STATUTORY PROVISIONS

North Dakota Century Code (NDCC) Section 54-03-19.1, a copy of which is attached as [Appendix A](#), provides that the Legislative Compensation Commission shall:

- Consist of five members appointed by the Governor with no more than three members representing the same political party.
- Develop recommendations for a long-term policy on legislative compensation, expense allowance, and insurance benefits.
- Recommend appropriate levels of compensation, expense allowance, and insurance.

North Dakota Century Code Section 54-03-19.2, a copy of which is attached as [Appendix B](#), provides that the commission must meet at least once during each biennium to determine levels of legislative compensation, expense allowance, and insurance benefits which permit citizens to hold legislative office without undue financial sacrifice or disadvantage. The commission may consult with the leadership of the Legislative Assembly and review compensation, expense allowance, and insurance benefits for legislative service in other states and in other areas. The commission is to report its findings and recommendations to the Legislative Assembly, and the commission may file with the Legislative Council a bill incorporating its recommendations.

HISTORY OF THE LEGISLATIVE COMPENSATION COMMISSION

The Legislative Compensation Commission was established by the 1969 Legislative Assembly. Consisting of five members appointed by the Governor, the primary duty of the commission was to determine appropriate rates of expense allowance and compensation to be paid to members of the Legislative Assembly. In 1979, after 10 years of existence, the law which created the original Legislative Compensation Commission was repealed.

The Legislative Compensation Commission was recreated by passage of 1983 Senate Bill No. 2360. The bill, codified as NDCC Sections 54-03-19.1 and 54-03-19.2, once again directed the Legislative Compensation Commission to determine appropriate levels of expense allowance and compensation to be paid to members of the Legislative Assembly.

In 1993, NDCC Section 54-03-19.1 was amended to direct the Legislative Compensation Commission to also develop recommendations for a long-term policy on legislative compensation, expense allowance, and insurance benefits. In addition, the 1993 Legislative Assembly amended Section 54-03-19.2 to allow the commission to file with the Legislative Council a bill incorporating its recommendations.

The 1997 Legislative Assembly amended NDCC Section 54-03-19.1 to provide that no more than three of the five appointees to the Legislative Compensation Commission may represent the same political party.

Legislative Compensation Commission Recommendations	Action By the Legislative Assembly																									
<p>The 2001-02 Legislative Compensation Commission recommended to the 2003 Legislative Assembly that legislative compensation and expense reimbursement remain at the current level.</p>	<p>The 2003 Legislative Assembly did not make any legislative compensation and expense reimbursement changes; however, the Legislative Assembly considered increasing the maximum lodging expense reimbursement allowed during legislative sessions from \$650 per month to 50 percent of the daily federal per diem lodging rate for the city of Bismarck for 30 days. The increased reimbursement for lodging during any month of a regular session was not to exceed \$100 over the maximum allowed for lodging per month during the last regular session. During the 2003 legislative session, 50 percent of the daily federal per diem lodging rate for North Dakota of \$55 for 30 days would have totaled \$825. Due to the provision that the increased reimbursement for lodging was not to exceed \$100 over the maximum allowed during the last regular session, the maximum lodging reimbursement allowed would have been \$750 per month.</p>																									
<p>The 2003-04 Legislative Compensation Commission recommended the compensation for regular, special, or organizational sessions; monthly compensation paid to legislators during their term of office; and compensation for interim meetings remain at the current level.
