EQUINE**

Section

48.1-06-01-01 Importation Requirements - Certificate of Veterinary Inspection - Identification - Exemptions
48.1-06-01-02 Importation Disease Testing Requirements
48.1-06-01-03 Disease Control
48.1-06-01-04 Removal or Damaging of Official Identification or Brands

48.1-06-01-01. Importation requirements - Certificate of veterinary inspection - Identification - Exemptions.

1. Equine species imported into the state must be accompanied by an official certificate of veterinary inspection except:
 - a. Equine species consigned to a state or federally inspected slaughter establishment;
 - b. Other equine species as otherwise provided for by these rules;
 - c. Equine species granted an exception by the board; and
 - d. Equine species leaving the state for exhibition or competition with a valid certificate of veterinary inspection may return to the state with the same certificate of veterinary inspection if the animal has not been out of the state for more than thirty days.
2. Certificate of veterinary inspection for equine species must include an importation permit number issued by the state veterinarian before entering the state.
3. The state veterinarian may deny a request for an importation permit number if the state veterinarian has information that an equine:
 - a. Has not met the disease testing, vaccination, or identification requirements set forth in North Dakota Century Code title 36 or this title, or as otherwise required by the state veterinarian;
 - b. Has not met any pre-entry quarantine conditions imposed by law;
 - c. Has been exposed to, may have been exposed to, is infected with, or may be infected with any contagious or infectious disease;
 - d. Is or may originate from an area or premises under quarantine or other form of official or regulatory action relating to contagious or infectious disease; or
 - e. May be a threat to the health and well-being of the human or animal population of the state, or both.
4. The state veterinarian may require additional disease testing, treatment, vaccination, or identification if the state veterinarian has reason to believe that other health risks are present.
5. An equine species that is infected, or recently exposed to any infectious or contagious disease, may not be imported.

History: Effective July 1, 2016.

General Authority: NDCC 36-01-08, 36-14-04.1

Law Implemented: NDCC 36-01-08, 36-01-12

48.1-06-01-02. Importation disease testing requirements.

Equine infectious anemia. Equine species require negative tests for equine infectious anemia within twelve months prior to date of importation, unless originating from states exempted from test requirements by the state veterinarian.

History: Effective July 1, 2016.

General Authority: NDCC 36-01-08

Law Implemented: NDCC 36-01-08, 36-01-12

48.1-06-01-03. Disease control.

1. Anthrax.
 - a. Equine species susceptible to anthrax located on farms where anthrax has been diagnosed must be vaccinated. Equine species must be quarantined for thirty days after the death of the last animal or thirty days following vaccination, whichever occurs last.
 - b. Sale of hides removed from equine species infected with anthrax is prohibited.
2. Equine infectious anemia. Equine species testing and confirmed positive for equine infectious anemia must be:
 - a. Positively and individually identified in accordance with a permanent marking method prescribed by the state veterinarian;
 - b. Accompanied by an official permit; and
 - c. Held separate and apart from all equine species.

History: Effective July 1, 2016.

General Authority: NDCC 36-01-08

Law Implemented: NDCC 36-01-08, 36-01-12

48.1-06-01-04. Removal or damaging of official identification or brands.

Official identification or brands may not be removed or tampered with without approval by the state veterinarian.

History: Effective July 1, 2016.

General Authority: NDCC 36-01-08

Law Implemented: NDCC 36-01-08
