

## COMPARISON OF TRAFFIC OFFENSE FEES AND BONDS - SELECTED STATES AND MAJOR CITIES WITHIN NORTH DAKOTA

This memorandum will compare the fees and bond schedules for traffic offenses in the states of North Dakota, South Dakota, Wyoming, and Montana and the cities of Bismarck, Fargo, Grand Forks, and Minot. Generally, fees and bond schedules provide a very short explanation of the offense and the fee for the offense. Because an explanation of an offense in each schedule is not exactly the same, the following table will list a category of offense, an example of the type of offense that falls under that category, and the fee for each entity that most closely resembles the description used in the North Dakota fee schedule. The category of offense table is the same category as used in the fee table provided by the Highway Patrol and the North Dakota Peace Officers Association in the document titled *Classification of Offenses*.
