NOTE: This rules amendment was prepared in response to a request at the June 23
and September 14, 2009, Legislative Procedure and Arrangements Committee
meetings to present 2011 legislative deadlines to allow the committee to review those
deadlines and how rules may be revised to allow additional time for consideration of
measures, especially the Appropriations Committees.

The proposed amendments:

- Extend the deadline for rereferral to the Appropriations Committee in the house of
  origin from the 23rd to the 25th legislative day. This would give the two-day and the
  three-day committees an additional day for consideration of measures before
  rereferral.

- Extend the deadline for reporting measures in the house of origin (as well as the
  final resolution introduction deadline) from the 31st to the 34th legislative day. This
  would give the three-day committees an additional day, the two-day committees
  two additional days, and the Appropriations Committees three additional days for
  consideration of measures before reporting measures out of committee.

- Extend the deadline for crossover from the 34th legislative day (Friday) to the
  37th legislative day (Wednesday). The crossover recess would also be moved
  from Monday-Tuesday to Thursday-Friday.

- Extend the deadline for reporting constitutional amendment and study resolutions
  from the 37th to the 40th legislative day. This would give the three-day and the
  two-day committees three additional days for consideration of these resolutions.

- Extend the deadline for crossover of resolutions from the 40th to the 43rd legislative
day.

- Extend the deadline for rereferral to the Appropriations Committee in the second
  house from the 47th to the 52nd legislative day. This would give the three-day and the
  two-day committees an extra week for consideration of measures before
  rereferral.

- Extend the deadline for reporting measures in the second house from the 55th to
  the 62nd legislative day. This would give the three-day committees three additional
days, the two-day committees two additional days, and the Appropriations
  Committees four additional days for consideration of measures before reporting
  measures out of committee.

Attached is a 2011 calendar depiction of current legislative deadlines, with arrows
depicting the effect of moving the two rereferral deadlines and the final reporting
deadline.
