**Item Description**

**Upper Great Plains Transportation Institute building** - The Legislative Assembly provided a \$5.5 million special funds appropriation for an Upper Great Plains Transportation Institute building located on the North Dakota State University campus. The proposed building will be constructed with a combination of federal funds, gifts, grants, and contracts.

**Status/Result**

Upper Great Plains Transportation Institute is in the preliminary stages of developing a new Center for Transportation building and anticipates the cost will be approximately \$8.5 million. The increase is due to additional classroom space added to the project. To date the Upper Great Plains Transportation Institute has secured \$1 million from the North Dakota Department of Transportation in transportation enhancement funds to include a transportation museum in the building and approximately \$1.75 million in federal funds for the project.
