The bonding authority provided to the Industrial Commission for the Minot State University Old Main renovation project is increased by \$2,774,000, from \$5,076,000 to \$7,850,000 for the following:

- Bonding authority is increased by \$175,000 to reduce the local match requirement from \$2,774,000 (the amount included in the Schafer executive budget) to \$2,599,000. The Hoeven budget recommendation includes \$175,000 from the general fund to reduce the local match requirement proposed in the Schafer budget.
- Bonding authority is increased by \$2,599,000 to allow the portion of the project to be paid from local sources to be initially paid for with bonding proceeds, then repaid with local funds. The Schafer recommendation provides bonding authority for only that portion of the project not paid from local funds. This change is included in the Hoeven budget recommendation.
- Senate Bill No. 2003 as introduced included an appropriation of \$2,774,000 of other funds for the project.

**Senate Bill No. 2023 - Minot State University - House Action**

The required local match for the Minot State University Old Main renovation project is reduced by \$300,000, from \$2,599,000 to \$2,299,000. The local match must be paid in 10 annual payments. The first two payments will be \$315,000 and the remaining eight payments will be \$208,625. The amount of bonds issued for the project remains unchanged from the Senate version of \$7,850,000; however, the portion of bonds repaid from the general fund is increased by \$300,000 to reflect the decrease in local repayment responsibility.
