j. Confirmation of executive nominations, as provided in Senate Rule 701.

SECTION 2. AMENDMENT. Senate Rule 701 is amended as follows:

701. Executive nominations. Upon receipt of nominations from the executive, the Senate shall forthwith consider them. The nominations must be read and be referred to the select committee appointed pursuant to Senate Rule 501, unless otherwise ordered by the Senate. The final question on every nomination must be, “Will the Senate advise and consent to the nomination?” The question must be approved by a majority of the members-elect. The President shall advise the executive, in writing, of the action taken by the Senate.
NOTE: This proposed rules amendment is in response to the following question:

Under Senate Rule 701, what is the vote requirement for confirmation of executive nominations?

Senate Rule 701 is silent on the vote requirement to consent to executive nominations. Senate Rule 318(1)(m) provides for questions to be decided by a majority of the members present if no other vote is required by the constitution or rule.

Article VIII, Section 6, of the Constitution of North Dakota is the only constitutional provision concerning a vote requirement for confirmation of executive nominations, and that provision requires a vote by a majority of the members-elect.

The statutes governing Senate confirmation requirements are silent as to a vote requirement of a majority of members present or members-elect.

The proposed amendment establishes the requirement of a majority of the members-elect. Thus, any ambiguity or distinction of vote requirements among different nominees is eliminated.
