CLASSIFICATION OF CRIMINAL OFFENSES STUDY -
BACKGROUND MEMORANDUM

Senate Concurrent Resolution No. 4051 (copy
attached as an appendix) directs the Legislative
Council to study the classification of criminal offenses
throughout the North Dakota Century Code (NDCC).
The testimony on Senate Concurrent Resolution No.
4051 indicated that a proper classification of offenses
would provide for equitable punishment based upon
the elements of the offense committed and that the
appropriate classification of offenses may result in
more efficient use of the state’s resources in deter-
mining levels of punishment, rehabilitation, and the
appropriate alternatives to incarceration.

BACKGROUND
In North Dakota, classification of criminal offenses
commences with the Constitution of North Dakota.
Section 7 of Article I of the Constitution provides that
"[e]very citizen of this state shall be free to obtain
employment wherever possible, and any person,
corporation, or agent thereof, maliciously interfering
or hindering in any way, any citizen from obtaining or
enjoying employment already obtained, from any
other corporation or person, shall be deemed guilty of
a misdemeanor." Section 10 of Article I of the Constit-
tution refers to the term “felony” and provides that no
person shall be proceeded against for a felony except
by indictment, until another procedure is provided by
law.

Section 11 of Article XI provides that “[a]ll officers
not liable to impeachment shall be subject to removal
for misconduct, malfeasance, crime or misdemeanor
in office, or for habitual drunkenness or gross incom-
petency in such manner as may be provided by law.”

Section 11 of Article I, dealing with bail for criminal
offenses, refers to “capital offenses” which need not
be bailable where proof of commission “is evident or
the presumption great.”

The statutory classification of crimes in North
 Dakota is primarily contained in NDCC Title 12.1; however, a number of felonies, misdemeanors, and
infractions can be found throughout the Century
Code.

PREVIOUS STUDIES
During the 1971-72 interim, the Judiciary “B”
Committee, pursuant to House Concurrent Resolution
No. 3050, was assigned to review and revise the
substantive criminal statutes of North Dakota, or so
much thereof as may reasonably be revised during
the 1971-72 interim. The committee consisted of both
legislative and citizen members. The committee’s
work was funded in part by a federal grant obtained
through the Combined Law Enforcement Council.
The committee recommended Senate Bill No. 2045,
which created a new criminal code defining and clas-
sifying criminal offenses, providing defenses to
criminal charges, and delineating sentencing criteria.
The bill abolished the death penalty, eliminated
mandatory minimum sentences, restricted the use of
deadly force in apprehending alleged criminals, and
consolidated theft laws. The bill was enacted by the
1973 Legislative Assembly.

The 1973-74 interim Judiciary “A” Committee,
pursuant to House Concurrent Resolution No. 3006,
continued the substantive and formal study and revis-
ion of the criminal statutes. As a result of this study,
the committee recommended Senate Bill No. 2040.
The bill amended the Criminal Code enacted in 1973,
created an offense classification known as an infrac-
tion, clarified certain offense definitions, expanded the
instances wherein the use of force by peace officers
is justified, and created a separate fine schedule for
business organizations. The bill also made several
changes in the sentencing code. The bill was passed
by the 1975 Legislative Assembly.

During the 1987-88 interim, the Judiciary Commit-
tee, pursuant to Senate Concurrent Resolution
No. 4022, studied the criminal sentencing statutes in
misdemeanor and felony cases. The committee
recommended House Bill No. 1052 to consolidate
NDCC Chapter 12-53, relating to suspended execu-
tion of sentences, with Chapter 12.1-32, which
provides for the classification of offenses, penalties,
and a broad array of sentencing alternatives available
to the court. According to the Judiciary Committee’s
final report, the bill was intended to clarify a court’s
authority to impose a sentence if conditions of proba-
ton are violated following the suspended execution of
a sentence and to clarify the status of a person
receiving a deferred imposition of sentence. The bill
was also intended to address conflicts and inconsis-
tencies existing in the sentencing statutes. The bill
was passed by the 1989 Legislative Assembly.

The 1997-98 interim Criminal Justice Committee,
pursuant to Senate Concurrent Resolution No. 4049,
directed to study the feasibility and desirability of
revising the sections of the Century Code which relate
to sexual offenses. The committee recommended a
bill that would have required a mark on the driver’s
license of a felonious sexual offender and an indi-
vidual who has committed a felony against a child.
The bill failed to pass the House.

1999 LEGISLATION
The 1999 legislation relating to the criminal classi-
fications may be classified in these areas—sentencing;
sexual offenses; and new offenses.
Sentencing

Senate Bill No. 2305 expanded the meaning of "communicates in writing" for the purposes of the crime of harassment to include electronic transmissions, electronic mail, facsimile, or other similar means. The bill also permitted a court to impose as a condition of probation that a person refrain from any subscription to, access, or use of the Internet.

Sexual Offenses

Senate Bill No. 2299 provided for the registration requirements for an individual who has pled guilty or been found guilty of a sexual offense, including juvenile delinquent adjudications of equivalent offenses.

New Offenses

House Bill No. 1184 made it a Class A misdemeanor to give false information or a false report to a law enforcement officer. The bill also provided that every applicant for a position as a law enforcement officer must be requested to state in writing whether the applicant has ever pled or been found guilty of a felony.

House Bill No. 1295 added butane, fluorocarbon, and nitrous oxide to the list of volatile chemicals for which the inhalation of vapors from a listed chemical is prohibited.

House Bill No. 1379 provided that a person is guilty of an offense if the person removes, damages, or obstructs any telephone or telephone line so as to interfere with an emergency telephone call. The offense is a Class C felony if done intentionally and a Class A misdemeanor if done knowingly or recklessly.

Senate Bill No. 2125 changed the penalty from a Class B misdemeanor to an infraction for a person to sell or furnish tobacco products to a minor and for a minor to purchase, possess, smoke, or use tobacco products. The bill also authorized a city or county to adopt an ordinance or resolution regarding the sale of tobacco products. The bill also authorized a city or county to adopt an ordinance or resolution regarding the sale of tobacco to minors and use of tobacco by minors which is more stringent than this bill; however, the penalty for the sale of tobacco to minors and use of tobacco by minors is a fee of at least $25. The bill became effective on April 9, 1999.

Senate Bill No. 2186 made it a Class C felony for a person to knowingly cause bodily fluids or excrement to come into contact with law enforcement or correctional facility personnel and a Class A misdemeanor if the person recklessly causes the contact. The bill also required state agencies to release the results of any testing for any reportable disease performed on an individual convicted of a crime who is imprisoned if the request is made by the individual and documentation exists that the individual has had significant exposure to the disease.

Senate Bill No. 2223 increased the penalty for assault from a Class A misdemeanor to a Class C felony if the victim is under the age of 12 years and increased the penalty for aggravated assault from a Class C felony to a Class B felony if the victim is under the age of 12 years or the victim suffers permanent loss or impairment of the function of a bodily member or organ.

Senate Bill No. 2225 made it a Class C felony for a person to use or attempt to use the personal identifying information of an individual to obtain credit, money, goods, services, or anything else of value without the individual's consent.

SUGGESTED STUDY APPROACH

The committee, in its study of the classification of criminal offenses throughout the Century Code, may wish to approach this study as follows:

1. Review the criminal classification categories of NDCC Title 12.1 and other titles throughout the Century Code, select those titles and sections in need of review, and prioritize the order in which the selected titles and sections should be reviewed.

2. Seek recommendations from the Attorney General, the Judiciary Branch, the Department of Corrections and Rehabilitation, state’s attorneys, law enforcement, the State Bar Association, and other interested parties regarding recommended revisions of existing statutes and suggestions for new statutes.

3. Prepare bill drafts based upon the recommendations and conduct public hearings on those drafts to receive testimony from those individuals and agencies who would be impacted by the changes.

4. Develop final recommendations and prepare legislation necessary to implement the recommendations.
