CURRENT TAX RATES

North Dakota's **sales tax rate is 5 percent**. The estimated effect on general fund revenues of a one percentage point change in the state's 5 percent sales and use tax is approximately \$267 million per biennium, or \$133.5 million per year, based on the May 2009 legislative revenue forecast.

Individual income tax rates range from 1.84 percent to 4.86 percent based on the individual taxpayer's level of federal income tax liability. The estimated effect on general fund revenues of a 10 percent change in the state individual income tax rates (e.g., the 1.84 percent rate would increase by .184 percent to 2.024 percent, or decrease by .184 percent to 1.656 percent) is approximately \$63 million per biennium, or \$31.5 million per year, based on the May 2009 legislative revenue forecast.

Corporate income tax rates range from 2.1 percent to 6.4 percent of taxable income. The estimated effect on general fund revenues of a 10 percent change in the state's corporate income tax rates (e.g., the 2.1 percent rate would increase by .21 percent to 2.32 percent or would decrease by .21 percent to 1.89 percent) is approximately \$22 million per biennium, or \$11 million per year, based on the May 2009 legislative revenue forecast.

AMERICAN COLLEGE TESTING PROGRAM SCORES

The American College Testing (ACT) program scores are designed to predict a student's potential for success in college. Below are average scores out of a possible 36 for North Dakota students in graduating classes from 2005 through 2009 in the four benchmarks tested as well as the average composite scores for North Dakota, regional states, and the nation.

Comparison of Average ACT Scores

¹The regional composite is the average composite scores posted by students tested in Iowa, Minnesota, Montana, South Dakota, and Wyoming.

North Dakota					
Class	English	Math	Reading	Science	Composite
2006	20.5	21.4	21.6	21.5	21.4
2007	20.8	21.5	21.9	21.6	21.6

2010	20.7	21.4	21.7	21.6	21.5

NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS

The national assessment of educational progress (NAEP) is the only nationally representative and continuing assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, and writing. However, because mathematics and reading are the only assessments required every two years by "No Child Left Behind" legislation, North Dakota tests science and writing in alternating years, resulting in four years between test years for science and writing.

Since NAEP assessments are administered uniformly using the same sets of test booklets across the nation, NAEP results serve as a common metric for all states.

Average NAEP Scores - Eighth Grade

¹The region NAEP score is the average of the Iowa, Minnesota, Montana, South Dakota, and Wyoming posted scores.

Average NAEP Scores - Fourth Grade

¹The region NAEP score is the average of the Iowa, Minnesota, Montana, South Dakota, and Wyoming posted scores.

Total	\$481.6	\$603.5	\$176.1	\$779.6

¹Federal funding received for highway construction projects requires matching funds provided by the state. Interstate highway projects are funded 90 percent with federal funds and 10 percent with state funds, and most other state highway projects are funded with 80 percent federal funds and 20 percent state funds.

²Does not include \$5,041,000 of federal fiscal stimulus funding distributed directly to transit programs in metropolitan planning areas.

MOTOR FUELS TAXES

Both gasoline and special fuels (diesel) are taxed in North Dakota at a rate of 23 cents per gallon. A one-cent increase in the gas tax is estimated to generate an additional \$3.4 million per year or \$6.8 million for a biennium. A one-cent increase in the special fuels tax is estimated to generate an additional \$1.9 million per year or \$3.8 million per biennium. The federal tax rate per gallon is 18.4 cents for gasoline and 24.4 cents for diesel fuel.
