Hospital shall be covered if the level of care needed by a Member has been reclassified from acute care to skilled nursing care and no designated skilled nursing care beds or swing beds are available in the Hospital or in another Hospital or health care Facility within a *thirty-mile (30)* radius of the Hospital.

Not Covered:

- *Custodial care*
- *Convalescent care*
- *Intermediate level or Domiciliary care*
- *Residential care*
- *Rest cures*
- *Services to assist in activities of daily living*

Hospice care

Note: Preauthorization/Prior Approval is required; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

A Member may elect to receive hospice care, instead of the traditional Covered Services provided under the Plan, when the following circumstances apply:

a. The Member has been diagnosed with a terminal disease and a life expectancy of *six (6)* months or less;
b. The Member has chosen a palliative treatment focus (i.e. emphasizing comfort and support services rather than treatment attempting to cure the disease or condition);
c. The Member continues to meet the terminally ill prognosis as reviewed by the Plan's Chief Medical Officer over the course of care; and
d. The hospice service has been approved by the Plan.

The following hospice services are covered:

a. Admission to a hospice Facility, Hospital, or Skilled Nursing Facility for room and board, supplies and services for pain management and other acute/chronic symptom management
b. In-home hospice care per Plan guidelines (available upon request)
c. Part-time or intermittent nursing care by a RN, LPN/LVN, or home health aide for patient care up to *eight (8)* hours per day
d. Social services under the direction of a Participating Provider
e. Psychological and dietary counseling
f. Physical or occupational therapy, as described under *Section 5(a)*
g. Consultation and Case Management services by a Participating Provider
h. Medical supplies, DME and medications prescribed by a Participating Provider
i. Expenses for Participating Providers for consultant or Case Management services, or for physical or occupational therapists, who are not Group Members of the hospice, to the extent of coverage for these services as listed in *Section 5(a)*, but only where the hospice retains responsibility for the care of the Member

Not Covered:

- *Independent nursing, homemaker services, respite care*

IMPORTANT

Here are some important things to keep in mind about these benefits:

Please remember that all benefits are subject to the definitions, limitations, and exclusions in this COI and are payable only when we determine they are Medically Necessary.

Be sure to read Section 4, *How you get care*, for valuable information about conditions for coverage.

IMPORTANT

What is an Emergency Medical Condition?

An **Emergency Medical Condition** is the sudden and unexpected onset of a health condition that would lead a Prudent Layperson, acting reasonably, and possessing the average knowledge of health and medicine, to believe that the absence of immediate medical attention could result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person's health; or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

What is a Prudent Layperson?

A **Prudent Layperson** is a person who is without medical training and who possess an average knowledge of health and medicine and who draws on his/her practical experience when making a decision regarding the need to seek Emergency medical treatment.

What is an Urgent Care Situation?

An **Urgent Care Situation** is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within *twenty-four (24)* hours, such as stitches for a cut finger. **Urgent Care Request** means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination which:

a. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or
b. In the opinion of a Practitioner and/or Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

If an Urgent Care Situation occurs, Members should contact their Primary Care Practitioner and/or Provider immediately, if one has been selected, and follows his or her instructions. A Member may always go directly to a participating urgent care or after-hours clinic (listing available upon request or visit www.sanfordhealthplan.com/ndpers).

The Health Plan covers worldwide Emergency services necessary to screen and stabilize Members without Preauthorization/Prior Approval in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed. Network restrictions do not apply to Emergency services received by Practitioners and/or Providers outside of the United States.

Benefit Description

Emergency Medical Conditions

Emergency services from Basic Plan-level Providers will be covered at the same benefit and cost sharing level as services provided by PPO-level Providers both within and outside of the Sanford Health Plan Service Area in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed.

Note: If the Plan determines the condition did not meet Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts will apply, and the Member is responsible for charges above the Reasonable Cost.

If an Emergency Medical Condition arises, Members are encouraged to seek services at the nearest Emergency Facility that is a Participating Provider. If the Emergency Medical Condition is such that a Member cannot go safely to the nearest Participating Emergency Facility, then the Member should seek care at the nearest Emergency Facility. To find a listing of Participating Providers and Facilities, sign into your account at www.sanfordhealthplan.com/memberlogin or call the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

The Member, or a designated relative or friend must notify the Plan, and the Member's Primary Care Practitioner and/or Provider, if one has been selected, as soon as reasonably possible after receiving treatment for an Emergency Medical Condition, but no later than *forty-eight (48)* hours after the Member is physically or mentally able to do so.

Participating Emergency Providers/Facilities

The Plan covers Emergency services necessary to screen and stabilize Members without Preauthorization/Prior Approval in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts may apply, subject to whether services were received from a PPO-level or Basic-level Participating Provider/Facility, as set forth in Section 1. See Section 1, "*Participating Providers*" and "*How PPO vs. Basic Plan Determines Benefit Payment*" for details.

Non-Participating Emergency Providers/Facilities

The Plan covers Emergency services necessary to screen and stabilize a Member and may not require Prospective (Pre-Service) Review of such services if a Prudent Layperson would have reasonably believed that use of a Participating Provider would result in a delay that would

worsen the Emergency, or if a provision of federal, state, or local law requires the use of a specific Practitioner and/or Provider. The coverage shall be at the same benefit level as if the service or treatment had been rendered by a Participating Provider.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts will apply, subject to the limitations on Non-Participating Providers set forth in Section 1, and whether services were rendered within or outside the state of North Dakota and its contiguous counties. See Section 1, "*Non-Participating Health Care Providers*", for more information.

If a Member is admitted as an inpatient to a Non-Participating Provider Facility, then the Plan will contact the admitting Practitioner and/or Provider to determine medical necessity and a plan for treatment. In some cases, where it is medically safe to do so, the Member may be transferred to a Participating Hospital and/or other appropriate Facility.

Urgent Care Situations

Treatment provided in Urgent Care Situations from Basic Plan-level Providers will be covered at the same benefit and cost sharing level as services provided by PPO-level Providers both within and outside of the Sanford Health Plan Service Area in cases where a Prudent Layperson reasonably believed that an Urgent Care Situation existed.

Note: If the Plan determines the condition did not meet Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts will apply, and the Member is responsible for charges above the Reasonable Cost.

If an **Urgent Care Situation** occurs, Members should contact their Primary Care Practitioner and/or Provider immediately, if one has been selected, and follow his or her instructions. If a Primary Care Practitioner and/or Provider has not been selected, the Member should contact the Plan and follow the Plan's instructions. A Member may always go directly to a participating urgent care or after-hours clinic. To find a listing of Participating Providers and Facilities, sign into your account at www.sanfordhealthplan.com/memberlogin or call the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

Participating Providers/Facilities

The Plan covers services in an Urgent Care Situation without Preauthorization/Prior Approval in cases where a Prudent Layperson reasonably believed that an Urgent Care Situation existed.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts may apply, subject to whether services were received from a PPO-level or Basic-level Participating Provider/Facility, as set forth in Section 1. See Section 1, "*Participating Providers*" and "*How PPO vs. Basic Plan Determines Benefit Payment*" for details.

Non-Participating Providers/Facilities

The Plan covers services in an Urgent Care Situation without Preauthorization/Prior Approval requirements if a Prudent Layperson would have reasonably believed that use of a Participating Provider would result in a delay that would worsen the Urgent Care Situation, or if a provision of federal, state, or local law requires the use of a specific Practitioner and/or Provider. The coverage shall be at the same benefit level as if the service or treatment had been rendered by a Participating Provider.

Note: If the Plan determines the Member's condition did not meet the Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts will apply, subject to the limitations on Non-Participating Providers set forth in Section 1, and whether services were rendered within or outside the state of North Dakota and its contiguous counties. See Section 1, "*Non-Participating Health Care Providers*", for more information.

Ambulance and transportation services

Transportation by professional ground ambulance, air ambulance, or on a regularly scheduled flight on a commercial airline is covered when transportation is:

a. Medically Necessary; and
b. To the nearest Participating Provider equipped to furnish the necessary Health Care Services, or as otherwise approved and arranged by the Plan.

Not Covered:

- *Reimbursement for personal transportation costs incurred while traveling to/from Practitioner and/or Provider visits or other health care services*
- *Transfers performed only for the convenience of the Member, the Member's family or the Member's Practitioner and/or Provider*
- *Services and/or travel expenses relating to a Non-Emergency Medical Condition*

Non-Emergency or Non-Urgent Care Situations Outside the Plan's Service Area

For non-Emergency medical care or non-Urgent Care Situations when traveling outside the Plan's Service Area, benefits will be payable at Basic level. For details, see Section 1.

Section 5(d) Mental health and substance use disorder benefits

IMPORTANT

Here are some important things to keep in mind about these benefits:

All benefits are subject to the definitions, limitations, and exclusions in this COI and are payable only when we determine they are Medically Necessary.

Be sure to read Section 4, *How you get care*, for valuable information about conditions for coverage.

YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL OF SOME OF THESE SERVICES. See the benefits description below.

IMPORTANT

Benefit Description

Mental health benefits

In compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), the financial requirements and treatment limitations that apply to the Plan's mental health and/or substance use disorder benefits are no more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. In addition, mental health and substance use disorder benefits are not subject to separate cost sharing requirements or treatment limitations. Mental health and substance use disorders are covered consistent with generally recognized independent standards of current medical practice, which include the current editions of the Diagnostic and Statistical Manual of Mental Disorders (DSM) and the International Classification of Diseases (ICD).

Coverage is provided for mental health conditions which current prevailing medical consensus affirms substantially impairs perception, cognitive function, judgment, and/or emotional stability, and limits the life activities of the person with the condition(s). This includes but is not limited to the following conditions: schizophrenia; schizoaffective disorders; bipolar disorder; major depressive disorders (single episode or recurrent); obsessive-compulsive disorders; attention-deficit/hyperactivity disorder; autism spectrum disorders; post-traumatic stress disorders (acute, chronic, or with delayed onset); and anxiety disorders that cause significant impairment of function.

Mental health benefits are covered with the same Deductibles, Coinsurance factors, and restrictions as other medical/surgical benefits under the Plan. Coverage for mental health conditions includes:

- Outpatient Professional services, including therapy by Providers such as psychiatrists, psychologists, clinical social workers, or other qualified mental health professionals
- Inpatient services, including Hospitalizations
- Medication management
- Diagnostic tests
- Electroconvulsive therapy (ECT)
- Partial Hospitalization
- Intensive Outpatient Programs

For outpatient treatment services, the first five (5) hours of treatment of any calendar year will be covered at 100% (no charge). Coverage of the first five (5) hours will not apply when you elect an HSA.

If you are having difficulty obtaining an appointment with a mental health practitioner and/or Provider, or for mental health needs or assessment services by phone, call the Sanford USD Medical Center Triage Line toll-free at (888) 996-4673.

Telephonic consultation for a Member diagnosed with depression and within twelve (12) weeks of starting antidepressant therapy per Plan guidelines (available upon request). Coverage limited to one (1) telephonic consult per Member per year for depression and one (1) telephonic consult for Attention Deficit Hyperactive Disorder (ADHD). For Members with an eating disorder, see additional benefits in Section 5(a), *Outpatient nutritional care services*.

Note: Preauthorization/Prior Approval is required for these benefits. As with other medical/surgical benefits, failure to get Preauthorization/ Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4):

- All Inpatient services, including those provided by a Hospital or a Residential Treatment Facility

Not Covered:

- *Convalescent care*
- *Marriage or bereavement counseling; pastoral counseling; financial or legal counseling; and custodial care counseling*
- *Educational or non-medical services provided under the Individuals with Disabilities Education Act (IDEA)*
- *Educational or non-medical services for learning disabilities and/or Behavioral problems*
- *Services related to environmental change*
- *Behavioral therapy, modification, or training, including Applied Behavioral Analysis (ABA)*
- *Milieu therapy*
- *Sensitivity training*

Substance use disorder benefits

In compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), the financial requirements and treatment limitations that apply to the Plan's mental health and/or substance use disorder benefits are no more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. In addition, mental health and substance use disorder benefits are not subject to separate cost sharing requirements or treatment limitations. Mental health and substance use disorders are covered consistent with generally recognized independent standards of current medical practice, which include the current editions of the Diagnostic and Statistical Manual of Mental Disorders (DSM), the American Society of Addiction Medicine Criteria (ASAM Criteria), and the International Classification of Diseases (ICD).

Substance use disorder benefits are covered with the same Deductibles, Coinsurance factors, and restrictions as other medical/surgical benefits under the Plan. Coverage for substance use disorders includes:

- Addiction treatment, including for alcohol, drug-dependence, and gambling issues
- Inpatient services, including Hospitalization
- Outpatient professional services, including therapy by Providers such as psychiatrists, psychologists, clinical social workers, Licensed Chemical Dependency Counselors, or other qualified mental health and substance abuse disorder professionals
- Partial Hospitalization
- Intensive Outpatient Programs

For outpatient treatment services, the first five (5) visits of treatment of any calendar year will be covered at 100% (no charge). Coverage of the first five (5) visits will not apply when you elect an HSA.

Note: Preauthorization/Prior Approval is required for these benefits; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4):

- All Inpatient services, including those provided by a Hospital or a Residential Treatment Facility.

Not Covered:

- *Confinement Services to hold or confine a Member under chemical influence when no Medically Necessary services are provided, regardless of where the services are received (e.g. detoxification centers)*
- *Methadone or Cyclazocine therapy*
- *Marriage or bereavement counseling; pastoral counseling; financial or legal counseling; and custodial care counseling*
- *Educational or non-medical services for learning disabilities or behavioral problems*
- *Services related to environmental change*
- *Milieu therapy*
- *Sensitivity training*
- *Domiciliary care or Maintenance Care*
- *Convalescent care*

Section 5(e) Prescription drug and diabetes supplies benefits

IMPORTANT	**Here are some important things to keep in mind about these benefits:** We cover prescribed medications, as described in this Section. All benefits are subject to the definitions, limitations and exclusions in this COI and are payable only when we determine they are Medically Necessary. Be sure to read Section 4, *How you get care*, for valuable information about conditions for coverage. **YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL FOR SOME OF THESE SERVICES.** See the benefits description below.	IMPORTANT

- **Where you can obtain them.** You must fill the prescription at a Plan Participating pharmacy for Cost Sharing amounts to apply. A Member may be responsible for payment of the Cost Sharing Amounts at the time the Prescription Medication is dispensed. A Participating Pharmacy agrees not to charge or collect any amount from the Member that exceeds the Cost Sharing Amounts. All claims from a Participating Pharmacy must be submitted by the Participating Pharmacy. A listing of the Plan's Participating pharmacies is available by contacting the Plan or online at www.sanfordhealthplan.com/ndpers.

  If a Member receives Prescription Medications from a Non-Participating Pharmacy, the Member is responsible for submitting a Claim for Benefits. Charges in excess of the Allowed Charge are the Member's responsibility.
- **Specialty medications.** Some specialty medications may be obtained at a retail pharmacy and some medications must be obtained through The Plan's contracted specialty medication vendor. To enroll, and obtain preauthorization/prior approval to join the Specialty/Injectable Drugs Program, call toll-free (866) 333-9721. Please refer to your *Summary of Pharmacy Benefits* handbook for a complete listing of specialty medications that require Preauthorization/Prior Approval.
- **How you can obtain them.** You must present your ID card to the Plan Participating pharmacy; if you do not present your ID card to the Plan Participating pharmacy, you must pay 100% of the costs of the medication to the pharmacy. Additionally, if you choose to go to a Non-Participating pharmacy, you must pay 100% of the costs of the medication to the pharmacy.

  Note: If a Member receives Prescription Medications from a Non-Participating Pharmacy, the Member is responsible for payment of the Prescription Order or refill in full at the time it is dispensed and to submit appropriate reimbursement information to Sanford Health Plan. Payment for covered Prescription Medications will be sent to the Subscriber. Any charges in excess of the Allowed Charge are the Subscriber's responsibility.
- **We use a formulary.** Sanford Health Plan covers prescribed medications according to our Formulary. A formulary is a list of Prescription Drug Products, which are preferred by the Plan for dispensing to Members when appropriate. This list is subject to periodic review and modifications. Additional medications may be added or removed from the formulary throughout the year. Sanford Health Plan will notify you of any formulary changes. For a copy of the Plan formulary, contact Pharmacy Management toll-free at (888) 315-0885 | TTY/TDD: (877) 652-1844 *(toll-free)* or sign into your account at www.sanfordhealthplan.com/memberlogin to view the formulary online.

  Formulary contraceptive medications obtainable with a Prescription Order are paid at 100% of Allowed Charge; this includes over-the-counter Plan-B, if obtained with a Prescription Order. *Deductible Amount is waived.*
- **Exception to formulary.** The Plan will use appropriate pharmacists and Practitioner and/or Providers to consider exception requests and promptly grant an exception to the medication formulary, including exceptions for anti-psychotic and other mental health medications, for a Member when the health care Practitioner and/or Provider prescribing the medication indicates to the Plan:
  1. the formulary medication causes an adverse reaction in the patient;
  2. the formulary medication is contraindicated for the patient; or
  3. the prescription medication must be dispensed as written to provide maximum medical benefit to the patient.

  Note: Members must generally try formulary medications before an exception for the formulary will be made for non-formulary medication use, unless a Member's Practitioner and/or Provider determines that use of the formulary medication may cause an adverse reaction to the Member or be contraindicated for the Member. To request an exception to the formulary, please call Pharmacy Management toll-free at (888) 315-0885 | TTY/TDD: (877) 652-1844 *(toll-free)*.
- **There are dispensing limitations.** Prescription Medications and nonprescription diabetes supplies are subject to a dispensing limit of a 100-day supply.
- **Generic vs. Brand.** If a Generic Prescription Medication is the therapeutic equivalent for a Brand Name Prescription Medication, and is authorized by a Member's Professional Health Care Provider, benefits will be based on the Allowance for the Generic equivalent. If the Member does not accept the Generic equivalent, the Member is responsible for the cost difference between the Generic and the Brand Name Prescription Medication and applicable Cost Sharing Amounts, except for cases in which the prescribed drug is a contraceptive, per Plan guidelines.

Benefit Description

Covered medications and supplies

- Medicines prescribed by a Provider of health services, including off-label use of medications, in accordance with federal and state laws and regulations

- Self-Administered Injectable medications, per Plan guidelines (available upon request). Please refer to your *Pharmacy Handbook* for a list of medications (injectable and high cost medications) that must receive Preauthorization/Prior Approval, and must be obtained from Express Scripts Specialty Pharmacy by calling (888) 333-9721 *(toll-free)*. If these medications are obtained from a retail pharmacy or physician office without Preauthorization/Prior Approval by Sanford Health Plan Utilization Management Department, the Member will be responsible for the full cost of the medication.
- Diabetic medications and supplies (See Section 5(a) *Diabetes supplies, equipment, and education* for additional benefits)
- The following preventive medications/supplies are covered at 100% (no charge) with a written prescription order:
  - Folic Acid Supplements for women planning to become pregnant or in their childbearing years
  - Vitamin D Supplements for Members ages 65 and older at risk for falls
  - Aspirin to prevent cardiovascular disease for male Members ages 45 through 79 and female Members ages 55 through 79 who are at risk for developing cardiovascular disease
  - Formulary breast cancer preventive medications for women at increased risk for breast cancer

Not Covered:

- *Replacement of a prescription medication due to loss, damage, or theft*
- *Outpatient medications dispensed in a Provider's office or non-retail pharmacy location*
- *Medications that may be received without charge under a federal, state, or local program*
- *Medications for cosmetic purposes, including baldness, removal of facial hair, and pigmenting or anti-pigmenting of the skin*
- *Refills of any prescription older than one year*
- *Compound medications with no legend (prescription) medications*
- *Acne medication for Members over age thirty (30)*
- *B-12 injection (except for pernicious anemia)*
- *Drug Efficacy Study Implementation ("DESI") medications*
- *Experimental or Investigational medications, or medication usage, if not recognized by the Food and Drug Administration, or part of an Approved Clinical Trial*
- *Growth hormone, except when medically indicated and approved by the Plan*
- *Orthomolecular therapy, including nutrients, vitamins (unless otherwise specified as covered in this COI), food supplements and baby formula (except to treat PKU or otherwise required to sustain life or amino acid-based elemental oral formulas),and nutritional and electrolyte substances*
- *Medications, equipment or supplies available over-the-counter (OTC) that by federal or state law do not require a prescription order (except for Plan B and its generic equivalents; insulin; and select diabetic supplies, e.g., insulin syringes, needles, test strips and lancets, or aspirin to prevent cardiovascular disease when prescribed by a health care Practitioner and/or Provider)*
- *Any medication that is equivalent to an OTC medication except for medications that have a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force and only when prescribed by a health care Practitioner and/or Provider*
- *Medications, and associated expenses and devices, not approved by the FDA for a particular use except as required by law (unless the Practitioner certifies off-label use with a letter of medical necessity)*
- *Anorexiants or weight management medications (except when Medically Necessary)*
- *Whole Blood and Blood Components Not Classified as Medications in the United States Pharmacopoeia*
- *Unit dose packaging*
- *Synthetic opioids (e.g. Methadone or Cyclazocine)*

Section 5(f) Dental benefits

IMPORTANT

Here are some important things to keep in mind about these benefits:

Please remember that all benefits are subject to the definitions, limitations, and exclusions in this COI and are payable only when we determine they are Medically Necessary.

We cover Hospitalization for dental procedures only when a non-dental physical impairment exists which makes Hospitalization necessary to safeguard the health of the patient. See Section 5(b) for Inpatient Hospital benefits. We do not cover the dental procedure unless described below.

Be sure to read Section 4, *How you get care*, for valuable information about conditions for coverage.

YOU MUST GET PREAUTHORIZATION/PRIOR APPROVAL FOR THESE SERVICES. See the benefits description below.

IMPORTANT

Benefit Description

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Dental services provided by a Dentist (D.D.S.) in an office setting as a result of an accidental injury to the jaw, sound natural teeth, dentures, mouth or face.
  - Covered Services must be initiated within 12 months of the date of injury and completed within 24 months of the start of treatment or longer if a dental treatment plan approved by Sanford Health Plan is in place.
  - Oral surgical procedures limited to services required because of injury, accident or cancer that damages Natural Teeth
  - Associated radiology services are included
  - "Injury" does not include injuries to Natural Teeth caused by biting or chewing
- Diagnosis and treatment for Temporomandibular Joint (TMJ) Dysfunction and/or Temporomandibular Disorder (TMD) and TMJ splints and adjustments if your primary diagnosis is TMJ/TMD
  - Splint limited to one (1) per Member per benefit period
- Coverage applies regardless of whether the services are provided in a Hospital or a dental office

Note: The following services require Preauthorization/Prior Approval; failure to get Preauthorization/Prior Approval may result in a reduction or denial of benefits. (See Services requiring Preauthorization/Prior Approval in Section 4.)

- Dental anesthesia for Members over age nine (9) and/or Members with a developmental disability or high-risk medical condition, as determined by a licensed Physician, which places such a person at serious risk.

Note: Anesthesia and Hospitalization charges for dental care are covered for a Member who:

a. is a child under age nine (9);
b. is severely disabled or otherwise suffers from a developmental disability, or
c. has a high risk medical condition(s), as determined by a licensed Physician, which places such a person at serious risk.

Not Covered:

- *Natural teeth replacements including crowns, bridges, braces or implants*
- *Osseointegrated implant surgery (dental implants)*
- *Extraction of wisdom teeth*
- *Hospitalization for extraction of teeth if not otherwise specified as Covered in this Certificate of Insurance*
- *Dental x-rays or dental appliances*
- *Shortening of the mandible or maxillae for cosmetic purposes*
- *Services and supplies related to ridge augmentation, implantology, and preventive vestibuloplasty*
- *Dental appliances of any sort, including but not limited to bridges, braces, and retainers (except for appliances for treatment of TMJ/TMD)*

Section 6. Limited and Non-Covered Services

This section describes services that are subject to limitations or **NOT** covered under this Contract. The Plan is not responsible for payment of non-covered or excluded benefits.

General Exclusions

1. Health Care Services provided either before the effective date of the Member's coverage with the Plan or after the Member's coverage is terminated
2. Health Care Services performed by any Provider who is a Member of the Member's immediate family, including any person normally residing in the Member's home. This exclusion does not apply in those areas in which the immediate family member is the only Provider in the area. If the immediate family member is the only Participating Provider in the area, the Member may go to a Non-Participating Provider and receive In-Network coverage (Section 4). If the immediate family member is not the only Participating Provider in the area, the Member must go to another Participating Provider in order to receive coverage at the in Network level.
3. Health Care Services Covered By Any Governmental Agency/Unit for military service-related injuries/diseases, unless applicable law requires the Plan to provide primary coverage for the same
4. Health Care Services for injury or disease due to voluntary participation in a riot, unless source of injury is a result of domestic violence or a medical condition
5. Health Care Services for sickness or injury sustained in the commission of a felony, unless source of injury is a result of domestic violence or a medical condition
6. Health Care Services that the Plan determines are not Medically Necessary
7. Experimental and Investigational Services not part of an Approved Clinical Trial
8. Services that are not Health Care Services
9. Complications from a non-covered procedure or service
10. Charges for telephone calls to or from a Physician, Hospital or other medical Practitioner and/or Provider or electronic consultations
11. Services not performed in the most cost-efficient setting appropriate for the condition based on medical standards and accepted practice parameters of the community, or provided at a frequency other than that accepted by the medical community as medically appropriate
12. Charges for professional sign language and foreign language interpreter services
13. Charges for duplicating and obtaining medical records from *Non-Participating Providers* unless requested by the Plan
14. Charges for sales tax, mailing, interest and delivery
15. Charges for services determined to be duplicate services by the Plan Chief Medical Officer or designee
16. Charges that exceed the *Reasonable Costs* for Non-Participating Providers
17. Services to assist in activities of daily living
18. Alternative treatment therapies including, but not limited to: acupuncture, acupressure, biofeedback, chelation therapy, massage therapy unless covered per plan guidelines under Women's Health and Cancer Rights Act of 1998 (WHCRA) for mastectomy/lymphedema treatment, naturopathy, homeopathy, holistic medicine, hypnotism, hypnotherapy, hypnotic anesthesia, or therapeutic touch
19. Education Programs or Tutoring Services (not specifically defined elsewhere) including, but not limited to, education on self-care or home management
20. Lifestyle Improvement Services, such as physical fitness programs, health or weight loss clubs or clinics
21. Services by a vocational residential rehabilitation center, a community reentry program, halfway house or group home
22. Any services or supplies for the treatment of obesity that do not meet the Plan's medical necessity coverage guidelines, including but not limited to: dietary regimen (except as related to covered nutritional counseling) nutritional supplements or food supplements; and weight loss or exercise programs
23. Gender reassignment surgery
24. Sequela, which are primarily cosmetic that occur secondary to a weight loss procedure (e.g., Panniculectomy, breast reduction or reconstruction).
25. Incidental cholecystectomy performed at the time of weight loss surgery
26. Cosmetic Services and/or supplies to repair or reshape a body structure primarily for the improvement of a Member's appearance or psychological well-being or self-esteem, including but not limited to, breast augmentation, treatment of gynecomastia and any related reduction services, skin disorders, rhinoplasty, liposuction, scar revisions, and cosmetic dental services
27. Food items for medical nutrition therapy (except as specifically allowed in the Covered Benefits Section of this Certificate of Insurance).
28. Any fraudulently billed charges or services received under fraudulent circumstances.
29. Genetic testing except as required by the evidence-based services that have a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
30. Never Events, Avoidable Hospital Conditions, or Serious Reportable Events. Participating Providers are not permitted to bill Members for services related to such events.
31. Autopsies, unless the autopsy is at the request of the Plan in order to settle a dispute concerning provision or payment of benefits. The autopsy will be at the Plan's expense.
32. Iatrogenic condition, illness, or injury as a result of mistakes made in medical treatment, such as surgical mistakes, prescribing or dispensing the wrong medication or poor hand writing resulting in a treatment error. Charges related to Iatrogenic illness or injury are not the responsibility of the Member.
33. Elective health services received outside of the United States.
34. Transplants and pre and post-transplant services at Non-Participating Center Of Excellence Facilities; and
35. Health Care Services ordered by a court or as a condition of parole or probation

Special Situations Affecting Coverage

Neither the Plan, nor any Participating Provider, shall have any liability or obligation because of a delay or failure to provide services as a result of the following circumstances:

a. Complete or partial destruction of the Plan's facilities;
b. Declared or undeclared acts of War or Terrorism;
c. Riot;
d. Civil insurrection;
e. Major disaster or unforeseen natural events which materially interfere with the ability to provide Health Care Services;
f. Disability of a significant portion of the Participating Providers;
g. Epidemic or the inability to obtain vaccines or medicines due to circumstances beyond the control of the Plan; or
h. A labor dispute not involving the Plan Participating Providers, the Plan will use its best efforts to arrange for the provision of Covered Services within the limitations of available facilities and personnel. If provision or approval of Covered Services under this Contract is delayed due to a labor dispute involving the Plan or Participating Providers, Non-Emergency Care may be deferred until after resolution of the labor dispute.

Additionally, non-Emergency care may be deferred until after resolution of the above circumstances.

Services Covered By Other Payors

The following are excluded from coverage:

1. Health services for which other coverage is either (1) required by federal, state or local law to be purchased or provided through other arrangements or (2) has been made available to and was purchased by the Covered Person. Examples include coverage required by workers' compensation, no-fault auto insurance, medical payments coverage or similar legislation.
   The Plan is not issued in lieu of nor does it affect any requirements for coverage by Workers' Compensation. This Plan contains a limitation which states that health services for injuries or sickness which are job, employment or work related for which benefits are provided or payable under any Workers' Compensation or Occupational Disease Act or Law, are excluded from coverage by the Plan. However, if benefits are paid by the Plan and it is determined that the Member is eligible to receive Workers' Compensation for the same incident; the Plan has the right to recover any amounts paid. As a condition of receiving benefits on a contested work or occupational claim, Member agrees to reimburse the Plan the full amount that the Plan has paid for Health Care Services when entering into a settlement or compromise agreement relating to compensation for Health Care Services covered by Workers' Compensation, or as part of any Workers' Compensation Award. The Plan reserves its right to recover against Member even though:
   a. The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise; or
   b. No final determination is made that the injury or sickness was sustained in the course of or resulted from employment;
   c. The amount of Workers' Compensation for medical or health care is not agreed upon or defined by Member or the Workers' Compensation carrier; or
   d. The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

   Member will not enter into a compromise or hold harmless agreement relating to any work related claims paid by the Plan, whether or not such claims are disputed by the Workers' Compensation insurer, without the express written agreement of the Plan.
2. Health Care Services received directly from Providers employed by or directly under contract with the Member's employer, mutual benefit association, labor union, trust, or any similar person or Group.
3. Health Care Services for injury or sickness for which there is other non-Group insurance providing medical payments or medical expense coverage, regardless of whether the other coverage is primary, excess, or contingent to the Plan. If the benefits subject to this provision are paid for or provided by the Plan, the Plan may exercise its Rights of Subrogation.
4. Health Care Services for conditions that under the laws of This State must be provided in a governmental institution.
5. Health Care Services covered by any governmental health benefit program such as Medicare, Medicaid, ESRD and TRICARE, unless applicable law requires the Plan to provide primary coverage for the same.

Services and payments that are the responsibility of Member

1. Out-of-pocket costs, including Copays, Deductibles, and Coinsurance are the responsibility of the Member in accordance with the Summary of Benefits and Coverage and Summary of Pharmacy Benefits. Additionally, the Member is responsible to the Provider for payment for Non-Covered Services;
2. Finance charges, late fees, charges for missed appointments and other administrative charges; and
3. Services for which a Member is neither legally nor as customary practice required to pay in the absence of a Group health plan or other coverage arrangement.

Section 7. How Services Are Paid By The Plan

Reimbursement of Charges by Participating Providers

When you see Participating Providers, receive services at Participating Providers and facilities, or obtain your prescription medications at Network pharmacies, you will not have to file claims. You must present your current identification card and pay any deductible/coinsurance amount due.

When a Member receives Covered Services from a Participating Provider, the Plan will pay the Participating Provider directly, and the Member will not have to submit claims for payment. The Member's only payment responsibility, in this case, is to pay the Participating Provider, at the time of service, any Deductible or Coinsurance amount, which is required for that service. Participating Providers agree to accept either Sanford Health Plan's payment arrangements or its negotiated contract amounts.

Time Limits. Participating Providers must file claims to the Plan within *one hundred eighty (180)* days after the date that the cost was incurred. If the Member fails to show his/her Plan ID card at the time of service, then the Member may be responsible for payment of claim after Practitioner and/or Provider's timely filing period of *one hundred eighty (180)* days has expired.

In any event, the claim must be submitted to the Plan no later than *one hundred eighty (180)* days after the date that the cost was incurred, unless the claimant was legally incapacitated.

Reimbursement of Charges by Non-Participating Providers

Sanford Health Plan does not have contractual relationships with Non-Participating Practitioner and/or Providers and they may not accept the Plan's payment arrangements. In addition to any Deductible or Coinsurance amount, which is required for that service, Members are responsible for any difference between the amount charged and the Plan's payment for covered services. Non-Participating Practitioner and/or Providers are reimbursed the Maximum Allowed Amount, which is the lesser of (a) the amount charged for a covered service or supply, or (b) Reasonable Costs.

You may need to file a claim when you receive services from Non-Participating Practitioner and/or Providers. Sometimes, Non-Participating Practitioners and/or Providers submit a claim to us directly. Check with the Practitioner and/or Provider to make sure they are submitting the claim. You are responsible for making sure claim is submitted to the Plan within one-hundred-eighty (180) days after the date that the cost was incurred. **If you, or the Non-Participating Practitioner and/or Provider, does not file the claim within one-hundred-eighty (180) days after the date that the cost was incurred you will be responsible for payment of the claim.**

If you need to file the claim, here is the process:
The Member must give the Plan written notice of the costs to be reimbursed. Claim forms are available from the Plan to aid in this process. Bills and receipts should be itemized and show:

- Covered Member's name and ID number;
- Name and address of the Practitioner and/or Provider or Facility that provided the service or supply;
- Dates Member received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer – such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

Health Care Services Received Outside of the United States
Covered services for medically necessary Emergency and Urgent care services received in a foreign country are covered at the In-Network level. There is no coverage for elective health care services if a Member travels to another country for the purpose of seeking medical treatment outside the United States.

Time Limits. Claims must be submitted to the Plan within *one-hundred-eighty (180)* days after the date that the cost was incurred. If you, or the Non-Participating Practitioner and/or Provider, file the claim after the one-hundred-eighty (180) timely-filing limit has expired, you will be responsible for payment of the claim.

Submit your claims to: Sanford Health Plan/ATTN: NDPERS, PO Box 91110, Sioux Falls, SD 57109-1110

Timeframe for Payment of Claims

The payment for reimbursement of the Member's costs will be made within *fifteen (15)* days of when the Plan receives a complete written claim with all required supporting information.

When a Member receives Covered Services from a Non-Participating Provider and payment is to be made according to Plan guidelines, the Plan will arrange for direct payment to either the Non-Participating Provider or the Member, per Plan policy. If the Provider refuses direct payment, the Member will be reimbursed for the Reasonable Costs of the services in accordance with the terms of This Contract. The Member will be responsible for any expenses that exceed Reasonable Costs, as well as any Deductible or Coinsurance required for the Covered Service.

When we need additional information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Member Bill Audit Program

Upon receiving notice of a claims payment, or Explanation of Benefits (EOB), from Sanford Health Plan, Members are encouraged to audit their medical bills and notify the Plan of any services which are improperly billed or of services that the Member did not receive.

If, upon audit of a bill, an error of $40 or more is found, the Member will receive a minimum payment of $20 or 50% of the resulting savings for paid Covered Services up to a maximum payment of $500.

To obtain payment through the Member Bill Audit Program, the Member must complete a *Member Bill Audit Refund Request Form*. To obtain a form, sign into your account at www.sanfordhealthplan.com/memberlogin or call Sanford Health Plan Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)* and request a form be mailed to you.

Note: This program does not apply when the NDPERS Benefit Plan is the secondary payor on a claim. For more information on claims with more than one payor, see Section 9, *Coordination of Benefits*.

Section 8. Problem Resolution

Member Appeal Procedures

Sanford Health Plan makes decisions in a timely manner to accommodate the clinical urgency of the situation and to minimize any disruption in the provision of health care. A Member, health care Practitioner and/or Provider with knowledge of the Member's medical condition, a Member's Authorized Representative, or an attorney have the right to file a complaint or an appeal of any Adverse Determination by Sanford Health Plan. The Member or his/her legal guardian may designate in writing to Sanford Health Plan an Authorized Representative to act on his/her behalf. This written designation of representation from the Member should accompany the request. For Expedited Appeals, a health care practitioner with knowledge of the Member's condition (e.g., treating practitioner) may act as the Member's authorized representative.

For members who request language services, Sanford Health Plan will provide service in the requested language through an interpreter or translated documents to help members register a complaint or appeal and to notify members about their complaint or appeal.

Language Access Services:

Spanish (Español): Para obtener asistencia en Español, llame al (800) 892-0675 *(toll-free)*.
Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa (800) 892-0675 *(toll-free)*.
Chinese (中文): 如果需要中文的帮助， 请拨打这个号码 (800) 892-0675 *(toll-free)*.
Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' (800) 892-0675 *(toll-free)*.

A TTY/TDD line is also available toll-free at (877) 652-1844 for members who are deaf, hard of hearing or speech-impaired.

Definitions

Adverse Determination: Means a denial, reduction or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any such denial, reduction, termination, or failure to provide or make payment (for pre-service or post-service claims) that is based on:

1. A determination of an individual's eligibility to participate in a plan;
2. A determination that a benefit is not a Covered Benefit;
3. The imposition of a source-of-injury exclusion, network exclusion, application of any utilization review, or other limitation on otherwise covered benefits;
4. A determination that a benefit is Experimental, Investigational or not Medically Necessary or appropriate; or
5. A rescission of coverage. Only an act, practice, or omission that constitutes fraud or intentional misrepresentations of material fact, made by an applicant for health insurance coverage may be used to void application or Certificate of Insurance and deny claims.

Appeal: a request to change a previous Adverse Determination made by Sanford Health Plan.

Inquiry: A telephone call regarding eligibility, plan interpretation, plan policies and procedures, or plan design. It is the policy of Sanford Health Plan to address Member and Practitioner and/or Provider inquiries through informal resolution over the telephone whenever possible. If the resolution is not satisfactory to the inquirer, he or she will be instructed of his or her rights to file a verbal or written Complaint.

Complaint: An oral or written expression of dissatisfaction. It is the policy of Sanford Health Plan to make reasonable efforts to resolve Member and Practitioner and/or Provider Complaints. A process has been established for Members (or their designees) and Practitioners and/or Providers to use when they are dissatisfied with the Plan, its Practitioners and/or Providers, or processes. Examples of Complaints are eligibility issues; coverage denials, cancellations, or non-renewals of coverage; administrative operations; and the quality, timeliness, and appropriateness of health care services provided.

Complainant: This is a Member, applicant, or former Member or anyone acting on behalf of a Member, applicant, or former Member, who submits a Complaint. The Member and his/her legal guardian may designate in writing to Sanford Health Plan an Authorized Representative to act on his/her behalf. This written designation of representation from the Member should accompany the Complaint.

External Review: An External Review is a request for an Independent, External Review of a medical necessity final determination made by Sanford Health through its External Appeals process.

Urgent Care Situation: A degree of illness or injury that is less severe than an Emergency Condition, but requires prompt medical attention within twenty-four (24) hours. An Urgent care request means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination could:

a. Seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or
b. In the opinion of a Practitioner with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

In determining whether a request is "Urgent," the Plan shall apply the judgment of a Prudent Layperson as defined in Section 10. A Practitioner, with knowledge of the Member's medical condition, who determines a request to be "Urgent," shall have such a request be treated as an Urgent Care Request.

Complaint Procedure

A Member has the right to file a Complaint either by telephone or in writing to the Plan. Member Services will make every effort to investigate and resolve all Complaints. Member Services can be reached at (800) 499-3416 *(toll-free)*.

Oral Complaints: A complainant may orally submit a Complaint to the Plan. If the oral Complaint is not resolved to the complainant's satisfaction within *ten (10) business days* of receipt of the Complaint, the Plan will provide a Complaint form to the complainant, which must be completed and returned to the Plan for further consideration. Upon request, Member Services will provide assistance in submitting the Complaint form.

Written Complaints: A complainant can seek further review of a Complaint not resolved by phone by submitting a written Complaint form. A Member, or his/her Authorized Representative may send the completed Complaint form, including comments, documents, records and other information relating to the Complaint, the reasons they believe they are entitled to benefits and any other supporting documents to: Sanford Health Plan, ATTN: NDPERS/Member Services, PO Box 91110, Sioux Falls, SD 57109-1110

Member Services will notify the complainant within *ten (10) business days* upon receipt of the Complaint form, unless the Complaint has been resolved to the complainant's satisfaction within those *ten (10) business days*.

Upon request and at no charge, the complainant will be given reasonable access to and copies of all documents, records and other information relevant to the Complaint.

Member Services will investigate and review the Complaint and notify the complainant of Sanford Health Plan's decision in accordance with the following timelines:

- A decision and written notification on the Complaint will be made to the complainant, his or her Practitioners and/or Providers involved in the provision of the service within *thirty (30) calendar days* from the date the Plan receives your request.
- In certain circumstances, the time period may be extended by up to fourteen (14) days upon agreement. In such cases, the Plan will notify the complainant in advance, of the reasons for the extension.

Any complaints related to the quality of care received are subject to practitioner review. If the complaint is related to an Urgent clinical matter, it will be handled in an expedited manner and a response will be provided within seventy-two (72) hours.

If the complaint is not resolved to the Member's satisfaction, the Member, or his/her Authorized Representative, has the right to appeal any adverse determination made by Sanford Health Plan. Appeal Rights may be requested by calling Member Services toll-free at (800) 499-3416.

All notifications described above will comply with applicable law. A complete description of your Appeal rights and the Appeal process will be included in your written response.

Types of Appeals

Types of appeals include:

- A **Prospective (Pre-Service) Appeal** is a request to change an Adverse Determination that the Plan must approve in whole or in part in advance of the Member obtaining care or services.
- A **Retrospective (Post-Service) Appeal** is a request to change an Adverse Determination for care or services already received by the Member.
- An **Expedited Appeal for Urgent Care** is a request to change a previous Adverse Determination made by Sanford Health Plan for an Urgent Care Request. If the Member's situation meets the definition of Urgent, their review will generally be conducted within 72 hours.

Continued Coverage for Concurrent Care

A Member is entitled to continued coverage for concurrent care pending the outcome of the appeals process; benefits for an ongoing course of treatment cannot be reduced or terminated without providing advance notice sufficient to allow the claimant to appeal and obtain a review determination before the benefit is reduced or terminated. Review determinations would be made within *twenty-four (24)* hours.

Audit Trails

Audit trails for Complaints, Adverse Determinations and Appeals are provided by the Plan's Information System and an Access database which includes documentation of the Complaints, Adverse Determination and/or Appeals by date, service, procedure, substance of the Complaint/Appeal (including any clinical aspects/details, and reason for the Complaint, Adverse Determination and/or Appeal. The Appeal file includes telephone notification, and documentation indicating the date; the name of the person spoken to; the Member; the service, procedure, or authorization/approval; and the date of the service, procedure, or Adverse Determination and reason for determination. If the Plan indicates authorization/approval by use of a number, the number must be called the "authorization number."

Internal Appeal Procedure

Filing Deadline

Appeals may be made for up to 180 days from notification of the Adverse Determination.

Within *one-hundred-eighty (180) days* after the date of receipt of a notice of an Adverse Determination sent to a Member or the Member's Authorized Representative (as designated in writing by the Member), the Member or their Authorized Representative may file an Appeal with the Plan requesting a review of the Adverse Determination.

To Appeal, the Member may sign into their account at www.sanfordhealthplan.com/memberlogin and complete the "Appeal Filing Form" under the *Forms* tab. The Member or their Authorized Representative may also contact the Plan by sending a written Appeal to the following address: Sanford Health Plan, ATTN: NDPERS, PO Box 91110, Sioux Falls, SD 57109-1110 or calling phone: (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

If the Member, Authorized Representative, Practitioner/Provider, and/or attorney, has questions, they are encouraged to contact the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. Member Services is available to help with understanding information and processes. Alternate formats are also available and translation is available free of charge for written materials and Member communication with the Plan.

Appeal Rights

If the Member or their authorized representative (as designated in writing by the Member) files an Appeal for an Adverse Determination, the following Appeal Rights apply:

1. The Member shall have the opportunity to submit written comments, documents, records and other information relating to the claim for benefits. Members do not have the right to attend or have a representative attend the first level review.
2. The Member shall be provided, free of charge, with any new or additional evidence considered, relied upon, or generated by, or at the direction of, Sanford Health Plan in connection with the claim; and such evidence shall be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal Adverse Determination is required to be provided to give the Member a reasonable opportunity to respond prior to that date.
3. Confirm with the Member whether additional information will be provided for appeal review. The Plan will document if additional information is provided or no new information is provided for appeal review.
4. Before Sanford Health Plan can issue a final Adverse Determination based on a new or additional rationale, the Member must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date on which the notice of Adverse Determination is required to be provided and give the Member a reasonable opportunity to respond prior to the date.
5. The Member shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Member's initial request.
6. The review shall take into account all comments, documents, records, and other information submitted by the Member relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.
7. Full and thorough investigation of the substance of the Appeal, including any aspects of clinical care involved, will be coordinated by the Member Services Manager.
8. The Plan will document the substance of the Appeal, including but not limited to, the Member's reason for appealing the previous decision and additional clinical or other information provided with the appeal request. The Plan will also document any actions taken, including but not limited to, previous denial or appeal history and follow-up activities associated with the denial and conducted before the current appeal.
9. The review shall not afford deference to the initial Adverse Determination and shall be conducted by a named Plan representative who is neither the individual who made the Adverse Determination that is the subject of the appeal, nor the subordinate of such individual.
10. In deciding an appeal of any Adverse Determination that is based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, medication or other item is Experimental, Investigational, or not Medically Necessary or appropriate, the Plan shall consult with a health care professional (same-or-similar specialist) who has appropriate training and experience in the field of medicine involved in the medical judgment. The health care Practitioner and/or Provider engaged for purposes of a consultation under this paragraph shall be an individual who is neither an individual who was consulted in connection with the Adverse Determination that is the subject of the appeal, nor the subordinate of any such individual.
11. The Plan shall identify the medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a Member's Adverse Determination, without regard to whether the advice was relied upon in making the benefit request determination.
12. In order to ensure the independence and impartiality of the persons involved in making claims determinations and appeals decisions, all decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) shall not be made based upon the likelihood that the individual will support the denial of benefits.
13. The attending Practitioner and/or Provider and the Member will be made aware of their responsibility for submitting the documentation required for resolution of the Appeal within three (3) business days of receipt of the Appeal. Sanford Health Plan will provide notice of any Adverse Determination in a manner consistent with applicable federal regulations.

For Prospective (Pre-service) Appeals: the Plan will notify the Member or their Authorized Representative and any Practitioner and/or Providers involved in the Appeal in writing or electronically within thirty (30) calendar days of receipt of the Appeal.

For Retrospective (Post-service) Appeals: the Plan will notify the Member or their Authorized Representative and any Practitioner and/or Providers involved in the Appeal in writing or electronically within sixty (60) calendar days of receipt of the Appeal.

Expedited Internal Appeal Procedure

An **Expedited Appeal Procedure** is used when the condition presents as part of an Urgent Care Situation, as defined previously in this Certificate of Insurance.

An expedited review involving **Urgent Care Requests for Adverse Determinations of Pre-service or Concurrent** claims must be utilized if the Member or Practitioner and/or Provider acting on behalf of the Member believe that an expedited determination is warranted. All of the procedures of a standard review described apply. In addition, for an Expedited Appeal, the request for an expedited review may be submitted. This can be done orally or in writing and the Plan will accept all necessary information by telephone or electronically. In such situations, the Practitioner who made the initial Adverse Determination may review the appeal and overturn the previous decision.

The determination will be made and provided to the Member and those Practitioners and/or Providers involved in the appeal via oral notification by the Utilization Management Department as expeditiously as the Member's medical condition requires but no later than within seventy-two (72) hours of receipt of the request. Sanford Health Plan will notify you orally by telephone or in writing by facsimile or via other expedient means. The Member and those Practitioners and/or Providers involved in the appeal will receive written notification within three (3) calendar days of the telephone notification. If your claim is no longer considered Urgent, it will be handled in the same manner as a Non-Urgent Pre-service or a Non-Urgent Post-Service Appeal, depending upon the circumstances.

If the Expedited Review is a Concurrent Review determination, the service must be continued without liability to the Member until the Member or the representative has been notified of the determination.

Written Notification Process for Internal Appeals

The written notification from Sanford Health Plan for an Appeal of an Adverse Determination will include the following:

1. The results and date of the Appeal Determination;
2. The specific reason for the Adverse Determination in easily understandable language;
3. The titles and qualifications, including specialty, of the person or persons participating in the first level review process (Reviewer names are available upon request);
4. Reference to the evidence, benefit provision, guideline, and/or protocol used as the basis for the decision and notification that the Member on request can have a copy of the actual benefit provisions, guidelines, and protocols free of charge;
5. Notification the Member can receive, upon request and free of charge, reasonable access and copies of all documents, records and other information relevant to the Member's benefit request;
6. Statement of the reviewer's understanding of the Member's Appeal;
7. The Reviewer's decision in clear terms and The Contract basis or medical rationale in sufficient detail for the Member to respond further;
8. If the Adverse Determination is based on medical necessity, notification and instructions on how the Practitioner and/or Provider can contact the Practitioner and/or Provider or appropriate specialist to discuss the determination;
9. If the Adverse Determination is based on medical necessity or an Experimental or Investigational treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for making the determination, applying the terms of The Plan to the Member's medical circumstances or a statement that an explanation will be provided to the Member free of charge upon request;
10. If applicable, instructions for requesting:
    a. A copy of the rule, guideline, protocol, or other similar criterion relied upon in making the Adverse Determination; or
    b. The written statement of the scientific or clinical rationale for the determination;
11. For Adverse Determinations of **Prospective (Pre-service) or Retrospective (Post-service)** Review, a statement indicating:
    a. The written procedures governing the voluntary review, including any required timeframe for the review; and
    b. The Member's right to bring a civil action in a court of competent jurisdiction;
12. Notice of the Member's right to contact the North Dakota Insurance Commissioner for assistance at any time at:
    North Dakota Insurance Department
    600 E. Boulevard Ave.
    Bismarck, ND 58505-0320
    Email: insurance@nd.gov
    Consumer hotline: (800) 247-0560 *(toll-free)*
    TTY: (800) 366-6888 *(toll-free)*
13. Notice of the right to initiate the External Review process for Adverse Determinations based on medical necessity. Refer to "Independent, External Review of Final Determinations" in this Section for details on this process. Final Adverse Determination letters will contain information on the circumstances under which Appeals are eligible for External Review and information on how the Member can seek further information about these rights.
14. If the Adverse Determination is completely overturned, the decision notice must state the decision and the date.

Independent, External Review of Final Determinations (Denials)

Standard External Review Request

Members may file a request for External Review with the Plan or with the North Dakota Commissioner of Insurance at:

North Dakota Insurance Department
600 E. Boulevard Ave.
Bismarck, ND 58505-0320
Email: insurance@nd.gov
Consumer hotline: (800) 247-0560 *(toll-free)*
TTY: (800) 366-6888 *(toll-free)*

For independent, External Review of a final Adverse Determination, the Plan will provide:

1. Members the right to an independent, third party, binding review whenever they meet the following eligibility criteria:
    a. The Member is Appealing an Adverse Determination that is based on medical necessity (benefits Adverse Determinations are not eligible);
    b. Sanford Health Plan has completed the internal Appeal review and its decision is unfavorable to the Member, or has exceeded the time limit for making a decision, or Sanford Health Plan has elected to bypass the available internal level of Appeal with the Member's permission;
    c. The request for independent, External Review is filed within four (4) months of the date that the Plan's Adverse Determination was made.
2. Notification to Members about the independent, External Appeal program and decision are as follows:
    a. General communications to Members, at least annually, to announce the availability of the right to independent, External Review.
    b. Letters informing Members and Practitioners of the upholding of an Adverse Determination covered by this standard including notice of the independent, External Appeal rights, directions on how to use the process, contact information for the independent, External Review organization, and a statement that the Member does not bear any costs of the independent, External Review organization, unless otherwise required by state law.
    c. The External Review organization will communicate its decision in clear terms in writing to the Member and the Plan. The decision will include:
        i. a general description of the reason for the request for external review;
        ii. the date the independent review organization received the assignment from the Plan to conduct the external review;
        iii. the date the external review was conducted;
        iv. the date of its decision;
        v. the date the external review was conducted;
        vi. the date of its decision;

vii. the principal reason(s) for the decision, including any, medical necessity rationale or evidence-based standards that were a basis for its decision; and

viii. the list of titles and qualifications, including specialty, of individuals participating in the appeal review, statement of the reviewer's understanding of the pertinent facts of the appeal and reference to evidence or documentation used as a basis for the decision.

d. The External Review organization must also notify the Member how and when Members receive any payment or service in the case of overturned Adverse Determinations.

3. Conduct of the External Appeal Review program as follows:
   a. Within five (5) business days following the date of receipt of the external review request, the Plan shall complete a preliminary review of the request to determine whether:
      i. The Member is or was a covered person in the health benefit plan at the time the health care service was requested or, in the case of a Retrospective Review, was a covered person in the Plan at the time the health care service was provided;
      ii. The health care service that is the subject of the Adverse Determination is a covered service under the Member's health benefit plan, but for a determination by the health carrier that the health care service is not covered because it does not meet the Plan's requirements for medical necessity, appropriateness, health care setting, or level of care or effectiveness;
      iii. The Member has exhausted the Plan's internal Appeal process unless the Member is not required to exhaust the Plan's internal Appeal process; and
      iv. The Member has provided all the information and forms required to process an external review.
   b. Within one (1) business day after completion of the preliminary review, the North Dakota Insurance Department (NDID) shall notify the Member and, if applicable, the Member's authorized representative in writing whether the request is complete and eligible for external review.
      i. If the request is not complete, the NDID shall inform the Member and, if applicable, the Member's authorized representative in writing and include in the notice what information or materials are needed to make the request complete; or if the request is not eligible for external review, the NDID shall inform the Member and, if applicable, the Member's authorized representative in writing and include the reasons for its ineligibility. If the Independent Review Organization upheld the denial, there is no further review available under this appeals process. However, you may have other remedies available under State or Federal law, such as filing a lawsuit.
      ii. If the request is complete, within one (1) business day after verifying eligibility, the NDID shall assign an independent review organization and notify in writing the Member, and, if applicable, the Member's authorized representative of the request's eligibility and acceptance for external review. The Member may submit in writing to the assigned Independent Review Organization within five (5) business days following the date of receipt of the notice provided by the NDID any additional information that the independent review organization shall consider when conducting the external review. The independent review organization is not required to, but may, accept and consider additional information submitted after ten (10) business days.
      iii. Within five (5) business days after the date the NDID determines the request is eligible for external review, of receipt, the NDID shall provide to the assigned independent review organization the documents and any information considered in making the adverse determination or final adverse determination.
   c. The North Dakota Insurance Department contracts with the independent, external review organization that:
      i. is accredited by a nationally recognized private accrediting entity;
      ii. conducts a thorough review in which it considers all previously determined facts, allows the introduction of new information, considers and assesses sound medical evidence, and makes a decision that is not bound by the decisions or conclusions of the Plan or determinations made in any prior appeal.
      iii. completes their review and issues a written final decision for non-Urgent appeals within forty-five (45) calendar days of the request. For clinically Urgent Care appeals, the review and decision will be made and orally communicated as expeditiously as the Member's medical condition or circumstances requires, but in no event more than seventy-two (72) hours after the date of receipt of the request for an expedited external review. Within forty-eight (48) hours after the date of providing the oral notification, the assigned independent review organization will provide written confirmation of the decision to the Member, or if applicable, the Member's authorized representative, and their treating Practitioner and/or Provider.
      iv. has no material professional, familial or financial conflict of interest with Sanford Health Plan.
   d. With the exception of exercising its rights as party to the appeal, Sanford Health Plan must not attempt to interfere with the Independent Review Organization's proceeding or appeal decision.
   e. Sanford Health Plan will provide the Independent Review Organization with all relevant medical records as permitted by state law, supporting documentation used to render the decision pertaining to the Member's case (summary description of applicable issues including the Plan's decision, criteria used and clinical reasons, utilization management criteria, communication from the Member to the Plan regarding the appeal), and any new information related to the case that has become available since the internal appeal decision.
   f. The Member is not required to bear costs of the Independent Review Organization's review, including any filing fees.
   g. The Member or his/her legal guardian may designate in writing a representative to act on his/her behalf. A Practitioner and/or Provider may not file an Appeal without explicit, written designation by the Member.
   h. The Independent Review Organization's decision is final and binding to the Plan and the Plan implements the Independent Review Organization's decision within the timeframe specified by the Independent Review Organization. The decision is not binding to the Member, because the Member has legal rights to pursue further appeals in court if they are dissatisfied with the outcome. However, a Member may not file a subsequent request for external review involving the same adverse determination for which the Member has already received an external review decision.

4. Sanford Health Plan maintains and tracks data on each appeal case, including descriptions of the denied item(s), reasons for denial, Independent, External Review organization decisions and reasons for decisions. Sanford Health Plan uses this information in tracking and evaluating its medical necessity decision-making process and improving the quality of its clinical decision making procedures. This information is reported to the Medical Management Quality Committee when a case is resolved for discussion and plan of care or action.

Expedited External Review Requests

1. A Member or the Member's authorized representative may request an expedited external review of an adverse determination if the adverse determination involves an Urgent Care requests for Prospective (pre-service) or Concurrent Review request for which
   a. the timeframe for completion of a standard internal review would seriously jeopardize the life or health of the Member; or would jeopardize the Member's ability to regain maximum function; or
   b. in the case of a request for Experimental or Investigational services, the treating Provider certifies, in writing, that the requested health care services or treatment would be significantly less effective if not promptly initiated.
2. The Member has the right to contact the North Dakota Insurance Commissioner for assistance at any time at:
   North Dakota Insurance Department
   600 E. Boulevard Ave.
   Bismarck, ND 58505-0320
   Email: insurance@nd.gov
   Consumer hotline: (800) 247-0560 *(toll-free)*
   TTY: (800) 366-6888 *(toll-free)*
3. An expedited external review is not provided for Retrospective Adverse Determinations.
4. Immediately upon receipt of the request from the Member or the Member's Representative, the NDID shall determine whether the request is eligible for Expedited External Review. If the request is ineligible for an Expedited External Review as described in (1) above, the NDID will give notification to the Member or the Member's Representative that they may appeal to the state insurance department.
5. Upon determination that the Expedited External Review request meets the reviewability requirements, the NDID shall assign a contracted, independent review organization to conduct the expedited external review. The assigned independent review organization is not bound by any decisions or conclusions reached during the Plan's utilization review or internal appeal process.
6. The Plan will send all necessary documents and information considered in making the Adverse Determination to the assigned independent review organization electronically, by telephone, or facsimile or any other available expeditious method.
7. The independent review organization will make a decision to uphold or reverse the adverse determination and provide oral notification to the Member, and, if applicable, the Member's authorized representative, and the treating Practitioners and/or Providers as expeditiously as the Member's medical condition or circumstances requires but in no event more than *seventy-two (72)* hours after the date of receipt of the request for an expedited external review. The Member and those Practitioners and/or Providers involved in the appeal will receive written notification within *forty-eight (48)* hours of the oral notification.
8. At the same time a Member, or the Member's authorized representative, files a request for an internal Expedited Review of an Appeal involving an Adverse Determination, the Member, or the Member's authorized representative, may also file a request for an external Expedited External Review if the Member has a medical condition where the timeframe for completion of an expedited review would seriously jeopardize the life or health of the Member or would jeopardize their ability to regain maximum function; or if the requested health care service or treatment is Experimental or Investigational and the Member's treating Practitioner and/or Provider certifies in writing that the recommended or requested health care service or treatment that is the subject of the Adverse Determination would be significantly less effective if not promptly initiated.
9. Upon the Plan's receipt of the independent review organization's decision to reverse the adverse determination, the Plan shall immediately approve the coverage that was the subject of the adverse determination.

Section 9. Coordination of Benefits

Sanford Health Plan follows North Dakota Administrative Code §45-08-01.2-03 regarding Coordination of Benefits (COB). The COB provision applies when a person has health care coverage under more than one "Plan" as defined for COB purposes.

Applicability

The order of benefits determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the primary Plan. The primary Plan must pay benefits in accordance with its Certificate of Insurance terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the primary Plan is called the secondary Plan. The secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Definitions (for COB Purposes Only)

A. **A Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel Plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental Plan, as permitted by law.
2. Plan does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident-only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident-type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under Section A. (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. **This Plan** means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from this Plan.

A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. **The order of benefit determination rules** determine whether this Plan is a primary Plan or secondary Plan when the person has health care coverage under more than one Plan. When this Plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plans' benefits do not exceed 100% of the total Allowable Expense.

D. **Allowable Expense** is a health care expense, including deductibles, coinsurance, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense.

In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense. The following are examples of expenses that are not Allowable Expenses:

1. The difference between the cost of a semiprivate Hospital room and a private Hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private Hospital room expenses.
2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the secondary Plan to determine its benefits.
5. The amount of any benefit reduction by the primary Plan because a covered person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, Preauthorization/Prior Approval of admissions, and preferred provider arrangements.

E. **Closed Panel Plan** is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers who have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of Emergency or referral by a panel member.

F. **Custodial Parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefits payments are as follows:

A. The primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.

B. (1) Except as provided in paragraph 2.(a) below, Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying Plan is primary.
(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out-of-network benefits.

C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. Nondependent or Dependent. The Plan that covers the person other than as a Dependent, for example as an employee, Member, Certificate holder, subscriber, or retiree, is the primary Plan and the Plan that covers the person as a Dependent is the secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a Dependent; and primary to the Plan covering the person as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Member, Certificate holder, subscriber, or retiree is the secondary Plan and the other Plan is the primary Plan.
2. Dependent child covered under more than one Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:
   (a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
      i. The Plan of the parent whose birthday falls earlier in the calendar year is the primary Plan; or
      ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the primary Plan.
   (b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
      i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage, and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to Plan years commencing after the Plan is given notice of the court decree;
      ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of subparagraph a above shall determine the order of benefits;
      iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of subparagraph a above shall determine the order of benefits; or
      iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
         (i) The Plan covering the Custodial Parent;
         (ii) The Plan covering the Spouse of the Custodial Parent;
         (iii) The Plan covering the non-Custodial Parent; and then
         (iv) The Plan covering the Spouse of the non-Custodial Parent.
   (c) For a Dependent child covered under more than one Plan of individuals who are the parents of the child, the provisions of subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
3. Active employee or retired or laid-off employee. The Plan that covers a person is an active employee, that is, an employee who is neither laid off nor retired, is the primary Plan. The Plan covering that same person as a retired or laid-off employee is the secondary Plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.
4. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, Member, subscriber, or retiree or covering the person as a Dependent of an employee, Member, subscriber, or retiree is the primary Plan and the COBRA or state or other federal continuation coverage is the secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.
5. Longer or shorter length of coverage. The Plan that covered the person as an employee, Member, Certificate holder, subscriber, or retiree longer is the primary Plan and the Plan that covered the person the shorter period of time is the secondary Plan.
6. If the preceding rules do not determine the order of benefits, that Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the primary Plan.

Effect of COB on the Benefits of this Plan

A. When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the primary Plan. The secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total

Allowable Expense for that claim. In addition, the secondary Plan shall credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more closed panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel Plan, COB shall not apply between that Plan and other closed panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other Plans. Sanford Health Plan may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other Plans covering the person claiming benefits. Sanford Health Plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give Sanford Health Plan any facts it needs to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under this Plan. If it does, Sanford Health Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Plan. Sanford Health Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Sanford Health Plan is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Coordination of Benefits with Medicare

Medicare Coordination of Benefits provisions apply when a Member has health coverage under the Plan and is enrolled in Medicare, under Parts A, B, or D. This provision applies before any other Coordination of Benefits Provision of the Plan.

If a Practitioner and/or Provider has accepted assignment of Medicare, the Plan pays the difference between what Medicare pays and the Plan's Allowable Expense.

Members with End Stage Renal Disease (ESRD)

1. The Plan has primary responsibility for the claims of a Member:
   a. Who is eligible for Medicare secondary benefits because of ESRD, and;
   b. During the Medicare coordination period of 30 months, which begins with the earlier of:
      i. the month in which a regular course of renal dialysis is initiated, or
      ii. in the case of an individual who receives a kidney transplant, the first month in which the individual became entitled to Medicare.
2. The Plan has secondary responsibility for the claims of a Member:
   a. Who is eligible for Medicare primary benefits because of ESRD, and the Medicare coordination period of thirty (30) months has expired; or
   b. Who is eligible for Medicare on the basis of age or disability when the Member becomes eligible on the basis of ESRD, and certain other conditions are met.

Section 10. Definitions of Terms We Use in this COI

Admission	Entry into a facility as an Inpatient for treatment and care when ordered by a Health Care Provider with admitting privileges. An Admission ends when a Member is discharged or released from the facility and is no longer registered as a patient. Also known as Hospitalization.
Allowance or Allowed Charge	The maximum dollar amount that payment for a procedure or service is based on as determined by Sanford Health Plan.
Ambulatory Surgical Center	A lawfully operated, public or private establishment that: a. Has an organized staff of Practitioners; b. Has permanent facilities that are equipped and operated mostly for performing surgery; c. Has continuous Practitioner services and Nursing Services when a patient is in the Facility; and d. Does not have services for an overnight stay.
Annual Enrollment	A period of time at least once a year when Eligible Group Members may enroll themselves and their Dependents in the Plan. Annual Enrollment does not pertain to non-Medicare retirees.
Approved Clinical Trial	A phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is one of the following: a. A federally funded or approved trial; b. A clinical trial conducted under an FDA investigational new medication application; or c. A medication trial that is exempt from the requirement of an FDA investigational new medication application.
Authorized Representative	A person to whom a covered person has given express written consent to represent the Member, a person authorized by law to provide substituted consent for a Member, a family member of the Member or the Member's treating health care professional if the Member is unable to provide consent, or a health care professional if the Member's Plan requires that a request for a benefit under the plan be initiated by the health care professional. For any Urgent Care Request, the term includes a health care professional with knowledge of the Member's medical condition.
Avoidable Hospital Conditions	Conditions that could reasonably have been prevented through application of evidence-based guidelines. These conditions are not present on admission, but present during the course of the stay. Participating Providers are not permitted to bill the Plan or Members for services related to Avoidable Hospital Conditions.
Basic Plan	The Member elects to access the health care system through a Health Care Provider that is not a part of the Preferred Provider Organization. Benefit payment will be at the Basic Plan level.
Benefit Period	A specified period of time when benefits are available for Covered Services under this Benefit Plan. A Claim for Benefits will be considered for payment only if the date of service or supply was within the Benefit Period. All benefits are determined on a Calendar Year (January 1st through December 31st) Benefit Period.
Benefit Plan	The agreement with Sanford Health Plan, including the Subscriber's membership application, Identification Card, the Benefit Plan Agreement, this Certificate of Insurance, the Benefit Plan Attachment and any supplements, endorsements, attachments, addenda or amendments
[The] Board	Means the North Dakota Public Employees Retirement System (NDPERS) board.
Calendar Year	A period of one year which starts on January 1st and ends December 31st.
Case Management	A coordinated set of activities conducted for individual patient management of chronic, serious, complicated, protracted, or other health conditions.
Claims Administrator or Claims Payor	Sanford Health Plan
Class of Coverage	The type of coverage the Subscriber is enrolled under, identifying who is eligible to receive benefits for Covered Services under this Benefit Plan. Classes of Coverage under this Benefit Plan are Single Coverage and Family Coverage.
Coinsurance Amount	A percentage of the Allowed Charge for Covered Services that is a Member's responsibility.
Coinsurance Maximum Amount	The total Coinsurance Amount that is a Member's responsibility during a Benefit Period. The Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period
Concurrent Review	Concurrent Review is Utilization Review for an extension of previously approved, ongoing course of treatment over a period of time or number of treatments typically associated with Hospital inpatient care including care received at a Residential Treatment Facility and ongoing outpatient services, including ongoing ambulatory care.

[This] Contract or [The] Contract	This Certificate of Insurance, which is a statement of the essential features and services given to the Subscriber by the Plan, including all attachments, the Group's application, the applications of the Subscribers and the Health Maintenance Contract.
Cost Sharing	The share of costs covered by your insurance that you pay out of your own pocket. This term generally includes coinsurance or similar charges, but it doesn't include premiums, balance-billing amounts for non-network providers, or the cost of non-covered services.
Covered Services	Those Health Care Services to which a Member is entitled under the terms of This Contract.
Creditable Coverage	Benefits or coverage provided under: a. A group health benefit plan (as such term is defined under North Dakota law); b. A health benefit plan (as such term is defined under North Dakota law); c. Medicare or Medicaid; d. Civilian health and medical program for uniformed services; e. A health plan offered under 5 U.S.C. 89; f. A medical care program of the Indian Health Service or of a tribal organization; g. A state health benefits risk pool, including coverage issued under N.D.C.C. §26.1-08; h. A public health plan as defined in federal regulations, including a plan maintained by a state government, the United States government, or a foreign government; i. A health benefit plan under section 5(e) of the Peace Corps Act [Pub. L. 87-293; 75 Stat. 612; 22 U.S.C. 2504(e)]; and j. A state's children's health insurance program funded through Title XXI of the federal Social Security Act [42 U.S.C. 1397aa et seq.].
Custodial Care	Care designed to assist the patient in meeting the activities of daily living and not primarily provided for its therapeutic value in the treatment of an illness, disease, injury or condition.
Deductible Amount	A specified dollar amount payable by the Member for certain Covered Services received during the Benefit Period. The Deductible Amount renews on January 1 of each consecutive Benefit Period.
Dependent	The Spouse and any Dependent Child of a Subscriber.
Dependent Child	The definition of a Dependent Child of a Subscriber includes a child who is related to the Subscriber as a natural child, a child placed for adoption, a legally adopted child, a child for whom the Subscriber has legal guardianship, a stepchild, or a foster child; and is one of the following: (a) under the age of twenty-six (26), (b) incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within thirty-one (31) days of the Plan's request; or (c) the Subscriber's grandchild(ren) or those of the Subscriber's living, covered Spouse, who legally reside with the Certificate holder/Subscriber and (1) the parent of the grandchild(ren) is an Covered Dependent also covered by this Plan; and (2) both the Dependent and child of such Dependent (grandchild) are chiefly dependent upon the Certificate holder/Subscriber for support. Dependent coverage does not include the spouse of an adult Dependent child.
Domiciliary Care	Domiciliary Care consists of a protected situation in a community or Facility, which includes room, board, and personal services for individuals who cannot live independently yet do not require a 24-hour Facility or nursing care.
Eligible Dependent	An Eligible Dependent includes: (1) The Spouse of the Subscriber; and (2) A Dependent child who is related to the Subscriber as a natural child, a child placed for adoption, a legally adopted child, a child for whom the Subscriber has legal guardianship, a stepchild, or a foster child; and is one of the following: (a) under the age of twenty-six (26), (b) incapable of self-sustaining employment by reason of a disabling condition and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child's disability within thirty-one (31) days of the Plan's request; or (c) the Subscriber's grandchild(ren) or those of the Subscriber's living, covered Spouse, who legally reside with the Certificate holder/Subscriber and (1) the parent of the grandchild(ren) is an Covered Dependent also covered by this Plan; and (2) both the Dependent and child of such Dependent (grandchild) are chiefly dependent upon the Certificate holder/Subscriber for support. Eligible Dependents do not include the spouse of an adult Dependent child.
Eligible Group Member	Any Group Member who meets the specific eligibility requirements of NDPERS.
Emergency Care Services	Emergency Care Services means: (1) Within the Service Area: covered health care services rendered by Participating or Non-Participating Providers under unforeseen conditions that require immediate medical attention. Emergency care services within the Service Area include covered health care services from Non-Participating Providers only when delay in receiving care from Participating Providers could reasonably be expected to cause severe jeopardy to the Member's condition or (2) Outside the Service Area: medically necessary health care services that are immediately required because of unforeseen illness or injury while the enrollee is outside the geographical limits of the Plan's Service Area.

Emergency Medical Condition	A medical condition of recent onset and severity, including severe pain, that would lead a prudent layperson acting reasonably and possessing an average knowledge of health and medicine to believe that the absence of immediate medical attention could reasonably be expected to result in serious impairment to bodily function, serious dysfunction of any bodily organ or part, or would place the person's health, or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.
Enrollee	An individual who is covered by this Plan.
ESRD	The federal End Stage Renal Disease program.
Expedited Appeal	An expedited review involving Urgent Care Requests for Adverse Determinations of Prospective (Pre-service) or Concurrent Reviews must be utilized if the Member, or Practitioner and/or Provider acting on behalf of the Member, believes that an expedited determination is warranted.
Experimental or Investigational Services	Health Care Services where the Health Care Service in question either: a. is not recognized in accordance with generally accepted medical standards as being safe and effective for treatment of the condition in question, regardless of whether the service is authorized by law or used in testing or other studies; or b. requires approval by any governmental authority and such approval has not been granted prior to the service being rendered.
Facility	An institution providing Health Care Services or a health care setting, including Hospitals and other licensed inpatient centers, ambulatory surgical or treatment centers, Skilled Nursing Facilities, Residential Treatment Facilities, diagnostic, laboratory, and imaging centers, and rehabilitation, and other therapeutic health settings.
Family Coverage	The Class Of Coverage identifying that the Subscriber and Eligible Dependents are enrolled to received benefits for Covered Services under this Plan.
Formulary	A list of prescription medication products, which are preferred by the Plan for dispensing to Members when appropriate. This list is subject to periodic review and modifications. Additional medications may be added or removed from the Formulary throughout the year.
Gestational Carrier	An adult woman who enters into an agreement to have a fertilized egg, gamete, zygote or embryo implanted in her and bear the resulting child for intended parents, where the embryo is conceived by using the egg and sperm of the intended parents.
Grievance	A written complaint submitted in accordance with the Plan's formal grievance procedure by or on behalf of the enrollee regarding any aspect of the Plan relative to the Member.
[The] Group or [This] Group	NDPERS has signed an agreement with Sanford Health Plan to provide health care benefits for its eligible employees and Eligible Dependents.
Group Contract Holder	The individual to whom a Group Contract has been issued.
Group Member	Any employee, sole proprietor, partner, director, officer or Member of the Group.
Health Care Services	Services for the diagnosis, prevention, treatment, cure, or relief of a health condition, illness, injury or disease.
Health Savings Account (HSA)	A medical savings account available to taxpayers who are enrolled in a High Deductible Health Plan. The funds contributed to the account aren't subject to federal income tax at the time of deposit. Funds must be used to pay for qualified medical expenses, and roll over year to year, if you don't spend them.
High Deductible Health Plan (HDHP)	A plan that features higher deductibles than traditional insurance plans. High Deductible Health Plans can be combined with a health savings account or a health reimbursement arrangement to allow you to pay for qualified out-of-pocket medical expenses on a pre-tax basis.
Hospital	A short-term, acute care, duly licensed institution that is primarily engaged in providing inpatient diagnostic and therapeutic services for the diagnosis, treatment, and care of injured and sick persons by or under the supervision of Physicians. It has organized departments of medicine and/or major surgery and provides 24-hour nursing service by or under the supervision of registered nurses. The term "Hospital" specifically excludes rest homes, places that are primarily for the care of convalescents, nursing homes, skilled nursing facilities, Residential Care Facilities, custodial care homes, intermediate care facilities, health resorts, clinics, Practitioner and/or Provider's offices, private homes, Ambulatory Surgical Centers, residential or transitional living centers, or similar facilities.
Hospitalization	A stay as an inpatient in a Hospital. Each "day" of Hospitalization includes an overnight stay for which a charge is customarily made. Benefits may not be restricted in a way that is based upon the number of hours that the Member stays in the Hospital.
Iatrogenic Condition	Illness or injury because of mistakes made in medical treatment, such as surgical mistakes, prescribing or dispensing the wrong medication or poor hand writing resulting in a treatment error.

In-Network Benefit Level	The PPO Plan level of benefits when a Member seeks services from a Participating Practitioner and/or Provider.
Intensive Outpatient Program (IOP)	Provides mental health and/or substance use disorder outpatient treatment services during which a Member remains in the program a minimum of three (3) continuous hours per day and does not remain in the program overnight. Programs may be available in the evenings or weekends.
Intermediate Care	Intermediate Care means care in a Facility, corporation or association licensed or regulated by the State for the accommodation of persons, who, because of incapacitating infirmities, require minimum but continuous care but are not in need of continuous medical or nursing services. The term also includes facilities for the nonresident care of elderly individuals and others who are able to live independently but who require care during the day.
Late Enrollee	An individual who enrolls in a group health plan on a date other than either the earliest date on which coverage can begin under the plan terms or on a special enrollment date.
Maintenance Care	Treatment provided to a Member whose condition/progress has ceased improvement or could reasonably be expected to be managed without the skills of a Health Care Provider. Exception: periodic reassessments are not considered Maintenance Care
Maximum Allowed Amount	The amount established by Sanford Health Plan using various methodologies for covered services and supplies. Sanford Health Plan's Maximum Allowable Amount is the lesser of (a) the amount charged for a covered service or supply; or (b) Reasonable Costs.
Medically Necessary or Medical Necessity	Health Care Services that are appropriate and necessary as determined by any Participating Provider, in terms or type, frequency, level, setting, and duration, according to the Member's diagnosis or condition, and diagnostic testing and Preventive services. Medically Necessary care must be consistent with generally accepted standards of medical practice as recognized by the Plan, as determined by health care Practitioner and/or Providers in the same or similar general specialty as typically manages the condition, procedure, or treatment at issue; and a. help restore or maintain the Members health; or b. prevent deterioration of the Member's condition; or c. prevent the reasonably likely onset of a health problem or detect an incipient problem; or d. not considered Experimental or Investigative
Member	The Subscriber and, if another Class of Coverage is in force, the Subscriber's Eligible Dependents
Mental Health and Substance Use Disorder Services	Health Care Services for disorders specified in the Diagnostic and Statistical Manual of Mental Disorders (DSM), the American Society of Addiction Medicine Criteria (ASAM Criteria), and the International Classification of Diseases (ICD), current editions. Also referred to as behavioral health, psychiatric, chemical dependency, substance abuse, and/or addiction services.
Natural Teeth	Teeth, which are whole and without impairment or periodontal disease, and are not in need of the treatment provided for reasons other than dental injury.
NDPERS	The North Dakota Public Employees Retirement System.
Never Event	Errors in medical care that are clearly identifiable, preventable, and serious in their consequences for patients, and indicate a problem in the safety and credibility of a health care Facility. Participating Providers are not permitted to bill the Plan or Members for services related to Never Events.
Non-Covered Services	Those Health Care Services to which a Member is not entitled and are not part of the benefits paid under the terms of This Contract.
Non-Participating Provider	A Provider that has not signed a contract with the Plan.
Non-Payable Health Care Provider	A Health Care Provider that is not reimbursable by the Plan. No benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of a Non-Payable Health Care Provider.
Nursing Services	Health Care Services which are provided by a registered nurse (RN), licensed practical nurse (LPN), or other licensed nurse who is: (1) acting within the scope of that person's license, (2) authorized by a Provider, and (3) not a Member of the Member's immediate family.
Out-of-Network Benefit Level	The Basic Plan level of benefits provided when a Member seeks services from a Non-Participating Practitioner and/or Provider. This is most often referred to as benefits received under the Basic Plan level but may include services received from Practitioners and/or Providers that have not signed a contract with the Plan.
Out-of-Pocket Maximum Amount	The total Deductible and Coinsurance Amounts for certain Covered Services that are a Member's responsibility during a Benefit Period. The Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period.

Partial Hospitalization	Also known as day treatment; A licensed or approved day or evening outpatient treatment program that includes the major diagnostic, medical, psychiatric and psychosocial rehabilitation treatment modalities designed for individuals with mental health and/or substance use disorders who require coordinated, intensive, comprehensive and multi-disciplinary treatment.
Participating [Health Care] Provider	A Provider who, under a contract with the Plan, or with its contractor or subcontractor, has agreed to provide Health Care Services to Members with an expectation of receiving payment, other than Coinsurance, Copays, or Deductibles, directly or indirectly, from the Plan. A Participating Provider includes Providers at either the Basic or PPO Plan level.
Physician	An individual licensed to practice medicine or osteopathy.
[The] Plan or [This] Plan	Sanford Health Plan.
Plan Administrator	North Dakota Public Employees Retirement System (NDPERS)
PPO (Preferred Provider Organization) Plan	A group of Health Care Providers who provide discounted services to the Members of NDPERS. Because PPO Health Care Providers charge Sanford Health Plan less for medical care services provided to the Members of NDPERS, cost savings are passed on to Members by way of reduced Cost Sharing Amounts. To receive a higher payment level, Covered Services must be received from an NDPERS PPO Health Care Provider.
Practitioner	A professional who provides health care services. Practitioners are usually required to be licensed as required by law. Practitioners are also Physicians.
Preauthorization	The process of the Member or the Member's representative notifying Sanford Health Plan to request approval for specified services. Eligibility for benefits for services requiring Preauthorization is contingent upon compliance with the provisions in Sections 2, 4 and 5. Preauthorization does not guarantee payment of benefits.
Preventive	Health Care Services that are medically accepted methods of prophylaxis or diagnosis which prevent disease or provide early diagnosis of illness and/or which are otherwise recognized by the Plan.
Primary Care Physician (PCP)	A Participating Physician who is an internist, family practice Physician, pediatrician, or obstetrician/gynecologist who is a Participating Practitioner and who has been chosen to be designated as a Primary Care Physician as indicated in the Provider Directory and may be responsible for providing, prescribing, directing, referring, and/or authorizing all care and treatment of a Member.
Prior Approval	The process of the Member or Member's representative providing information to Sanford Health Plan substantiating the medical appropriateness of specified services in order to receive benefits for such service. This information must be submitted in writing from the Member's Health Care Provider. Sanford Health Plan reserves the right to deny benefits if Preauthorization/Prior Approval is not obtained.
Prospective (Pre-service) Review	Means Urgent and non-Urgent Utilization Review conducted prior to an admission or the provision of a Health Care Service or a course of treatment.
[Health Care] Provider	An individual, institution or organization that provides services for Plan Members. Examples of Providers include but are not limited to Hospitals, Physicians and home health agencies.
Prudent Layperson	A person who is without medical training and who possess an average knowledge of health and medicine and who draws on his/her practical experience when making a decision regarding the need to seek Emergency medical treatment.
Qualified Mental Health Professional	A licensed physician who is a psychiatrist; a licensed clinical psychologist who is qualified for listing on the national register of health service providers in psychology; a licensed certified social worker who is a board-certified in clinical social work; or a nurse who holds advanced licensure in psychiatric nursing
Reasonable Costs	Those costs that do not exceed the lesser of (a) negotiated schedules of payment developed by the Plan, which are accepted by Participating Practitioners and/or Providers; or (b) the prevailing marketplace charges.
Residential Treatment Facility	An inpatient mental health or substance use disorder treatment Facility that provides twenty-four (24) hour availability of qualified medical staff for psychiatric, substance abuse, and other therapeutic and clinically informed services to individuals whose immediate treatment needs require a structured twenty-four (24) hour residential setting that provides all required services on site. Services provided include, but are not limited to, multi-disciplinary evaluation, medication management, individual, family and group therapy, substance abuse education/counseling. Facilities must be under the direction of a board-eligible or certified psychiatrist, with appropriate staffing on-site at all times. If the Facility provides services to children and adolescents, it must be under the direction of a board-eligible or certified child psychiatrist or general psychiatrist with experience in the treatment of children. Hospital licensure is required if the treatment is Hospital-based. The treatment Facility must be licensed by the state in which it operates.

Retrospective (Post-service) Review	Means any review of a request for a benefit that is not a Prospective (Pre-service) Review request, which does not include the review of a claim that is limited to veracity of documentation, or accuracy of coding, or adjudication of payment. Retrospective (Post-service) Review will be utilized by Sanford Health Plan to review services that have already been utilized.
Serious Reportable Event	An event that results in a physical or mental impairment that substantially limits one or more major life activities of a Member or a loss of bodily function, if the impairment or loss lasts more than seven (7) days or is still present at the time of discharge from an inpatient health care Facility. Serious events also include loss of a body part and death. Participating Providers are not permitted to bill Members or the Plan for services related to Serious Reportable Events.
[NDPERS] Service Agreement and/or [Group] Contract	The Service Agreement between NDPERS and Sanford Health Plan that is a contract for Health Care Services, which by its terms limits eligibility to enrollees of a specified group. The Group Contract may include coverage for Dependents.
Service Area	The geographic Service Area approved by the State's Insurance Department.
Single Coverage	The Class Of Coverage identifying that only the Subscriber is enrolled to received benefits for Covered Services under this Plan.
Skilled Nursing Facility	A Facility that is operated pursuant to the presiding state law and is primarily engaged in providing room and board accommodations and skilled nursing care under the supervision of a duly licensed physician.
Spouse	The Subscriber's spouse under a legally existing marriage between persons of the opposite sex.
[This] State	The State of North Dakota.
Subscriber	An Eligible Group Member who is enrolled in the Plan whose employment or other status (except family dependency) is the basis for eligibility for enrollment in the Plan. A Subscriber is also a Member and Enrollee.
Surrogate	An adult woman who enters into an agreement to bear a child conceived through assisted conception for intended parents.
Urgent Care Request	Means a request for a Health Care Service or course of treatment with respect to which the time periods for making a Non-Urgent Care Request determination which: 1. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or 2. In the opinion of a Practitioner and/or Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.
Urgent Care Situation	An Urgent Care Situation is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within *twenty-four (24)* hours, such as stitches for a cut finger. Urgent care means a request for a health care service or course of treatment with respect to which the time periods for making a Non-Urgent Care Request determination: 1. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a Prudent Layperson's judgment; or 2. In the opinion of a Practitioner and/or Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.
Us/We/Our	Refers to Sanford Health Plan
Utilization Review	A set of formal techniques used by the Plan to monitor and evaluate the medical necessity, appropriateness, and efficiency of Health Care Services and procedures including techniques such as ambulatory review, Prospective (pre-service) Review, second opinion, Preauthorization/Prior Approval, Concurrent Review, Case Management, discharge planning, and retrospective (post-service) review.

Section 11. How coverage ends

Termination of Member Coverage

For the purposes of this Benefit Plan, upon termination of Member Coverage, the following provisions control:

1. **Determining Ineligibility.** Eligibility for benefits subsequent to retirement or termination will be determined pursuant to N.D.C.C. §54-52.1-03.
2. **Continuation of health, dental, vision, or prescription drug coverage after termination.** An employee who terminates employment and is not receiving a monthly retirement benefit from one of the eligible retirement systems, and applies for continued coverage with the health, dental, vision, or prescription drug plan may continue such coverage for a maximum of eighteen (18) months by remitting timely payments to the Board. The employee desiring coverage shall notify the Board within sixty (60) days of the termination. Coverage will become effective on the first day of the month following the last day of coverage by the employing agency, if an application is submitted within sixty (60) days. An individual who fails to timely notify the board is not eligible for coverage. [N.D.A.C. §71-03-03-06]
3. **Continuation of health, dental, vision, or prescription drug coverage for dependents.** Dependents of employees with family coverage may continue coverage with the group after their eligibility would ordinarily cease. This provision includes divorced or widowed spouses and children when they are no longer dependent on the employee. Coverage is contingent on the prompt payment of the premium, and in no case will coverage continue for more than thirty-six (36) months. Dependents desiring coverage shall notify the board within sixty (60) days of the qualifying event and must submit an application in a timely manner. An individual who fails to notify the Board within the sixty (60) days, and who desires subsequent coverage, will not be eligible for coverage. [N.D.A.C. §71-03-03-07]
4. **Leave without pay.** An employee on an approved leave without pay may elect to continue coverage for the periods specified in the plans for life insurance, health, dental, vision, or prescription drug coverages by paying the full premium to the agency. An eligible employee electing not to continue coverage during a leave of absence is entitled to renew coverage for the first of the month following the month that the employee has returned to work if the employee submits an application for coverage within the first thirty-one (31) days of returning to work. An eligible employee failing to submit an application for coverage within the first thirty-one (31) days of returning to work or eligibility for a special enrollment period, may enroll during the annual open enrollment. Upon a showing of good cause, the executive director may waive the thirty-one day application requirement. [N.D.A.C. §71-03-03-09]
    a. In the event an enrolled eligible employee is not entitled to receive salary, wages, or other compensation for a particular calendar month, that employee may make direct payment of the required premium to the board to continue the employee's coverage, and the employing department, board, or agency shall provide for the giving of a timely notice to the employee of that person's right to make such payment at the time the right arises. [N.D.C.C. §54-52.1-06]

Note: A Member's coverage may not be terminated due to the status of the Member's health or because the Member has exercised his or her rights under the Plan's policy on member complaints or the policy on appeal procedures for medical review determinations. For details on Complaints and Appeals, see Section 8 of this COI.

Continuation

1. If the Subscriber becomes ineligible for group membership under this Benefit Plan due to an inability to meet NDPERS requirements and enrollment regulations, coverage will be canceled at the end of the last month that premium was received from the Plan Administrator. Exceptions may be made if:
    a. The Plan Administrator cancels coverage. Conversion coverage will not be offered to a Subscriber, if on the date of conversion the Plan Administrator through which the Subscriber is eligible has terminated coverage with Sanford Health Plan and the Plan Administrator has enrolled with another insurance carrier.
    b. The Plan Administrator no longer meets Sanford Health Plan's group coverage requirements. The Subscriber will be given the right to convert to a nongroup benefit plan, subject to premiums and benefit plan provisions in effect, if application for such coverage is made within 31 days after the termination date of the previous benefit plan.
    c. Ineligibility occurs because the Subscriber elects to discontinue employment, is terminated or is otherwise no longer covered under the group health plan. The Subscriber may elect continuation coverage through the Plan Administrator in accordance with state and federal law.
    d. Ineligibility occurs because the Subscriber is no longer eligible to continue coverage under the group (NDPERS). The Subscriber may elect conversion (individual) coverage on a nongroup basis, subject to premiums and benefit plan provisions for nongroup coverage then in effect, if the Subscriber applies for nongroup coverage within 31 days after the termination date of the previous group health plan coverage.
2. If a Member becomes otherwise ineligible for group membership under this Benefit Plan, Sanford Health Plan must at least offer the Subscriber its conversion (individual) benefit plan, if the Member lives in the Sanford Health Plan Service Area. There may be other coverage options for the Subscriber and/or Eligible Dependents through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." The cost of these options may vary depending on a Subscriber's individual circumstances. To learn more, visit www.healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.

Continuation of Coverage for Confined Members

Any Member who is an inpatient in a Hospital or other Facility on the date of coverage termination under this Benefit Plan will be covered in accordance with the terms of this Certificate until they are discharged from such Hospital or other Facility. Applicable charges for coverage that was in effect prior to termination of this Certificate will apply.

Extension of Benefits for Total Disability

An extension of benefits is provided Covered Members/Subscribers who become totally disabled while enrolled under this Benefit Plan and whom continue to be totally disabled at the date of termination of this Certificate. Upon payment applicable premium charges at the current Group rate, coverage will remain in full force and effect until the first of the following occurs:

1. The end of a period of twelve (12) months starting with the date of termination of the Group contract;
2. The date the Member is no longer totally disabled; or
3. The date a succeeding plan provides replacement coverage to that Member without limitation as to the disabling condition.

Upon termination of the extension of benefits, the Member/Subscriber will have continuation and conversion rights as stated in Sections 11 and 12.

Cancellation of This or Previous Benefit Plans

If the Benefit Plan is terminated, modified or amended, coverage is automatically terminated, modified or amended for all enrolled Members of the NDPERS Dakota Plan. It is the Plan Administrator's responsibility to notify Members of the termination of coverage.

Notice of Creditable Coverage

You may request a Certificate of Creditable Coverage for you and your covered family Members upon your voluntary or involuntary termination from the Plan. You may also request a Certificate of Creditable Coverage at any time by calling Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*. Written requests can be sent to MemberServices@sanfordhealth.org or:

Section 12. Options after Coverage Ends

Federal Continuation of Coverage Provisions ("COBRA")

Notice of Continuation Coverage Rights Under COBRA

Introduction
You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept "Late Enrollees".

What is COBRA Continuation Coverage?
COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:
- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:
- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:
- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to NDPERS, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When is COBRA Coverage Available?
The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:
- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to:
North Dakota Public Employees Retirement System
400 East Broadway, Suite 505
PO Box 1657
Bismarck, ND 58502
(701) 328-3900

How is COBRA Coverage Provided?
Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

- *Disability extension of 18-month period of COBRA continuation coverage*
  If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.
- *Second qualifying event extension of 18-month period of continuation coverage*
  If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?
Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions
Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.healthcare.gov.

Keep Your Plan Informed of Address Changes
To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

Section 13. Subrogation and Right of Reimbursement

If a Member is injured or becomes ill because of an action or omission of a third party who is or may be liable to the Member for the injury or illness, the Health Plan may be able to "step into the shoes" of the Member to recover health care costs from the party responsible for the injury or illness. This is called "Subrogation," and this part of This Contract covers such situations.

If a Member has received or receives a recovery from the third party, the Health Plan has a right to reduce benefits, or to be reimbursed for that which it has provided to the Member. This is called "Reimbursement" and this part of This Contract covers such situations.

The Plan will provide Health Care Services to the Member for the illness or injury, just as it would in any other case. However, if the Member accepts the services from the Plan, this acceptance constitutes the Member's consent to the provisions discussed below.

Plan's Rights of Subrogation

In the event of any payments for benefits provided to a Member under this Contract, the Plan, to the extent of such payment, shall be subrogated to all rights of recovery such Member, Member's parents, heirs, guardians, executors, or other representatives may have against any person or organization. These subrogation and reimbursement rights also include the right to recover from uninsured motorist insurance, underinsured motorist insurance, no-fault insurance, automobile medical payments coverage, premises medical expense coverage, and workers compensation insurance or substitute coverage. The Plan shall be entitled to receive from any such recovery an amount up to the Reasonable Cost for the services provided by the Plan. In providing benefits to a Member, the Plan may obtain discounts from its health care Providers, compensate Providers on a capitated basis or enter into other arrangements under which it pays to another less than the Reasonable Costs of the benefits provided to the Member. Regardless of any such arrangement, when a Member receives a benefit under the Plan for an illness or injury, the Plan is subrogated to the Member's right to recover the Reasonable Costs of the benefits it provides on account of such illness or injury, even if those Reasonable Costs exceed the amount paid by the Plan.

The Plan is granted a first priority right to subrogation or reimbursement from any source of recovery. The Plan's first priority right applies whether or not the Member has been made whole by any recovery. The Plan shall have a lien on all funds received by the Member, Member's parents, heirs, guardians, executors, or other representatives up to the Reasonable Costs Charge for any past, present, or future Health Care Services provided to the Member. The Plan may give notice of that lien to any party who may have contributed to the loss.

If the Plan so decides, it may be subrogated to the Member's rights to the extent of the benefits provided or to be provided under this Contract. This includes the Plan's right to bring suit against the third party in the Member's name.

Plan's Right to Reduction and Reimbursement

The Plan shall have the right to reduce or deny benefits otherwise payable by the Plan, or to recover benefits previously paid by the Plan, to the extent of any and all payments made to or for a Member by or on behalf of a third party who is or may be liable to the Member, regardless of whether such payments are designated as payment for, but not limited to, pain and suffering, loss of income, medical benefits or expenses, or other specified damages.

Any such right of reduction or reimbursement provided to the Plan under this Contract shall not apply or shall be limited to the extent that statutes or the courts of This State eliminate or restrict such rights.

The Plan shall have a lien on all funds received by the Member, Member's parents, heirs, guardians, executors, or other representatives up to the Reasonable Cost for the Health Care Services provided to the Member.

Member's Responsibilities

The Member, Member's parents, heirs, guardians, executors, or other representatives must take such action, furnish such information and assistance, and execute such instruments as the Plan requires to facilitate enforcement of its rights under this Part. The Member shall take no action prejudicing the rights and interests of the Plan under this provision. Neither a Member nor Member's attorney or other representative is authorized to accept subrogation or reimbursement payments on behalf of the Plan, to negotiate or compromise the Plan's subrogation or reimbursement claim, or to release any right of recovery or reimbursement without the Plan's express written consent. Any Member who fails to cooperate in the Plan's administration of this Part shall be responsible for the Reasonable Cost for services subject to this section and any legal costs incurred by the Plan to enforce its rights under this section. Members must also report any recoveries from insurance companies or other persons or organizations arising form or relating to an act or omission that caused or contributed to an injury or illness to the Member paid for by the Plan. Failure to comply will entitle the Plan to withhold benefits, services, payments, or credits due under the Plan.

SANFORD HEALTH PLAN

North Dakota Public Employees Retirement System
High Deductible Non-Grandfathered Dakota Plan

Coverage Period: 07/01/15 – 06/30/17
Coverage for: Single, Family

Summary of Benefits and Coverage: What this Plan Covers & What it Costs

Plan Type: High Deductible | Non-Grandfathered

This is only a summary. If you want more detail about your coverage and costs, you can get the complete terms in the policy at www.sanfordhealthplan.com/ndpers or by calling **1-800-499-3416** *(toll-free)* | TTY/TDD: **1-877-652-1844** *(toll-free)*.

Important Questions	Answers	Why this Matters:
What is the overall deductible?	For in-network providers: **$1,500** person/**$3,000** family For out-of-network providers: **$1,500** person/**$3,000** family Doesn't apply to preventive care.	You must pay all the costs up to the **deductible** amount before this plan begins to pay for covered services you use. Check your policy to see when the **deductible** starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the **deductible**.
Are there other deductibles for specific services?	No.	You don't have to meet **deductibles** for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
Is there an out-of-pocket limit on my expenses?	Yes. For in-network providers: **$3,000** person/**$6,000** family For out-of-network providers: **$3,500** person/**$7,000** family	The **out-of-pocket limit** is the most you could pay during a coverage period (annually/usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, infertility services, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.
Is there an overall annual limit on what the plan pays?	No.	The chart starting on page 2 describes any limits on what the plan will pay for *specific* covered services, such as office visits.
Does this plan use a network of providers?	Yes. See **www.sanfordhealthplan.com/ndpers or call 1-800-499-3416** *(toll-free)* for a list of participating providers.	If you use an in-network doctor or other health care **provider**, this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network **provider** for some services. Plans use the term in-network, **preferred**, or **participating** for **providers** in their **network**. See the chart starting on page 2 for how this plan pays different kinds of **providers**.
Do I need a referral to see a specialist?	No. You don't need a referral to see a **participating** specialist.	You can see the **participating specialist** you choose without permission from this plan.
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 5. See your policy for additional information about **excluded services**.

Questions: Call 1-800-499-3416 *(toll-free)* or visit us at **www.sanfordhealthplan.com/ndpers.** If you aren't clear about any of the bolded terms used in this form, see the Glossary. You can view the Glossary at **www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf** or call 1-800-499-3416 to request a copy.

North Dakota Public Employees Retirement System

HP-0493 7-15 NDPERS NGF HDHP

- **Copayments** are fixed dollar amounts (for example, $15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the Plan's **allowed amount** for an overnight hospital stay is $1,000; your **coinsurance** payment of 20% would be $200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges $1,500 for an overnight stay and the **allowed amount** is $1,000; you may have to pay the $500 difference. (This is called **balance billing**.)
- This plan may encourage you to use **participating providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

Common Medical Event	Services You May Need	Your cost if you use Basic Plan After Deductible	Your cost if you use PPO Plan After Deductible	Limitations & Exceptions

Excluded Services & Other Covered Services:

Services Your Plan Does NOT Cover (This isn't a complete list. Check your policy or plan document for other excluded services.)

- Acupuncture
- Cosmetic surgery
- Dental care (Adult)
- Hearing aids (unless for Members under age 18)
- Long-term care
- Routine eye care (Adult), except for Dilation Exam for Diabetes
- Routine pediatric dental and vision care
- Weight loss programs

Other Covered Services (This isn't a complete list. Check your policy or plan document for other covered services and your costs for these services.)

- Bariatric surgery
- Chiropractic care
- Coverage provided outside the United States. For full details, please refer to your Policy or see www.sanfordhealthplan.com/ndpers
- Infertility treatment; $20,000 lifetime maximum
- Private-duty nursing
- Routine foot care (for diabetics only)

Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**, which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your right to continue coverage may also apply.

For more information on your rights to continue coverage, contact the Plan toll-free at (800) 499-3416. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at (866) 444-3272 or www.dol.gov/ebsa, or the U.S. Department of Health and Human Services at (877) 267-2323 x61565 or www.cciio.cms.gov.

Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your Plan, you may be able to **appeal** or file a **grievance**. For questions about your rights, this notice, or assistance, you can contact:

- Sanford Health Plan/Member Services toll-free at (800) 499-3416
- The U.S. Department of Labor, Employee Benefits Security Administration at (866) 444-3272 *(toll-free)* or www.dol.gov/ebsa
- North Dakota Insurance Department at (800) 247-0560 *(toll-free)* or www.nd.gov/ndins/contact

Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as "minimum essential coverage." **This plan does provide minimum essential coverage.**

Does this Coverage Meet the Minimum Value Standard?

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). **This health coverage does meet the minimum value standard for the benefits it provides.**

Language Access Services:

To see examples of how this plan might cover costs for a sample medical situation, see the next page.

About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.

Having a baby
(normal delivery)

- **Amount owed to providers:** $7,540
- **Plan pays** $6,210
- **Patient pays** $1,330

Sample care costs:

Hospital charges (mother)	$2,700
Routine obstetric care	$2,100
Hospital charges (baby)	$900
Anesthesia	$900
Laboratory tests	$500
Prescriptions	$200
Radiology	$200
Vaccines, other preventive	$40
Total	**$7,540**

Patient pays:

Deductibles	$0
Copays	$0
Coinsurance	$1,300
Limits or exclusions	$30
Total	**$1,330**

Note: These numbers assume the patient has enrolled in the Plan's Health Pregnancy Program. If you are pregnant, and have not given notice of your pregnancy to the Plan, your costs may be higher. For more information, please contact Sanford Health Plan at 1-888-315-0885 *(toll-free)* | TTY/TDD: 1-877-652-1844 *(toll-free)*.

Managing type 2 diabetes
(routine maintenance of a well-controlled condition)

- **Amount owed to providers:** $5,400
- **Plan pays** $3,350
- **Patient pays** $2,050

Sample care costs:

Prescriptions	$2,900
Medical Equipment and Supplies	$1,300
Office Visits and Procedures	$700
Education	$300
Laboratory tests	$100
Vaccines, other preventive	$100
Total	**$5,400**

Patient pays:

Deductibles	$1,500
Copays	$0
Coinsurance	$500
Limits or exclusions	$50
Total	**$2,050**

Note: These examples do not reflect cost sharing for any Consumer Driven Health Plan such as HRA, HSA, FSA or any wellness program.

North Dakota Public Employees Retirement System | SANFORD HEALTH PLAN

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

✘ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✘ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

Questions: Call 1-800-499-3416 *(toll-free)* or visit us at **www.sanfordhealthplan.com/ndpers**. If you aren't clear about any of the bolded terms used in this form, see the Glossary. You can view the Glossary at **www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf** or call 1-800-499-3416 to request a copy.

SANFORD HEALTH PLAN
Medicare Supplement

North Dakota Public Employees Retirement System (NDPERS) has established an employee welfare benefit plan for Eligible Employees, Retirees, and their Eligible Dependents. The following Certificate of Insurance (COI) is provided to you in the same manner as required under the Employee Retirement Income Security Act of 1974. Every attempt has been made to provide concise and accurate information. This Certificate of Insurance and the NDPERS Service Agreement, together, are the official benefit plan document for the employee welfare benefit plan established by the Plan Administrator. In case of conflict between this Certificate of Insurance and the NDPERS Service Agreement, the provisions of the NDPERS Service Agreement will control.

Although it is the intention of the Plan Administrator to continue the employee welfare benefit plan for an indefinite period of time, the Plan Administrator reserves the right, whether in an individual case or in general, to eliminate the Benefit Plan.

Sanford Health Plan shall construe and interpret the provisions of the Service Agreement, the Certificate of Insurance and related documents, including doubtful or disputed terms and to determine all questions of eligibility; and to conduct any and all reviews of claims denied in whole or in part.

TITLE OF EMPLOYEES AUTHORIZED TO RECEIVE PROTECTED HEALTH INFORMATION

- Administrative Services Division
- Accounting Division
- Benefit Program Development & Research
- Internal Audit Division
- Accounting & IT Division
- Benefit Programs Division
- Executive Director

This includes every employee, class of employees, or other workforce person under control of the Plan Sponsor who may receive the Member's Protected Health Information relating to payment under, health care operations of, or other matters pertaining to the Benefit Plan in the ordinary course of business. These identified individuals will have access to the Member's Protected Health Information only to perform the plan administrative functions the Plan Sponsor provides to the Benefit Plan. Such individuals will be subject to disciplinary action for any use or disclosure of the Member's Protected Health Information in breach or in violation of, or noncompliance with, the privacy provisions of the Benefit Plan. The Plan Sponsor shall promptly report any such breach, violation, or noncompliance to the Plan Administrator; will cooperate with the Plan Administrator to correct the breach, violation and noncompliance to impose appropriate disciplinary action on each employee or other workforce person causing the breach, violation, or noncompliance; and will mitigate any harmful effect of the breach, violation, or noncompliance on any Member whose privacy may have been compromised.

STATEMENT OF ELIGIBILITY TO RECEIVE BENEFITS

Retirees or surviving spouses who are age 65 or entitled to Medicare and are receiving a retirement benefit from the Public Employees Retirement System, the Highway Patrolmen's Retirement System, the Teachers' Insurance and Annuity Association of America-College Retirement Equities Fund (TIAA-CREF), the Job Service Retirement System, Judges' Retirement System, the Teachers' Fund for Retirement (TFFR), or an eligible public retirement system are eligible to receive benefits.

An eligible retiree or surviving spouse is entitled to coverage if an application is submitted within thirty-one (31) days of Medicare entitlement. Each eligible retiree may elect to enroll his/her Eligible Dependents. Eligible employees include Medicare-eligible retired and terminated employees, and their Eligible Dependents, who remain eligible to participate in the uniform group insurance program pursuant to applicable state law as provided in N.D.C.C. §54-52.1-03. For a comprehensive description of eligibility, refer to the NDPERS web site at www.nd.gov/ndpers.

Eligibility to receive benefits under the Benefit Plan is initially determined by the Plan Administrator. When an eligible retiree meets the criteria for eligibility, a membership application must be completed. NDPERS has the ultimate decision making authority regarding eligibility to receive benefits.

DESCRIPTION OF BENEFITS

Refer to Section III.

SOURCES OF PREMIUM CONTRIBUTIONS TO THE PLAN AND THE METHOD BY WHICH THE AMOUNT OF CONTRIBUTION IS CALCULATED

The contributions for single and family coverage are paid by the retiree or surviving spouse.

END OF THE YEAR DATE FOR PURPOSES OF MAINTAINING THE PLAN'S FISCAL RECORDS

June 30

SUMMARY NOTICE AND IMPORTANT PHONE NUMBERS

This COI describes in detail your health care Benefit Plan and governs the Plan's coverage. This COI, any amendments, and related documents comprise the entire Plan between the NDPERS and the Claims Administrator.

A thorough understanding of your coverage will enable you to use your benefits wisely. Please read this COI carefully. If you have any questions about the benefits, please contact Sanford Health Plan's Member Services Department.

This COI describes in detail the Covered Services provisions and other terms and conditions of the Plan.

Benefits for Emergency Care in a Foreign Country 21

IMPORTANT INFORMATION

Your Medicare supplement health care coverage was developed to help you pay for some of your health care expenses not paid in full by Medicare. *This coverage only pays for those services accepted and approved by Medicare with the exception of benefits for Medically Necessary Emergency Care in a foreign country.*

To understand your supplemental benefits, you must first understand your Medicare benefits. Therefore, it is very important that you read your *Medicare Handbook* carefully. If you do not have a Medicare Handbook, you may order one by calling your Social Security office.

Medicare benefits are divided into two categories: Medicare Part A and Medicare Part B.

- MEDICARE PART A
  Medicare Part A helps pay for inpatient hospital care, care in a skilled nursing facility, home health care, and hospice services. We offer you supplemental benefits in all of these categories.

- MEDICARE PART B
  Medicare Part B helps pay for physician services, outpatient hospital services, durable medical equipment, and a number of other medical services and supplies that are not covered by Medicare Part A. We offer you supplemental benefits in all these categories as stated in *SECTION III: Schedule of Benefits,* with the addition of benefits for Medically Necessary Emergency Care in a foreign country.

Special Communication Needs

In compliance with the Americans with Disabilities Act (ADA), this document can be provided in alternate formats. Anyone with any disability who might need some form of accommodation or assistance concerning the services or information provided, please contact the NDPERS ADA Coordinator at 701-328-3900. The North Dakota Relay Service (TTY) toll-free number is (800) 366-6888.

Please call Sanford Health Plan Member Services if you need help understanding written Plan information at (800) 499-3416 *(toll-free)*. We can read forms to you over the phone and we offer free oral translation in any language through our translation services.

Services for the Deaf and Hearing Impaired

If you are deaf or hearing impaired and need to speak to the Plan, call TTY/TDD: (877) 652-1844 *(toll-free)*.

Services for Visually Impaired

Please contact Member Services toll-free at (800) 499-3416 if you are in need of a large print copy or cassette/CD of this COI or other written materials.

Translation Services

The Plan can arrange for translation services. Free written materials are available in several different languages and free oral translation services are available. Call toll-free 1-877-652-1844 for help and to access translation services.

English: We have free interpreter services to answer any questions you may have about our health or drug plan. To get an interpreter, just call us at 1-877-652-1844 *(toll-free)*. Someone who speaks English/Language can help you. This is a free service.

INTRODUCTION

This Benefit Plan describes the benefits available to you as a person enrolled under the North Dakota Public Employees Retirement System (NDPERS – Dakota Retiree Plan, which is a Medicare Supplement Benefit Plan).

This Benefit Plan, together with your application for coverage, is a legal agreement between Sanford Health Plan, and You, the Certificate holder, as named on Your Identification Card.

The benefits described are available as long as the required premium is paid. Changes to provisions or premium amounts by NDPERS will be sent to the Certificate holder's address as shown in NDPERS records by ordinary mail no less than thirty-one (31) days prior to the effective date of change.

Benefits described in this Benefit Plan are available to you, for your personal use only, and cannot be transferred or assigned. Any attempt to transfer or assign the benefits of this Benefit Plan to ineligible persons will result in automatic termination of this Benefit Plan by Sanford Health Plan.

You, as the Certificate holder, hereby expressly acknowledge and understand that this Benefit Plan was not entered into based upon representations by any person or entity other than Sanford Health Plan and that no person, entity, or organization other than Sanford Health Plan shall be held accountable or liable to the Certificate holder for any of Sanford Health Plan's obligations to the Certificate holder created under this Benefit Plan. This paragraph shall not create any additional obligations whatsoever on the part of Sanford Health Plan other than those obligations created under other provisions of this Benefit Plan.

Sanford Health Plan (Referred to in this contract as "we", "us", "our", or "the Plan") will provide the coverage stated in this Certificate subject to the provisions and limitations contained herein. We have issued this Certificate in consideration of the payment of the first premium and the statements made in your application.

Cancellation of this or Previous Benefit Plans

A. The Certificate holder may cancel this Benefit Plan at any time by giving written notice to NDPERS in advance of the requested cancellation date. Coverage will be cancelled the first (1st) of the month following NDPERS' receipt of the request for cancellation. Premium paid beyond the date of cancellation will be refunded.

B. This Benefit Plan supersedes all Benefit Plans previously issued under the NDPERS Dakota Retiree Plan.

C. Sanford Health Plan may cancel this Benefit Plan for the following reasons:
   1. Nonpayment of required premium.
   2. Misrepresentation of a material fact by the Certificate holder.

Certificate Term and Renewal

This Certificate is automatically renewed each month with your premium payments unless it is terminated by you or us. Renewal premiums must be paid on or before the renewal date or during the thirty-one (31) days that follow. We cannot refuse to renew this Certificate or place any restrictions on it if you pay the premiums on time. In the event of termination for nonpayment of premium, reinstatement of this Benefit Plan will be at the sole discretion of and subject to conditions established by Sanford Health Plan.

If premium amounts are determined according to age; and it is determined the age has been misstated or miscalculated, premium adjustments will be made as follows:

- If premium amounts were paid in excess of the amount due, the excess premium will be refunded.
- If the premium amount billed was less than required for the age, premium will be increased on the next billing date.

We will send you a written notice at least thirty-one (31) days in advance when we change the premium rates for all Certificates of this form issued by us and in force in North Dakota.

Notice to Buyer

This Certificate may not cover all of the costs associated with medical care incurred by the Buyer during the period of coverage. You are advised to review carefully all Certificate limitations.

Read Your Certificate Carefully

It is a legal contract between You and Us.

DEFINITIONS

Definitions of Terms Included In This Certificate

This section provides an alphabetical list of certain terms and their meaning as used in this Certificate. Defined terms are capitalized wherever they occur in the Certificate.

Accident means accidental bodily injury or injuries sustained by the insured person that occurs while insurance coverage is in force and for which benefits are provided as a direct result, independent of disease or bodily injury or any other cause. This definition does not include injuries for which benefits are provided or available under any workers' compensation, employer's liability or similar law, or motor vehicle no-fault plan.

Assignment means a provider or supplier agrees to accept Medicare's approved charge as full payment for a service or supply. This does not include any deductible or coinsurance amount you are responsible for paying.

Benefit Period means a period of consecutive days that begins with the first day (not included in the previous spell of illness) on which you are furnished inpatient hospital, skilled nursing, or rehabilitation services by a qualified provider in a month for which you are entitled to Medicare Part A benefits. A benefit period ends when you have been out of a hospital or other facility primarily providing skilled nursing or rehabilitation services for sixty (60) days in a row (including the day of discharge).

Calendar Year means the twelve-month period that begins on January 1 and ends with December 31. When you first become covered under this Certificate, the first Calendar Year begins for you on the effective date of your Certificate and ends on the following December 31.

Certificate (may also be called **Benefit Plan** or **Contract**) means the benefits available to you as a person enrolled under the North Dakota Public Employees Retirement System (NDPERS – Dakota Retiree Plan, which is a Medicare Supplement Benefit Plan). This Certificate, together with your application for coverage, is a legal agreement between Sanford Health Plan, and You, the Certificate holder, as named on Your Identification Card.

Certificate holder means You, the person who signed for this Certificate. Certificate is also referred to in this document as "Benefit Plan."

Copayment or Coinsurance means that portion of expenses which must be paid by you.

Covered Services means Medically Necessary, Medicare-approved services and supplies that qualify for payment of benefits under this Certificate.

Custodial Care means Room and Board and other care which is provided for a person due to a mental or physical condition mainly to aid the person in daily living or meeting personal needs.

Deductible (may also be called **Out-of-Pocket Deductible** or **Medicare Deductible**) means the amount of covered expenses which you must pay yourself before benefits will be paid.

Emergency Medical Condition or Emergency Care means the sudden and unexpected onset of a health condition that would lead a Prudent Layperson acting reasonably and possessing the average knowledge of health and medicine to believe that the absence of that requires immediate medical attention , if failure to provide medical attention would could result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person's health, or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

Group means the Plan Sponsor that has signed an agreement with Sanford Health Plan to provide health care benefits for Certificate holders.

Health Care Expenses means expenses of health maintenance organizations associated with the delivery of health care services, which expenses are analogous to incurred losses of insurers. Such expenses shall not include: home office and overhead costs; advertising costs commissions and other acquisition costs taxes, capital costs, administrative costs and claims processing costs.

Hospital means a place which provides care and treatment for sick or injured persons as resident bed patients. It must also have:

1. A Registered Graduate Nurse (R.N.) on duty or on call at all times to supervise 24-hour nursing service;
2. The means for diagnosis, treatment and surgery on its premises or in facilities available on a contractually prearranged basis; and
3. A physician is present or on call at all times to supervise all care.

It must be licensed by the laws of the jurisdiction where it is located and run as a Hospital as defined by those laws.

Its main purpose must not be to provide rest, educational or custodial care, care for the aged-or treatment such as that provided by a convalescent home or sanitarium. A place that treats mental or nervous disorders, or provides treatment of a physical disability, will be deemed a Hospital even if it does not have a means for surgery, if it qualifies in all other respects.

Injury means accidental bodily injury sustained by the insured which is the direct cause of loss, independent of disease, bodily infirmity or other causes. This definition does not include injuries for which benefits are provided or available under any workers' compensation, employer's liability or similar law, or motor vehicle no-fault plan.

Inpatient Lifetime Reserve Days means the additional non-renewable sixty (60) days of hospital coverage provided under Medicare Part A for an admission which exceeds ninety (90) days. **Important Note:** Once you use an Inpatient Lifetime Reserve Day, it is not replaced because Inpatient Lifetime Reserve Days are non-renewable.

Medically Necessary or Medical Necessity means services that are appropriate and necessary as determined by a Provider, in terms or type, frequency, level, setting, and duration, according to your diagnosis or condition, and diagnostic testing and preventive services. Medically Necessary care must:

a. be consistent with generally accepted standards of medical practice as recognized by the Plan, as determined by health care Providers in the same or similar general specialty as typically manages the condition, procedure, or treatment at issue; and
b. help restore or maintain your health; or
c. prevent deterioration of your condition; or
d. prevent the reasonably likely onset of a health problem or detect an incipient problem

Medicare means "The Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965" as then constituted, or later amended.

Medicare Part A means insurance to cover Hospital expenses, such as Room and Board and other inpatient Hospital services.

Medicare Part B means insurance to cover medical expenses, such as Physicians' services, outpatient Hospital services and a number of other non-hospital medical services and supplies.

Medicare Eligible Expenses means expenses which are of the kind covered by Medicare, to the extent recognized as reasonable and Medically Necessary by Medicare.

Medicare Summary Notice (MSN) is a form summarizing the action Medicare took on your claim and what amount, if any, Medicare paid for the services you received.

Nurse means one of the following licensed professionals:
1. Registered Nurse (R.N.);
2. Licensed Practical Nurse (L.P.N.); or
3. Licensed Vocational Nurse (L.V.N.).

Physician means a person who is licensed to practice the healing arts. The Physician must perform only those services permitted by his or her license. Examiners as a physician, or similar boards in other states, and those licensed persons required by State insurance laws to be reimbursed for services legally performed and covered under this Certificate. **Important Note:** This definition will apply to this Certificate only to the extent that it is not more restrictive than the definition of *physician* as defined in the Medicare program. Services rendered otherwise shall not be covered by this Certificate. "Physician" does not include you or any immediate family member. This exclusion does not apply to those in areas in which the immediate family member is the only physician in the area and acting within the scope of their normal employment.

Plan Administrator means the North Dakota Public Employees Retirement System (NDPERS).

Protected Health Information (PHI) means individually identifiable health information, including summary and statistical information, collected from You or on Your behalf that is transmitted by or maintained in electronic media, or transmitted or maintained in any other form or medium and that:
a. is created by or received from a Health Care Provider, health care employer, or health care clearinghouse;
b. relates to Your past, present or future physical or mental health or condition;
c. relates to the provision of health care to You;
d. relates to the past, present, or future payment for health care to You or on Your behalf; or
e. identifies You or could reasonably be used to identify You.

Educational records and employment records are not considered PHI under federal law.

Provider means any licensed or approved health care professional including a physician, psychologist (who has a doctorate degree in psychology with two years clinical experience or who meets the standards of a national register), a chiropractor, optometrist, podiatrist, physical therapist, oral surgeon, certified registered nurse anesthetist, or any other provider approved by Medicare.

Prudent Layperson means a person who is without medical training and who possess an average knowledge of health and medicine and who draws on his or her practical experience when making a decision regarding the need to seek emergency medical treatment.

Qualifying Previous Coverage means with respect to an individual, health benefits, or coverage provided under any of the following:
a. A group health benefit plan;
b. A health benefit plan;
c. Medicare Part A or Part B;
d. Medicaid, other than coverage consisting solely of benefits under a program for distribution of pediatric vaccines;
e. TRICARE (the health care program for military dependents and retirees);
f. A medical care program of the Indian Health Service or of a tribal organization;
g. A state health benefit risk pool, including coverage issued under N.D.C.C. §26.1-08;
h. A Federal Employees Health Benefits Program;
i. A public health plan as defined in federal regulations; and
j. A health benefit plan under §5(e) of the Peace Corps Act [Pub. L. 87-293; 75 Stat. 612; 22 U.S.C. 2504(e)].

Qualifying Previous Coverage must be continuous until at least sixty-three (63) days prior to the Subscriber's Effective Date under this Benefit Plan.

Sickness means illness or disease of the insured person that occurs while insurance coverage is in force. This definition does not include sickness or diseases for which benefits are provided or available under any workers' compensation, employer's liability or similar law, or motor vehicle no-fault plan.

Skilled Nursing Facility means a place which, by law, provides care and treatment to persons who are convalescing as resident bed patients' from a Sickness or Injury after a Hospital stay. It must also:

1. Qualify as a Skilled Nursing Facility under Medicare, or be qualified to receive such approval if requested;
2. Have a registered graduate nurse (R.N.) on duty or on call in the place at all times to supervise 24-hour nursing service;
3. Have a Physician to supervise the operation of the place, and
4. Maintain daily medical records for all patients.

Its main purpose must not be to provide Custodial Care, rest-care for the aged or treatment such as that provided by a clinic or sanitarium.

Total Disability or Totally Disabled means your inability, as a result of injury or sickness, to perform the substantial and material duties of your own occupation or any occupation for which you are fitted by reason of education, training or experience.

Urgent Care Situation means a degree of illness or injury which is less severe than an Emergency Condition, but requires prompt medical attention within twenty-four (24) hours, such as stitches for a cut finger. Urgent care means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination:

- Could seriously jeopardize the life or health of the Certificate holder or the ability of the Certificate holder to regain maximum function, based on a prudent layperson's judgment; or
- In the opinion of a Practitioner and/or Provider with knowledge of the Certificate holder's medical condition, would subject the Certificate holder to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

We, Us or **Our** means Sanford Health Plan.

You or **Your** means the insured under this Certificate. Also known as the Certificate holder.

SECTION I - SERVICES NOT COVERED

No benefits are available for:

1. Services received prior to the Effective Date of this Benefit Plan.
2. Services not allowed by Medicare as Benefits, except as stated in *Section III, Schedule of Benefits.*
3. Services denied by Medicare, except as stated in *Section III, Schedule of Benefits.*
4. Expenses incurred prior to this Certificate's effective date or while your Certificate is not in force.
5. Services when benefits are provided by any governmental unit or social agency, except for Medicaid, or when payment has been made under Medicare Part A or Part B. Medicare Part A and Part B will be considered the primary payor with respect to benefit payments, unless otherwise required by federal law.
6. Services that are experimental or investigative in nature or that are not Medically Necessary as determined by Medicare.
7. Outpatient prescription drugs, unless eligible under Medicare.
8. Services received from a Hospital or a distinct part of a Hospital located in the United States that is not certified by Medicare.
9. Custodial care provided in a Hospital or by a home health agency.
10. Skilled Nursing Facility care costs beyond what is covered by Medicare and this Benefit Plan.
11. Surgery and related services intended solely to improve appearance, but not to restore bodily function or to correct deformity resulting from disease, trauma, congenital or developmental anomalies or previous therapeutic processes.
12. Services when benefits are provided or available under any workers' compensation, employers' liability or similar law, or motor vehicle no-fault plan, unless prohibited by law.
13. Services, treatments or supplies that are not a Medicare Eligible Expense.

If you have any questions after reading your Medicare Handbook and this Certificate, please call Member Services toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 *(toll-free)*.

SECTION II - CERTIFICATE PROVISIONS

The documents that make up your contract with us consist of:

- The application you submitted;
- This Benefits Certificate; and
- Any amendments.

Persons Eligible for Coverage

To be eligible for coverage under this Certificate, you must be:

1. Eligible for Medicare;
2. Enrolled in both Medicare Parts A and B; and
3. Eligible for NDPERS Dakota Retiree Plan Coverage.

Effective Date of Insurance

We must receive your Application for Coverage prior to the requested effective date. The effective date of insurance shall then be the date listed on your Application for Coverage or upon underwriting approval (if applicable), whichever is later.

Premiums

1. Premium Changes.
   We will send you a written notice at least thirty-one (31) days in advance when we change the premium rates for all Certificates of this form issued by us and in force in North Dakota.
2. Payment of Premium. All premiums are due and payable on the first of the month. If premium is not received before the date due, a grace period of thirty-one (31) days is allowed. The Certificate holder remains responsible for payment of any premium due during the grace period. In the event of termination for nonpayment of premium, reinstatement of this Benefit Plan will be at the sole discretion of and subject to conditions established by NDPERS.
3. Grace Period. If any premium is not paid within the time allowed for payment, the grace period will begin. A grace period of thirty-one (31) days will be granted for the payment of each premium. During this grace period, the Certificate shall continue in force.
4. Lapse in Coverage. If you fail to pay the premium within the thirty-one (31) day grace period, your coverage will lapse.
5. Reinstatement. You may request reinstatement of this Certificate by submitting new applications to reinstate your health and prescription drug coverage. NDPERS will give you written notice of the decision to accept or deny your application. If reinstated, this Certificate will cover only claims that occurred after the date of reinstatement.

How Payment Works

When a physician or supplier agrees to accept the charge approved by Medicare as full payment for covered services, he or she is said to accept *assignment.* All physicians who participate in the Medicare program agree to accept assignment. If you are not sure if your physician participates in the Medicare program, ask, and he or she will tell you.

If a physician does not accept assignment, he or she may collect more than Medicare's approved amount; we will pay this difference for you when this happens.

If your provider accepts assignment, we will send our payment directly to that provider. If your provider does not accept assignment, we send our payments to you, or, in the event of your death, to your estate.

Filing Claims

You do not need to file a claim for your services. By law, physicians or other suppliers must fill out claim forms for you and send them to Medicare, even if they do not accept assignment. We will accept notice from Medicare Carriers on claims submitted on your behalf by physicians and suppliers or you may submit the Medicare Summary Notice (MSN). Notice of claims should include your name and Certificate number.

You should always make sure your providers know that you have supplemental coverage with us. When you receive health services in North Dakota, Medicare will automatically send your claim to us.

Out-of-State Services

If you receive health services outside of North Dakota, the provider will submit your claim to the Medicare office in that state. After the office processes the claim, you will receive a Medicare Summary Notice (MSN). If the *Notes* section of the MSN says that the information is being sent to your private insurer, we will automatically receive the MSN. If the MSN does not say your private insurer is receiving the information, you need to send the MSN to us so we can process your Medicare supplement benefits. Be sure your identification number and mailing address are shown accurately on the MSN form. You do not need to complete a claim form, just send the MSN, and keep a copy for your own records.

Send your MSN to:

Sanford Health Plan
NDPERS/Medicare Supplement Claims
PO Box 91110
Sioux Falls, SD 57109-1110

Authorized Certificate Changes

No agent, employee or representative of ours has authority to change this Certificate or waive any of its provisions.

No change in this Certificate shall be valid until approved by an executive office of the company and unless such approval be endorsed hereon or attached hereto.

Medicare Deductible and Coinsurance Changes

If Medicare changes its deductible and coinsurance amounts, your Certificate will automatically change to cover the amounts determined by Medicare. Your premium may also be changed at this time. We will give you appropriate notice of such change. This usually happens on January 1st of each year.

When Coverage Ends

Your coverage will end immediately if any of the following occurs:

1. You fraudulently misrepresent or conceal material facts in your application. If this happens, we will recover any claim payment we made, minus any premium paid.
2. If you fail to pay your premium by the end of the thirty-one (31) day grace period See "*Reinstatement*" in the Premium Section above.
3. You terminate this Certificate by giving written notice of termination to NDPERS in advance of the requested cancellation date. Coverage will be cancelled the first (1st) of the month following NDPERS' receipt of the request for cancellation. Premium paid beyond the date of cancellation will be refunded.
4. You are no longer eligible according to the criteria set forth under "*Persons Eligible for Coverage"* in the *Certificate Provisions* Section.

Effects of Termination

If your Certificate is terminated for misrepresentation or the concealment of material facts we will not pay for any services or supplies provided after the date the Certificate is terminated; we will retain legal rights,

including the right to sue based on concealment or misrepresentation; and NDPERS may, at its option, declare the Certificate void.

If, at any time while your insurance under this Certificate is in effect, NDPERS or Sanford Health Plan becomes aware that you are no longer enrolled in both Medicare Parts A and B, NDPERS will notify you and you will need to provide the appropriate information in order to process any claim.

Note: Failure to be enrolled, and maintain continuous coverage, in Medicare Parts A and B will result in termination of your Certificate. You may be required to change your Benefit Plan, which may result in coverage differences and increased premiums.

If your Certificate is terminated for reasons other than concealment or misrepresentation of material facts, we may stop payment for any services or supplies the day your Certificate is terminated.

An exception to this applies in the case of a continuous loss that commenced while this Certificate is in force. If you receive covered professional or facility services as an inpatient of a hospital or skilled nursing facility on the date this Certificate terminates, payment for these covered services will end on the earliest of the following:

- the date you are first discharged from the facility following termination of this Certificate;
- the date the Certificate coverage period would have ended if this Certificate had not been terminated, that is, the end of the calendar year during which you were an inpatient;
- the date your Medicare benefits are exhausted if no additional benefits would otherwise have been covered under this Certificate had it remained in effect; or
- payment of maximum benefits.

Suspension of Coverage and Reinstatement

1. During Medicaid Eligibility

   At your request, your Certificate will be suspended for a period of time not to exceed twenty-four (24) months during which you have applied for and are entitled to medical assistance under Title XIX of the Social Security Act (Medicaid). You must notify NDPERS within ninety (90) days of the date you become entitled to such assistance.

   Provided you notified NDPERS within ninety (90) days after the date you have become entitled to Medicaid, NDPERS shall return to you that portion of the premium you paid which is attributable to the period of Medicaid eligibility, subject to adjustment for paid claims.

   If your entitlement to this assistance (Medicaid) is terminated during the twenty-four (24) month period, and you notify NDPERS within ninety (90) days of this termination, coverage that is substantially the same as that in effect at the point of suspension shall be reinstated at premium classification terms that would have applied to you had your coverage never been suspended. You must pay the premium attributable to the period, effective as of the date of termination of Medicaid entitlement.

   Reinstatement of Coverage:

   - will not provide for any waiting period for treatment of preexisting conditions;
   - will provide coverage substantially equivalent to the coverage in effect before the date of suspension; and
   - will provide for premium classification on terms at least as favorable to you as the premium classification terms that would have applied had the coverage not been suspended.

2. During Enrollment in Group Health Plan

   You may request a suspension in coverage if you are under age 65, enrolled in Medicare benefits as the result of disability, and enrolled in a group health plan sponsored by your current or former employer, or employee organization. To suspend your Certificate, you must notify NDPERS within ninety (90) days after the date you become enrolled in such group coverage. NDPERS shall return to you that portion of the premium paid by you which is attributable to the period of the other coverage, subject to adjustment for paid claims.

   If a suspension occurs and you lose entitlement to the group coverage, your Medicare supplement Certificate will be reinstated automatically as of the date your group coverage is terminated, if you notify

NDPERS that you lost your group coverage. You must notify NDPERS within ninety (90) days after the date of such loss.

Reinstatement of Coverage:

- will not provide for any waiting period for treatment of preexisting conditions;
- will provide coverage substantially equivalent to the coverage in effect before the date of suspension; and
- will provide for premium classification on terms at least as favorable to you as the premium classification terms that would have applied had the coverage not been suspended.

Our Right to Recover Payments

If for any reason we make payment under this Certificate in error, we may recover the amount we paid.

1. Medical Payment Benefit Coordination
   If a Certificate holder is eligible for medical payment benefits provided by any other collectible insurance as a result of an injury, the benefits available under this Benefit Plan will be reduced by and coordinated with the medical payment benefits provided by any other collectible insurance not prohibited from coordination of benefits.

2. Rights of Subrogation, Reimbursement, and Assignment
   Once you receive benefits under this Certificate arising from an illness or injury, we will assume any legal right you have to collect compensation, damages, or any other payment related to the illness or injury, including benefits from any of the following:
   - The responsible person's insurer;
   - Uninsured motorist coverage;
   - Underinsured motorist coverage; or
   - Other insurance coverage.

   You agree to the following:
   - You will let us know about any potential claims or rights of recovery related to the illness or injury;
   - You will furnish any information and assistance that we may reasonably require to enforce our rights under this Certificate;
   - You will do nothing to prejudice our rights and interests;
   - You will not compromise, settle, surrender, or release any claim or right of recovery described above, without getting our written permission; and
   - You must reimburse us to the extent of benefit payments made under this Certificate if payment is received from the other party or parties.
   - You must notify us if you have the potential right to receive payment from someone else.
   - You must cooperate with us to ensure our rights to subrogation are protected.

Notice of Communication

You may send any written notice or communication to our office at:
Sanford Health Plan
ATTN: NDPERS/Member Services
PO Box 91110
Sioux Falls, SD 57109-1110

Any notice from us is acceptable when sent to your address as it appears on our records.

Legal Actions

No legal or equitable action may be brought against us because of a claim under this Certificate, or because of the alleged breach of this Certificate, sooner than sixty (60) days from the filing of a claim and not more than three (3) years after the end of the calendar year in which the health care services or supplies were provided under this Benefit Plan.

Time Limit on Certain Defenses

The validity of this Benefit Plan may not be contested, except for nonpayment of premium, after it has been in force for two (2) years, beginning on the individual Certificate holder's Effective Date. Further, the validity of this Benefit Plan may not be contested on the basis of a statement made relating to insurability by any Certificate holder after continuous coverage has been in force for two (2) years during the Certificate holder's lifetime, unless the statement is written and signed by such Certificate holder. This time limit does not apply to fraudulent misstatements.

After two (2) years from the effective date of this Certificate, no misstatements, except fraudulent misstatements, made by you in the application for such Certificate shall be used to void the Certificate or to deny a claim for loss incurred or disability commencing, after the expiration of such two (2) year period.

Notice and Proof of Claim

You are responsible for providing Sanford Health Plan with written notice and proof of a claim for benefits within 24 months after the occurrence or commencement of a loss for which benefits are available under this Benefit Plan. The written notice and proof of claim must include the information necessary for Sanford Health Plan to determine benefits.

Payment of claims will be made upon receipt of written notice and proof of a claim as stated above.

Premium Refund Due to Death

In the event of death, Sanford Health Plan will refund to the Plan Administrator (NDPERS) all premiums paid beyond the month of the Certificate holder's death, within thirty-one (31) days after receiving notice of the death.

Physical Examinations

Sanford Health Plan, at its own expense may require a physical examination of the Certificate holder as often as necessary during the pendency of a claim and may require an autopsy in case of death if the autopsy is not prohibited by law.

Non-assignment

Benefits for covered services in this Certificate are for your personal benefit and cannot be transferred or assigned to anyone else. Any attempt to assign this Certificate or rights to payment will be void.

Conformity with State and Federal Laws

Any provision of this Benefit Plan that, on its effective date, is in conflict with the statutes of the state of North Dakota on such date is hereby amended to conform to the minimum requirements of such statutes.

If at any time during the life of the Certificate, federal or state law changes which would require a corresponding change in the coverage, we reserve the right, subject to regulatory approval, to change Certificate language, benefits or premium rates, but only insofar as necessary to comply with the changes in law.

To the extent not superseded by the laws of the United States, this Certificate will be construed in accordance with and governed by the laws of the State. Any action brought because of a claim under this Certificate will be litigated in the state or federal courts located in your State of legal residence and no other.

Certificate of Creditable Coverage

When coverage under this Benefit Plan is terminated, Sanford Health Plan will, within a reasonable period of time, issue you a Certificate of Creditable Coverage. Certificates of Creditable Coverage may also be obtained from Sanford Health Plan upon request within 24 months after coverage is terminated. Certificates of Creditable Coverage will only reflect continuous coverage provided through Sanford Health Plan.

Assignment of Records

You agree that any Provider or person(s) having information relating to an illness or injury for which benefits are claimed under this Benefit Plan may furnish such information to Sanford Health Plan upon request.

The Certificate holder authorizes the Centers for Medicare and Medicaid Services to furnish information as to any payments under Medicare Part A or Part B to Sanford Health Plan for use in determining benefit payment under this Benefit Plan. Sanford Health Plan agrees to use this information only for the stated purpose.

Confidentiality

All Protected Health Information (PHI) maintained by Sanford Health Plan under this Benefit Plan is confidential. Any PHI about You under this Benefit Plan obtained by Sanford Health Plan from You or from a Provider may not be disclosed to any person except:

1. Upon a written, dated, and signed authorization by you or by a person authorized to provide consent for a minor or an incapacitated person;
2. If PHI identifies the Provider, upon a written, dated, and signed approval by the Provider. Sanford Health Plan may also disclose to a Provider, as part of a contract or agreement in which the Provider is a party, data or information that identifies a Provider as part of mutually agreed upon terms and conditions of the contract or agreement;
3. If the data or information does not identify either the Certificate holder or the Provider, the data or information may be disclosed upon request for use for statistical purposes or research;
4. Pursuant to statute or court order for the production or discovery of evidence; or
5. In the event of a claim or litigation between the Certificate holder or prospective Certificate holder and Sanford Health Plan in which the PHI is pertinent.

This section may not be construed to prevent disclosure necessary for Sanford Health Plan to conduct health care operations, including utilization review or management consistent with state law, to facilitate payment of a claim, to analyze health plan claims or health care records data, to conduct disease management programs with Providers, or to reconcile or verify claims under a shared risk or capitation arrangement. This section does not apply to PHI disclosed by Sanford Health Plan as part of a research project approved by an institutional review board established under federal law. This section does not apply to PHI disclosed by Sanford Health Plan to the insurance commissioner for access to records of Sanford Health Plan for purposes of enforcement or other activities related to compliance with state or federal laws.

Sanford Health Plan has implemented administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of Your PHI that Sanford Health Plan creates, receives, maintains, or transmits.

Privacy of Protected Health Information

Sanford Health Plan will not disclose the Certificate holder's Protected Health Information (PHI) to the Group unless the Group certifies that the Benefit Plan has been amended to incorporate the privacy restrictions required under federal and state law, and agrees to abide by them.

Sanford Health Plan will disclose the Certificate holder's PHI to the Group to carry out administrative functions under the terms of the Benefit Plan, but only in accordance with applicable federal and state law. Any disclosure to and use by the Group of the Certificate holder's PHI will be subject to and consistent with this section. Sanford Health Plan will not disclose the Certificate holder's PHI to the Group unless such disclosures are included in a notice of privacy practices distributed to the Certificate holder. Sanford Health Plan will not disclose the Certificate holder's PHI to the Group for actions or decisions related to the Certificate holder's employment or in connection with any other benefits made available to the Certificate holder.

The following restricts the Group's use and disclosure of the Certificate holder's PHI:

1. The Group will neither use nor further disclose the Certificate holder's PHI except as permitted by the Benefit Plan or required by law.

2. The Group will ensure that anyone who receives the Certificate holder's PHI agrees to the restrictions and conditions of the Benefit Plan with respect to the Certificate holder's PHI.
3. The Group will not use or disclose the Certificate holder's PHI for actions or decisions related to the Certificate holder's employment or in connection with any other benefit made available to the Certificate holder.
4. The Group will promptly report to the Plan Administrator any use or disclosure of the Certificate holder's PHI that is inconsistent with the uses and disclosures allowed under this section upon learning of such inconsistent use or disclosure.
5. In accordance with federal law, the Group will make PHI available to the Certificate holder who is the subject of the information. Such information is subject to amendment; and, upon proper notice, the Group will amend the Certificate holder's PHI where appropriate.
6. The Group will document disclosures it makes of the Certificate holder's PHI so the Plan Administrator is able to provide an accounting of disclosures as required under applicable state and federal law.
7. The Group will make its internal practices, books, and records relating to its use and disclosure of the Certificate holder's PHI available to the Plan Administrator and to the U.S. Department of Health and Human Services as necessary to determine compliance with federal law.
8. The Group will, where feasible, return or destroy all Certificate holders' PHI in whatever form or medium received from the Plan Administrator, including all copies of and any data or compilations derived from and allowing identification of any Certificate holder when the Certificate holder's PHI is no longer needed for the plan administration functions for which the disclosure was made. If it is not feasible to return or destroy all Certificate holders' PHI, the Group will limit the use or disclosure of any Certificate holders' PHI to those purposes that make the return or destruction of the information infeasible.

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice applies to Sanford Health Plan. If you have questions about this Notice, please contact Member Services at (800) 499-3416 *(toll-free)* | TTY/TDD (877) 652-1844 *(toll-free)*. You may also email your questions to memberservices@sanfordhealth.org.

This Notice describes how we will use and disclose your health information. The terms of this Notice apply to all health information generated or received by Sanford Health Plan, whether recorded in our business records, your medical record, billing invoices, paper forms, or in other ways.

HOW WE USE AND DISCLOSE YOUR HEALTH INFORMATION

We use or disclose your health information as follows (In Minnesota we will obtain your prior consent):

- Help manage the health care treatment you receive: We can use your health information and share it with professionals who are treating you. For example, a doctor may send us information about your diagnosis and treatment plan so we can arrange additional services.
- Pay for your health services: We can use and disclose your health information as we pay for your health services. For example, we share information about you with your primary care physician to coordinate payment for those services.
- For our health care operations: We may use and share your health information for our day-to-day operations, to improve our services, and contact you when necessary. For example, we use health information about you to develop better services for you. We are not allowed to use genetic information to decide whether we will give you coverage and the price of that coverage. This does not apply to long-term care plans.

- Administer your plan: We may disclose your health information to your health plan sponsor for plan administration. For example, your company contracts with us to provide a health plan, and we provide your company with certain statistics to explain the premiums we charge.

We may share your health information in the following situations unless you tell us otherwise. If you are not able to tell us your preference, we may go ahead and share your information if we believe it is in your best interest or needed to lessen a serious and imminent threat to health or safety:

- Friends and Family: We may disclose to your family and close personal friends any health information directly related to that person's involvement in payment for your care.
- Disaster Relief: We may disclose your health information to disaster relief organizations in an emergency.

We may also use and share your health information for other reasons without your prior consent:

- When required by law: We will share information about you if state or federal law require it, including with the Department of Health and Human services if it wants to see that we're complying with federal privacy law.
- For public health and safety: We can share information in certain situations to help prevent disease, assist with product recalls, report adverse reactions to medications, and to prevent or reduce a serious threat to anyone's health or safety.
- Organ and tissue donation: We can share information about you with organ procurement organizations.
- Medical examiner or funeral director: We can share information with a coroner, medical examiner, or funeral director when an individual dies.
- Workers' compensation and other government requests: We can share information to employers for workers' compensation claims. Information may also be shared with health oversight agencies when authorized by law, and other special government functions such as military, national security and presidential protective services.
- Law enforcement: We may share information for law enforcement purposes. This includes sharing information to help locate a suspect, fugitive, missing person or witness.
- Lawsuits and legal actions: We may share information about you in response to a court or administrative order, or in response to a subpoena.
- Research: We can use or share your information for certain research projects that have been evaluated and approved through a process that considers a patient's need for privacy.

We may contact you in the following situations:

- Treatment options: To provide information about treatment alternatives or other health related benefits or Sanford Health Plan services that may be of interest to you.
- Fundraising: We may contact you about fundraising activities, but you can tell us not to contact you again.

YOUR RIGHTS THAT APPLY TO YOUR HEALTH INFORMATION

When it comes to your health information, you have certain rights.

- Get a copy of your health and claims records: You can ask to see or get a paper or electronic copy of your health and claims records and other health information we have about you. We will provide a copy or summary to you usually within thirty (30) days of your request. We may charge a reasonable, cost-based fee.
- Ask us to correct your health and claims records: You can ask us to correct health information that you think is incorrect or incomplete. We may deny your request, but we'll tell you why in writing. These requests should be submitted in writing to the contact listed below.
- Request confidential communications: You can ask us to contact you in a specific way (for example, home or office phone) or to send mail to a different address. Reasonable requests will be approved. We must say "yes" if you tell us you would be in danger if we do not.
- Ask us to limit what we use or share: You can ask us to restrict how we share your health information for treatment, payment, or our operations. We are not required to agree to your request, and we may say "no" if it would affect your care. If you are not able to tell us your preference, for example if you are unconscious, we may go ahead and share your information if we believe it is in your best interest. We may also share your information when needed to lessen a serious and imminent threat to health or safety.

- Get a list of those with whom we've shared information: You can ask for a list (accounting) of the times we've shared your health information for six (6) years prior, who we've shared it with, and why. We will include all disclosures except for those about your treatment, payment, and our health care operations, and certain other disclosures (such as those you asked us to make). We will provide one (1) accounting a year for free, but we will charge a reasonable cost-based fee if you ask for another within twelve (12) months.
- Get a copy of this privacy notice: You can ask for a paper copy of this Notice at any time, even if you have agreed to receive it electronically. We will provide you with a paper copy promptly.
- Choose someone to act for you: If you have given someone medical power of attorney or if someone is your legal guardian, that person can exercise your rights and make choices about your health information. We will make sure the person has this authority and can act for you before we take any action.
- File a complaint if you feel your rights are violated: You can complain to the U.S. Department of Health and Human Services Office for Civil Rights if you feel we have violated your rights. We can provide you with their address. You can also file a complaint with us by using the contact information below. We will not retaliate against you for filing a complaint.

  Contact Information:
  Sanford Health Plan
  ATTN: NDPERS/Member Services
  PO Box 91110
  Sioux Falls, SD 57109-1110
  Phone: (800) 499-3416 *(toll-free)*
  TTY/TDD: (877) 652-1844 *(toll-free)*

OUR RESPONSIBILITIES REGARDING YOUR HEALTH INFORMATION

- We are required by law to maintain the privacy and security of your health information.
- We will let you know promptly if a breach occurs that may have compromised the privacy or security of your health information.
- We must follow the duties and privacy practices described in this Notice and offer to give you a copy.
- We will not use, share, or sell your information for marketing or any purpose other than as described in this Notice unless you tell us to in writing. You may change your mind at any time by letting us know in writing.

CHANGES TO THIS NOTICE

We may change the terms of this Notice, and the changes will apply to all information we have about you. The new Notice will be available upon request and on our website www.sanfordhealthplan.com/ndpers.

EFFECTIVE DATE

This Notice of Privacy Practices is effective September 23, 2013.

NOTICE OF ORGANIZED HEALTH CARE ARRANGEMENT FOR SANFORD HEALTH PLAN

Sanford Health Plan and Sanford Health Plan of Minnesota have agreed, as permitted by law, to share your health information among themselves for the purposes of treatment, payment, or health care operations. This notice is being provided to you as a supplement to the above Notice of Privacy Practices.

Security Measures for Electronic Protected Health Information

1. The Group will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of Certificate holders' electronic PHI that the Group creates, receives, maintains, or transmits on the Plan Administrator's behalf.

2. The Group will report to the Plan Administrator any attempted or successful: (1) unauthorized access, use, disclosure, modification, or destruction of Certificate holders' electronic PHI; or (2) interference with the Group's system operations in the Group's information systems, of which the Group becomes aware, except any such security incident that results in disclosure of Certificate holders' PHI not permitted by the Benefit

Plan must be reported to the Plan Administrator as required in accordance with the provisions of this Certificate, and state and federal laws.

3. The Group will support the adequate separation between the Group and the Plan Administrator, as specified in the Benefit Plan, with reasonable and appropriate security measures.

Time Periods

All periods begin and end at 12:00 A.M. local time in the city of your legal residence.

SECTION III - SCHEDULE OF BENEFITS

NDPERS – Dakota Retiree Plan

This Benefit Plan supplements Your Medicare Part A and Part B coverage by providing benefits for that portion of Medicare Cost Sharing Amounts applied to Medicare Eligible Expenses not paid by Medicare. Medicare Cost Sharing Amounts include Medicare Deductible, Coinsurance and Copayment Amounts. The benefits available under this Benefit Plan shall automatically change to coincide with any changes in the applicable Medicare Deductible, Coinsurance and Copayment Amounts. Premium may be modified to reflect such changes in the Cost Sharing Amounts.

You are entitled to the following covered services subject to the terms, conditions and limitations of this Benefit Plan.

Basic "Core" Benefits

Inpatient Hospital Services

1. The Medicare Part A Deductible Amount applied during the initial sixty (60) days of an inpatient Hospital Admission in a Benefit Period.
2. The Medicare Coinsurance Amounts applied to Medicare Eligible Expenses for days sixty-one (61) through ninety (90) of an Admission in any Benefit Period.
3. The Medicare Coinsurance Amounts applied to Medicare Eligible Expenses for Lifetime Reserve Days utilized after the ninetieth (90^{th}) day of an Admission in any Benefit Period.
4. If an Admission continues beyond the ninetieth (90^{th}) day and the Certificate holder has utilized all of the Lifetime Reserve Days, benefits will be available for Medically Necessary care up to a lifetime maximum of an additional 365 days.
5. Upon exhaustion of the Medicare hospital inpatient coverage, including the Lifetime Reserve Days, 100% coverage of the Medicare Part A eligible expenses for hospitalization paid at the rate at which Medicare was paying on the last day prior to exhaustion of Medicare hospital inpatient coverage, subject to a lifetime maximum benefit of an additional 365 days. The provider shall accept the Plan's payment as payment in full and may not bill the insured for any balance.
6. Coverage of Medicare Part A copayment/coinsurance amount for all eligible hospice care and respite care expenses.

Blood Services

1. The first three (3) pints of blood under Medicare Part A.
2. The first three (3) pints of blood and Medicare Coinsurance Amount applied under Medicare Part B.

Medicare Part B Eligible Expenses

The Medicare Coinsurance Amounts, or in the case of Hospital outpatient department services paid under a prospective payment system, the Copayment Amounts, applied to Medicare-Eligible Expenses under Medicare Part B, regardless of Hospital confinement.

Additional Benefits

1. Medicare Part A deductible: Coverage for the entire Medicare Part A inpatient hospital deductible amount for each benefit period.
2. Medicare Part B deductible: Coverage for all of the Medicare Part B deductible amounts for each calendar year regardless of hospital confinement.

Medicare Part B Excess Charges

Coverage for all of the difference (100%) between the actual Medicare Part B charge, as billed, not to exceed any charge limitation established by the Medicare program or state law, and the Medicare-approved Part B charge.

In addition to the Medicare Deductible and Coinsurance Amounts, this Benefit Plan provides benefits for the difference between the actual Medicare Part B allowed charge and the actual charge for the service as billed, not to exceed any charge limitation established by the Medicare program.

Skilled Nursing Facility Services

Coverage for the actual billed charges up to the coinsurance amount from the twenty-first (21^{st}) day through the one-hundredth (100^{th}) day in a Medicare benefit period for post-hospital skilled nursing facility care eligible under Medicare Part A. No benefits will be available if the Admission is not approved by Medicare.

Benefits for Emergency Care in a Foreign Country

Coverage to the extent not covered by Medicare for 80% of the billed charges for Medicare-eligible expenses for Medically Necessary emergency hospital, physician, and medical care received in a foreign country, if the care would have been covered by Medicare if provided in the United States and if the care began during the first sixty (60) consecutive days of each trip outside the United States, subject to a deductible for each calendar year of $250 and a lifetime maximum benefit of $50,000.

NDPERS Dakota Retiree Plan

Outline of Medicare Supplement Coverage

Plan on the best fit.

SANFORD HEALTH PLAN

Medicare Supplement

HP-0496 7/15

NDPERS Dakota Retiree Plan Medicare (Part A) Hospital Services – Per Benefit Period			
Services	**Medicare Pays**	**Dakota Retiree Plan Pays**	**You Pay**
Hospitalization [1] Semiprivate room and board, general nursing and miscellaneous services and supplies			
• First 60 days	All but $1,260	$1,260 (Part A deductible)	$0
• 61st thru 90th day	All but $315 a day	$315 a day	$0
• 91st day and after:			
- While using 60 lifetime reserve days	All but $630 a day	$630 a day	$0
• Once lifetime reserve days are used:			
- Additional 365 days	$0	100% of Medicare eligible expenses [2]	$0 [2]
- Beyond the additional 365 days	$0	$0	All costs
Skilled Nursing Facility Care [1] You must meet Medicare's requirements, including having been in a hospital for at least 3 days and entered a Medicare approved facility within 30 days after leaving the hospital			
• First 20 days	All approved amounts	$0	$0
• 21st thru 100th day	All but $157.50 a day	Up to $157.50 a day	$0
• 101st day and after	$0	$0	All costs
Blood			
• First 3 pints	$0	3 pints	$0
• Additional amounts	100%	$0	$0
Hospice Care You must meet Medicare's requirements, including a doctor's certification of terminal illness.	All but very limited copayment/ coinsurance for outpatient drugs and inpatient respite care	$0	Balance

[1] A benefit period begins on the first day you receive services as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.

[2] When your Medicare Part A hospital benefits are exhausted, the insurer stands in the place of Medicare and will pay whatever amount Medicare would have paid for up to an additional 365 days as provided in the policy's "Core Benefits." During this time, the hospital is prohibited from billing you for the balance based on any difference between its billed charges and the amount Medicare would have paid.

NDPERS Dakota Retiree Plan Medicare (Part B) Medicare Services – Per Calendar Year			
Services	**Medicare Pays**	**Dakota Retiree Plan Pays**	**You Pay**

These Are Some Items Not Covered

- Services that are experimental or investigative in nature or that are not medically necessary as determined by Medicare.
- Services received prior to the effective date of your benefit plan.
- Services when benefits are provided by any governmental unit or social agency except Medicaid or when payment has been made under Medicare Part A or Part B.
- Outpatient prescription drugs, unless eligible under Medicare.
- Custodial care provided in a hospital or by a home health agency.
- Surgery to improve appearance.
- Services, treatments or supplies that are not a Medicare eligible expense.

Notice

This Policy may not fully cover all of your medical costs.

This outline of coverage does not give all the details of Medicare coverage. Contact your Social Security Office or consult "*The Medicare and You Handbook*" for more details.

Neither Sanford Health Plan nor its agents are connected with Medicare.

Exhibit B
Health Plan Performance Guarantees

Performance Standards and Guarantees for the Biennium

Criteria	Value of Forfeiture
By December 31, 2015, 10% of NDPERS members have completed a Health Risk Assessment	$15,000
By December 31 2016, NDPERS will have a 5% point increase in the NDPERS group aggregate HRA wellness score.	$10,000
By December 31, 2015, 10% of NDPERS members will have created a myHealthPlan account where they can access our beWell Health Management Tool and the incentive program.	$7,500
By July 1, 2016 annual percentage average of NDPERS members receiving the Health Club Credit will meet the 2014 annual NDPERS rate.	$7,500
By July 1, 2016, 30% of the NDPERS population will be enrolled in a medical home.	$15,000
HEDIS-like measures breast cancer screening rates will be at least 80%	$15,000
HEDIS-like measures cervical cancer screening rates will be at least 85%	$15,000
HEDIS-like measures colorectal cancer screening rates will be at least 60%	$15,000
Amount incorporates a requested increase from the current level. By Dec. 31st, 2015 SHP will maintain an NDPERS PPO network consisting of 85% or more of the in-state hospitals, MDs and DOs that participate in the Company's Par Network.	$75,000
SHP guarantees NDPERS a minimum provider discount from in-network providers (1-(Allowed/Billed)) of 30% for Non-Medicare contracts.	$140,000
Claims Financial Accuracy will be 99% or greater	$25,000
Claims Payment incidence Accuracy will be 97% or greater	$25,000
Claim Timeliness – clean claims processing within 30 calendar days will be 99% or greater	$25,000
Average Speed of Answer will be 45 seconds or less	$25,000
Abandoned rate will be 7% or less	$25,000
The interest rate utilized currently is based on the US Treasury Notes quoted by the Wall Street Journal	$50,000
100% of Rx rebates will be passed-through to NDPERS	$10,000
Grand Total	**$500,000**

Forfeiture values are over the entire biennium and forfeitures will be paid within 30 days of failure to meet standard.

Exhibit E

Pharmacy Disease Management Program Obligations

PHARMACY DISEASE MANAGEMENT PROGRAM
TERMS

WHEREAS, during the 2007 North Dakota legislative session, House Bill 1433 was passed and enacted into law. House Bill 1433 allows pharmacists and other qualified North Dakota health care providers to provide "disease state management" (DSM) to North Dakota public employees that suffer from chronic diseases and specifically have diabetes; and

WHEREAS, The North Dakota Pharmacy Service Corporation wants to offer a disease state management program of diabetes through delivery of services and support to individual North Dakota public employees (NDPERS Members) that have a chronic disease identified as diabetes (Type 1 or Type 2). To this end, the North Dakota Pharmacy Service Corporation desires to implement a program to increase access to health care, redefine how services are delivered, increase the participants' knowledgebase regarding their disease, increase the quality of life for participants, improve overall health status and medication adherence for their participants, and reduce health care costs on multiple levels for numerous interest groups; and

WHEREAS, the North Dakota Pharmacy Service Corporation in collaboration with the North Dakota Pharmacists Association, the North Dakota Society of Health-System Pharmacists, and North Dakota State University College of Pharmacy, Nursing and Allied Sciences, proposed an acting model to extend such disease management program to NDPERS Members; and

WHEREAS, NDPERS is interested in offering the services proposed by the acting model to NDPERS Members and reimbursing the North Dakota Pharmacy Service Corporation for the costs of administering this program out of the NDPERS reserve fund currently held in trust by SHP; and

WHEREAS, as it relates to this acting model diabetes disease management program, NDPERS is desirous of entering into The terms hereof to sponsor and extend the disease management program with SHP to administer certain facets of the program on behalf of NDPERS, including certain reporting requirements, program promotion, and cost reconciliation for the administration of the program based on the responsibilities of SHP in relation to its management of the NDPERS group health plan and the program objectives for monitoring and containing health care; and

WHEREAS, because SHP is contracted with NDPERS to provide health care benefits to NDPERS Members, NDPERS has determined that SHP is best positioned to act as its agent in the administration of the diabetes disease management program.

NOW, WHEREFORE, in recognition of the mutual promises herein contained and for other good and valuable consideration hereby acknowledged by the parties hereto, NDPERS and SHP agree to the following.

I. RECOGNIZING THE PHARMACY DISEASE MANAGEMENT PROGRAM.

SHP acknowledges and agrees that it has reviewed the diabetes disease management program established through the enactment of House Bill 1433 and that the program as outlined provides services consistent with the wellness initiative reflected in the Administrative Services Agreement between SHP and NDPERS. SHP agrees that this program should remain in force through the next biennium.

II. TERM.

The terms relating to the program shall begin on July 1, 2015, and shall extend to June 30, 2017.

III. SCOPE OF PROGRAM.

The duties and responsibilities of SHP in furtherance of the diabetes disease management program as outlined herein shall be limited in nature as specifically set forth herein.

IV. FEES.

As a result of the responsibilities assigned to SHP under the terms of The terms hereof, SHP shall be paid a program promotion fee equal to its actual costs for its development and implementation of a plan to promote the diabetes disease management program contemplated through The terms hereof.

V. REPORTING. SHP agrees to provide the following reports:

A. Covered Drug List. A covered drug list with established criteria related to drugs by class.

B. NDPERS Member Eligibility List. A database to identify those NDPERS Members who appear to be eligible for the diabetes disease management program based on criteria developed and provided by NDPERS and/or its vendor, and on a monthly basis track those NDPERS Members eligible for the diabetes disease management program during the term of The terms hereof.

C. Co-Pay Report. A quarterly co-pay report that NDPERS and/or its vendor can use to reconcile appropriate co-pays incurred by eligible NDPERS Members to facilitate incentive payments under the diabetes disease management program, including coinsurance for diabetic testing supplies. SHP agrees to work with NDPERS to develop a reporting format that can be used by NDPERS and/or its vendor in administering the diabetes disease management program.

VI. PROMOTION.

Upon request and subject to approval by the NDPERS Board of Directors, SHP will provide promotional support for the diabetes disease management program services which may include but not be limited to agency notes, paycheck stuffers, e-mail notices, posters, and notices to home addresses to be distributed at periodic intervals throughout the term of The terms hereof. SHP shall be reimbursed its costs for these promotional activities and materials.

VII. PAYMENT RECONCILIATION.

Program costs such as provider payments, copay/coinsurance reimbursements and promotional charges are funded through the NDPERS Programs Cash Reserve Account maintained by SHP after authorization from NDPERS.

Exhibit F

Tobacco Cessation Program Obligations

TOBACCO CESSATION PROGRAM TERMS

WHEREAS, as it relates to this appropriation, the Department of Health has determined that NDPERS is to sponsor this tobacco cessation program based on its responsibilities related to the management of the group health plan and the program objectives for monitoring and containing health care; and

WHEREAS, because SHP is contracted with NDPERS to provide health care benefits to NDPERS Members, NDPERS has determined that SHP is to act as the administrator of the tobacco cessation program.

NOW, WHEREFORE, in recognition of the mutual promises herein contained and for other good and valuable consideration hereby acknowledged by the parties hereto, NDPERS and SHP agree to the following.

I. RECOGNIZING THE TOBACCO CESSATION PROGRAM.

SHP acknowledges and agrees that it has reviewed the tobacco cessation program grant documents and that the program as outlined in the grant documents provides services consistent with the wellness initiative reflected in the Administrative Services Agreement between SHP and NDPERS.

II. TERM.

The terms relating to the program shall begin on July 1, 2015, and shall extend to June 30, 2016.

III. SCOPE OF PROGRAM.

The tobacco cessation program as outlined herein shall be made available to eligible Members as determined by the NDPERS Board, together with their eligible family members that are at least 18 years of age. An estimate of the total number of eligible employees and family members and those anticipated will participate are outlined in the grant documents.

IV. BENEFITS AVAILABLE.

Tobacco Cessation Benefits pursuant to this TCP Agreement are as follows:

- $200.00 per Member/per Benefit Period for office visits and/or Department of Health-approved counseling services if the provider charges for these services.
- $500.00 per Member/per Benefit Period for prescription drugs and over-the-counter drugs prescribed for tobacco cessation.
- $700.00 is the total amount of expenses available per Member/per Benefit Period under the program.

Each participant is eligible to participate in the tobacco cessation program for a maximum benefit of $700.00 for each 6-month period hereunder.

All funds shall be billed by and paid directly to SHP. NDPERS will not charge any fees to the tobacco cessation program nor will it administer any funds for the program.

SHP shall reimburse providers monthly based on the paper billings submitted by those providers. SHP will then submit the total claims received for reimbursement to the Department of Health on a monthly basis. Funds shall be allocated on a first come first serve basis until all available funds are exhausted. Reimbursement shall be made to SHP on a monthly basis based on actual costs accrued by local providers for services provided to eligible state employees and family members plus the administrative fee paid to SHP up to a total maximum amount of $35,000.00.

A Member is eligible to participate in the tobacco cessation program during each of two separate benefit periods as follows. All members must enroll by April 30, 2016.

07/01/2015 through 12/31/2015

01/01/2016 through 06/30/2016

The tobacco cessation program shall provide a combination of counseling to include initial assessment, physician office visit, nicotine replacement therapy, and prescription medication, if indicated, and follow-up support counseling as necessary by individual, group or telephone.

Re-treatment shall be made available within 6 months and will be the responsibility of the counseling program with reimbursement available on the same basis as during any initial treatment phase.

V. FEES.

As a result of the responsibilities assigned to SHP under the terms of the grant documents and hereunder, SHP shall be paid an administrative fee for administering the tobacco cessation program that shall be equal to nine percent (9%) of claims paid to providers to pay costs incurred by SHP as program administrator and granting entity. For example, if total claims submitted by the providers are $60,000.00, SHP will add a 9% administration fee for a total of $5,400.00.

VI. REPORTING.

SHP agrees to provide the following reports:

- Track each patient receiving therapy and level of therapy based on claims data.
- Report every six months to the NDPERS and Department of Health program results and participation rates.

- Work with an independent outside evaluator to evaluate program. Any administrative costs associated with collaborating with the outside consultant in evaluating the program would be borne by the program.

Exhibit G

Wellness Benefit Program Obligations

WELLNESS BENEFIT PROGRAM TERMS

WHEREAS, the state of North Dakota, acting through NDPERS, and SHP, in an effort to create healthier lifestyles for NDPERS Members and to help contain health care costs, desire to promote, support and sponsor health and wellness initiatives; and

WHEREAS, NDPERS and SHP have agreed to administer a Wellness Benefit Program related to health and wellness promotion for NDPERS Members; and

WHEREAS, the Wellness Benefit Program anticipates there will be costs and fees associated with supporting such health and wellness programs provided to NDPERS Members and to be administered through this agreement with SHP.

NOW, WHEREFORE, in recognition of the mutual promises herein contained and for other good and valuable consideration hereby acknowledged by the parties hereto, NDPERS and SHP agree to the following.

I. TERM.

The terms relating to the program shall begin on July 1, 2015, and shall extend to June 30, 2017.

II. FUNDING.

The parties acknowledge, understand and agree that funding for the benefits and services of the program shall be taken from the NDPERS Programs Cash Reserve Account maintained by SHP.

NDPERS agrees to pay costs associated with the benefits and services extended hereunder to SHP.

Program related activities will be reimbursed based on the following schedule:

Calculation 1: 100% of the first $500 or actual program expenses, whichever is less, plus 75% of actual expenses in excess of $500 to a maximum benefit of $1,000,

OR

Calculation 2: $2.00 multiplied by the number of health contracts.

The Wellness Committee will use the calculation that provides the best benefit to the state agency or political subdivision based on actual program expenses. The state agency or political subdivision will be responsible for expenses that exceed the maximum benefit allowed under either calculation method.

The parties acknowledge, understand and agree that the fees and charges provisions of the foregoing Administrative Services Agreement, including fees set forth for various wellness programs as approved and funded, are subject to specific funding provisions as set forth between the parties and as available, and are not subject to the final accounting provisions contained in Sections 7.2, 7.3 and 7.4.

III. OTHER TERMS AND CONDITIONS.

Applications for approval of benefits and services under the Wellness Benefit Program shall be submitted to the Bismarck NDPERS office to the attention of the Wellness Benefit Program Manager by each agency interested in establishing such a program.

A Wellness Committee shall be established to review any such applications submitted. The Wellness Committee shall be comprised of: two (2) NDPERS staff members, and one (1) SHP staff member. Upon appointment, the Wellness Committee shall establish criteria to ensure a uniform basis upon which it may grant or deny each agency application. Wellness benefits or healthy lifestyle programs, such as smoking cessation, nutrition, exercise, stress management, weight control, wellness education and the number of people affected by each program will be taken into consideration and shall be part of the criteria established by the Wellness Committee.

The applying agency will be notified by the Wellness Committee of the approval or denial of the proposed program.

Funds may either be distributed directly to the applying agency or, preferably, paid directly to the vendor providing said service or facilitating said Wellness Benefit Program.

All funds distributed shall be for Wellness Benefit Programs completed within the current 2015-2017 biennium budget.

Funds are available for agency group activities only and will not be available to specific individuals or to fund specific individual memberships in diet programs or health, athletic or fitness clubs.

Applying agencies that receive funds for a Wellness Benefit Program are required to submit to the Wellness Committee an evaluation of the sponsored program after its completion. The Wellness Committee will communicate an outline of the program funded and an evaluation of said program to all state agencies and encourage participation in those programs showing positive results in wellness and healthy lifestyle habits.

Exhibit H

Form of Business Associate Agreement

Business Associate Agreement

(Revised 10-2013)

This Business Associate Agreement, which is an addendum to the underlying contract, is entered into by and between, the North Dakota Public Employees Retirement System ("NDPERS") and the **Sanford Health Plan, 300 Cherapa Place, Suite 201 PO Box 91110, Sioux Falls, SD 57109-1110.**

1. Definitions

a. Terms used, but not otherwise defined, in this Agreement have the same meaning as those terms in the HIPAA Privacy Rule, 45 C.F.R. Part 160 and Part 164, Subparts A and E, and the HIPAA Security rule, 45 C.F.R., pt. 164, subpart C.
b. Business Associate. "Business Associate" means the **Sanford Health Plan.**
c. Covered Entity. "Covered Entity" means the **North Dakota Public Employees Retirement System Health Plans**.
d. PHI and ePHI. "PHI" means Protected Health Information; "ePHI" means Electronic Protected Health Information.

2. Obligations of Business Associate.

2.1. The Business Associate agrees:

a. To use or disclose PHI and ePHI only as permitted or required by this Agreement or as Required by Law.
b. To use appropriate safeguards and security measures to prevent use or disclosure of the PHI and ePHI other than as provided for by this Agreement, and to comply with all security requirements of the HIPAA Security rule.
c. To implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of ePHI that it creates, receives, maintains or transmits on behalf of the Covered Entity as required by the HIPAA Security rule.
d. To mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of PHI or ePHI by Business Associate in violation of the requirements of this Agreement.
e. To report to Covered Entity (1) any use or disclosure of the PHI not provided for by this Agreement, and (2) any "security incident" as defined in 45 C.F.R. § 164.304 involving ePHI, of which it becomes aware without unreasonable delay and in any case within thirty (30) days from the date after discovery and provide the Covered Entity with a written notification that complies with 45 C.F.R. § 164.410 which shall include the following information:
    i. to the extent possible, the identification of each individual whose Unsecured Protected Health Information has been, or is reasonably believed by the Business Associate to have been, accessed, acquired or disclosed during the breach;
    ii. a brief description of what happened;
    iii. the date of discovery of the breach and date of the breach;
    iv. the nature of the Protected Health Information that was involved;

v. identify of any person who received the non-permitted Protected Health Information;
vi. any steps individuals should take to protect themselves from potential harm resulting from the breach;
vii. a brief description of what the Business Associate is doing to investigate the breach, to mitigate harm to individuals, and to protect against any further breaches; and
viii. any other available information that the Covered Entity is required to include in notification to an individual under 45 C.F.R. § 164.404(c) at the time of the notification to the State required by this subsection or promptly thereafter as information becomes available.

f. With respect to any use or disclosure of Unsecured Protected Health Information not permitted by the Privacy Rule that is caused by the Business Associate's failure to comply with one or more of its obligations under this Agreement, the Business Associate agrees to pay its reasonable share of cost-based fees associated with activities the Covered Entity must undertake to meet its notification obligations under the HIPAA Rules and any other security breach notification laws;
g. Ensure that any agent or subcontractor that creates, receives, maintains, or transmits electronic PHI on behalf of the Business Associate agree to comply with the same restrictions and conditions that apply through this Agreement to the Business Associate.
h. To make available to the Secretary of Health and Human Services the Business Associate's internal practices, books, and records, including policies and procedures relating to the use and disclosure of PHI and ePHI received from, or created or received by Business Associate on behalf of Covered Entity, for the purpose of determining the Covered Entity's compliance with the HIPAA Privacy Rule, subject to any applicable legal privileges.
i. To document the disclosure of PHI related to any disclosure of PHI as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528.
j. To provide to Covered Entity within 15 days of a written notice from Covered Entity, information necessary to permit the Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528.
k. To provide, within 10 days of receiving a written request, information necessary for the Covered Entity to respond to an Individual's request for access to PHI about himself or herself, in the event that PHI in the Business Associate's possession constitutes a Designated Record Set.
l. Make amendments(s) to PHI in a designated record set as directed or agreed by the Covered Entity pursuant to 45 C.F.R. § 164.526 or take other measures as necessary to satisfy the covered entity's obligations under that section of law.

3. Permitted Uses and Disclosures by Business Associate

3.1. General Use and Disclosure Provisions

Except as otherwise limited in this Agreement, Business Associate may Use or Disclose PHI and ePHI to perform functions, activities, or services for, or on behalf of, Covered Entity, provided that such use or disclosure would not violate the Privacy Rule or the Security Rule if done by Covered Entity or the minimum necessary policies and procedures of the Covered Entity.

3.2. Specific Use and Disclosure Provisions

Except as otherwise limited in this Agreement, Business Associate may use PHI and ePHI:

a. For the proper management and administration of the Business Associate, provided that disclosures are Required By Law, or Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and used or further disclosed only as Required By Law or for the purpose for which it was disclosed to the person, and the person notifies the Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached.
b. To provide Data Aggregation services to Covered Entity as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B), but Business Associate may not disclose the PHI or ePHI of the Covered Entity to any other client of the Business Associate without the written authorization of the covered entity Covered Entity.
c. To report violations of law to appropriate Federal and State authorities, consistent with 45 C.F.R. §§ 164.304 and 164.502(j)(1).

4. Obligations of Covered Entity

4.1. Provisions for Covered Entity to Inform Business Associate of Privacy Practices and Restrictions

Covered Entity shall notify Business Associate of:

a. Any limitation(s) in its notice of privacy practices of Covered Entity in accordance with 45 C.F.R. § 164.520, to the extent that any such limitation may affect Business Associate's use or disclosure of PHI.
b. Any changes in, or revocation of, permission by an Individual to use or disclose PHI, to the extent that any such changes may affect Business Associate's use or disclosure of PHI.
c. Any restriction to the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 C.F.R. § 164.522, to the extent that any such restriction may affect Business Associate's use or disclosure of PHI.

4.2. Additional Obligations of Covered Entity. Covered Entity agrees that it:

a. Has included, and will include, in the Covered Entity's Notice of Privacy Practices required by the Privacy Rule that the Covered Entity may disclose PHI for Health Care Operations purposes.

b. Has obtained, and will obtain, from Individuals any consents, authorizations and other permissions necessary or required by laws applicable to the Covered Entity for Business Associate and the Covered Entity to fulfill their obligations under the Underlying Agreement and this Agreement.

c. Will promptly notify Business Associate in writing of any restrictions on the Use and Disclosure of PHI about Individuals that the Covered Entity has agreed to that may affect Business Associate's ability to perform its obligations under the Underlying Agreement or this Agreement.

d. Will promptly notify Business Associate in writing of any change in, or revocation of, permission by an Individual to Use or Disclose PHI, if the change or revocation may affect Business Associate's ability to perform its obligations under the Underlying Agreement or this Agreement.

4.2. Permissible Requests by Covered Entity

Covered Entity may not request Business Associate to use or disclose PHI in any manner that would not be permissible under the Privacy Rule or the Security Rule if done by Covered Entity, except that the Business Associate may use or disclose PHI and ePHI for management and administrative activities of Business Associate.

5. Term and Termination

a. Term. The Term of this Agreement shall be effective as of March 3, 2015, and shall terminate when all of the PHI and ePHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy PHI and ePHI, protections are extended to any such information, in accordance with the termination provisions in this Section.
b. Automatic Termination. This Agreement will automatically terminate upon the termination or expiration of the Underlying Agreement.
c. Termination for Cause. Upon Covered Entity's knowledge of a material breach by Business Associate, Covered Entity shall either:
    1. Provide an opportunity for Business Associate to cure the breach or end the violation and terminate this Agreement and the Underlying Agreement if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity;
    2. Immediately terminate this Agreement and the Underlying Agreement if Business Associate has breached a material term of this Agreement and cure is not possible; or
    3. If neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.
d. Effect of Termination.
    1. Except as provided in paragraph (2) of this subsection, upon termination of this Agreement, for any reason, Business Associate shall return or destroy all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to PHI and ePHI that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies of the PHI or ePHI.
    2. In the event that Business Associate determines that returning or destroying the PHI or ePHI is not feasible, Business Associate shall provide to Covered Entity notification of the conditions that make return or destruction infeasible. Upon explicit written agreement of Covered Entity that return or destruction of PHI or ePHI is not feasible, Business

Associate shall extend the protections of this Agreement to that PHI and ePHI and limit further uses and disclosures of any such PHI and ePHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains that PHI or ePHI.

6. Miscellaneous

a. Regulatory References. A reference in this Agreement to a section in the HIPAA Privacy or Security Rule means the section as in effect or as amended.
b. Amendment. The Parties agree to take such action as is necessary to amend this Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the Privacy Rule, the Security Rule, and the Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191.
c. Survival. The respective rights and obligations of Business Associate under Section 5.c, related to "Effect of Termination," of this Agreement shall survive the termination of this Agreement.
d. Interpretation. Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy and Security Rules.
e. No Third Party Beneficiaries. Nothing express or implied in this Agreement is intended to confer, nor shall anything this Agreement confer, upon any person other than the parties and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.
f. Applicable Law and Venue. This Business Associate Agreement is governed by and construed in accordance with the laws of the State of North Dakota. Any action commenced to enforce this Contract must be brought in the District Court of Burleigh County, North Dakota.
g. Business Associate agrees to comply with all the requirements imposed on a business associate under Title XIII of the American Recovery and Reinvestment Act of 2009, the Health Information Technology for Economic and Clinical Health (HI-TECH) Act, and, at the request of NDPERS, to agree to any reasonable modification of this agreement required to conform the agreement to any Model Business Associate Agreement published by the Department of Health and Human Services.

7. Entire Agreement

This Agreement contains all of the agreements and understandings between the parties with respect to the subject matter of this Agreement. No agreement or other understanding in any way modifying the terms of this Agreement will be binding unless made in writing as a modification or amendment to this Agreement and executed by both parties.

IN WITNESS OF THIS, **NDPERS** [CE] and **Sanford Health Plan** [BA] agree to and intend to be legally bound by all terms and conditions set forth above and hereby execute this Agreement as of the effective date set forth above.

Request for Proposal

Fully Insured Group Medical
and
Prescription Drug Coverage

July 9, 2014

Proposals Due:
By 5:00 p.m. CT
September 4, 2014

Key Information

Objective

North Dakota Public Employees Retirement System ("NDPERS") is soliciting proposals for the insurance and administration of its employee/retiree medical and prescription drug insurance plan, with a July 1, 2015 effective date. Medical insurance responses are required for the fully-insured financial arrangement as described in this RFP. Proposals will be accepted from insurance companies that are capable of offering a statewide provider network, utilization management, disease management, wellness program and pharmacy benefit manager services along with other related services.

This is the first of two RFP's relating to the NDPERS group insurance plan. This first RFP is for a fully insured plan arrangement and is for a six year contract arrangement with renewals each two years (see contract term discussion). A second RFP requesting proposals for self-insured administration will be distributed in August. The Prescription Drug Plan ("PDP"), however, will have a contract date beginning January 1, 2016 to December 31, 2018.

The PERS Board will determine which funding approach it will implement based on the results of both RFPs.

Background

NDPERS is responsible for the administration of the State of North Dakota's Retirement, Health, Life, Deferred Compensation, FlexComp, and Retiree Health Credit programs. In addition, cities, counties, schools and other political subdivisions of the state participate at their option. NDPERS also administers three voluntary insurance programs: a group dental, vision, and long-term care program. Approximately 23,000 active employees and 8,000 retirees are eligible to participate in these plans.

NDPERS reserves the right to select the health plan proposals that best fit its needs and the needs of its eligible employees/retirees. NDPERS has retained Deloitte Consulting LLP ("Deloitte Consulting") to assist with the RFP process.

Currently Blue Cross Blue Shield of North Dakota ("BCBSND") insures the medical and prescription drug plan under a fully-insured arrangement with some risk sharing provisions.

In determining which bid, if any, will best serve the interests of eligible employees/retirees and the state, the NDPERS and its Board shall give adequate consideration to the following factors:

1. The economy to be affected.
2. The ease of administration.
3. The adequacy of the coverages.
4. The financial position of the carrier, with special emphasis as to its solvency.
5. The reputation of the carrier and any other information that is available tending to show past experience with the carrier in matters of claim settlement, underwriting, and services.

Proposed Timetable

The timeline is provided below for informational purposes. NDPERS reserves the right to change the dates. Every effort will be made to notify vendors of changes to the proposed timeline.

Activity	Date/Time (All Times in CT)
NDPERS publishes Request for Proposal (RFP)	July 9, 2014
Vendor questions (in writing) due	July 25, 2014 (5 pm)
NDPERS distributes answers to vendors' questions	August 4, 2014
Proposals due	**September 4, 2014 (5 pm)**
Finalist presentations (if requested)	TBD
NDPERS notifies finalist of intent to negotiate	TBD December 2014
Contractor and NDPERS complete negotiations	TBD Jan/Feb 2015
Contractor and NDPERS begin implementation	March 2015
Contractor(s) begins providing services	July 1, 2015

Note:

From the date of issuance until the announcement of the finalist(s), vendors may contact only the RFP Coordinator. All correspondence and questions must be submitted in writing via e-mail to the RFP Coordinator in accordance with the timeline set forth in this RFP. NDPERS personnel are not authorized to discuss this RFP with vendors; doing so may result in disqualification. Vendors may continue to communicate with NDPERS staff regarding other relevant business matters.

I. Overview of the NDPERS Program

NDPERS

North Dakota Public Employees Retirement System (NDPERS) is a separate agency created under North Dakota state statute, and while subject to state budgetary controls and procedures, as are all state agencies, is not a state agency subject to direct executive control. NDPERS is managed by a Board comprised of seven members:

- Chairman – appointed by the Governor
- Member – appointed by the Attorney General
- Member – elected by retirees
- Members (3) – elected by active employees
- State Health Officer or Designee

Dakota Plan

Currently, NDPERS contracts with Blue Cross/Blue Shield of North Dakota ("BCBSND") to provide fully-insured health care coverage with a risk sharing agreement. If incurred claims plus expenses are more than premiums during the biennium, 50% of the first $6,000,000 is refunded to BCBSND. If incurred claims plus expenses are less than premiums plus interest during the biennium, BCBSND retains 50% of the first $3,000,000 of surplus and any remaining funds are returned to NDPERS. Prior to July 1, 1989, the program was self-insured. The plans provided pursuant to this fully funded arrangement are:

- PPO/Basic – Grandfathered plan
- PPO/Basic – Non grandfathered plan
- HDHP/HSA Plan – Non grandfathered
- Dakota Retiree Plan including Prescription Drug Program (PDP)

PPO

PPO stands for "Preferred Provider Organization" and is a group of hospitals, clinics, and physicians who have agreed to discount their services to members of NDPERS. Members have "freedom of choice" in selecting which physician or medical facility to use for services. Because PPO health care providers charge less for medical care services, cost savings are passed on to the members by way of reduced cost sharing amounts. The PPO discount NDPERS receives is in addition to the BCBSND negotiated reimbursement schedule with participating professional service providers in North Dakota. The present NDPERS PPO network discounts are not transferable and would need to re-negotiated by a new vendor.

Basic Plan

If a PPO health care provider is not available in the member's area, or if the member chooses or is referred to a health care provider not participating in the Preferred Provider Organization, the member will receive the Basic Plan benefits.

High Deductible Health Plan (HDHP)

In addition to the PPO / Basic Plans, NDPERS offers eligible participants the option to enroll in a

high-deductible health plan (HDHP) through BCBSND, with a Health Savings Account (HSA) administered by Discovery Benefits. The HDHP/HSA option has a higher annual deductible and larger out-of-pocket cost for medical services. However, the higher out-of-pocket costs are partially offset by an employer contribution to the HSA. For the 7/1/13-6/30/14 plan year the NDPERS annual HSA contributions are: $728.88 for single coverage and $1,764.00 for family coverage. NDPERS members enrolled in the HDHP/HSA options are eligible to participate in BCBSND's HealthyBlue and Health Club Credit wellness programs, and may earn the same rewards available to NDPERS members enrolled in the Dakota PPO/Basic plan.

Coverage Rules: When Coverage Begins & Eligibility

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment. Each eligible employee may elect to enroll his/her eligible dependents.

Eligible employees include:

- State employees or employees of participating Political Subdivisions first employed prior to August 1, 2013 who are at least eighteen (18) years of age and whose services are not limited in duration, who are filling an approved and regularly funded position, and who are employed at least 17 and one-half hours per week and at least five months each year;

- State employees first employed after August 1, 2013, who are employed at least twenty (20) hours per week and at least twenty weeks each year of employment are eligible to receive benefits; and

- A temporary employee employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made prior to and they are participating in the uniform group insurance program as of January 1, 2015. A temporary employee employed on or after August 1, 2007, is only eligible to participate in the uniform group insurance program if the employee is employed at least twenty hours per week and at least twenty weeks each year of employment and elected to participate prior to, and is participating in the uniform group insurance program as of January 1, 2015. A temporary employee first employed on or after January 1, 2015, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, is eligible to participate in the uniform group insurance program only if the employee meets the definition of a full-time employee under section 4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)].

- An eligible dependent includes the eligible employee's spouse under a legally existing marriage between persons of the opposite sex, the employee's or the employee's living, covered spouse's children under the age of 26 years. Children are considered under age 26 until the end of the month in which the child becomes 26 years of age. The term child or children includes:

1. Children physically placed with the employee for adoption or whom the employee or the employee's living, covered spouse has legally adopted.

2. Children living with the employee for whom the employee or the employee's living, covered spouse has been appointed legal guardian by court order.

3. The employee's grandchildren or those of the employee's living, covered spouse if: (a) the parent of the grandchild is unmarried, (b) the parent of the grandchild is covered under this Benefit Plan and (c) both the parent and the grandchild are primarily dependent on the employee for support. If a lapse in coverage occurs due to ineligibility of the parent under this Benefit Plan, the grandchild cannot be reenrolled unless the employee has been appointed legal guardian.

4. Children for whom the employee or the employee's living, covered spouse are required by court order to provide health benefits.

5. Children beyond the age of 26 who are incapable of self-support because of intellectual disability or physical handicap that began before the child attained age 26 and who are primarily dependent on the employee or the employee's spouse for support. Coverage for such a disabled child will continue for as long as the child remains unmarried, disabled and the employee's dependent for federal income tax purposes. The employee may be asked periodically to provide evidence satisfactory to BCBSND of these disabilities.

Retiree Eligibility

Retirees or surviving spouses who are under age 65 and are receiving a retirement allowance from the Public Employees Retirement System, the Highway Patrol Retirement System, the Teachers Insurance and Annuity Association College Retirement Equities Fund (TIAA-CREF), the Job Service Retirement Plan, the Teachers' Fund for Retirement (TFFR), or retirees who have accepted a retirement allowance from a participating political subdivision's retirement plan are eligible for benefits. However beginning July 1, 2015 all new Pre-Medicare retirees after that date will only be eligible for COBRA coverage. The pre-Medicare plan will no longer be available to retirees after that date. Pre-Medicare retirees who retiree before that date will continue to be eligible and may participate.

The Non-Medicare retiree single rate is 150% of the active member single rate; the rate for a non-Medicare retiree plus one is twice the non-Medicare single rate, and the rate for a non-Medicare retiree plus two or more dependents is two and one-half times the non-Medicare retiree single rate.

Detailed information regarding current eligibility for dependents for the Dakota Plan can be found in the 2013-2014 Summary of Benefits at http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-actives.pdf.

Dakota Retiree Plan

Employees who retire have the option to continue insurance coverage through NDPERS. The Dakota Retiree Plan provides health care coverage as a secondary payer to Medicare. Coverage for Medicare retirees is different than the coverage for non-Medicare retirees. The PERS Medicare retiree plan is identical to a Medicare supplement Plan F. Each eligible

retiree may elect to enroll his/her eligible dependents as described in the *Eligibility* section above. The prescription drug benefit for retirees is provided through a group Prescription Drug Program (PDP) on a calendar year basis.

Detailed information regarding current eligibility for dependents for the Dakota Plan can be found in the 2013-2014 Summary of Benefits at http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-retirees.pdf

Pharmacy Benefit Manager

Currently, the prescription drug plan coverage for active and non-Medicare retirees is bundled with the medical plan provided by BCBSND who provides the core pharmacy benefit functions and services including claims processing, pharmacy network development/maintenance, drug formulary design, clinical program management, mail service, and specialty pharmacy except the Rx plan for Medicare eligible members. The plan for Medicare eligible members is identical in terms of plan provisions (out of pocket expenses) except this coverage is provided separately through a qualified PDP. Consequently, differences do exist in terms of the formulary and other such items. The PDP contract is on a calendar year basis.

Data Warehouse

NDPERS maintains a health care data warehouse. The medical records and related data of the employees, retirees, and dependents, obtained as the result of enrollment in the uniform group insurance program, are the property of the Public Employees Retirement System (Century Code Statute 54-52.1-12). Currently the health plan provides raw data, including detailed claims and enrollment data sets, based on a mutually agreed upon format no less than monthly for the data warehouse repository. All administrators are expected to submit claims and enrollment data, in an agreed upon format.

Reporting Requirements

All monthly reports should be done for each plan offered (e.g. Grandfathered PPO, Non-Grandfathered PPO, HDHP, etc.) and should also roll up to an annual, aggregate report. NDPERS requires vendors to provide reporting which includes, but is not limited to the following.

1. Monthly enrollment counts by plan. (Exhibit 18)

2. Yearly breakdown, by plan of membership, high dollar cases, claims, medical charges submitted, ineligible charges, provider discounts, COB savings, copayments, deductibles and coinsurance paid by participants and final paid claims. (Exhibit 5)

3. Annual policy accounting statement including claim reserves.

4. Quarterly summary to include financial/trend analysis, membership and health utilization summary, high dollar claims, RX and specialty spending and payment trend, health management and wellness program key indicators, performance standards and guarantees measures and accounting of completed and ongoing activities. (Exhibit 4)

5. Monthly experience report of premium, administration, interest, paid claims, Incurred But Not Reported (IBNR), refunds, reserves, and payments paid to date and projected through biennium.

Each vendor must:

1. Provide NDPERS with claims specific data on a monthly basis on compact disc or other agreed upon medium. This information shall be in a format acceptable to NDPERS and subject to all federal and state laws on confidentiality and open records.

2. Carry over any deductible and or coinsurance amounts incurred from January 1 to June 30, of the prior contract period.

3. Be able to provide upon request annual accounting of HSA accounts, including the following information:

   a. Year end balances
   b. Number (and value) of eligible expense withdrawals
   c. Number (and value) of non-eligible expense withdrawals.

4. Provide Biennial close-out report

   In addition to the above plan wide reporting, the successful vendor will provide plan specific reporting as requested for the following:

   - PPO/Basic – grandfathered plan
   - PPO/Basic – Non grandfathered plan
   - HDHP/HSA Plan – Non grandfathered
   - Dakota Retiree Plan including PDP

   Also please note NDCC 54-52.1-12 which applies to all information the vendors acquire relating to NDPERS.

Funding

Currently NDPERS contracts with BCBSND to provide its health care coverage on a fully-insured basis with a risk sharing arrangement. BCBSND maintains full liability for incurred claims in excess of paid premium (no deficit carryover) subject to a risk corridor. All funds in the account get interest paid each month based upon the yield to maturity of US Treasury Notes maturing 24 months hence. Contractor shall identify the rate they propose to use in their proposal.

Risk Sharing Arrangements

A risk sharing arrangement is currently in place with BCBSND. If incurred claims plus expenses are more than premiums during the biennium, 50% of the first $6,000,000 is refunded to BCBSND. If incurred claims plus expenses are less than premiums plus interest during the biennium, BCBSND retains 50% of the first $3,000,000 of surplus. Any additional surplus is returned to NDPERS with interest. The interest rate shall be based on the US Treasury Notes quoted by the Wall Street Journal. NDPERS is requesting a similar or enhanced risk share arrangement for all quotes.

Performance Standards and Guarantees

The current health plan administrators adhere to agreed-upon performance standards and guarantees with a financial incentive/forfeiture component that is negotiated each biennium as part of the renewal process. The settlement/payment for such incentive/forfeiture is included in the annual settlement process. See appendix H for a copy of these performance standards and guarantees. You are required to offer your performance standards and guarantees for the board's consideration using appendix H. It is a priority for the board to have a comprehensive set of standards and guarantees relating to this plan.

Current Annual Settlement and Reconciliation

Within 31 days of 12 months after the end of the biennium NDPERS requires an accounting summary which will result in an initial settlement of the biennium agreement. Within 31 days of 24 months after the end of the biennium BCBSND provides an accounting summary which will result in a final settlement of the biennium agreement.

Current and Desired Plan Designs

In addition to replicating the current coverage provision, as noted below, the successful vendor shall include adding any federally required coverage provisions on or after July 1, 2015. For details, refer to the following:

Dakota Plan:
http://www.nd.gov/ndpers/insurance-plans/group-health.html
PPO/Basic – Grandfathered Plan
PPO/Basic – Non Grandfathered Plan
HDHP/HSA – Non Grandfathered Plan

Please note NDPERS is requesting that the proposer also provide a HSA product as part of this proposal for the HDHP product

Dakota Retiree Plan - http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-retirees.pdf
PDP coverage for retirees - http://www.nd.gov/ndpers/forms-and-publications/publications/medicare-benefits-summary-current.pdf

Member Access

Members have "freedom of choice" in selecting which physician or medical facility to use for services. PPO benefits are currently available in the state of North Dakota, unless the medical facility provides services at a satellite location in another state. If a PPO health care provider is not available in the member's area, or if the member chooses or is referred to a health care provider not participating in the PPO, the member will receive the Basic Plan benefits. The copayments, annual deductibles and coinsurance amounts vary between the PPO Plan and Basic Plan.

Directory

The current provider directory is available through the BCBSND website at http://provider.bcbsnd.com. Health plan vendors must be able to reasonably match the existing provider networks to provide appropriate access on a statewide basis.

Disease and Other Health Management Programs

Currently, BCBSND provides disease management and health improvement programs for eligible members. The list below includes most of the programs currently offered:

- Coronary Heart Disease
- Diabetes
- Hypertension
- Immunizations
- ADHD
- Colorectal Cancer
- Asthma

BCBSND and most major Health Systems collaborate to offer a program called the Advanced Medical Home Program or MediQHome.

Vendors are expected to offer comprehensive, high quality case/disease management programs, including rare and chronic diseases, for the plans offered to both actives and retirees. Proposed programs and vendors shall be identified in this RFP.

Wellness Programs

Partnering with BCBSND, NDPERS participates in and offers a variety of wellness programs for eligible members and employers. The list below provides more details on some of the programs currently offered:

Employee Wellness Incentives:

- Covered employees and/or spouses are each eligible to receive up to $250 per year through participation. All covered retirees and/or spouses are also eligible for this incentive. Each participant must complete an annual health risk assessment through HealthyBlue, the online wellness tool. Two programs are available to achieve the $250 benefit. The programs are: HealthyBlue Online Wellness Tool – participants utilize the online wellness tool to take steps towards better health goals, including tracking activity and performing challenges to receive points for their participation. The points are then redeemed towards various gift cards or fitness related prizes - see Exhibit 1.
- Health Club Credit – participants who utilize a health club facility 12 days per month will be reimbursed $20 per month towards their membership fee - see Exhibit 2.

Employer Wellness Initiatives:

Employer Based Wellness Program & Wellness Funding Program:

- The employer based wellness program provides that employers who do not have an on site wellness program pay premiums that are 1% higher. The program is given its authority in NDCC 54-52.1-14. The goals for the program are to:

  - have 100% of our employers supporting a wellness message at their worksite
  - have our members get a greater understanding of wellness
  - create a better quality of life for our membership

- Employers that participate in the NDPERS Group Health Insurance Plan have the opportunity to enroll in the employer based wellness program on an annual basis. For the wellness year July 1, 2014 to June 30, 2015, there are 192 of 273 employers participating. The wellness plan year is from July 1 to June 30. See the following for more details:

http://www.nd.gov/ndpers/insurance-plans/docs/wellness-forum/employer-based-wellness-overview.pdf

Wellness Benefit Funding Program:

The NDPERS Wellness Benefit Funding Program is available to employer groups that participate in the NDPERS group health plan and have been approved for the Employer Based Wellness Discount Program. The Wellness Funding Program, in conjunction with the Wellness Discount Program, encourages employers to commit to promoting wellness planning and programming at their work sites. The funding program provides funding assistance to employers that develop and sponsor on-site wellness programs for their employees. Benefits are available to eligible employers once each fiscal year of the biennium. For details, visit http://www.nd.gov/ndpers/insurance-plans/docs/wellness-forum/wellness-program-funding-overview.pdf

Additional Wellness Related Services & Programs:

- **Wellness Consultant** – a dedicated staff member to assist employees and employers with their wellness initiatives. Examples of services provided include:

To members:

- Assist with online wellness tool issues and questions.

- Develops various challenges for participants to do through online wellness tool.

To employers:

- Conducts monthly coordinator calls with employer wellness coordinators. – see Exhibit 15
- Prepares and distributes a monthly wellness newsletter for coordinators. – see Exhibit 14
- Coordinates monthly wellness star designee on online wellness tool. – see Exhibit 13
- Conducts coordinator workshops each summer across state for wellness coordinators to attend. – see Exhibit 19

Coordinates the awarding of up to 6000 points on the online tool for an employee's participation in the employer sponsored wellness program activities. – see Exhibit 11.**Member Education Presentations on Wellness Topics** – current vendor provides two member education consultants that travel statewide to worksites and conduct presentations for employees on various wellness related topics. There are currently 11 different topics provided. See Exhibit 16 for an example.

Added Value Programs: (See exhibit 10 for other details)

- Tobacco Cessation – All current state employees and their dependents age 18 and older who have coverage are eligible to participate. The program provides telephone counseling and up to $700 in expenses including up to $200 for a participant's office visit and co-pays and $500 every six months for FDA-approved medications. See the following website for further details: https://www.bcbsnd.com/search-preview/-/ndpers-tobacco-cessation. This is a collaboration between the current vendor, the ND Department of Health and NDPERS.
- Prenatal Plus Program – a program designed to identify women at higher risk for premature birth and to prevent the incidence of preterm birth. See http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-actives.pdf#page=35 for details.
- Diabetes Management – this program is offered to covered members that are diabetic. The program is coordinated with the ND Pharmacy Association. See http://www.aboutthepatient.net/patients/diabetes-info/ndpers-program-info/ for details.

Other Administrative Services – See Exhibit 10 for details

The successful vendor will also need to perform the following administrative services:

- Make payments for the NDPERS Tobacco Cessation Program https://www.bcbsnd.com/search-preview/-/ndpers-tobacco-cessation2. Make payment for the NDPERS Diabetes Program . See http://www.aboutthepatient.net/patients/diabetes-info/ndpers-program-info/ for details.
- Make payments for the NDPERS Wellness Funding Program. – see http://www.nd.gov/ndpers/insurance-plans/docs/wellness-forum/wellness-program-funding-overview.pdf for details.

NDPERS will submit enrollment, billing and premium remittance via a centralized electronic system. NDPERS will collect enrollment/eligibility information which will be provided to the successful contractor on a data file that follows the HIPAA 834 file specifications. Premium payment information will be provided on a data file that follows the HIPAA 820 file specifications. Files will be transmitted using a secure file transmission process. The successful contractor must be able to receive this data in that format and media. Premiums will be eligible for salary reduction on a pre-tax basis, through IRC Section 125.

Employee Assistance Program (EAP)

The mission of the Employee Assistance Program (EAP) is to provide confidential, accessible counseling and referral services to individual employees in order to restore and strengthen the health and productivity of employees and the workplace. The EAP is available to employees and their immediate family members. For more information regarding the current EAP, refer to the website: http://www.nd.gov/ndpers/eap/index.html

The selected vendor(s) are expected to cooperate as needed to ensure seamless administration and member service. NDPERS is not seeking proposals for this service as part of this RFP.

COBRA Administration

NDPERS provides COBRA continuation for terminated/retired employees in compliance with federal regulations. NDPERS administers this program. The selected vendor(s) are expected to cooperate as needed to ensure seamless administration and member service. NDPERS is not seeking proposals for this service as part of this RFP.

Workers' Compensation Program

If benefits or compensation are available, in whole or in part, under provisions of a state workers' compensation act, laws of the United States or any state or political subdivision thereof, the benefits under the Dakota Plan will be reduced by and coordinated with such benefits or compensation available.

Conversion

The 2014 ACA environment has significantly changed how conversion works. There is no longer a specific conversion product, but there is still a conversion privilege used to purchase an individual metallic plan. This conversion privilege impacts what effective date a member can sign up once employment with NDPERS ends and ensures continuous coverage for members that apply within required timeframes. Administration of the conversion privilege shall comply with any applicable federal or state law or regulation. The vendor is expected to administer all notices and transactions, including billing (where applicable), with respect to this service.

Out of Area Coverage

If a member receives care from a non-participating health care provider within the state of North Dakota, benefit payments are reduced by a certain percentage and the member is responsible for the payment reduction. If a member receives care from a non-participating health care provider outside the state of North Dakota, the allowance for covered services will be an amount within a general range of payments made and judged to be reasonable by BCBSND. The benefits available under the Dakota Plan and Dakota Retiree Plan are also available to

members traveling or living outside of the United States (subject to certain requirements such as preauthorization and prior approval). Detailed information regarding eligibility and out of area benefit levels can be found in the 2013-2014 Summary of Benefits at http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-actives.pdf.

Open Enrollment

Dakota Plan annual open enrollment typically takes place in October/November of each year. Employees may enroll in coverage or make changes in coverage during this period. Annual open enrollment is not applicable to Non-Medicare retirees.

Current and Historical Monthly Rates and Employee Contributions

The contributions for single or family coverage for state employees are currently paid at 100% by the State. Please note that for the state, a single composite rate is used instead of the single/family rate. The contributions for employees of participating political subdivisions are at the discretion of the subdivision and subject to the minimum contribution requirements of BCBSND. The contributions for temporary employees are either at their own expense or their employer may pay any portion of the premium subject to its budget authority. Effective January 1, 2015, the following applies:

In the case of a temporary employee who is an applicable taxpayer as defined in section 36B(c)(1)(A) of the Internal Revenue Code [26 U.S.C. 36B(c)(1)(A)], the temporary employee's required contribution for medical and hospital benefits self-only coverage may not exceed the maximum employee required contribution specified under section 36B(c)(2)(C) of the Internal Revenue Code [26 U.S.C. 36B(c)(2)(C)], and the employer shall pay any difference between the maximum employee required contribution for medical and hospital benefits for self-only coverage and the cost of the premiums in effect for this coverage.

The chart below shows the current total monthly rates for NDPERS members:

Dakota Plan		Single	Family		Single	Family
Enrolled Prior to July 1, 2013						
State Program	**Grandfathered Plan**			**High Deductible Health Plan**		
July 1, 2013 – June 30, 2015	Active		$981.68	Active		$981.68
July 1, 2013 – June 30, 2015	COBRA/Part-Time/Temporary/LOA	$472.74	$1,139.34	COBRA/Part-Time/Temporary/LOA	$412.00	$992.34
Political Subdivision	**Grandfathered Plan**			**NonGrandfathered Plan**		
July 1, 2013 – June 30, 2015	Active/COBRA	$505.06	$1,220.22	Active/COBRA	$512.74	$1,238.76
Non Medicare Retirees	**Grandfathered Plan**					
July 1, 2013 – June 30, 2015	Non-Medicare Retirees	$709.10	$1,418.20			
	Family 3+		$1,772.74			
Enrolled On or After July 1, 2013						
Political Subdivision	**Grandfathered Plan**			**NonGrandfathered Plan**		
July 1, 2013 – June 30, 2014	Active/COBRA	$501.00	$1,210.80	Active/COBRA	$512.14	$1,237.72
July 1, 2014 – June 30, 2015		$529.28	$1,279.40		$541.06	$1,307.84

Dakota Retiree Plan		Single	Family
Enrolled Prior to July 1, 2013			
July 1, 2013 – June 30, 2015	Medicare Eligible	$221.24	$439.72
	One Medicare/One Non-Medicare		$609.40
Enrolled On or After July 1, 2013			
July 1, 2013 – June 30, 2014	Medicare Eligible	$222.16	$441.50
	One Medicare/One Non-Medicare		$573.38
July 1, 2014 – June 30, 2015	Medicare Eligible	$227.00	$451.22
	One Medicare/One Non-Medicare		$636.24

Note: The retiree plan rates are a composite of the PDP premiums and medical premiums.

Age/Gender Statistics

Appendix E – Item 1 displays a breakdown of the member counts by age and gender for the period May 2014.

Contract Count

Appendix E – Item 2 displays a breakdown of the contract counts by month and cost category for the period of 1/2011 – 5/2014.

Member Count

Appendix E – Item 3 displays a breakdown of the member counts by month and cost category for the period of 1/2011 – 5/2014.

Claims Volume

Appendix E – Item 4 displays a breakdown of the total claims transactions by month and cost category for the period of 1/2011 – 5/2014.

Claims Dollars

Appendix E – Item 5 displays a breakdown of the total claims plan paid dollars by month and cost category for the period of 1/2011 – 5/2014.

Large Claim History

Appendix E – Item 6 displays a high level summary of unique members with plan paid dollars in excess of $100,000 for the period of 7/1/12 – 6/30/13 and 7/1/13 – 5/30/14.

Contracts by Zip Code

Appendix E – Item 7 displays a breakdown of the contract counts by residence zip code for the period May 2014.

II. RFP Objectives and Vendor Responsibilities

RFP Objectives

North Dakota Public Employees Retirement System ("NDPERS") is soliciting proposals for the insurance and administration of its employee medical and prescription drug insurance plan, with a July 1, 2015 effective date. Medical insurance responses are required for the fully-insured financial arrangement as described in this RFP. Proposals will be accepted for insurance companies that are capable of offering a statewide provider network, utilization management, disease management, wellness program, pharmacy benefit manager services along with other related services. In addition, the successful vendor will provide an HSA product for the HDHP. Approximately 23,000 active employees and 8,000 retirees are eligible to participate in these plans. Total membership in the plan is approximately 65,000 individuals.

In August, a separate RFP requesting self-insured administration of the same plans and programs will be distributed. In order for a self-insured arrangement to be elected (NDCC 54-52.1-04.3), it must be determined to be less costly than the lowest bid submitted by a carrier for underwriting the plan with equivalent contract benefits on a fully insured basis. Based upon this legislative direction the Board is issuing this fully insured plan RFP and will be reviewing those responses first to determine which fully insured bid to compare to the self-insured bids when submitted.

Requested Bids

Fully Insured (This RFP)

- All services
- All services except pharmacy

Self-insured (2nd RFP)

- All services
- Pharmacy only

The contract will be for a six year term with two year renewals, beginning July 1, 2015 through June 30, 2017.

NDPERS is interested in providing high quality, comprehensive and affordable health care to all of its employees and their dependents. The intent of this RFP is to identify and evaluate the proposals that meet the minimum requirements as defined, and select one vendor that will support the program goals and objectives. Current goals and objectives include, but are not limited to, the following:

- **Competitive Overall Cost** – NDPERS intends to continue to provide its employees and retirees with comprehensive health care that is affordable and competitive. NDPERS is especially interested in stabilizing or controlling costs and increases to both the employer and employees. To accomplish this, it is interested in competitive administrative and program fees and competitive provider reimbursement arrangements.

- **Transparent PBM.** PERS is interested in evaluating financial arrangements based on the traditional approach to PBM pricing and pricing under a transparent arrangement. "Traditional" financial proposals should include guaranteed effective rate discounts, as well as specific fees and guaranteed rebate dollar amounts. "Transparency" for purposes of this Request for Proposal is defined as a full pass through to PERS of all monies paid to the PBM arising from all contracted arrangements as well as elimination of spread pricing. When answering questions and completing exhibits related to your financial proposal, please indicate if your answer would differ under a transparent or a traditional pricing arrangement. PERS will give preference to transparent proposals.

- **Replication of existing coverage and arrangement.** NDPERS is interested in replicating the existing coverage (http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-actives.pdf) and financial arrangements for six years, subject to two year renewals including having a PDP and an HSA . In addition, NDPERS is requesting the effect on premiums for the following benefit plan changes:

  - Annual Premium Reductions to change deductible from $400 single/$1,200 family to $450 single/$1,350 family.
  - Annual Premium Reductions to change deductible from $400 single/$1,200 family to $500 single/$1,500 family
  - Annual Premium Reductions to change coinsurance maximum from $750/$1,500 to $900/$1,800 in network and $1,250/$2,500 to $1,500/$3,000 out of network
  - Annual Premium Reductions to change coinsurance maximum from $750/$1,500 to $1,050/$2,100 in network and $1,250/$2,500 to $1,750/$3,500 out of network
  - Annual Premium Reduction for a $5 increase in office visit copay
  - Annual Premium Reduction for a $10 increase in office visit copay
  - Annual Premium Reduction for a $10 increase in emergency room copay.
  - Annual Premium Reduction for a $25 increase in emergency room copay
  - Annual Premium Reductions to change Rx formulary Generic copay from $5 to $10 copay
  - Annual Premium Reductions to change Rx formulary Generic copay from $5 to $7.50 copay
  - Annual Premium Reductions to change Rx Formulary Brand copay from $20 to $25 copay
  - Annual Premium Reductions to change Rx Formulary Brand copay from $20 to $22.50 copay

- Annual Premium Reductions to change Rx Non-Formulary copay from $25 to $30 copay

- Annual Premium Reductions to change Rx Non-Formulary copay from $25 to $27.50 copay

- Annual Premium Reductions to change Rx Formulary coinsurance maximum from $1,000 to $1,200.

- Annual Premium Reductions to change Rx Formulary coinsurance maximum from $1,000 to $1,500

- Annual Premium Increases to provide coverage for colonoscopy pursuant to the appropriate national standards

- **Comprehensive, Statewide Provider Network –** NDPERS is interested in the following:

- Broad network in terms of the number (%), breadth, quality and location of network providers, with the goal of matching as close as possible the current provider networks and geographic access.

- Limited doctor/patient disruption – NDPERS is interested in limiting the disruption employees may experience in the event of a change in vendors. (see Appendix I.)

- Access to preferred providers outside the local geographic service area (national).

- Ability of the vendor to negotiate NDPERS-specific contracts.

- The ability to match or exceed existing discount levels

- Commitment to pay for performance and other cost and quality initiatives.

- **Plan Design –** with respect to plan options and design, NDPERS is interested in:

- Confirming the vendor's previous experience with and ability to administer the current plan designs.

- Continuing to provide employees with choice and flexibility at an affordable cost.

- Ability to administer existing Medicare Part D Group PDP plan.

- **Disease and Other Care Management Programs** – NDPERS wishes to continue to offer assertive disease management, care management and care support programs as part of the overall health care program, and is interested in exploring innovative, positive incentives for participation in these programs. Vendors must demonstrate their ability to report and provide meaningful, interpretive data to better support the disease and other care management programs.

- **Health Improvement, Education and Wellness Programs** – NDPERS is interested in partnering with its vendors to offer the same or similar program. Our existing program also links to the NDPERS employer based wellness program and this should also be supported. Please refer to http://www.nd.gov/ndpers/insurance-plans/employer-based-wellness.html for details on this program. NDPERS also wishes to maintain a dedicated wellness staff member with the successful vendor who will work with our worksite wellness coordinators. The successful vendor must provide this resource.

- **Retiree Coverage –** provide the same levels of coverage to our Medicare retirees.

Vendor Responsibilities

The selected vendor must demonstrate the ability to develop and manage a health care provider network, provide claims processing services, utilization management, medical management, disease management, wellness program, dedicated account service and support, dedicated member/customer service, data/management reporting, billing, and other administrative services. Vendors should also adjudicate and resolve Medicare Secondary Payer demand claims from the Center for Medicare and Medicaid Services (CMS) in a timely manner and reconcile Medicare D eligibility and premium discrepancies. (See Exhibit 8)

In addition, vendors are expected to conduct ongoing performance review meetings with NDPERS regarding plan financial performance, provider contracting issues, progress related to network goals and new network development, patient satisfaction, new or emerging legal issues, and other relevant and timely operational issues that may affect the plan. Vendors are to identify actions to enhance that performance.

Additional details regarding expected health plan administrator duties can be found in Appendix A – Existing Administrative Service Agreement of this RFP. Vendors must review this section carefully to identify potential deviations and exceptions. As noted throughout the RFP, vendors are required to list all exceptions and suggest proposed alternative contract language in Appendix F and submit this information with your proposal. Failure to provide this may eliminate your proposal from consideration.

The proposed effective date of the program is July 1, 2015, except the PDP, that effective date is January 1, 2016. Vendors will have the opportunity to demonstrate capabilities in these areas by responding to the questionnaire provided in Appendix C of this RFP and potentially with additional finalist questions and presentations.

III.Proposal Content

This section describes minimum requirements, unique content requirements, and outlines general conditions and requirements that are not specifically addressed in the sample contract/ASA. Review the general conditions and requirements carefully, and include any deviations and exceptions to these with your submission as described in this section and elsewhere in the RFP. Also refer to Section IV., Proposal Submission, for instructions and additional information regarding proposal format and content.

Required Forms

The following forms can be found in Appendix B, Response Template, of this RFP.

1. Face Sheet – This is included in Appendix B, Item 1.

2. Minimum Requirements for Administrative Services Checklist – This is included in Appendix B, Item 2.

3. Affidavit of Non-collusion – Each responder must complete the Affidavit of Non-collusion form and include it with the response. This is included in Appendix B, Item 3.

4. Conflicts of Interest list. Responder must provide a list of all entities with which it has relationships that create, or appear to create, a conflict of interest with the work that is contemplated in this Request for Proposals. The list should indicate the name of the entity, the relationship, and a discussion of the conflict. This is included in Appendix B, Item 4.

5. Compliance with Federal and State Laws Form – Responder must provide certification to NDPERS that they comply or if notified will comply with applicable Federal and State laws. This is included in Appendix B, Item 5.

6. Location of Service Disclosure Certification. Proposers must certify the location where services to be provided will be performed, and agree that the location will not change during the course of the contract without prior written approval from NDPERS. This is included in Appendix B, Item 6.

Unique Content Requirements

1. Questionnaire - This is included in Appendix C.

2. Cost proposal - This is included in Appendix D.

3. Deviations and suggested alternatives to sample contract/ASA – This is included in Appendix F, Item F1.

   Responders should review in detail the standard contract terms and conditions provided in the sample Administrative Agreement in preparing their responses. A sample NDPERS Financial and Administrative Services Agreement (ASA) is attached for your reference in Appendix A. Any final contract will include, but not be limited to, the

elements in the sample contract. Vendors should note that much of the language reflected in the contract is required by State statute and therefore is not negotiable.

If you take exception to any of the terms, conditions or language in the sample ASA, you must indicate those exceptions and suggest alternative language in your response to the RFP by submitting Appendix F and a redline version of the generic contract language (pertaining primarily to the narrative rather than the financial terms and provisions); certain exceptions may result in your proposal being disqualified from further review and evaluation. Only those exceptions indicated in your response to the RFP will be available for discussion or negotiation.

4. Deviations to other RFP requirements. This is included in Appendix F, Item F2.

5. Summary/checklist of specific items identified as trade secret.

   All materials submitted in response to this RFP will become property of NDPERS and will become public record, after the evaluation process is completed. Completion of the evaluation process occurs when the government entity has completed negotiating the contract with the selected vendor. If the Responder submits information in response to this RFP that it believes to be propriety or trade secret materials the Responder must:

   a. clearly mark each provision that respondent believes to be proprietary or trade secret materials in its response at the time the response is submitted,

   b. include a statement with its response justifying the proprietary or trade secret designation for each provision.

      Responder is put on notice that, except for information that is confidential or otherwise exempt from the North Dakota open records law (NDCC § 44-04), NDPERS must disclose to the public upon request any records it receives from Responder. If NDPERS receives an open records request for information that has been identified by respondent as proprietary or trade secret, NDPERS will review the above information submitted by Responder and may also contact Responder for additional input regarding the nature of those records, but NDPERS will be solely responsible for making the ultimate determination of whether the records are open or exempt. All information that has not been clearly identified by respondent as being proprietary or trade secret will be deemed to be open record. NDPERS will not consider the prices submitted by the Responder to be proprietary or trade secret materials.

6. Appendix H: Performance Standards and Guarantees

7. Appendix I: Disruption Analysis

8. Appendix J: Fee Schedule Analysis

9. Appendix K: Suggested General Conditions and Requirements

1. Proposal Contents

By submission of a proposal, Responder warrants that the information provided is true, correct and reliable for purposes of evaluation for potential contract award. The submission of inaccurate or misleading information may be grounds for disqualification from the award as well as subject the responder to suspension or debarment proceedings as well as other remedies available by law. The contents of the proposal and any subsequent clarifications submitted by the successful proposers will become part of the contractual obligation and incorporated by reference into the ensuing contract.

The proposal that you submit will constitute your unqualified consent to the following mandatory requirements:

- Proposals submitted in response to this request will be considered the only submission; revised proposals will not be allowed after the proposal return date and time unless requested by NDPERS or approved by the NDPERS Board.
- All proposals must answer all applicable questions on the attached questionnaire.
- All proposals become the property of NDPERS and will not be returned to the offering company. Also all information provided is a public record under North Dakota unless specifically exempted by law.
- All offering companies must be prepared to make oral presentations if requested.

2. Term of Contract

The North Dakota Public Employees Retirement System is governed by North Dakota State statues, which includes a requirement to solicit bids for medical benefits coverage for a specified term for a fully-insured arrangement and every other biennium for an Administrative Services arrangement. NDPERS has determined that the specified term for providing such hospital and medical benefits under a fully insured arrangement shall be six years to include three biennium periods: July 1, 2015 to June 30, 2017, July 1, 2017 to June 30, 2019, and July 1, 2019 to June 30, 2021.

If the plan is awarded as a fully insured plan pursuant to this RFP NDPERS and the successful proposer(s) may renegotiate the existing contract during the interim of each biennium without resorting to a formal bidding process. If the NDPERS and the successful proposer(s) are unable to reach an agreement during renegotiations, a formal bidding process will be initiated. Negotiations will begin in August and end in September in the final fixed year of the biennium. NDPERS also reserves the right to terminate any contract awarded pursuant to this bidding process within thirty (30) days notice.

3. Minimum Requirements

The following are the minimum requirements that need to be addressed in each proposal and apply unless waived by the board:

1) Electronic Data Collection and Reporting Requirements: Respondents must, at a minimum, meet the data collection and reporting requirements described in Section 1 under Reporting Requirements of the RFP.

2) Vendor must be able to take current 834 electronic enrollment file (containing member eligibility) at no cost.

3) Effective Date of Coverage: Respondents must be able to provide required coverages and services by July 1, 2015 and for the PDP by January 1, 2016.

4) Licensure: Respondents must have all applicable licenses required by North Dakota or agree to obtain necessary licensure prior to the effective dates of coverage.

5) Term of Contract: NDPERS is required by state statue to solicit bids for medical benefit coverage for a specified term for a fully-insured arrangement and every other biennium for a self-funded arrangement. NDPERS has determined that the specified term for fully-insured arrangement shall be six years, subject to two year renewals; however, NDPERS reserves the right to extend the agreement subject to negotiation with the successful vendor if the Board deems it necessary.

6) Premium Rate Guarantees: For all insured proposals premium rates must be guaranteed for a period of two years, from July 1, 2015 to June 30, 2017. PDP rates will be developed each year based upon the federal subsidy.

7) Non-Medicare Retirees: Rates are governed by state statute. Non-Medicare retiree single rate is 150% of the active member single rate; the rate for a non-Medicare retiree plus one is twice the non-Medicare single rate, and the rate for a non-Medicare retiree plus two or more dependents is two and one-half times the non-Medicare retiree single rate.

8) PDP rates: Must be submitted to PERS by September of each year.

9) Renewals: Renewals must be submitted to NDPERS in August of the year preceding the contract renewal date and in September of each year for the PDP.

10) Contract Termination: Respondent's contract termination provision may not require more than 120-day notice and can occur only at renewal. NDPERS can terminate coverage at any time.

11) Replicate coverage: Respondent should replicate the existing coverage and financial terms for two years, including providing an HSA arrangement. Variances and exceptions to existing coverage can be offered in appendix F item F2.

12) Legislative Compliance: Respondents agree to comply with all provisions of the Health Insurance Portability Act of 1996 including, but not limited to providing certificates of creditable coverage.

    Respondents must also be in compliance with all HIPAA Privacy and HIPAA EDI requirements and be able to conduct all applicable employer/plan sponsor and provider transactions consistent with those requirements. Respondents will be

expected to meet HIPAA security requirements when applicable to NDPERS. Respondents will also be expected to be in compliance with all ACA requirements

13) Transition Management: Respondents agree, should they be selected, they will proactively manage the transition of coverage (e.g. claim accumulators, etc.) from the subsequent carrier.

14) Administration: Respondents must agree to comply with existing administration of NDPERS. Any modifications needed to accommodate NDPERS data will be done at the vendor's own expense.

15) Audit: Section 54-52-04 (10) relating to the audit authority of NDPERS .

16) North Dakota Legislation Requirements: Respondent must meet all requirements in the North Dakota Century Code including 54-52; 54-52.1, 54-52.4 and all requirements in the North Dakota Administrative Code including 71-03 and other applicable State Laws. Specific recognition of 54-52.1-12 should be acknowledged.

17) Ability to meet the specifications outlined in the RFP unless specifically noted.

18) Premium rates must be divisible by two.

19) Subject matter experts and other appropriate personnel will be available to attend board meetings, legislative hearings, etc. as needed.

IV. Proposal Submission

Instructions

All proposals should be submitted simply and economically providing a direct, concise delineation of the vendor's proposal and qualifications adhering to the proposal format guidelines outlined below. Vendors should also refer to Section III, Proposal Contents, for a list of minimum requirements.

- Proposals should be typed or printed on 8.5" x 11" paper (one side only).
- All proposals must include the transmittal letter/statement which includes the following:
  - An acknowledgement of receipt of the group health RFP specifications and any addenda and a statement that the proposal conforms to the RFP minimum requirements. This letter must include the title and signature of a Duly Authorized Officer of the company. As noted above, any deviations from the specifications must be clearly noted in your proposal. Failure to note deviations may exclude the proposal from further consideration.
- All proposals must include a table of contents and appropriate page number references.
- All pages of proposals must have consecutive page numbers.
- Proposals must respond to RFP minimum, unique, and general requirements.
- Responses to questions must include a restatement of the question (number and text) with the response immediately following.
- Appendices and other supplemental information provided with your proposal must be clearly identified.
- Cost proposal must be submitted in a separate, sealed envelope and clearly marked Cost Proposal. Premiums quoted in Appendix D: Cost Proposal Exhibits will be fully loaded rates. NDPERS will not be billed any additional amounts for services, including commissions or brokerage fees.
- North Dakota insurance law 54-52.1-10 (Exemption From State Premium Tax) provides that "All premiums, consideration for annuities, policy fees, and membership fees collected under this chapter are exempt from the tax payable pursuance to section 26.1-03-17". Thus, Offeror's responses should not reflect any amounts for premium taxes.
- Any and all deviations must be clearly noted and submitted under separate cover. If you do not identify and explain deviations, your proposal will be deemed a certification that you will comply in every respect with the requirements and contractual language set forth in this RFP. Deviations and exceptions to the sample contract/Administrative Services Agreement (ASA) must be submitted in the form of 1) completed Appendix F, Item F1, in a sealed envelope clearly marked as such. If you are unable to perform any required or requested service, you must also clearly identify in Appendix F, Item F2 a) the specific deviation or requirement your organization is unable to meet and b) the suggested alternative or solution.

Proposal Format and Contact Information

Vendors must use the response template/questionnaire provided in Appendices B, C and D in preparing proposals. Proposals should be submitted in two parts, with the cost proposal and deviations separate from the qualitative proposal in a clearly marked, sealed envelope (submitted to Deloitte Consulting only). Proposals will be sent to two parties, as described below

Vendors are required to submit one (1) unbound original and ten (10) paper copies of the ***qualitative proposals*** along with one (1) electronic copy to:

Cheryl Stockert
Manager, Administrative Services
North Dakota PERS
400 East Broadway
Suite 505
Bismarck, ND 58502

An electronic copy (on CD) of your entire qualitative proposal must be included with the hard copy original. Late proposals will not be considered unless approved by the board.

Two (2) hard copies and one full electronic copy (on CD) of the qualitative proposal and a separate, clearly marked envelope containing Two (2) hard copies and one electronic copy of the cost proposal and deviations must be submitted to:

Josh Johnson
Manager
Deloitte Consulting LLP
50 South 6th Street
Suite 2800
Minneapolis, MN 55402

***PLEASE NOTE*:** As indicated above, vendors must separate the cost proposal and deviations from the rest of the proposal and submit two paper copies and one electronic copy in a sealed envelope clearly marked "**Cost Proposal for NDPERS for Health Plan Vendor**", along with your organization's name, to Josh Johnson at Deloitte Consulting at the address listed above. Vendors must submit hard and electronic copies of the entire proposal.

From the date of issuance until the announcement of the finalist, vendors should only contact the Deloitte RFP coordinator, Josh Johnson. All correspondence and questions must be submitted in writing via e-mail to the RFP coordinator in accordance with the timeline set forth in this RFP. NDPERS personnel are not authorized to discuss this RFP with vendor; doing so may result in disqualification. Vendors may continue to communicate with NDPERS staff regarding other relevant business matters.

Questions and Answers

Vendors must submit questions in writing via e-mail to Josh Johnson at jkjohnson@deloitte.com ***by 5:00 p.m. CT on July 25th, 2014***. Answers will be summarized and distributed to all vendors who have requested the RFP via email no later than close of business on July 29th, 2014 as well as posted on the NDPERS website. *Telephone inquiries will not be accepted.*

Proposal Deadline

All proposals must be received by Josh Johnson ***by 5:00 p.m. CT on September 4th, 2014.*** Late proposals will not be considered.

Proposed Timetable

The timeline is provided below for informational purposes. NDPERS reserves the right to change the dates. Every effort will be made to notify vendors of changes to the proposed timeline.

Activity	**Date/Time (All Times in CT)**
NDPERS publishes Request for Proposal (RFP)	July 9, 2014
Vendor questions (in writing) due	July 25, 2014 (5 pm)
NDPERS distributes answers to vendors' questions	August 4, 2014
Proposals due	**September 4, 2014 (5 pm)**
Finalist presentations (if requested)	TBD
NDPERS notifies finalist of intent to negotiate	TBD December 2014
Contractor and NDPERS complete negotiations	TBD Jan/Feb 2015
Contractor and NDPERS begin implementation	-March 2015
Contractor(s) begins providing services	July 1, 2015

V. Proposal Review and Evaluation

Rights of NDPERS

This RFP does not obligate NDPERS to complete the proposed project. NDPERS reserves the right to cancel the solicitation if it is considered to be in its best interest. Costs incurred for developing a proposal are the sole responsibility of the vendor. NDPERS also reserves the right to:

1. Reject any and all proposals received in response to this RFP.
2. Amend and re-issue this RFP.
3. Select proposals for contract award or for negotiations other than those with the lowest cost.
4. Consider a late modification of a proposal if the proposal itself was submitted on time, if the modifications were requested by the state, and if the modifications make the terms of the proposal more favorable to the state.
5. Determine that a deficiency is not substantive and waive the deficiency as immaterial. However, waiver of the deficiency shall in no way modify the RFP documents or relieve the vendor from full compliance with the terms of the contract if the vendor is awarded the contract.
6. Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
7. Use any or all ideas presented in any proposal received in response to this RFP, unless the vendor presents a positive statement of objection in the proposal. Objections will be considered as valid only relative to proprietary information of the vendor and so designated in the proposal. Exceptions to this are ideas that were known to NDPERS before submission of such proposal or properly became known to NDPERS thereafter through other sources or through acceptance of the proposal.

Selection Team

A review team made up of NDPERS staff and its hired consultant will evaluate all proposals. The NDPERS Board will make the final decision on the award. NDPERS reserves the right to alter the composition of this selection team and its responsibilities.

Proposal Review and Evaluation Criteria

Proposals will be reviewed and evaluated using multiple evaluation criteria. The cost proposal will be reviewed independently to ensure that it is complete and submitted in the format requested. In reviewing the proposals the requirements in NDCC 54-52.1-04 will be considered.

Phase I Preliminary Review Criteria

Proposals will initially be evaluated to determine if they comply with the following minimum requirements:

- Completeness of proposal, including minimum vendor requirements, unique content requirements, and general requirements as outlined in Section III., Proposal Content, and submitted in the format designated in Appendices B through F.
- Completeness and quality of responses to questionnaire provided in Appendix C and completeness of cost proposal provided in Appendix D.
- Extensive statewide provider network which provides access to key population areas within the State.

Phase II Evaluation Criteria

Proposals that have met the minimum requirements criteria listed above will then be reviewed based on the factors contained in the table below:

Phase II Evaluation Criteria
1. Ability to comply with terms outlined in the RFP and Board evaluation criteria
2. Equivalent Contract Benefits (Appendix G) including the following. 2a. Organizational experience and staff qualifications/experience – Dedicated unit comprised of account management team, customer service, provider relations, and provider contracting – Access to senior leadership team – Ability to respond to unique challenges with solution-focused flexibility and innovation – Client references – Financial stability and solvency 2b. Plan Design 2c. Provider network capabilities – Similar or greater number of providers in contract network – Similar or greater level of discounts – State-specific contracts – Quality initiatives – Contractual terms – Increase number of network providers

Phase II Evaluation Criteria
2d. Quality and comprehensiveness of health population, disease management, and health education and wellness programs – Utilization/case management capabilities – Quality initiatives – Ability to present appropriate innovative cost control strategies – Ability to support NDPERS employer based wellness program and employee wellness initiatives – Dedicated staff member for wellness program 2e. Cost of requested services and return on investment – Value of provider reimbursement discounts – Administrative fees – Care, disease management, and health improvement programs – Medicare Part D Group PDP Offering – Rx rebates
3. Statutory Criteria – The economy to be affected. – The ease of administration. – The adequacy of the coverages. – The financial position of the carrier, with special emphasis as to its solvency. – The reputation of the carrier and any other information that is available tending to show past experience with the carrier in matters of claim settlement, underwriting, and services

Preference Criteria

Preference Criteria will be applied by the board in the final evaluation of proposals as determined by the board.

PBM

NDPERS is interested in evaluating financial arrangements based on the traditional approach to PBM pricing and pricing under a transparent arrangement. “Traditional” financial proposals should include guaranteed effective rate discounts, as well as specific fees and guaranteed rebate dollar amounts. “Transparency” for purposes of this Request for Proposal is defined as a full pass through to NDPERS of all monies paid to the PBM arising from all contracted arrangements. When answering questions and completing exhibits related to your financial proposal, please indicate if your answer would differ under a transparent or a traditional pricing arrangement. NDPERS will give preference to transparent proposals.

Transparent “Pass Through” Pharmacy Contract:

- Retail discounts and dispensing fees are 100% pass through
- No spread pricing

- Bidder may assess an administration fee if appropriate

- Mail service terms reflect a standard "traditional" proposal where discounts are fixed

Bidder will pass through 100% of rebates and "rebate-like" revenues received from pharmaceutical manufacturers (defined as all revenue/financial benefits and credits received from outside sources attributed to the utilization of NDPERS or enrollment in programs. These would include but are not limited to all Manufacturer Administration Fees, Formulary Access Rebates (inclusive of any bundling), Market Share Rebates, Performance/Incentive Rebates, Data Fees, Compliance Program Funding, Clinical Program support/funding, Therapeutic Intervention funding, Education Fees, Marketing Grants for Clinical Studies, Specialty Drug Rebates, Specialty Clinical/Case Management Funding, Specialty Compliance Program funding, Research, Prompt Payment Discounts, etc.as a consequence of any relationship with NDPERS. Bidder will also include minimum rebate guarantee, preferably on a per paid claim basis (per brand basis may is also acceptable, however per rebatable claim basis is not acceptable).

Audit

PERS is also interested in being able to audit the PBM as determined by the board which could be annually. Preference will be given to those who agree to audits.

Proposal Evaluation Process

Evaluation of the proposals will be conducted in four phases:

1. **Phase I — Preliminary Review**

   Proposals will receive preliminary review to determine if they meet the minimum proposal requirements and criteria listed above. NDPERS reserves the right to ask clarifying questions. Only proposals meeting the minimum requirements above will be considered for further evaluation in Phase II.

2. **Phase II — Proposal Evaluation**

   Proposals will be evaluated based on the criteria specified above and per the terms outlined in this RFP. Proposers are encouraged to highlight how they differentiate themselves in these areas and provide this information in appendix K. Only the top proposals will be approved for further evaluation in Phase III. Once the initial evaluation is completed, the review team may ask for additional information to supplement the initial information gathered in response to these questions.

3. **Phase III – Reference Checks, Best and Final Offer and Presentations**

   NDPERS staff may check references, request answers to further questions, and require presentations by key administrator personnel, which will be evaluated based on the stated criteria. During final consideration a best and final offer may be requested. Only the top proposals will be approved for further evaluation in Phase IV.

4. Phase IV – Site Visits, Final Selection, and Notification

The evaluation committee will forward findings and conclusions to the NDPERS Board and may request site visits and make a final review of the top proposals based on all of the criteria above to select a finalist. Vendors will be notified of the intent of NDPERS to negotiate a contract with the selected vendors via e-mail.

Note: Self-insured proposals will be evaluated after the fully insured bids to determine which contract type is expected to be most cost effective for NDPERS. .

NDPERS reserves the right to request clarifications and additional information regarding the proposal during the proposal evaluation process. However, NDPERS Board reserves the right to make an award without further clarification of the proposal received. Therefore, it is important that each proposal be submitted in the most complete manner possible.

North Dakota Public Employees Retirement System

Request for Proposal

Self-Insured Group Medical and Prescription Drug Coverage

August 13, 2014

Proposals Due:
By 5:00 p.m. CT
October 10, 2014

Key Information

Objective

North Dakota Public Employees Retirement System ("NDPERS") is soliciting proposals for the administration of its employee/retiree medical and prescription drug insurance plan, with a July 1, 2015 effective date. Responses are required for the self-insured financial arrangement as described in this Request For Proposal (RFP). Proposals will be accepted from vendors that are capable of offering a statewide provider network, utilization management, disease management, wellness program and pharmacy benefit manager services along with other related services.

This is the second of two RFP's relating to the NDPERS group insurance plan. The first RFP is for a fully insured plan arrangement and is for a six year contract arrangement with renewals every two years. It was issued July 9, 2014. This is the second RFP requesting proposals for self-insured administration, which is a four year contract subject to two year renewals beginning July 1, 2015 through June 30, 2017. The Prescription Drug Plan ("PDP"), however, will have a contract date beginning January 1, 2016 to December 31, 2016 and renewing for a second year January 1, 2017 to December 31, 2017.

The NDPERS Board will determine which funding approach it will implement based on the results of both RFPs (See Section II of this RFP for further detail).

Background

NDPERS is responsible for the administration of the State of North Dakota's Retirement, Health, Life, Deferred Compensation, FlexComp, EAP, and Retiree Health Credit programs. In addition, cities, counties, schools and other political subdivisions of the state participate at their option. NDPERS also administers three voluntary insurance programs: a group dental, vision, and long-term care program. Approximately 23,000 active employees and 8,000 retirees are eligible to participate in these plans.

NDPERS reserves the right to select the health plan proposals that best fit its needs and the needs of its eligible employees/retirees. NDPERS has retained Deloitte Consulting LLP ("Deloitte Consulting") to assist with the RFP process.

Currently Blue Cross Blue Shield of North Dakota ("BCBSND") insures the medical and prescription drug plan under a fully-insured arrangement with some risk sharing provisions.

In determining which bid, if any, will best serve the interests of eligible employees/retirees and the state, the NDPERS and its Board shall give adequate consideration to the following factors:

1. The economy to be affected.
2. The ease of administration.
3. The adequacy of the coverages.
4. The financial position of the carrier, with special emphasis as to its solvency.
5. The reputation of the carrier and any other information that is available tending to show past experience with the carrier in matters of claim settlement, underwriting, and services.

6. The board may establish a self-insured plan only if it is determined to be less costly than the lowest bid submitted by a carrier for underwriting the plan with equivalent contract benefits

Proposed Timetable

The timeline is provided below for informational purposes. NDPERS reserves the right to change the dates. Every effort will be made to notify vendors of changes to the proposed timeline.

Activity	**Date/Time (All Times in CT)**
NDPERS publishes Request for Proposal (RFP)	August 13, 2014
Vendor Conference*	September 4, 2014
Vendor questions (in writing) due	September 15 , 2014 (5 pm)
NDPERS distributes answers to vendors' questions	September 24 , 2014
Proposals due	**October 10, 2014 (5 pm)**
Finalist presentations (if requested)	TBD
NDPERS notifies finalist of intent to negotiate	TBD December 2014
Contractor and NDPERS complete negotiations	TBD Jan/Feb 2015
Contractor and NDPERS begin implementation	March 2015
Contractor(s) begins providing services	July 1, 2015

RFP Coordinator Contact

Deloitte Consulting LLP
50 South 6th Street
Suite 2800
Minneapolis, MN 55402
jkjohnson@deloitte.com

*A vendors' conference will be held in Bismarck on September 4, 2014 at **the North Dakota Association of Counties Building at 1661 Capital Way from 1:00 – 3:00 p.m.** or until all questions have been submitted. Vendors may attend in

Note:

From the date of issuance until the announcement of the finalist(s), vendors may contact only the RFP Coordinator. All correspondence and questions must be submitted in writing via e-mail to the RFP Coordinator in accordance with the timeline set forth in this RFP. NDPERS personnel are not authorized to discuss this RFP with vendors; doing so may result in disqualification. Vendors may continue to communicate with NDPERS staff regarding other relevant business matters.

person or call in to 701-328-9754 the day of the conference. The phone number will be activated at 12:55 p.m. central time. Anyone calling in must identify themselves for everyone in the room. Expenses incurred by vendors to participate in the vendors conference, either in person or by voice, are the responsibility of the vendor and will, under no circumstances, be reimbursed by NDPERS. Those who elect to participate via teleconference must understand that no accommodation will be made in the event of lost connectivity on their part for poor audio quality, for missed questions asked at the conference, etc. Other than for publishing questions and final answers, no follow-up meeting or broadcast will be made to accommodate or rectify any shortcomings in the teleconference format. Questions and answers will be posted to the NDPERS website by September 24, 2014.

I. Overview of the NDPERS Program

NDPERS

North Dakota Public Employees Retirement System (NDPERS) is a separate agency created under North Dakota state statute, and while subject to state budgetary controls and procedures, as are all state agencies, is not a state agency subject to direct executive control. NDPERS is managed by a Board comprised of seven members:

- Chairman – appointed by the Governor
- Member – appointed by the Attorney General
- Member – elected by retirees
- Members (3) – elected by active employees
- State Health Officer or Designee

Dakota Plan

Currently, NDPERS contracts with Blue Cross/Blue Shield of North Dakota ("BCBSND") to provide fully-insured health care coverage with a risk sharing agreement. If incurred claims plus expenses are more than premiums during the biennium, 50% of the first $6,000,000 is refunded to BCBSND. If incurred claims plus expenses are less than premiums plus interest during the biennium, BCBSND retains 50% of the first $3,000,000 of surplus and any remaining funds are returned to NDPERS. Prior to July 1, 1989, the program was self-insured. The plans provided pursuant to this fully funded arrangement are:

- PPO/Basic – Grandfathered plan
- PPO/Basic – Non grandfathered plan
- HDHP/HSA Plan – Non grandfathered
- Dakota Retiree Plan including Prescription Drug Program (PDP)

PPO

PPO stands for "Preferred Provider Organization" and is a group of hospitals, clinics, and physicians who have agreed to discount their services to members of NDPERS. Members have "freedom of choice" in selecting which physician or medical facility to use for services. Because PPO health care providers charge less for medical care services, cost savings are passed on to the members by way of reduced cost sharing amounts. The PPO discount NDPERS receives is in addition to the BCBSND negotiated reimbursement schedule with participating professional service providers in North Dakota. The present NDPERS PPO network discounts are not transferable and would need to be re-negotiated by a new vendor.

Basic Plan

If a PPO health care provider is not available in the member's area, or if the member chooses or is referred to a health care provider not participating in the Preferred Provider Organization, the member will receive the Basic Plan benefits.

High Deductible Health Plan (HDHP)

In addition to the PPO / Basic Plans, NDPERS offers eligible participants the option to enroll in a

high-deductible health plan (HDHP) through BCBSND, with a Health Savings Account (HSA) administered by Discovery Benefits. The HDHP/HSA option has a higher annual deductible and larger out-of-pocket cost for medical services. However, the higher out-of-pocket costs are partially offset by an employer contribution to the HSA. For the 7/1/13-6/30/14 plan year the NDPERS annual HSA contributions are: $728.88 for single coverage and $1,764.00 for family coverage. NDPERS members enrolled in the HDHP/HSA options are eligible to participate in BCBSND's HealthyBlue and Health Club Credit wellness programs, and may earn the same rewards available to NDPERS members enrolled in the Dakota PPO/Basic plan.

Coverage Rules: When Coverage Begins & Eligibility

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment. Each eligible employee may elect to enroll his/her eligible dependents.

Eligible employees include:

- State employees or employees of participating Political Subdivisions first employed prior to August 1, 2013 who are at least eighteen (18) years of age and whose services are not limited in duration, who are filling an approved and regularly funded position, and who are employed at least 17 and one-half hours per week and at least five months each year;

- State employees first employed after August 1, 2013, who are employed at least twenty (20) hours per week and at least twenty weeks each year of employment are eligible to receive benefits; and

- A temporary employee employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made prior to and they are participating in the uniform group insurance program as of January 1, 2015. A temporary employee employed on or after August 1, 2007, is only eligible to participate in the uniform group insurance program if the employee is employed at least twenty hours per week and at least twenty weeks each year of employment and elected to participate prior to, and is participating in the uniform group insurance program as of January 1, 2015. A temporary employee first employed on or after January 1, 2015, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, is eligible to participate in the uniform group insurance program only if the employee meets the definition of a full-time employee under section 4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)].

- An eligible dependent includes the eligible employee's spouse under a legally existing marriage between persons of the opposite sex, the employee's or the employee's living, covered spouse's children under the age of 26 years. Children are considered under age 26 until the end of the month in which the child becomes 26 years of age. The term child or children includes:

1. Children physically placed with the employee for adoption or whom the employee or the employee's living, covered spouse has legally adopted.

2. Children living with the employee for whom the employee or the employee's living, covered spouse has been appointed legal guardian by court order.

3. The employee's grandchildren or those of the employee's living, covered spouse if: (a) the parent of the grandchild is unmarried, (b) the parent of the grandchild is covered under this Benefit Plan and (c) both the parent and the grandchild are primarily dependent on the employee for support. If a lapse in coverage occurs due to ineligibility of the parent under this Benefit Plan, the grandchild cannot be reenrolled unless the employee has been appointed legal guardian.

4. Children for whom the employee or the employee's living, covered spouse are required by court order to provide health benefits.

5. Children beyond the age of 26 who are incapable of self-support because of intellectual disability or physical handicap that began before the child attained age 26 and who are primarily dependent on the employee or the employee's spouse for support. Coverage for such a disabled child will continue for as long as the child remains unmarried, disabled and the employee's dependent for federal income tax purposes. The employee may be asked periodically to provide evidence satisfactory to BCBSND of these disabilities.

Retiree Eligibility

Retirees or surviving spouses who are under age 65 and are receiving a retirement allowance from the Public Employees Retirement System, the Highway Patrol Retirement System, the Teachers Insurance and Annuity Association College Retirement Equities Fund (TIAA-CREF), the Job Service Retirement Plan, the Teachers' Fund for Retirement (TFFR), or retirees who have accepted a retirement allowance from a participating political subdivision's retirement plan are eligible for benefits. However beginning July 1, 2015 all new Pre-Medicare retirees after that date will only be eligible for COBRA coverage. The pre-Medicare plan will no longer be available to retirees after that date. Pre-Medicare retirees who retiree before that date will continue to be eligible and may participate.

The Non-Medicare retiree single rate is 150% of the active member single rate; the rate for a non-Medicare retiree plus one is twice the non-Medicare single rate, and the rate for a non-Medicare retiree plus two or more dependents is two and one-half times the non-Medicare retiree single rate.

Detailed information regarding current eligibility for dependents for the Dakota Plan can be found in the 2013-2014 Summary of Benefits at http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-actives.pdf.

Dakota Retiree Plan

Employees who retire have the option to continue insurance coverage through NDPERS. The Dakota Retiree Plan provides health care coverage as a secondary payer to Medicare. Coverage for Medicare retirees is different than the coverage for non-Medicare retirees. The NDPERS Medicare retiree plan is identical to a Medicare supplement Plan F. Each eligible

retiree may elect to enroll his/her eligible dependents as described in the *Eligibility* section above. The prescription drug benefit for retirees is provided through a group Prescription Drug Program (PDP) on a calendar year basis.

Detailed information regarding current eligibility for dependents for the Dakota Plan can be found in the 2013-2014 Summary of Benefits at http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-retirees.pdf

Pharmacy Benefit Manager

Currently, the prescription drug plan coverage for active and non-Medicare retirees is bundled with the medical plan provided by BCBSND who provides the core pharmacy benefit functions and services including claims processing, pharmacy network development/maintenance, drug formulary design, clinical program management, mail service, and specialty pharmacy except the Rx plan for Medicare eligible members. The plan for Medicare eligible members is identical in terms of plan provisions (out of pocket expenses) except this coverage is provided separately through a qualified PDP. Consequently, differences do exist in terms of the formulary and other such items. The PDP contract is on a calendar year basis.

Data Warehouse

NDPERS maintains a health care data warehouse. The medical records and related data of the employees, retirees, and dependents, obtained as the result of enrollment in the uniform group insurance program, are the property of the Public Employees Retirement System (Century Code Statute 54-52.1-12). Currently the health plan provides raw data, including detailed claims and enrollment data sets, based on a mutually agreed upon format no less than monthly for the data warehouse repository. All administrators are expected to submit claims and enrollment data, in an agreed upon format.

Reporting Requirements

All monthly reports should be done for each plan offered (e.g. Grandfathered PPO, Non-Grandfathered PPO, HDHP, etc.) and should also roll up to an annual, aggregate report. NDPERS requires vendors to provide reporting which includes, but is not limited to the following.

1. Monthly enrollment counts by plan. (Exhibit 18)

2. Yearly breakdown, by plan of membership, high dollar cases, claims, medical charges submitted, ineligible charges, provider discounts, COB savings, copayments, deductibles and coinsurance paid by participants and final paid claims. (Exhibit 5)

3. Annual policy accounting statement including claim reserves.

4. Quarterly summary to include financial/trend analysis, membership and health utilization summary, high dollar claims, RX and specialty spending and payment trend, health management and wellness program key indicators, performance standards and guarantees measures and accounting of completed and ongoing activities. (Exhibit 4)

5. Monthly experience report including paid claims, administration fees, stop loss reimbursements, etc.. A sample of the current monthly report is included as (Exhibit 6),

however NDPERS understands that a monthly report format will include different data under a self-insured contract.

Each vendor must:

1. Provide NDPERS with claims specific data on a monthly basis on compact disc, secure download, or other agreed upon medium. This information shall be in a format acceptable to NDPERS and subject to all federal and state laws on confidentiality and open records.

2. Carry over any deductible and or coinsurance amounts incurred from January 1 to June 30, of the prior contract period.

3. Be able to provide upon request annual accounting of HSA accounts, including the following information:

   a. Year end balances
   b. Number (and value) of eligible expense withdrawals
   c. Number (and value) of non-eligible expense withdrawals.

4. Provide Biennial close-out report

   In addition to the above plan wide reporting, the successful vendor will provide plan specific reporting as requested for the following:

   - PPO/Basic – grandfathered plan
   - PPO/Basic – Non grandfathered plan
   - HDHP/HSA Plan – Non grandfathered
   - Dakota Retiree Plan including PDP

   Also please note NDCC 54-52.1-12 which applies to all information the vendors acquire relating to NDPERS.

Funding

Currently NDPERS contracts with BCBSND to provide its health care coverage on a fully-insured basis with a risk sharing arrangement. BCBSND maintains full liability for incurred claims in excess of paid premium (no deficit carryover) subject to a risk corridor. All funds in the account get interest paid each month based upon the yield to maturity of US Treasury Notes maturing 24 months hence. NDPERS recognizes that different funding arrangements will be necessary to implement a self-insured program.

Risk Sharing Arrangements

A risk sharing arrangement is currently in place with BCBSND. If incurred claims plus expenses are more than premiums during the biennium, 50% of the first $6,000,000 is refunded to BCBSND. If incurred claims plus expenses are less than premiums plus interest during the biennium, BCBSND retains 50% of the first $3,000,000 of surplus. Any additional surplus is returned to NDPERS with interest. The interest rate shall be based on the US Treasury Notes quoted by the Wall Street Journal. NDPERS recognizes that different funding arrangements will be necessary to implement a self-insured program.

Performance Standards and Guarantees

The current health plan administrators adhere to agreed-upon performance standards and guarantees with a financial incentive/forfeiture component that is negotiated each biennium as part of the renewal process. The settlement/payment for such incentive/forfeiture is included in the annual settlement process. See appendix H for a copy of these performance standards and guarantees. You are required to offer your performance standards and guarantees for the board's consideration using appendix H. It is a priority for the board to have a comprehensive set of standards and guarantees relating to this plan.

Current Annual Settlement and Reconciliation

Within 31 days of 12 months after the end of the biennium NDPERS requires an accounting summary which will result in an initial settlement of the biennium agreement. Within 31 days of 24 months after the end of the biennium BCBSND provides an accounting summary which will result in a final settlement of the biennium agreement. NDPERS recognizes that different settlement arrangements will be necessary to implement a self-insured program.

Current and Desired Plan Designs

In addition to replicating the current coverage provisions, as noted below, the successful vendor shall include adding any federally required coverage provisions on or after July 1, 2015. For details, refer to the following:

Dakota Plan:
http://www.nd.gov/ndpers/insurance-plans/group-health.html
PPO/Basic – Grandfathered Plan
PPO/Basic – Non Grandfathered Plan
HDHP/HSA – Non Grandfathered Plan

Please note NDPERS is requesting that the proposer also provide a HSA product as part of this proposal for the HDHP product

Dakota Retiree Plan - http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-retirees.pdf
PDP coverage for retirees - http://www.nd.gov/ndpers/forms-and-publications/publications/medicare-benefits-summary-current.pdf

Member Access

Members have "freedom of choice" in selecting which physician or medical facility to use for services. PPO benefits are currently available in the state of North Dakota, unless the medical facility provides services at a satellite location in another state. If a PPO health care provider is not available in the member's area, or if the member chooses or is referred to a health care provider not participating in the PPO, the member will receive the Basic Plan benefits. The copayments, annual deductibles and coinsurance amounts vary between the PPO Plan and Basic Plan.

Directory

The current provider directory is available through the BCBSND website at http://provider.bcbsnd.com. Health plan vendors must be able to reasonably match the existing provider networks to provide appropriate access on a statewide basis.

Disease and Other Health Management Programs

Currently, BCBSND provides disease management and health improvement programs for eligible members. The list below includes most of the programs currently offered:

- Coronary Heart Disease
- Diabetes
- Hypertension
- Immunizations
- ADHD
- Colorectal Cancer
- Asthma

BCBSND and most major Health Systems collaborate to offer a program called the Advanced Medical Home Program or MediQHome.

Vendors are expected to offer comprehensive, high quality case/disease management programs, including rare and chronic diseases, for the plans offered to both actives and retirees. Proposed programs and vendors shall be identified in this RFP.

Wellness Programs

Partnering with BCBSND, NDPERS participates in and offers a variety of wellness programs for eligible members and employers. The list below provides more details on some of the programs currently offered:

Employee Wellness Incentives:

- Covered employees and/or spouses are each eligible to receive up to $250 per year through participation. All covered retirees and/or spouses are also eligible for this incentive. Each participant must complete an annual health risk assessment through HealthyBlue, the online wellness tool. Two programs are available to achieve the $250 benefit. The programs are:
  - 1)HealthyBlue Online Wellness Tool – participants utilize the online wellness tool to take steps towards better health goals, including tracking activity and performing challenges to receive points for their participation. The points are then redeemed towards various gift cards or fitness related prizes - see Exhibit 1.
  - 2) Health Club Credit – participants who utilize a health club facility 12 days per month will be reimbursed $20 per month towards their membership fee - see Exhibit 2.

Employer Wellness Initiatives:

Employer Based Wellness Program & Wellness Funding Program:

- The employer based wellness program provides that employers who do not have an on site wellness program pay premiums to NDPERS that are 1% higher. The program is given its authority in NDCC 54-52.1-14. The goals for the program are to:

  - have 100% of our employers supporting a wellness message at their worksite
  - have our members get a greater understanding of wellness
  - create a better quality of life for our membership

- Employers that participate in the NDPERS Group Health Insurance Plan have the opportunity to enroll in the employer based wellness program on an annual basis. For the wellness year July 1, 2014 to June 30, 2015, there are 192 of 273 employers participating. The wellness plan year is from July 1 to June 30. See the following for more details:

http://www.nd.gov/ndpers/insurance-plans/docs/wellness-forum/employer-based-wellness-overview.pdf

Wellness Benefit Funding Program:

The NDPERS Wellness Benefit Funding Program is available to employer groups that participate in the NDPERS group health plan and have been approved for the Employer Based Wellness Discount Program. The Wellness Funding Program, in conjunction with the Wellness Discount Program, encourages employers to commit to promoting wellness planning and programming at their work sites. The funding program provides funding assistance to employers that develop and sponsor on-site wellness programs for their employees. Benefits are available to eligible employers once each fiscal year of the biennium. For details, visit http://www.nd.gov/ndpers/insurance-plans/docs/wellness-forum/wellness-program-funding-overview.pdf

Additional Wellness Related Services & Programs:

- **Wellness Consultant** – a dedicated staff member to assist employees and employers with their wellness initiatives. Examples of services provided include:

To members:

- Assist with online wellness tool issues and questions.

- Develops various challenges for participants to do through online wellness tool.

To employers:

- Conducts monthly coordinator calls with employer wellness coordinators. – see Exhibit 15
- Prepares and distributes a monthly wellness newsletter for coordinators. – see Exhibit 14
- Coordinates monthly wellness star designee on online wellness tool. – see Exhibit 13
- Conducts coordinator workshops each summer across state for wellness coordinators to attend. – see Exhibit 19Coordinates the awarding of up to 6000 points (towards $250 maximum) on the online tool for an employee's participation in the employer sponsored wellness program activities. – see Exhibit 11.

Member Education Presentations on Wellness Topics – current vendor provides two member education consultants that travel statewide to worksites and conduct presentations for employees on various wellness related topics. There are currently 11 different topics provided. See Exhibit 16 for an example.

Added Value Programs: (See exhibit 10 for other details)

- Tobacco Cessation – All currently covered state employees and their dependents age 18 and older are eligible to participate. The program provides telephone counseling and up to $700 in expenses including up to $200 for a participant's office visit and co-pays and $500 every six months for FDA-approved medications. See the following website for further details: https://www.bcbsnd.com/search-preview/-/ndpers-tobacco-cessation. This is a collaboration between the current vendor, the ND Department of Health and NDPERS.
- Prenatal Plus Program – a program designed to identify women at higher risk for premature birth and to prevent the incidence of preterm birth. See http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-actives.pdf#page=35 for details.
- Diabetes Management – this program is offered to covered members that are diabetic. The program is coordinated with the ND Pharmacy Association. See http://www.aboutthepatient.net/patients/diabetes-info/ndpers-program-info/ for details.

Other Administrative Services – See Exhibit 10 for details

The successful vendor will also need to perform the following administrative services:

- Make payments for the NDPERS Tobacco Cessation Program https://www.bcbsnd.com/search-preview/-/ndpers-tobacco-cessation
- Make payment for the NDPERS Diabetes Program . See http://www.aboutthepatient.net/patients/diabetes-info/ndpers-program-info/ for details.
- Make payments for the NDPERS Wellness Funding Program. – see http://www.nd.gov/ndpers/insurance-plans/docs/wellness-forum/wellness-program-funding-overview.pdf for details.

NDPERS will submit enrollments via a centralized electronic system. NDPERS will collect enrollment/eligibility information which will be provided to the successful contractor on a data file that follows the HIPAA 834 file specifications. Files will be transmitted using a secure file transmission process. The successful contractor must be able to receive this data in that format and media.

Employee Assistance Program (EAP)

The mission of the Employee Assistance Program (EAP) is to provide confidential, accessible counseling and referral services to individual employees in order to restore and strengthen the health and productivity of employees and the workplace. The EAP is available to employees and their immediate family members. For more information regarding the current EAP, refer to the website: http://www.nd.gov/ndpers/eap/index.html

The selected vendor(s) are expected to cooperate as needed to ensure seamless administration and member service. NDPERS is not seeking proposals for this service as part of this RFP.

COBRA Administration

NDPERS provides COBRA continuation for terminated/retired employees in compliance with federal regulations. NDPERS administers this program. The selected vendor(s) are expected to cooperate as needed to ensure seamless administration and member service. NDPERS is not seeking proposals for this service as part of this RFP.

Workers' Compensation Program

If benefits or compensation are available, in whole or in part, under provisions of a state workers' compensation act, laws of the United States or any state or political subdivision thereof, the benefits under the Dakota Plan will be reduced by and coordinated with such benefits or compensation available.

Conversion

The 2014 ACA environment has significantly changed how conversion works. There is no longer a specific conversion product, but there is still a conversion privilege used to purchase an individual metallic plan. This conversion privilege impacts what effective date a member can sign up once employment with NDPERS ends and ensures continuous coverage for members that apply within required timeframes. Administration of the conversion privilege shall comply with any applicable federal or state law or regulation. The vendor is expected to administer all notices and transactions, including billing (where applicable), with respect to this service.

Out of Area Coverage

If a member receives care from a non-participating health care provider within the state of North Dakota, benefit payments are reduced by a certain percentage and the member is responsible for the payment reduction. If a member receives care from a non-participating health care provider outside the state of North Dakota, the allowance for covered services will be an amount within a general range of payments made and judged to be reasonable by BCBSND. The

benefits available under the Dakota Plan and Dakota Retiree Plan are also available to members traveling or living outside of the United States (subject to certain requirements such as preauthorization and prior approval). Detailed information regarding eligibility and out of area benefit levels can be found in the 2013-2014 Summary of Benefits at http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-actives.pdf.

Open Enrollment

Dakota Plan annual open enrollment typically takes place in October/November of each year. Employees may enroll in coverage or make changes in coverage during this period. Annual open enrollment is not applicable to Non-Medicare retirees.

Current and Historical Monthly Rates and Employee Contributions

The contributions for single or family coverage for state employees are currently paid at 100% by the State. Please note that for the state, a single composite rate is used instead of the single/family rate. The contributions for employees of participating political subdivisions are at the discretion of the subdivision and subject to the minimum contribution requirements of BCBSND. The contributions for temporary employees are either at their own expense or their employer may pay any portion of the premium subject to its budget authority. Effective January 1, 2015, the following applies:

In the case of a temporary employee who is an applicable taxpayer as defined in section 36B(c)(1)(A) of the Internal Revenue Code [26 U.S.C. 36B(c)(1)(A)], the temporary employee's required contribution for medical and hospital benefits self-only coverage may not exceed the maximum employee required contribution specified under section 36B(c)(2)(C) of the Internal Revenue Code [26 U.S.C. 36B(c)(2)(C)], and the employer shall pay any difference between the maximum employee required contribution for medical and hospital benefits for self-only coverage and the cost of the premiums in effect for this coverage.

The chart below shows the current total monthly rates for NDPERS members:

Dakota Plan		Single	Family		Single	Family
Enrolled Prior to July 1, 2013						
State Program	**Grandfathered Plan**			**High Deductible Health Plan**		
July 1, 2013 – June 30, 2015	Active		$981.68	Active		$981.68
July 1, 2013 – June 30, 2015	COBRA/Part-Time/Temporary/LOA	$472.74	$1,139.34	COBRA/Part-Time/Temporary/LOA	$412.00	$992.34
Political Subdivision	**Grandfathered Plan**			**NonGrandfathered Plan**		
July 1, 2013 – June 30, 2015	Active/COBRA	$505.06	$1,220.22	Active/COBRA	$512.74	$1,238.76
Non Medicare Retirees	**Grandfathered Plan**					
July 1, 2013 – June 30, 2015	Non-Medicare Retirees	$709.10	$1,418.20			
	Family 3+		$1,772.74			
Enrolled On or After July 1, 2013						
Political Subdivision	**Grandfathered Plan**			**NonGrandfathered Plan**		
July 1, 2013 – June 30, 2014	Active/COBRA	$501.00	$1,210.80	Active/COBRA	$512.14	$1,237.72
July 1, 2014 – June 30, 2015		$529.28	$1,279.40		$541.06	$1,307.84

Dakota Retiree Plan		Single	Family
Enrolled Prior to July 1, 2013			
July 1, 2013 – June 30, 2015	Medicare Eligible	$221.24	$439.72
	One Medicare/One Non-Medicare		$609.40
Enrolled On or After July 1, 2013			
July 1, 2013 – June 30, 2014	Medicare Eligible	$222.16	$441.50
	One Medicare/One Non-Medicare		$573.38
July 1, 2014 – June 30, 2015	Medicare Eligible	$227.00	$451.22
	One Medicare/One Non-Medicare		$636.24

Note: The retiree plan rates are a composite of the PDP premiums and medical premiums.

Age/Gender Statistics

Appendix E – Item 1 displays a breakdown of the member counts by age and gender for the period May 2014.

Contract Count

Appendix E – Item 2 displays a breakdown of the contract counts by month and cost category for the period of 1/2011 – 5/2014.

Member Count

Appendix E – Item 3 displays a breakdown of the member counts by month and cost category for the period of 1/2011 – 5/2014.

Claims Volume

Appendix E – Item 4 displays a breakdown of the total claims transactions by month and cost category for the period of 1/2011 – 5/2014.

Claims Dollars

Appendix E – Item 5 displays a breakdown of the total claims plan paid dollars by month and cost category for the period of 1/2011 – 5/2014.

Large Claim History

Appendix E – Item 6 displays a high level summary of unique members with plan paid dollars in excess of $100,000 for the period of 7/1/12 – 6/30/13 and 7/1/13 – 5/30/14.

Contracts by Zip Code

Appendix E – Item 7 displays a breakdown of the contract counts by residence zip code for the period May 2014.

II. RFP Objectives and Vendor Responsibilities

RFP Objectives

North Dakota Public Employees Retirement System ("NDPERS") is soliciting proposals for the administration of its employee medical and prescription drug insurance plan, with a July 1, 2015 effective date. Responses are required for the self-insured financial arrangement as described in this RFP. Proposals will be accepted for vendors that are capable of offering a statewide provider network, utilization management, disease management, wellness program, pharmacy benefit manager services along with other related services. In addition, the successful vendor will provide an HSA product for the HDHP. Approximately 23,000 active employees and 8,000 retirees are eligible to participate in these plans. Total membership in the plan is approximately 65,000 individuals.

A separate RFP requesting fully-insured administration of the same plans and programs was distributed on July 9, 2014. In order for a self-insured arrangement to be elected (NDCC 54-52.1-04.3), it must be determined to be less costly than the lowest bid submitted by a carrier for underwriting the plan with equivalent contract benefits on a fully insured basis. Based upon this legislative direction, the Board is issuing this self-insured plan RFP and will be reviewing the responses from the fully insured proposals first to determine which fully insured bid to compare to the self-insured bids when submitted.

Requested Bids

Fully Insured (First RFP released July 9, 2014)

- All services
- All services except pharmacy

Self-insured (This RFP)

- All services
- Pharmacy only

The contract will be for a four year term with two year renewals, beginning July 1, 2015 through June 30, 2017.

NDPERS is interested in providing high quality, comprehensive and affordable health care to all of its employees and their dependents. The intent of this RFP is to identify and evaluate the proposals that meet the minimum requirements as defined, and select one vendor that will support the program goals and objectives. Current goals and objectives include, but are not limited to, the following:

- **Competitive Overall Cost** – NDPERS intends to continue to provide its employees and retirees with comprehensive health care that is affordable and competitive. NDPERS is especially interested in stabilizing or controlling costs and increases to both the employer and employees. To accomplish this, it is interested in competitive administrative and program fees and competitive provider reimbursement arrangements.

- **Transparent PBM.** NDPERS is interested in evaluating financial arrangements based on the traditional approach to PBM pricing and pricing under a transparent arrangement. "Traditional" financial proposals should include guaranteed effective rate discounts, as well as specific fees and guaranteed rebate dollar amounts. "Transparency" for purposes of this Request for Proposal is defined as a full pass through to NDPERS of all monies paid to the PBM arising from all contracted arrangements as well as elimination of spread pricing. When answering questions and completing exhibits related to your financial proposal, please indicate if your answer would differ under a transparent or a traditional pricing arrangement. NDPERS will give preference to transparent proposals.

- **Replication of existing coverage.** NDPERS is interested in replicating the existing coverage (http://www.nd.gov/ndpers/forms-and-publications/publications/grp-hlth-spd-actives.pdf) for four years, subject to a two year renewal including having a PDP and an HSA . In addition, NDPERS is requesting the effect on expected plan costs or premium-equivalents for the following benefit plan changes expressed as a percentage change:

  - Annual Premium Reductions to change deductible from $400 single/$1,200 family to $450 single/$1,350 family.
  - Annual Premium Reductions to change deductible from $400 single/$1,200 family to $500 single/$1,500 family
  - Annual Premium Reductions to change coinsurance maximum from $750/$1,500 to $900/$1,800 in network and $1,250/$2,500 to $1,500/$3,000 out of network
  - Annual Premium Reductions to change coinsurance maximum from $750/$1,500 to $1,050/$2,100 in network and $1,250/$2,500 to $1,750/$3,500 out of network
  - Annual Premium Reduction for a $5 increase in office visit copay
  - Annual Premium Reduction for a $10 increase in office visit copay
  - Annual Premium Reduction for a $10 increase in emergency room copay.
  - Annual Premium Reduction for a $25 increase in emergency room copay
  - Annual Premium Reductions to change Rx formulary Generic copay from $5 to $10 copay
  - Annual Premium Reductions to change Rx formulary Generic copay from $5 to $7.50 copay
  - Annual Premium Reductions to change Rx Formulary Brand copay from $20 to $25 copay

- Annual Premium Reductions to change Rx Formulary Brand copay from $20 to $22.50 copay

- Annual Premium Reductions to change Rx Non-Formulary copay from $25 to $30 copay

- Annual Premium Reductions to change Rx Non-Formulary copay from $25 to $27.50 copay

- Annual Premium Reductions to change Rx Formulary coinsurance maximum from $1,000 to $1,200.

- Annual Premium Reductions to change Rx Formulary coinsurance maximum from $1,000 to $1,500

- Annual Premium Increases to provide coverage for colonoscopy pursuant to the appropriate national standards

- **Comprehensive, Statewide Provider Network –** NDPERS is interested in the following:

- Broad network in terms of the number (%), breadth, quality and location of network providers, with the goal of matching as close as possible the current provider networks and geographic access.

- Limited doctor/patient disruption – NDPERS is interested in limiting the disruption employees may experience in the event of a change in vendors. (see Appendix I.)

- Access to preferred providers outside the local geographic service area (national).

- Ability of the vendor to negotiate NDPERS-specific contracts.

- The ability to match or exceed existing discount levels

- Commitment to pay for performance and other cost and quality initiatives.

- **Plan Design –** with respect to plan options and design, NDPERS is interested in:

- Confirming the vendor's previous experience with and ability to administer the current plan designs.

- Continuing to provide employees with choice and flexibility at an affordable cost.

- Ability to administer existing Medicare Part D Group PDP plan.

- **Disease and Other Care Management Programs** – NDPERS wishes to continue to offer assertive disease management, care management and care support programs as part of the overall health care program, and is interested in exploring innovative, positive incentives for participation in these programs. Vendors must demonstrate

their ability to report and provide meaningful, interpretive data to better support the disease and other care management programs.

- **Health Improvement, Education and Wellness Programs** – NDPERS is interested in partnering with its vendors to offer the same or similar program. Our existing program also links to the NDPERS employer based wellness program and this should also be supported. Please refer to http://www.nd.gov/ndpers/insurance-plans/employer-based-wellness.html for details on this program. NDPERS also wishes to maintain a dedicated wellness staff member with the successful vendor who will work with our worksite wellness coordinators. The successful vendor must provide this resource.

- **Retiree Coverage –** provide the same levels of coverage to our Medicare retirees.

Vendor Responsibilities

The selected vendor must demonstrate the ability to develop and manage a health care provider network, provide claims processing services, utilization management, medical management, disease management, wellness program, dedicated account service and support, dedicated member/customer service, data/management reporting, billing, appeals process and other administrative services. Vendors should also adjudicate and resolve Medicare Secondary manner and reconcile Medicare D eligibility and premium discrepancies. (See Exhibit 8)

In addition, vendors are expected to conduct ongoing performance review meetings with NDPERS regarding plan financial performance, provider contracting issues, progress related to network goals and new network development, patient satisfaction, new or emerging legal issues, and other relevant and timely operational issues that may affect the plan. Vendors are to identify actions to enhance that performance.

Additional details regarding expected health plan administrator duties can be found in Appendix A – Minimum Contract Provisions of this RFP and Appendix G. Vendors must review these sections carefully to identify how you would provide current contract benefits and what contracting provisions you could agree to, while maintaining the minimum requirements specified in Section III – Proposal Content outlined below. A sample ASA must be included with the proposal in Appendix F. Specific responses are needed for the analysis of “equivalent contract benefits”. In addition the board will consider other information.

The proposed effective date of the program is July 1, 2015, except the PDP, that effective date is January 1, 2016. Vendors will have the opportunity to demonstrate capabilities in these areas by responding to the questionnaire provided in Appendix C of this RFP and potentially with additional finalist questions and presentations.

III.Proposal Content

This section describes minimum requirements, unique content requirements, and outlines general conditions and requirements that are not specifically addressed in the Minimum Contract Provisions in Appendix A. Review the general conditions and requirements carefully, and include any deviations and exceptions to these with your submission as described in this section and elsewhere in the RFP. Also refer to Section IV., Proposal Submission, for instructions and additional information regarding proposal format and content.

Required Forms

The following forms can be found in Appendix B, Response Template, of this RFP.

1. Face Sheet – This is included in Appendix B, Item 1.

2. Minimum Requirements for Administrative Services Checklist – This is included in Appendix B, Item 2.

3. Affidavit of Non-collusion – Each responder must complete the Affidavit of Non-collusion form and include it with the response. This is included in Appendix B, Item 3.

4. Conflicts of Interest list. Responder must provide a list of all entities with which it has relationships that create, or appear to create, a conflict of interest with the work that is contemplated in this Request for Proposals. The list should indicate the name of the entity, the relationship, and a discussion of the conflict. This is included in Appendix B, Item 4.

5. Compliance with Federal and State Laws Form – Responder must provide certification to NDPERS that they comply or if notified will comply with applicable Federal and State laws. This is included in Appendix B, Item 5.

6. Location of Service Disclosure Certification. Proposers must certify the location where services to be provided will be performed, and agree that the location will not change during the course of the contract without prior written approval from NDPERS. This is included in Appendix B, Item 6.

Unique Content Requirements

1. Medical Questionnaire - This is included in Appendix C.

2. Cost proposal - This is included in Appendix D.

3. Deviations and suggested alternatives to Minimum Contract Provisions – This is included in Appendix F, Item F1.

   Responders should review in detail the minimum contract requirements and conditions provided in Appendix A.

   If you take exception to any of the terms, conditions or language , you must indicate those exceptions and suggest alternative language in your response to the RFP by

submitting Appendix F certain exceptions may result in your proposal being disqualified from further review and evaluation. Only those exceptions indicated in your response to the RFP will be available for discussion or negotiation.

4. Deviations to other RFP requirements. This is included in Appendix F, Item F2.

5. Summary/checklist of specific items identified as trade secret.

   All materials submitted in response to this RFP will become property of NDPERS and will become public record, after the evaluation process is completed. Completion of the evaluation process occurs when the government entity has completed negotiating the contract with the selected vendor. If the Responder submits information in response to this RFP that it believes to be propriety or trade secret materials the Responder must:

   a. Clearly mark each provision that respondent believes to be proprietary or trade secret materials in its response at the time the response is submitted,

   b. Include a statement with its response justifying the proprietary or trade secret designation for each provision.

      Responder is put on notice that, except for information that is confidential or otherwise exempt from the North Dakota open records law (NDCC § 44-04), NDPERS must disclose to the public upon request any records it receives from Responder. If NDPERS receives an open records request for information that has been identified by respondent as proprietary or trade secret, NDPERS will review the above information submitted by Responder and may also contact Responder for additional input regarding the nature of those records, but NDPERS will be solely responsible for making the ultimate determination of whether the records are open or exempt. All information that has not been clearly identified by respondent as being proprietary or trade secret will be deemed to be open record. NDPERS will not consider the prices submitted by the Responder to be proprietary or trade secret materials.

6. Appendix G: Existing Contract Benefits

7. Appendix H: Performance Standards and Guarantees

8. Appendix I: Disruption Analysis

9. Appendix J: Fee Schedule Analysis

10. Appendix K: Suggested General Conditions and Requirements

11. Appendix L: Pharmacy Questionnaire

12. Appendix M: Sample Business Associate Agreement

13. Appendix N: Pharmacy Experience

1. Proposal Contents

By submission of a proposal, Responder warrants that the information provided is true, correct and reliable for purposes of evaluation for potential contract award. The submission of inaccurate or misleading information may be grounds for disqualification from the award. The contents of the proposal and any subsequent clarifications submitted by the successful proposers will become part of the contractual obligation and incorporated by reference into the ensuing contract.

The proposal that you submit will constitute your unqualified consent to the following mandatory requirements:

- Proposals submitted in response to this request will be considered the only submission; revised proposals will not be allowed after the proposal return date and time unless requested by NDPERS or approved by the NDPERS Board.
- All proposals must answer all applicable questions on the attached questionnaire.
- All proposals become the property of NDPERS and will not be returned to the offering company. Also all information provided is a public record under North Dakota unless specifically exempted by law.
- All offering companies must be prepared to make finalist presentations and allow site visits..

2. Term of Contract

The North Dakota Public Employees Retirement System is governed by North Dakota State statutes, which includes a requirement to solicit bids for medical benefits coverage for a specified term for a fully-insured arrangement and every other biennium for an Administrative Services arrangement. NDPERS has determined that the specified term for providing such hospital and medical benefits under a self-insured arrangement shall be four years to include two biennium periods: July 1, 2015 to June 30, 2017and July 1, 2017 to June 30, 2019. This contracting period is set in NDCC 54-52.1-04.2

If the plan is awarded as a self-insured plan pursuant to this RFP, NDPERS and the successful proposer(s) may renegotiate the existing contract during the interim biennium without resorting to a formal bidding process. If the NDPERS and the successful proposer(s) are unable to reach an agreement during renegotiations, a formal bidding process will be initiated. Negotiations will begin in June and end in September in the final fixed year of the biennium. NDPERS also reserves the right to terminate any contract awarded pursuant to this bidding process within thirty (30) days notice.

3. Minimum Requirements

The following are the minimum requirements that need to be addressed in each proposal and apply unless waived by the board:

1) Electronic Data Collection and Reporting Requirements: Respondents must, at a minimum, meet the data collection and reporting requirements described in Section 1 under Reporting Requirements of the RFP.

2) Vendor must be able to take current 834 electronic enrollment file (containing member eligibility) at no cost.

3) Effective Date of Coverage: Respondents must be able to provide required coverages and services by July 1, 2015 and for the PDP by January 1, 2016.

4) Licensure: Respondents must have all applicable licenses required by North Dakota or agree to obtain necessary licensure prior to the effective dates of coverage.

5) Term of Contract: NDPERS is required by state statute to solicit bids for medical benefit coverage for a specified term for a fully-insured arrangement and every other biennium for a self-funded arrangement (i.e., 4-year contract with a renewal after 2 years). .NDPERS reserves the right to extend the agreement subject to negotiation with the successful vendor if the board deems it necessary.

6) Rate Guarantees: For all proposals, premium rates and administrative fees must be guaranteed for a period of two years, from July 1, 2015 to June 30, 2017. PDP rates will be developed each year based upon the federal subsidy.

7) Recommended PDP rates: Must be submitted to NDPERS end of September of each year.

8) Renewals: Renewals must be submitted to NDPERS in August of the year preceding the contract renewal date and in September of each year for the PDP.

9) Contract Termination: Respondent's contract termination provision may not require more than 120-day notice and can occur only at renewal. NDPERS can terminate coverage at any time.

10) Replicate coverage: Respondent should replicate the existing coverage for two years, including providing an HSA arrangement. Variances and exceptions to existing coverage can be offered in Appendix F item F2.

11) Legislative Compliance: Respondents agree to comply with all provisions of the Health Insurance Portability Act of 1996 including, but not limited to providing certificates of creditable coverage.

    Respondents must also be in compliance with all HIPAA Privacy and HIPAA EDI requirements and be able to conduct all applicable employer/plan sponsor and provider transactions consistent with those requirements. Respondents will be expected to meet HIPAA security requirements when applicable to NDPERS. Respondents will also be expected to be in compliance with all ACA requirements

12) Transition Management: Respondents agree, should they be selected, they will proactively manage the transition of coverage (e.g. claim accumulators, etc.) from the current carrier.

13) Administration: Respondents must agree to comply with existing administration of NDPERS. Any modifications needed to accommodate NDPERS data will be done at the vendor's own expense.

14) Audit: Section 54-52-04 (10) relating to the audit authority of NDPERS.

15) North Dakota Legislation Requirements: Respondent must meet all requirements in the North Dakota Century Code including 54-52; 54-52.1, 54-52.4 and all requirements in the North Dakota Administrative Code including 71-03 and other applicable State Laws. Specific recognition of 54-52.1-12 should be acknowledged.

16) Ability to meet the specifications outlined in the RFP unless specifically noted.

17) Premium rates must be divisible by two.

18) Subject matter experts and other appropriate personnel will be available to attend board meetings, legislative hearings, etc. as needed.

IV. Proposal Submission

Instructions

All proposals should be submitted simply and economically providing a direct, concise delineation of the vendor's proposal and qualifications adhering to the proposal format guidelines outlined below. Vendors should also refer to Section III, Proposal Contents, for a list of minimum requirements.

- Proposals should be typed or printed on 8.5" x 11" paper (one side only).
- All proposals must include the transmittal letter/statement which includes the following:
  - An acknowledgement of receipt of the group health RFP specifications and any addenda and a statement that the proposal conforms to the RFP minimum requirements. This letter must include the title and signature of a Duly Authorized Officer of the company. As noted above, any deviations from the specifications must be clearly noted in your proposal. Failure to note deviations may exclude the proposal from further consideration.
- All proposals must include a table of contents and appropriate page number references.
- All pages of proposals must have consecutive page numbers.
- Proposals must respond to RFP minimum, unique, and general requirements.
- Responses to questions must include a restatement of the question (number and text) with the response immediately following.
- Appendices and other supplemental information provided with your proposal must be clearly identified.
- Cost proposal must be submitted in a separate, sealed envelope and clearly marked, "Cost Proposal". Administrative fees and stop loss premiums quoted in Appendix D: Cost Proposal Exhibits will be all-inclusive. NDPERS will not be billed any additional amounts for services, including commissions or brokerage fees.
- North Dakota insurance law 54-52.1-10 (Exemption From State Premium Tax) provides that "All premiums, consideration for annuities, policy fees, and membership fees collected under this chapter are exempt from the tax payable pursuance to section 26.1-03-17". Thus, Offeror's responses should not reflect any amounts for premium taxes.
- Any and all deviations must be clearly noted and submitted under separate cover. If you do not identify and explain deviations, your proposal will be deemed a certification that you will comply in every respect with the requirements and contractual language set forth in this RFP. Deviations and exceptions to the Minimum Contract Provisions in Appendix 1 must be submitted in the form of 1) completed Appendix F, Item F1, in a sealed envelope clearly marked as such. If you are unable to perform any required or requested service, you must also clearly identify in Appendix F, Item F2 a) the specific deviation or requirement your organization is unable to meet and b) the suggested alternative or solution.

Proposal Format and Contact Information

Vendors must use the response template/questionnaire provided in Appendices B, C D and G in preparing proposals. Proposals should be submitted in two parts, with the cost proposal and deviations separate from the qualitative proposal in a clearly marked, sealed envelope (submitted to Deloitte Consulting only). Proposals will be sent to two parties, as described below

Vendors are required to submit one (1) unbound original and ten (10) paper copies of the ***qualitative proposals*** along with one (1) electronic copy to:

Cheryl Stockert
Manager, Administrative Services
North Dakota PERS
400 East Broadway
Suite 505
Bismarck, ND 58502

An electronic copy (on CD) of your entire qualitative proposal must be included with the hard copy original. Late proposals will not be considered unless approved by the board.

Two (2) hard copies and one full electronic copy (on CD) of the qualitative proposal and a separate, clearly marked envelope containing Two (2) hard copies and one electronic copy of the cost proposal and deviations must be submitted to:

Josh Johnson
Manager
Deloitte Consulting LLP
50 South 6th Street
Suite 2800
Minneapolis, MN 55402

***PLEASE NOTE*:** As indicated above, vendors must separate the cost proposal and deviations from the rest of the proposal and submit two paper copies and one electronic copy in a sealed envelope clearly marked "**Cost Proposal for NDPERS for Health Plan Vendor**", along with your organization's name, to Josh Johnson at Deloitte Consulting at the address listed above. Vendors must submit hard and electronic copies of the entire proposal.

From the date of issuance until the announcement of the finalist, vendors should only contact the Deloitte RFP coordinator, Josh Johnson. All correspondence and questions must be submitted in writing via e-mail to the RFP coordinator in accordance with the timeline set forth in this RFP. NDPERS personnel are not authorized to discuss this RFP with vendor; doing so may result in disqualification. Vendors may continue to communicate with NDPERS staff regarding other relevant business matters.

Questions and Answers

Vendors must submit questions in writing via e-mail to Josh Johnson at jkjohnson@deloitte.com ***by 5:00 p.m. CT on September 15th, 2014***. Answers will be summarized and distributed to all vendors who have requested the RFP via email no later than close of business on September 24th, 2014 as well as posted on the NDPERS website. *Telephone inquiries will not be accepted.*

Vendor Conference

A vendors' conference will be held in Bismarck on September 4, 2014 at **the North Dakota Association of Counties Building at 1661 Capital Way from 1:00 – 3:00** or until all questions have been submitted. Bidders may attend in person or call in to 701-328-9754 the day of the conference. The phone number will be activated at 12:55 p.m. central time. Anyone calling in must identify themselves for everyone in the room. Expenses incurred by vendors to participate in the vendors' conference, either in person or by voice, are the responsibility of the vendor and will, under no circumstances, be reimbursed by NDPERS. Those who elect to participate via teleconference must understand that no accommodation will be made in the event of lost connectivity on their part for poor audio quality, for missed questions asked at the conference, etc. Other than for publishing questions and final answers, no follow-up meeting or broadcast will be made to accommodate or rectify any shortcomings in the teleconference format. Questions and answers will be posted to the NDPERS website by September 24, 2014.

Proposal Deadline

All proposals must be received by Josh Johnson ***by 5:00 p.m. CT on October 10, 2014.*** Late proposals will not be considered.

Proposed Timetable

The timeline is provided below for informational purposes. NDPERS reserves the right to change the dates. Every effort will be made to notify vendors of changes to the proposed timeline.

Activity	**Date/Time (All Times in CT)**
NDPERS publishes Request for Proposal (RFP)	August 13, 2014
Vendor Conference	September 4, 2014
Vendor questions (in writing) due	September 15, 2014 (5 pm)
NDPERS distributes answers to vendors' questions	September 24, 2014
Proposals due	**October 10, 2014 (5 pm)**
Finalist presentations (if requested)	TBD
NDPERS notifies finalist of intent to negotiate	TBD December 2014
Contractor and NDPERS complete negotiations	TBD Jan/Feb 2015

Contractor and NDPERS begin implementation	March 2015
Contractor(s) begins providing services	July 1, 2015

V. Proposal Review and Evaluation

Rights of NDPERS

This RFP does not obligate NDPERS to complete the proposed project. NDPERS reserves the right to cancel the solicitation if it is considered to be in its best interest. Costs incurred for developing a proposal are the sole responsibility of the vendor. NDPERS also reserves the right to:

1. Reject any and all proposals received in response to this RFP.
2. Amend and re-issue this RFP.
3. Select proposals for contract award or for negotiations other than those with the lowest cost.
4. Consider a late modification of a proposal if the proposal itself was submitted on time, if the modifications were requested by the State, and if the modifications make the terms of the proposal more favorable to the State.
5. Determine that a deficiency is not substantive and waive the deficiency as immaterial. However, waiver of the deficiency shall in no way modify the RFP documents or relieve the vendor from full compliance with the terms of the contract if the vendor is awarded the contract.
6. Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
7. Use any or all ideas presented in any proposal received in response to this RFP, unless the vendor presents a positive statement of objection in the proposal. Objections will be considered as valid only relative to proprietary information of the vendor and so designated in the proposal. Exceptions to this are ideas that were known to NDPERS before submission of such proposal or properly became known to NDPERS thereafter through other sources or through acceptance of the proposal.

Selection Team

A review team made up of NDPERS staff and its hired consultant will evaluate all proposals. The NDPERS Board will make the final decision on the award. NDPERS reserves the right to alter the composition of this selection team and its responsibilities.

Proposal Review and Evaluation Criteria

Proposals will be reviewed and evaluated using multiple evaluation criteria. The cost proposal will be reviewed independently to ensure that it is complete and submitted in the format requested. In reviewing the proposals the requirements in NDCC 54-52.1-04 will be considered.

Phase I Preliminary Review Criteria

Proposals will initially be evaluated to determine if they comply with the following minimum requirements:

- Completeness of proposal, including minimum vendor requirements, unique content requirements, and general requirements as outlined in Section III., Proposal Content, and submitted in the format designated in Appendices B through F.
- Completeness and quality of responses to questionnaire provided in Appendix C and completeness of cost proposal provided in Appendix D.
- Extensive statewide provider network which provides access to key population areas within the State.

Phase II Evaluation Criteria

Proposals that have met the minimum requirements criteria listed above will then be reviewed based on the factors contained in the table below:

Phase II Evaluation Criteria
1. Ability to comply with terms outlined in the RFP and Board evaluation criteria
2. Equivalent Contract Benefits (Appendix G) including the following. 2a. Organizational experience and staff qualifications/experience – Dedicated unit comprised of account management team, customer service, provider relations, and provider contracting – Access to senior leadership team – Ability to respond to unique challenges with solution-focused flexibility and innovation – Client references – Financial stability and solvency 2b. Plan Design 2c. Provider network capabilities – Similar or greater number of providers in contract network – Similar or greater level of discounts – State-specific contracts – Quality initiatives – Contractual terms – Increase number of network providers

Phase II Evaluation Criteria
2d. Quality and comprehensiveness of health population, disease management, and health education and wellness programs – Utilization/case management capabilities – Quality initiatives – Ability to present appropriate innovative cost control strategies – Ability to support NDPERS employer based wellness program and employee wellness initiatives – Dedicated staff member for wellness program 2e. Cost of requested services and return on investment – Value of provider reimbursement discounts – Administrative fees – Care, disease management, and health improvement programs – Medicare Part D Group PDP Offering – Rx rebates
3. General Statutory Criteria (NDCC 54-52.1-04) – The economy to be affected. – The ease of administration. – The adequacy of the coverages. – The financial position of the carrier, with special emphasis as to its solvency. – The reputation of the carrier and any other information that is available tending to show past experience with the carrier in matters of claim settlement, underwriting, and services
4. Specific Statutory Critieria (NDCC 54-52.1-04.3 & 54-52.1-04.3)* - The board may establish a self-insured plan only if it is determined to be less costly than the lowest bid submitted by a carrier for underwriting the plan with equivalent contract benefits (appendix G will be one key source used in making this assessment) - In determining cost for self-insurance the board is required in statute to establish a plan to fund the reserve requirements in 54-52.1-04.3 within sixty months

* **Self insurance Reserve Requirement (54-52.1-04.3 NDCC)**

1. The board shall establish under a self-insurance plan a contingency reserve fund to provide for adverse fluctuations in future charges, claims, costs, or expenses of the uniform group insurance program.
2. The board shall determine the amount necessary to provide a balance in the contingency reserve fund between one and one-half months and three months of claims paid based on the average monthly claims paid during the twelve-month period immediately preceding March first of each year.
3. The board also shall determine the amount necessary to provide an additional balance in the contingency reserve fund between one month and one and one-half months for claims incurred but not yet reported.
4. The board may arrange for the services of an actuarial consultant to assist the board in making these determinations
5. Upon the initial changeover from a contract for insurance pursuant to section 54-52.1-04 to a self-insurance plan pursuant to section 54-52.1-04.2, the board must have a plan in place which is reasonably calculated to meet the funding requirements of this chapter within sixty months.

Preference Criteria

Preference Criteria will be applied by the board in the final evaluation of proposals as determined by the board.

PBM

NDPERS is interested in evaluating financial arrangements based on the traditional approach to PBM pricing and pricing under a transparent arrangement. "Traditional" financial proposals should include guaranteed effective rate discounts, as well as specific fees and guaranteed rebate dollar amounts. "Transparency" for purposes of this Request for Proposal is defined as a full pass through to NDPERS of all monies paid to the PBM arising from all contracted arrangements. When answering questions and completing exhibits related to your financial proposal, please indicate if your answer would differ under a transparent or a traditional pricing arrangement. NDPERS will give preference to transparent proposals.

Proposals will be accepted from PBMs on a stand-alone basis (i.e. response to the medical portion is not required). The questionnaire and cost proposals must be completed as they are applicable to the PBM. A questionnaire specific to Rx can be found in Appendix L in a separate attachment.

After PBM Contestants' RFP Responses are received, NDPERS may be drafting and providing to PBM Contestants a proposed PBM / NDPERS contract. If this occurs, PBM Contestants will be expected to review the proposed contract and provide requested pricing terms and guarantees in that contract.

Transparent "Pass Through" Pharmacy Contract:

- Retail discounts and dispensing fees are 100% pass through
- No spread pricing
- Bidder may assess an administration fee if appropriate
- Mail service terms reflect a standard "traditional" proposal where discounts are fixed

Bidder will pass through 100% of rebates and "rebate-like" revenues received from pharmaceutical manufacturers,defined as all revenue/financial benefits and credits received from outside sources attributed to the utilization of NDPERS or enrollment in programs. These would include but are not limited to all Manufacturer Administration Fees, Formulary Access Rebates (inclusive of any bundling), Market Share Rebates, Performance/Incentive Rebates, Data Fees, Compliance Program Funding, Clinical Program support/funding, Therapeutic Intervention funding, Education Fees, Marketing Grants for Clinical Studies, Specialty Drug Rebates, Specialty Clinical/Case Management Funding, Specialty Compliance Program funding, Research, Prompt Payment Discounts, etc.as a consequence of any relationship with NDPERS. Bidder will also include minimum rebate guarantee, preferably on a per paid claim basis (per brand basis may is also acceptable, however per rebatable claim basis is not acceptable).

Audit

NDPERS is also interested in being able to audit the PBM as determined by the board which could be annually. Preference will be given to those who agree to audits.

Proposal Evaluation Process

Evaluation of the proposals will be conducted in four phases:

1. **Phase I — Preliminary Review**
   Proposals will receive preliminary review to determine if they meet the minimum proposal requirements and criteria listed above. NDPERS reserves the right to ask clarifying questions. Only proposals meeting the minimum requirements above will be considered for further evaluation in Phase II.

2. **Phase II — Proposal Evaluation**
   Proposals will be evaluated based on the criteria specified above and per the terms outlined in this RFP. Proposers are encouraged to highlight how they differentiate themselves in these areas and provide this information in appendix K. Only the top proposals will be approved for further evaluation in Phase III. Once the initial evaluation is completed, the review team may ask for additional information to supplement the initial information gathered in response to these questions.

3. **Phase III – Reference Checks, Best and Final Offer and Presentations**
   NDPERS staff may check references, request answers to further questions, and require presentations by key administrator personnel, which will be evaluated based on the stated criteria. During final consideration a best and final offer may be requested. Only the top proposals will be approved for further evaluation in Phase IV.

4. **Phase IV – Site Visits, Final Selection, and Notification**

   The evaluation committee will forward findings and conclusions to the NDPERS Board and may request site visits and make a final review of the top proposals based on all of the criteria above to select a finalist. Vendors will be notified of the intent of NDPERS to negotiate a contract with the selected vendors via e-mail.

   Note: Self-insured proposals will be evaluated after the fully insured bids to determine which contract type is expected to be most cost effective for NDPERS. .

   NDPERS reserves the right to request clarifications and additional information regarding the proposal during the proposal evaluation process. However, NDPERS Board reserves the right to make an award without further clarification of the proposal received. Therefore, it is important that each proposal be submitted in the most complete manner possible.

North Dakota Public Employees Retirement System

July 1, 2013 through June 30, 2015

DRAFT

ADMINISTRATIVE SERVICE AGREEMENT

This Administrative Service Agreement ("Agreement") is entered into between North Dakota Public Employees Retirement System (NDPERS) ("the Plan Sponsor"), North Dakota Public Employees Retirement System (NDPERS) ("the Plan Administrator") and Blue Cross Blue Shield of North Dakota ("BCBSND") the terms of which are as follows:

The Plan Sponsor has established and maintains a fully insured group health plan (the Plan) which provides, among other things, various benefits to Members in the Plan, as set forth in the Certificate of Insurance provided to plan Members. The Plan Administrator is the administrator of the Plan established through this Agreement.

In consideration of payment of required premium and acceptance of membership applications, BCBSND enters into this Agreement with the Plan Sponsor and the Plan Administrator. BCBSND agrees to provide plan Members the benefits set forth in the Certificate of Insurance, in accordance with its terms and conditions. This Agreement also includes the Certificate of Insurance, membership applications, Identification Cards, Benefit Plan Attachments and any endorsements, supplements, attachments, addenda or amendments.

1. EFFECTIVE DATE AND PLAN YEAR

This Agreement is effective July 1, 2013 through June 30, 2015, unless terminated as provided.

For the purposes of the costs of any and all benefits and services extended through this Benefit Plan, including the implementation of any benefit changes required under federal or state law, the Plan Administrator agrees that the Plan Year shall commence on July 1, unless it is terminated by one of the parties as specified in Section 8. TERM AND TERMINATION OF AGREEMENT.

2. DEFINITIONS

This section defines the terms used in this Agreement. These terms will be capitalized throughout this Agreement when referred to in the context defined.

A. **BENEFIT PAYMENTS** - payments of benefits under the Plan.

B. **CERTIFICATE OF CREDITABLE COVERAGE** - a certificate disclosing information relating to an individual's creditable coverage under a health care benefit program for purposes of reducing any preexisting condition waiting period imposed by any group health plan coverage.

C. **CLAIM** - notification in a form acceptable to BCBSND that service has been provided or furnished to a Member.

D. **DRG** - shall mean diagnostic related groups.

E. **DATA AGGREGATION** - the combining of Protected Health Information that BCBSND creates or receives for or from the Plan and for or from other health plans or health care providers for which BCBSND is acting as a business associate to permit data analyses that relate to the Health Care Operations of the Plan and those other health plans or providers.

F. **FEES AND CHARGES** - the amounts the Plan Administrator must pay BCBSND for the administrative services described in Section 6. FEES AND CHARGES.

G. **HEALTH CARE OPERATIONS** - any of the activities of a health plan to the extent the activities relate to functions that make it a health plan.

H. **HEALTH CARE PROVIDER** - any eligible provider that has provided care, diagnosis, or treatment to or for a Member for which benefits are sought under the Plan.

DRAFT

I. **INELIGIBLE PERSON** - any person, firm, or corporation that has received benefits or on whose behalf benefits have been paid but for whom benefits are not payable under the terms of the Plan.

J. **MEMBER** - the Subscriber and any dependent of a Subscriber or any other person designated by a Subscriber or by the terms of the Plan who is or may become entitled to a benefit under the Plan. The term shall also include any proprietor, partner, or owner of the Plan Sponsor, if any, who is designated by the terms of the Plan who is or may become entitled to a benefit under the Plan. In no case shall the term Member include any person not otherwise entitled to coverage under the terms of the Plan.

For the purposes of determining the various benefits and restrictions or other limitations thereto made available to a Member under the terms of this Agreement, all benefits under any Plan option or tier (and any restrictions or other limitations thereto) made available to or received by a Member shall accumulate toward that Member's benefits and any restrictions and other limitations thereto.

K. **PAYMENT** - activities undertaken to obtain premiums, determine or fulfill coverage and benefits, or obtain or provide reimbursement for health care services.

L. **PLAN ADMINISTRATOR – NORTH DAKOTA PUBLIC EMPLOYEES RETIREMENT SYSTEM.** North Dakota Public Employees Retirement System (NDPERS) is the administrator of the Plan with all of the duties and responsibilities applicable to plan administrators, including but not necessarily limited to compliance with any and all administrative, reporting, and disclosure requirements. BCBSND is not the Plan Sponsor or the Plan Administrator of the Plan and is not responsible for any of the duties assigned to the Plan Sponsor or the Plan Administrator by the terms of the Plan, or by this Agreement.

M. **PROTECTED HEALTH INFORMATION (PHI)** - individually identifiable health information, including summary and statistical information, collected from or on behalf of a Member that is transmitted by or maintained in electronic media, or transmitted or maintained in any other form or medium and that:

1. is created by or received from a Health Care Provider, health care employer, or health care clearinghouse;
2. relates to a Member's past, present or future physical or mental health or condition;
3. relates to the provision of health care to a Member;
4. relates to the past, present, or future payment for health care to or on behalf of a Member; or
5. identifies a Member or could reasonably be used to identify a Member.

Educational records and employment records are not considered PHI under federal law.

N. **SECURITY INCIDENT** - any attempted or successful unauthorized access, use, disclosure, modification, or destruction of a Member's electronic PHI or interference with BCBSND's system operations in BCBSND's information systems.

O. **STANDARD TRANSACTIONS** - health care financial or administrative transactions conducted electronically for which standard data elements, code sets and formats have been adopted in accordance with federal or state law.

P. **SUBSCRIBER** - any employee of the Plan Sponsor who is or may become eligible to receive a benefit under the Plan. The term includes all common law employees and possibly proprietors, partners, or other owners who work for the Plan Sponsor and are otherwise entitled to coverage under the Plan. Notwithstanding the above, in no case shall the term Subscriber include any person not otherwise entitled to coverage under the terms of the Plan.

Q. **SUCCESSFUL SECURITY INCIDENTS** - Security Incidents that result in unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations.

DRAFT

R. **UNSUCCESSFUL SECURITY INCIDENTS** - Security Incidents that do not result in unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations.

3. **BCBSND SHALL:**

3.1 Establish a membership record for existing Members containing information as provided by NDPERS.

3.2 Provide Identification Cards, Certificates of Insurance/Summary Plan Descriptions and applications for enrollment for each Subscriber.

3.3 Provide the Health Plan Performance Guarantees, as outlined in Exhibit B.

3.4 Upon enrollment under the NDPERS Benefit Plan, BCBSND will provide written notice to covered employees and their covered spouses of their continuation rights pursuant to the Consolidated Omnibus Budget Reconciliation Act. ("COBRA").

3.5 Receive applications for enrollment for late entrants.

3.6 Provide Managed Benefits services in accordance with appropriate licensure and certification requirements including a dedicated staff person.

3.7 Provide a dedicated service unit to adjudicate all claims and respond to Member's inquiries. Provide toll-free Member and Health Care Provider service lines between the hours of 8 AM and 5:00 PM CST or CDT at the home office in Fargo, ND, as appropriate. A toll-free managed benefits line for Health Care Providers will also be available between the hours of 7:30 AM and 5:30 PM CST or CDT. During nonbusiness hours, answering machine services will be available for managed benefits calls.

3.8 Process claims and inquiries per MTM (Member Touchpoint Measures) for Non-BlueCard claims.

3.9 Correspond with the Members and Health Care Providers if additional information is deemed necessary by BCBSND to complete the administrative process.

3.10 Administer other party liability programs.

3.11 Provide to Members an Explanation of Benefits Statement.

3.12 Provide a procedure for detection of fraud and unlawful activity.

3.13 Provide to Members a conversion policy when application is made within 31 days of the termination of enrollment under NDPERS.

3.14 Provide assistance to NDPERS for the conduct of enrollment, servicing and education.

3.15 Provide to NDPERS formal Policy and Procedure guidelines for the conduct of external audits or reviews commissioned by NDPERS.

NDPERS shall provide BCBSND with the scope and requirements of any audit or review prior to the commencement of activities. If a sample of claims is required, BCBSND will provide or NDPERS will select a statistically valid computerized sample of claims, if not prohibited by law, regulation or rule.

NDPERS will provide a copy of the report of all audit or review findings and shall discuss the findings with BCBSND upon discovery to allow further investigation or implementation of corrective action.

DRAFT

3.16 Provide NDPERS with reporting to include but not limited to:

a. Annual group reporting of membership and utilization by group segments and product.

b. Estimates of future claim reserves and premium to claim ratio.

c. Such other special claims reports as requested from time-to-time by NDPERS, subject to the availability of data and appropriate cost considerations.

d. Interest calculation monthly report.

e. Semi-annual performance objectives as outlined in section 2 of the BCBSND response to question 15 of the RFP.

3.17 Provide NDPERS with claims specific data on a monthly basis on compact disc or other agreed upon medium. This information shall be in a format acceptable to NDPERS and subject to all federal and state laws on confidentiality and open records.

3.18 Provide support to NDPERS for the establishment of a Preferred Provider Network consistent with objectives established by NDPERS.

a. BCBSND will provide technical and administrative advice to NDPERS relative to the appropriateness of PPO arrangements compared to existing Blue Cross Blue Shield participation and reimbursement arrangements, to verify that PPO arrangements provide for payments which are no greater than the existing arrangements. BCBSND will provide current information regarding Blue Cross Blue Shield participation and reimbursement arrangements in place on a provider-specific basis for comparative purposes.

b. BCBSND will develop jointly with NDPERS a written instrument to be used as the basis for providers participating in the PPO Program.

c. BCBSND will secure provider agreements upon completion of negotiations with providers. Such negotiations will be conducted jointly by BCBSND and NDPERS.

d. BCBSND will enforce strict managed benefits, utilization review and quality assurance criteria to assure attainment of Preferred Provider program objectives.

e. BCBSND will, upon NDPERS direction, terminate a Provider's NDPERS PPO participation agreement in accordance with terms of the agreement, when a PPO Provider is noncompliant with NDPERS policies and procedures. Said policies and procedures shall be documented and communicated to the participating provider prior to implementation.

3.19 Carry over any Deductible and/or Coinsurance Amounts incurred from January 1 to June 30, of the prior contract period.

DRAFT

4. **NDPERS SHALL:**

4.1 Prepare and distribute monthly billings to participating employers and retirees participating in the Plan. NDPERS shall respond to the participating employers inquiries concerning eligibility rules, billing, etc.

4.2 Prepare monthly eligibility tape by participating employer and premium classification for both active and retired employees and provide the tape to BCBSND to be used for eligibility certification purposes. Along with the eligibility tape, NDPERS will furnish a monthly listing of participants added or terminated during the month. Such listing will reflect the name of the employee, dependents, Social Security Number, the effective date of coverage for a new employee or the termination date of a terminated employee and the coverage classification.

4.3 Provide enrollment forms, obtain completed classifications or addresses, etc. from participants and furnish BCBSND with a copy of the enrollment forms or request for coverage or address changes and retain the original copy. Enrollment forms will include the NDPERS and Blue Cross Blue Shield Service Marks.

4.4 Be responsible for the administration of and compliance with COBRA. BCBSND will forward requests for COBRA participation by membership to NDPERS upon notification.

4.5 Comply with BCBSND's established administrative policies which are reasonable and consistent with the NDPERS Health Plan and the bid specifications agreed to by the parties, including but not limited to: underwriting policies, standard adjudication and Medical Policy Guidelines, Payable Provider Guidelines, Managed Benefits Program Guidelines and claim payment procedures.

4.6 Develop and provide BCBSND the objectives established for the Preferred Provider programs.

4.7 Assume joint responsibility for the determination of provider eligibility and performance criteria in the Preferred Provider programs.

4.8 Be responsible for any systems redesign costs to BCBSND which result from the implementation of any new reimbursement mechanisms not presently in place within BCBSND automated claims payment systems. Those reimbursement mechanisms currently in place include:

Institutional	Professional
Percent of Billed Charges	Percent of Physician Payment Schedule
Percent of DRGs	Percent of Billed Charges
Percent of Per Diems	Capitation
Targeted Cost per Member	Targeted Cost per Member

4.9 Pay premiums to BCBSND according to the schedule in Section 6.

4.10 NDPERS acknowledges that the administration of the Benefit Plan that is the subject of this Agreement may be subject to regulation under federal and/or state law. NDPERS agrees to furnish BCBSND with any and all information necessary to comply with any applicable federal and/or state laws and to certify that this information is accurate. If there are any changes in the employer contribution rate for benefits and services available under this Agreement, NDPERS agrees that it is its obligation to provide information related to the change in contribution rates immediately to BCBSND.

DRAFT

5. PRIVACY USE AND DISCLOSURE RESPONSIBILITIES

5.1 RESPONSIBILITIES OF BCBSND

A. Privacy of Protected Health Information (PHI)

1. BCBSND will keep confidential all Claim records and all other PHI that BCBSND creates or receives in the performance of its duties under this Agreement. Except as permitted or required by this Agreement for BCBSND to perform its duties under this Agreement, BCBSND will not use or disclose such Claim information or other PHI without the authorization of the Member who is the subject of such information or as required by law.

2. BCBSND will neither use nor disclose Members' PHI (including any Members' PHI received from a business associate of the Plan) except (1) as permitted or required by this Agreement, (2) as permitted in writing by the Plan Administrator, (3) as authorized by Members, or (4) as required by law.

3. BCBSND will be permitted to use or disclose Members' PHI only as follows:

   a. BCBSND will be permitted to use and disclose Members' PHI (a) for the management, operation and administration of the Plan the Plan Administrator offers Members, and (b) for the services set forth in the Plan, which include Payment Activities, Health Care Operations, and Data Aggregation as these terms are defined under federal law.

      1. BCBSND will be permitted to use Members' PHI as necessary for BCBSND's proper management and administration or to carry out BCBSND's legal responsibilities.

      2. BCBSND will be permitted to disclose Members' PHI as necessary for BCBSND's proper management and administration or to carry out BCBSND's legal responsibilities only if (i) the disclosure is required by law, or (ii) before the disclosure, BCBSND obtains from the entity to which the disclosure is to be made reasonable assurance, evidenced by a written contract, that the entity will hold Members' PHI in confidence, use or further disclose Members' PHI only for the purposes for which BCBSND disclosed it to the entity or as required by law, and notify BCBSND of any instance the entity becomes aware of where the confidentiality of any Members' PHI was breached.

   b. BCBSND will make reasonable efforts in accordance with its written privacy policies and procedures to use, disclose, or request only the minimum necessary amount of Members' PHI to accomplish the intended purpose. BCBSND will make its written privacy policies and procedures available to the Plan Sponsor, upon request.

4. Other than disclosures permitted by Section 5.1(A)3, BCBSND will not disclose Members' PHI to the Plan Administrator or to the Plan's business associate except as directed by the Plan Administrator in writing.

5. BCBSND will require each subcontractor and agent to which BCBSND is permitted by this Agreement or in writing by the Plan Administrator to disclose Members' PHI to provide reasonable assurance, evidenced by written contract, that such other entity will comply with the same privacy and security obligations with respect to Members' PHI as this Agreement applies to BCBSND.

6. BCBSND will not disclose any Members' PHI to the Plan Sponsor, except as permitted by and in accordance with Section 5.1(A)3.

DRAFT

7. BCBSND will report to the Plan Administrator any use or disclosure of Members' PHI not permitted by this Agreement. BCBSND will make any such report to the Plan Administrator after BCBSND learns of such non-permitted use or disclosure.

8. BCBSND will report to the Plan Administrator attempted or successful unauthorized access, use, disclosure, modification or destruction of a Member's electronic PHI or interference with BCBSND's system operations in BCBSND's information systems ("Security Incident"), of which BCBSND becomes aware. With regard to attempted unauthorized access, use, etc., BCBSND and the Plan Administrator recognize and agree that the significant number of meaningless attempts to, without authorization, access, use, disclose, modify or destroy electronic PHI will make real-time reporting formidable. Therefore, BCBSND and the Plan Administrator agree to the following reporting procedures for Security Incidents that result in unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations ("Successful Security Incidents") and for Security Incidents that do not so result ("Unsuccessful Security Incidents").

   For Unsuccessful Security Incidents, BCBSND and the Plan Administrator agree that this Agreement constitutes notice from BCBSND of any such Unsuccessful Security Incidents. In other words, the Plan Administrator waives any separate notice of Unsuccessful Security Incidents. By way of example, BCBSND and the Plan Administrator consider the following to be illustrative of Unsuccessful Security Incidents when they do not result in unauthorized access, use, disclosure, modification, or destruction of a Member's electronic PHI or interference with an information system:

   1. Pings on BCBSND's firewall,

   2. Port scans,

   3. Attempts to log on to a system or enter a database with an invalid password or username,

   4. Denial-of-service attacks that do not result in a server being taken off-line, and

   5. Malware (e.g., worms, viruses).

   For Successful Security Incidents, BCBSND shall give notice promptly to the Plan Administrator in the event a Member's electronic PHI was compromised.

9. Disposition of Protected Health Information

   The parties agree that upon termination, cancellation, expiration or other conclusion of this Agreement, BCBSND will return or destroy all PHI received or created by BCBSND on the Plan Administrator's behalf as soon as feasible. Due to various regulatory and legal requirements, the Plan Administrator acknowledges that immediate return or destruction of all such information is not feasible. BCBSND agrees that upon conclusion of this Agreement for any reason, it will use or disclose the PHI it received or created on the Plan's behalf only as necessary to meet BCBSND's regulatory and legal requirements and for no other purposes unless permitted in writing by the Plan Administrator. BCBSND will destroy PHI received or created by BCBSND on the Plan Administrator's behalf that is in BCBSND's possession under such circumstances and upon such schedule as BCBSND deems consistent with its regulatory and other legal obligations.

   These responsibilities agreed to by BCBSND and related to protecting the privacy and safeguarding the security of PHI, as well as any terms directly related thereto, shall survive the termination of this Agreement and, where applicable, shall govern BCBSND's receipt, use or disclosure of PHI pursuant to the terms of this Agreement.

DRAFT

B. **Access, Amendment and Disclosure Accounting for Protected Health Information**

1. Upon the Plan Administrator's written request, BCBSND will make available for inspection and obtaining copies by the Plan Administrator, or at the Plan Administrator's direction by the Member (or the Members' representative), any PHI about the Member created or received for or from the Plan Administrator in BCBSND's custody or control so the Plan Administrator may meet its access obligations under federal law.

2. Upon receipt of a written request from the Plan Administrator, or at the Plan Administrator's direction by the Member (or the Members' representative), BCBSND will amend or permit the Plan Administrator access to amend any portion of the PHI created or received for or from the Plan Administrator in BCBSND's custody or control, so the Plan Administrator may meet its amendment obligations under federal law.

3. So the Plan Administrator may meet its disclosure accounting obligations under federal law or state law, BCBSND will do the following:

   a. BCBSND will record each disclosure of Members' PHI which is not excepted from disclosure accounting under Section 5.1(B)3.b, that BCBSND makes to the Plan Administrator or to a third party.

      The information about each disclosure that BCBSND must record ("Disclosure Information") is (i) the disclosure date, (ii) the name and (if known) address of the person or entity to whom BCBSND made the disclosure, (iii) a brief description of the PHI disclosed, and (iv) a brief statement of the purpose of the disclosure.

      For repetitive disclosures of Members' PHI that BCBSND makes for a single purpose to the same person or entity (including the Plan Administrator), BCBSND may record (i) the disclosure information for the first of these repetitive disclosures, (ii) the frequency, periodicity or number of these repetitive disclosures, and (iii) the date of the last of these repetitive disclosures.

   b. BCBSND will not be required to record disclosure information or otherwise account for disclosures of Members' PHI that this Agreement or the Plan Administrator in writing permits or requires:

      (1) for Payment Activities or Health Care Operations,
      (2) to the Member who is the subject of the PHI or to that Members' personal representative,
      (3) to persons involved in that Members' health care or payment for health care, as provided under federal law,
      (4) for notification for disaster relief purposes or national security or intelligence purposes as provided under federal law,
      (5) to law enforcement officials or correctional institutions regarding inmates,
      (6) for incidental uses or disclosures,
      (7) as part of a limited data set in accordance with federal law,
      (8) that occurred prior to the HIPAA Privacy Compliance Date,
      (9) pursuant to a valid authorization.

   c. BCBSND will have available for the Plan Administrator the disclosure information required by Section 5.1(B)3.a. for the six (6) years immediately preceding the date of the Plan Administrator's request for the disclosure information.

   d. Upon the Plan Administrator's written request, BCBSND will make available to the Plan Administrator, or at the Plan Administrator's direction to the Member (or the Member's representative), disclosure information regarding the Member so the Plan Administrator may meet its disclosure accounting obligations under federal law.

DRAFT

C. **Information Safeguards**

1. BCBSND will maintain reasonable and appropriate administrative, technical and physical safeguards to protect the privacy of Member PHI. The safeguards must reasonably protect Member PHI from any intentional or unintentional use or disclosure in violation of federal law and limit incidental uses or disclosures made pursuant to a use or disclosure otherwise permitted by this Agreement.

2. BCBSND will implement administrative, technical, and physical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of electronic PHI BCBSND creates, receives, maintains, or transmits on behalf of the Plan Administrator as required by federal law.

D. **Inspection of Books and Records**

BCBSND will make its internal practices, books, and records relating to its use and disclosure of PHI created or received for or from the Plan Administrator available to the Plan Administrator and to the U.S. Department of Health and Human Services to determine compliance with federal law or this Agreement.

E. BCBSND will prepare and distribute a notice of privacy practices appropriate for the Plan to meet its notice obligations under federal law. The Plan Administrator authorizes BCBSND to disclose the minimum necessary PHI to the Plan Sponsor for plan administration functions specified in the Plan documents as amended.

F. **Information Privacy and Safeguard Provisions Survive Termination of Agreement**

These responsibilities agreed to by BCBSND and related to protecting the privacy of PHI, as well as any terms directly related thereto, shall survive the termination of this Agreement and where applicable, shall govern BCBSND's receipt and use of PHI obtained pursuant to the terms of this Agreement.

5.2 **RESPONSIBILITIES OF THE PLAN SPONSOR**

A. The Plan Sponsor retains full and final authority and responsibility for the Plan and its operation. BCBSND is empowered to act on behalf of the Plan only as stated in this Agreement or as mutually agreed in writing by the Plan Sponsor and BCBSND.

B. Except with respect to services provided by BCBSND set forth in this agreement, the Plan Sponsor will have the sole responsibility for and will bear the entire cost of compliance with all federal, state and local laws, rules, and regulations concerning the privacy of PHI, including any licensing, filing, reporting, and disclosure requirements, that may apply to the Plan. BCBSND will have no responsibility for or liability with respect to the Plan's compliance or noncompliance with any applicable federal, state, or local law, rule, or regulation, that the Plan Sponsor is responsible for under this subsection.

C. By executing this Agreement, the Plan Sponsor certifies to BCBSND that it has amended the Plan documents to incorporate the provisions required by and under federal law, and agrees to comply with the Plan Administrator's plan documents as amended.

BCBSND may rely on Plan Sponsor's certification and Plan Administrator's written authorization, and will have no obligation to verify (1) the Plan Administrator's plan documents have been amended to comply with the requirements of federal law or this Agreement or (2) the Plan Sponsor is complying with the Plan Administrator's plan document as amended.

DRAFT

D. For any high deductible health plan offered by the Plan Sponsor, the Plan Sponsor assumes sole responsibility for determining whether the Plan qualifies as a high deductible health plan under Section 223(c)(2) of the U.S. Internal Revenue Code. BCBSND MAKES NO WARRANTY, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE REGARDING THE PLAN.

For any high deductible health plan offered by the Plan Sponsor, BCBSND does not provide legal or tax advice, and expressly disclaims responsibility for determining, on behalf of any individual or group, the legal and tax implications of: (1) establishing a health savings account; (2) eligibility for a health savings account; (3) the contributions made to a health savings account; (4) the deductibility of contributions to a health savings account; and (5) withdrawals from a health savings account and related taxation.

6. **FEES AND CHARGES:**

6.1 In consideration of the fully insured contract under this Agreement, BCBSND agrees to accept the following provisions and premium rates for the Effective Date of this Agreement. See attached Premium Rate Structure Table.

6.2 BCBSND and NDPERS agree to the Health Plan Performance Guarantees, as outlined in the attached Exhibit B.

6.3 NDPERS will pay BCBSND, on or before the last day of each month, premium income based on the amount identified in Column 6 of the attached Table for type of contract for that month.

6.4 NDPERS will maintain a deposit of $3,000,000 in a Cash Reserve Account held by BCBSND until the settlement of the biennium. This Cash Reserve Account shall earn interest at a rate to be determined monthly, based on US Treasury Notes quoted by the Wall Street Journal. The monthly rate will be established at the close of the first trading day each month based on the closing yield to maturity of US Treasury Notes maturing 24 months hence. If there are multiple notes for that maturity, the rate will be based on an average. If there are no notes with that maturity, the next subsequent maturity will be used.

6.5 BCBSND will retain any surplus funds from the amounts identified in Column 4 of the attached table. Surplus funds retained by BCBSND shall earn interest at a rate to be determined monthly, based on US Treasury Notes quoted by the Wall Street Journal. The monthly rate will be established at the close of the first trading day each month based on the closing yield to maturity of US Treasury Notes maturing 24 months hence. If there are multiple notes for that maturity, the rate will be based on an average. If there are no notes with that maturity, the next subsequent maturity will be used.

Surplus funds described in the above section 6.5 not used by BCBSND to pay NDPERS Health Plan incurred claims plus retention will be subject to the Final Accounting as described in Section 7 of this Agreement.

6.6 Payments made pursuant to Section 6.3 and pursuant to Column 5 of the attached Table will be handled as follows:

BCBSND will dispense to Regional Advantage Services LLC, Medicare Part D premiums identified in Column 5 of the attached Table for type of contract for that month. Interest will not be paid on this account.

Funds described in section 6.6 are not subject to final accounting as described in section 7 of this Agreement.

DRAFT

6.7 BCBSND reserves the right to adjust premium rates, with a 90-day notice, for any changes in taxes and/or benefits imposed upon BCBSND for the NDPERS health plan by any Federal, State or Local government authority that impact BCBSND expenses and/or NDPERS health plan benefits.

7. FINAL ACCOUNTING

7.1 A continual accounting of NDPERS Health Plan experience will take place during the 2013-2015 biennium. Monthly reports of earned income less incurred claims and retention will be produced during the biennium and the twenty-four months following the biennium.

7.2 Within 31 days of 12 months after the end of the biennium (by July 31, 2016) BCBSND will provide an accounting which will result in an initial settlement of the biennium agreement as follows:

1. Earned Premium Income during the Biennium
2. Plus interest on Surplus Funds
3. Less Claims Incurred during the Biennium and Paid July 1, 2013 through June 30, 2016
4. Less Estimated Claims Incurred and Unpaid at June 30, 2016
5. Less Administrative Expense during the Biennium ($28.36 per contract per month)
6. Less Conversion Cost during the Biennium ($1.92 per Non-Medicare contract per month)
7. Less Service Charge during the Biennium ($9.58 per Non-Medicare contract per month and $2.16 per Medicare contract per month)
8. Less Disease Management Program fees during the Biennium ($1.40 per contract per month)
9. Less Wellness Program fees during the Biennium ($4.26 per contract per month)
10. Less PPACA fees during the Biennium ($21.54 per Non-Medicare contract per month)
11. If 1+2-3-4-5-6-7-8-9-10 of 7.2 is positive, the lesser of 50% of this amount or $1.5 million is retained by BCBSND. The remainder equals Refund paid to NDPERS.
12. If 1+2-3-4-5-6-7-8-9-10 of 7.2 is negative, the lesser of 50% of this amount or $3.0 million will be refunded by NDPERS to BCBSND.

Claims incurred and unpaid will be estimated by the mean of the latest three actual IBNR claims (Incurred But Not Reported) amounts for equivalent periods in the NDPERS history.

7.3 Within 31 days of 24 months after the end of the biennium (by July 31, 2017), BCBSND will provide an accounting, which will result in a final settlement of the biennium agreement as follows:

1. Earned Premium Income during the Biennium
2. Plus interest on Surplus Funds
3. Less Claims Incurred during the Biennium and Paid July 1, 2013 through June 30, 2017
4. Less Administrative Expense during the Biennium ($28.36 per contract per month)
5. Less Conversion Cost during the Biennium ($1.92 per Non-Medicare contract per month)
6. Less Service Charge during the Biennium ($9.58 per Non-Medicare contract per month and $2.16 per Medicare contract per month)
7. Less Disease Management Program fees during the Biennium ($1.40 per contract per month)
8. Less Wellness Program fees during the Biennium ($4.26 per contract per month)
9. Less PPACA fees during the Biennium ($21.54 per Non-Medicare contract per month)
10. Less any refund paid to NDPERS at initial settlement on July 31, 2016
11. If 1+2-3-4-5-6-7-8-9-10 of 7.3 is positive, the lesser of 50% of this amount or $1.5 million is retained by BCBSND for the July 1, 2013 through June 30, 2015 biennium. The remainder equals Refund paid to NDPERS. The maximum retained by BCBSND for the biennium is 50% of $3.0 million of gain.
12. If 1+2-3-4-5-6-7-8-9-10 of 7.3 is negative, the lesser of 50% of this amount or $3.0 million will be refunded by NDPERS to BCBSND. BCBSND retains all losses beyond $6.0 million and any estimated gains previously distributed to NDPERS are subject to refund back to BCBSND based on this final settlement. The maximum loss NDPERS is subject to is 50% of $6.0 million of loss.

DRAFT

The language in red was filed with the Insurance Department 6-2-14 Still waiting for approval.7-8-14

7.4 Within 31 days of 12 months after the end of the biennium (by July 31, 2016), BCBSND will provide an accounting of PPACA fees. This adjustment is in addition to the settlement calculated in 7.2. The calculation will be as follows:

1. Estimated PPACA fees paid by NDPERS during the biennium ($21.54 per Non-Medicare contract per month)

2. Less actual PPACA fees paid by BCBSND for the biennium including:

   a. Patient Centered Outcomes Research Tax will be calculated based on actual average Non-Medicare Members at the rate of $2.00 per Member per year for July 1, 2013 through June 30, 2014, and the updated amount for the following year (unknown at this time) for July 1, 2014 through June 30, 2015.

   b. Transitional Reinsurance Assessment will be calculated based on actual average Non-Medicare Members at the rate of $5.25 per Member per month ($63.00 annual) for January 1, 2014 through December 31, 2014, and $3.67 per Member per month ($44.00 annual) for January 1, 2015 through June 30, 2015.

   c. Health Insurer Tax will be calculated using NDPERS' portion of the premium used to calculate the bill from the Federal Government, grossed up by 20% for Federal Income Tax. The 2014 bill is based on 2013 premium. The 2015 bill is based on 2014 premium, and only half of that amount will be charged to NDPERS since this biennium ends June 30, 2015. (Illustrative Example for 2014 payment: Assume BCBSND receives a $10 million HIT tax bill in 2014 that is based on $1 billion of 2013 premium. If NDPERS contributed $200 million to the $1 billion of 2013 premium, then NDPERS would be charged 20% of $12 million – the $10 million HIT tax bill grossed up by 20% for Federal Tax. The same approach would be taken for 2015 except that only half of the amount would be used to account for half of the year.)

3. If 1-2 of 7.4 is positive, the remainder equals Refund paid to NDPERS. If 1-2 of 7.4 is negative, the remainder will be refunded by NDPERS to BCBSND.

4. The parties agree that the above identified PPACA fees are subject to modification by the respective federal agencies at any time. If the PPACA fees are so modified, the modifications shall automatically be incorporated into this Agreement without further action by the parties.

8. TERM AND TERMINATION OF AGREEMENT

8.1 The term of this Agreement shall be for a two year period from July 1, 2013 through June 30, 2015.

8.2 This Agreement may be terminated by mutual agreement of both parties, upon 60 days notice, in writing.

Either party may terminate this Agreement effective 90 days following delivery of written notice to the other party, or at such later date as may be stated in the notice, under any of the following conditions:

a. If funding from federal, state or other sources is not obtained and continued at levels sufficient to allow for purchase of the services or supplies in the indicated quantities or term. The Agreement may be modified by agreement of the parties in writing to accommodate a reduction of funds.

DRAFT

b. If federal or state laws, rules or regulations are modified, changed or interpreted in such a way that the services are no longer allowable or appropriate for purchase under this Agreement or are no longer eligible for the funding proposed for payments authorized by this Agreement.
c. If any license, permit or certificate required by law, rule or regulation, or by the terms of this Agreement, is for any reason denied, revoked, suspended or not renewed.

Any such termination of this Agreement shall be without prejudice to any obligations or liabilities of either party already accrued prior to such termination.

d. In the event of a breach by either party, other than for nonpayment of premium, the other party may terminate this Agreement by written notice to the breaching party. The breaching party has 31 days to fully cure the breach. If the breach is not cured within 31 days after written notice, this Agreement will immediately terminate.

9. **INTER-PLAN PROGRAMS**

BCBSND has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs" Whenever a Member accesses health care services outside of the geographic area BCBSND serves, the claim for those services may be processed through one of these Inter-Plan Programs and presented to BCBSND for payment in accordance with the rules of the Inter-Plan Programs policies then in effect. The Inter-Plan Programs available to Members under this Agreement are described generally below.

Typically when accessing care outside the BCBSND service area, a Member will obtain care from health care providers that have a contractual agreement (i.e., "participating agreement") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, a Member may obtain care from health care providers who have not entered into a "participating agreement" with a Host Blue. BCBSND payment practices in both instances are described below.

A. BlueCard® Program

Under the BlueCard Program, when Members access health care services within the geographic area served by a Host Blue, BCBSND will remain responsible to the Group for fulfilling BCBSND's contractual obligations. However, in accordance with applicable Inter-Plan Programs policies then in effect, the Host Blue will be responsible for providing such services as contracting and handling substantially all interactions with the health care providers who have entered into a "participating agreement" with it (participating health care providers). The financial terms of the BlueCard Program are described generally below. Individual circumstances may arise that are not directly covered by this description; however, in those instances, BCBSND's action will be consistent with the spirit of this description.

Liability Calculation Method Per Claim - The calculation of Member liability on claims for Covered Services processed through the BlueCard Program will be based on the lower of the billed charges of the Host Blue's participating health care provider or the negotiated price made available to BCBSND by the Host Blue.

Host Blues may use various methods to determine a negotiated price, depending on the terms of each Host Blue's health care provider contracts. The negotiated price made available to BCBSND by the Host Blue may represent a payment negotiated by a Host Blue with a health care provider that is one of the following:

1. the actual price. An actual price is a negotiated payment without any other increases or decreases; or

DRAFT

2. an estimated price. An estimated price is a negotiated payment reduced or increased by a percentage to take into account certain payments negotiated with the provider and other claim- and non-claim-related transactions. Such transactions may include, but are not limited to, anti-fraud and abuse recoveries, provider refunds not applied on a claim-specific basis, retrospective settlements, and performance-related bonuses or incentives; or

3. an average price. An average price is a percentage of billed covered charges representing the aggregate payments negotiated by the Host Blue with all of its health care providers or a similar classification of its providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

Host Blues using either an estimated price or an average price may, in accordance with Inter-Plan Programs policies, prospectively increase or reduce such prices to correct for over- or underestimation of past prices (i.e., prospective adjustments may mean that a current price reflects additional amounts or credits for claims already paid to providers or anticipated to be paid to or received from providers). However, the amount paid by the Member is a final price; no future price adjustment will result in increases or decreases to the pricing of past claims. The BlueCard Program requires that the price submitted by a Host Blue to BCBSND is a final price irrespective of any future adjustments based on the use of estimated or average pricing.

A small number of states require a Host Blue either (i) to use a basis for determining Member liability for Covered Services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or (ii) to add a surcharge. Should the state in which health care services are accessed mandate liability calculation methods that differ from the negotiated price methodology or require a surcharge, BCBSND would then calculate the Member's liability in accordance with applicable law.

Return of Overpayments - Under the BlueCard Program, recoveries from a Host Blue or from participating health care providers of a Host Blue can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, provider/hospital audits, credit balance audits, utilization review refunds, and unsolicited refunds. In some cases, the Host Blue will engage third parties to assist in discovery or collection of recovery amounts. The fees of such a third party may be netted against the recovery. Recovery amounts determined in this way will be applied in accordance with applicable Inter-Plan Programs policies, which generally require correction on a claim-by-claim or prospective basis.

B. **Nonparticipating Providers Outside the BCBSND Service Area**

When Covered Services are provided outside of BCBSND's service area by health care providers who have not entered into a "participating agreement" with a Host Blue (nonparticipating health care providers), the amount the Member pays for such services will generally be based on either the Host Blue's nonparticipating health care provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be liable for the difference between the amount that the nonparticipating health care provider bills and the payment BCBSND will make for the Covered Services as set forth in this paragraph.

In certain situations, BCBSND may pay claims based on the payment BCBSND would make if the Covered Services had been obtained within the BCBSND service area. Such situations include where a Member did not have reasonable access to a participating health care provider, as determined by BCBSND in its sole and absolute discretion or by applicable state law. In other situations, BCBSND may pay such a claim based on the payment BCBSND would make if BCBSND were paying a nonparticipating health care provider inside of BCBSND's service area (as described in the Member's Certificate of Insurance) where the Host Blue's corresponding payment would be more than BCBSND's payment to a nonparticipating health care provider within the BCBSND service area. BCBSND may also in its sole and absolute discretion, negotiate a payment with such a health care provider on an exception basis. In any of these situations, the Member may be responsible for the difference between the amount that the nonparticipating health care provider bills and payment BCBSND will make for the Covered Services as set forth in this paragraph.

DRAFT

10. **RETROSPECTIVE DISCOUNT PAYMENT**

Regarding prescription medications or drugs purchased by Members under the terms of the Plan, BCBSND will pay the amount due to the pharmacy (or other prescription drug retailer) under the terms of the pharmacy provider participating agreement. The amount due to the pharmacy under the terms of the pharmacy provider participating agreement is that which is due at the time the prescription medication or drug is purchased by the Member. The amount due to the pharmacy under the pharmacy provider participating agreement is calculated without regard to any subsequent, retrospective manufacturer discount that may apply to the cost of the prescription medication or drug. The Plan Administrator acknowledges and agrees that, in some cases but not all, drug manufacturers may offer retrospective discounts to BCBSND on prescription medications and drugs purchased under the terms of the Plan. If a drug manufacturer makes a retrospective discount payment available, the Plan Administrator acknowledges and agrees that a portion of any such rebate may be retained by an entity that performs manufacturer discount program services on behalf of BCBSND under the terms of this Agreement. The Plan Administrator further acknowledges and agrees that, when made available by the drug manufacturer, another portion of the retrospective discount payment is retained by BCBSND. In its sole discretion, BCBSND may periodically refund to the Plan all or part of any rebate payments received. The calculation of any refund rests in the sole discretion of BCBSND.

In its sole discretion, and only in the case where a Member is required to pay Coinsurance as part of the Cost Sharing Amounts for each Prescription Medication and Drug provided under the terms of this Benefit Plan, BCBSND may periodically refund to Members a proportional amount of any retrospective discount payments received. The calculation and payment of any such proportional refund rests in the sole discretion of BCBSND. The manner in which such retrospective discount program payment refund, if any, is distributed to a Member rests in the sole discretion of BCBSND. The Member waives any right, title, or interest in and to such proportional retrospective discount payment once the Member is no longer eligible for benefits under the terms of this Benefit Plan, and BCBSND may use its discretion and disburse any such retrospective discount payments as it deems appropriate and necessary in its administration of this Benefit Plan. The Member shall pay all Cost Sharing Amounts at the time the Prescription Medication or Drug is purchased, without regard to any potential retrospective discount.

11. **GENERAL PROVISIONS:**

11.1 This Agreement is between NDPERS and BCBSND and does not create any rights or legal relationships between BCBSND and any Member(s).

11.2 This Agreement, together with the Response to the Request for Proposal and any exhibits, attachments and amendments constitutes the entire Agreement between the parties. No promises, terms, conditions or obligations other than those contained in this Agreement are valid or binding. Any prior agreements, statements, promises, negotiations, inducements or representations, either oral or written, made by either party or agent of either party that are not contained in this Agreement are of no effect. No modification of the terms or provisions of this Agreement shall be effective unless evidenced by a written amendment, signed by an authorized officer or employee of NDPERS and BCBSND.

11.3 This Agreement shall be governed by and construed according to the laws of the state of North Dakota.

11.4 Failure of either party at any time to require performance by the other party of any provision of this Agreement shall not be deemed to be a continuing waiver of that provision or a waiver of any other provision of this Agreement.

11.5 No assignment of this Agreement in whole or in part may be made by either party without written agreement approved by both parties.

11.6 All notices and correspondence required or permitted to be given under this Agreement shall be given by personal delivery to the other party or may be sent by mail, postage prepaid to the other party at the following addresses:

DRAFT

11.7 Neither party shall be liable for any delay in or failure to perform under this Agreement due to an act of God or due to war mobilization, insurrection, rebellion, civil commotion, riot, act of an extremist or public enemy, sabotage, labor dispute, explosion, fire, flood, storm, accident, drought, equipment failure, power failure, fuel or energy shortages, unavoidable delay of carriers, embargo, law, ordinance, act, rule or regulation of any government, whether valid or invalid.

11.8 NDPERS hereby expressly acknowledges and understands that BCBSND is an independent corporation operating under a license with the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the "Association"), permitting BCBSND to use the Blue Cross and Blue Shield Service Marks in the state of North Dakota, and that BCBSND is not contracting as an agent of the Association. NDPERS further acknowledges and agrees this Agreement was not entered into based upon representations by any person or entity other than BCBSND and that no person, entity, or organization other than BCBSND shall be held accountable or liable to NDPERS for any of BCBSND's obligations to NDPERS created under this Agreement. This paragraph shall not create any additional obligations whatsoever on the part of BCBSND other than those obligations created under other provisions of this Agreement.

11.9 If NDPERS or BCBSND creates benefit communications for Members, relating to the Certificate of Insurance attached as Exhibit A, such communications will be sent to BCBSND or NDPERS for comment prior to distribution. Either party will have 5 business days to comment on the communication. If one party fails to advise the other within that 5-day period, it will be presumed there are no comments on the communication. If NDPERS has a digital or online version of the Certificate of Insurance available to its Members, NDPERS agrees that it will not alter, modify or change the language of the Certificate of Insurance, and further agrees the Certificate of Insurance, attached as Exhibit A, will be the controlling document in the event of any conflict or liability that might arise as the result of any alterations, modifications or changes made by NDPERS. In the event a claim is paid based on NDPERS's modified or altered digital or online Certificate of Insurance, NDPERS is liable for all such claims. NDPERS further agrees that no waiver of this agreement is valid unless in writing and approved by BCBSND.

11.10 BCBSND will prepare Summaries of Benefits and Coverage for distribution to applicants and Members by NDPERS so that BCBSND, the Plan and NDPERS may all satisfy related disclosure obligations under federal law. It shall be the sole responsibility of NDPERS to distribute the Summaries of Benefits and Coverage in accordance with federal law, and the Plan Administrator acknowledges and agrees that BCBSND will rely upon NDPERS for compliance with the requirements for distribution of the Summaries of Benefits and Coverage to applicants and Members.

11.11 When coverage under this Agreement is terminated, BCBSND will, within a reasonable period of time, issue a Certificate of Creditable Coverage to the Subscriber. Upon notification by the Subscriber of the ineligibility of a dependent, a Certificate of Creditable Coverage will be issued to the affected Member within a reasonable period of time. Certificates of Creditable Coverage may also be obtained from BCBSND upon request within 24 months after coverage is terminated. Certificates of Creditable Coverage will only reflect continuous coverage provided through BCBSND.

11.12 Upon the effective date of any final regulation or amendment to final regulations with respect to PHI, Standard Transactions, the security of health information or other aspects of the Health

DRAFT

Insurance Portability and Accountability Act of 1996 applicable to this Agreement, this Agreement will automatically amend such that the obligations imposed on the Plan Sponsor, the Plan Administrator and BCBSND remain in compliance with such regulations, unless BCBSND elects to terminate this Agreement by providing the Plan Sponsor and the Plan Administrator notice of termination in accordance with this Agreement at least thirty-one (31) days before the effective date of such final regulation or amendment to final regulations.

12. **DISPUTES AND INDEMNIFICATION**

If litigation is filed regarding denial of benefits or otherwise, and BCBSND is named as the sole defendant, BCBSND will have the right to manage and have full control of litigation and to determine whether to pay, compromise, litigate or appeal the litigation. Except as otherwise provided in this Agreement, NDPERS and BCBSND each agree to assume their own liability for any and all legal or equitable claims of any nature including all costs, expenses and attorneys' fees which may in any manner result from or arise out of this Agreement.

NDPERS agrees that all Retrospective Discount Payments will be made to Members of the Plan. BCBSND agrees to indemnify NDPERS for any judgments against NDPERS solely arising out of NDPERS' decision to participate in the Retrospective Discount Payment program.

BCBSND shall secure and keep in force during the term of this Agreement, from insurance companies, government self-insurance pools or government self-retention funds, authorized to do business in North Dakota, the following insurance coverages:

1. Commercial general liability, including premises or operations, contractual, and products or completed operations coverages (if applicable), with minimum liability limits of $250,000 per person and $1,000,000 per occurrence.

2. Professional errors and omissions with minimum liability limits of $1,000,000 per occurrence and in the aggregate, BCBSND shall continuously maintain such coverage during the term of the Agreement and for three years thereafter. In the event of a change or cancellation of such coverage, BCBSND shall purchase an extended reporting period to meet the time periods required in this section.

3. Automobile liability, including Owned (if any), Hired, and Non-Owned automobiles, with minimum liability limits of $250,000 per person and $500,000 per occurrence.

4. Workers compensation coverage meeting all statutory requirements.

The insurance coverages listed above must meet the following additional requirements:

1. Any deductible or self-insured retention amount or other similar obligation under the policies shall be the sole responsibility of BCBSND. The amount of any deductible or self retention is subject to approval by NDPERS, upon request.

2. This insurance may be in policy or policies of insurance, primary and excess, including the so-called umbrella or catastrophe form and must be placed with insurers rated “A-” or better by A.M. Best Company, Inc., provided any excess policy follows form for coverage. Less than an “A-” rating must be approved by NDPERS. The policies shall be in form and terms approved by NDPERS, upon request.

3. BCBSND shall furnish a certificate of insurance to the undersigned NDPERS representative, upon request.

4. Failure to provide insurance as required in this Agreement is a material breach of contract entitling NDPERS to terminate this Agreement immediately.

BCBSND shall not cancel or modify the insurance coverage required by this Agreement without thirty (30) days’ prior written notice to the undersigned NDPERS representative.

DRAFT

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed, in their names by their undersigned officers, the same being duly authorized to do so.

1. Face sheet

Name of Proposer's Firm:	
Federal Tax I.D. Number:	
Principal Place of Business:	
Address:	
City:	
State and Zip:	
Contact Person:	
Title:	
Telephone:	
Fax:	
E-mail address:	

2. Minimum Requirements (please identify if you would be able to meet this existing service and if not what you would propose.

Minimum Requirements	Response
Electronic Data Collection and Reporting Requirements: Respondents must, at a minimum, meet the data collection and reporting requirements described in Section 1 under Reporting Requirements of the RFP.	
Vendor must be able to take current 834 electronic enrollment file (containing member eligibility) at no cost.	
Effective Date of Coverage: Respondents must be able to provide required coverages and services by July 1, 2015 and January 1 2016 for the PDP.	
Licensure: Respondents must have all applicable licenses required by North Dakota or agree to obtain necessary licensure prior to the effective dates of coverage.	
Term of Contract: NDPERS is required by state statute to solicit bids for medical benefit coverage for a specified term for a fully-insured arrangement and every other biennium for a self-funded arrangement. NDPERS has determined that the specified term for fully-insured arrangement shall be six years subject to two year renewals, however, NDPERS reserves the right to extend the agreement subject to negotiation with the successful vendor if the Board deems it necessary.	
Premium Rate Guarantees: For all insured proposals premium rates must be guaranteed for a period of two years, from July 1, 2015 to June 30, 2017. PDP rates will be developed each year based upon the federal subsidy.	
PDP rates: Must be submitted to PERS by September of each year.	
Non-Medicare Retirees: Rates are governed by state statue. Non-	

Minimum Requirements	Response
Medicare retiree single rate is 150% of the active member single rate; the rate for a non-Medicare retiree plus one is twice the non-Medicare single rate, and the rate for a non-Medicare retiree plus two or more dependents is two and one-half times the non-Medicare retiree single rate.	
Renewals: Renewals must be submitted to NDPERS in August of the year preceding the contract renewal date and in September of each year for the PDP.	
Contract Termination: Respondent's contract termination provision may not require more than 120-day notice and can occur only at renewal. NDPERS can terminate coverage at any time.	
Replicate Coverage: Respondent should replicate the existing coverage and financial terms for two years including an HSA arrangement. Variances and exceptions to existing coverage can be offered in appendix F item F2.	
Legislative Compliance: Respondents agree to comply with all provisions of the Health Insurance Portability Act of 1996 including, but not limited to providing certificates of creditable coverage. Respondents must also be in compliance with all HIPAA Privacy and HIPAA EDI requirements and be able to conduct all applicable employer/plan sponsor and provider transactions consistent with those requirements. Respondents will be expected to meet HIPAA security requirements when applicable to NDPERS. Respondents will also be expected to be in compliance with all ACA requirements	
Transition Management: Respondents agree, should they be selected, they will proactively manage the transition of coverage (e.g. claim accumulators, lifetime maximums, etc.) from the subsequent carrier.	
Administration: Respondents must agree to comply with existing administration of NDPERS. Any modifications needed to accommodate NDPERS data will be done at the vendor's own	

Minimum Requirements	Response
expense.	
Audit: NDCC 54-52-05 (10) relating to the audit authority of NDPERS.	
North Dakota Legislation Requirements: Respondent must meet all requirements in the North Dakota Century Code including 54-52.1 and all requirements in the North Dakota Administrative Code including 71-03. Specific recognition of 54-52.1-12 should be acknowledged.	
Ability to meet the specifications outlined in the RFP unless specifically noted	
Premium rates must be divisible by two.	
Subject matter experts and other appropriate personnel will be available to attend board meetings, legislative hearings, etc. as needed	

3. Affidavit of Non-collusion

I swear (or affirm) under the penalty of perjury:

1. That I am the Responder (if the Responder is an individual), a partner in the company (if the Responder is a partnership), or an officer or employee of the responding corporation having authority to sign on its behalf (if the Responder is a corporation);

2. That the attached proposal submitted in response to the Group Medical Coverage Request for Proposals has been arrived at by the Responder independently and has been submitted without collusion with and without any agreement, understanding or planned common course of action with, any other Responder of materials, supplies, equipment or services described in the Request for Proposal, designed to limit fair and open competition;

3. That the contents of the proposal have not been communicated by the Responder or its employees or agents to any person not an employee or agent of the Responder and will not be communicated to any such persons prior to the official opening of the proposals; and

4. That I am fully informed regarding the accuracy of the statements made in this affidavit.

Responder's Firm Name: _____

Authorized Signature: _____

Date: _____

Subscribed and sworn to me this _____ day of _____

Notary Public: _____

My commission expires: _____

4. Conflicts of interest list
Responders must provide a list of all entities with which it has relationships that create, or appear to create, a conflict of interest with the work that is contemplated in this request for proposals. The list should indicate the name of the entity, the relationship, and a discussion of the conflict.

5. Compliance with Federal and State Laws Form

NDPERS — Federal and State Law Compliance Certification

1. The company shown below is or will be in compliance with Federal and State laws and does not knowingly violate North Dakota or United States Laws. The company shown below will obtain this certification from all subcontractors who will participate in the performance of this contract; and

I certify that the company shown below is in compliance with items 1 above and that I am authorized to sign on its behalf.

Name of Company: _____Date: _____

Authorized Signature: _____Telephone Number: _____

Printed Name: _____Title: _____

6. Location of Service Disclosure and Certification

STATE OF NORTH DAKOTA

LOCATION OF SERVICE DISCLOSURE AND CERTIFICATION

LOCATION OF SERVICE DISCLOSURE

Check all that apply:

- ❑ The services to be performed under the anticipated contract as specified in our proposal will be performed ENTIRELY within the State of North Dakota.
- ❑ The services to be performed under the anticipated contract as specified in our proposal entail work ENTIRELY within another state within the United States.
- ❑ The services to be performed under the anticipated contract as specified in our proposal will be performed in part within North Dakota and in part within another state within the United States.
- ❑ The services to be performed under the anticipated contract as specified in our proposal DO involve work outside the United States. Below (or attached) is a description of

  (1) the identity of the company (identify if subcontractor) performing services outside the United States;

  (2) the location where services under the contract will be performed; and

  (3) the percentage of work (in dollars) as compared to the whole that will be conducted in each identified foreign location.

CERTIFICATION

By signing this statement, I certify that the information provided above is accurate and that the location where services have been indicated to be performed will not change during the course of the contract without prior, written approval from the State of North Dakota.

Name of Company: _____

Authorized Signature:_____

Printed Name: _____

Appendix C. Questionnaire

In order for your proposal to be considered and accepted, your organization must provide answers to the questions presented in this section. Each question must be answered specifically and in detail. Include both the question and the answer in your proposal response. An electronic copy of this questionnaire has been provided to facilitate your response.

Reference should not be made to a prior response unless the question involved specifically provides such an option. Proposers should refer to the earlier sections of this RFP before responding to any of the questions, to ensure that you have a complete understanding of the requirements with respect to your organization's proposal.

Vendors may include additional information that you consider relevant or useful to NDPERS. However, responses to all of the questions set forth below must be provided.

PERS is interested in evaluating financial arrangements based on the traditional approach to PBM pricing and pricing under a transparent arrangement. "Traditional" financial proposals should include guaranteed effective rate discounts, as well as specific fees and guaranteed rebate dollar amounts. "Transparency" for purposes of this Request for Proposal is defined as a full pass through to PERS of all monies paid to the PBM arising from all contracted arrangements. **When answering questions and completing exhibits related to your financial proposal, please indicate if your answer would differ under a transparent or a traditional pricing arrangement.** PERS will give preference to transparent proposals.

If this proposal results in your company being awarded a contract and if, in the preparation of that contract, there are inconsistencies between what was proposed and accepted versus the contract language that has been generated and executed, any controversy arising over such discrepancy will be resolved in favor of the language contained in the proposal or correspondence relating to your proposal. Vendors are reminded that **any and all deviations must be clearly identified and described in the RFP and the deviations worksheet provided in Appendix F.**

The questionnaire is broken down into the following 13 (thirteen) categories:

- Organizational Background, Strength, and Experience
- Implementation and Account Management
- Communications and Website
- Plan Administration
- Eligibility and Billing
- Customer/Member Service
- Claims Administration
- Reporting

6.1 Organizational Background, Strength, and Experience

1. Provide a brief description of your organization, including your company history, organizational structure, services provided, location of headquarters, and length of time you have been in business. Describe any significant historical or future organizational developments (acquisitions, mergers, change in subcontracted vendors, etc.).
2. Vendors responding to this RFP must be able to substantiate their financial stability. Provide a copy of your audited financial statement or other financial information. Include, at a minimum, a Balance Sheet and a Profit and Loss Statement, together with the name and address of the bank(s) with which you conduct business and the public accounting firm(s) that audit your financial statements. Other sufficient information may include a written statement from a financial institution confirming the creditworthiness and financial stability of the vendor.
3. Provide a copy of any State or Federal regulatory audit performed within the last two years.
4. Confirm that your organization agrees to be accountable for everything stated in and submitted as part of your proposal, even if not specifically addressed in the proposed sample contract/ASA.
5. Indicate whether your company has ever been or is currently a party to litigation regarding a medical benefit plan contract or agreement. If so, provide details of the litigation or action. Failure to disclose this may constitute grounds for rejection of any proposal or termination of any contract.
6. State whether the vendor, its officers, agents or employees, who are expected to perform services under the NDPERS contract, have been disciplined, admonished, warned, or had a license, registration, charter, certification, or any similar authorization to do business suspended or revoked for any reason.
7. Include a description of your organization's major short term strategic initiatives and your long term strategic business plan. Specifically address cost containment efforts.
8. Describe how your organization differentiates itself from your competitors. Specifically, what makes your organization the best partner for NDPERS?
9. Identify all services that are currently outsourced or subcontracted, the name of the vendor/partner, and length of the relationship. Describe how you ensure quality customer service and timely and effective issue resolution.
10. What ratings have you received from the following third party rating companies and organizations?

Rating Organization	Rating	Date of Last Accreditation / Rating
A.M. Best		
Standard & Poor's		
Moody's		
NCQA (by product)		

JCAHO		
URAC		
American HealthCare Commission		

11. What fidelity and surety insurance or bond coverage do you carry to protect your clients? Specifically describe the type and amount of the fidelity bond insuring your employees that would protect this plan in the event of a loss. Do you agree to furnish a copy of all such policies for review by legal counsel if requested?
12. Are any of the services you are proposing to provide to NDPERS contracted outside the U.S.A? Describe any business you do outside the U.S.A. and the financial impact, if any, of requiring those services to be provided within the U.S.A.
13. Confirm that your proposal includes any and all deviations to the sample ASA (via submission of Exhibit F) and to the other RFP requirements (via Exhibit F, worksheet 2).
14. Confirm that you will to the best of your ability conform to the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010. Describe any provisions that NDPERS must be prepared to comply with beginning July 1, 2015.

6.1.2 References and Experience

15. Provide the following information on a maximum of three (3) of your largest medical plan clients for whom you provide medical network, insurance, and administrative services. References of similar size and scope to NDPERS are preferred; one must be your largest public sector client and one must be your largest North Dakota-based client.
    a. Name of employer sponsoring plan and location
    b. Type of services provided to plan sponsor
    c. Plan inception date
    d. Length of time as client
    e. Number of contracts and members participating in the plan
    f. Contact information (name, title, phone number, email address)
16. Provide the following information for two (2) of your largest medical plan clients that have terminated services during the preceding 3-year period. References of similar size and scope to NDPERS are preferred.
    a. Name of employer sponsoring plan and location
    b. Type of services provided to plan sponsor
    c. Plan inception date
    d. Length of time as client
    e. Number of contracts and members participating in the plan
    f. Reason for termination
    g. Contact information (name, title, phone number, email address)

6.2 Implementation and Account Management

17. Proposers must outline in detail the specific activities and tasks necessary to implement the NDPERS program. Be specific with regard to the following:
    - Amount of total time needed to effectively implement the program
    - Activities/tasks and corresponding timing
    - Responsible parties and amount of time dedicated to implementation, broken out by vendor and NDPERS staff
    - Any transition activities required with incumbent carriers, including providing members adequate notice regarding current care or treatment plans at least 60 days prior to a change
    - Length of time implementation team lead and members will be available to NDPERS
18. Provide an overview of how the NDPERS relationship will be managed, both strategically and on a day-to-day basis. Include an organizational chart. NDPERS will give preference to vendors who are willing to assign a dedicated account management team and provide access to senior leadership. Designate the names, titles, location, telephone numbers, and email addresses for the representatives listed below. For the account service individuals listed (b, c, d, and e below), provide brief biographical information, such as years of service with your company, experience as it relates to this proposal, and the number of clients for which they perform similar services.
    a. The key individual representing your company during the proposal process;
    b. The key individuals on your proposed implementation team;
    c. The key individual assigned to overall contract management;
    d. The key dedicated individual or team members responsible for day-to-day account management and service;
    e. The key individual responsible for provider contracting; and
    f. The key individual responsible for provider relations if different than letter e. above.
